A GOOD SHOW AT VICTORIA HALL

Trained Animals Perform Many Tricks—Stair Climbing Canaries.

Between two and three hundred interested children watched the trained animal show in Victoria Hall this afternoon. Last night the audience was not quite so extensive ,but those who saw the show in which Shook and Lipton exploit their trained animals and birds, enjoyed it very much Wanderer is the little horse ,the smallest equine in the world, thirty-three inches high and eight years old, which dances and performs various tricks at command, and there are several trained dogs; Lulu, the blind Pomeranian, Teddy, the mathematical dog, and Strongboy.

There are also half a dozen canaries, which climb ladders, hoist a flag ,and roll a barrel; a Punch and Judy Show, with trick marionettes, and a ventriloquist interval, with Mr. Shook directing his rosy-cheeked doll. The third and last performance takes place this evening.

LLOYD GEORGE SPEAKS GLOWINGLY OF CANADA

LONDON, May 19. —(Canadian Press.)— Lloyd George spoke eulogistically of Canada while presiding last night at a dinner given to W. L. Griffith, retiring secretary of the Canadian High Commissioner. He described Mr. Griffith as one of the first men who had realized the great possibilities of Canada for his fellow countrymen who were living in the old land. When he was in Canada with Mr. Griffith, Lloyd George said he met men who could not earn a living in the old land, but were successful in the Dominion. The climate there grew about the best wheat in the world and what was more important to men.

Sir Robert Horne referred to Canada as Scotland's second home.

SCORES FERGUSON FOR CROWN LANDS SCHEMES

OTTAWA, May 19.— (Canadian Press.)— J. A. Albert Pinard was last night chosen Liberal standard bearer for East Ottawa.

S. Mageau, former member of the Legislature for Sturgeon Falls, said Mr. Pinard had taken a strong stand on the French language issue and had never failed to be at his post in long legislature. Hon. Mr. Ferguson's administration of Crown lands was "so rotten that it alone was sufficient to keep him out of power." He had, said Mr. Mageau, given millions away to his friends in timber resources of the province. Mr. Pinard expressed the opinion that Mr. Ferguson was one man in the legislature without honor. He had "treated French Canadians as scoundrels and compared them to Doukhobors."

A RECOMMENDATION

If troubled with Rheumatism or other kidney ailments, just try a 75c bottle of O. R. Kidney Tonic. Read this from a Peterboro man:

Peterboro, Ont.

O. R. Medicine Co., Richmond Hill, Ont.:

Dear Sirs: I have been down and out for a year with Rheumatism and kidney trouble, unable to even dress myself; had to be assisted to bed. I was persuaded to try O. R. Kidney Tonic. After the first bottle I feel so much better I procured a second, and now am able to go about my work as in past years. Robert Byers. 3d16 19 26

FUNERAL THURSDAY

The funeral of the late Charles Corneil of 188 Dublin street, took place on Thursday, May 17th, to the Omemee cemetery

The deceased was born in Ops Township, and lived on his farm in Emily Township, until seven years ago, when he retired from active work and came to Peterboro to reside. He was well known and highly respected as trustee of the Methodist Church, school trustee for six years, reeve of the township for two years, tax collector 19 years and assessor for about ten years

Mr. Corneil was also prominent in Masonic Circles, being a member of Lorne Lodge, A. F. and A. M. Omemee. His funeral was under the ausices of the Masonic Order.

Society

Mrs. Mary Graham, 512 Bolivar street, announces the engagement of her daughter, Myrtle A., to W. E. Robinson of this city. Marriage to take place this month.

The results of the examinations of the Ontario College of Pharmacy, published to-day, contain the names of four successful Peterborough students, William A. Stuart, John E. Theobald and W. Stanley Bogue, who passed with honours, and Wm. J. McAuliffe, M. A. Gannon of Ottawa, and formerly of Ennismore, was also in the honor group.

Mrs. John Maloney is visiting friends in New York for the next few weeks.

Among those out-of-town guests who attended the festivities yesterday in connection with the celebration of the silver wedding anniversary of Mr. and Mrs. John Hill, were Mr. and Mrs. David Hill of Richmond Hill, Mr. and Mrs. Jas. Hill of Elmvale, and Mr. and Mrs. Allen Hill of Alliston, Ontario.

Mrs. Gordon Matthews was hostess yesterday at a miscellaneous shower given in honor of Miss Nora Hatton and Miss Phyllis Robertson. At the prettily decorated tea-tables, Mrs. Northedge Birks poured and Mrs. Robt. Brown cut the ices. Assistants were Mrs. Allan Cameron, the Misses Jean Eastwood, Margaret Neill and Marjorie Hatton.

Herbert Young, son of Dr. T. W. H. Young, has returned from Kingston, where he attended the session of the medical course just closed.

Mr. and Mrs. C. H. Young, 167 Aylmer street, announce the engagement of their youngest daughter, Ruby Agnes, to George Herbert, youngest son of Mr. and Mrs. G. T. Cutmore of Witney, Oxen, England, the marriage to take place in June.

The engagement is announced of Annie E. Reid, daughter of the late Mr. and Mrs. Alex. Reid, to Mr. Bert Lockington, of Nassau. The marriage will take place in St. Andrew's Church on May 24th at 3 p.m.

Mr. and Mrs. A. Armstrong announce the engagement of their daughter Ethel to Mr. Frank Barrie, son of Mr. and Mrs. W. C. Barrie. The wedding to take place quietly the latter part of May.

HURRAH FOR SOUTH BEACH, CLEAR LAKE.

The situation is close to Young's Point P. O., about 16 miles from Peterboro, and a No. 1 road leading right to the lake. You can drive to it in 3-4 of an hour or you can reach it by boat from the city wharf in a very few hours. No nicer situation can be found on any of the lakes; in fact it pretty near excells any of them; splendid boating and fishing, and there is one of the best bathing beaches in the country. We are telling you this to let you know that all along the lake shore front at South Beac' has been divided into No. 1 lots for the building of summer homes, the plan of which can be seen at 140 Simcoe street. For full particulars see H. J. McCannon or Walter Nugent at once. Address phone 461 office or 772 residence. 1d119 2237

CANADIAN OARSMEN TO ENTER LISTS AT HENLEY

MONTREAL, May 19. Canadian Press. — Hilton Belyea, Canadian champion oarsman, sail ! today on the Andania for Henley, England, where he will compete for the Diamond Scull. He was given a rousing send off when he left St. John.

THE SOCIAL HYGIENE COUNCIL TO CONVENE

There will be a meeting of the Social Hygiene Council on Monday evening at 8 o'clock in the Chamber of Commerce Rooms. Mrs. Pankhurst gave some very interesting addresses on this subject a short time ago. The secretary of the Ontario Social Hygiene Council will be present and give an address. The meeting is open to all who are interested in the work.

Among the Eskimos, "conjurers," who have had a special training and may be of either sex, wield a great influence.

Dorothy Bessie Newberg, stenographer-manicurist, of Lynn, Mass., who won a $10,000 verdict against Russell T. Scott, prominent Toronto promoter, for breach of promise

WEDDING BELLS

BEARDSMORE—WEBB.

A quiet wedding was solemnized at the home of Mrs. A. H. Webb, 535 Shegbrooke Street, on Thursday, when her daughter, Sadie Frances, was united in marriage to Arthur, son of Mr. A. Beardsmore, of England.

The bride was attended by her cousin, Gladys Evans, and the groom by the bride's younger brother Gordon.

After the ceremony the happy couple, their immediate relatives and friends, sat down to a dainty wedding dinner, following which Mr and Mrs. Beardsmore left via the C.P.R 3.50 p.m. train for Toronto and other points. On their return they will reside in Peterborough.

OBITUARY

MRS. WM. SPROAT.

The death occurred this morning, at the family residence, 384 Stewart street, of Thamar Robson, beloved wife of William Sproat, in her 60th year. The late Mrs. Sproat had resided in Peterborough for twelve years. She was a faithful member of All Saints' chudch. Survivors are her husband, four daughters and five sons; Mrs. J. H. Watson, of Edmonton, the Misses Elizabeth, Isabel and Thamar of Peterborough, and Messrs. John William of Haliburton, and Robert R., Alfred E., Thomas and Malcolm of this city.

The funeral will take place from the family residence on Tuesday next, May 22nd, to the Little Lake cemetery, with Rev. R. B. Grobb officiating at services at the house at 2 o'clock.

GEORGE WILLIAM HENSLEY.

Mr. E. Hensley, 227 McDonnel Street, received a cable to-day announcing the death of his father, William George Hensley, at Worksop, England, where he had been holidaying with his two sons, Deceased was seventy years of age, and was a life-long resident of Reading, England. Two sons, Ernest and Bert, reside in Peterborough, and three sons, William, Fred and Harry, reside in England, together with two daughters, Evelyn and Rebecca. It was the intention of Mr. Ernest Hensley to have made a trip home next year for the golden wedding anniversary of his father and mother.

MARSHAL FOCH LADEN WITH MANY KIND GIFTS

PARIS, May 19. — (Canadian Press)—Marshall Foch returned this morning from his tour of Poland and Czecho-Slavia laden with gifts which ranged from a bottle of wine of vintage of 1652 to portfolio filled with honorary diplamas from various Polish universities and institutions. He specially prized pair of socks knitted by an eighty year old woman who insisted on making personal presentation She was awarded with hugs and kiss.

SUCCESSFUL RECITAL PRESENTED BY PUPILS

The instrumental pupils of Mrs. Stanley Richardson, A.T.C.M., gave a very pleasant pianoforte recital in the Greene Music Company's Studio last evening. The young musicians, the majority of whom are under 14 years of age, acquitted themselves very creditably, and played their solo selections entirely from memory. Donald Greene, violinist, assisted in making the recital a success. Those taking part were, Dorothy Smith, Alma Trussler, May Pollock, Gertrude Leggitt, Josephine Arthur, Evelyn Routly, Clarence Thomas, Leslie French, Bernard Smith, Gordon Braund, Garth Braund, Eldon Braund, and Ernest McDonough.

JEWELLERS ROBBED OF STONES VALUED $30,000

MONTREAL, May 19.—(Canadian Press).—Precious stones to the value of $30,000 were stolen last night from the offices of J. L. Sabbath and Company, Notre Dame Street West, wholesale jewellers, by thieves, who entered the premises and blew up a safe with nitroglycerine.

VOICE OF PEOPLE

To the Editor.

Sir,—My impressions of Peterborough were completely shattered. I had always heard of it as a thriving city with its Factories and Municipal Departments kept up to the highest state of efficiency. As I drove around the South-end of the City my first idea was "What in the world kind of a Council have they got here?—the Main Street with its pavement worse than corduroy due to neglect." South of the C.P.R. track (unless one violates the Traffic Laws and torments th Street Railway Motor Man) one could not find anything worse in a quagmire. I noticed the Canadian Packing Company, in order not to have their girls and employees lost in marsh, has built a cinder path across George Street (excellent for a City). I tried hard to be at another factory in order to catch the Manager before leaving for lunch, but owing to these trails (not streets) I could not exceed 6 miles per hour if I wished to keep out of a Garage. Go where I could the shocking condition of th streets reminded me of a barnyard where swine and cattle had been wallowing. When I reached Park Street I saw a uniformed Police Officer. He looked spick and span and alert I wondered "Can he be watching for speeding motorists? If he is, he will never catch any." But all in a moment I saw him stop a young man riding a bicycle on the sidewalk. I though, "What a crime to expect a cyclist to ride in a river bed." As I proceeded further north I really thought I must be in Apsley—I cannot be in Peterborough—Bump, Bump, Bump! All along I noticed electric lights burning to waste in the daylight—and at last, with a sigh of relief I reached Charlotte Street pavement which I noticed was beginning to follow its Parent Street; an idea struck me, perhaps the City Council is experimenting having all these holes in their pavement so as to hold the water with a view to stop the dust nuisance later on, and whilst jogging along I came across a traffic Policeman and he showed me right into a tremendous hole at the main corners. I felt almost like getting out and lickin him, but all he did was to say, "Sorry, but you have a job to see what is beneath water." When I landed into my "Home on the road" I said to my Host, "What has one wrong with this City?" I saw in a minute I was going to either receive a calling down or an explanation, as out came his pipe, and he commenced to prepare "My Lady Nicotine. "Sit down," says he. "I will," says I. "You asked me about this City. The City is all right. It's the fault of those who run it. Why, all they have done since they were elected is to advertise this Burgh from th Atlantic to the Pacific as a Den of Vice and showing themselves up. "Well," says I, "what has that to do with your roads and pavements; they are simply disgraceful?" "Why," he said, "we have got one of the best City Engineers in the Dominion, but they won't give him any money to run his Department. It's no use his trying to do his bit. They say 'Economise!' Take the Police Department. Why, the Council have been writing letters like school children the biggest part of the year. The Chief had some mixup with one of his ex-members who is now on the Provincial Force. He got mixed up with the City Police business, and when the Chief called him to time, instead of this bunch over there at the City Hall asking the Chief his side of the story, they started like a lot of Lynchers. Down with the Chief! Why, they even tried to cripple the Police Department by this so-called economy, but I guess they'll stop butting into 'the Police Commission business.'" "You have a Commission, then, here? Yes, well the quicker you get a Commission to run your City, the better. I have been in a good many places in my time, but this clips everything." Here my Host produced a number of clippings from the Local Paper, and of all the childish nonsense I ever read, from men supposed to administer the affairs of this City, it has everything beat I ever came in contact with—fancy cutting down the Mill rate and crippling Municipal Departments—false economy.

Fancy preaching economy and then wasting money on deputations pursuing a Bolshevik cause such as an elective Police Commission. Well, who is your Provincial Member here? Why, have you not heard of Tommy Tooms? Yes, says I, and that explains everything. Well, says I, you deserve to have your City ruined. I am sorry to see so many of your Councillors favouring such an idea. Oh, said my Host there are just a few who need cleaning out, and all this darn child's talk will soon stop.

Stanley Banks.
Commercial Traveller.

LATE SULTAN REFUSES TO LEAVE HIS WIVES

GENOA, May 19 (United Press.) —Far be it from Mohammed IV., the former Sultan who was relieved of his command by Mustapha Kemal Pasha, to leave his wives in the lurch. The Sultan, who is now an exile, has rented a beautiful villa at San Remo, and is furnishing it to the taste of his three favorite wives, according to words that has reached here.

OPEN REIGN OF TERROR AGAINST UNITED STATES

MEXICO CITY, May 19. (United Press.) — Enemies of the Obregon government have begun a reign of terror against the United States here in an attempt it is believed to prevent satisfactory solution of the recognition conference now in session. In addition to three attacks made since the first of the month it is learned to-day that the officials of the United States in Mexico City have received letters threatening their lives.

NEGOTIATIONS MAY DROP FOR RELEASE HOSTAGES

PEKING, May 19.— (Canadian Press).—Telegrams to Chinese from Tsao-Chuang near which fifteen foreign captives are held by mountain outlaws of Shantung indicate that government representatives are on join of abandoning negotiations for release of hostages because of bandits extravagant demand.

COUNT'S DAUGHTER WAS CAPTURED BY TROOPS

LONDON. May 19. —(Canadian Press).—National troops who encountered young woman near Ballyhaunis yesterday say, Dublin despatch searched her handbag for irregular papers and then removed her to Claremerris. There she was identified as Count Plunkett's daughter.

MR. AND MRS. JOHN HILL HOLD A SILVER WEDDING

Last evening, the silver wedding anniversary of Mr. and Mrs. John Hill, 531 King street was celebrated in a fitting manner by the participation of guests numbering about twenty five, in a anniversary dinner and social evening held at the home of Mr. and Mrs. Hill when many beautiful presents in silver were presented to the hosts.

Mr. and Mrs. Hill were married in Peterboro just a quarter of a century ago, on May 18th 1898. They removed to Moonstone, near Orillia, where they lived for some time, coming back to Peterboro in 1906. Mr. Hill keeps a grocery store at 315 George street. Their three children are Gordon, Arthur and Bertha, all at home.

FEAR OUTLAWS WILL EXECUTE TWO FOREIGNERS

Chinese Authorities Opposed to Withdrawing Attacking Troops to Save Lives of Prisoners

DIPLOMATS PROTEST

PEKING, May 21—United Press—Fighting continued to-day around the mountain top, where the Chinese bandits have placed their foreign captives, including Americans.

These white men have been imprisoned for two weeks, The diplomatic corps today, after reviewing the situation, decided to send a new note to the Government asking why fighting is permitted to go on with increasing danger to the lives of the hostages. It is feared that the outlaws will execute their threat to kill two foreigners Tuesday night unless the troops cease their attacks.

The Chinese authorities have from the beginning opposed yielding and withdrawing the soldiers. They favor pressing the attacks, even at the cost of foreign lives.

Distrust Governor

Negotiations for release of the prisoners are practicallly off, due to the fact that the Brigands distrust the governor. Roy Anderson, who parleyed with the bandits, is returning to Peking and will confer with the diplomatic corps. Wuy Lin and other government officials, who have been dickering with the outlaws have also returned.

THE WEATHER.

There should be no dry wells, or complaints about rain being needed from the farmers or owners of garden plots, for some time. On the contrary it is possible to have too much of a good thing at times. Such applies to the numerous showers we have had this month. The total for the month is already almost three inches of rain. Sunday's amount was about three-fourths of an inch. Bright, warm weather is needed and should we be favored with such, the handicap of the cold, wet spring will soon be overcome. Man may carefully prepare the soil, plant his seed, and cultivate the ground, but unless the weather is conducive to growth, his labors are of little avail. The farmer, more than any other man, is dependent on the weather, and if his face is long these days and his talk pessimistic, he has reason. The clouds will, however, roll by and old Sol shine forth in his accustomed vigour before many days. —W. P.

FORMER GOVERNOR OF VICTORIA JAIL DEAD.

LINDSAY, May 21.—The death occurred at the county buildings last night of Mr. George Balfour, who, up to a few months ago, was governor of the county jail. The deceased, who has been in ill-health for some time, was governor for the past thirteen years. He was a former resident of Omemee, and is survivd by his wife, three sons and two daughters.

IN FIT OF DESPONDENCY MAN TAKES OWN LIFE.

SARNIA, May 21. — (Canadian Press).—In a fit of despondency, Lloyd Morrison, aged 29, of Moore Township, took his own life yesterday afternoon when he fired a shot gun charge into his mouth. He died four hours later.

STRATFORD BOY SEIZED WITH CRAMP, DROWNS.

STRATFORD, May 21.—(Canadian Press).—Believed to have been seized with cramp, eleven-year-old James Crowley lost his life while bathing yesterday in a gravel pit pond near his home at Kinkora.

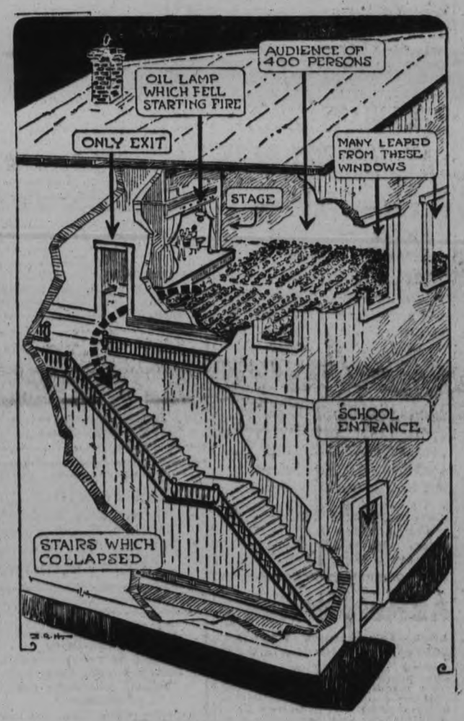
FIRST PHOTOGRAPHS OF SCHOOL FIRE THAT KILLED SEVENTY-SIX AT CLEVELAND, S. C.

First picture taken at the scene of the South Carolina tragedy after bodies of 76 persons had been taken from the smoldering debris. Complete destruction of the schoolhouse is shown, only a few piles of bricks remaining.



HOW FIRE OCCURRED.

Some of the shrouded dead lying in the cemetery after the schoolhouse fire at Cleveland, S. C., most of the bodies being buried in one big community grave measuring 40 feet.

"TOPSY-TURVY," schoolroom comedy, became a grim tragedy when men, women and children, lost their lives in the fire that swept the little Cleveland, S. C., schoolhouse while commencement exercises were being held.

Two acts of the play had been presented. The audience, consisting of proud mothers, fathers, relatives and friends, was chatting happily about the success of the performance. Backstage the young students were receiving the congratulations of their teachers and principal. They were all ready to go on with the big scene.

Suddenly one of the oil lamps fell and smashed on the floor of the improvised stage. As it exploded, blazing kerosene splashed on the crowd. Flames licked the flimsy props and the curtains that served as scenery. Child actors tried to stamp them out. But the fire spread too rapidly.

In a twinkling there was a rush for the door—the only way out.

Some succeeded in getting through the narrow hall and down the wooden stairs. But as the crowd jammed on the landing, the weight became too great; and the stairs collapsed.

Some were impaled on the jagged bits of banister left standing; others were crushed by the bodies of those falling on top of them; most were burned.

A few leaped from the second-story windows. But most of those who perished were trapped in the room where they sat.

Efforts of those who escaped to aid those still in the building were, for the most part, fruitless. Several fathers who reached the open and returned to seek their children who had been on the stage, were burned to death trying to rescue them.

Sheeted bodies of his father, mother and two sisters lay about Thompson Davis, 17-year-old Cleveland, S. C., boy, as he sat under a tree in the cemetery. His two dead sisters were 12 and 14, and the orphaned youth, who was not in the school when the fire disaster occurred, is left with a 9-months-old brother and three small sisters, two, five and six years old.

GOUGH VISITOR WITH THORNTON

Former Peterboro Merchant is Now Director of the National Railways.

Mr. R. P. Gough, one of the directors of the Canadian National Railway, is expected to accompany Sir Henry Thornton on his trip to Peterboro to-morrow. Mr. Gough is well known in this city and is remembered from his interest in the old retail firm of Gough Brothers.

The programme for the entertainment of the President of the Canadian National Railways includes an extended motor trip around the city and probably a visit to the Quaker Oats and C.G.E. factories. Sir Henry will be received at the G.T.R. station by Mayor Taylor and Mr. G N. Gordon who is giving a luncheon in his honour at the Empress. From the replies to Mr. Gordon's invitation it appeared to-day that a notable gathering would greet the railway Knight.

He will leave after two o'clock for Lindsay continuing his first survey of the local division of the G.T.R.

SHOULD CARRY ROTARY ETHICS INTO BUSINESS

Frank Littlefield President of TorontoRotary, Preaches Doctrine of Square Deal.

INSPIRING ADDRESS

Urging each Rotarian to carry some of the Rotary code of ethics into his craft or profession, Rotarian Frank Littlefield, president of the Toronto Rotary Club, and former member of the International committee on Business Methods, made a stirring plea for the work of the Business Methods committee at today's luncheon of the local Rotary Club.

President V. J. McElderry was in the chair and there was an attendance of 97 per cent., while many of the Rotarians brought visitors with them to give them an opportunity of hearing Rotarian Littlefield's address.

The new work committee was instructed to attend the meeting of the Canadian Hygiene Council and called attention to the meeting in Lindsay on Friday night in regard to the crippled children's work, and urged a good representation of the Peterborough Rotarians. He also asked the Rotarians to strongly support the Agnes Logan concert on Friday night.

It was announced that Past President John Crane had been invited to represent the Peterborough Rotary Club at the International convention in St. Louis in June.

Rotarian Littlefield in his splendid address outlined the aims of the Business Methods committee. There was nothing spectacular in this particular branch of Rotarian activity, he explained, nor was there any particular appeal to the emotions. It means simply that Rotarians should seek to carry their code of ethics into their business relations and to do what they could to bring about the policy of the square deal in business.

While methods of business had practically improved in recent years the pinnacle had not yet been reached. It was a commercial age and if there ever was another war, according to Crawford McCullough and other leaders, it would be brought about through commercialism. Because of that fact it was necessary to inject the principles of Rotary into business and commercial circles and the speaker felt sure that if the 100,000 Rotarians in the world each did his part in carrying the Rotary code of ethics into his business life there would be a much better spirit throughout the world.

Canadians did not want any organized hornets' nest in their midst Rotarian Littlefield pointed out that if the doctrine of the square deal was adopted by everybody, by labor organizations and employers alike, there would be little danger from Bolshevism.

He emphasized the importance of Rotarians who belonged to any trade or professional organization endeavouring to see that such organization had a code of business ethics or if they happened to have one to see that it was improved if possible. A square deal between buyer and seller, a square deal between employer and employee, in which the former give fair wages and the latter a fair day's work—these were some of the things at which to aim.

He advised the local Business Methods committee to wait until after this International convention before launching out on an active programme, inasmuch as it was possible there would be some changes made in the International code.

TO-NIGHT
THE REPEATED ENTERTAINMENT OF THE WOMEN'S AID OF MARK STREET CHURCH WILL BE GIVEN, WITH A SHORT MUSICAL PROGRAMME THIS EVENING. ADMISSION 25c. AND 15c.
1d-120-2269.

PRESBYTERIANS—ATTENTION.
PUBLIC MEETING, UNDER THE AUSPICES OF THE PRESBYTERIAN CHURCH ASSOCIATION. PRINCIPAL SPEAKER, REV. D. NELSON, HAMILTON. SUBJECT, 'CHURCH UNION AND OBJECTIONS TO IT.' PUBLIC LIBRARY HALL, MONDAY, MAY 28TH, 8 P.M. PUBLIC CORDIALLY INVITED.
6d-125-2265.

A CANDIDATE

W. H. BRADBURN.

Who is the Conservative candidate for West Peterborough in the Provincial elections. Mr. Bradburn has many years of public service to his credit, and while he modestly declares he is not "an orator," he is a man who gets things done, which, after all, is a more desirable qualification.

SAYS ROGERS THE MAN WHO HELD UP TAXI

North Bay Bandit Identified as Robber Who Raided Toronto Gunshops Six Weeks Ago.

A STERN CHASE

TORONTO, May 21.—(Canadian Press).—It is believed here that Leo Rogers, the North Bay bandit who escaped from custody and killed Policeman Lefebvre last week, is the man who commandeered a taxi and its driver here about six weeks ago and raided gunshops on Yonge Street and York Street here, getting away with several weapons.

The taxi driver has identified the photograph of Rogers as the man who held a revolver to his back and forced him to drive him to various shops.

A LATE REPORT.

NORTH BAY, May 21.—(Canadian Press.)—At 2.30 this afternoon word was received here that Leo Rogers, fleeing murderer, was hiding in a bush at the outskirts of the town. Provincial police were immediately rushed to the vicinity in an effort to apprehend him.

Leo Rogers, desperado, with fifteen hundred dollars reward on his head, and now sought in the man hunt in the North Bay district, is believed to be the lone gunman who staged a sensational double holdup in Toronto recently.

LLOYD GEORGE CAN'T DICTATE IN GOVT. CRISIS

Can Only Throw in His Lot With Opposition Strengthened by Law's Retirement.

SEEKING LEADER

LONDON, May 21.—(Special).—Great Britain sought a leader to-day Political opinion was equally divided between Marquis Curzon, Foreign Secretary and Stanley Baldwin, Chancellor of the Exchequer as the man to succeed Andrew Bonar Law at the helm of state.

King George, who will summon a successor to the Scotch Canadian Premier who was forced by a critical illness to resign last night, waited at Aldershot for word from the Conservative party leaders.

The latter in whose hands appointment of Bonar Law's successor rests for the moment, hurried to London from vacations in all parts of the British Isles. Meetings began at which agreement was sought to obviate the necessity of summoning a party caucus.

Meanwhile eyes were turned to Lloyd George, and politicians asked one another what the former coalition Premier would do in the crisis and whether he could turn the Conservatives' difficulties in naming a Prime Minister to his own advantage

Opposition Strengthened

The Daily Chronicle, Lloyd George's organ, says that the Welsh ex-Premier's parliamentary group no longer will support a Conservative Premier as it did Bonar Law. But at the moment Lloyd George has not sufficient parliamentary strength to dictate, he can only throw in his lot with a rapidly strengtheninng opposition.

The Conservatives feel that the loss of Bonar Law as one of the greatest political blows the party has sustained. The logical successors Curzon. Baldwin, Balfour, Lord Derby and Austen Chamberlain are at odds.

Curzon, the likely choice cannot count upon much support if he' is named. Lord Derby will not serve under him, if Baldwin should decline to act as Chancellor of the Exchequer it would leave Curzon in an embarrassing position.

Labour is sitting quietly back and saying nothing but, the passing of Bonar Law marks another big step toward the day politicians regard as

The Children's Aid Society

Following on the late fire that rendered unfit for occupation, for a time, the Shelter used for so many years, the Society decided to buy and move to New Quarters. A Property has been bought in South Ward, and will presently be occupied.

The Society has invested in this property the savings of the last twenty years, $11,500.00. This leaves in hand only a small amount for maintenance purposes. The price arranged for is $14,000.00.

The Society asks for monetary assistance, to the amount of $4,000.00. Will right-thinking and helpful citizens please assist. Against the above amount asked for subscriptions of $1,500.00 and $500.00 have already been received. The balance is sought for, viz., $2,000.00.

Contributions may be handed to the Treasurer, Mr. C. S. Cummer, Bank of Montreal, 336 George Street.

John Edgar, Secretary. B. F. Ackerman, President.

USED CAR SALES AND EXCHANGE DUFFUS MOTOR SALES

"It's Confidence that Counts"

Everyone can afford to buy a used car from us, as the prices were never before so low for both new and used cars.

Bear in mind that we do not sell used cars for profit. We are new car dealers and handle used cars only as an accomodation to our new car customers. Therefore, every used car we sell is sold with the thought that it will so please its purchaser that when they wish a new car they will naturally think of the service and courtesy extended to them by us.

We guarantee the title, model and year of every car we sell. Ask re our special guarantee. Driving instructions and full set of tools free with each car.

A number of Fords and Chevrolets and other makes ready for immediate delivery. Some are very late models with starters.

Ask regarding our time payment plan, which gives you the privilege of paying part cash and the balance spread over twelve months, if necessary.

We have a number of larger cars for sale, or would exchange them for smaller cars.

We haven't room to list all the cars here. Enough said—visit our showroom and you will understand how it will pay you, no matter what kind of a car you want.

King George Accepts Resignation of Andrew Bonar Law

YOUNG BANDIT STILL BAFFLES POLICE FORCES

Leo Rogers Still at Large and Police Have No Idea as to His Whereabouts.

FATHER ARRESTED.

NORTH BAY, Ont., May 21. — (Canadian Press.)—After five days of freedom, during which he has terrorized the entire country from North Bay south to Powassan and east to Mattawa,, Leo Rogers, ex-convict and murderer of Constable Fred Lefebvre, has the police forces of North Bay and the province completely baffled. The week end has passed without the slightest development that would lead the observer to suppose that the end of the hunt was near. The police are faced with two theories of his present whereabouts. He is either lying in wait somewhere in the bush between Callendar and Bonfield, or he has caught a freight out of the district. In the first case it is believed he will again make his appearance in North Bay to complete his avowed intention of killing Chief of Police Morbey and Magistrate Weegar. The latter, it will be recalled, sentenced him a little over seven years ago to a term of servitude at Kingston penitentiary. Should he, on the other hand, have succeeded in jumping a freight there is every reason to suppose that he is now miles away. In such an event there is little hope that he will be caught. At least until the present excitment blows over. This is the opinion of Inspector Blackwell of Haileybury who is assisting in directing the pursuit from North Bay. Provincial Inspectors Moore of Cobalt and Storie of Sudbury, are also aiding, the latter being stationed at Powassen in charge of two posses of policemen and volunteers. He has a reputation of being one of the surest shots in Northern Ontario, although he as yet has never been known to "pull a gun," in any of his many captures. It is also rumored that Commissioner Williams, of Toronto may, himself, take command to-day.

Town Guarded.

Forces of provincial police in pursuit of Rogers now number about 27, and these are being aided by more than a score of specially sworn constables.

Even the town hall and police station at North Bay is guarded day and night. Every road leading into the town is picketed and travellers by day or night may witness the unique spectacle of a sturdy northerner with rifle in hand and a belt of cartridges leaning against the rocks that skirt the eastern and southern boundaries of the corporataion. Farm houses of people on

(Continued on page 4.)

STOCKS AND BONDS

At the present time there is a great boom in the mining industry. I have had many years experience in practical mining, both in Cobalt and Porcupine, and have a wide connection there. I am therefore in a position to get early and reliable information in both camps. I have made a profit for every one of my clients up to date, and shall be pleased to advise any one interested. There will be a strong market this summer and now is the time to get in.

SEVEN PER CENT. OF WHEAT KILLED

The Bureau of Statistics Reports Condition of Fall Wheat Now Good.

The Dominion Bureau of Statistics issued on May 10 its first crop report of the present season, showing the proportions winter killed of fall sown wheat, the condition of fall wheat and of hay and clover meadows, and the progress of spring seeding. The area estimated last November as sown to fall wheat was 947,900 acres, of which 858,800 acres were in Ontario, 74,400 in Alberta and 14,700 in British Columbia. The proportions winter killed are reported as 6 per cent, in Ontario, 13 per cent, in Alberta and 8 per cent. in British Columbia, making the average for the Dominion to be 7 per cent. De ducting the areas reported as winter killed leaves the area under fall wheat to be harvested in 1923 for Canada at 885,500 acres, as compared with 802,569 acres in 1922. For Ontario the harvested area will be 807,300 acres, as against 813,935 acres last year. For Alberta the harvested area is 64,700 acres, as against 64,554 acres last year.

Notwithstanding the exceptional severity of the past winter, the proportion of fall sown wheat winter killed is small, and the condition of the crop on May 1 was good, being only 3 per cent. below the average last year. This has been due to the depth of the protective snow covering. All through eastern Canada and also in Manitoba the spring this year is very late. In the Atlantic provinces seeding is not usually begun before May, but this year practically no seeding was done in Quebec, and only a small percentage in southern Ontario. In Manitoba practically no seeding was done in April this year, whereas last year half the wheat was sown by April 30. In Saskatchewan and Alberta conditions were more advanced. In British Columbia all the seeding is now completed. The season is a fortnight in advance, and crop prospects are good.

Railway Is Not For Sale, Says Thornton.

ST. CATHERINES, May 21.—(Canadian Press)—"The Niagara, St. Catherines and Toronto Railway is not for sale, it is the most valuable piece of property in the Canadian Nastional spstem and with development could be made a feeder for the steam roads" declared Sir Henry Thornton in a conference with the Mayor and Aldermen of St. Catherines Saturday afternoon before leaving the city. Regarding an option secured by Sir Adam Beck for the purchase of the road as a part of the Hydro Radial system from Toronto to the Niagar River, Sir Henry declared his opinion that no such option was in existence. "Of course I make this statement on the advice of counsel" said Sir Henry and he reiterated his determination that the road was not for sale. "I do not want to have it said in the future that Thornton was a fool for having sold it" he added.

Sir Henry told the council that everything was already for negotiations for a renewal of franchises and the working out of a plan of rehabitulation at once.

Bandits Have Sent An Ultimatum.

WASHINGTON, May 21.—(Canadian Press)—The Diplomatic Corps at Peking, according to the State Department, has been notified by the Chinese bandits that two of the foreigners still held captive by them will be shot unless troops are withdrawn by Tuesday.

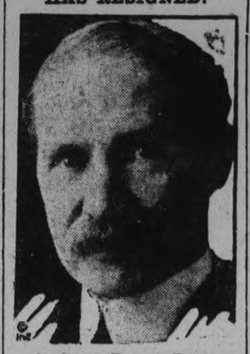
PETERBORO HARDWARE CO. LIMITED

CONTINUED ILL HEALTH HAS FORCED ANDREW BONAR LAW TO RESIGN THE POST OF PREMIER OF GREAT BRITAIN

HAS RESIGNED.



Andrew Bonar Law.

His Successor Had Not Been Chosen Last Night--Lord Curzon and Stanley Baldwin Suggested.

MANY PROBLEMS.

LONDON, May 21 (Canadian Press). — Andrew Bonar Law resigned yesterday as Premier of Great Britain.

A statement issued at No. 10 Downing Street, the official residence of the Premier, said:

"Mr. Bonar Law's voyage did not improve his health. On his return to London yesterday he was examined by medical advisers in consequence of whose advice Mr. Law immediately placed his resignation in the hands of His Majesty the King, who graciously was pleased to accept it."

LONDON, May 21 (Canadian Press). — King George received a letter from Mr. Bonar Law, in which the retiring Premier said that, according to the urgent recommendation of his medical advisers, he desired to resign the Premiership and as First Lord of the Treasury.

In accepting the Premier's resignation, King George expressed the deepest regret, and inquired solicitously as to Bonar Law's health.

The bulletin issued yesterday by Mr. Bonar Law's physicians said:

"In spite of his rest, the Prime Minister's voice still is unsatisfactory, and we are unable to promise an improvement within a reasonable time. The state of the Prime Minister's health is not good.

"(Signed) "Gould May,
"Thomas Horder,
"Douglas Harmer."

LONDON, May 21 (Canadian Press). — Andrew Bonar Law, the Prime Minister, sent his resignation to the King last night because of ill-health; he was unable to present it personally.

Thus ends his brief but eventful administration, and it ends with important and perplexing problems, probably Great Britain's relations with France and Russia, unsettled.

The King will summon one of the Conservative leaders to form a new Cabinet. It is generally accepted that Marquis Curzon will be the next Premier.

The crisis comes upon the Government in the midst of the holiday, when Parliament is dispersed and few members of the Government are in London.

Two days ago, when the result of Mr. Bonar Law's consultation with physcians in Paris became known, this end was foreseen, but the country was not prepared for it, and will await developments with anxiety and regrets over the untimely dropping of a trusted pilot.

One consolation, it is generally conceded, Mr. Bonar Law will have is that he has no enemies, and that none will withhold from him sympathy. He accepted his high office with reluctance; he leaves it amidst unfeigned regrets on the part of both supporters and opponents.

Mr. Bonar Law's resignation was taken to the King at Aldershot by Colonel Waterhouse, the Prime Minister's private secretary, and Sir Frederick Sykes, his son-in-law, who motored from London. They had a lengthy audience with the King, who appeared much moved by the news of the aggravated condition of Mr. Bonar Law's health.

It is officially stated that the King has no intention of interrupting his visit to Aldershot. In any case, if necessity arises, he is only an hour's drive from London.

According to present plans he will return to Buckingham Palace on Friday.

Up to a late hour last night, the King had not summoned any Minister with respect to the Premiership. Mr. Bonar Law's decision to resign came so suddenly that there was little opportunity for the King to communicate with the Ministers.

Stanley Baldwin, Chancellor of the Exchequer, returned to London suddenly from the country on Saturday night, and this gave rise to the belief that it was in connection with the Premiership, but he returned to Chequers Court, the Prime Minister's country residence, yesterday, without disclosing the object of his visit.

Lord Curzon is at his seat in Somerset, and is not expected to return before Wednesday unless summoned by the King.

While Curzon is looked upon as the likely successor of Bonar Law, Chancellor Baldwin is mentioned prominently. During the Prime Minister's absence from London he has been combining the leadership of the House of Commons with the other office. He is recognised as one of the ablest members of the Government, is personally liked, and has been more than once suggested as a possible Premier should a vacancy occur. He is not credited with any special ambition for the Premiership, however, although it is assumed that he would respond to anything like a general call from his Party.

(Continued on page 4.)

MAY BE PREMIER.

Stanley Baldwin.

VICTORIA DEANERY MEETING, OMEMEE

Ven. Archdeacon Davidson Delivers Special Address — Christ Church Congratulated.

OMEMEE, May 21.—At a special service held in Christ church, Omemee, on the occasion of the Victoria Deanery meeting, the Rev. E. R. James, Rural Dean, presided. The special preacher was the Ven. Archdeacon Davidson, who before beginning his address, expressed his great pleasure at being present at Christ church. On this occasion, he continued, he must both sympathize and congratulate— sympathize with the parish on losing Rev. Mr. and Mrs. James, who had given of their best to the work of the church here, and congratulate the congregation on the appointment of the Rev. Mr. Weir, of Bethany as rector. The Ven. Archdeacon said he had known Mr. Weir for many years, and could assure the members of the churches in this regard that his earnest and loyal character would commend itself more and more as association with him developed. The address was based on part of the 8th verse of the 3rd Epistle of St. John the Divine, "Fellow helpers to the Truth," a title which could be commended to both the clergy and members of the congregations. An instructive and forecful application of these words followed.

Among those present were: Rev. Weir, Bethany; Rev. Mr. Kidd, Cannington; Rev. Mr. Ward, Coboconk; Rev. Canon Marsh and Rev. Mr. Maconochie, Lindsay; Mr. Thurston and Miss Bell, Dunsford; Miss Graham and friends of Lakefield. Owing to the bad roads and unfavorable weather, many from a distance were unable to be present.

After the service in the church, a meeting was held in the basement. As the rector was called away, the Rev. Mr. Weir acted as chairman. Miss Graham read an excellent paper on the "A.Y.P.A. and Its Work," dealing with the association from its foundation 21 years ago. The local branch of the A.Y.P.A. regrets that so many of its own members, from other branches, were unable to be present as Miss Graham dealt so capably with the difficulties and pitfalls that arise in connection with work in the A.Y.P.A. Mr. John Burt, the president of the local branch, moved, and Mr. Hume seconded a hearty vote of thanks to Miss Graham for her most interesting paper. This was carried unanimously.

At the close of the meeting refreshments were served by the A.Y.P.A. members.

RECENT FIRES.

Fire losses in Canada during the week ended May 16, are estimated by the Momentary Times at $286,000 compared with $489,750 for the same week last year.

SIR DOUGLAS HAIG PRESENTS REPORT

Annual Conference of the British Legion Was Held in London — Prince of Wales Present.

LONDON, May 21 (Canadian Press Cable). — Presenting his annual report at the opening of the annual conference on Saturday of the British Legion, of which he is president, Field-Marshal Earl Haig stated that there were 2,089 branches of the Legion in the country at the close of the year.

Ten thousand men were found employment during the year, in spite of almost unprecedented depression.

The Prince of Wales, in a speech, said the spirit of comradeship was still alive in the country.

Between three and four thousand members of the Legion yesterday afternoon marched to the Cenotaph, where an impressive memorial service was held in which the clergy and choir of Westminster Abbey and the band of the Irish Guards participated.

The Prince of Wales, Lord Haig, and representativs of ex-servicemen of the Allied countries and the United States were present.

The Prince of Wales, on behalf of the Legion, deposited a wreath of Flanders poppies, and Princess Alice laid on the monument a wreath from the Women's Branch of the Legion.

H. Macklin Is U.F.O. Candidate, W. Durham.

ORONO, May 21. — At a largely attended meeting of the Farmers' Party at Orono, Mr. Harold Macklin, of Tyrone, was selected as the standard-bearer for West Durham in the coming Provincial election.

Owing to ill-health in Mr. Macklin's family, he asked time to consider, but has promised to give his decision within a week.

Mr. Macklin is one of the most successful farmers in the district, is an able speaker, and very popular. If he decides to accept, he will make the three-cornered race a very interesting one.

W. J. Bragg, the sitting member, is the Liberal candidate, and Mr. Van Camp is the Conservative choice.

Mr. Macklin is a former resident of Nothumberland County, and his wife is a sister of Mr. Orma Culver of this town.

Cattle Freighter is in Trouble in Mid Sea.

MONTREAL, May 21.—(Canadian Press).—Advices received at the headquarters of the White Star Dominion Line here yesterday state that the freighter Oxonian with 800 head of cattle aboard has struck an obstruction of some kind not specified and has sustained a hole in her bow an is making water in holds No 1 and 2. She is aiming for St. John's Newfoundland, where it is hoped she will arrive some time to-day.

The Oxonian sailed from Montreal for Birkenhead, last Monday.

Old-Fashioned Revival in Portsmouth Prison.

KINGSTON, Ont., May 21.—(Special.)— Intense interest on the part of the convicts marked the mission services held at the Portsmouth penitentiary all last week. A mission was held for both the Protestants and the Roman Catholics, and it is stated that the religious messages were favorably received and that the services were of the real old-fashioned revival type. It is of interest to note that during the week the services were held, not one black mark was registered against a convict, their conduct being exemplary. It is proposed to hold these missions twice a year.

ST. CATHARINES LABOR MEMBER OUT OF RUNNING

Party Organization Has Collapsed—Conservatives Now Have the Field Entirely to Themselves.

NO U.F.O. TO RUN.

ST. CATHARINES, Ont., May 21. —Canadian Press. — Not only did the local labor party fail to nominate a candidate for the riding of St. Catharines on Saturday, but it was clearly demonstrated that this organization which carried the riding by a plurality of 1500 at the last provincial election has practically collapsed, and will, unless a great transformation occurs before nomination day, have no candidate in the field.

The call for a convention brought out less than 30 supporters of the party, and such caustic criticism was thrown at Frank Greenlaw, the recent labor member, that he declined to stand.

Mr. Greenlaw, at the outset, said he doubted the wisdom of placing a candidate in the field. Apathy had taken the place of enthusiasm and the outlook for campaign finances was not encouarging.

Peter Grant placed the blame for the apathy upon the labor group in the House. "It is all right for Mr. Greenlaw to say that he is not ashamed of his record," he declard, "but who knows his record?" He never came to the Trades and Labor Council to give an account of his stewardship He stated at a meeting here that the Trades Unionists were hard to get on with, that they were discontented He discouraged the Trades Unionists of this city. Th very discontent of Trades Unionists allowed Mr. Greenlaw to write M.P.P. after his name." Mr. Grant declared that on the eight hour question the labor group in the Legislature was asleep at the switch.

W. J. Cheevers joined Grant in assailing Greenlaw and the others of the Labor group in the House, stating that the I.L.P. had been ignored in this riding and the eleventh hour was not the proper time for recognition. The decision of the Provincial House to pass the eight hour day on to the Federal House was only passing the buck. Mr. Cheevers agreed with Mr. Greenlaw that the government had put through some good measures, including the mothers allowance and abolition of qualification for municipal office, but there was no opposition to these measures. "The eight hour day was a question that we did not look to any of the old political parties to bring up, when we had eleven men occupying legislative seats. But in spite of these the question was tabled," he declared. "The men in the trades unions do not want anything more to do with the I. L. P., they declare, that they are fed up with it and do not intend to have anything more to do with the I.L.P., they declare, that they are fed up with it and for this Mr. Greenlaw can only blame himself."

Mr. Cheevers maintained that the same apathy existed elsewhere in the province. Labor had not been regularly consulted by the Farmer group.

Peter Grant, W. J. Cheevers, F. H. Avery and Mr. Greenlaw were all nominated. All but Mr. Greenlaw withdew early in the meeting.

Mr. Avery was the only one to speak for the re-election of Mr. Greenlaw. He termed Mr. Greenlaw a sane and solid man in the house and a good worker in committee. If the farmers had not been in power none of the legislation favorable to labor would have been passed.

"In view of the disruption which has taken place, and the terrible mess that I have made of it, I don't think I will bother any further," said Mr. Greenlaw in throwing up the sponge. "I feel that if I have disrupted an organization in which I have been interested for forty years it is time that I made way for new blood."

So far E. C. Graves, the Conservative nominee, is the only candidate in the field. The U.F.O. has decided that the riding is too urban for a U.F.O. candidate. G. N. Gripton has declared his intention to run as an Independent Hydro Conservative but there has been no sign of any organization behind him. The Liberals have as yet been unsuccessful in securing a candidate and no date for a nominating convention has as yet been announced.

Cargo Steamer Is in Serious Trouble.

SANTIAGO, Chile, May 21.—(Canadian Press).—A wireless message picked up at Valparaiso states that the 4,000 ton cargo steamer Presidente Alessandri is in serious trouble ten miles off Taltal. The torpedo boat Condell has been dispatched full speed from Coquimbo and the steamer Fresia has changed her course and is proceeding to the aid of the Alessandri.

LONDON PAPERS SPEAK WELL OF LAW'S RECORD

Tenure of Office Was Short But He Showed Exceptional Fitness For the High Office.

TRYING TIMES.

LONDON, May 21. (Canadian Press Cable.) — Unaffected tributes from every quarter are being heaped upon Bonar Law, who yesterday on the advice of his doctor, was compelled to resign the premiership of Great Britain.

Lord Beaverbrook, writing in the Sunday Express, says: "Whether the tenure of the premiership be long or short he has already done enough to render his period in office illustrious. Look at affairs at home or abroad,in finance,diplomacy or in the department of domestic reform and one sees an administrative achievement which shines out all the more brilliancy in contract to the black record of the last government. * * * The prime minister in his recent illness has been as much a war casualty as if he had received a bullet through his body. Just now it is of Bonar Law as an individual rather than as the first minister that the public is thinking. Something in the plain open nature of his character has given him a place in the hearts of the people so that beyond any other prime minister he can count on the affection and sympathy of the nation."

The Sunday Observer says that one is able to remember nothing quite like the esteem and affection Bonar Law has created. "Lord Beaconsfield, Mr Gladstone and Joseph Chamberlain, knew on the whole more obloquy than attachment in their earlier phases and in their later, except just at the last when pathos was the atmosphere surrounding all three, they were as abhorred by their opponents as they were idolized by their followers The present instance is a singular triumph of human qualities which ordinary men of all parties in parliament and out like and understand."

To expressions such as these are added speculations of a purely political character touching the course of probable events Most of them haz-

At All Ages—Prettier Teeth

Safer, whiter, cleaner teeth

Dainty people—millions of them—get them in this way

This is part of a world-wide crusade for safer, whiter teeth. Dentists of some 50 nations aid it.

It has brought its benefits to millions. It is something you and yours should know. We urge again this ten-day test to show you what it means.

The war on film

Your teeth are coated with a film—that viscous film you feel. It clings to teeth, enters crevices and stays.

Food stains, etc., discolor it. Then it forms dingy coats. Tartar is based on film. That's why teeth grow cloudy and why troubles come.

Film holds food substance which ferments and forms acids. It holds the acids in contact with the teeth to cause decay. Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea.

Very few escaped

Very few people, young or old, escaped those film-caused troubles. Beautiful teeth were seen less often than now. All because old methods left much film intact. So dental science sought for film combatants, and two were found. One acts to curdle film, one to remove it, and without any harmful scouring.

Avoid Harmful Grit

Pepsodent applies the film test removes it without harmful scouring. No polishing agent is used in Pepsodent which contains harsh grit.

Able authorities proved those methods effective. Then a new-type tooth paste was created, based on modern research. Those two film combatants were embodied in it for daily application.

That tooth paste is called Pepsodent. It is bringing, the world over, a new era in teeth cleaning.

New effects

Pepsodent also fights acids. It multiplies the alkalinity of the saliva to neutralize mouth acids as they form. It multiplies the starch digestant in the saliva, to digest starch deposits which may otherwise ferment and form acids.

Thus it gives manifold power to these ever-present tooth-protecting agents in the mouth. Old ways decreased their power.

You'll know in a week

Send this coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

You will know in a week that this new method is essential. You will see new beauty, feel new safety. You owe yourself this test. Cut out the coupon now.

THE DEAR OLD PUBLIC PAYS.

Statements that the Ontario Government, or any other Government for that matter, "has not taxed directly the common people, but has taken it out of those who can afford it," do not stand up very well in the face of examination.

It is a fallacy to say that the "common people" do not suffer when the burden of taxation is heavy, because no matter in what form the revenue is collected every man, woman and child is affected.

In the final analysis, the people have to pay—there is no way of dodging.

For example, the revenues from crown lands and forests in Ontario in the last fiscal year were $4,400,000.

Who paid that large sum?

Directly, of course, the lumber companies.

But who pays it in the long run?

The "dear old public"—there is no doubt of that fact.

Every man who put a new verandah on his home or a couple of boards on his fence contributed his little bit to the total.

It eventually gets back to the consumer—and the pill is none the less bitter because it is sugar-coated.

Campaign orators may talk until they are blue in the face about the protection given the common people, but the latter can tell by their pocket-books just how much reliance they can place in statements of that kind.

A FORWARD STEP.

The recent fire at the Shelter of the Children's Aid Society while entailing the assumption of heavy financial responsibility, has really been a blessing in disguise as it hastened the securing of new quarters.

The Shelter that has served the society for years has been little better than a makeshift, the accommodation was anything but adequate and the work of the organization has been hampered in consequence.

The new property that is being taken over should answer the requirements of the Children's Aid Society for many years, and although its purchase has necessitated the spending of the nest egg laid by as the result of frugal and business-like management, and also an appeal to the public for assistance, the acquisition of this splendid building with its ample grounds represents a very important forward step.

The $2,000 required by the society to enable it to enter into its new home free of debt should be readily forthcoming, in view of the purpose for which it is required and of the splendid record established in the care of neglected children.

Scores of men and women have to thank the Children's Aid Society for rescuing them from unfortunate circumstances and giving them a new start in life.

The launching out into a new Shelter that offers adequate accommodation and every facility for the proper care of children doubles the society's capacity for service along the lines it has so successfully followed, and the appeal for assistance should be speedily answered.

MUNICIPAL REPRESENTATION.

While the Examiner can see no merit in the proposed entrance of a Hydro party into the turmoil of the Provincial election campaign, the suggestion that the municipalities interested in the Hydro enterprises should endeavour to secure pledges from candidates that they will support the policy of giving the municipalities direct representation on the Hydro-electric Commission seems to be sound.

The municipalities have every right to such representation, and they should have no difficulty in persuading candidates of the merit of their claim.

No aspirant for political honours should have much hesitation in pledging himself to meet the desire of the municipalities if he has any knowledge of how the Hydro-electric enterprises have been brought about, and if he appreciates the fact that the municipalities are the parties most vitally and most directly concerned in the undertaking.

It was the co-operative effort of the municipalities that made this huge public ownership exploit possible, their credit is pledged and they would be the first to suffer if there was a financial crash.

Yet they have up to the present been refused the privilege of naming a representative on the Hydro Commission.

A Government hostile to public ownership could select a board of management utterly out of sympathy with the enterprise and the partners in the scheme, the cities and towns of Ontario, would not even have a voice in the deliberations.

There is every reason why the request of the municipalities should be granted.

CANNOT STAND ALOOF.

What the country sorely needs is a return to political democracy. No class or element can afford to stand aside in lordly isolation. If leaders of business and leaders of labor, manufacturers and workers, rub shoulders in ward politics, all will understand one another better and the real feeling of the country will be expressed in legislation and administration. It has been settled for all time that democracy will do its work through elective institutions. Thus no one who refuses to stand beside his fellows in the constituencies is a true democrat or a true patriot. To despise politics is a sort of treason to representative Government, for no country can have representative government if any great body of its citizens are inactive in the political conflict which determines the character of its elective institutions.—Montreal Star.

The above extract from a recent editorial was not written with an eye upon the Ontario election campaign, but the Examiner feels that it might well have been, and that it contains advice that every elector in Ontario should heed.

True it is that "no one who refuses to stand beside his fellows in the constituencies is a true democrat or a true patriot."

Yet there are thousands of such citizens in this Province who not only refuse to "rub shoulders" in politics, but who even carry their apathy to such an extent that they do not even bother to vote.

They affect to consider themselves superior to politics and fail to realize that they are, as the Star puts it, traitors to representative government.

The selection of a Government is vitally important business—yet there ar vast numbers of citizens willing to throw the whole responsibility upon the shoulders of others, indifferent to their duty as electors, standing aside "in lordly isolation."

They find fault with laws and with the Governments that make them, they complain of heavy taxation and administrative inefficiency, they are ready at all times to insinuate that most people are in politics for what they can get out of it, but they shut their eyes to the big outstanding fact that they themselves, because of their failure to act the part of real citizens, are the largest factor in bringing about the very conditions about which they complain.

MORE SOLDIERS THAN IN 1913.

Europe—starving Europe—disorganized Europe—bankrupt Europe—is supporting and so withdrawing from productive labor more soldiers today than she was in 1913, during the hush just before the storm.

This is an astounding statement. But it is true. It becomes more astounding when we remember that the wicked military nations which caused the war, have been disarmed. But the other nations—the peaceful nations who presumably would never cause any war—have not only made up for the reduction in soldiers which the Versailles Treaty forced on Germany, Austria, Hungary and Bulgaria, but have added a great many more.

Germany, Austria, Hungary and Bulgaria possessed in 1913 standing armies which totalled 894,153. Today their combined establishment only reaches 198,000. We take these figures from an interesting article in the Contemporary Review by Major-General Sir F. Maurice, the famous British military authority. But the rest of Europe has increased in the same time from 2,853,026 to 4,156,965.

And yet Europe wants financial help from the outside world. The outside world might well say: "Stop wasting your money on soldiers and set them to work."

* * * *

Astounding as this statement is, it becomes even more so when it is further analysed. When we think of armed-to-the-teeth military nations in Europe today, we think naturally of the Great Allied Powers who "won the war" and who are presumed now to be lording over prostrate Europe. Very many of our American neighbors think especially and exclusively of France, to whom they have applied the terms "Imperialistic" and "Napoleonic."

They will be surprised, and perhaps shamed a bit, to learn that **France—"Imperialistic" and "Napoleonic" France—has reduced her military strength in comparison with 1913.** In 1913, she had a standing army of 760,439. In 1922, her standing army had fallen to 736,261, in spite of the fact that "France's obligations in North and West Africa are enormously greater than they were before the war, and absorb now more than three times as many troops as they did in 1913." Moreover, the French estimates for 1923 provide for a further reduction to an establishment of 680,000.

So much for France. Italy, with enlarged frontiers, has accomplished a reduction of 80,390 men. Great Britain is the only one of the chief victors which shows an increase—a beggarly increase of 10,000 men, which is much more than mopped up by her added obligations in Palestine, Turkey, Mesopotamia and on the Rhine. Next year, she will fall below the actual 1913 figures. Thus the augmented military burdens of Europe are not the work of the chief military Allies. Nor—as we have seen—are they the work of the sinning military enemies.

* * * *

Who then has heaped this burden on crippled Europe?

The children of the Versailles Treaty—the "little nations" to whom we gave liberty and peace.

When Poland was dismembered and the prostrate victim of three great military powers—the three principal "conscript" nations of Europe—she was forced at the point of the bayonet to contribute 190,000 men to the three brutal standing armies of these three crowned despotisms. Today, the free Polish Republic has a standing army of 275,000 men. This is a larger standing army than that of Italy.

So is the standing army of Rumania. Free Czecho-Slovakia has a standing army of 160,000 men. When the Hapsburg tyrants drafted the unhappy Czechs and Slovaks into the armies of the Dual Monarchy, they were satisfied with a contribution of 73,000 men. Little Finland, away up in the north, contributed 30,000 men to the army of the Czar, and thought herself ill-used. Today she voluntarily maintains an army of 120,000 men.

There are more than three times as many armed men in Europe today outside of Great Britain, France and Italy as these three nations support. The little States that border Russia have combined standing armies numbering 650,000 men.—Montreal Star.

EDITORIAL NOTES AND COMMENT.

With Hon. W. E. Raney deciding to remain in political life, the Drury Government embarks on its first election voyage with a full crew.

The meeting of the local branch of the Canadian Hygiene Council should be largely attended.

James Simpson, Labour leader, should not be overlooked for Canada's Olympic team. He is always running for something.

There may not be many issues in the Ontario fight but there will be plenty of exits after June 25th.

A contemporary suggests that the sugar boycott must bring a lump in the throat of the profiteer.

Now that Jack Dempsey has gone into the coal business he is not likely to be as much concerned with heavyweight honours as formerly.

Sir Henry Thornton expresses the crux of the railway problem concisely when he declares that the trouble is too much mileage and not enough traffic.

About the only thing in Canada that is growing very fast these days is the national debt.

A lot of people who thought they were buying coal for next winter have found that they were six months out in their calculations.

The cost of living has gone up 68 per cent. in the last ten years, but, as the Boston Transcript puts it, life is still worth it.

No matter who may clean up in Ontario in June there is no disputing the fact that the women are making a fairly good job of it this month.

UNABLE TO SLEEP—DEPRESSED AND NERVOUS

Quickly Relieved by Wincarnis

"For several years I had been in a weak and run-down condition. I had frequent fainting spells which always left me almost completely exhausted. I suffered so with nervousness that the least little thing would make me jump and it got to be almost impossible for me to get a good night's sleep. I would get terrible fits of depression which would last for days. I had taken doctors' medicines and tonics without number, but nothing seemed to do me much good.

I saw Wincarnis advertised and decided to try a bottle. In an incredibly short time I got back my strength, my nervousness disappeared and I could sleep as peacefully as a child. I really believe Wincarnis is the greatest of all tonics.

(Mrs. W. A. Smith, 5927 N. Van Pelt St., Philadelphia, Pa.)

WINCARNIS

$1.50 a bottle. At all good druggists.

YOUNG BANDIT

(Continued from page 3.)

the way to Callendar, where it is believed that Rogers has a number of personal sympathizers, have been searched and are now under surveilance. Never since the days when North Bay was a railway construction camp has there been evidence of such warlike intent or so many men on the street with holsters dangling from their waists. Workmen on the C.N.R. railway, south of here, were amazed the other day to see a speeder bearing down on them with an Ottawa journalist seated in front, his revolver directed head-on. John Rogers, father of Leo Rogers, is in jail charged with aiding and abetting the ex-convict to escape. Magistrate Weegar visited the district jail Saturday and remanded him for a week.

It is alleged that with his father's knowledge Rogers obtained a .32 special Winchester rifle from his home at 395 Worthington street east scarcely more than half an hour after he had made his get-away from the district court room.

Long List of Crimes.

Rogers' crime sheet is a long one and in the opinion of local officials answers the charge that injustice was done when he was first sentenced to penitentiary. Born in England in 1902 of Polish parents, Rogers came to Canada when a child. His father settled on a farm at Englehart, and three years later moved to North Bay, where he was employed as a carpenter by the T. and N. O. When the boy left school to become a fireman on the T. and N. O. he was 14 years old and was in the senior fourth class at school. He is described as remarkably bright at school, but inclined to cowardice. He held a strong influence over certain of his school mates and fed his mind and those of his comrades on books of the Jesse James and Nick Carter type. After his first arrest he confessed to having planned for robbing the post office and C.P.R. station. He escaped once while his case was remanded and was arrested at Sudbury after a fierce struggle in which a knife was used. He is said to have declared that no prison would hold him. His career at Kingston was marked by murderous assaults on Inspector Walter Duncan and a guard. He was feared by the police in North Bay and his arrest with loaded revolvers in his pocket was accomplished by a sudden move on the part of the late Constable Lefebvre. Rogers was reporting to the police as is required by the police board. He had gone suddenly pale when mention was made of a robbery that had been committed the day previous. Constable Lefebvre had him by the arms before he had a chance to draw the gun. He was bitterly resentful at being arrested again and when the magistrate appeared to remand him walked out of his cell, his eyes flashing and haughtily demanded, "Why am I kept here?"

Feud With Police.

Rogers is said to have cherished a particular hatred for the late Constable Lefebvre and Constable Lefebvre knew that it was war to the death. He said to a friend in the evening before the fatal battle, "I never felt so restless in my life. I feel that I must be out after him." Among his first words after he stopped the fatal bullet were, "I am done for. Rogers got me at last."

The ammunition in Rogers' possession is of the soft nosed type and physicians attending Constable McGovern, who was shot through the thigh, fear that he may be lame for life. There is no move on the part of any of the pursuers to enter the bush and the story from Ottawa that an aeroplane is being used to hunt the fugitive is regarded as fiction. A heavy rain has poured Sunday afternoon and if Rogers is still in hiding it will make the bush unbearable.

CONTINUED ILL HEALTH

(Continued from page 3.)

When approached at Criccieth, Mr. Lloyd-George said he did not wish to comment on Mr. Bonar Law's resignation at the moment. He added that he would reserve any comment until Tuesday, when he would address his constituency.

J. Ramsay MacDonald, leader of the Labour Opposition in the House of Commons, said:

"It comes as a great shock of surprise to me. The first thought one has is purely personal—sorrow for the serious condition of Mr. Bonar Law's health. I find it difficult to express the deep regret I feel that he should be incapacitated after so short a tenure of office."

"All Mr. Bonar Law's colleagues in the House, irrespectiv of party, will continue to hope that rest from his heavy task may mean that he will be able for years yet to take an interest in our doings. In these later months I had come to regard him with real affection. It would be improper in such circumstances to speculate on the political aspect."

Field-Marshal Earl Haig, who was attending a dinner of the British Legion when he learned of the Prime Minister's resignation, said:

"I am greatly grieved Mr. Bonar Law was a great statesman; he did splendid work during the war. He is a fine, broad-minded, honest gentleman, and a good Scotsman, and all my sympathy goes out to him."

It was stated last evening that Mr. Bonar Law's health was slightly improved after his rest, following upon the journey from Paris.

Dr. Horder, his special physician, has gone to the country for a few days, and is not expected to return to London before Thursday. This would seem to indicate that the diagnosis of Mr. Bonar Law's indisposition has been accepted, and that the need of continual medical supervision has become less imperative.

C.C.M. Riders are proud of their Mounts

THERE is one thing very noticeable among riders of C. C. M. Bicycles. They are proud of their mounts.

A C.C.M. owner looks upon his Bicycle with a feeling akin to affection.

It is not just the sparkling beauty of the glossy enameling, nor the brightness of the nickeling, nor the trim, racy lines that causes this friendly feeling.

It Is Something Deeper

It is the genuine quality of the bicycle—the quality that is more than surface deep—the quality that rings true day in and day out, year after year—the quality that gives you thousands of *extra* miles of quiet, smooth, easy riding.

When you buy a C. C. M. Bicycle you become the possessor of as perfect a piece of bicycle mechanism as is produced anywhere in the world—a bicycle built of the finest materials with all the skill and precision gained during a quarter-century of high-class manufacturing experience.

The Hidden Quality

You cannot judge with your naked eye the quality of these materials, nor the accuracy of the workmanship, any more than you can see the high-class copper under the bright nickeling; or the coat of anti-rust that is first put on the C. C. M. frames before they are given their coats of lustrous enameling. Or the heat-treated special Automobile steel of the bearings, so hard on the outside a file won't cut them, yet with a core so tough the bearings are practically unbreakable.

But it is this unseen quality that gives the extra years of easy riding—the extra mileage—the extra satisfaction—and causes that feeling of pride and affection C. C. M. owners have for their mounts—a feeling which less fortunate owners of ordinary bicycles never experience.

The New Models

Ask the C. C. M. dealer to show you the new 1923 models. They are made of English Seamless Tubing, and equipped with the C. C. M. Triplex Hanger, the new Gibson Aluminum-frame Pedal, and the Hercules Coaster Brake, without extra charge. And selling today at $15 to $20 less than "peak" prices. Right down to rock bottom for a quality bicycle.

WHAT LEADERS SAY ABOUT PARTY AIMS.

Conservatives Have Most Candidates in Field — Many Contests.

TORONTO, May 21.—(Canadian Press).—The Ontario political pot is starting to boil. Between this date and June 25, election day, all three major parties, as well as the minor ones, will battle to the last ditch. With such an impetus it is improbable that there will be an acclamation for any one of the seats, although in a couple of ridings opposition parties are having difficulty in getting candidates against the men who were the representatives in the last Legislature. However, headquarters of each of the parties insists on a candidate, not necessarily in the hope of winning, but to maintain the morale of the forces. There will be many three or four-cornered contests.

To date, the Conservatives have the most candidates in the field, with the Liberals and United Farmers of Ontario following in the order named. As the three leaders, Premier Drury of the U.F.O.-Labor Government, Hon. G. Howard Ferguson of the Conservatives and Wellington Hay of the Liberals tour the country the issues are becoming more defined. The Premier is half in attack, half in defence. His attack is confined to the Conservatives and particularly to the timber policy of Mr. Ferguson when that member was Minister of Lands and Forests in the Hearst Government.

The Premier also attacks Mr. Ferguson and his followers on prohibition questions. He charges they take no united stand and have no policy. The Ontario Temperance Act is being forced to the front as a great issue, with the Government accusing the Conservatives of trying to weaken the Act and appeal to the wet vote. Mr. Ferguson, in reply, comes back with this declaration: "When the Ontario Temperance Act is changed it must be in the way in which it was enacted," adding that, if returned to power, he will enforce the Act in the spirit in which it was passed and not in the spirit of fanaticism.

As stated by Mr. Hay and his followers, the Liberal policy is to maintain the present Act until the people, by a vote, declare they do not want it. They would give the vote when there was sufficient demand. The Government attitude is somewhat similar. The Premier declares that the Act will not be changed until the people vote a change. He states that he thinks there is no demand for a vote just now and that in the meantime the Government stands by the Act.

Government speakers in the campaign confine their attack to the Conservatives, practically ignoring the Liberals. Their attitude toward the Liberals was revealed when Premier Drury described Mr. Hay as "just a chip in the porridge." That phrase has roused resentment among the Liberals, whose campaign against the Government is bound to grow more critical and warmer as election day draws nearer.

The Conservatives, through the leader now on tour, and a host of other speakers, are attacking the whole Drury administration, laying stress on the deal for the sale of timber limits and water powers to the Backus interests of the United States; huge expenditure on roads; Ontario Temperance Act enforcement, lack of encouragement for Northern Ontario and general lack of economy in the conduct of Government affairs.

The Liberals charge that the Government has not carried out its promises and criticizes severely its expenditures. They blame the Government and the Conservatives for the lack of redistribution. The Government is being criticized from two main angles besides being under sniping fire from several Independents and portions of the Labor group. In certain seats where in the last election Farmer and Labor combined to elect a candidate the union has broken up and there is no solidity of combined strength between the two groups as there was.

Electric Car Was Struck By Lightning.

ST. CATHERINES, May 21.—(Canadian Press)—Lightning yesterday morning struck an electric car on the Port Dalhousie division of the Niagara, St. Catherines and Toronto Railway causing the passengers to become dazed and burning out the motors. No person was injured and the car was towed to the barns without having caught fire.

Two Employees Had a Narrow Escape.

INGERSOLL, Ont., May 21.—(Canadian Press).—Two employees of the furniture factory, John Thompson, Whiting-street, and Gene Tilt, Bell street, had a narrow escape Saturday when they dropped with the elevator from the fourth story to the basement. The gear regulating and controlling the brake broke and the elevator with its human freight and a quantity of furniture dropped like a plummet. Both men were badly shaken up. Thompson received a facial cut, and an injured leg, while Tilt had ribs fractured and may have been hurt internally. Both men, however, were able to walk to a physician's office, nearby.

"There Were Many Things Which I Could Not Eat"

Mrs. H. Robert Wells, English Harbour, Trinity Bay, Nfld., writes:

"I was troubled with nervous dyspepsia—so much so that there were a great many things I could not eat at all on account of the distressed feeling afterwards. I used many different remedies, but they did me little good. Finally I tried Dr. Chase's Nerve Food and Kidney-Liver Pills, and was surprised at the relief this combined treatment gave me in such a short time."

NEWS NORWOOD AND DISTRICT

High School Cadet Corps Graded in "A" Class As Result of Inspection — Personal Mention.

NORWOOD, May 21. — Mrs. Henry Squire was the guest of friends in Peterborough on Friday.

Mrs. Arthur Townsend is visiting friends in Toronto.

Dr. Harold Kindred of Tweed is visiting his sister, Mrs. Robert McMillan.

Mr and Mrs. M. E. Knox of Picton were recent guests of friends in the village.

Prov. Constable Cookman of Peterborough was in the village on Friday.

Mr. and Mrs. Isaac Puffer have announced the engagement of their second daughter, Edith Agnes, to Mr. John J. Murray of Kitchener, Ont. The wedding is to take place early in June.

The engagement is announced of Elsie Erskine, daughter of Mr. and Mrs. E. J. Laing of Norwood, to Mr. Wilmer Hunter Giffen, son of Mr. and Mrs R. M. Giffen, "Hillcrest," Caledon, Ont., the marriage to take place in June.

Married.

On May 16th, 1923, at the Methodist parsonage by Rev. W. P. Rogers, John Ernest Golloher of Dummer and Ethel May Brown, daughter of Mr. and Mrs. James Brown of Asphodel.

Born.

At Campbellford, on May 15th, to Mr. and Mrs. Ernest A. McCook (nee Marjory Johnston), a son.

At St. Joseph's Hospital, Peterborough, on May 15th, to Mr. and Mrs. Wm. Grady (nee Clara McNichol), a son.

Conservative Club.

A young Liberal-Conservative club has been organized, and the following officers elected: Hon. President, E. C. Squire; President, Lieut. J. R. Basken; Vice-President, Mrs. J. Frost; Secretary-Treasurer, Mr. M. H. Minore; Executive Committee, Messrs. Sam Wildman, John R. Logan, Herb Campbell, Miss Ruth Hendren, Miss Nellie MacNaughton.

Nominate Commissioners.

A meeting of the ratepayers of the village is called for this Monday evening, May 21, at 7.30 o'clock, in the Council Chambers, for the purpose of nominating two Hydro-electric commissioners.

Cadets Inspected.

The annual inspection of the Norwood High School cadets took place recently on the Exhibition Grounds. Capt. V. W. S. Heron inspected the boys, and the report of his inspection reflects great credit on the members of the corps and their instructor, Principal Lawlor. Capt. Heron also stated that he considered the Norwood Cadet Corps one of the smartest and best drilled in Military District No. 3, which comprises Eastern Ontario. The corps has an enrolment of 62 and 51 were on parade. The inspector was so satisfied with the work of the corps that he graded it "A" in all departments, and as a further compliment to their efficiency he extended the privilege to them of allowing 20 cadets instead of 10 to attend the two weeks' camp at Barrieffield in July.

Mr. E. P. Cuffe, Chairman of the Board of Education, addressed the cadets at the conclusion of inspection, and at the request of Capt. Heron, the students were given the afternoon off.

LONDON PAPERS

(Continued from page 3.)

ard the opinion that His Majesty will send for Lord Curzon to take up the premiership although his position as an ex-member of the House of Lords would be an objection. If a commoner is considered indispensable, Stanley Baldwin, Chancellor of the Exchequer, will probably be summoned. Baldwin as yet is little known to the electorate in the mass although his ability is unquestioned, and thus far a as a leader of the House of Commons his judgment and good temper have been admirable.

Lord Derby's name is much mentioned as a possible successor, his special qualities being his robust geniality towards all classes and his unruffled relations with prominent ex-uninists who went into the wilderness with Lloyd George.

The Duke of Devonshire's qualifications are not overlooked. His steady demeanor and hard sense appeals to not a few ministerialists both in parliament and out. He has never appeared much however on political platforms consequently is but little known in the country at large.

The Sunday Observer suggests that the best solution would be to bring back Earl Balfour, who would reunite the party and give the country as sagacious an administration, wary yet firm as it as ever known. The paper adds that the chief obstacle to this plan is Balfour himself who has had enough of being Premier."

TRENT RIVER

TRENT RIVER, May 21.—Rain fell almost continuously Wednesday and the river has risen to normal again.

Mr. and Mrs. A. Wight and family, Mrs. Jas Cook and Mrs. M. E. Greenley spent Monday at Campbellford.

Mr. Jas. Mann is able to be around again after a severe attack of lumbago.

Mr. Smith of Toronto, who purchased Mr. Herbert Rose's cottage, spent last week here with Mr. Rose and Harry.

WOMAN 99 YEARS OF AGE HAS WONDERFUL VITALITY

Mrs. Minerva Benedict of Percy Township, One of If Not the Oldest Women in Canada.

CAMPBELLFORD, May 21. — When the assessor on his rounds in Percy township, recorded the name and age of Mrs. Minerva Benedict, who resides with her daughter, Mrs. A. Spafford, near Bradley's Corners, he declared that with a single exception she was the oldest person he had ever encountered in his official capacity. Mrs. Benedict will be 100 years old, if she lives, as she has every hope and prospect of doing until next February.

Aside from her almost unprecedented age her case is regarded as remarkable by every medical man under whose notice it has come. She has been bedridden as the result of a paralytic stroke since a year ago last summer, and yet all her organs are declared by the doctors to be perfectly normal and her vitality to be wonderful.

Born near Napanee.

Mrs. Benedict's life story is the marvellous history of a person who has been born and raised on a Canadian farm. Her birthplace was about 14 mile from the town of Napanee. Longevity seems to be a matter of heredity, as her father, the late Elias Mills, lived to be over 90. She had four brothers and three sisters, all of whom are dead, and every one of whom lived to an advanced age. One of these brothers, Thomas Mills, whose home was at Ernestown, near Napanee, and who was the father of Mrs. William Jordan of Campbellford was 88 years old at the time of his death.

Another case of remarkable longevity in the Mills family, was that of a relative by marriage, the wife of Thomas one of Mrs. Benedict's brothers, who died in Prince Edward county a few years ago at the age of 101 years.

Moved to Hastings County.

Mrs. Benedict's mother died when the daughter was only three years old. The family moved to a farm near Belleville and there she met Elias Benedict whom she afterwards married. With her husband she went to reside near Tweed and conducted successful farm operations until age compelled the husband to give up active work. They bought a home with 12 acres of land near Bradley's corners, but sold this property later and moved to Campbellford, living on Grand Road until Mr. Benedict's death, since which time Mrs. Benedict has made her home with her daughter, Mrs. Spafford.

Stricken Four Years Ago.

Mrs. Benedict was a marvel of health and vigor until she had reached the age of 95 when she suffered a slight stroke of paralysis. She was however not incapacitated until one year ago last October, since which time she has been unable to leave her bed. She still has the use of her hands and her mental faculties are apparently as bright as ever. Her eyesight is good and her hearing unimpaired. She eats regularly and sleeps well.

She always, when in health, took an active interest in public affairs, and even yet has the daily paper read to her. Her countenance shows no sign of affliction, and she is apparently as young looking, so far as her face is concerned, as she was before becoming a victim of paralysis. She seems to have no thought of death and hopes to live far past the century mark.

Mrs. Spafford herself, a wonderful example of vigor in spite of advancing years, is Mrs. Benedict's only surviving child, a son having died in infancy.

Mrs. Benedict.

¶ "We're all going to pile into the old bus and eat our supper out by the lake.

¶ "Trouble? Not for me. The children love it and I feel all the better for the fresh air and change of scene.

¶ "Food? Never worries me. There are always the old stand-bys and I watch the advertisements every day for those appetizing novelties that men and children enjoy most in the open.

¶ "It's a habit of mine to read the advertisements every day. We save a lot of thinking and a lot of dollars in that way."

HAPPENINGS AT WESTWOOD VILLAGE

Excellent Work By Choir at Special Services—Personal News.

WESTWOOD, May 21.—Mr. and Mrs. Chas. Brackenridge spent the week-end at the latter's home in Peterborough.

Rev. D. M. Stinson, B.A., B.D., spent a few days in Peterborough last week.

Miss Claire Renwick has purchased a touring car.

Mrs. E. W. Sargent has received word of the marriage of her brother, Mr. H. F. Elliott, B.A., Sc., of Cleveland, Ohio, to Miss Frances Taylor of the same city.

Mr. A. Brown of Peterborough was in the village Monday.

Mr. Hugh Robb of Norwood spent Wednesday in the village.

Mr. Browning of Toronto was in the village Wednesday.

Miss Annie Sargent has returned home from Toronto after spending the past few months with her uncle, Dr. A. A. Stewart.

The W. M. S. of the Methodist Church held their monthly meeting on Thursday afternoon.

Mr. Chas. Manley has purchased on of Mr. E. W. Sargent's registered hackney drivers.

Mother's Day.

An unusually inspiring service was held in the Methodist Church in honor of Mother's Day. The church was beautifully decorated with flowers. Mrs. A. Fleming of Colborne sang, "My Mother's Prayer," in a touching manner.

At the evening service special music was rendered by the choir, including a violin selection by Mr. Lew Comstock. Both services were well attended. The pastor, Rev. D. M. Stinson, B.A., B.D., was in charge.

SAYS IT'S WORTH WEIGHT IN GOLD

Mrs. Matthews Pays High Tribute to Tanlac For Ending Stomach Trouble

"I am so thankful for the wonderful benefits I have received from the Tanlac treatment I just want to tell everybody in Toronto about it," declared Mrs. Ellen Matthews, 104 Eastern avenue, Toronto, Ontario.

"I suffered so terribly with stomach trouble and a run-down condition that I feared nervous collapse. My appetite almost deserted me and even the little I did manage to eat disagreed with me, and I bloated with gas till my heart palpitated and I was dreadfully short of breath. I couldn't get a good night's sleep and was so worn out I couldn't even do my errands to the store.

"I heard so much praise of Tanlac I finally bought a bottle, and it was worth its weight in gold. Six bottles have made me perfectly well, without a sign of the old troubles I had suffered with for seven years, and my weight has been increased, too. I consider it a duty to recommend Tanlac."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Boyce Will Run in East Middlesex.

LONDON, Ont., May 21.—Frank Boyce, prominent citizen of Dorchester, was selected by a convention of eighty delegates at Masonic Hall, Saturday afternoon to carry the Conservative flag for East Middlesex in the approaching provincial election.

Fourteen were nominated and all but three withdraw. On the first ballot, R. H. Harding of Thorndale dropped out and the fight narrowed down to J. L. Robson of London township, former Conservative candidate, and Mr. Boyce. The second count revealed the latter had received the verdict by a small majority.

AWARDED DAMAGES.

MONTREAL, May 21.—(Canadian Press)—Deciding that there was a marked difference between the English and French notices disclaiming responsibility for lost articles of clothing, Mr. Justic Surveyer in a judgment given here Saturday found in favor of George H. Ferguson in his action for $200 damages for the loss of his overcoat against the Canadian Pacific Railway.

WOMEN'S INSTITUTE OF MILLBROOK MET

Treasurer Reported Six Boxes of Clothing Sent to Northern Ontario — Personal Paragraphs.

MILLBROOK, May 21.—The Women's Institute, which because of the scarcity of fuel and for other reasons has been unable to meet during the winter months, held a meeting on Wednesday evening at the home of Mrs. H. J. Armstrong, the small attendance being somewhat discouraging, though, doubtless, the disagreeable weather accounted for the absence of many members from the country. The President, Miss M. Fisher, not having yet returned home, the Vice-President, Mrs. H. J. Armstrong, occupied the chair. The meeting was opened with the singing of "The Maple Leaf," and the minutes of the October gathering were read and confirmed.

The Treasurer, Miss E. Grandy, reported six boxes of clothing, etc., sent to Northern Ontario for the fire sufferers, and a letter of appreciation from Mr. A. J. Young of New Liskeard was read. The Secretary also had a letter from Mrs. M. D. Cronk of Pickering, who spoke in Millbrook last June, giving some general ideas on institute work for the summer months and suggesting plans for community service.

The delegate who will address institute gatherings in this district will be here early in June, the name and dates not being yet definitely decided upon.

The Treasurer reported an approximate balance on hand of almost $545.00, and some discussion followed re the disposal of this amount, but action was deferred until the next meeting.

Moved by Mrs. W. G. Rowland, seconded by Mrs. T. Harkness, that the annual meeting be held on Saturday, May 26, at 8 p.m. Carried.

By the kind invitation of Mrs. Rowland, the meeting will be held at her home. A determined effort will be made to have as large an attendance as possible since important business is to receive attention. Fees were paid by a number of those present, and the meeting dismissed by all standing and repeating the Lord's Prayer.

A dainty lunch was served before the gathering finally broke up.

Personal News.

Dr. S. W. Clarke of Lindsay was a business visitor in town on Wednesday.

The Misses Alice and Lottie Vance, who have been visiting Professor and Mrs. Hunt of Belleville for the past two weeks, returned home on Monday.

Rev. S. T. Tucker returned home on Wednesday after an absence of ten days in Toronto and Bay City, Mich.

YOUNG'S POINT

YOUNG'S POINT, May 21.—Mr. "Dutch" Pammett of Peterborough was in the village on Wednesday.

Mr. Stewart McNaughton was in Peterborough on Wednesday.

Mr. D. Whitmore of Apsley was in the village recently.

Mrs. Elmer Johnston is visiting friends in Peterborough.

Mr. D. Davidson of Peterborough was in the village last week.

Mrs. Frank Burgess of Lakefield passed through the village on Monday.

Mr. Art Barker of Lakefield was in the village on Wednesday.

Mrs. W. Sherin of Lakefield passed through the village recently.

Mr. Andrew Wilson attended the Cheese Board meeting in Peterborough on Wednesday.

Mrs. G. Donaldson and son, Morley, of Lindsay passed through the village last week.

Mr. J. Stuart of Peterborough was in the village on Thursday.

It's the best chewing gum that can be made and it comes wax-wrapped to *keep* it in good condition.

D29

ROYAL WEDDING WAS BRILLIANT SCENE OF YEAR

Immense Throngs on Piccadilly Included Canadians — London Went Mad That Night.

GREAT OVATION

By MARIE DORLAND

LONDON, May 18.—Forgive me for writing of the royal wddin: which you probably have read reams about already, but as a subject of chatter it still eclipses everything else in London.

I wanted to see the shining splendour of the cavalcade, the magnificent coaches with gay-liveried coachmen in powdered wigs, the royal family bowing to the ovations of thousands, and the bride entering the church of history, the daughter of a Scottish peer, and leading a fairy princess on the arm of her charming prince. So I contrived, with much luck, to sit in the front row of a stand at the entrance of Westminister Abbey.

The sky was dull, as doubtless you have heard, when the bride arrived, and the gorgeous uniforms of the guards were covered with their only slightly less gorgeous great coats. Her cluster of white bridesmaids smiled li,ke spring blossoms, but Lady Elizabeth, like Princess Mary a little more than a year ago, looked pale and nervous and her blue eyes were just a little bit frightened.

The crowd was hushed during the ceremony, and as if in answer to the prayers of multitudes, the sun came bursting out. Then on the wings of the wedding march there arose a mighty cheer and the Duke and Duchess of York stepped out of the portals of the past, blatantly happy. The Duke positively grinned from ear to ear and his tiny bride stole the hearts of thousands with the most adorable smile ou h ve ever seen. No acting, that. They were simply lovers and this was their shining hour. Being a woman, a tear or two slipped down, but it was not sorrow.

Then came the King and Queen, and the Prince of Wales, a little serious, I thought; Princess Mary wearing a radiant smile herself, with Lord Lascelles, a striking figure in his brilliant uniform; the Queen Mother and the other princesses, then the guests. I was thrilled with the wonderful dress of the foreign ambassadors, dazzlingly colorful and glittering with gold lace and insignia. There is something indescribably fascinating about seeing men "dressed up."

Lady Rachel Cavendish, with her mother, the Duchess of Devonshire, looked charming, and was showered with good wishes. The announcement of her engagement to the Hon. James Stuart, son of the Earl of Moray, who is an equerry to the Duke of York, came close on the heels of the engagement of Lady Mary Cambridge, one of the fairy bride's retinue, to the Marquis of Worcester, and caused quite a flutter in social circles.

It was hopeless trying to wend one's way Piccadilly-wards. The streets were a dense, surging mass of humanity, decorated with streamers and armed with camp stools, field glasses, and home-made periscopes. Some of these were too ridiculous. In the afternoon when the Duke and his bride, very bravely, I thought, drove in an open carriage to the station, a small boy standing behind me with his back to the street was gazing open-mouthed into a shaving mirror to a long stick with a piece of string.

* * *

Lord and Lady Atholstan and Hon. Alice Graham, of Montreal, arrived back from a tour of Egypt and the Mediterranean for the wedding.

In the evening there was a wonderful charity ball at Lansdowne House, an historic London mansion which was lent by Mr. Gordon Selfridge, the American merchant prince who not so very long ago was a partner in Marshall Fields in Chicago. The Prince of Wales was there and several of the bride maids, and such a society crush that it was almost impossible to move, I am told. Lady Nanton, wife of Sir Augustus Nanton, who entertained the Prince in Winnipeg, was there with her two daughters, the Misses Marguerite and Constance Nanton, and her eldest son who is a student at Oxford. They danced all night and Lady Nanton and Miss Marguerite caught a boat early the following day for Canada.

London quite went mad that night. Particularly that not inconsiderable part of it that found its way to the gala dance at the Savoy Hotel (accent on the last syllable, please). I came across a party of Canadians from a dry province who were looking upon the champagne when it was bubbling, and expressing joy ineffable, but behaving beautifully. The favors, though not extravagant, made the scene a dazzle of color; the orchestra, which, by the way, is called a band in England when it condescends to dance music, was as good as American jazz can be; and some of the women's dresses were wonderful. But what I enjoyed most of all was the privilege of watching a middle-aged man with a map of Middle West on his grinning, fat face, and a ridiculous red paper hat stuck on one side of his head, trying to throw colored balls of cotton wool into a neighboring Englishman's glass of golden liquid. If there had been a London chapter to "Babbit" I am sure Mr. Sinclair Lewis could not have better "copy."

One foreign-looking woman wore an amazing wig of white silk, trimmed with jade green beads, and dozens affected Spanish shawls and high, carved combs. Egyptian styles were conspicuously absent.

But the glamor of the scene fades away as I write. Outside my window a man is singing in a tiredly-thin tenor voice to the accompaniment of a wistful grind-organ. Yes, wistful, for street music is not mechanical when the arm that turns the handle yearns with passionate hopelessness for life-giving work. An ex-officer most likely, and therefore not eligible for dole. Perhaps a similar case to that of a young man I heard of recently who has been trying for the last four years to get to Canada and has barely managed to keep from starving. There are hundreds of these robust, intelligent victims of war's aftermath, work-hungry, who want desperately to go to Canada and cannot because the comparatively few pounds necessary for the venture might as well be so many millions.

"R. V. R.", a play by a Czech-Slovakian, Carel Capke, produced a few days ago has set all London talking. The theme is so daringly original that the censors called it impious and demurred at first. Some of the actors are soulless creatures called Robots, manufactured by a scientific formula to do the mechanical work of the world with double human efficiency. They live only twenty years and are then sent to a stamping mill, like waste paper, for further manufacture. Their revolt against humanity is a triumph of horrible realism. The play offers many thrills and considerable food for thought.

Miss Frances Carson, an American actress, who has played a lot in Canada, was one of the principals. She acted quite well but the part was extremely difficult, and as English critics, naturally, are not disposed to acclaim American actresses when so many English players are out of work, unless their performance is exceptional, they did not even praise her with faint damns.

WILL PAY HOMAGE TO SOLDIER DEAD ON MEMORIAL DAY

The Occasion For Final Consecration of Graves of 30,587 Soldiers in France.

PARIS, May 21 (Associated Press.)—Memorial Day this year, according to plans now being developed by the Overseas Memorial Day Association and the American Legion, will be the occasion for the final consecration of the graves of the 30,587 American soldiers whose bodies will rest forever in foreign soil.

To carry out this idea arrangements have been made to have Lincoln's Gettysburg address read at the ceremonies at all the eight military cemeteries abroad. This announcement is made by Colonel Francis E. Drake, president of the Memorial Day Association.

The chief service of the day will be a solem m emorial ceremony in Paris on the morning of May 30th, when the memorial tablets in the cloister of the American Pro-Cathedral of the Holy Trinity to the memory of the American Divisions; the American Ambulance, Service, and the Lafayette Flying Corps, together with the statute of Columbia are to be unveiled.

This ceremony will be under the presidency of Myron T. Herrick, the American Ambassador, and it is expected that the great allied war chiefs will attend. Invitations have been sent to Marshal Foch, representing France; Field Marshal Haig and Earl Beatty, representing the army and navy of Great Britain; General Baron Jacques, Commander-in-Chief of the Belgian army; Generl Diaz, Italian Minister of war; General John J. Pershing and Alvin W. Owsley, National Commander of the American Legion.

As in previous years, the French government will cooperate in all the ceremonies with official representatives and troops at those burying places where it is possible to have them.

In the afternoon of May 30 impressive services will be held at the Suresnes Military cemetary, just outside of Paris. It is hoped that the allied commanders will attend these services as well as those at the Pro-Cathedral. Similar services will take place at all the other cemeteries, and these will be in charge of delegations from the Memorial Day Association and the American Legion.

The plans provide, in Whe past, for placing of flowers on every soldier's grave in France, Belgium and Great Britain. The London Post of the American Legion has assumed the responsibility for decorating all the graves at the Brookwood cemetery the only place in England where American soldiers are buried. Similar plans have been made to decorate the graves of American soldiers at Waereghem, Belgium.

American cigarettes are becoming very popular in China, where 8,500,000,000 were imported in 1922.

CHILDREN'S WEAR EXCLUSIVELY

YOUR BABY AND MINE

By MYRTLE MEYER ELDRED

WHEN TO FEED THE BABY.

We have general rules for feeding babies and in most cases these rules can be adhered to with advantage, but some babies are a law unto themselves and so in feeding "his majesty" one must consider the individual.

In the past babies were fed every two hours. We know now that this was one big cause of so much colic. The baby hardly had one meal digested before he was called upon to digest another and the result was huge pains. Then we found that babies who were well nourished could go as comfortably and with much less inclination to colic if they were fed every three hours. It was all in getting them started right. And the mother being able to take more recreation found her abilities as a nurse increased. Altogether the three-hour schedule has proven itself most satisfactory for all concerned

Within the last few years the four-hour schedule has come into popularity due to the tremendous success which New Zealand has n rearing infants on the four-hour ration schedule. Colic is almost unknown in New Zealand and the infant mortality is the lowest in the world, certainly the best kind of endorsement of their methods of feeding.

Some of the largest hospitals of Chicago and New York start all babies weighing over six pounds on the four-hour schedule and find that they gain just as fast and give their mothers no trouble at all.

Whatever schedule is chosen, either every three or every four hours—these feeding periods should come as regularly as the clock. Don't feed one day every three hours because the baby is fussy, and the next day every four or five hours because he happens to be asleep. Choose a schedule—and your doctor is the best one to consult on this important problem—and then stick to it conscientiously.

Want Ad Tips by John T. Bartlett

By John T. Bartlett.

SELLING A "LOSING PROPOSITION."

You have a losing business, and you want to sell it. Your problem is this: to attractively advertise, truthfully, in a Want Ad. and sell a business which isn't making money. If you were selling a money-making business, you realize what you would emphasize the most—the profits the business was making. Since you can't talk about these, what can you do?

A business which has failed to make money for you may be a "find" for the right purchaser. Why have you failed to make profits? Maybe because, for one personal reason or another, you have not been able to give the needed personal attention to the enterprise. Perhaps the whole was an experiment—you have discovered you are unfitted to the business. Perhaps business has been dull locally, but there are immediately prospects of a change.

Perhaps you started with too great a handicap of debt; you have not been able to make improvements and meet payments.

In other words, while you have not made money, you know the right buyer would have excellent prospects of success.

Your best cue, probably, is to put a price on your business which takes into consideration the fact that it is a non-paying venture. Then play up this prices, making no "bones" of the fact that you have not made, perhaps have lost, money, but suggesting that the right party, at the offered price, has an excellent chance to do extremely well.

Every person who knows anything at all about business knows that many persons fail through no intrinsic fault of the particular enterprise, but because they lack management ability, needed personal qualifications, sufficient capital, etc.

Many realize, too, that when a losing proposition is sold, it is sometimes practical to pick it up at a real bargain—whereas the prosperous business is likely to set its own price.

Admitting failure freely, making the bargain price evident by showing how much is obtained for it, suggesting that the right man will succeed where the present owner has failed, it is not difficult to sell a losing business. Thousands have been sold this way.

FAREWELL CONCERT FOR MISS LOGAN

Will Offer Unique Opportunity to Peterboro's Music Lovers.

The farewell concert to be given for Miss Agnes Logan in the Grand Opera House on Friday evening of this week promises to offer a unique opportunity to Peterboro's music-lovers Three of the contributing artistes—Miss Agnes Logan, Miss Edwina Palmer and Mr. Carlos Buhler—are leaving soon for England, where Mr. Buhler intends to study under Matthay, a noted English authority on technique and interpretation, and Miss Logan will continue receiving tuition from Mr. Buhler.

Miss Logan is Peterboro's latest musical prodigy. For years she has been working hard at her chosen art, and just recently received encouragement of the highest order from one of England's best-known musicians. A brilliant future undoubtedly lies before this clever young pianist, and the least that her home city can do is to give her a farewell commensurate to the warmth of feeling which is generally felt for this young, unpretentious performer.

Miss Edwina Palmer has spent many years in Peterboro, giving her time and talent ungrudgingly whenever her skill as a violinist was requisitioned in a worthy cause, and Mr. Buhler's ability as a pianist is outstanding, the worth of his teaching having been demonstrated in pupil recitals.

Mrs. Dorothy Allan Park, who will sing, received many encomiums from Toronto musical critics on her work at Convocation Hall last week, and is a popular and familiar figure to local concert and church-goers.

Miss Mathilde Masson, a silver medal prize-winner at the recent Toronto Musical Competition Festival, where Peterboro's musical supremacy was upheld by the success of Miss Logan and Miss Masson in instrumental and vocal work, has a charming voice, which will be trained further for concert work. While Miss Logan and Miss Palmer are going forward in search of conquests new, Mrs. Park and Miss Masson are still with us, a credit to any city of much larger size than Peterboro.

Miss May Perry, well-known as an elocutionist and dancer of merit, will give readings and dance numbers, and the Trinity Orchestra, the third member of Peterboro's prize-winners at the recent Festival, will also take part in a programme of unusual merit and significance.

Orders for tickets have been received already from outside places.

Spring is time for lambs to gambol but a lamb who gambled in Chicago last the bank's money.

We had about as soon walk with a corn as with a walking stick.

Spooning and spoofing not only sound alike.

Being handicapped by skirts, some men find it easy to beat a woman to a street car seat.

CHURCH SERVICES AT MARK STREET

Owing to the heavy rain, the congregtaion was not so large in the morning as usual, but the service was deeply spiritual. The solo by Miss Agnew in the morning, and that of Miss Fern Stenton in the evening were well received.

"Waiting at the Pool" was the subject of the morning sermon, and was based on John V. 6, "Sir, I have no man, when the water is troubled, to put me into the pool; but while I am coming, another steppeth down before me." The following is an outline of the subject.

Bethseda is the Hebrew name for a reservoir or tank. This celebrated pool had five porches and was inside the Holy City. It occupied a position near the north-east wall, and was close to what is now called the Haram area. This miniature lake was one hundred and twenty feet long, forty feet wide, and eight feet deep.

Bethseda Near the Temple.

It is a notable fact, that this pool, with its porches full of poor, diseased, suffering, sorrowing sons and daughters of agony, was situated near to the temple of God. Its waters contained healing virtue, and medicinal properties. We are told that an angel of God went down once a year and stirred its glassy surface. Whosever first stepped in, after the movement of the waters, was healed of his malady, though otherwise incurable. Here was a rendezvous of sorrow, suffering, disease and death at the very gate of the church of the living God. And is it not so now? The waves of human woe dash against the very pillars of the temple, while the well-fed, richly attired, fortune-favoured Christian sings "Rescue the Perishing, Care for the Dying."

The People in the Porches.

There might have been five hundred people waiting for the moving of the waters. With burning eyes and throbbing heart they waited. It was a case of life or death, and of the "survival of fittest." Those who had the greatest amount of physical strength left, gained the healing waters first. Oh, what a race with death took place in these porches of Bethseda. They longed, and yearned, and struggled, and fought for access to the waters of healing. Imagine a man coming to these suffering people and reading a little essay on theology, or a treatise on "Religious Education. Why, it would have been as much as that man's life was worth.

Jesus Comes on the Scene.

When Jesus comes to the pool he finds a man lying there on a bed, and that man had been a sufferer for thirty-eight years. As the weary eyes of the impotent man look into the face of the Man of Nazareth, they behold a big brother, whose mighty heart throbs in sympathy for all who suffer. "Wilt thou be made whole?" said Jesus. "Sir," says the victim of forty years' agony, "I have no man to put me into the pool."

Jesus Gives the Necessary Boost.

There have been great turning points in history, and there have also been momentous points in our own life. When we stood at the crossroads of life and waited; opportunities were opening on every side, but we lacked the man to give us the little boost. But we must not be discouraged. Jesus stands at Bethseda. Wait no longer for the moving of the pool. "Take up thy bed and walk." Fling thyself into lifes' game and o your best, for the record is on high.

WHERE TO HUNT— FISH AND PADDLE IN THE NEW NORTH

An interesting publication entitled ("Where to Hunt, Fish and Paddle in the New North" has just been issued by the Canadian National Railways. It gives authentic and interesting information regarding a region abounding in opportunities for the sportsman and angler. It is also profusely illustrated and contains a series of district maps of the territory covered. A free copy may be secured on application to:—J. B. Doran, C. P. & T. A., Peterboro, or to any Canadian National Ticket Agent.

Talk This Evening on Social Hygiene.

Anyone interested in the cause of social hygiene, the subject of a number of lectures given by Mrs. E. Pankhurst during her visit to Peterborough some months ago, would do well to attend the meeting of the Peterborough branch, which will be held this evening at 8 o'clock in the Chamber of Commerce rooms. The secretary of the Ontario Social Hygiene Council will be present and give an address at to-night's meeting.

Wedding Gifts

A SLIGHT difference in cost is of little moment to those who cherish quality and utility and beauty in equal proportion. For such folk, "Holmes & Edwards" Silverplate is made—and is especially suitable as wedding gifts.

Its extra quality is assured because silver is used generously in its making. Its utility, because the pieces most used are actually *protected where the wear comes*—either by solid blocks of sterling silver fused in at the back of the bowl and handle before plating (SILVER INLAID), or by a heavy extra deposit of silver at these points (SUPER PLATE).

And beauty! One does not need to be an art critic to enjoy the beauty, the superior gleam and brilliance that comes of superior burnishing.

When you visit your jeweler, just ask him to explain why "Holmes & Edwards" is a superior brand of silverplate.

Manufactured Exclusively in Canada by

THE STANDARD SILVER CO. OF TORONTO LIMITED

You can secure table appointments such as Tea Services, Pie Plates, Flower Baskets, etc., in the same high quality.

388 GEORGE STREET

The PRIDE of PALOMAR

By Peter B. Kyne

(Continued from Saturday)

"With the utmost delight," Don Miguel replied in his mother tongue and followed the policeman, who explained as they proceeded toward the betting ring the nature of the message.

"These two gentlemen," he exclaimed, "are bookmakers. While bookmakers who lay their own odds are not permitted to operate openly and with the approval of the track authorities, there are a number of such operating quietly here. One may trust them implicitly. They always pay their losses—what you call true blue sports. They have much money and it is their business in life to take bets. These two gentlemen are convinced that your horse, Panchito, cannot possibly win this race and they are prepared to offer you odds of ten to one for as much money as the senor cares to bet. They will not move from your side until the race is run and the bet decided. The odds they offer you are greater than you can secure playing your money in the Mutuel."

Don Miguel halted in his tracks. "I have heard of such men. I observed the two who talked with you and the jefe politico assured me yesterday that they are reliable gentlemen. I am prepared to trust them. Why not? Should they attempt to escape with my money when Panchito wins—as win he will—I would quickly stop those fine fellows." He tapped his left side under the arm-pit, and while the policeman was too lazy and indifferent to feel this spot himself, he assumed that a pistol nestled there.

"I will myself guard your bet," he promised.

They had reached the two bookmakers and the policeman promptly communicated to them Don Miguel's ultimatum. The pair exchanged glances.

"If we don't take this lunatic's money," one of them suggested presently, "some other brave man will. I'm game."

"It's a shame to take it, but—business is business," his companion laughed. Then to the policeman: "How much is our high-toned Mexican friend betting and what odds does he expect?"

The policeman put the question. The high-toned Mexican gentleman bowed elaborately and shrugged deprecatingly. Such a little bet! Truly, he was ashamed, but the market for steers down south had been none too good lately, and as for hides, one could not give them away. The American gentlemen would think him a very poor gambler, indeed, but twelve hundred and twenty-eight dollars was his limit, at odds of ten to one. If they did not care to trifle with such a paltry bet, he could not blame them, but——

"Holy Mackerel. Ten to one. Joe, this is like shooting fish on a hillside. I'll take half of it."

"I'll take what's left."

They used their cards to register the bet and handed the memorandum to Don Mike, who showed his magnificent white teeth in his most engaging smile, bowed, and insisted upon shaking hands with them both, after which the quartet sauntered back to the grand-stand and sat down among the old shepherd and his flock.

As the bugle called out the horses for the handicap, Father Dominic ceased praying and craned forward. There were ten horses in the race, and the old priest's faded eyes popped with wonder and delight as the sleek, beautiful thoroughbreds pranced out of the paddock and passed in sing le file in front of the grand-stand. The fifth horse in the parade was Panchito—and somebody had cleaned him up, for his satiny skin glowed in the semi-tropical sun. All the other horses in the race had ribbons interlaced in their manes and tails, but Panchito was barren of adornment.

"Well, Don Quixote has had him groomed and they've combed the cactus burrs out of his mane and tail, at any rate. He's be a beautiful animal if he was dolled up like the others," the bookmaker, Joe, declared.

"Got racing plates on to-day, and that cholo kid sits him like he intended to ride him," his companion added. "Joe, I have a suspicion that nag is a ringer. He looks like a champion."

"If he wins we'll know he's a ringer," Joe replied complacently. "We'll register a protest at once. Of course, the horse is royally bred, but he hasn't been trained, he's never been on a track before and even if he has speed, both early and late, he'll probably be left at the post. He's carrying one hundred and eighteen pounds and a green cholo kid had the leg up. No chance, I tell you. Forget it."

Don Mike, returning from the paddock after saddling Panchito and giving Allesandro his final instructions, sat majestically in his seat, but Father Dominic, Brother Anthony, Pablo and Carolina paid vociferous tribute to their favorite and the little lad who rode him. Allesandro's swarthy hands and face wer sharply outlined against a plain white jockey suit: somebody had loaned him a pair of riding boots and a cap of red, white and blue silk. This much had Don Mike sacrificed for convention, but not the willow switch. Allesandro waved it at his master and his grandparents as he filed past.

Pablo stood up and roared in English: "Kai! Allesandro! Ref you don' win thos race you gran'father hze's goin' eut you throat sure. I look to you all the time, muchacho. You keep the mind on the bus-i-ness. You hear, Allesandro, mio?"

(To Be Continued.)

IN MILLBROOK AND DISTRICT

Child Fell Into a Wash Boiler With Tragic Results — Funeral Yesterday.

MILLBROOK, May 21. — The funeral of Helen Bernice Sutton, aged two years, only child of Mr. and Mrs. Fred Sutton, of Cobourg, took place at Gardiner's cemetery, Millbrook, on Sunday at 4 p.m., Rev. S. T. Tucker having charge of the service at the graveside. The tragic circumstances surrounding the little girl's death were only known here on Saturday afternon. While Mrs. Sutton was washing on Friday about 5 p.m. the baby girl fell into the boiler which was on the floor and had about three inches of rinsing water in it. Unfortunately Mrs. Sutton, who had her back turned when the accident occurred, was alone in the house at the time, and the shock caused her to faint. When she came to it was too late to save the little child's life, death by drowning having ensued.

Mrs. W. Leith, and Mrs. W. A. Fallis, the grandmother and great-grandmother of the deceased, are residen's here, the ill-health of the latter preventing the funeral being held from their home. Col. D. Sutton, governor of the gaol at Cobourg, is the grandfather of the deceased child.

The convention of the East Durham Farmers and Labour Association will be held in the Town Hall, Millbrook, on Wednesday, May 23, at 2.30 p.m., for the purpose of selecting a candidate. Hon. F. C. Biggs, Minister of Public Works, will be present and speak on the work of his department. S. S. Staples, and others will also address the gathering which is advertised as a wide-open one, all electors, no matter what their political affiliations may be, being urged to attend. Ladies are specially invited.

The many friends of Mrs. J. C. Kells will regret to learn that she has been seriously ill at the home of her brother, the late Mr. Moore, of Elizabeth, N.J. Miss Anna Kells, and Mrs. H. Sims, of Barrie, are both with their mother, the former having also been quite ill.

Mr. A. St. A. Smith, of Gore's Landing, a former manager of the Bank of Toronto here, was a recent visitor at the home of Mr. and Mrs. John Dawson.

Miss Anna Russell was a visitor to Toronto this week, attending the graduation exercises at McMaster University.

Mrs. McIntyre of Peterborough, was the guest of Miss May Needham this week.

Misses Gertrude Gray, Pearl Lamb, Elsie Weeks, and Messrs. R. Stone, A. A. Needler, and A. Dunn, motored to Peterborough on Thursday evening and attended a meeting of the district A. Y. P. A. at St. George's church. Delegates were present from the other Peterborough branches, and from outside points as well. A new branch is soon to be opened at Perry Town, the rector, Rev. Canon Allen, to be present and install the officers. Mr. Madley is in charge of the work at Perry Town for the summer months. Miss Blanche Graham, of Lakefield, the district president, and other representatives form the district will also attend when the Perry Town A.Y.P.A. is launched upon its career.

The debate for the district cup will be held some time in June, the two branches competing in the finals being All Saitns and St. John's, Peterborough. The annual picnic will be held in July at Chemong Park.

A Field Day for the junior farmers of Eastern Ontario will be held at Kemptville on June 12th this year. Several from this district will be interested in the arrangements for this important event for which R. S. Duncan of the Ontario Department of Agriculture, and the agricultural representatives from this section of the province, are working out the details. The Field Day for the junior farmers of Central Ontario will be held previous to the one for the Eastern portion. There will be, in both cases, a good programme of sports.

Dr. A. Jemison was in Toronto this week attending the dental convention.

The Misses Grandy were visitors to Peterborough, guests of Mr. and Mrs. William Cathcart on Friday.

Mr and Mrs. Charles Hunter of Huntsville are guests of her sister, Mrs. P. Stinson, arriving on Friday.

RUSSIANS WILL NOT YIELD IN PRINCIPLE

MOSCOW, May 2. — (Canadian Press.—Leonid Krassin, Russian Soviet representative in London, is unofficially understood to have been instructed to inform the British Foreign Office that Russia cannot yield in principle from its recent note replying to the British ultimatum. Instructions it was said were sent as a result of the Soviet Government conference last night.

The larke is an early riser among birds; not proving, however, that rising early is a lark.

CAMPBELLFORD AND DISTRICT

Orange Lodge and True Blues Attend Church in a Body—Personal Mention.

CAMPBELLFORD, May 21.—On Sunday morning the Orange Lodge and True Blues attended divine service in a body at St. Andrew's Church, where they were addressed by the pastor, Rev. C. F. McIntosh, M.A., B.D. Owing to the inclement weather, the lodges were not represented by as large numbers as would have been the case had the weather been favorable. Rev. Mr. McIntosh preached a very eloquent and helpful sermon from the words found in 2nd Kings, chap. 2, verse 12: "And Elisha saw it and he cried, My father, my father, the chariot of Israel, and the horsemen thereof. And he saw him no more and he took hold of his own clothes and rent them in two pieces." Very inspiring music by the choir, under the capable leadership of Mr. Fred. Wigglesworth, contributed much to the service. Following the return of the members to their rooms, a hearty vote of thanks was tendered Rev. Mr. McIntosh for his able address, and also to the choir and Board of St. Andrew's Church.

The Orangemen and True Blues will hold a church parade on July 1st to Christ Church, and all members are cordially invited to attend.

Epworth League.

At the meeting of the Epworth League to-night, which is in charge of the literary and social vice-presidents, Miss Myrtle Forde and Mr. James Gay, Rev. Mr. Kenny will give an address on "The Aeroplane."

Cantata Grand Success.

Despite the inclemency of the weather, St. Andrew's Church was well filled last evening when, instead of the usual sermon, the large choir under the efficient leadership of Mr. Fred. Wigglesworth, presented the sacred cantata, "Penitence, Pardon and Peace" (Maunder). The rendering of the entire cantata showed careful training and preparation, as evidenced by precision of attack and finish and careful modulation. The solo parts were sweetly taken by Mrs. (Dr.) Fred. Free, Miss Emma Meiklejohn, Miss Hazel Atkinson, Messrs. Walter Henson and F. Wigglesworth. The entire rendition was a real treat to all lovers of good music. The choir will journey to Stirling to-night, where they will repeat the cantata in the Presbyterian Church, and on Tuesday night they will again repeat this inspiring service of song at St. Andrew's Church, Burnbrae.

Personals.

Mr. C. R. Basige, of Toronto, is spending a few days with his family here.

Mr. and Mrs. William Atkinson, of Warkworth, were in town on Saturday.

Miss Josephine Longmore, teacher at Marmora, spent the week-end with her parents, Dr. and Mrs. H. B. Longmore

Miss Bessie French, of Trent River, was in town on Saturday.

Rev. H. B. Kenny goes to Belleville on Tuesday, where, as a member of the Board of Managers, he will be present at the laying of the corner-stone of the new Albert College.

Mrs. Clark Johnston was called to Tamworth on Saturday owing to the death of her sister, Mrs. Williams.

WILL SOON FLOAT THE BESSIE BUTLER

Putting in Stop Logs to Raise Water and Erecting Supporting Cable.

LAKEFIELD, May 21—The crew and other government help are busy to-day preparing to float the government steamer, "Bessie Butler," which lies partially on her side in the Otonabee river just below the locks here supported by an old stone pier formerly used for conveying power across the river to the Bravender property.

The boat is aground for the water is shallow at this point. and it is feared she has sprung a leak. Men are putting in stop-logs at Dam No 2, a mile and a half further down the river, to raise the water and thus float the stranded vessel. Poles are being erected and capstans conveniently located for running a stout cable across the river, to which the boat will be attached, so that she can be safely held in position and not released from her dangerous position to the mercy of the strong current which obtains here.

REPORT TROOPS FIRING ON SHANTUNG BANDITS

PEKING, May 21. — (Canadian Press).—Reports that troops were firing on Shantung bandits were received to-day by the diplomatic corps, which immediately drafted a new note to the foreign office, asking the Chinese government how it reconciled its promise to secure release of foreign captives with events transpiring since that assurance.

RELIGIOUS FANATICS KILLED ON AN ISLAND

MANILLA, P.I. May 21. —(Canadian Press).—Twenty four religious fanatics on island of Pata were killed yesterday by detachment of Constabulary Akbara, who styles himself a prophet, and his followers attacked the detachment at the village of Kiput.

Mr. R. Walsh returned home on Saturday from Peterborough.

Mrs. A. V. German and Mrs. J. Fairman were visitors in Peterborough Friday.

Mr. G. W. Hill is moving his household contents to Oshawa.

RENEWED OUTBREAK IN RUHR DISTRICT

French Guards Fire on Civilians—Several Germans Shot.

LONDON, May 21. Canadian Press —A renewed outbreak of trouble in various arts of the occupied areas in which several Germans have been shot by the French troops, is reported in the despatches from Cologne and Hattingen.

The Daily Chronicle Cologne correspondent describing the trouble in that city, says that a French guard "ran amuck," his part was to arrest a German policeman stationed at the bridge head to prevent Germans from interfering with the troops; the policeman attempted to escape from jail, it was reported, and was killed. The guard then fired on a civilian who was waiting for a tram car. The firing alarmed other guards who rushed into the street and ordered the tram to stop. The motorman misunderstood whereupon the French man fired upon the car, wounding two passengers. A crowd gathered, and the French fired into this wounding another German.

Ninety residents of Hatingen were courtmartialed for complicity in an attack on a French officer. Two workmen were sentenced to death although they were absent from the trial.

STRONG PROTESTS TO ALLIED GOVTS.

LAUSANNE, May 21.—(Canadian Press).—Two strongly worded protests from M. Tchitcherin, Russian Soviet Foreign Minister, for the Swiss Government and the Near East Conference regarding the assassination of Vorovsky, head of the Russian delegation at Lausanne, have contributed to produce another period of violent controversy.

The conference itself is struggling along, groping for peace against numerous discouraging obstacles such as threatened the clash between Greece and Turkey over reparations, and the deadlock on the problem of foreigners present in Turkey.

M. Tchitcherin, in his note to the conference, raises the spectre of the failure of the conference, and declares that the Soviets reserve all rights and will continue to address communications through the conference to the French, British and Italian Governments regarding Vorovsky, if necessary.

TURKISH NOTABLE FATALLY INJURED

CONSTANTINOPLE, May 21.—(United Press.) — Ali Rizi Pasha, former Turkish Minister of Public Works, was fatally injured Sunday by a stray bullet during a clash between Italian soldiers and Turkish military students.

The soldiers after the riot fled for safety to the French barracks.

A note of protest will be sent to Italy by the Turkish government.

The Italian High Commissioner declared that the soldiers were justified in firing.

DR. FLORENZ ZIEGFELD DIED AT AGE EIGHTY-TWO

CHICAGO. May 22.—(Canadian Pdess).—Dr. Florenz Ziegfeld, president Emeritus of Chicago Musical College, which he founded in 1867 and father of Flo Ziegfeld, New York theatrical producer, died here yesterday at age of 82.

Be careful with a toothbrush that wears out quickly. Someone may be using it by mistake.

The reason so much scandal is made is because there are so many eager to carry it.

Weeds make a splendid garden. They grow quickly and never have to be watched over.

When you see a man's ace all scratched up now you never know if it was a cat or earrings.

Give a man enough ropes and he will smoke himself sick

AN OPERATION ON BONAR LAW

Condition of Ex-Premier of Britain Unchanged—Political Gossips Busy

LONDON, May 21 (United Press). — A slight operation was performed on the throat of Andrew Bonar Law to-day, an official bulletin from the bedside of the Premier, who resigned last night, stated to-day.

"Otherwise Mr. Bonar Law's condition is unchanged," the bulletin said.

Political gossips are almost unanimously of the opinion that Marquis Curzon, Secretary of State for Foreign Affairs, will be offered the Premiership, and that either he or Stanley Baldwin will be the successor to Andrew Bonar Law, who has resigned because of ill-health.

Lord Derby is also spoken of as a possibility for the office.

The Earl of Balfour's age is generally regarded as ruling him out, although it is suggested that he might take the Prime Ministership in the event, which at the moment is considered altogether likely, that existing schisms in the Conservative ranks are healed and all agree to pull together.

"Inside information" as to Mr. Bonar Law's successor is strikingly absent from the articles contributed by the political writers in this morning's newspapers. This is doubtless because of the fact that most of the politicians and party officials are absent from the city for the Whitsuntide recess.

The London Times' Parliamentary correspondent states that Mr. Bonar Law's throat trouble is not malignant, and it is hoped that his health will in time be restored.

It is understood that he will not resign his seat in Parliament, and will remain a member until the dissolution of the present Parliament. His political career, however, is closed.

The next step of course, rests with King George, who will in due course ask someone to take the Premiership, and the whole country is anxiously awaiting the designation.

Great Britain bids fair to remain without a Premier through Whit Monday at least.

King George, who is in Aldershot, had up to this afternoon, asked no one to accept the Premiership, in succession to Andrew Bonar Law, who resigned yesterday, so far as is known to the public.

The King, it is said, has no present intention of curtailing his visit to Aldershot, which is expected to last most of the week. Meanwhile, two most promising prospects for head of the Government, Earl Curzon and Stanley Baldwin, Chancellor f the Exchequer, were in the country on holiday, and planning to remain away till Wednesday.

Virtually all the members of the Cabinet also are away, as well as the political leaders of Parliament for the Whitsun holidays.

MUDBANK SAVED FIVE FROM DEATH

Motor Boat Heading for Niagara Falls Stuck and Held Fast.

NIAGARA FALLS, May 21. Canadian Press. — Only a mudbank and extraordinary good luck saved a party of five from Chicago from being carried over Niagara Falls in a motor boat last Saturday evening. The boat is still fast in the mud and is in no danger of going over the cataract, a scant half mile below, but the owner and crew are ashore and thankful that their experiences were no more thrilling than they turned out to be.

The motor boat Sunbeam is owned by the Lasker Iron Company of Chicago. On Saturday the Captain aimed to proceed to Buffalo with the party and started in a northerly direction around the end of Grand Island. Then intead of turning north in the westerly channel, between Goat Island and the Canadian shore, the boat proceed north along the Canadian shore. She was headed for the falls, and her owner and her crew believed that they were going toward Buffalo, as they afterwards explained.

Just below the intake for the Queenstown power house canal there is a broad mud bank stretching several hundred feet out into the river, where excavations from the creek's mouth were dumped as the work progressed.

The motor boat, swinging in slightly toward the shore, stuck her sharp nose into the mud and held fast.

U. S. HAS A HUGE SUM INVESTED IN CANADA

NEW YORK, May 21.—(Canadian Press).—The United States has invested in Canada two and a half billion dollars, according to the Bankers' Trust Company of New York, which has just completed a survey of Canadian industry and the amount of United States capital invested.

NO BOXING DECISION.

HAVANA, May 21.— (Canadian Press.)— Jack Johnson, former heavyweight champion of the world and Jack Thompson, Boston, heavyweight, boxed 12 rounds here last night without a decision. Havana Boxing Commission fined each boxer $500 for stalling.

Since as astronomers say, the moon has no air or water, it is no place for an auto trip.

COBOURG AND DISTRICT

COBOURG, May 21.—An interesting case was heard by Mr. Justice Rose at the Supreme Court sittings held here this week in regard to the responsibility of municipal councils for the proper maintenance and condition of drains and culverts within their limits. It lasted for the entire afternoon during which several witnesses were heard. Merk P. Wickett of Port Hope, brought action against the Town of Port Hope for $956.96 damage to his property on Bloomsgrove avenue which he claimed was caused by a defective culvert for which he held the municipality responsible. It was claimed that owing to the Town having neglected to open the drains between the culverts they had constructed and the foot of the street, water flooded Mr. Wickett's cellar to such an extent that goods therein to the value of $541.76 were totally destroyed and other goods valued at $610.30 suffered a fifty per cent damage. Mr. Wickett further claimed that two furnaces in his cellar were damaged, also the walls. This and labor in cleaning up amounted to $130. Then damage of $50.00 to canned fruit and personal goods brought the whole loss up to $956.96. The plaintiff alleged negligence on the part of the Town of Port Hope. The flood it is stated, happened on Tuesday, March 1922 and the previous Saturday. it is further stated the plaintiff notified the town that the drain, which contained poor culverts with twelve inch pipes, was full of ice and incapable of carrying off the water into a sewer at the foot of his property. On Tuesday the water started flooding the cellar. Mr. Wickett, it is alleged called up the corporation but the chairman of the streets and bridges committee, after investigating, said that nothing could be done. The corporation did not dispute the amount of Mr. Wickett's loss but claimed that the flow of water was so heavy that it was impossible for the drains to carry it off. Mr. Justice Rose maintained that it was the duty of the corporation to maintain the drain in condition to carry of the overflow of water and allowed Mr. Wickett the full amount of his claim with costs Mr. D. H. Chisholm and Mr. W. F. McMahon represented the corporation of Port Hope, Douglas Douglas and Robinson for the plaintiff.

Alimony Action

Mrs. Mary Beer, now residing in Whitby brought action against her husband. George Beer, residing in Darlington Township for alimony. She was a widow before her marriage to Mr. Beer and was receiving an allowance, from the Mother's Allowance Board, she having two children. After their marriage things went smoothly for a few months and then trouble arose, one cause for this being that when the little girl came home late from school her stepfather had stipulated that she must be home by 4.30. After several disagreements Mrs. Beer left her husband and in October went to Whitby. She received a letter from Mr. Beer's solicitor, it is stated, ordering her to remove her goods from his house and leave it forever, when she went for her things she could not get into the house. Later it is stated, Beer wrote to her to come back and let bygones be bygones. Failing in affecting a reconciliation between husband and wife, Mr. Justice Rose ordered the husband to pay his wife $20.00 a month alimony. The defendant is a farmer residing in Darlington.

Local Action for Alimony

In action for alimony from Cobourg, brought by Mrs. Wesley Harris against her husband, which has been before the courts for some time, was finally disposed of. Judgment was given in favor of the plaintiff, the local master, Judge Ward, being depicted to assess the amount of alimony. F. S. Boggart, K. C., for plaintiff. Armstrong and Willmott for defendant.

Two Actions Settled

Sinnott vs Sinnott, an action from Port Hope, between mother and son over an accounting, was settled between the parties. H. S White, K.C. for plaintiff Kerr and Cochrane for defendant.

Foster vs Hodson, an action over a partnership and rental of a farm, was settled out of court. W. H. Kennedy for plaintiff. W. H. Harris for defendant.

Forty Hours Devotion

A number of out-of-town clergymen were in town last week in connection with the Forty Hours Devotion which closed at St. Michael's Church on Tuesday evening. Rev. Monsignor Murray of Cobourg, was assisted by Rev. Father Scanlon. Grafton, Rev. Father Corkery, of Cobourg; Rev. Father McAuley of Ennismore; Rev. Father O'Sullivan and Rev. Father McGuire.

Rochester Orangemen Coming

The Orangemen of Rochester and district are understood to have chartered one of the car ferries to bring over a large excursion on July 12th, when they will join with the Orange lodges of this district in celebrating the 233rd anniversary of the Battle of the Boyne. About 800 members of the Orange Order are expected here from Rochester and district.

Speeding on the Highway

Two drivers of motors from Toronto and one from Oakville came before Police Magistrate Floyd here, charged with speeding on the Provincial Highway. They were each fined $10.00 and costs. The charge was laid by the Provincial Officer One or two men also come up at Port Hope on similar charges and were fined. The Highway is reported to be in splendid condition now, hence the temptation to speed.

FIVE CHILDREN ARE DROWNED IN WELL

All Members of One Family, Ranging From Six to Two Years.

DRUMMONDVILLE, Q., May 21 —(Canadian Press) —Five children of Thomas Houle, of St. Nicephore, a small parish three miles from here were drowned in a well yesterday afternoon, when the temporary cover on which they were standing tilted, and plunged them into the water below.

The fatality occurred a short distance from the Houle home.

The children ranged in age from six to two years.

HASTINGS SPORT

HASTINGS, May 21. — Mr. A. Scriver has started men at work to erect a grand stand on the athletic grounds.

Hastings intermediate lacrosse team will cross sticks with Campbellford on May 24 at Campbellford.

The Hastings juvenile team will journey to Deseronto on May 24 to play an exhibition game.

HAPPY EVENING AT TRENT RIVER

Euchre Club Entertained By Mr. and Mrs. J. Garneau—Personals.

TRENT RIVER, May 21. — The Euchre Club were entertained by Mr. and Mrs. J. Garneau on Friday night, when five tables were played, the following carrying off the prizes: Ladies—1, Mrs. A. Wight; 2, Miss Annie Wight; consolation, Mrs. H. A. Christie. Gentlemen—1, Mr. Fred Scott, 2, Mr. Tom Wight, Jr.; consolation, Mr. James Cook.

Dainty refreshments were served, and the guests spent the remainder of the time in dancing, a most happy evening being enjoyed.

Mr. Will Christie was here on Friday from Toronto, returning the next day.

Mr. Charles French, Miss Bessie, Mr. and Mrs James Cook, and Mrs. Cook, Sr., motored to Belleville on Friday to spend over Sunday with relatives.

Mrs. French visited her niece, Mrs. David Waters, while the latter visited their uncle, Mr. Fitzgerald, of the city.

Mr. E. H. Fairbrother, of Toronto, visited here last week.

Mr. Frank Brewer is able to be around again, after having suffered the painful accident of breaking his wrist.

Mrs. H A. Christie is having a new fence built at the front of her summer home.

We are having beautiful weather the past few days, after a succession of dull, dary, rainy ones, and the abnormally high water is receding again.

MAN HUNT FOR ROGERS REACHES NEW TORONTO

TORONTO, May 21.—(Canadian Press.)— The sensational man hunt for Leo oRgers, who last week killed one constable and wounded another after making his escape from the crowded North Bay court room by using an imitation revolver to keep back the crowd, has stretched from North Bay to New Toronto, as late last night Chief of Police J. C. Johnston and Constable W. Kidd, of New Toronto, raided the house on Seventh street near the north end of the town, where Rogers lived last winter. Apparently he has not returned to New Toronto, as the police could find no trace of him.

These straweberries grow so fast even getting bigger while they are filling the box.

Picnics are with us. When spreading your coat for a lady to si ton, take it off first.

HER SIGNATURE WAS DISPUTED

Daughter of Late C. McGill, Formerly of Peterborough, Denies Giving Authority for Stock Transactions.

TORONTO, May 21.—Justice Kelly has reserved judgment in a case heard by him in the Non-Jury Assizes Court, in which Mrs. Madge Cluxton, of Chicago, daughter of the late Charles McGill, who was general manager of the old Ontario Bank, which failed about 1906, was the defendant, and Erickson, Perkins & Co., stock brokers, were the plaintiffs. One of the important matters which His Lordship has to decide is whether the signature of "M. McGill," attached to a memorandum given to the plaintiffs authorizing Charles McGill, father of Madge Claxton, to carry on stock transactions in her behalf is genuine or a forgery.

Amount Involved.

The amount sued for is $6,890, alleged to have comprised broker's commissions on stock transactions, interest advanced by brokers on these transactions, and balances due on stocks purchased by the brokers on order of Mr. McGill, and margins.

According to the evidence submitted, an account was opened in February, 1910. Mr. McGill, the plaintiffs alleged, submitted to them a memorandum to the effect that he desired to open the account in trust for his daughter; at the bottom of this was an authorization, supposedly on the part of Miss McGill, agreeing to approve of any transactions Charles McGill might enter into on her behalf. Transactions took place until August, 1914, when the account was closed. Mr McGill died in 1918 and the evidence submitted by plaintiffs was that he had kept promising to settle the account

Regular Transactions.

J. G. Beaty, a former partner of the plaintiff firm, testified to transactions having been regularly carried out in accordance with rules and customs of the New York Stock Exchange. Mrs. Shaughnessy, for 20 years cashier and accountant, declared she was present in February, 1910, when both Charles McGill and Miss McGill signed the disputed document.

W. H. Shaw, handwriting expert, swore that in his opinion the signature disputed by Mrs. Cluxton was in fact her signature when compared with signatures actually made by Mrs. Cluxton during the progress of the case for the purpose of comparing the disputed signature with her submitted signatures.

Disputed Signature.

In her defence Mrs. Cluxton, while announcing that the signature of which she was sought to be rendered liable was a forgery, was unable to suggest who forged it. She declared she was in Chicago at the time it was said to have been made, and further declared that she was in Erickson Perkins office in August, 1914, and repudiated the signature. Her visit to the office at this time was corroborated by her uncle. Mrs. Shaughnessy, however, swore she did not remember such visit. Mrs Cluxton declared that the document Mrs. Shaughnessy saw her sign must have been a different one.

Justice Kelly stated that he wished to consider various parts of the evidence before delivering judgment.

LIST OF ACCIDENTS IN TORONTO GROWS

Seven Are Seriously Injured by Cars Over Week-end.

TORONTO, May 21.—(Canadian Press.)— Seven persons were seriously injured in automobile accidents over the week end and three persons are under arrest. Albert Burrell, Harold Williams and Jack Elliott were putting a new tire on their car on the return trip from Hamilton this morning when another car crashed into the men as they stood on the roadway. They were all seriously injured and are in hospital. Joseph Cacorin, in the other car, was arrested, but his companion got away.

John Lacey and Joseph Izzo were both hurt when their auto crashed into a street car. Izzo is being held by the police for alleged reckless driving. Lorne McKee was thrown out of an automobile when it swerved against the curb. He was taken to the hospital. It is claimed the car kept on its way heedless that one of the party had been thrown out. Irwin Seitz has been arrested as driver of the car. Annie Silverman, aged 9 years, was run over by a car while playing tag on the street. Her condition is serious.

Y. W.C.A. ACTIVITIES

Two important announcements this week are:

First—The board of the Y.W.C.A. have again secured Mr. Crane's Cottage on Stoney Lake for their "Y" camp and all arrangements for a happy summer holiday for the girls of Peterboro are being made.

Second—The Y.W.C.A. Pool is open now and swimming activities are at full height.

The schedule for the week is:—

Monday 3.00-5.00 p.m.—Recreation; 6.30-7.30 p.m. Special instruction; 7.30-9.30 p.m.—Special instruction; 8.00—C.O.S. Club entertainment.

Tuesday—10.00-12 a.m.—Ladies' Class; 3.00-6.00 p.m.—Junior instruction, 6.00—Senior Hiking Club; 7.00-9.00 p.m.— Recreation.

Wednesday 10.00-12.00 a.m.—Ladies class; 3.00-6.00 p.m.—Recreation; 7.00-9.00 p.m.—Life Saving-Special, 8.00 —United Club.

Friday— 10.00-12.00 a.m.—Ladies Class; 3.00-6.00 p.m.—Instruction-Junior; 6.30-9.30 p.m. — Instruction.

Saturday—9.30-11.00 a.m —Children's classes; 11.00-12.00 a.m.—Life Saving Class Junior; 12.00-12.30 a.m.—Recreation, Juniors; 2—Junior, Indoor-Outdoor Club; 2 — Ever Bright Club.

POST'S BED BUG POSION

Post's Bed Bug Poison is composed of carbolic acid, Methyl Hydrate and Corrosive sublimate. When this preparation is used according to directions, it is sure death to bed bugs, cockroaches and insects of all descriptions. Two or three applications are all that is necessary, but as it is very poisonous this preparation should be kept out of the reach of children.

Tell her she gets better looking every time you see her and she wants A man often tells a girl he would wait a million years to marry her, but he never does it.

LLOYD GEORGE

(Continued from Page 1)

inevitable when Britain will have a Labor Government.

Repels Retirement

Newspapers of every shade of political opinion deplore the retirement of Bonar Law, especially expressing regret at its cause. Nowhere is there any discordant note and it may be said that no living statesman except the Earl of Balfour could possibly elicit such a chorus of affectionate regard on such an occasion. The Morning Post, champion of hereditary institutions, says it is important at the present crisis that the new premier be a commoner. None of the peers mentioned as possible prime minister meets the needs of the situation the Post asserts. The newspaper favors the appointment of Stanley Baldwin.

The Daily Express, owned by Lord Beaverbrooke, also emphasizes the importance of Mr. Baldwin to the ministry and states that assistance of the latter is absolutely essential to the formation of government. Lord Beaverbrook's known intimacy with Conservative leaders suggests that this statement crystallizes party opinion.

Serious Differences

"Serious difference of opinion exists in Conservative party with regard to the successor to Mr. Bonar Law," says the Central News this afternoon. "There has been a rapid testing of opinion during the day on this point by official of the Conservative organization, and very great differences of view have been revealed amongst the rank and file. Supporters of Stanley Baldwin and Lord Curzon are, numerically fairly equally divided, and as there appears to be small hope of a compromise there is a growing volume of opinion in favor of asking Lord Balfour again to lead the party unless an agreement can be reached immediately.

Regret in France

Premier Poincare, joining with other members of the Government and with the Press of France in regret felt over the resignation of Prime Minister Bonar Law, sent the former minister a message to-day voicing general sentiment.

"France," he telegraphed, "deeply regrets the determination which your state of health obliged you to take. She does not forget that you have contributed with all your strength to the maintenance intact of an alliance necessary for the tranquility of the world.

'In spite of differences in method followed by our two countries in execution of the Versailles Treaty she will remain grateful to you for having understood our will that reparations be paid and for having so loyally recognized our pacific intentions."

Upright and Honest

General regret is felt in France at retirement of Premier Bonar Law and genuine sympathy is extended to him, for his upright, honest nature has been fully appreciated here, notwitstanding differences of opinion between London and Paris.

The Petit Parisien says, that during the few months Mr. Bonar Law occupied the Premiership "he always showed himself to be a perfect gentleman." This sums up general sentiment. All editorials seize the opportunity to have a fling at Lloyd George. L'Eclair, Briandist Organ, says France can only regret the sudden retirement of the man who "after the Lloyd Georgian nightmare showed that we still have true friends in England."

Fish are believed to be sensitive to the amount of salt and oxygen in the sea-water through which they move.

Renfrew Flour Mill Destroyed in a Fire

RENFREW, May 21.—(Canadian Press.)— Mills and warehouse of the Renfrew Flour Mills Limited, of which Hon. Thomas Lowe, Minister without portfolio, in the King Cabinet, is president, were destroyed by fire this morning, entailing a loss of $225,000, of which $150,000 is on mills and machinery and $75,000 in flour. Firemen managed to save another warehouse containing $75,000 worth of flour.

VOICE OF THE PEOPLE

WILL MR. TOOMS ANSWER?

To the Editor of The Examiner.

Sir,—Your readers all know that I have filled your columns with statements proving that Mr. Drury allows, without promise for the future or protest for the past, the O.T.A. to give the right to the wine-makers of Western Ontario to make and sell as a prohibition O.T.A. wine one that is very highly intoxicating, the fact being that the O.T.A. is nothing but a common lie when it is held out as a "prohibition" act. Does Mr. Tooms deny that? He does not, but he tries to slink out of it by saying that the O.T.A. was or is the work of the Conservatives and "not to be fooled by them." Supposing they were, is Mr. Tooms child-like enough to believe that Drury and he himself as a Drury candidate are excused by such a weak statement from putting in shape, or at least promising to do so, an Act that is, as I have pointed out, a deception and a lie? Mr. Tooms has waited a long time to answer me, and then—what an answer? He really admits the statements I have made, and if Mr. Tooms expects to get Prohibitionists to vote for him on the strength of Drury's having sold them out for the votes of Western Ontario grape growers and wine manufacturers, he will find himself mistaken. An enormous quantity of this wholesome but highly intoxicating wine is being made and consumed, and much of it here in Peterborough, by permission of the O.T.A. and Mr. Drury, and it is a downright scandal that any man should allow himself to pretend that the O.T.A. is a prohibition Act and worthy of preservation as it stands. This section permitting the manufacture and sale of strong alcoholic native wines must be cut out if we are to have prohibition or anything like it, and I want to know what Mr. Tooms proposes to do about it. Never mind the former Conservative Government nor myself. Don't try to crawl out by any such transparent subterfuge and dragging us into it. Let us hear, Mr. Tooms, what you have got to say about this wine.

J. H. Burnham.

Sir: Evidently everything is not just lovely with the farmer across the line any more than in this country I enclose herewith a clipping that appeared in the New York Herald, which makes very interesting reading To my mind the difficulties that confront the farmer will sooner or later require the skill of the best brains in the two countries (irrespective of politics) to solve.

READER.

To the New York Herald: I own and run a farm in Virginia. Just how the farmer to-day is prospering as against the city laborer, the following facts show:

It takes 63½ dozen or 762 eggs to pay a plasterer for one day of 8 hours work.

It takes 17½ bushels of corn or a year's receipts from half an acre, to pay a bricklayer one day.

It takes 23 chickens weighing 3 lbs each, to pay a painter for one day's work in New York.

It takes 42 lbs. of butter or the output from 14 cows, fed and milked for 24 hours to pay a plumber $14 a day. It takes a hog weighing 175 pounds, representing 8 months feeding and care to pay a carpenter for one day's work.

Who sees the way out?

The city workman's wages must decline or we farmers will stop farming entirely, exactly what most of us are doing.

I have planted my last crop and this year nearly 1000 acres goes down in grass on which I will raise nothing.

I can see only one way now, teach New York hens to lay bricks instead of eggs. Graham F. Blandy.

New York, May 18, 1923.

For people find the ads pull best
Which have the most to say.

NARROW ESCAPE FOR A COBOCONK WOMAN

LINDSAY, May 21.— Word was received here Saturday morning that Miss Florence Embury, of Coboconk, who left that village on Friday on her way to Detroit to visit her sister, had a narrow escape from death through gas poisoning in the Claremont Hotel, Toronto, that evening. When the clerk went to call the members of the party, he heard Miss Embury groaning. An investigation showed that the gas jet had been partly turned on and that Miss Embury was in an unconscious state. A pulmotor was rushed to the hotel and later Miss Embury was removed to the Western Hospital, where she is convalescing.

It is understood that the gas jet and electric light switches are close together in the room occupied by Miss Embury, and the young lady evidently became confused in turning off the light.

RUSSIA STILL INSISTS CONFERENCE NECESSARY

MOSCOW, May 21. — Canadian Press)—While willing to make some temporary arrangement regarding fishing rights of British trawlers off the Murmansk coast, such as limiting the territorial zone and adjusting other boundaries, pending general negotiations, Russia still insists that the differences between the two countries can be only adjusted by a conference, particularly on the eastern questions. If Lord Curzon declines a conference, the understanding is that Russia feels there is nothing left for Krassin to do but liquidate the affairs of Russian trade in London.

CONTRACT FOR SWITCHES LET TO THE C.G.E.

Utilities Commission Show Substantial Saving Under Estimates in Contracts Let So Far.

THREE TENDERS

The Utilities Commission this afternoon accepted the Canadian General Electric Company's tender of $30,745 for the switching equipment for the new electrical distribution station.

Three bids were received as follows:—Ferguson Phalen. England, $30,710; the C.G.E. company $30,745 and the Westinghouse company $36,460. Although the local companys price was not the lowest the difference between it and the English campany's bid of $30,710 was only $35 which was regarded as a negligible margin.

The Secretary of the Commission was instructed to notiiy the C.G.E. company that their tender had been accepted and that a formal contract was being prepared. They are also be ing advised that their price of $1195 for an additional panel has been laid over for ninety days.

The switching equipment contract is the second that has been let by the Commission in connexion with this project. The first was for the transformers which went out of the city. The next will be for the building which will likely be determined in a short time.

On the two contracts which have been awarded the commission already show a saving of $22,591 as indicated by a comparison of the accepted tenders with the original estimates for these details. The transformers are costing $19,274 which is $6726 less than the estimates cost of $26,000. and the saving on the switching equipment is $15,865 as shown by the original estimate of $46,610 and the successful tender of $30,745.

Questions by the Commissioners brought out those facts demonstrating that the Commission is well with in the estimates of the substation work that has been placed so far.

Mr. H. O. Fisk was authorized to purchase a new Reo one-ton truck The present truck will be retained in service for the reason that only $340 was offered for it. The manager was also instructed to enter into a contract with the C.G.E. company for a year's supply of meters.

PETERBORO CAR TOOK PART IN COLLISION

Two automobiles collided on the highway yesterday morning with disastrous results to the cars, but no damage to the drivers. Car number 184,135, owned by Len Johnson of Peterborough and car number 178,530, owned by J. G. Hawkins, of Reaboro, figured in the smash.

Meet the Radio Widow!

And Pity Her Dismal Divorce Dilemma --- Whether to Name as Co-Respondent a Jazz Band, a Bedtime Story, or an After-Dinner Speech

Mrs. Lillian D. Waitt, Stately Massachusetts Society Matron, Whose Jealousy of Her Rich Husband's Radio Set Led to the Divorce Court.

MEET the newest novelty in unhappy wives, the "radio widow," standing disconsolately outside her husband's "den" and wondering whether to name as co-respondent in her divorce suit Station WBXZ, a ukulele quartet in Memphis, that Des Moines jazz band, the United States Navy or Uncle Wobbly and his bedtime stories.

"I told him to choose between me and his set, and he chose his radio set," says Mrs. Grace Mead Purdy in her suit for divorce against Kenneth C. Purdy in the Los Angeles Superior Court.

"He thought more of his radio than he did of me," complains Mrs. Lillian D. Waitt, the Massachusetts society woman who seeks a legal separation from Albert H. Waitt.

And there are others who, like the "golf widows" of yesterday, charge that Friend Husband goes prowling through the ether at night when he ought to be minding the baby, the furnace or—the wife.

Consider the radio-wrecked marriage of the Waitts. Until a year ago, says Mrs. Waitt, life was lovely—a home in an exclusive Boston suburb, automobiles, clothes, trips to Europe, servants, the country club, bridge-parties and always Mr. Waitt gallantly and adoringly at her side.

And then one night Mr. Waitt came home with a strange gleam in his eye. He was oddly quiet, remarking only that he had "listened in" that day on a radio, a contraption which hitherto he had affected to despise.

Mrs. Waitt thought nothing, save that her husband was unwontedly abstracted. If he had brought home a new niblick she might have worried. But radio was new to her.

Even when Mr. Waitt announced a few days later that he was making over the top floor of the Waitt mansion for the installation, not only of a radio receiving set, but of his own private broadcasting station and a special operator to do the broad-casting—even then, says Mrs. Waitt, she had no forebodings.

But that was a year ago. Hearken to Mrs. Waitt today: "That radio broke up our home. He would spend his evenings with the radio whenever he was at home. As he was away a lot, it made me feel very lonely. I sat by myself, night after night, in this big house while Mr. Waitt stayed upstairs, shut up in the room with that old radio. I cried my eyes out, but it did no good."

Vanished were the country club soirees, the informal little bridge parties, the trips to Europe, the dinners, the constancy of the gallant and adoring Mr. Waitt. According to his wife, she was forever waiting for Mr. Waitt to conclude his radio seances—and Mr. Waitt never quite concluded them.

If he had a moment to spare in the mornings, he would dash up to the radio room "to see what's on the wave length now." If he was home for lunch, he fidgeted until he had the ear-piece on. And at night (so his wife says) Mr. Waitt was just glued to the radio.

He would broadcast a bit, then he would tinker with the mechanics of his instruments. He would try this wave length and that. Finally he would lean back with the phones over his ears and listen—and listen—and listen—and listen.

Mrs. Waitt says she couldn't understand it. Her husband had never displayed any keen interest in baritones and sopranos before. He had been indifferent to programmes by male quartettes. Jazz bands hadn't exactly intrigued him. Crop reports certainly were out of his line. He would have walked a mile, she believed, to avoid hearing an address at a banquet.

Albert H. Waitt, Multi-Millionaire Cigar Manufacturer, Whose Fondness for Broadcasting, His Wife Says, Broke Up Their Happy Home.

Luxurious Residence of the Waitts, at Newton, Mass., Where the Radio Demon Aimed His Deadly Blow at Domestic Bliss.

But after he got his radio, mourns his wife, speeches, lectures, mandolin solos, saxophone sextettes, bassos singing "Asleep in the Deep," jazz orchestras from Great Neck, Long Island, to Coronado, California, even bedtime stories about Bowser the Hound all seemed to interest Mr. Waitt more than his wife interested him.

Mrs. Waitt got so bored and unhappy, she says, that she decided to take a trip to New York. But apparently her radio-wrapped husband objected. Perhaps his position was that, after all, he was at home in the flesh every evening, even if his spirit soared from coast to coast on the wings of wireless. At any rate, Mr. Waitt told Mrs. Waitt not to go.

"I shall go!" Mrs. Waitt says she replied.

"Then I'll tell the world!" Mr. Waitt threatened, she says.

And he did.

Mrs. Waitt was hardly on the train for New York before her husband, in his radio room, was broadcasting this message to startled fans by the thousand in reach of Station IAOV:

"Mrs. Albert H. Waitt, of Newton, Massachusetts, is en route to New York to visit friends."

"He made me a laughing-stock!" cried Mrs. Waitt. "It was the last straw. I left him and started suit for divorce. Radio did it!"

It may be, that when the suits of Mrs. Waitt and Mrs. Grace Mead Purdy are heard, a new precedent will be established in American divorce law, setting forth whether a radio set can be charged with alienation of affections.

Pending a decision by the courts, hope for the "radio widows" comes from another Massachusetts town, Roxbury, where the "radio Romeo" has put in his appearance.

James F. Gately, a young Roxbury business man, was arrested on the charge of lying in wait for his wife, Annie, with a loaded revolver. His defense was that men had been calling on his wife and that he wanted to stop their visits.

"The idea!" scoffed Mrs. Gately when she heard of this. "These men he spoke of were just radio fans. We have a big radio machine in our house that catches far-off stations. Every night my mother and father and I and some of the family's friends listen to the concerts. We always have these friends with us.

"The men my husband saw didn't come to see me. They are not interested in me at all, but the radio.

"If my husband had taken the trouble to investigate, he would have found the callers he objected to, seated in a circle listening to concerts."

Mr. Gately's answer to this was to scoff a few scoffs of his own. But the declaration of Mrs. Gately caused the question to be broadcast:

Will the "radio Romeo" bring balm to the lonely heart of the "radio widow?"

Lindsay Swamped By Petes---Juvenile Teams Opened Season

JUVENILE TEAMS OPENED SEASON

Maple Leafs and Sacred Heart Teams Victorious in First Two Games of the Year.

The local juvenile baseball teams got away to a flying start on Saturday afternoon when two league games were played.

The Maple Leafs and Hillcrests clashed in a fast game before the Central League game, and the Sacred Heart and Lock Works closed the day with a game immediately after the senior game. The Maple Leafs won the first game by a score of 11 to 4, while the Sacred Heart nine took the Lock Works into camp with a score of 8 to 4.

The Maple Leafs trotted out a strong line-up composed chiefly of the same players who went through last fall to the Ontario championship. "Chuck" Bradley was on the mound for them and he pitched well for his first game of the season. He has a little more steam on the ball this year, and with his control he promises to have a good season. The team worked well behind him and gave good support.

The Hillcrests, managed by Joe Munroe, are composed chiefly of last year's Elks of the Corner Lot League. With a little more practice they ought to make a fast working outfit. Ed. Venette will likely be their mound artist for the season. He has a world of steam, but lacks control.

Bradley fanned six. He started out strong, sending three to the bench on strikes in the first innings. Venette had four strike-outs to his credit.

"Lefty" Smith pulled about the only spectacular play of the game when he pulled down a foul fly in a manner worthy of "Micky" Murray himself.

The teams:

Maple Leafs—Bradley, p; Hall, cf; Miller, 3b; Bannon, lf; Delahaye, c; Johnston, 1b; Thirnbeck, ss; Frank, 2b; Grant, rf.

Hillcrests—Kearns, lf; Holland, 2b; Anderson, cf; Leahy, c; Perdue, ss; Calladine, rf; Smith, 3b; Wigse, 1b; Vennette, p.

Score by innings:

Maple Leafs ..... 22016—11
Hillcrests ..... 11020— 4

The second game was also a five-inning affair, owing to the lateness of the start. Both teams started off strong, and the Lock Works arored first with two tallies in their half of the second. The H. N. S. boys, however, soon came from behind, and when the final man was called out were well in the lead.

McDonnough was on the mound again for the winners, and though early in the season, showed much of his last season form. Marchen did the hurling for the Lock Works and turned in a very good game.

The players were:

Sacred Heart—F. Jones, lf; Malloy, 3b; Roddy, ss.; Sheehy, 2b; McDonnough, p; Collins, 1b; J. Jones, lf; Saunders, cf; Rishea, c.

Lock Works—McDougal. ss; Tierney, c; Marchen, p; Griffin, lf; O'Brien, 2b; Hunt, 1b; Connors, 3b; Scrace, rf; Shambo, lf.

In addition to allowing the youngsters the use of the diamond, the Central League team also turned over $25 of the gate receipts to them to help them along for the season.

The P.A.A. has also come strongly to the support of the youngsters and has supplied a mask, pad, decker and six bats for the use of any of the juvenile, midget or bantam teams throughout the season.

Brooklyn Won in the First Innings.

BROOKLYN, May 21.— (Canadian Press.)—Brooklyn jumped on Counch yesterday, the first five batters getting four singles and a triple for five runs and won the opening game of the series from Cincinnati by 5 to 3. It was Dickerman's fourth straight victory. Wingo hit a home run over the right field wall in the ninth with two out. Score:

Cincinnati .. ..200 000 001—3 8 0
Brooklyn .. ..500 000 000—5 7 2

Couch, Beaton, Keck and Wingo; Dickerman and Taylor.

New York 14, St. Louis 4.

NEW YORK, May 21.— (Canadian Press.)— The New York Nationals hit four Cardinal pitchers here yesterday for a 14 to 4 victory. Young, Kelly and O'Connell led the attack with four hits each. Score:

St. Louis .. ..001 002 100— 4 11 4
New York ..020 003 45x—14 20 1

Doak, Sell, Dyer, Stuart and Clemons, McCurdy; Nehf and E. Smith, Snyder.

Mercantile League Will Try Again To-Day.

After having been delayed twice by bad weather, the Mercantile League will try again to-day. The Lock Works and C.P.C. are scheduled for to-day's game, which will start at 6.15, weather permitting.

The enforced postponements of the first two games has increased Manager McCabe's difficulties in the matter of picking the Mercantile team for the Intermediate City League.

Candidates for this team will have a practice on Wednsday evening, and all who want a place on the line-up are urged to turn out.

The team plays its first game on Thursday morning.

Girls' Soft Ball to Open This Evening.

The Girls' Softball League will open the season this evening with a game at Central Park. The Canadian Woollens and Colonial Weaving teams are scheduled for the opener, which will start promptly at 6.30. Immediately after the game the Bond Cup will be presented to the winners of last season's schedule.

On Tuesday the Quakers and De Lavals will meet, and next Monday the Tigers and C. G. E. After next Monday a regular schedule will be drawn up and published.

C.G.E. SWAMPED BY THE DE LAVALS

Separator Soccerites Had An Easy Time Disposing of the C.G.E. Juniors.

The De Laval Juniors had everything their way in the game with the C. G. E. Juniors at King Edward Park on Saturday afternoon and were the winners by a score of 5 to 1. The De Lavals started the game with the wind and the sun in their favor and soon took command of the situation. The Electricians, however, broke through for the opening score when Lynch beat Frick with a fast one. An individual effort on the part of Evans soon put the game on even terms, and the half ended with the score standing 1 to 1.

In the second half the De Lavals turned loose with everything and kept the ball in the C. G. E. territory for practically the whole period. Goals from Smith, Cooper, Evans and Griffin came in quick succession, and the C. G. E. team was forced to a purely defensive game.

The players were:

De Laval—Goal, Frick; backs, Ward, Grant; halves, Ashmore, Cooper, Sturdley; forwards, Bell, Griffin, Evans, Smith, Elliott.

C. G. E.—Goal, Jerkins; backs, J. Feeley; T. Feeley; halves, Armour, Williams, Jenkins; forwards, Corbet, James, Lynch, Stanley, Naish.

Referee—Sam Jones.

WHAT CAUSED PRESENT MIX-UP

Several Central League Clubs Trying to Buck Organized Baseball.

The situation in the Central Ontario League has been brought about by the stubborness of some of the clubs who have been persistently refused to see that they were butting their heads against a stonewall. Every ball club in the O.B.A.A. ranks was given ample warning last autumn that the residence rule this year would undoubtedly be January 1st and the Central League clubs themselves after being allowed last year to operate on a May 15th rule knew perfectly well that they would be expected to conform with the O.B.A.A. regulations this season and had an understanding that they would do so.

O.B.A.A. officials during the winter assured them that there was no question but that at the annual meeting of the Ontario Association the January 1st rule would be adopted.

Yet in spite of these facts there were enough Central League League Clubs at the annual meeting of the Central League in Cobourg ready to shut their eyes to the situation, to pass a motion adopting the January 1st rule for next year—ignoring the certainty that in so doing they would be throwing their League out of organized ball.

At a subsequent meeting held in Peterboro there was a change of front and it was decided to press for the January 1st residence rule to be adopted next year, but that if the O.B.A.A. annual meeting insisted upon it going into force in 1923 the Central League would fall in line.

The O.B.A.A. did insist upon the adoption of the January limit this year, but Port Hope and Oshawa have continued to stand out for the May 15th rule and not being able to get their way have dropped out of the League.

The mix-up is regrettable but it is certain that if the Central League wants to participate in the O.B.A.A. race they must adhere to O.B.A.A. rules and its is just as certain that the League would have a short existence if it attempted to operate as an independent body.

That makes it necessary for those clubs who are willing to comply with the regulations to carry on the League themselves, leaving the other towns who have, by ignoring the conditions, caused the break to form an independent league or stay out of baseball for a year.

OFFER FOR McTIGUE.

NEW YORK, May 21 (Canadian Press). — A cablegram offering Mike McTigue, world's light heavyweight champion, a guarantee of £20,000 to meet Joe Beckett, at Dublin on 18th August, in a twenty-round bout for the British heavyweight title, was received by Joe Jacob, his manager, yesterday.

The offer was made by Dr. T. McCarten, Dublin sportsman.

DIED OF INJURIES

BROCKVILLE, May 21—(Canadian Press). — Lambert Coates, a young farmer of North Augusta, died here yesterday as the result of injuries sustained when he was kicked on the head by a colt three weeks ago.

WAR VETS WON IN SEMI-FINALS

Defeated the Quakers in One of the Fastest Soccer Games of the Season By Score of 1 to 0.

The War Vets earned the right to a place in the final game for the Gordon Cup by defeating the Quaker Oats on Saturday afternoon by a score of 1 to 0. The defeat meant the loss of the cup to the Quakers who won it last season.

The game was played at the Oval before a good crowd and resulted in one of the best contests seen on the soccer field this season. Both teams were at full strength, the Veterans introducing two new players in the Wade brothers who did exceptionally good work.

The Vets started with an assault on the Quakers goal but the Willshaw brothers came to the rescue and relieved the situation and sent the ball into the G.W.V.A. territory. The Vets' half backs were playing in fine form and held the Quaker forwards in check while Wade and Monks kept up the attack. J. Willshaw gave a corner from one of Wade's centers. Wade (outside left) took the kick and sent to his brother who beat Griffin with a terrific shot. It was the only score of the game and from then on the play was very even. For the remainder of the first half the Quakers did their best to score but met with a stonewall defence on the part of the G.W.V.A. players.

In the second half both teams started oft at full speed in a determined effort to score. While the play was very even the Vets had slightly the best of it and Dwyer nearly added another counter when his shot hit the post and Griffin was lucky to save the situation. The G.W.V.A. defence again proved impregnable to the Quaker attack. The game ended with the Vets the winners by a score of 1 to 0.

The team were:

G.W.V.A.—Goal, C. Griffin; backs, Bishop and Crowe; halves, Williams, Burrow and Hurrle; forwards, Wade Monks, Dwyer, Wade and Warman.

Quakers—Goal, G. Griffin; backs, R. Willshaw and J. Willshaw; halvse, Hepburn, Craig and Logan; forwards, Mitchell, Montgomery, Logan, Foster and Croft.

Referee—J. L. Howarth.

BIG FOUR WILL REMAIN INTACT

Dropping Out of Three of Western Teams Will Not Affect Eastern Group.

Leaside, Oshawa and Port Hope are definitely out of the Central Ontario League race, leaving only Bowmanville and Lindsay in A section. The Big Four, Kingston, Belleville, Cobourg and Peterboro of course remain intact and the probabilities are that this section of the League will not be aletred in any way, while Lindsay and Bowmanville will arrange a series between themselves, the winners to play off with the winner of B section. In order to assist the two orphans in the western section, it is likely that each of the Big Four teams will endeavour to give them an exhibition game during the season. It is likely that there will be a meeting of the Central Ontario League in Cobourg on Thursday night to deal with the situation.

In any case this week's games will go through as schedule, Peterboro playing Cobourg at Cobourg on Thursday, while Cobourg will be in Peterboro on Saturday and Belleville and Kingston clashing at Belleville on the holiday and at Kingston on Saturday.

PACKERS TOO MUCH FOR UNITED TEAM

C.P.C. Juniors Took An Early Lead and Won From Peterboro United By a Score of 3 to 1.

The Packers defeated the Peterboro United by a score of 3 to 1 in a Junior League game for the Yeotes cup, on Saturday afternoon. The game was played at the Oval and while the C.P.C. team had the edge all the way the United team was always dangerous and put up a good game from start to finish. Owing to an injured hand the United were forced to shift their crack goal keeper to inside right.

The Packers showed their strength early in the game, netting the ball twice in the first few minutes but for the remainder of the first period were held in check. The United attack, though pressed to the fullest extent failed to bring any results and the half ended with the Packers in the lead by a score of 2 to 1.

In the second period both teams wen at it in earnest and the Packers soon added another to the score. The United however came back strong and a nice piece of combination work resulted in a goal. Though they made a great effort to pull up on more even terms the Packers' defence was too strong for them and the game ended with the score 3 to 1 for the C.P.C.

The teams were:

C.P.C.—Goal, Edgar; backs, Curtis and J. Downer; halves, T. Ball, Halliday and F. Ball; forwards, Mitchell, Killenbeck, Chambers, Edwards and Billingsley.

United—Goal, Cooper; backs, Bradley and Slaughter; halves, Connors, Smith and Sweeting; forwards, P. Vinette, T. Montgomery, Cordroy, H. Vinette and Dundas.

Referee—S. Willis.

LINDSAY OUTCLASSED IN EXHIBITION GAME BY PETES SATURDAY

Visitors Fail to Show Senior Calibre and Are Beaten 21 to 1 in an Abbreviated Game at Riverside Park.

So far as the Lindsay team was concerned the exhibition game at Riverside Park on Saturday afternoon was a big disappointment for the outfit that Manager Tubby Williamson led into action was hopelessly outclassed by the Petes, who were in front 21 to 1, when Umpire Alex Kay mercifully called the game at the end of Lindsay's half of the eighth.

Coombs, Carew, McMahon and other regulars of last year's team were missing, while Oulette and Bronwscombe are in Belleville, Allen in Toronto and the Cummins brothers in Tweed, so that the visitors were not even a shadow of the 1922 Greybirds. They may succeed in getting some of the old stand byes out and the others may round into better shape, but as they appeared on Saturday the Lindsay crew are nowhere near senior calibre. Their fielding and hitting were equally weak and the two pitchers used against the Petes, hadn't as much stuff as a bootlegger after a raid.

The exhibition was endurable only because of the sterling work shown in all departments of the game by Manager Solomon's crew. With steady pitching, snappy, accurate fielding and a diving attack, the Petes looked good all through the piece and if the weather man is kind enough to give them a few workouts before Thursday they should be right on edge for the Victoria Day clash at Cobourg which pries open the League season.

"Lefty" McElroy who drew the honor of opening the game against his former fellow townsmen retired the Greybirds in order in the three innings he worked. Summerfeldt did the gunning for the next three sessions, allowing but one hit and an unearned run, the only error marked against the Petes being responsible, and Heckman pitching the last two innings fanned five of the visitors and allowed one hit and no runs. None of the tree Petes' twirlers issued a complimentary and altogether only three of the visitors reached first base.

Helson making his debut in the outfield had the solitary Peterboro error, but it was excusable, as it came immediately after he had his hand painfully spiked. Helson made three pretty running catches and handled himself nicely. The Petes' infield worked without a slip and the defensive work of the crew delighted the fans.

On the attach Manager Solomon's athletes hammered the old pill with a vengeance, cracking out twenty hits in seven innings, nine of them good for two bases. Swanston with three doubles and a pair of singles in six trips to the plate, Red Legon with four hits, two of them good for two sacks in four official appearance, and Charlie Ansaldo with a double and two singles in four times up led the way, but everybody but the pitchers got into the hit column. Legon led in run getting, crossing the plate four times.

Manager Solomon made good use of the opportunity to try out his squad. He not only used three pitchers but gave Collins and Helson both a workout at third and for the last three innings introduced Collins in a new role as a catcher. The recruit backstop handled Heckman's speedy offering in good style.

Goodhard the first Lindsay twirler got a warm reception in the first innings. Ansaldo singled to centre and stole second. Johnston line another single to centre, sending Ansaldo to third. Swanston's double to let scored the pair. Comolli dropped a single into centre and McElroy walked, filling the bases. Helson's slashing single past second scored Swanston and left the sacks still loaded. Collin's rap to the box forced Comolli and Lowe fanned, but Legon doubled to left scoring McElroy and Helson and Ansaldo batting for the second time hit to left for two bases to send Legon home. Johnston's roller to Ashton wound up the innings.

Swanston's second double, a muff by Goodhard, McElroy's sacrifice bunt and Helson's sacrifice fly to left scored another for the Petes in the second.

In the third they added five more on an error by Garlow and Miles, Legon's double, singles by Swanston, Comolli and Helson and Ansaldo's sacrifice.

Beggy went on the firing line for the visitors in the fourth but the slaughter went on just the same. Lowe greeted the newcomer with a double, Legon was hit and after a theft of third and second, Ansaldo scored the paid with a single to right. Swanston's single and good base running by Ansaldo added another before the side was retired.

Doubles by Collins and Lowe gave the Petes a counter in the fifth. They were blanked in the sixth but wound up with four registrations in the seventh. A dead ball on Collins, an error by Miles on Lowe's roller, Legon's safe bunt and Bruce's wide throw, a pass to Ansaldo, Johnston's infield out and Swanston's third double did the trick.

Lindsay did not get a man on the bases until two were out in the fourth. With Summerfeldt pitching, Richmond got the visitors' first hit a line drive over short which Ansaldo nearly grabbed with one hand. Richmond stole second and when Helson dropped Murchison's long fly Richmond scored and the batter reached second. Swanston pecked him off that bag a moment later on a quick throw to Johnston.

The only other visitor to reach first was Murchison, who singled off Heckman with two out in the seventh. Bruce fanned for the thir out and left him stranded.

The box score tells the story. Here it is:

Peterboro	AB	R	H	PO	A	E
Ansaldo, ss	4	3	3	1	2	0
Johnston, 2b	6	2	1	2	2	0
Swanston, c, m	6	3	5	1	2	0

By innings	R.	H.	E.
Lindsay	00010000—	1	2	9
Peterboro	7153104x—21	20	1

Two base hits—Swanston 3, Legon 2, Lowe 2, Ansaldo, Collins. Sacrifice hits—McElroy, Helson, Ansaldo. Struck out—by McElroy 1, by Heckman 5, by Goodhard 2, by Begg 1. Bases on balls—off Goodhard 1, off Begg 1. Hits of McElroy, 0 in three innings; off Summerfedlt, 1 in three innings; off Heckman 0 in three innings; off Goodhard, 12 in three innings; off Begg, 8 in four innings. Double plays—Richmond to Ashton to Garlow; Murchison to Miles. Hit by pitcher—by Begg 2 (Legon, Collins). Umpire—Kay at plate, Lebarr on the bases.

BASEBALL COMMENT

It is difficult to see how Lindsay is to dig up a ball team fast enough to make a showing in senior company. The team that played here Saturday couldn't hope to win a game in the local Junior City League, and while it would be strengthened considerably by Coombs, Carew, McDonald and McMahon turned out the Greybirds could never get anywhere with the pitching they showed here Saturday.

The Petes are arranging to have the local opening of the Central League schedule on Saturday marked by appropriate ceremonies. Cobourg will be the visiting team and the first home league clash of the season will undoubtedly attract a monster crowd.

Frankie Collins went in behind the bat without any practice for the last three innings Saturday and handled himself nicely there.

The Petes' seven runs in the first innings were the result of clean solid hitting. They smeared Goodhard's offerings all over the landscape and Begg who succeeded him in the fourth was also bumped hard and often.

The three Peterboro twirlers gave a good exhibition of control by not allowing a walk or hitting a man.

A running catch of a hard drive to right centre by Helson and Collins' grab of a difficult foul back of third were the fielding features Saturday.

Garlow the portly gentleman who played first for Lindsay was not built for speed—and he didn't show any.

When Miles the Lindsay shortstop blew into the park he was taken for Toporcher, the St. Louis second baseman, because of his spectacles but the way he handled his first chance was a complete alibi.

Murchison the catcher who hails from Oakwood and Ashton the second baseman of last year's Greybirds were the pick of the visitors, although Ald. Les Richmond distinguished himself by making one of the two hits and the only run.

Groundskeeper George East will have a big job patching up the holes in the turf in left field. The Pete's nine double all exploded somewhere in that territory.

The correct score was 21 to 1. The scoreboard boy lost track and gave the Petes a run they didn't score—but nobody could blame him much.

SITUATION IMPROVED

MANSONVILLE, Que., May 21 —(Canadian Press).— The typhoid situation at Mansonville has improved to such an extent that cooked foods are no longer required in the way of contributions. The relief committee advises, however, that the number of mattresses available is very limited as it becomes necessary to destroy a large number in order to prevent a greater spread of the epidemic.

HEAVY HITTING WON FOR LEAFS

Three Homers Featured Downfall of Syracuse Yesterday — Baltimore Took Two.

SYRACUSE, N. Y., May 21. — (Canadian Press.)— Toronto hit a trio of Syracuse hurlers hard yesterday afternoon and easily won, 9 to 6. McCarty, Kelly and R. Gonzales hit home runs. Enzmann was hit hard but perfect support behind him saved him. Score:

Toronto. .. ..204 101 010—9 15 0
Syracuse .. ....000 401 010—6 10 1

Enzmann and Hill, Kenyon; Dubuc, Ward, Hill and McKee.

Reading 5, Jersey City 3.

JERSEY CITY, May 21.—(Canadian Press.)Jersey City and Reading made it an even break in the windup of their series yesterday afternoon by splitting up the doubleheader, Reading winning the opening tilt by a score of 5 to 3, giving them three straight victories. Jersey City came through in the nightcap portion of the bill with a victory in the two closing frames by a margin of 4 to 2. Scores:

First Game—
Reading:. .. ..000 002 030—5 9 0
Jersey City .. ..000 000 102—3 10 2

Carts, Smallwood and Clarke; Harrison and Cobb.

Jersey City 4, Reading 3.

Second Game—
Reading.. .. ..100 001 000—2 5 0
Jersey City.. ..000 010 210—4 10 2

Hughes and Clarke; Zellars, Lucey and Cobb.

Baltimore 7, Newark 1.

NEWARK, N.J., May 21.—(Canadian Press.)—Baltimore took both ends of the bargain bill with the Bears here yesterday, by scores of 7 to 1 and 4 to 0. Scores:

First Game—
Baltimore .. ..012 000 004—7 11 0
Newark.. .. ..100 000 000—1 5 4

Parnham and McAvoy; Schessler, Schupp and Greenea.

Baltimore 4, Newark 1.

Second Game—
Baltimore .. ..301 000 000—4 9 0
Newark.. .. ..000 000 000—0 4 0

Frank and McAvoy; Ellis, Souder and Greenea.

Seventh Homer of Season For Ruth.

ST. LOUIS, May 21 (Canadian Press). — Babe Ruth clouted his seventh home run of the season here on Saturday in the first inning of the New York-St. Louis game.

One man was on base at the time.

The four-bagger came off Pruett, who struck out Ruth ten of the fourteen times he faced him last season.

It was Ruth's third homer in three days.

JACK LEMPSEY .. ..

GREAT FALLS, Mont., May 21 (Canadian Press) — The heavyweight battle for championship honours next Labour Day will not be between Dempsey and Willard or Firpo, said Jack Kearns, manager of Jack Dempsey, heavyweight champion of the world, but will be between Dempsey and Harry Wills, negro heavyweight fighter.

"This statement," said Kearns to an Associated Press correspondent, "is, of course, predicated upon Dempsey winning over Tommy Gibbons in the championship battle of the world, in Shelby on 4th July.

"Neither Willard or Firpo, whichever wins in their coming fight, would make a drawing card equal to Wills, or be as hard to crack. Dempsey does not draw the colour line, and is willing to go against Wills on Labour Day if a satisfactory offer is made and Dempsey holds the belt against Gibbons in the Shelby fight."

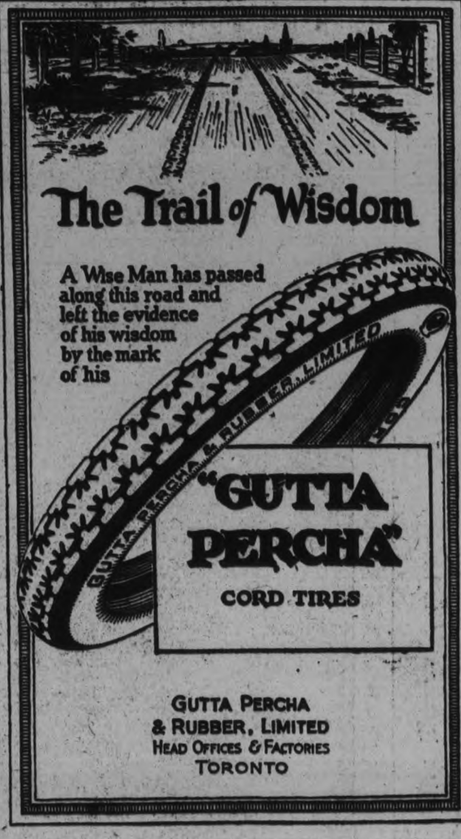
St. Louis.. .. ..001 400 002—9 12 1

Zacahry, Russell, Mogridge, Johnson and Gharrity, Ruel; Shocker, Wright and Severeid, Billings.



BIG WEEK FOR THE BALL FANS

Central Ontario Season Gets Under Way on Thursday With Game Here Saturday.

The Central Ontario League season, so far as the Big Four section is concerned, will get under way on Thursday, Victoria Day, when Kingston play in Belleville and Manager Solomon's Petes will invade Cobourg.

On Saturday in turn Belleville will visit Kingston and Cobourg will be here to try conclusions with the Petes at Riverside Park.

Peterboro fans are already excited over the two big games this week. Every enthusiast who can get to Cobourg on Tuesday will be there rooting for the Petes and every fan in the city and district will be out at Riverside Park on Saturday, when the local season will be inaugurated with fitting fuss and feathers. Mayor Taylor, G. N. Gordon, M.P. and other dignitaries are expected to take part in the opening ceremonies.

With two battles with Cobourg this week there will be plenty of excitement for the baseball bugs.

Everything on four wheels is expected to visit the Lakeshore town on Thursday.

LIVEN UP THE LIVER
REGULATE THE BOWELS
TONE UP THE STOMACH
WITH
Milburn's Laxa Liver Pills

They will regulate the flow of bile to act properly on the bowel and will tone, renovate and purify the liver, removing every result of liver trouble from the temporary, but disagreeable bilious headache to the severest form of liver trouble.

Mrs. J. Schelton, Bethany, Ont., writes: "I have used Milburn's Laxa-Liver Pills for some time. I was troubled with a bad liver and headaches, but since taking your Pills I am perfectly well again."

Price 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

STRIKE ENDED

SHERBROOKE, Que., May 21— (Canadian Press). — A strike of sixty night men ot the Bennett-Martin Mines at Thetford was shortlived. The management refused to consider covered work and increased wages, and the men went back Saturday night.

LACROSSE

The entire lacrosse squad is requested to report at Central Parks this evening for practice. A manager will be chosen after the work-out, and for that reason it is hoped that all members will be out.

Bill Tate and Bruce Richardson of the Hastings intermediates were in the city on Saturday. Tate will handle the league game in Deseronto on the holiday.

None of the teams in this group are up to the average in condition, judging by the comparatively light practice they have had. The rain has held up nearly all the sports.

The sechdule for the Trent district is being drawn up this afternoon at a meeting of the club delegates in the Chamber of Commerce.

Belleville saw its first lacrosse game in twenty years on Saturday when their Midgets defeated Trenton by twelve goals to two. Harry Moore of Deseronto refereed.

Vic Hamilton has a number of juvenile sticks for distribution to boys who wish to learn the game and will turn out regularly to practice.

Most Urgent Wants

There's a world of interest in the Want Ads. They reflect the urgent desires of various businesses, households and individuals.

The Wants tell what is most needed. If the cook has left, if a worker is needed in the office or factory, if an article of value is lost or found, if there is urgent necessity to sell a piece of property, secure tenants, roomers or boarders—all such conditions are expressed and met in the Want Columns.

The Wants are close to the heart interests of hte people. It is interesting to watch them carefully.

FOOTBALL NOTES

The replay tie between the Thistle and Canadian Packing will be played on Tuesday evening at Nicholls Oval. Kick off at 6.15 prompt. Referee, J. Clarke.

The Thistle team will be represented by the following players: Fenner, goal; Anderson and Rae, full backs; Jackson, Roggarth and McMillan, half backs; Sherin, Young Richmond, Reid and Burgess, forwards; reserves, Brown and T. McMillan.

Just imagine, George Logan, Quaker Oats, failing to score on Saturday with a penalty kick in the Gordon Cup, semi-final.

G.W.V.A. have certainly made two good captures in the Wade brothers who made a great impression amongst the fans on Saturday against Quaker Oats. 'Tis said one of them played for Bradford, England.

Jimmy Sharman was not playing for the Vets on Saturday through injuries received in previous games.

The De Lavals, last year's Junior champions, have defeated every team they have met so far. They have all last year's players.

Two Canadians in local soccer, Crowe, G.W.V.A. and Jackson, Quakers, played a great game on Saturday. The Quaker boy is one of the best inside rights in the city.

Gordon Cup final will be played on Victoria Day, between the G.W.V.A. and the winner of the the C.P.C.-Thistle game.

A highbrow is a man who thinks nne-tenths of the people are below the average.

FLOODS SERIOUS IN NORTH COUNTRY

Rivers and Lakes Have Overflowed Banks and Inundated Land.

LINDSAY, May 21. (Special.) — According to reports from the back country floods have assumed serious proportions. A great deal of rain has fallen during the past few weeks with the result that the rivers and lakes have overflowed their banks, and inundated vast stretches of the country. Many of the highways are under water and bridges and culverts have been washed away. Burnt River is a raging torrent, the water having overflowed its banks. At Haliburton the flood water has reached a level with the railway station platform.

The Presbytery of Lindsay was called to meet in Kinmount on May 17th to induct a new minister, but owing to the impassible condition of the roads from the floods only two of the ministers were able to attend. Clergymen from the north who started out to attend the induction services were obliged to turn back owing to the fact that Burnt River and Gull River had flood the highways.

WEEK'S SCHEDULE AT RIVERSIDE PARK

Following is the schedlule for Riverside Park this week:

Monday, May 21— 5.15-6.15, Central Ontario League practice; 6.15 to 7.30 Mercantile League, Lock Works vs. C.P.C.

Tuesday, May 22— 5.15 to 6.15, Central Ontario practice; 6.15 to 7.30, Juvenile League, Hillcrests vs. Lock Works.

Wednesday, May 23—5.15 to 6.15, Central Ontario; 6.15 to 7.30, Mercantile League.

Thursday (Victoria Day)—9 a.m., Junior League, Adanacs vs. Thistles; 10.30, Senior City League, Raybestos vs. C.G.E.; 2 p.m., Junior League, Lakeviews vs. C.G.E. juniors; 3.30 p.m., Mercantile League All Stars vs. winner of the morning game, Senior City League.

Friday— Central Ontario League practice.

Saturday—Central Ontario League opening game, Cobourg vs. Peterborough, 3 p.m.

GATHERING HERE OF ROYAL BLACK KNIGHTS

A Past Preceptor's night was held at Weir R.B.P. No. 261, Peterboro recently, which was greatly enjoyed by all those who attended. One of the main features of the interesting programme was the unveiling of their new banner, a splendid product of The Dominion Regalia Co., Ltd., Toronto.

The front side of the banner presents the large, hand-painted portrait of the late Sir Robert Weir, Past Grand Master of the Grand Black Chapter of British America, in venerable memory of whom the Preceptory bears its name. The reverse side shows the Imperial code of arms and is also adorned by emblems of various degrees of the order.

A historical sketch of the life of the Preceptory was read by the registrar including names of all Past Preceptors with dates of office, and much other information which proved very interesting and instructive, especially to those initiated in more recent years. Interesting addresses were delivered by speakers from Keene, Fraserville and the surrounding districts incluing Rev. Patterson Chaplain of G.B.C. and Rev. McLauchlin. Past Grand Chaplain.

A change took place in the programme, and two candidates were conducted through the mysteries of the Royal White and Green degrees.

Supper was then served informally and a general social time was enjoyed by all.

The Sir Knights are all hopefully looking forward to their Grand celebration to be held in Peterboro, on Monday, August 13, which is also Civic Holiday.

The Agricultural Park has been secured for the occasion where a programme of Sports and other attractions will take place.

GORDON CUP C.P.C. vs. THISTLES.

The following players of the C. P. C. Football Team are asked to be at the Oval on Tuesday night at six p.m. sharp:

W. Jones, W. Bradbury, T. Hotson, Wag Hotson, G. Shaw, W. Oxley, W. Gatfield, A. Anson, F. Rappe, Mann, Folliis.

Spares, Underwood, Curtis, Marsden.

Financial News and Views

Canadian Stock Exchange — And Mines — = New York Stock Exchange — And Curb Prices.

To-Day's Quotations and Opinions and Reviews of the Markets.

NEW YORK, May 21.—(Special.) The stock market was again steady to firm but with so little activity that the trend was not sharply defined.

Stocks were steady and moderately active at the opening. California Petroleum which led the rally toward the close Saturday sold ex-dividend at 95 1-4, off 1-2, recovering 1-4 afterward. Rails gave a better account of themselves, Pennsylvania, New Haven and New York Central showing gains of 1-8 to 1-2. Steels were quiet. Bethlehem started at 54 1-2 for a gain of 1-2, while U. S. Steel opening unchanged at 97, quickly sold down to its old low of 96 5-8. Except for the action of Calif. Pet., which advanced to 97 1-4, up 1-2, the market in the early trading developed nothing of interest. Steel recovered to its opening price of 97 and other issues recorded but minor changes.

The opinion of many leading bankers is that the ten to thirty point drop in the stock market has fully discounted the slowing up in business now under way. While demand shows a falling off, production is as large as ever and the dearth of labor continues. It is believed a secondary buying movement will develop before there is any material recession in production.

The stock market will no doubt discount this resumption of buying some time in advance.

Trading slowed up as the morning wore on. The list generally held firm and made some advances, Steel going to 97 3-8 and Studebaker crossing 110. Allied Chemical was modertaely active and advance to 67 1-2, up 1 1-2. Baldwin sold around 127 1-4 but little interest was indicated in this usually active issue. Since the first of the year $192,000,000 in equipment truse certificates has been issued with locomotive companies getting rather more than their fair share of the business represented by this sum.

BONUS FOR BABIES PAID BY STATE TO WOMEN OF PAPUA

If a Native Woman Has Four Children Living Her Husband's Tax is Remitted.

LONDON, May . — There's a healthy shock waiting birth control advocates in far away Papua, in the Pacific ocean north of Australia. The natives of this thriving community appear never to have been bothered about birth control, for the most popular government regulation down there at present is a baby bonus for native women.

Col. J. H. P. Murray, lieutenant-governor of Papua, recently in London, explained in an interview the methods which have been adopted by the Papuan authorities to make it the best regulated and most industrious of the South Sea protectorates.

He says that unde a system of baby bonus, if a native woman has four children living her husband's tax is remitted. The mother receives a bonus of five shillings, with an extra allowance for each additional child.

The intention of the baby bonus is not, however, to show contempt for the birth control advocates, but is intended to hold up the mother of a large family as a person of distinction in the village The old native idea was to despise the mother of many children. The officials set about to change the prevailing thought, and the recent census report would tend to show that they have started in the right manner.

Col. Murray's report on the industry and tarift of the natives explodes another theory of the life of the South Seas as being one long rest beneath palm trees, with dark skinned maidens hovering in the background.

This impression evidently is quite incorrect, and even the tendency of the native toward a little cannibalism and head hunting has given way, under the influence of the British officials, to more peaceful pursuits of farming and road making.

A native of Papua must not only keep his village clean; repair and rebuild his house from time to time as directed by the government and make and repair roads, but he must also gather coconauts or rice and pay a tax.

In addition he has to fish and hunt and cultivate his own gardens in order to provide for the wants of himself and his family. Under these regulations the tribes of the district have been changed from idle and warlike natives into honest citizens.

One Day They Kiss— One Day They Quarrel— And Then They Kiss Again!

'BRASS' CAPITOL TO-NIGHT

TORE PICTURES FROM MAGAZINES

Youth Fined and Must Make Restitution to the Public Library.

For mutilating a book at the Public Library, a student of the Collegiate Institute was fined $5 and $5.25 costs in police court this morning, and was ordered to make restitution of $10 to the Librarian. His particular quest was for pictures of automobiles, and in clipping them from various magazines, reading matter was also hacked and torn out. This inconsideration for the rights of others and the lack of appreciation of the privileges of the library were features of the offence which Magistrate Langley emphasized.

Another youth was sentenced to the Ontario Reformatory for an indeterminate period of not less than three months and not more than twelve for stealing finished products from the factory where he has been working.

THEATRES

AT THE ROYAL.

Charles K. Harris, the noted song writer and composer of "After the Ball," "Break the News to Mother," "Hello, Central, Give Me Heaven," and that popular old ballad of twenty years ago, "Always in the Way," has scored again with a new product of his fertile brain, but this time, instead of a song, Mr. Harris has given us a moving picture. The title is "Slim Shoulders" and it will be shown in this city for the first time at the Royal Theatre, beginning to-day.

The star of the picture is Irene Castle, one of the most famous figures in American public life and star of a score of Broadway stage and screen successes.

With the picture story Mr. Harris has produced a new song, also known as "Slim Shoulders," which he has dedicated to the picture and which will be played at the Royal Theatre in conjunction with the showing of the picture. Copies of the song are also on sale at all of the music stores in this city or they may be obtained by writing direct to Mr. Harris's office in the Columbia Theatre Building in New York.

The story of "Slim Shoulders" is about a young girl named Naomi Warren, daughter of a supposedly wealthy man whose life is one of the leaders of the social set at Palm Beach and in New York. Naomi has been brought up to have every luxury on earth.

N. MONAGHAN TEACHERS GIVE SCHOLARS PICNIC

NORTH MONAGHAN, May 21. —Miss Edith Rootes, of St. George's Sunday school, took the scholars to Dobbin's woods on Saturday afternoon. The children spent a happy hour roaming through the woods, and after a light luncheon, they returned home laden with cowslips, trilliums and violets.

Mr. W. Stillman has been appointed caretaker of Mr. Sargent's ranch on the Springville road.

Edison avenue is fast adding to its population. One or two new houses have been started lately, and various improvements also are being made to those residences already established.

The Primary class of St. George's Sunday school have been moved into the new class room, built recently.

The Sunday school scholars of Miss Elsie Parkes and Miss M. Huxley enjoyed an outing with their teacher to Crawford's Grove on Saturday afternoon. The weather was ideal for picnicking and the shelter of the Grove afforded an ideal picnic ground. The children played games, after which they did justice to a full luncheon basket.

C.G.E. JUNIORS PRACTICE.

The C.G.E. Juniors will practice at their own grounds on Tuesday evening at 6 o'clock.

¶ Fine paper enters into the everyday life of thousands of stores for the wrapping of jewelry, silverware, gloves and scores of other articles. This gives a faint idea of the scope of the market for this grade of paper.

¶ The typist who sits in your office keeps copies of the letters you dictate on the same grade of paper. The records of every office are kept on "fine paper."

¶ In the home fine paper has a score of uses. Dress patterns, shelf covering, lunch wrappings, for enclosing fine lingerie—these and many more have helped to make a wide market for this product.

WESTERN QUEBEC PAPER MILLS LIMITED

First Mortgage 6½% Gold Bonds

An unusual investment opportunity with an unusual guarantee.

Bonds of any staple industry attract investors because of their element of safety. The First Mortgage 6½% Gold Bonds of the Western Quebec Paper Mills Limited, however, present, in addition to the usual features of industrial bonds, a further attraction in their unconditional guarantee as to principal by the Travellers Life Assurance Company of Canada, which, combined with the Company's fixed assets of $310,000 doubly assures the investor as to the safety of these bonds.

In addition to this unusual guarantee there is created under a trust deed a special reserve equal to two years' bond interest placed in the hands of the Trustee, the Montreal Trust Company, with a further stipulation that no dividends can be paid on capital stock unless the company's net earnings in any year are equal to three times the required bond interest except in years when there is a surplus equal to five years' bond interest.

The Western Quebec Paper Mills' plant is located at St. Andrews, Que., on the North River, with excellent shipping and power facilities.

The company is manufacturing fine, thin papers—a product in constant use in stores, homes, factories and offices—and its initial output of 1,800 tons per annum is nearly all under contract at present.

The net earnings for the first year on this basis are estimated at $65,000—more than three times the required bond interest.

This is an unusual investment opportunity at an attractive price, yielding 6.75% and supported by most unusual guarantees of safety.

Write, telephone or telegraph for full particulars.

Western Quebec Paper Mills Limited

First Mortgage 6½% Gold Bonds due 1948

Amount of Issue $225,000.

Price—97 and interest, yielding 6.75%

Interest and principal payable in Canadian or U.S. Funds.

Denominations $1,000, $500 and $100. Payable 25% monthly if desired.

FLAPPERS DISGUISED, INSTEAD OF DECORATED

NEW ORLEANS, La. -- Flappers of the ebony hued type are appearing on the streets of this city and are going to such extremes in their "make up" that the police have been forced to take a hand and issue instructions informing the latest debutantes just how far they may go and still be within the law.

According to Captain Smith, a veteran of the New Orleans police force, many of the colored flappers are wearing enamel, wigs, heavy coatings of paints and powders -- the wig being resorted to after all efforts have failed to straighten the hair.

These "make-ups" Captain Smith has warned, are "disguises" and come under the law against appearing on the public thoroughfares wearing a disguise.

One flapper of the colored variety was recently fined $25 and costs.

As an offering to the rain god, a native was publicly burned to death in Rhodesia by the elders of his tribe. By a coincidence, rain fell almost immediately afterward.

MALE GATHERING FILLED ST. PETER'S

An Eloquent Sermon Opened a Week's Mission For Men.

"Those who are in heaven are there because they prayed, and those who are in hell are there because they did not pray," said Rev. J. McCandlish, C.S.S.R., at St. Peter's Cathedral last evening, addressing the large body of men who filled the church for the opening of the Men's Mission, which will continue all this week, with Mission Masses at five and half-past six o'clock, the regular week-day mass at eight o'clock, and a Mission service at 7.30 in the evening.

The sermon last evening followed the same lines as the opening sermon of the Women's Mission, and was based on the necessity of considering the salvation of the soul as of primary importance over matters of worldly import.

Cares of Business.

The cares of business and family life, the pursuit of pleasure and fame and wealth, the engrossing nature of worldly ambitions, often bring a man to the pass of Cardinal Wolsey, the tool of Henry VIII., who explained in the bitterness of his heart, "Had I served my God with half the zeal with which I have served my king, He would not in mine age have left me to mine enemies."

To many the word "soul" is like unto a friend whom they have forgotten for years. Led astray from the bright promise of ther childhood they have listened to false beliefs, and have come at last, in some instances, to deny the existence of the soul or the certainty of a hereafter. But even the suicide, in his last note, often speaks of his transition "to another and a better world."

In God's Image.

"Man's body was fashioned by God from the slime of the earth, but in His own image and likeness He made man's soul, with its understanding and intellect and free will. Even the most illiterate and savage of nations believe in the immortality of the soul. Can the materialist, the atheist, the rationalist, stand beside the body of a beloved wife or child and say that the soul is gone for ever, like the dead brute of the field?"

"What did your soul cost? Christ placed such a value upon it that He shed the last drop of His blood on the cross for its redemption. The devil himself is willing to give all the pleasures and riches of the world in return to one, if falling down, thou wilt adore me."

The grace and the means of salvation are open to all alike, to Christian and non-Christian, to pagan and to Jew, but co-opertaion is neces sary. "Not those who say "Lord, Lord," shall enter into heaven, but he that doth the will of My Father. St. Augustine said: "God who created me without me cannot save me without me."

Yesterday afternoon saw the closing exercises of the Women's Mission, when Rev. Father Kensel used the illustration of the escape of Lot and his daughters from the burning cities of Sodom and Gomorrah as an incentive towards continuation in good resolutions. Typifying two angels who guarded the fugtives were the angels of prayer and of the Eucharist. "Prayer is the lever that turns the moral life to God, the easiest and the surest means to salvation of the soul." The folly of looking back, as illustrated in the fate of Lot's wife, was described as the danger existing in harking back to old occasions of sin.

A Pretty Ceremony.

On Saturday evening, a very pretty ceremony took place at the Cathedral, when a hundred white-robed, white-veiled little girls and the entire church filled with women, were consecrated as children of Mary, before a beautiful shrine to the Blessed Virgin, covered with lighted candles and masses of flowers. The sermon on the Blessed Virgin Mary was preached by Rev. Father McCandlish.

Society

Mrs. J. J. McCaskill of the Women's League and Presbyterian Church Association of Montreal was in town on Saturday, arranging for a public meeting to be held in the Public Library Hall, Friday evening, May 25. The Women's League is working for the continuance and preservation of the Presbyterian church in Canada and against Organic Church Union as now proposed.

Miss Jean Thompson, formerly extension secretary of the local Y.W.C.A. will be in charge of the "Y" camp this summer.

Mr. and Mrs. John Harrison, Indian River, Ont., announce the engagement of their daughter, Florence, to Mr. Laverne E. Chambers, son of Mrs. Eva Chambers, Peterboro, the wedding to take place quietly in June.

Mr. and Mrs. J. L. Jewell of New York, are visiting the former's mother and sister, Mrs. R. J. Waller and Mrs. Harold Snowden.

Mrs. E. H. Hickey has returned from Port Hope, where she has been with her sister for the last three weeks.

Professor E. W. Henderson, B.Sc., motored to Peterboro on Saturday to spend the week end with his sister, Mrs. H. W. Morphet, 458 Hunter street west. Professor Henderson, who was for 13 years on the staff of Queen's University, Kingston, is now resident in St. Catharines.

Miss F. Gallivan has returned from a trip to New York City.

Mr. and Mrs. Emmet Whaling and three children, are visiting Mrs. Whaling's parents, Mr. and Mrs. William Clancy, 186 Dublin street.

OBITUARY

MRS. W. G. MONCRIEF

The death occurred on Thursday night at the home of her daughter, Lake avenue, Rochester, of Mrs. Isabella L. Fair, widow of the late W. G. Moncrief, in her 88th year. The late Mrs. Moncrief was born in Ayton, Scotland, coming to Peterboro, when only three years old, where she resided until 20 years ago when she moved to Niagara Falls, N.Y. She is survived by three daughters, Mrs. Alice Payton of Niagara Falls, N.Y., Mrs. Addie Gordon and Miss Lillian of Rochester, one son, William of Buffalo, eight grand children and two great grand children.

Funeral was held from the C.P.R. Depot on arrival of noon train on Saturday, May 19 to Little Lake Cemetery, Rev. Mr. Pogue officiating.

REV. W. H. QUANTZ.

LONDON, May 21.—Rev. Wm. H. Quantz died Friday night at the residence of his son, Percival E. Quantz, Byron, in his 70th year. The funeral was held this afternoon at 2.30 o'clock to Woodland Cemetery from the residence of his son, E. W. G. Quantz, supervisor of music in public schools, 161 Duchess Avenue. Rev. Mr. Jefferson, of Lambeth Methodist Church, conducted the services at 2 o'clock, and Rev. W. B. Creighton, D.D., of the editorial staff of The Christian Guardian, delivered the oration.

Rev. Mr. Quantz was born in Devonshire, England, and came to Canada in 1869, entering the employ of Timothy Eaton at Exeter. Later he entered the ministry of the Bible Christians' Church and occupied pulpits of that denomination in Peterborough, Port Hope, Elinville and other places. In 1884, when union with the Methodist Church was effected, he was appointed to circuits at Alvinston, Burr, Brigden, Melbourne, Dorchester, Lambeth, Belmont and Siloam. He was superannuated some 20 years ago.

Besides his widow, he is survived by four sons: E. W. G. Quantz, 161 Duchess Avenue, Toronto; Percival E. Quantz, Byron; Ewart F. Quantz, Gadsby, Alberta, and Francis M. Quantz, instructor in the Normal School at Regina, Alta.

Mr. Quantz was a member of Lambeth Methodist Church at his death, and also a member of Lodge No. 277, Brigden, of the I.O.O.F.

ROGERS STILL FREE

NORTH BAY, May 21 (Canadian Press). — Up until 2 o'clock this afternoon there has been no further word of Leo Rogers, the escaped desperado.

The officials believe that he has either caught a freight train and is now well out of the district or that in the fusillade of shots on Friday, he was hit, and that his body is in the bush.

It is fine weather, with plenty of sunshine here to-day, but after the rains of the past few days there is a great deal of water in the woods, and bushmen doubt if Rogers could keep on hiding without food or shelter.

Upwards of twenty Provincial Police are on the hunt, besides the volunteers, and this forenoon every clue followed up has proved to be a "dud."

Public Meeting

Under the auspices of the Presbyterian Church Association. Principal speaker, Rev. Dr. Nelson, Hamilton.

Subject—*Church Union and Objections to It.*

Public Library Hall, Monday, May 28th, 8.P.M.

PUBLIC CORDIALLY INVITED.

Wild Animals Received Tenderly at Sarstedt.

SARSTEDT, Prussia, May 17. — Sarstedt is too small a town to boast a zoo of its own, and yet there is a continually changing collection here of wild animals bound to and from all parts of the world. The explanation lies in the fact that this is the site of one of Germany's leading veterinary clinics.

The actual clearing-house for German importers and exporters of wild beasts is at Alfeld, not far away. Animals assembled from virtually every section of the globe are given an opportunity there to rest up after their voyage before being sent on to the United States and other far-away destinations. Some of the travelers contract ailments or diseases through a change of climate or otherwise, and the Sarstedt "hospital" is called upon to treat them.

Gas has been adopted as a means of dealing with various types of skin diseases. It is administered in chambers, but naturally in such a way that the sick animal's head is not exposed to the fumes.

Sixteen large camels were brought here recently because their hair was falling out as a result of the long trip to Alfeld from their native haunts in Egypt. Twice a week these huge, bulky patients have to stand for an hour in individual box-like gas chambers with only their heads and necks protruding. The long necks are bandaged in collars from top to bottom, with felt plugging up all apertures through which gas might leave the chambers. It is a comical sight, this row of sixteen huts, each with a solemn, blinking head sticking out in front of it and each camel, with his bandaged neck, looking very much like a sore-throat victim. To complete the cure takes about 30 days.

Gum arabic may be used for cleaning old straw hats if you can't exchange them at some good cafe.

Spiders, frogs, and lizards are found in cargoes of bananas, indicating they slip it on the skins.

It is considered quite a feat to paint up old furniture without painting up a house.

Pekinese dogs date back more than a thousand years ago, but are very small for their age.

It is best to bail things in steaming hot water, because cold water does not boil.

If you ever meet a man without a country tell him there is one in South Africa without a man.

CITY OF PETERBOROUGH

SEALED TENDERS, plainly marked on the envelope, "Tender for Pavement," and addressed to "City Clerk, City Buildings, Simcoe Street, Peterborough, Ontario," will be received up to 5 p.m. on Thursday, May 31st, 1923, for the construction of Concrete or Asphalt Pavements on George Street from the Canadian Pacific Railway to Romaine Street, and on Hunter Street from Burnham Street to a point 350 feet east of Armour Road. BALDWIN MADE A QUICK MOVE TO HIGH SEAT

It is Only Within Last Few Years That He Has Been Prominent in Politics.

PARTIES AGREE

LONDON, May 22 (Canadian Press). — Stanley Baldwin's period of political experience is one of the shortest among British statesmen who have attained this goal of their ambitions, as it is only within the last few years that he has been prominent in politics, and only in the last few months became at all a commanding figure.

The solution of the Premiership thus thrust upon the country is regarded as an unquestonably keen disappointment to Lord Curzon, who two days ago was regarded as almost certain to succeed Mr. Bonar Law.

The Foreign Secretary, however, is pointed to as a victim of circumstances, and not as being passed over because of any lack of ability or experience.

The sudden rise of the Labour Party to the position of the official Opposition of the House of Commons has made the Prime Minister in the House of Lords almost an impossibility. Labour is without a single representative in the Upper Chamber, and with the Premier in the House of Lords, the Opposition Party would be unable to meet him in debate, or confront him with questions, which is one of the strongest prerogatives of the Opposition.

After agreeing among themselves that Mr. Baldwin should be selected for the Premiership, the Conservative leaders, it sems, made known their wishes to King George, because His Majesty sought their advice as he was unable to consult the outgoing Premier.

Labour Party headquarters to-day issued a statement in which it said that the selection of a member of the House of Lords, "so alien to aspirations of democracy," would have been profoundly resented, and that every political device would have been adopted to precipitate the dissolution of Parliament.

Mr. Baldwin drove to Buckingham Palace immediately after lunch.

Almost at the same time, with no one doubting that the King had summoned him to offer him the highest post in the Government, it became known that the Conservative leaders in conference had agreed upon Mr. Baldwin as their choice, and had selected Sir Robert Horne to succeed him as Chancellor of the Exchequer.

This arrangement to fill Mr. Baldwin's old position indicated an expectation that the personnel of the Bonar Law Cabinet would remain almost intact.

The conference between the King and the new Premier lasted more than an hour.

Baldwin went to the royal offices in a taxicab from No. 11 Downing Street, His wife accompanied him.

As soon as he arrived, he was ushered into audience with King George, and the offer was made.

Baldwin was the popular candidate for successor to the office made vacant on Sunday night by the resignation of Bonar Law, who through illness made it impossible for him to continue.

Wanted For Murder

LEO ROGERS
Who is the subject of a man hunt in the North Bay district. Rewards totalling $1,500 have been offered for the capture of Rogers, dead or alive.

SUGGESTS REMEDY FOR THE COUNTRY

Peterboro Man is Proud of His Family of Ten—A Welcome Addition.

Mr. and Mrs. W. Y. Scollard, 548 Downie street, are receiving many congratulations on the birth of their tenth child. There are six girls and four boys in the family, the fourth boy having arrived yesterday.

Mr. Scollard said proudly that Mrs. Scollard does all her own work and sends six of the children to school every day.

"The last is just as welcome as the first," he declared. "Personally I feel very proud of my family."

Mr. Scollard, who is a salesamn, declared that if every married man in Canada did his duty to the same extent it would not be long before the services of the Immigration Minister could be done away with. "This would save the country considerable expense on that item alone, and populate the Dominion with Canadian-born citizens," the proud father declared.

NEW VEGETABLES AND FRUITS LOWER

Spring Products Becoming Abundant in the Local Stores.

Rhubarb is back to normalcy at five cents a bunch after its annual spring-time inflation, and even spinach is beginning to decline under the pressure of supplies from the northern markets. Householders who watch the vegetable and fruit markets as closely as the meats are finding consolation and the first stirrings of cheerfulness as the producers do their stuff to the extent of taking the edge off prices that have been holding up steadily under winter conditions.

New potatoes are showing in the stores, and the pineapple season is now approaching its peak with quotations showing a tendency to ease off as the Porto Rican and Cuban stocks flow in. In the meantime home-grown lettuce has become abundant, and the air is heavy with the redolence of the odoriferous onion, selling from door to door at a nickel a bunch. Radishes and other garden stuff are appearing, and even on tables around which the idea of a diet is vaguely connected with the undertaking business, the vitamine greens are edging in on the preserves of the staple fodder of meat, bread and potatoes.

TALK ON POLAND BY F. B. MESSING HELD INTEREST

Vivid Word and Lantern Slide Pictures of Heroism of Poles to Repel Bolshevism.

MODERN HISTORY

Interest-holding and informative was the talk on Poland given in the Sunday school room of Murray street Baptist church last evening, by Fred B. Messing, a Y.M.C.A. worker who has just returned after three and a half years in Poland, where he instituted a course in physical education among the soldiers of the Polish army.

With the aid of lantern slides, Mr. Messing illustrated his address by views of the country of Poland and its natives, showing their costumes on festal occasions, when the woman in red shawls and head-coverings the men in the square-cut embroidered coats, the richer class drives forth in curious sleigh, to weddings and the all-night dances which last usually until eight or nine o'clock in the morning, or views of poverty-stricken peasants trudging knee-deep in snow behind rude, high-wheeled carts carying their dead to the cemetery, or walking to church, the men with coats slung across their shoulders, for in Poland it is a sign of old age when a man slips his arms into his coat-sleeves.

Contrary to general belief, Mr. Messing asserted that Polish homes were scrupulously clean. He spoke of thatched huts where there was nothing but an earthen floor, but the whitewashed walls, and interior were immaculate, the bed clothes in spotless linen with its four embroidered pillows of graduated size mounting upwards. The women of the poorer classes wash their clothes in the primeval fashion, placing them on logs in the river and pounding them with rounded clubs. Soap is not used on account of its high price.

Heroic Children

Mr. Messing spoke in the highest terms of the bravery of the rough soldiery, of the heroic children who did so much to repel the advance of the Bolshevists, and of the women who insisted on forming battalions and fighting the Russia attack. These women, although they withstood the shock of the Bolshevik attack, many of them suffering capture and death therefrom, were afterwards withdrawn from the front rank and placed in positions of trust in the army, as being more worthy of confidence than the men. Mr. Messing, who credited the men of Poland with a high measure of generosity and kindness toward one another and the refugees from Russia who are being cared for in such numbers by this impoverished country, deplored their procrastination in matters of business or pleasure their lack of trustworthiness, their habits of deceit and lying and thieving. These qualities, he maintained, had been engendered in their being by the long years of cruelty and oppression suffered under the conflicting rules of Austrian, Russian and German conquerors, who had in the past dismembered the country and forced the in habitants to work their vary ing wills.

The Russian despots, in particular were set against education and the teachings of Polish Russian inspectors had access at all times to Polish homes, with the exception of the mothers' bedrooms that the Polish language has been kept all these years."

MAY EXTEND ELECTRIC INTERURBAN SERVICE TO INCLUDE PETERBORO

Sir Henry Thornton Indicated How Proposed Improvements for Central Ontario District Might Be Arranged by Linking Up With Line From Toronto to Cobourg.

MONOY PROBLEM GREATEST

Peterboro's interests in the Canadian National Railways together with concrete suggestions for the improvement of the company's freight and passenger services to this city, were laid before Sir Henry Thornton, president of the C.N.R system, by a deputation representing the City Council and the Chamber of Commerce at the Empress Hotel, at noon to-day.

Sir Henry on his trip was accompanied by some of his assistants who have been with him on his present tour in both the western and eastern sections; and the city's representatives in the presentment of recommendations to the President, included Mayor Taylor, Ald. Turner, chairman of the Railway Committee, J. J. Duffus, president of the Chamber of Commerce and Mr. Leonard Fraser, secretary of the Chamber, with other members of both organizations.

The ideas set forth during the half hour's conference included requests for a faster service between Peterboro and Toronto, the addition of a sleeper to the night train for Port Hope as an accommodation for passengers going to Montreal, the electrification of the line from Port Hope to Lakefield by the use of gasoline-electric cars, which it was proposed should also be provided for the line from Peterboro to Belleville and also to Toronto. Other suggestions mentioned new buildings for this city and particularly emphasized the advantages and also the problems of an automobile ferry service from Rochester to Cobourg for the stimulation of motor traffic from New York State to the Trent and Kawartha districts.

Financial Problem.

Sir Henry Thornton thanked the company for the lucid and well prepared form in which they had submitted their representations, and assured them that the suggestions would receive every attention and consideration. The difficulty confronting him arose on the financial side.

"I could spend millions with excellent results," he said. "Many parts of the system are run down, and they will have to be built up little by little, and that is what we intend to do. At present there is no good of my trying to say what we'll do or what we won't do. My only problem is to find the money"

The President of the Canadian people's railway system referred to the fact and of the difficulties that had to be gradually overcome. He pointed out that while the people wished for improvements which they at the same time it was their money that was being spent.

A Populous District.

Ald. Turner pointed out that in the Central Ontario district, there was a population of 145,000 within the area traversed by the C.N.R. lines. This total was exclusive of the people living along the lake front from Toronto to Port Hope and Cobourg. Last year the Stoney Lake Navigation Company carried 40,000 persons, and the visitors to the Kawartha Lakes over the C.N.R. stub line to Lakefield, was 7,000, while the number of tickets sold at the local station totalled 65000. These figures Ald. Turner said not only indicated the company's present business, but afforded an idea of the possible development under improved facilities.

"We have heard that the C.N.R. are putting on a fast train from Lindsay to Toronto," the chairman of the Railway Committee continued, "and we would suggest that you extend its run to leave Peterboro. We believe that would be more remunerative for the company and more advantageous for the people of Peterboro"

Interurban Lines.

Replying to this recommendation, and also to the suggested gasoline-electric service on lines radiating from this city, Sir Henry Thornton said, "We intend to develop what would be the equivalent of an interurban line between Toronto and Cobourg and it might be well for us to consider the extension of that or a similar line of transportation to Belleville so as perhaps to form a loop from Peterboro. The ideas that have been put forward are not visionary. The development of interurban lines should be productive of good for the cities in this district and should also stimulate traffic for the railways sufficient to justify transportation of that sort. I feel impressed with what you have suggested. We can't do everything at once. The purse of the government is not long enough. We have to pick out what we think is the most pressing needs and get on with that first. It all depends upon what extent we can adjust our finances to make the work possible."

New Freight Sheds.

To Mr. Duffus's reference about the need of new and increasd freight shed accommodation Sir Henry admitted that the building was not a credit to the company nor adequate to the business in and out of Peetrboro. He believed that twenty per cent of their freight and passenger stations needed renewing. Conditions at both Hamilton and London which he had recently inspected were not very good but again the management had to consider the matter of available finances, and which needs should be dealt with

Mr. Fraser presented a group of photographs recently taken while he was in Rochester showing the difficulties preventing motor cars from approaching the dock at Charlotte. The Rochester Automobile Club had received this year one thousand enquiries from persons who desired to cross on the ferr, if their cars could be taekn on board, Mr. Frase said that there was the additional problem of transporting the cars which could be solved only by providing a new ferry for motors.

Sir Henry said these matters would be taken up, "and we'll see what we can do."

HELP PROBLEM WITH FARMERS IS OVER HERE

Farmers Have Struggled Through Their Spring Seeding Operations—Haying is Next Rush.

BUILDING TRADES

The employment situation is brighter in Peterborough now than at any time this year, according to the local branch of the Government Employment Bureau. If anyone is idle it is because he wishes to pick his job, since more laborers are called for than can be obtained. A number of applications are on hand from Lakefield, and so far no one has accepted a job there.

The farmers have ceased clamouring for help, having by some means or other succeeded in getting the seeding done. There will be a respite now until haying time, when the Bureau expects another flood of applications.

According to advices from the Immigration Department, it is the farmers' fault if they were short of laborers this spring. During the winter, the advices state, circulars were sent to the Farmers' Club and notices were printed in the Farm journals notifying the farmers that any who desired help should communicate their needs to the Department. Only five farmers from this district took advantage of this offer, and the Department of Immigration refused to divert immigrants to this district who had been asked for by farmers in other sections of the country. Agriculturists in Peterborough district wished to see the immigrants before committing themselves, and as a result they lost the help to other farmers who placed their names on record as desiring farm labor.

Building trades do not seem to be very bright, judging by the small number of applications for tradesmen in this line, but neither is there a large number of applicants for this work.

LEO ROGERS IS STILL AT LARGE

General Victor Williams Is On The Job And a General Clean-Up Will Follow.

NORTH BAY, May 22 (Canadian Press). — While the Provincial Police are hunting down every rumour as to the whereabouts of Leo Rogers, the scaped desperado, and the slayer of Constable Lefebvre, they are of the opinion that the fugitive is still in the district of North Bay, and that he is being shielded and fed by the residents in this vicinity.

There is going to be a clean-up of the situation, and every suspected house thoroughly investigated.

General Victor Williams, Commissioner of Provincial Police, reached North Bay this morning, and took personal charge.

A cordon of police officers will be thrown around the district, he intimated to-day, and in some sections, house to house searches made, and their occupants questioned.

Meanwhile the situation has been somewhat confused by the escape this morning, from Burwash Farm, of a Toronto man named Clarence Cook, sent up as a pickpocket. He made his escape shortly after breakfast, and is believed to be heading for this district.

In appearance, it is said, he is not unlike Rogers.

A Provincial inspector left for Massey Bay, Ont., this morning, it is presumed to investigate the report brought into Capreol by two prospectors last night that they had seen a man, answering Rogers' description, running along the tracks of the Canadian National Railways at about Mileage 28.

Their description of that man tallied very closely with the one given of Rogers.

SALVATION ARMY EXCURSION.
STR. GENEVA WILL LEAVE THE STREET RAILWAY WHARF ON THURSDAY, MAY 24TH AT 8.30. INSTEAD OF STR. STONEY LAKE AT GEORGE ST. WHARF AT 8.30, OWING TO HIGH WATERS. BAND IN ATTENDANCE.
2d-122-2288

Stranger Answered Description Rogers

The Usual Flock of Rumors Are in Circulation Regarding Bandit.

Leo Rogers, the North Bay bandit, is believed to be in this district, according to advices received to-day. Chief Newhall this morning wired all Eastern Ontario towns that a man resembling Rogers had been given a ride in an automobile from just outside Cobourg, and the bandit informed the driver that he was travelling east. A notice received in the police station this morning offers $1,000 reward, which will be paid by the Provincial Government for Rogers' apprehension on the charge of murdering Constable Lefebvre on Friday, May 18.

STAGE SET FOR BIG CONVENTION

W. J. Meyers in Limelight as Probable Nominee by Liberals to Contest Riding.

In the Liberal camp to-day all interest is centred in the convention staged for Saturday afternoon at 2.30 oclock in the Great War Veterans' Hall, Murray street, when a standard bearer is to be chosen for contesting West Peterborough riding in the Provincial elections next month.

But one or two names are so far mentioned as possibly going before the convention, and of those one or two, the only one taken seriously seems to be that of J. W. Meyers, the capable manager of the Peterboro Cereal Company. Mr. Meyers is a man of substantial personality, possessing more than an average share of that business acumen which spells success and enjoying a wide reputation for that advanced broad-mindedness and progressive activity which are the underlying principles of true Liberalism in politics.

Throughly conversant with the province's needs, agriculturally, industrially and legislatively, and naturally of an aggressive character, he no doubt would make a nominee behind whom his party could line up with a united front.

At Saturday's convention, which the ladies are invited to attend in their own interests as electors, officers of the Liberal Association for the ensuing year are also to be elected. Then a feature of the occasion will be inspiring addresses by W. E. N. Sinclair, M.P.P., of Oshawa, the candidate nominated, and prominent local Liberals.

Indications to-day point to a largely attended and thoroughly representative gathering from all quarters of the riding.

HOLD DIAMOND PARADE.

ANTWERP, May 22 (United Press). — Diamond merchants will hold a "Festival of precious stones" in August. Chariots covered with rich Oriental rugs encrusted with diamonds, rubies, emeralds, and sapphires, will figure in a procession in which 3,000 leading diamond merchants will participate.

The police are not altogether happy about this public display of precious stones, and the organisers will have to supply a strong private force of guards.

NOT IN FAVOUR OF NEW SCHOOL IN PETERBORO

The Advisory Industrial Com. by a Tie Vote Negative School Board's Project.

THOSE PRESENT

At a representative meeting of the Advisory Industrial Committee of the Board of Education last evening, the School Board's proposition to erect a combined Tecnical School and Collegiate Institute was practically turned down after the pros and cons of the project had been thoroughly discussed.

The vote was a tie, which, of course, negatived the whole question so far as this important committee is concerned. Advisedly, it is understood that the endorsation of the Advisory Industrial Committee is necessary for compling with the board's notification to the Department of Education of its intention to construct this proposed new building under technical conditions which will assure a Government grant toward its cost.

This meeting was presided over by Mrs. W. R. Morris, Chairman. There were also in attendance, E. G. Patterson, W. A. Richardson, A. A. Fowler, Roland Denne, E. F. Reid, F. J. Gandy, J. W. Worth, J. M. Greene, W. H. Tedford.

EMPIRE DAY IN LOCAL SCHOOLS

Interesting Program Has Been Provided — Public Invited.

On the afternoon of Wednesday, May 23rd, beginning at 2 o'clock, Empire Day celebrations will be held at each of the public schools of the city.

A programme of addresses, recitations and music has been arranged at each school.

A unique feature of each programme will be a message to the children from Their Majesties the King and Queen. These messages have been recorded by the gramophone company so that the children will have the opportunity of hearing them spoken in Their Majesties' own voices.

His Worship the Mayor will break the seals of the records at 2 p.m. at the Central School.

This feature of the programme has been made possible by the generosity of Mr. E. V. Warne, who has presented one of the above-mentioned records to each of the seven public schools.

The public are cordially invited to visit any of the schools on the afternoon mentioned.

The Children's Aid Society

Following on the late fire that rendered unfit for occupation, for a time, the Shelter used for so many years, the Society decided to buy and move to New Quarters. A Property has been bought in South Ward, and will presently be occupied.

The Society has invested in this property the savings of the last twenty years, $11,500.00. This leaves in hand only a small amount for maintenance purposes. The price arranged for is $14,000.00.

The Society asks for monetary assistance, to the amount of $4,000.00. Will right-thinking and helpful citizens please assist. Against the above amount asked for subscriptions of $1,500.00 and $500.00 have already been received. The balance is sought for, viz., $2,000.00.

Contributions may be handed to the Treasurer, Mr. C. S. Cummer, Bank of Montreal, 336 George Street.

John Edgar, Secretary. B. F. Ackerman, President.

Recitation—Kathaleen Kelly.
Dialogue—"Tom's Practical Joke," Helen Turner, Viola Cooney and Dorothy Robinson.
Dance—Kathaleen Cooney.
Piano solo—Leah Dunford.
Recitation—Alice Dunkerly.
Song—Dorothy Cooney.
Recitation—Viola Cooney.
Dance—Six girls.
Recitation—Dorothy Robinson.
Solo—"Cinderella," K. Cooney.
Play—"Cinderella."

FEWER CRIMES IN ENGLAND.

LONDON, May 22.—(Associated Press).—Less drunkenness, more burglars arrested, a big drop in minor cases, more suicides, 35 double tragedies, and British prisons not so full, are some of the outstanding features of the crime statistics for 1921, which have just been made public.

During 1921 cases of drunkenness totalled 81,383 against 98,606 in 1920 and 204,038 in 1913. Offences of violence declined to 966 in 1921 from 1,107 in the previous year. The decrease in the number of cases for offences of a less serious character, says the report, confirm the impression that poverty and distress were potent influences in determining the number of crimes and offenses during the year.

Prison returns show the number of convicted prisoners received during 1921 totalled 46,871 against 166,283 in 1913.

PRICE THREE CENTS — PETERBOROUGH, TUESDAY, MAY 22, 1923 — PRICE THREE CENTS

VOROVSKY WAS BURIED WITHOUT RELIGIOUS RITES

Communist Leaders Pay Tribute to Dead Comrade — Grave Was Banked With Flowers.

HUGE CROWD.

MOSCOW, May 22.— (Canadian Press.)—The body of Vaslav Vorovsky, the Soviet representative at the Lausanne Conference, who was assassinated on May 10, was laid to rest Sunday evening beside the walls of the historic Kremlin. A crowd so large that it packed the great square and overflowed into the streets beyond gathered in the bright sunshine of the summer evening to witness the simple Communist ceremony.

Vorovsky's remains were interred beside the grave of John Reed, former leader of the Communist Party of America. There was no religious note to the ceremony, but when the interment was completed the tomb of the murdered man was heaped high with wreaths given by Russian Government institutions and many of the foreign nations represented at Moscow.

Tribute to the dead was paid by Acting Premier Kameneff, Foreign Minister Tchitcherin and M. Zinovieff, chairman of the Executive committee of the Third International. The speakers in brief detail pledged Russia to carry on the struggle for the proletariat. There was no hint of vengeance, either in their speeches or in the peaceful good nature of the typical Moscow summer crowd of soldiers and civilians.

More than 100,000 persons escorted the body from the railroad station to the square. The oak casket rested upon a brilliant white catafalque drawn by black horses in red harness and followed by three carts heaped with flowers about which marched footmen clad in white and wearing red armlets.

"Herewith we take oath to carry on the same struggle for the interests of the proletariat that Vorovsky carried on during his life," asserted M. Tchitcherin. M. Kameneff said that the actual assassin was unimportant, but that the responsibility was on those who placed the weapons in his hands.

"We will use all our power," the Acting Premier continued, "to prevent the blood of Vorovsky from turning into the river of blood of the proletariat the imperialists are craving. We want peace, but we are ready to repulse anyone coming to deprive us of independence and liberty."

There were no anti-foreign demonstrations while the procession was in progress. The flags on the British Mission and other foreign agencies were flown at half mast during the afternoon.

About one-fourth of the women teachers in London elementary schools are married.

STOCKS AND BONDS

At the present time there is a great boom in the mining industry. I have had many years experience in practical mining, both in Cobalt and Porcupine, and have a wide connection there. I am therefore in a position to get early and reliable information in both camps. I have made a profit for every one of my clients up to date, and shall be pleased to advise any one interested. There will be a strong market this summer and now is the time to get in.

Though the wife and daughter of Tom Mix, movie actor, are suitably attired for cruising on their new $40,000 yacht, Tom apparently thinks he can navigate just as well in the wild west garb that gained him fame.

BULGARIA PLANS COMMUNIST LIFE

Astounding Law Will Permit Commune Idea to Make Start.

MONTREAL, May 21.— Following is translated text of a recent law passed by the peasant Parliament of Bulgaria which deserves the attention of the entire world.

Examination of the text shows the deliberate extent to which the Bulgarian Government has gone to give every Communist in Bulgaria a chance to adopt a Communist government all his own with other Communistic comrades.

The law is named a "bill dealing with Communistic movement in Bulgaria," and reads:

Article I—In every Bulgarian village where there are ten or more electors who are Communists there shall be established a commune whereby all the movable and immovable properties belonging to those who profess Communism or belong to the Communist party shall be confiscated for their common use.

Article II—The confiscation of livestock, houses, lands, furniture and implements shall be carried out by local village committees known as land distribution commissions, according to a previous Bulgarian law of land reforms from 1921.

Article III — Those Communes will be governed by local Soviet authorities consisting of one representative of the municipality of the village one representative of the government and those elected by the Communists whereby there shall be no distinction between men, women and children.

Confiscation Scheme

Article IV—The properties etc., to be confiscated, are confined only to those belonging to the Communists and the Communes shall consist only of the families whose properties have been confiscated and those professing Communism. In the event of any sons, brothers or other members of a family belonging to the Communist party, all properties, etc., considered by law to the inheritable for said persons, then such properties will be given to the Commune.

Article V—All the members of the Communes shall live on equal terms and conditions as arranged by the Soviet authority. They shall work during certain fixed hours, in groups and under the combination, and shall get their feeding and clothing and all necessities only by coupons from the stores of the Commune.

Whoever shall abuse the use of the material properties of the Commune and should live or conduct himself otherwise than laid down by the Commune authority for the other members of the Commune shall be shot publicly.

Article VI—The present law will be enacted and applied according to the rules of a by-law with full details in which the principal methods would be those laid down at present in practice in Russia and shall be carried out exactly.

The application of this law shall commence six months after the present bill is passed through the Parliament and enacted as a law. Mean time there must be prepared full lists of the Communists and their properties in every village.

SEEDING NEARLY FINISHED IN WEST

Favorable Weather Last Week Gave Great Impetus to Spring Work.

WINNIPEG, May 22.—(Canadian Press).—Favorable weather was experienced throughout the three prairie provinces during the past week according to the weekly crop report issued today by the agricultural department, Canadian Pacific Railway. With excellent soil and moisture conditions seeding has made rapid progress and there are no reports of extensive soil drifting The departments are watching the grasshopper situation closely and are prepared for any possible menace.

Manitoba has experienced cool weather with considerable frost at nights. On lighter soils wheat seeding is practically completed, the average for the province being from seventy-five to eighty-five with oats and barley thirty to forty per cent. Seed beds are excellent and well stored with moisture. The cool weather is benificial to the extent of creating sturdy roots to grain. There is a shortage of labor throughout the province but the situation is easing as seeding nears completion.

In province of Saskatchewan, wheat seeding is well advanced. With the exception of a couple of days at the beginning of the week the weather has been favorable for seeding operations. Wheat is sown eighty to ninety per cent, while there are fifty to sixty per cent. coarse grains in. Early sown wheat is now above the ground. Little wheat seeding will remain to be done at the end of the present week if weather conditions continue.

What seeding in Alberta is ninety to ninety-five per cent. completed, other grain ranging from seventy to seventy-five per cent. Operations have been retarded to some extent by night frosts in northern sections of the province.

On the Edmonton, Dunvegan and British Columbia Railway wheat seeding is practically completed, the balance will be accomplished within the next two or three days. The present prospects are good, the report stated, but rain is needed in all districts.

Growing conditions are ideal in British Columbia, there being plenty of moisture and a fair amount of sun shine. Fruit is setting on cherry and plum trees and pears and apples are in full bloom. Indications are that the strawberry crop will come in two or three weeks earlier than last year.

IN SMOKING MEAT.

You will have much better results than by the old smokehouse method if you use Parke's Smoke Essence. Just apply it with a brush. Keeps meat tender and free from insects. 35c and 75c bottles at Bond's Drug Store, corner George and Hunter streets.

No manufactureres of tobacco are located in British of French West Africa, and the entire consumption consists of unmanufactured leaf.

After August 1, 1923, all canned condensed skimmed milk in England must be labeled "unfit for babies."

GOOD BUTTER

You want it, and can be sure of always getting it if you ask for Trent Brand Creamery Butter, and insist on getting it when you order from your dealer. If he does not handle it, drop us a card giving his name and we will send list of stores near you who do handle it.

GREECE READY TO FIGHT WITH TURKEY AGAIN

Efforts of the Lausanne Conference to Settle Difficulties Are Far From Successful.

NO INDEMNITY.

LAUSANNE, May 22.— (Canadian Press.)—If Turkey insists on war to settle the question of the indemnity she claims is due from Greece ,then Greece will accept the gage of battle. M. Alexandris, the Greek Foreign Minister told the foreign correspondents last night.

The Greek delegates, he added, will be withdrawn from the Near Eastern Conference this week if Turkey perists in her reparations demands.

The Turks have given no indication of an intention to recede from their reparations demands, and M. Alexandris' declaration that Greece was resolved not to pay one cent of indemnity, brought increasing pessimism in Conference circles yesterday.

The Greek Foreign Minister denied that he had come to Lausanne in a bellicose mood, but said the Greek army had been reorganized since the overthrow of Constantine and was now well equipped and armed and able to take care of itself.

"I think," said he, "if the worst comes to the worst, the Greek army will be able to defend its honor."

M. Alexandris announced that he would like people to realize Greece's position, especially that, although Greece had numerous provocations which would reasonably justify her in re-opening the war with Turkey, she had ignored them all because she was sincerely desirous of peace.

The seizure by the Turks of the impoverished refugee funds in the banks of Constantinople, continued the Minister, and the abominable treatment of Greek prisoners of war recently arrived from Asia Minor constituted such provocations.

The Greeks and Turks had signed a separate convention at Lausanne in January for the compulsory exchange of populations, with the distinct provisions that it should be inoperative before May 1, yet the Turks have sent an additional 70,000 refugees since the signature of the convention, in gross violation of its terms.

The Allies, as well as Greece, had protested, but Turkey sent still another boat-load of 3,000. The latest provocation, according to M. Alexandris, was the despatch of Turkish troops into Eastern Thrace, violating the Mudania Armistice.

"I have just received a telegram from Athens," he added, "that on Saturday, 7,000 additional troops crossed the Straits as reinforcemenis to the Turkish army already mobilized in Thrace."

With reference to possible war, M. Alexandris said: "Turkey seems to feel that Greece was beaten in the war and therefore owes an indemnity. But this is a grave error, as Greece was merely beaten in battle in Asia Minor and hostilities were suspended by an armistice which Greece is trying to transform into peace. But if the Turks propose to resume the war to obtain an indemnity, then Greece accepts the challenge.

"My Government has determined to retire from the conference next Wednesday or Thursday, when the indemnity question comes up in a plenary session, if Turkey insists upon an unjust position or any effort is made to force Greece to accept this position."

M. Alexandris repeated the Greek contention that Turkey and Greece should mutually renounce reparations as the only possible solution.

The second month of the second conference will open to-day in a troubled atmosphere with none of the great issues settled.

Mission to Prisoners Was a Big Success.

KINGSTON, May 22, (Canadian Press).—The Protestant and Roman Catholic Missions at Portsmouth Penitentiary last week conducted respectively of Rev. Can. FitzGerald Kingston and Rev. Father Burke, Toronto, were successful beyond expectation.

In the case of the Protestant Mission. Arch. Deacon Dobbs, Chaplain asked the men who had been impressed to a special meeting on Saturday afternoon and over 300 were present One of the inmates, a graduate of Oxford University presented Canon FitzGerald with a testimonial from the prison choir. The Roman Catholic Mission was also very successful and strong men, who had been stranger to the church for years, broke down and on Sunday approached the sacraments.

STEAMER ASHORE.

ST. JOHN'S, Nfld., May 22. — (Canadian Press.)—Word has been received by Deputy Minister of Custom Le Messurier, that a steamer named the Glenmurrie went ashore at Spot Point, near the Highlands, Bay St. George, Saturday evening and that efforts to refloat her at high tide had proved unsuccessful. It is understood the vessel was bound to Montreal from Sydney with a cargo of coal and is supposed to have been driven out of her course by the ice.

Fear Attempt on Life of Ismet Pasha

LAUSANNE, May 22.—(Canadian Press.)—In consequence of reports of plots against the life of Ismet Pasha, chief of the Turkish delegation to the Near East peace conference, the Swiss police have requested Ismet to aid them in protecting him by discontinuing his custom of eating in the public dining room of the hotel where he is residing.

Therefore Ismet, all unwilling, is practically a prisoner in his room. When he goes to the sessions of the conference, is strongly guarded.

The hotel lodging the Turkish, French and Japanese delegates is surrounded by an additional force of detectives ,as Switzerland wants no repetition of the Vorovsky tragedy.

Novel Plan to Make Repairs to Steamer.

KINGSTON, Ont., May 22.—(Canadian Press.)— In an accident in the Welland Canal the Steamer "Glenellah" broke her shaft and lost her propeller wheel. She was brought into Port here yesterday, towed by the Maple Hill and is now unloading her cargo of grain. To repair this damage a novel and interesting plan is to be tried. The forward hold is to be filled with water depressing the bow to such an extent that the stern will be raised clear of the water and put in position to enable the insertion of a new shaft and propeller without the necessity of going into drydock. The new shaft is being shipped from Montreal and the propeller from Toronto.

JAPS HELP CHINESE

TOKIO, May 21. Associated Press. --The lower house of the Diet has adopted the Cabinets plan known as the "Chinese cultural Relief Bill" for the disposal of the returns from the Boxer indemnity and the sale to China of the Shangtung Railway.

The amount available for the current fiscal year is 1,498,530 yen and it will be expended in promoting Chinese culture; to help Chinese students; to support an exchange lecture system; to aid schools and hospitals, and to relieve Chinese sufferers from epidemics.

VACANCY IN THE PREMIERSHIP IS NOT YET FILLED

Baldwin and Curzon Are Recognized as the Two Most Logical Men to Succeed Bonar Law.

NO GREAT HURRY.

LONDON, May 22.— (Canadian Press.) — No move has yet been made in the direction of filling the vacant premiership, and the name of Mr. Bonar Law's successor is still a matter of speculation. As Parliament is not sitting there is no immediate hurry to fill the vacancy, and the King is in communication through intermediarys with those statesmen he desires to consult before he returns to London for personal consultations.

The task facing His Majesty is no easy one, for there is no outstanding figure to whom all could point as the inevitable nominee, while the Conservative Party itself is completely divided on the subject.

If Marquis Curzon seems to be indicated as the most appropritae nommee, Stanley Baldwin, Chancellor of the Exchequer, also has a very strong following among his party. These two are still chiefly talked of as the most likely successor to Mr. Bonar Law, but it may possibly turn out that their rival claims are so well balanced that the solution may ultimately be found in some third compromise candidate. Mr. Baldwin is reported willing to serve under Lord Curzon, but despite Curzons' strong claims there persists a deep feeling against the new Prime Minister being a member of the House of Lords.

There were some hints yesterday that Lord Curzon, whose health lately has not been the best, may make that reason for declining the honor which it is widely expected the King will propose to him, and that he will then advise the King to appoint Mr. Baldwin.

Because of the political emptiness London is in at the present moment and the extreme suddenness and unexpected nature of the crisis, some quite unforseen solution may belie all predictions. The Conservative Party is expected to hold a meeting on either Wednesday or Thursday at the Carlton Club to elect a new party leader to replace Mr. Bonar Law. Much secrecy is still being maintained concerning Mr. Bonar Law, who yesterday underwent what is understood to have been a minor operation of the throat to relieve extreme pain which he has recently experienced in the throat muscles. He sees nobody but a few intimates.

Should Lord Curzon be appointed Prime Minister, it is understood he would also retain the Foreign Secretaryship so that practically no change in the constitution of the Cabinet would be needed. If, on the other hand ,Mr. Baldwin is appointed, he would hardly retain the Chancellorship of the Exchequer, for although there are several precedents for the Premier also holding the Exchequer portfolio, the demands upon the time and energies ofthe Prime Minster in present times would almost certainly preclude his holding a double office. Thus, the appointment of Mr. Baldwin would probably necessitate a general ministerial shuffle.

M'DONALD NOMINATED BY THE FARMER PARTY FOR EAST PETERBORO

M. E. Smithson, Otonabee, Only Other Name to Go Before the Convention Held in Norwood.

PRESENT INCUMBENT.

RENOMINATED.

E. N. McDonald.

East Peterborough United Farmer delegates in convention at Norwood town hall yesterday afternoon again nominated as their candidate Ernest Nicholls McDonald, the former Legislative U.F.O. representative.

Two names appeared on the ballot, the second being M. E. Smithson, of Otonabee, who unsuccessfully offered his services for the third time. On declaration of the ballot Mr. Smithson made the usual motion for a unanimous nomination of Mr. McDonald, which was carried amid cheers.

The candidate is a farmer in Dummer township and is very popular with the United Farmers of that district. In the 1919 election he had a majority of 1019 over James Thompson. J. E. Galvin, president of the United Farmers' Political of East Peterborough, was chairman of the convention.

A bomb was exploded in an apparently tranquil gathering by ex-Warden W. E. Griffith before the names of the Nominees went to ballot. "The candidates should declare whether they are followers of Morrison or Drury," he declared. Amid mingled applause and cries of "No," and while the chairman washed his hands of the suggestion, the candidates stated their views. Mr. McDonald said he held to the views he had expressed on previous occasions, that there is very little difference in principle between Drury and Morrison. Mr. Smith said the Drury Government was not a farmers' government. It was a coalition government and no one expected that the Drury government could carry out the U.F.O. platform. "I do say this," Mr. Smithson qualified, "that the Prime Minister tried to carry it out, and did carry it out, as far as possible."

George A. Brethen, M.P., for East Peterborough, described Mr. Drury

TUESDAY, MAY 22, 1923.

CIVIC SUNDAY.

Down in Belleville on Sunday the ministers of the various churches observed a "Civic Sunday" by exchanging pulpits and preaching sermons along the line of local patriotism, better citizenship, neighborliness and more effective community co-operation.

Last year a similar experiment was made and the results have been beneficial enough to warrant making an annual affair of "Civic Sunday."

There is need for such an endeavour in many Canadian communities—not excluding Peterborough.

The newspapers have tried to meet the situation and to arouse their readers to the necessity of more interest in public affairs, civic government and community enterprises, and while sometimes they are inclined to feel that the seed has fallen on stony ground, yet perhaps there have been effects that are real, although they are not readily apparent.

The papers, however, would welcome the assistance of the preachers in this field of endeavour because they realize that there is an opportunity for real service.

The example inaugurated by the Belleville ministers seems worthy of adoption in other Ontario cities where interest in civic affairs cannot be termed in a healthy condition.

WHY LEAVE IT ALL TO OTTAWA.

Is it possible for any government at Ottawa to stop Canadian people going to United States? The trouble with any action taken by Ottawa is that it is apt to be general rather than specific, says the London Advertiser.

In the usual course of events, we leave it pretty much to Ottawa to attend to immigration.

Each province has its own problem, and it can be pursued farther and stated that each county has its problem.

More direct action that is timed to meet local conditions can be taken by smaller bodies than anything that Ottawa can do. Ontario has many farms, and it is in the interests of Ontario that they be populated. It is in the interest of Middlesex that this county receive individual care, and the same is true of Perth, Lambton, Oxford or any county in this district.

We doubt very much if Ottawa has a list of empty farms in this district; particulars of buildings and price; some reason why the place is not worked, and what sort of a man would likely be a success.

Instead of waiting for immigrants to be brought along, why not get our property listed and make a drive for those who may be able to purchase land?

We have enough machinery in our county and township councils to get this information in shape. It may be possible to do for ourselves what Ottawa could never do for us.

JUST A DEMONSTRATION.

Interest in the Budget debate at Ottawa cannot by any flight of the imagination be described as at fever heat, doubtless because the Progressive amendment is regarded as a mere gesture and it is realized that the Government does not stand in the least danger.

There is not the slightest chance of any Conservative support for the amendment.

Had it merely condemned the Government for its failure to stand by the platform of 1919, the Progressive motion would of course have enabled the official opposiiton to fall in line with it.

But the amendment went further in setting forth the principle of a lower tariff and as soon as that element was introduced any likelihood of Conservative support had vanished.

A vote of censure might have succeeded but when the Progressives ask the House to declare that the principle of protection as a basis for a fiscal policy in Ontario is unsound, they know, and everybody else knows that there will be no Conservative votes in favour of such a declaration.

The Progressives will be able to affirm their political creed without injuring the Government and that was all they had in mind when the amendment was introduced.

It is merely a demonstration and because the people of Canada everywhere, accept it as such, there is little real interest in the Budget debate or in the division that may be taken tomorrow.

A WARNING TO OTHERS.

A local High School student who was detected mutilating magazines in the Peterborough Public Library was yesterday morning in police court fined $5 and costs and ordered to pay $10 to the Library Board as restitution for the damage done.

To some thoughtless people the punishment may seem out of proportion to the offence.

But as a matter of fact, the fine was necessary as A warning to many other offenders who have failed to realize that in cutting pictures and articles from magazines and books they were wantonly trespassing upon property rights and spoiling the pleasure of other citizens.

This sort of thing has been going on for a long time in the local library and the damage has not been confined to magazines.

Valuable reference books have been mutilated, in some cases pages being taken out to an extent that made the volume almost useless.

Vandalism of this kind, whether due to lack of thought or done deliberately will have to be checked, and the fact that one culprit has had to part with $20 should have a very beneficial effect.

It is the intention to prosecute every person who is caught defacing any of the Library contents and the incident of yesterday may perhaps suggest to other people who have been guilty of such conduct that it would be much more profitable, even if a little more labourious, to copy any article they wish to keep, rather than to cut it from a magazine or a reference book.

TO-DAY'S GUEST.

Peterborough was glad to-day to have an opportunity of welcoming Sir Henry Thornton, the head of Canada's National Railways.

Glad in the first place because this city realizes that Sir Henry has one of the biggest jobs in Canada on his hands in endeavouring to place the Dominion's own railways on a paying basis, and in relieving the country of some of the burden of taxation, and because it wished a chance to assure him that like all other patriotic Canadians the people of Peterborough would support him in his great task.

And glad too, to be able to show the directing genius of the National Railways something of the manufacturing and business establishments of Peterborough and to give him an idea of the service that the freight and passenger traffic of this city makes necessary.

Sir Henry has since his arrival in Canada devoted much of his time to inspecting different sections of the lines under his control and in visits like that of today to important centres served by the National Railways.

It is through such visits that he is able to visualize the needs of the country and to shape a policy for the operation of the government lines that will eventually lead to them being made an asset, instead of a liability.

Sir Henry Thornton succeeded in making a very favourable impression upon Peterborough, an impression that it is hoped was reciprocal.

THE HERRIN MASSACRE.

In a brief on the Herrin massacre and the two trials which failed to convict anyone for the twenty murders, counsel for the Bituminous Operators' Special Committee charge before the United States Coal Commission "that the verdicts of acquittal for the individual defendants were in reality verdicts of guilty against the United Mine Workers of America."

"What took place in Herrin was the logical and inevitable result of establishment of this Mine Workers super-government in an American state. Such a result will inevitably follow its establishment iny any other state just as soon as aims and purposes of super-government run afoul of the laws of that state."

The brief is signed by four members of counsel: Col. Henry L .Stimson, Goldthwaite, H. Dorr, Albert W. Putnam and William C. Chanler. It is stated to be the result of exhaustive study on the ground, including attendance at the trials, and offers to prove its charges at open hearings.

"Events of last June in Herrin," declares the letter with brief, "are not one whit more abhorrent to American principles than the events which have taken place in Herrin and in Marion, the neighboring county-seat of Williamson County, since that date, culminating only a few days ago. The sovereign state of Illinois has been endeavoring to enforce the rules of American justice against the killers of last June. The super-government of the United Mine Workers has been opposing this attempt. Its representatives in open court, unrebuked, have claimed belligerent rights for those killers—the rights of soldiers waging honorable battle against wrong. And it has triumphed. Murder is no longer murder in southern Illinois. The Attorney-General, chief law maker of Illinois, publicly announced last month that American law could not be enforced in Williamson County. His announcement apparently has been accepted by the state of Illinois. The super-government has established its position and the former authorities have acquiesced."

"In the eyes of the United Mine Workers of America the real crime is not the murder of another human being but the loading of coal against the orders of the union. The exercise of such a constitutional right on the part of an operator gives the armed forces of the United Mine Workers of America the rights of belligerents in honorable warfare. In their estimation the United Mine Workers of America are above the law of the State of Illinois.

"By means of the check-off the United Mine Workers of America raised the enormous sum of nearly $900,000 for the defense of their indicted members.

"We urge the United States Coal Commission, which has fact-finding power, to examine to the smallest detail how this fund was expended by the United Mine Workers of America to the end that the American public may know in what manner and to what extent this expenditure contributed to the defeat of justice in Williamson County.

"The testimony at the trials showed that hundreds of persons, men, women and children, saw the march from the strip mine to the barbed wire fence; that hundreds of people stood on the sidewalks of Herrin, the modern city, and saw six prisoners marched through its streets on the way to their death at the Herrin Cemetery. And yet witness after witness went on the stand who testified that they did not recognize a single person among the captors. They dared not testify to anything else.

The sole objects of the attack by the United Mine Workers of America were:

(a) to aid its nationwide strike;

(b) to prevent an ounce of coal being mined or shipped by men not members of its organization, and

(c) to prevent the people of the United States from receiving one ounce of coal while the United Mine Workers of America chose to strike."

EDITORIAL NOTES AND COMMENT.

With Mr. Raney back in the fight the election campaign will take on new vigour.

Despite anti-betting regulations and other restrictions, it is evident, with 30,000 people in attendance at the Woodbine, that the sport of Kings has still many followers.

Children playing with matches continue to cause fires. Parents should see to it that this source of danger is kept away from the little ones.

The big issue in Ontario really is how the province can secure an efficient government from the parties that are offering themselves. The O.T.A. should not be regarded as the "be-all and end-all here."

Bonar Law failing to find the tranquility he prescribed as necessary for Great Britain will seek it in private life.

Despite the bad weather, only a small percentage of the fall wheat has been winter-killed. A bountiful harvest will cause the cold spring to be forgotten.

The Philadelphia North American declares that they call prices prohibitive because they never take a drop.

If Your Skin is 'Rashy' use Zam-Buk

Mr. R. H. Barker, Glencairn, Ont., writes:—"My skin broke into an itchy rash which spread so badly over my face that I was soon too disfigured to go about. Within a week Zam-Buk caused the eruptions to die away. It soothed and purified my skin so thoroughly that one could scarcely credit how bad it had been."

Pure herbal Zam-Buk is unequalled for Pimples, Blotches, Boils, Abscesses, Eczema, Ulcers, etc. 50c. box.

M'DONALD IS NOMINATED

(Continued from page 3.)

as "the biggest man in Canada today," and scored the Conservative party for leaving liabilities for the Drury government to pay.

Delegates Enthusiastic.

About 450 supporters of the United Farmer movement attended the convention, and all were optimistic regarding the outcome. Judging by the tone of the conversations preceding and following the meeting, defeat is not thought of, the substantial majority of 1019 polled at the last election being referred to. All of the speakers prophesied victory in the East Peterborough riding, and a substantial majority for the Farmer government in the House

The spirit of the convention was summed up by a delegate, who was heard to say, "The good people shall assemble together and the wicked shall be cast into outer darkness."

In his post-nomination speech the candidate reviewed the work of the late government, and paid special attention to the question of taxes. In regard to educational grants, he stated that whereas in 1919 the village of Havelock had a grant of $200 it received in 1922 a grant of $1800. "If it had not been for the Farmers' Government, the village of Havelock would have paid $1600 more for school taxes," he said. Norwood received in 1919, $150, and today it receives about $1200. Lakefield in 1919 received $150, and today has a grant of about $1500.

The speaker advised his audience to examine their tax bills for 1919 and 1922 and compare the ways in which the proceeds are expended.

Farmers' Party Not Dead.

George A. Brethen said that he had heard a lot of talk about the Farmers' Party dying, but in looking over the hall he thought it a very lively corpse. Commending the audience on the enthusiasm displayed in the convention, he referred to the candidate as the next member for that constituency.

During the past few months many people have been trying to make themselves believe that this movement that has been sweeping the country is going to die, that it is only temporary, he said. They have not given the matter much consideration. The United Farmer movement did not come to life because the farmers looked on politics as an end. There was a wrong done to the rural people that had to be righted, and the old parties had not the men; therefore the Farmers had to enter politics to right the wrong. "When you find people who are actuated by a desire to right the wrong, and have the ability to get together and study the means to right it, you have to reckon with a force that is worth while," declared the speaker. "That is a force that had had influence, and will have influence, not only in this country but in other countries all over the face of the earth. We are not camouflage Grits or Tories. Some people say if you scratch a Progressive deeply enough you will get a Grit, but after all the scratching is over there is a goodly proportion of men left who are true hearted who are out to make Canada better, and place the people of Canada in a better position. They are out to work for the prosperity of Canada, not only in a few castles, but prosperity in every home."

"I have known Hon. E. C. Drury since 1909 when he stood on this platform. Drury is the biggest man in Canada to-day."

Referring to the criticism of the Drury administration by political opponents and through the press, Mr. Brethen stated that taking out the expenditure on education, hospitals and charities, the administration has cost the province thousands of dollars less than under the former administration in 1919.

Continuing, the speaker pointed out that when the Drury Government came into power it was committed to expenditures of $100,000,000 in connection with Hydro development that had to be carried on.

The Drury government depended only on its merit. The people who object now had the opportunity to block the passage of these things when the questions were before the House, but they dare not do it.

Eleven thousand children have been helped through the mothers' Allowance Act. The opponents of the Drury Government dare not condemn the Drury administration for that. The Drury government has spent more money than in the past, but the people have benefited, the speaker declared.

Drury got $1,000,000 from the Shevelin-Clarke Company, which would not have been forthcoming had the Drury government not come into power. That is part of the money that goes to raise little children.

Drury Commissions.

"They blame the Drury Government for rule by commission," continued Mr. Brethen, "but the Drury commissions did something." The Shevelin Clarke timber commission cost $300,000, but it brought in $1,500,000.

It was stated by an authority in Toronto that Drury's Commission saved $400,000,000 in Hydro-Radials, and the speaker said he believed that to be true, condemning the policy that would bring electric railroads into competition with railroads that cannot now get enough freight to pay their expenses.

Referring to the enforcement of the Ontario Temperance Act, the speaker said "Everybody knows where Mr. Drury stands on the O. T.A. question and the enforcement of it. Some people say that the Act is not enforced equally between the rich and the poor, but "when Peterborough fell down on its job, and Drury came down on it, who were caught? Was it the poor men? When it comes to the administration of the O. T. A., Drury and Raney play no favorites."

Because of this Mr. Raney has made a lot of enemies and the threatening letters which he has received have practically made Mrs. Raney a nervous wreck. It is not because Mr. Raney is afraid that he is not anxious for re-election but because he considers Mrs. Raney's health.

In closing, the speaker urged the members of the Association to be true to the candidate not only during the campaign, but after he has taken his seat in the House.

Ferguson's Language.

Samuel S. Staples, ex-M.P.P. for East Durham, in his opening words conducted a scathing attack on the offensive language used by the Hon. George H. Ferguson in referring to the United Farmers of Ontario.

There is reason for the vigorous offensive being conducted by the Conservative party, he said. The old political parties consider this the vital moment in the life of the U.F. O., and think that if they quash the young party now they will have it down for all time. Ferguson, the speaker said, referred to the Farmers as "political freaks, projected into politics by accident."

"It ill becomes men in public positions to use language such as that," Mr. Staples said.

Comparing the per capita debt of the provinces, the speaker showed that despite the alleged extravagance of the Farmer government, Ontario is second only to Quebec in the smallness of its debt.

The per capita debt of Ontario is $22; Quebec, $21.30; while British Columbia has a per capita debt of $71.50.

Referring to the criticism levelled at the road construction programme of the Drury government, the speaker said "we spend the money where all the people are getting the good of it." The 1800 miles of roadway commenced by this administration is practically completed at the present time."

The Chippewa development was under way when the U.F.O. Government went into power, and it continued the work. If the province wishes to sell that plant now the United States will buy it.

If the government had not been stopped by the blockade it would have set aside a sum annually which would have paid off the provincial debt in forty years, Mr. Staples said.

In closing the speaker called on the gathering to see that the affairs of the province went into good hands in the coming election.

Suffered From Pimples and Blotches For Fifteen Years

When the blood becomes impure it is only natural that pimples, blotches boils or some other blood trouble will manifest itself by breaking out of the system.

There is only one way to get rid of these obnoxious skin troubles and that is by giving the impure blood a thorough cleansing by the use of a good blood purifier, such as

Burdock Blood Bitters

This remarkable remedy has been on the market for over forty years; is the best obtainable, and will do all we claim for it as a blood cleanser.

Mr. Albert R. De Witte, Lake Valley, Sask., writes: "I have suffered very much from pimples and unsightly blotches for the past fifteen years, and was so bad that I hated to go out anywhere. I tried many different medicines, but none seemed to help. A friend told me to use Burdock Blood Bitters. I have used three and a half bottles, and now I have a clear, rosy complexion."

B.B.B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

Sanity of Rogers May Be Questioned.

MONTREAL, May 22.—(Canadian Press).— Should Leo Rogers, murderer of Constable Lefebvre and now at large terrroizing the countryside around North Bay be apprehended and brought to justice, the question of his sanity will probably be fought out definitely, according to a statement issued by the Canadian Prisoners' Welfare Association here last night. That body are in possession of correspondence showing that a medical report signed by Dr. C. K. Clarke has pronounced Rogers a "hopeless lunatic." At his trial, however, in June 1921 when he was convicted of doing grievous bodily harm to Inspector Duncan of the Dominion Police, the weight of expert evidence was that while he had a defective brain, he realized the seriousness of his act.

Virgin forests of the Philippine Islands cover approximately 40,000 square miles, or about one-third of the total area of the Archipelago.

Fashion experts say a man should have three straw lids. Most men have, every three years.

Examine the Seams

After cleansing any garment or material with SURPRISE examine the Seams. You will find that SURPRISE has done its work thoroughly; and the article is truly clean.

MEN DISCHARGED FOR INCOMPETENCY

Paper Company Denies Charge That Only Union Leaders Were Discharged

OTTAWA, May 22.— (Canadian Press.)—Hon. James Murdock, Minister of Labor, last night received a telegram from the Powell River Company of British Columbia denying that it had discharged all officials of the Papermakers' Union. The Powell River Company's works are situtaed about 100 miles north of Vancouver and a report that the company had notified members of the local union that they must surrender their union charter or be discharged gave rise to debate in the House of Commons on Friday.

The telegram from the company reads as follows:

Vancouver, B.C., May 21, 1923.

Hon .James Murdock,
Minister of Labour,
Ottawa, Ont.

Your wire received. Your informant is incorrect in stating that we have discharged all officials of papermakers' union. We discharged five men for incompetence and disloyalty. So far as we know only one of these was a union official. Have filled vacancies caused thereby and as a result our production is increased ten per cent and quality greatly improved. Our mill manager personally notified meeting of papermakers last evening that so far as we are concerned no men will be discharged if diligent, capable and loyal.

Powell River Company, Limited.

WEDDING BELLS

STACKHOUSE—JOICE.

COBOURG, May 22.—A marriage of interest to many in the district took place at Newmarket on May 15, when Miss Mabel Martha, second daughter of Mr. and Mrs. Joseph Joice, was married to Dr. Walter Roy Stackhouse, son of the late William Stackhouse and Mrs. Stackhouse, Blythe, Ont. Rev. E. C. Hall, a family friend, conducted the ceremony. The bride wore a becoming travelling suit of grey with hat to match. Dr. and Mrs. Stackhouse left after the ceremony for a motor trip to New York and Atlantic City before going to Ridgeway to take up residence.

Both the bride and groom were overseas, Mrs. Stackhouse serving during the early years of the war in hospitals in France. Since returning to Canada she has been on the nursing staff of the Christie Street Hospital, Toronto, and for the past two years with the roof patients. Dr. Stackhouse served in England and France with the Canadian Army Medical Corps, and with the Army of Occupation in Germany

The marriage was very quie owing to recent bereavement in th bride's family. Among the man pretty gifts received by the bride was a handsome necklace, the gift of the groom, a silver service from the nursing staff of the Christie Street Hospital, Toronto, and a silver tray from the roof patients. Dr. and Mrs. Stackhouse have sincere good wishes from a very large circle of friends.

Grand Old Gentleman of Seventy Testifies

That Dodd's Kidney Pills Have Relieved Him of Rheumatism.

Mr. Michael Provost wants Everyone to know what Dodd's Kidney Pills did for him.

Poulamon, N.S., May 21. — (Special)—Mr. M. Provost, well known and highly respected resident of this place is another of that great army who have benefited by using Dodd's Kidney Pills. This is what Mr. Provost says: "I am 70 years old and want people to know I have used Dodd's Kidney Pills, and have greatly benefited by them. I find that I have been relieved of my rheumatism, also other slight ailments."

Dodd's Kidney Pills act directly on the Kidneys, strengthening them so that they do their full work of straining all the impurities out of the blood. Uric acid crystallizing in the muscles causes the pains known as rheumatism. With no Uric Acid in the blood there can be no rheumatism.

Ask your neighbors if Dodd's Kidney Pills do not make sound Kidneys.

PRAISES DESERT RIDERS.

LONDON, May 22.—(Associated Press)—The Touregs of the Sahara, writes Lady Dorothy Mills to the Daily Chronicle, are handsome men and devoted to their women. "Aristocrats of the Sand," Lady Dorothy calls them. "The men live by bloodshed and pillage and are the handsomest creatures alive, slim, amber-skinned and muscular. They hide their aquiline features behind a black or dark blue veil that leaves nothing visible but their bright black eyes.

"Their women are very good looking, though among the richer classes beauty is measured by weight, and young girls are subject to a fattening process something like that of the Christmas turkey. Often by the time they reach maturity they can only move by the aid of two or more slaves."

DROWNED BY A HORSE.

REGINA, Sask., May 22.—(Canadian Press.)—August Lautamus, farmer of New Finland, Sask., was drowned Saturday. En route home, Lautamus fell forward over the dashboard and catching his foot in the cross bar was dragged through a slough by his runaway horses.

SMOKE OLD CHUM TOBACCO

BAKING POWDER

Guaranteed to be the purest and best baking powder possible to produce. Because of the purity and high quality of the ingredients of Magic Baking Powder its leavening qualities are perfect and it is therefore economical.

E.W.GILLETT COMPANY LIMITED
WINNIPEG TORONTO, CANADA. MONTREAL

COBOURG AND DISTRICT

COBOURG, May 22.—The almost incessant rain up to yesterday of the week just closing, has left farmers whose land is low in poor shape for completing their spring seeding. One man, with one hundred acres to work, has only thirty-five acres sown as yet. There has not been sufficient frost, in this district to do much damage, although the mercury dipped pretty low for one or two nights. There are quite a few people who have made up their minds that 1923 is to be a summerless year, perhaps it is the "23" that is the hoodo and gives rise to the speculation. However, citizens are reminded of the man who prophesied an "open winter" 'last fall, but the furnace door was about the only thing open about it, and that opened too often for the good of the housekeper's pocket-book.

No Election Excitement.

With the 25th day of June only about five weeks away, there is little to indicate in West Northumberland that the date forecasts anything of very much movement. Both the Liberal and Conservative parties are no doubt quietly working, but so far there has been no getting out on the lastings inconspicious campaigning. All this goes to show that there has been a big change since those early elections in this country, when the elector was wont to walk boldly up to the returning officer and say, "I vote for Mr. So-and-so." Now a husband and his spouse may go to the polls and one kill the other's vote and neither be the wiser.

Social and Personal.

Miss Hess has arrived from Philadelphia to join her father, Mr. Frank Hess at their summer home here.

Mrs. E. C. McNicholl came up to Cobourg on Saturday from Montreal, and will spend the summer here. She was accompanied by her daughter-in-law, Mrs. Eugene McNicholl, who spent a few days at her former home.

Mrs. Sheffield returned at the week-end from Toronto, where she spent a few days.

Mrs. Richard Jones has returned to her home "Avalen" here, for the summer, from Sarnia, where she spent the witner months with her daughter, Miss L. L. Jones, B.A., of the Sarnia C.C.I. staff. Mrs. Jones was accompanied by her niece, Mrs. I. C. Vollmar of Detroit.

Cutting Up the Boulevards.

Considerable damage is being done to boulevards by bicylists thoughtlessly running up upon them and thereby leaving a deep cut in the soft earth. This is regrettable as the streets committee and property holders are going to considerable work and expense to put the streets in good condition. Everyone should have sufficient pride in their town to do all possible to help along such a good work. "Cutting corners" also forms a carelessness that is general everywhere.

Heavy B.O.T.A. Fines.

John Timoski and Nick Komash came up in the Police Court at Port Hope a few days ago before Magistrate Campbell on B.O.T.A. charges. The former upon whose premises in Hope township, a still was discovered by Constable Boyd, pleaded guilty to the charge of manufacturing liquor without a license. He, with Romash, was also charged with selling and both pleaded not guilty.

Oven, the chief crown witness told of visiting the premises on April and purchasing some liquor which was put up in a maple syrup can. He was uncertain as to how much ht paid for it.

Magistrate Campbell found both men guilty on the charge of selling. Timoski was fined $20 for operating a still and $200 for selling liquor, making a total costs of about $500.

Romash was fined $200 and costs of $30.00. The fines were fixed by both men. Mr. A. R. Willmott defended.

Returning Officers.

The returning officers appointed for Northumberland county in the coming Provincial election are Thomas Hoskin for West Northumberland and George H. Huff of Brighton for East Northumberland.

Womens Institute Entertained

Recently a basket social which proved to be a very enjoyable affair, was hel dat Coldsprings under auspices of the Women's Institute. Mr. H. Lander was called to the chair and proved himself to be a capable official. A good programme was contributed. When the time came for selling the baskets Mr. John A. Noble proved to be the right man in the right place, and auctioned them off in fine style. They sold well and a pleasant social hour was spent.

The Coldsprings Congregational church is enjoying the pastoral services of Rev. James T. Daley, D.D., who has preached there the past two Sundays.

DRAGGED TO DEATH.

ANEROID, Sask., May 22.—(Canadian Press.)— Raymond Kambers, 17, son of a farmer living two miles east of here, was killed Sunday afternoon while roping a horse on the Mayo Ranch. After lassooing the horse, it became frightened and bolted. The boy became entangled in the loose end of the rope and was dragged a considerable distance.

"That is the best part of beauty which a picture cannot express." The camera reproduces features but not coloring. So the picture cannot express woman's chief charm—her radiant complexion. Beauty begins and ends with the skin. With a beautiful skin, you are beautiful. It is your big asset. Preserve it with

Of Codrington, Ontario, Conservative Candidate For East Northumberland.

SHOWER OF GIFTS FOR KEENE COUPLE.

Mr. and Mrs. Stanley Wood Taken By Surprise —News Paragraphs.

KEENE, May 22.—A pleasant surprise was given to Mr. and Mrs. Stanley Wood on Friday, when the members of Keene L.O.B.A. and several other friends motored to their home with well-filled baskets, and tendered them a shower. Mr. and Mrs. Wood were taken completely by surprise. A most enjoyable evening was spent in parlor dancing and various games.

Mrs. Adams of West Huntington has returned home after a pleasant visit with her daughter, Mrs. Hugh McFee.

Mr. W. R. Wedlock was in Peterboro Saturday on business.

Mr. and Mrs. B. Kindred, Mrs. T. P. Houson and Mrs. R. N. Johnston motored to Peterboro on Friday.

Dr. Walsh has purchased a new coupe.

Mr. Thomas Wedlock of Peterboro spent the week end with Keene friends.

Mr. Stanley Kennedy was in Toronto over the week-end.

Mrs. J. Thornton, Mrs. M. Weir, Mrs. Carter, Mrs. R. Short went shopping in Peterboro on Saturday.

Mr. Irwin Wedlock was in Oshawa Thursday on business.

Rev. A. McLauchlin, Mrs. McLauchlin, Mrs. (Dr.) Harrisson, Mrs. M. Maher and Miss Kate Shearer were in Peterboro on Friday evening to hear the elocutionist, Miss Francis Nickawa.

Rev. A. McLauchlin and Harry McLachlan were in Peterboro on Thursday evening to attend a meeting of R.B.P.

The condition of Mrs. J. H. Fife, who has been seriously ill, is very much improved.

Miss Elizabeth Stewart has returned from Peterboro where she spent the past week visiting friends.

Extensive preparation is being made for Keene annual field day on May 24.

Mr. and Mrs. James Richardson and Mrs. Melling spent Saturday in Peterboro.

Messrs. Joseph Taylor and A. E. Fletcher were in Trenton, Thursday, on business.

William Fletcher has purchased a new coupe.

J. J. Dickson, who has been on a week's trout fishing trip, returned home on Friday.

Mr. B. Kindred has purchased a new six-passenger sedan.

Miss Garside of Peterboro, who was the guest of Miss Belle MacFarlane, installed her radio set at Central, and delighted a number of friends with concerts from New York, Chicago and other points.

Dr. Harold Kindred of Tweed is a guest of Mr. and Mrs. B. Kindred.

Dr. Harrisson is attending the medical health officers' convention of Ontario at Toronto this week.

Labor and U.F.O. Will Unite in Port Arthur.

PORT ARTHUR, May 22.—(Canadian Press.)—The Independent Labor Party and the U.F.O. in Port Arthur will unite to oppose Dr. Herman Bryan, nominee of the combined Liberal and Conservative Associations. According to a resolution passed by members of both parties at a joint session. A general meeting of Labor and Farmers will be held on Tuesday, May 29, for the purpose of selecting a candidate to contest the riding.

AT LAKEFIELD AND DISTRICT

Annual Church Parade of Oddfellows—Citizens Are Beautifying the Village—Personals.

LAKEFIELD, May 22.—The local I.O.O.F. No. 358 held their annual church parade to the Methodist church on Sunday evening, when Rev. C. S. Reddick preached an appropriate sermon.

A Mother's Day service was held in the Presbyterian church on Sunday morning by Rev. P. L. Jull, who preached an appropriate sermon.

A dance is being held in the Memorial Hall on Wednesday evening of this week.

Beautifying Village.

In the spring a young man's fancy may turn to love, but the householder turns to the beautifying of his home Several residences have received a new coat of paint, and with freshly mown lawns and flower beds abloom with tulips and other early flowers, the effect is pleasing to the eye of the beholder and creates a good impression on strangers passing through the village.

Personal Paragraphs.

Mrs. Cameron of Toronto has moved to the village and taken up residence in Mr. G. W .H. Pattrick's house on the corner of Katherine and Maria streets.

James Raddon of Young's Point, was in the village on Saturday.

Fred Moore spent last week in Toronto on business.

Mrs. Fred Brown and Miss Miriam returned on Thursday from a visit to friends in Madoc.

Mr. and Mrs. E. Watley of Peterboro were in the village on Friday.

Miss Elsie Ogilive of Toronto spent the week-end with her father and sister in the village.

Mrs. W. M. Graham, Mrs. T. B Marling and Chas. James attended the meeting of the Deanery of Victoria on Tuesday last.

Mrs. G. E. Donaldson and son of Lindsay are guests of Mr. and Mrs. F. J. Burgess.

Miss Elmeta Hull of Belleville General Hospital is spending her vacation with her mother, Mrs. John Hull.

Mr. and Mrs. G. W. H. Pattrick and family removed to Bowmanville last week, where they will reside in future.

Miss Jean Thomson of Hamliton is visiting at her home in the village.

Mrs. Robert Watson was in Peterboro on Friday.

Henry Ruck of Cleveland, O., passed through the village on Thursday en route for Boschink, Stoney Lake.

Mr. and Mrs. John Hunter are at their cottage near McCracken's Landing.

Mr. and Mrs. John Darling attended the funeral of Mrs. Mark Edward in Warsaw on Wednesday.

Mrs. Hayward of Edmonton was the guest of Dr. and Mrs. H. E. Moore last week.

Frank Gray of Peterboro was in the village on business on Friday.

Victor Young of Young's Point was in the village on Saturday.

Mrs. T. Waldon, Misses G. Summers, Graham, and I. Webster and Rev. C. G .King and Messrs. Bert Summers, A. Barker, R. Alford and H. Payne attended the meeting of the A.Y.P.A. Local Council of Peterboro district which met in the basement of St. George's Church, Peterboro on Thursday evening last.

Miss Corkery spent the week end with her parents in Peterboro.

Miss Irene Madill of Peterboro was a week-end visitor in the village.

Misses Verne and Doris Burgess of Peterboro were week end visitors to the village.

Mr. G. G. Ogilive and Misses Ogilive who spent the winter in Toronto returned home on Friday.

Miss Laura McFarlane of Young's Point was in the village on Friday.

W. J. Lemay of the Ontario Dental College has returned home for the summer vacation .

Miss Elsie Kidd of Peterboro Normal School spent the week-end with her parents in the village.

Mrs. R. G. Madill of Ottawa is visiting her parents, Mr. and Mrs. Arthur Jory.

Miss Muriel Boyce of Peterboro Normal School spent the week-end with her parents, Mr. and Mrs. F. Boyce.

Miss Clare Young of Young's Point was in the village on Saturday.

Miss Kincaid of Peterboro was the guest of Mr. and Mrs. Danbuz on Thursday.

Mr. and Mrs. R. J. Lennox and Miss Stella Lennox were in Warsaw on Tuesday last attending the funeral of Mrs. Mark Edwards.

W. McFarlane of Young's Point was a visitor to the village on Saturday.

Mrs. Thos. Dorman of Peterboro is the guest of Mr. and Mrs. Aubrey Mitchell.

Elevator Capacity Will Be Increased.

PORT ARTHUR, Ont., May 22.—(Canadian Press.)—The total elevator capacity of Port Arthur and Fort William will reach 65,000,000 bushels by Setpember this year, according to figures made public yesterday by Joseph Redden, chief statistician of the Port Arthur Chamber of Commerce. In 1900 the total storage capacity ofthe two ports was only 5,700,000, of which Port Arthur controlled only 5 per cent. By the close of 1924 the elevator capacity is expected to reach 70,000,000.

The greatest day's receipts was on 3rd October, 1922, when 2,247 cars, totalling 3,065,000 bushels, were unloaded into the elevators.

November 30th, 1922, was the record day for shipments, when 27 ships carried aawy 6,810,000 bushels of grain.

What I Have Learned in 47 Years Practice

I HAVE been watching the results of constipation for 47 years, since I began the practice of medicine back in 1875. I am now 83 years old, and though from time to time the medical profession makes some wonderfully interesting experiments and tests, the fundamentals of causes and relief in this particular ailment are unchanged.

But the people take greater interest today in their health, in diet, exercise and the drinking of water. Constipation, however, will occur from time to time no matter how one tries to avoid it. Of next importance, then, is how to treat it when it comes. I believe in getting as close to nature as possible, hence my remedy for constipation, known as Dr. Caldwell's Laxative Syrup Pepsin, is a mild vegetable compound. It is made of Egyptian senna and pepsin with agreeable aromatics. Children will not willingly take bitter things. Laxative Syrup Pepsin is pleasant-tasting, and youngsters love it. It does not gripe. Thousands of mothers have written me to that effect.

Over 10 million bottles of Dr. Caldwell's Laxative Syrup Pepsin are now sold every year, and it is the most widely bought family laxative in the world. I say family laxative because all in the family can use it with safety. It is mild enough for the infant in arms, effective in the most chronic constipation of an adult. The formula is on every package.

Recently there has been a new wave of drastic physics. Calomel, a mercurial that salivates and loosens teeth, has been revived; salt waters and powders that draw needed constituents from the blood; coal tar disguised in candy form that causes skin eruptions. In a practice of 47 years I have never seen any reason for their use when a medicine like Laxative Syrup Pepsin will empty the bowels just as promptly, more cleanly and gently, without griping, and without shock to the system.

Keep free from constipation! It lowers your strength 28 per cent, hardens the arteries and brings on premature old age. Do not let a day go by without a bowel movement. Do not sit and hope but go to a druggist and get a bottle of Dr. Caldwell's Laxative Syrup Pepsin. It is a generous-size bottle. Take a teaspoonful that night and by morning you will be well. The cost is only about a cent a dose. Use Laxative Syrup Pepsin for yourself and members of the family in constipation, biliousness, sour and crampy stomach, piles, indigestion, loss of appetite or sleep, and to break up fevers and colds. Always have a bottle in the house, and observe these three rules of health: Keep the head cool, the feet warm, the bowels open.

W. B. Caldwell M.D.

From a recent portrait of DR. W. B. CALDWELL, Born Shelbyville, Mo., 1839

I REPEAT MY FREE OFFER
$10,000 worth of trial bottles of Laxative Syrup Pepsin free

Last year I agreed to spend $10,000 cash for free samples of my Laxative Syrup Pepsin, and send them free and postage paid to all who asked. A tremendous mail was the result. But there must be many who did not write. I would like to get their address this time. So I now renew my offer, in remembrance of my approaching 84th birthday, and will again devote $10,000 to free samples. I am anxious to see one in every home. Write for yours today. Simply give me your address. Send it to Dr. W. B. Caldwell, 31 Caldwell Building, Toronto, Ont. Mine is truly a free gift; it costs the public nothing.

TAKE DR. CALDWELL'S LAXATIVE SYRUP PEPSIN The family remedy

IN MILLBROOK AND DISTRICT

Funeral of Miss Ruby Sootheran — Personal Mention.

MILLBROOK, May 22. — The funeral of the late Ruby Sootheran took place at St. John's cemetery, Ida, on Thursday, May 17, upon arrival of the afternoon C.P.R. train at Cavan Station from Ottawa. Rev. Canon Allen having charge of the service at the graveside. Deceased was born in Millbrook thirty-seven years ago, and was the only daughter of the late Mr. and Mrs. George Sootheran, who for many year, were residents here. After the death of her mother, about twenty-five years ago, Miss Ruby went to Ottawa, where she became practically a daughter in the home of her uncle and aunt. Mr. and Mrs. Mortimer Cummings, acting as book keeper for some time for the former who is engaged in the lumber business. Pulmonary trouble having developed, deceased went to Saranac Lake for treatment, remaining there for about two years; rather bright hopes of her ultimate recovery were entertained when she returned home a few months since, but it soon became evident that the ravages of the dread diseases were only temporarily stayed, her death taking place on Tuesday of last week.

Her father had predeceased her by some years, and the immediate surviving relatives are five brothers, Garnet, Lionel, Harold, and William all in the West, and Earl, of Chapleau in Northern Ontario. The pallbearers were F. N. Alcorn D. Fowler, H. Collins, W. G. Hetherington, L. C. Russell, and E. Morden. Amongst those attending the funeral were: Mr. George Byam. and daughter, Mrs. Tuft, of Toronto, Mrs. Fred Byam of Bowmanville, her son and daughter, Mr. Lionel Byam and Mrs. Hooper. of Tyrone, Mr. Earl Sootheran, of Chapleau, Mr. Mortimer Cummings of Ottawa Messrs. J. Steele and J. L. Byam of Millbrook.

In common with most Sunday Schools all over Canada, the 'Go-To-Sunday-School" day was observed in the Methodist Sunday School on Sunday afternoon, the special program, "Building the Nation," issued bp the Religious Education Council of Canada, being followed throughout. The exercise. "The Flags we Honor" was taken by Lawrence Rowland and Arnold Fallis, and the reading "I would be true, for there are those who trust me," by Jean Burnham representing the C.G.I.T. group. It was expected that over 1,000,000 scholars, with their teachers and officers, would be using the program in the Dominion yesterday this being the third consecutive year when such a program has been made ready. The occasion serves as a great spring rally, especially for those schools which have been closed all winter, and gives a splendid opportunity to bring into the Sunday School many, both old and young, who have not ben attending. It is stated that in Canada only fifty out everyone hundred boys and girls are receiving religious teaching in the Sunday School; the other fifty must be won for the sake of our nation, and his is the task of teachers and Sunday School workers to-day.

A delightful birthday party, in honor of Mrs. I. E. Needham, was held at her residence on Friday last her daughter, Miss May Needham, and their guest Mrs. McIntyre, of Peterboro acting as hostesses, for the occasion. Mrs. Needham was the recipient of a host of good wishes from friends here and at a distance, for "many happy returns of the day." The guests on Friday included: Mrs. (Rev.) S. T. Tucker, Mrs. (Rev.) J. Wilks, Mrs. E. S. Burnham, Mrs. A. Kennedy, Mrs. W. E. Russell. Mrs. R. H. Edmunds Mrs. W. Mullen, Miss Duncan.

Personal Mention

Misses Audrey and Margaret Lacheur of Peterboro, were guests of Mr. and Mrs. Irwin Hatherly on Sunday.

Mr. and Mrs. J. Spence and two daughters, Misses Gertrude and Elsie were visitors to Peterboro on Saturday.

Mrs. Ernest Fallis of Bethany, was a visitor at the home of Mr. and Mrs. H. A. Fallis of Fallis Line.

Mr. and Mrs. Frank Fallis, who are down from the West, Mr. Harold and Mrs. Jessie Fallis of Toronto, are guests of their brother and his wife. Mr. and Mrs. Lavergne Fallis of Fallis Line since last week.

NEWS APSLEY AND DISTRICT.

W. A. Presents Christ Church With Altar Linen — Books Donated to the Library.

APSLEY, May 22. — The W. A. of Christ Church, Campbellford, sent a beautiful set of altar linen as a Whitsuntide offering to the Apsley Church of England Mission, a gift which is very highly appreciated. It was used at the Whitsunday morning service at St. George's Church.

Miss Katherine E. Wallis, of Peterborough, has very kindly donated a number of books to the library of St. George's Institute.

The coming Provincial election is not so far, causing much excitement in the village and vicinity. Mr. J. C. Strickland was noticed passing through the village last week, and yesterday notices of the Liberal convention at Norwood were posted up, so evidently the political pot is beginning to simmer.

It is reported that $5,000 is to be spent on improving the road between Burleigh and Apsley, but the old-timers say they want to see the work begun before they'll believe it. In the present condition of the road that sum won't go far. Another nought is needed to be added to the figures.

Whitsunday will be remembered as wet Sunday here. In three hours during the afternoon 1.32 inches of rain fell, part of the time accompanied by thunder and lightning. The total rainfall for the day was 1.72 inches.

KING GEORGE WILL REACH LONDON TO-DAY

LONDON, May 22.— (Canadian Press.)— The King will arrive in London to-day according to the Times. His prompt return suggests says the Times, that he has already decided upon whom to invite to the Premership, and will extend a formal invitation immediately. The Times in an editorial rules out all dark horses, such as Earl Balfour, Lord Derby and Duke of Devonshire, and contends that the choice lies between Lord Curzon and Stanley Baldwin, either of whom it believes would be willing to serve under the other.

LINER ASHORE ON NEWFOUNDLAND

C.P.R. Liner Marvale in Difficulties—All Passengers Safely Landed — Vessel Leaking Badly.

MONTREAL, May 22 (Canadian Press). — The passengers and crew of the Canadian Pacific liner Marvale, which went ashore near Trepassey, Newfoundland, yesterday morning, have been safely transferred ashore, according to information received by the Canadian Pacific officials here.

ST. JOHN'S, N.F., May 22 (Canadian Press). — The Canadian Pacific line Marvale went ashore yesterday morning on the Newfoundland coast, twenty miles west of Cape Race, according to a despatch received here last night.

At the time the message was received the vessel was leaking badly, and the passengers were being landed.

The report said the liner struck on Cape Freels, near Trepassey. This is on the south coast of Newfoundland at the apex of the peninsula between St. Mary's Bay and Trepassey Bay.

The Marvale, a vessel of 7,121 tons, was outward bound from Montreal.

MONTREAL, May 22 (Canadian Press). — The Marvale sailed from Montreal for Liverpool on 18th May.

She was formerly the Corsican, of the Allan Line, registered at Glasgow. Her tonnage is given by Lloyd's Shipping Register as 11,419. When she sailed from this port the Marvale carried approximately 130 cabin and 80 third-class passengers.

Pick Up Passengers.

In a telegram despatched about midnight by the Canadian Pacific to all its agents, it was stated that the Empress of Britain, which was in the vicinity of the wrecked Marvale, would pick up all passengers of the latter vessel. The Empress of Britain is inbound to Quebec and will bring passengers to that port after re-embarking them to-day. The Empress is expected to reach Quebec late Thursday.

Scotch Immigrants Reach United States.

NEW YORK, May 22 (Canadian Press). — A cheering crowd of friends and relatives greeted 347 Scottish immigrants who arrived on a special train from Halifax late yesterday after debarking from the liner Cameronia on Saturday to rush across the border in a race against the immigration quota.

The race, they discovered on their arrival, was unnecessary, but the procedure was taken when it was believed that the liner Baltic would dock here ahead of the Cameronia with enough immigrants to exhaust the quota.

The Baltic, however, brought but 17 immigrants.

The Cameronia docked this morning with 140 remaining passengers.

Many of the Scottish immigrants, it was sad, would leave for the West immediately.

No matter how great a range a singer may have, it ever sounds as good as the one in the kitchen.

Some gardners have vegetables right along now, according to the empty cans in their gardens.

School-days are Joy-days

for youngsters who get the food-elements they need to nourish and sustain their growing bodies. Shredded Wheat is a perfect food for growing boys and girls because it contains every element for making heathy tissue and good bones. Children like the nutty flavor of the crisp, tasty, oven-baked shreds of whole wheat. Shredded Wheat developes sturdy, robust bodies, with minds keenly alert for study or play. Two Biscuits with milk or cream make a perfect meal and cost but a few cents. Delicious with fruits.

TRISCUIT is the Shredded Wheat cracker—a real whole wheat toast—eaten with butter, soft cheese or marmalades.

Canadian Stock Exchange — And Mines — New York Stock Exchange — And Curb Prices.

To-Day's Quotations and Opinions and Reviews of the Markets.

NEW YORK, May 22.— (Special.)—After getting away to a good start to-day the stock market broke below yesterday's low and around noon a rough compilation showed the averages of 20 representative stocks at or below the low points of last November. Industrials stood at 92.77 at Monday's close compared with the November low of 92.03. The Rail average was 80.13, which, with the addition of the 2.68 points resulting from the deduction of the L and N and stock dividend brought it slightly above the November low of 82.17, with both Railroad and Industrial compilations standing at critcal points, the market showed a better resistance in the early dealings. Steel Common rallied to 96 1-8 after opening at 95 1-2, with small recoveries from their recent lows were scored by Bethlehem, Consolidated Gas, Kelly, Dupont and several other industrials that were under complete pressure Monday. Although many authorities felt that the recent drastic readjustment of stock values had discounted the falling off in industrials activity, to this attention was called by President Campbell, of the Youngstown Sheet and Tube. Professionals made capital in the first hour of the uncertainly created in the speculative community by apprehension over the immediate business outlook. In the early dealings stocks again turned heavy following a brief period of betterment after the opening. Baldwin was depressed below Monday's bottom and other active industrials yielded their early gains.

STEALING BOOTLEG NEW INDUSTRY NOW FOR BRITISH THUGS

Ships Sail From English Ports Like Buccaneers of Old and Capture Cargoes Off the U.S. Coast.

By CHAS. McMANN

LONDON, May 22 (United Press).—Volunteers from all parts of England's underworld are flocking to the skull-and-crossbones of the pirate fleet.

These pirates prey on the rum runners that are found along the U. S. Atlantic coast. The pirates are so strong that it is making rum-running almost as bad as being honest.

Reports here are that the liquor pirates now operating off Long Island Sound are mainly from British ports—the stock that in other days, manned the bucaneering ships which took toll from the world's merchantmen.

And there are other reports that the "merchantmen"—the bootleggers—are doing what their forerunners did—signing on crews who can fight and making it worth their while to meet machine-gun with machine-gun.

It is declared here that, though the first rum pirates operated from the United States, their existence was due to an ambitious plan formed in London to sell bootleg liquor in the United States without going to the trouble of taking it all the way across the Atlantic—or paying for it.

The pirate fleet is declared to be well organized, with the usual mysterious "men higher up," and a firm, if unfeeling intention of making a dishonest living from the "honest" rum-runners, as their turbanned ancestors did from honest merchantmen.

Presiding Genius

The organizing genius of the pirate fleet operating from England, and controlling most of those operating from the States—there are a few amateurs—is believed to be the former chief steward of an Atlantic liner.

It is the safest form of piracy ever known. The ships that engage in it can obtain clearance papers in the ordinary way, as fishermen or tramps. They prey on an illegal traffic. It does the bootleggers no good to "squeal"—even when they have the chance, for if they put up a fight the odds are against them. A complaint to United States authorities that a cargo of illicit whiskey had been stolen would do them no good, even if it did them no harm.

The bootlegging game has grown to large proportions here. There is no way British authorities can prevent ships from taking abroad perfectly legal cargoes of spirits.

Any day in the cafes and restaurants of the West End of London there may be seen Americans, prosperous and idle, who are engaged in the traffic. There are others, idle but not prosperous, who have come over here on a "shoe-string," to sell their knowledge of the game to speculative Britishers.

Those who come over here with the money buy stocks of whiskey and gin themselves. The others raise the money from gamblers or bookmakers willing to take a chance. In any event the "goods" are seen safe on board the ship that is to take them to the States—a schooner, a trawler or an old tramp steamer.

Then comes the anxious part. The monied agents sit around buying drinks and the unmoneyed ones just drinking them, whiling away the fortnight or month or two or three that may elapse before a carefully worded cablegram comes informing them that the "goods" have arrived at an American port, or have been sold at sea.

A Big Profit

It means a profit of from $10,000 to $350,000 to be split up among those who financed the trip and those who organized it.

It used to work almost too easily Occasionally a ship would get careless and would be picked by revenue men and there would be no cablegram.

But now there are many disappointments. It was not until recently that the real reason was found—pirates.

It began to leak out that there was a new variation of the double cross at work, and that there was a three-mile limit to honor among thieves, as well as to the activities of revenue men.

It was found that more and more boozeless bootleggers were starting out—strong ships, large crews, but no cargo aboard.

Bootleggers need small crews of honest seamen for their work, who can be depended upon not to murder the skipper and sail off with the proceeds and who will be content with a modest "split."

The new crews were made up of ticketless mates, berthless and unberthable seamen from dockland "pubs," and thugs and gunmen from the slums and tenderloins of the great ports.

They are the ones who form the crews of the pirate fleet. They join by invitation, and the best of them, after their integrity as dependable pirates has been established, may be assigned to join up on selected bootleg ships and, at the proper time, drop a flare overboard as a signal in case a waiting pirate ship fails to find them.

Big Money in It

There is even more money in piracy than in bootlegging. All the capital required is for the ship and the crew and the fuel and food for the first trip. There is only the risk that the crew will go Bolshevik after a haul.

All this means huge losses to the men who put up the money for the "legitimate" bootlegging trade. It means being broke in a strange country for the "shoestring" men, and it means also being suspected of having put over something on the financiers.

Some of the shoestring men, according to report, have turned pirate themselves, figuring that with the blame they may as well have what should go with it.

Keep Your Hands Soft and White With Cuticura

The daily use of the Soap, with occasional touches of the Ointment, is very effective for keeping the hands soft and smooth. For red, rough or sore hands: On retiring bathe in hot water and Cuticura Soap, dry, and rub in Cuticura Ointment.

Soap 25c. Ointment 25 and 50c. Talcum 25c. Sold throughout the Dominion. Canadian Depot: Lymans, Limited, 344 St. Paul St., W., Montreal. Cuticura Soap shaves without mug.

They find it easy to find a privateer to join and members of pirate crews are said to be obtaining $1,000 a trip and all expenses, with a bonus for a good catch.

Operating on Pacific

But the bootleggers are planning means to restore the game to its former simplicity. Some of them have begun to operate from Japan-trans-shipping liquor at a Japanese port to rum-runners which make for the Pacific coast. The others are preparing to fight back.

Just as some of the bootlegging crews have turned pirate, some of the pirates are beginning to reform—to form the nucleus of a bootleggers' Fascisti.

The game is too profitable for the promoters to permit it to be broken up. They can afford to ship big crews and to raise the pay; and there is a prospect that within the next two or three months stories may be heard of old-fashioned pirate fights off the North Atlantic coast.

LABOR CONFERENCE

By HENRY WOOD.

GENEVA, May 22. — (United Press). — The annual International Labor Conference, provided for under the treaty of Versailles, and which is participated in by all the leading countries of the world, will hereafter be held in Geneva in May, instead of October.

This change was decided on because the labor conference, following so closely the annual assembly of the League of Nations, loses much of its importance.

However, as the Versailles treaty provided specifically that the conference must meet once a year, the Board of Governors decided to hold on October 22 a brief perfunctory conference with only one item on the agenda, and then to start off the big annual conference in May of 1924.

The conference this year will merely consider the one question of general principles of labor inspection.

With the big 1924 conference in May, however, it is expected that a new era will open in the history both of the International Labor Conference and the International Labor Bureau, owing the participation for the first time of the American Federation of Labor and the Chamber of Commerce of the United States, representing the American employers.

This much has already been promised as a result of Albert Thomas' recent trip to the United States. In the meantime active efforts are being made to secure at least the unofficial participation of the United States Government as well. As Germany and the other ex-enemy countries are already members of the International Labor Conference, this full participation of the American Government, the American Federation of Labor and the American Chambers of Commerce would make the Labor Bureau and Conference the most nearly complete international organization in the world. Russia would be the only large country not participating.

The Chamber of Commerce of the United States feels that every step taken to improve the condition of the foreign workman and to increase his standard of living serves to reduce for America the question of cheap foreign labor competition. In this point of view, the American Federation of Labor is in accord with the American employers.

NEWS OMEMEE AND DISTRICT

OMEMEE, May 22. — A pleasing event took place at the Girls' Guild meeting last week when the young ladies of the society expressed their appreciation of the work of their rector's wife, Mrs. James, by presenting her with a handsome table runner, which will serve as a pleasant reminder of the many happy gatherings of the society in Omemee.

Mrs. James expressed in a few words her appreciation of the gift.

Council Met.

The Omemee Council met in the Council Chamber on Monday evening pursuant to adjournment. There were present Reeve W. D. Stinson and Councillors Thomas Newman, J. Magee, and A. R. Younie.

The minutes of the last meeting were read and confirmed.

Councillors Younie and Magee moved that the following accounts having been examined and found correct, be paid, and the Reeve and Clerk be authorised to issue cheques for the same:

Street light for April, $83.30; Coronation Hall, lighting, $2.00; W. H. Kennedy, clerk, for tile, $4.10; T. Newman, repair culvert on Queen Street, $1.80; Walter Mitchell, repair vre engine, $2.50; C. W. Richards, on contract of printing, 1923, $50.00.—Carried.

Councillors Younie and Magee moved that the Council Chamber be rented to the convention committee at the rate of $1.50 per night, with a minimum total charge of $10.00, until the election.—Carried

Joseph Morden interviewed the Council re the cleaning of a water course at the south-end of his property on Mary Street.

Councillors Magee and Newman moved that this Council meet as a Court of Revision on Monday, 4th June, 1923, at .30 p.m.—Carried.

The Council then adjourned.

APPARENT CURE CANCER SCOURGE

Professor Blair Returns From Old Country With Favorable Report.

NEW YORK, May 22.—(Canadian Press).—An apparent cure for cancer consisting of solution of colloidial of lead, which is an enemy of diseased tissue, has been dis covered by Professor Blair Bell of Liverpool University, according to Dr. L. Houghey, of Concordia, Kansas. who returned today on Steamer President Adams after studying surgery abroad for several years. Dr. Houghey stated that Dr Belll had treated more than fifty cancer cases and in none of these did disease return.

Cure had not been made know to world because of Dr. Bell's reticence and his desire to treat more cases before making it generally known.

MYSTERIOUS DISEASE

(By P. M. Sarl.)

LONDON, May 22. — A mysterious, malaria-like African disease, supposed to have been caused by mosquito bites, caused the death of one passenger and seevn members of the crew of the Union Castle liner Garth Castle.

While off Beira, Portuguese East Africa the ship was visited by swarms of mospitoes, and as the liner had been remarkably free from sickness it is supposed that the subsequent epidemic was caused by infected mosquito bites. Adozen members of the crew were quickly struck down, the symptoms being similar to malia, but much more ravaging.

No known treatment could be applied and a woman passenger, an engineer-officer, the purser, three stewards and two seamen died on the homeward journey. They collapsed suddenly and raipidly became delirious, dying under conditions which completely puzzled the ship's doctor. As suddenly as it arose the epidemic died down and despite special quarantine investigations no satisfactory medical explanation could be found.

BLIND MAN'S BUFF

EVEN in this age of enlightenment some folks spend their money blindly. They buy with their eyes shut. They grope in the dark as truly as if their eyes were bandaged.

And all the time a powerful light is being thrown on the very things they need and want.

Advertising is a beacon to guide you in buying. It shows you what to buy--where to buy--and when to buy. At the same time, it protects you against fraud and and inferiority.

Merchants and manufactures who advertise deliberately focus thousands of eyes upon their wars. Their values must be honest and their prices right, or they could not advertise successfully.

Don't play blind man's buff with the exclusive dollar. Spend a few minutes each day running through the advertisements in this paper. Then buy the products tha have proved up in the light of advertising

VOCATIONAL TRAINING

CHICAGO, May 22.—(Associated Press).—The first exposition ever held of vocational and trades schools, representing the entire field of vocational training, will be convened here May 30 to June 10. The entire scale of human occupation will be shown. The exhibits will range from agriculture to beauty culture, and will touch such subjects as art, accounting, ventriloquism, zoology and innumerable other arts, occupations and trades.

The displays will be from 300 schools in this country and the Federal Government. The Government display will be made up chiefly of exhibits from the Post Office, Army, Marine Corps and Labor Departments.

The exhibits will be held in conjunction with and under the auspices of the National Conference or Vocational Schools and Colleges. This conference will be held June 4 and 5.

TO SEND DELEGATES

MELBOURNE, May 22.—(United States).—The Australian Government has invited twenty countries with interests in Pacific to send delegates to the Pan- Pacific Science Congress, which meets in this city from August 23 to September 3. The following nations have been asked to participate: Great Britain, Canada New Zealand, Bolivia, Chile, China, Columbia, Costa Rica, Ecuador, France, Guatemala, Honduras, Japan Mexico, Holland, Nicaragua, Panama Peru Siam and the United States

Agenda subjects of the Congress are to be: Agriculture, including the consideration of animal and plant pests and the nomenclature and the culture of cereals; botany, ethnology particularly the investigation of natives in the mandated territories under the League of Nations; fisheries geology, geo-physics, including a gravitation survey; meteorology; preventive medicine, especially in tropical diseases; veterinary science and zoology, with especial attention to the fauna of the Pacific areas

Trouble with these long distance dancers is every time they break a record they make a new one.

INDICATIONS OF PARTY CLEAVAGE IN THE COMMONS

Humphrey, Progressive of B. C., Who Voted for Budget Last Year, Will Vote Against Progressive Amendment.

OTTAWA, May 22 (Canadian Press). — The first indication in the House of a cleavage in party ranks over the Budget came yesterday, when L. W. Humphrey, a British Columbia Progressive, who voted for the Budget of last year, declared his intention of voting for it again this year, and against the Progressive amendment.

For the most part, however, the debate followed its customary course. Progressievs and Conservatives were critical of the Budget, and Liberals came to its support.

General A. E. Ross, Conservative of Kingston, referred to it as a political cenotaph to the Liberal platform of 1919.

O. R. Gould, of Assiniboia, asserted it was no use "for this Government to hide behind the fetish of reciprocity and let the things which appertain to-day go unchallenged and unwarranted." Liberal speeches, he added, appeared to be apologies for not putting Liberal policies into practice.

John Morrison, of Weyburn, another Progressive, thought the life of the Government would be short for failure to implement its pledges.

Dr. Murray MacLaren, Conservative, of St. John, favoured the extension in British preference as limited to imports shipped direct to Canadian river and sea ports, and announced his intention to support this feature ofthe Budget proposals.

But M. Senn, Conservative, of Haldimand, thought it would bear heavily on the Canadian woollen industry.

J. G. Robichaud, of Gloucester, held that the renewed offer of reciprocity had given general satisfaction.

MR. BONAR LAW HAD A VERY GOOD NIGHT

LONDON, May 22. — (Canadian Press).—Mr. Bonar Law had a very good night. His condition is unchanged. No further bulletins will be issued at present. This statement was issued after the former Prime Minister's doctors had visited him this morning.

BALDWIN WILL BE SUCCESSOR TO BONAR LAW

Was Summoned to Buckingham Palace Today by the King—Had Conference.

FORM MINISTRY

LONDON, May 22. — King George to-day summoned Stanley Baldwin, Chancellor of the Exchequer to Buckingham Palace. It is customary for the King to summon in this manner the man whom he desires to form a government. Baldwin and Lord Curzon, Foreign Minister, have been regarded as the leading candidates for the office of Premier to succeed Bonar Law, who has resigned because of illness. The summoning of Baldwin by the King was taken to indicate that he would give him the first opportunity to form a Ministry and become Premier.

Baldwin arrived at Buckingham Palace at three-twenty p.m.

Before calling Baldwin the King had a long conference with Lord Stamfordham, his secretary, who had just conferred with leaders of the Conservative party.

Lord Curzon arrived in London shortly before Baldwin was called to the Palace.

Later it was announced that Stanley Baldwin had accepted the Premiership.

BONAR LAW WOULD REMAIN A MEMBER

Former Premier Writes to That Effect to Glasgow Unionists.

LONDON, May 21. — (Canadian Press).—Andrew Bonar Law has written a letter to Glasgow Unionists, in which he says he desires to continue as a member of the House of Commons. He presumes there is no objection to his remaining as the member for Glasgow Central Division for the present, although he adds that it is very unlikely he will be able to attend this session of Parliament.

FIVE INSTANTLY KILLED.

FRANKLIN, Ohio, May 22. — (Canadan Press.) — Three women and two children were instantly killed at Carlisle, two miles west of here, yesterday afternoon, when a Baltimore & Ohio passenger train crashed into a truck in which they were moving from here to a new home at Germantown. The driver of the truck and another man escaped serious injury.

The dead are: Mrs. Margaret Williams, 53, Sarah Williams, 13, daughter of Mrs. Williams, Mrs. Lela Williams ,2, daughter-in-law, and her two children, Mary 3 and baby boy.

BEST I HAVE EVER TAKEN

So says Mr. John Brooks in describing the relief he found in Dreco, the famous herbal remedy.

Mr. John Brooks, a well-known citizen of 82 Chestnut Street, Toronto, makes an interesting statement in which he praises Dreco highly. Let him tell how this wonderful medicine helped him.

"I have taken many things for catarrh in my head, nose and throat, without relief. I believe it was this condition that caused my stomach to get in bad shape. The food I ate would not agree with me and would sour in my stomach, and I also had pains in my back and dizzy spells.

"Dreco relieved these pains and dizzy spells and I can walk along the street now without fear of them overtaking me. I sleep fine and have a good appetite and no longer have that sluggish, tired feeling. Dreco has proved to be a wonderful medicine for me, the best I have ever taken."

Praise of this nature coming from responsible people tells its own story of the value of Dreco as a corrective for all digestive complaints. It is prepared expressly to regulate the stomach, liver and bowels and offers quick relief from many distressing symptoms.

Dreco contains no mercury, potash or habit forming drugs. It is compounded solely from herbs, roots, bark and leaves of known medicinal value.

Dreco is being specially introduced in Peterboro by Bond's Drug Store. It is also sold in Lakefield by E .H. Northey, and by a good druggist everywhere.

TURKS BLEW UP BRIDGE.

ATHENS, Greece, May 22.—(Canadian Press).—Turkish troops are reported to have blown up the bridge over the Maritza River connecting Adrianople and Karagatcs. The news caused consternation here.

TRENT RIVER TO PUT UP COWAIN MEMORIAL

Resident of Village Who Lost His Life in the Great War—Meeting Held Last Evening.

TRENT RIVER, May 22.—Residents and cottage owners will unite in putting up a monument in memory of the only resident of Trent River, Richard Oliver Cowain, who lost his life in the Great War. Other young men from this place enlisted, but all except Private Cowain returned.

At a meeting held in the Methodist Church here last night the above action was decided upon. Ex-Reeve A. H. McKeel, of Campbellford, who has been the promoter of this proposition, and the prime mover, occupied the chair. Mr. McKeel, who owns a summer cottage here, was a warm personal friend of the late Private Cowain.

On calling the meeting to order, Mr. McKeel explained the object of the gathering. It was fitting, he said, that some memorial should be put up for the Trent River man who had made the supreme sacrifice. A plot of ground 30 feet square near the pavilion has been secured from the Government through the efforts of Supt. A. L. Kilally, of the Trent Canal, this land to be held on a lease at a nominal rental of $1 a year. Reeve Van Volkenburg of Seymour Township and Harold B. Wood of Trent River have been appointed trustees to hold the lease. Mr. McKeel has secured from the Department two machine guns captured from the Germans, and these trophies will be placed near the monument. The plot of land will be made one of the beauty spots of the village.

The money required will be raised by voluntary contributions, and it is also proposed to hold a memorial regatta, the proceeds to go to the memorial fund Mr. McKeel added that another idea was to hold a children's day while the monument was being put in place, so that the young people might receive a lesson in patriotism. On that day a boat will be kept in commission to convey children to the scene and to carry them home again.

Meeting Was Unanimous.

When the chairman asked all those in favor of the proposition to manifest it by a show of hands, every person in the room responded. Mr. McKeel was then unanimously selected as permanent chairman of the memorial committee, the members of which will make all further arrangements, including the raising of funds and the holding of the regatta. Other meetings will be called from time to time when the owners of cottages have taken possession of their summer homes.

The meeting then adjourned after votes of thanks, moved by John Rettan and Samuel Ellis had been tendered Supt. Kilally for his efforts on securing the site, and to Reeve Van Volkenburg and his colleagues in the Seymour Council for appointing trustees to hold the lease of the property.

The Late Private Cowain.

The late Private Cowain, before the war, was well-known here as a guide for visiting hunters and fishermen. He enlisted and went overseas with the 93rd Battalion of Peterborough. One of his comrades-in-arms was Sergt. John Rettan, who still resides here. When the 93rd reached England Private Cowain was one of the first men to be detailed for duty at the front. The day he left for France he bade farewell to Sergt. Rettan, and told him he never expected to return.

"I am going," the Sergeant quotes him as saying, "to push up the daisies," a soldier's method of predicting his own death and burial.

The premonition of Private Cowain proved correct. He was one of the first Canadians to go over the top at Vimy Ridge on April 9, 1917, and was also one of the first to lose his life in that engagement.

Memorial Tablet.

The heroism of the late Private Cowain has already been commemorated. In the Methodist Church here there is a bronze tablet that was put up by two of his friends, Mr. and Mrs. Harold B. Wood, the inscription setting forth his name and briefly telling of his death. He was 25 years old and unmarried. His mother, a sister and a brother now reside in Campbellford.

The Question of Location.

At the meeting last night Sergt. Rettan suggested that the proposed memorial be not put up on the site already secured, but in the plot in the cemetery where the father and a sister of the late Private Cowain are buried. Another suggestion was that it be erected in front of the Methodist Church. The majority of those present favored the site on Government land, as the monument can be seen by the tourists as they pass up and down the canal.

Sergt. Rettan stated that members of the G.W.V.A. are putting up a monument in the cemetery in memory of the late Sergt. Howard Thompson, who went overseas with the 139th Battalion of Campbellford.

I AM LEO ROGERS DECLARED BANDIT

And He Relieved a Toronto Citizen of One Dollar.

TORONTO, May 22 (Canadian Press). — "My name is Leo Rogers. Hand over your money!" With this command a street prowler, thought to be following the races, obtained one dollar from Clarence LaCombe last night.

Mr. Lacombe was on his way home, and was walking along Woodmount Avenue, when the man stepped out in front of him.

Declaring he was Rogers, the bandit, who escaped from North Bay.

The thug frightened LaCombe, and he handed all but eight cents of his money he had in his possession.

The bandit then disappeared, and LaComb notified the police. He said that the hold-up man was about 22 years of age. He was six feet in height, was wearing a blue suit, and a peak cap. LaComb also said that the man had about a week's growth of beard.

CAMPBELLFORD COUNCIL MET

Bid of Toronto Firm for High School Debentures Accepted—Other Business.

CAMPBELLFORD, May 22. — The council met in special session last night and opened the tenders for the $68,000 High school debentures recently advertised. Fourteen tenders altogether were received, every one of which contained an offer of a bonus. The bid of R. C. Matthews and Co. of Toronto, which was for $72,204.40 for the issue was the highest received and this was accepted unanimously. The debentures run for 30 years and the rate of interest is six per cent. The lowest of the 14 tenders offered a premium of $3.75 for every $100 of the issue.

That Campbellford's credit is rated high in the financial world is shown both by the number of tenders received and the premiums offered. Even before the debentures were advertised for sale inquiries were received here from leading brokers all over the Dominion.

Sewer to Be Built.

On motion of Deputy Reeve Wilkinson and Reeve Anderson, Clerk McGregor was instructed to advertise for tenders for the construction of a sewer on Garry street, these to be received up to June 1st. This improvement, it is estimated, will cost the property owners $2.75 per foot front for ten years, the rest of the expediture to be borne by the town.

On motion of Councillor Cole and Reeve Anderson, the engineer was instructed to make a survey of the proposed sewer on Rear and Second street, a matter which has been before the Council for some time. This means that work on this improvement will soon be started.

Another sewer for which a petition is in is one on Inkerman street, but it is explained that before this work is undertaken a general survey of the town's sewerage system must be made in order to secure a proper outlet. This may mean that the work will be delayed for another year.

Stone For Street.

The tender of Henry Redden to supply crushed rock for repairing Front street, was accepted. The price is $1.50 a yard delivered.

Personals.

Mrs. John Govan left yesterday for Toronto, where she will reside permanently.

Dr. E. F. Richardson has purchased a Dodge Sedan car from Tait and Son.

A man is a person who is late for supper.

MURINE FOR YOUR EYES

MAKE CANADA A LAND OF LOVE

Following is an extract from the Montreal Witness of May 15:

"The Montreal Gazette, always loyal to protection and privilege, announces with a big-type hurrah that "Fielding is a Convert to Tariff Stability" because he has substantially adopted as his own the protective tariff which he found in operation on succeeding to the protectionist administrations of Sir Robert Borden and of Mr. Meighen. Tariff stability, by the way, is the rubber stamp of the protectionists. They avoid the wood protection; it has come to sound ill to the people and they do not profess to want to get the tariff raise, only to save protection from death They are loud in their attestations of their belief that their industries live upon its exactions. M. Fielding in some measure prepared us for continuance when, some days ago, he spoke of Canada as a low tariff country. That is just how Mr. Meighen always described his attitude, though he is frankly a protectionist. A low tariff country is not what the Progressives think it As to that, we can only say that we believe the people of Canada are willing to face very high burdens for revenues, but are very unwilling to be bled by the manufacturers. Loyalty carried them into the war, and they are now prepared to face the terrible cost of it. They would almost adopt with a new significance, the motto of the American revolt: "Millions for defence; not a penny for tribute." The Gazette's shout of relief shows that, in spite of the patent conditions, there was still a quiver of apprehension in the privileged quarters that Mr. Fielding would follow the traditions of the old Liberal party—indeed that, in view of the fierce demand for some relief for the producing classes, and the silent resentment o the consuming classes at Canada being artificially made the dearest of countries to live in, the reduction might, on this occasion, have been somewhat violent. No doubt Mr. Fielding thinks that he has followed that good principle; though the descent he was accomplished has been gentle in the extreme. No doubt his reduction would have been more heroic had Liberalism been in the ascendent in the party. No doubt it would have been so had the "western Liberals—for Liberals they are—formed the bulk of this party. But no one knew better than the Montreal capitalistic group, for which the Gazette speaks, what a cinch they had on the Government as it is. How much they had to do with bringing that condition of dependence about, they only know. Sir Lomer Gouin, who later became a dominating member of the Government, proclaimed the present attitude before the election. So that there is no astonishment anywhere, but much discouragement throughout the country at finding itself still in the clutches of those who have been its real rulers, and who seem, through monopoly of the press and otherwise, to have the gift ascribed to some of the monsters in the Revelation, of drawing the third part of men after them.

Newspaper Thraldom.

The budget will not please every one, not even its creator, who has to bend the knee in fealty to the Tory sceptre and take the oath of allegiance to "stability." What else could he do as the mouthpiece of Sir Lomer Gouin and his solid Quebec sixty-five, descendents of those known in the days before Confederation as the Moutons, the sheep, faithful to a shepherd, even though the shepherd may, as director of great capaitalistic institutions, represent interests very different from theirs. All that is necessary to herd the majority of our people of all races is to secure the press. That is the whip by which the herd is coralled, and by which all of us, even Mr. Fielding, are governed. That process of securing the press is going on all the time. How long will it take by this means to add the prairies to the victims behind the conqueror's car of triumph? Meanwhile, what a fine clear ring has the policy of the Progresive party, as stated in its amendment to the budget? By keeping apart, the Progressives have been able at all events to maintain the purity of their testimony but to gain almost nothing. Would they have gained anything more had they taken their place within the government at ranks? Or, would they by any measure of compromise with the enemy have lost more in moral strength than they would have gained in actual progressive legislation They are perhaps thinking that out even now with varying conclusions.

Billingsgate, in London, was a fish market 1000 years ago.

At Alto Crucero, Bolivia, water freezes every night in the year, while at noon the sun sometimes is hot enough to raise blisters on the skin.

NEW YARD-WIDE
"Dalmor" Art Draperies 33c Yard

All are full 36 inches wide. Lovely bluebird and floral designs and a great showing of new colorings in pinks, blues, yellows and browns. Just now, house-cleaning time, values such as this will be greatly appreciated by those who are looking for something to brighten the home during the warm summer months.

WOMEN'S SUMMER WEIGHT
Chamois Cloth Gloves 49c Pair

Direct from the French makers. All have pretty embroidered backs and piping of contrasting colors. Made in serviceable summer weight chamois cloth. A price that puts economy in the reach of everyone. Pleasing shades—grey, mastic, mode, Havana, navy and black.

WOMEN'S REGULAR 75c TO 90c FINE LISLE HOSE,
49c Pair

Well-known brands, such as "London Lady," "Penman's" and "Crown Brand," make up this lot. You may have your choice of plain knit and dropstitch styles, in colors of grey, brown, navy and heather mixtures.

Every pair sold for at least 75c, and many pairs 85c and 90c.

"GOLD," "SUNLIGHT," "P. & G." AND "LONDON SPECIAL" LAUNDRY SOAPS,
10 Bars 67c

We highly recommend these Laundry Soaps at this low price. The first three named are perhaps the best known, while the "London Special" is a full pound bar. Soaps last longer if well seasoned. Better buy a supply and put it aside.

JUST ARRIVED
Children,s Mercerized Colored Lisle Socks 33c

So great has been the demand for these Kiddies' Socks that we sent in a large rush order for more. Many mothers who were not fortunate enough to secure a supply a week ago will take advantage of this Sale. There is not a complete range of sizes in each color, but a complete size selection in the lot.

"NIAGARA MAID" AND "QUEEN QUALITY"
Guaranteed Silk Gloves 89c

A price that will certainly not be lower. Early buyers will find every size in such colors as grey, mode, brown, black, white, smoke and platinum. Every pair guaranteed.

Often Hot Weather Arrives Before One Has Anything Cool to Put On!

If you need an extra garment or two for the holiday, stroll around our second floor to-morrow. It will be the last day of our "May Week of White" and "Special Selling Week of Dresses." Billows of dainty, white Lingerie and many charming Silk Frocks at prices that will prove interesting to all. —SECOND FLOOR

50-In. Silk Tricotine $1.29 Yard

One may wonder why we are able to sell such lovely Silk at a price so low. There being only a limited range of colors, we purchased it at one-half the regular price. This should be a leader in our Annex tomorrow.

Heavy Black Pailette Silk, $1.59

35 INCHES WIDE

A material well known for its excellent wearing qualities. It possesses a wonderful sheen and of fast black dye. A Silk that makes up well and is particularly suited for Blouses, Slips, and Dresses.

Cream Homespun $1.89 Yard

54-INCH

A very popular material for suits, jumpers and sport skirts. This practical fabric is very much in vogue this season, and seldom does one see such an opportunity as this present itself. Purchase your requirements tomorrow.

CLEARAWAY LINE OF
Wool and Part Wool Fabrics, 49c Yard

A few broken lines to clear at this remarkable price. Included you will find Poplars and Poplins, in navy or Copen. They have been selling for 98c and $1.00 yard. Quite suitable for bloomers and bathing suits.

Time-Limit Sales

1 HOUR SALE, 9 A.M. TO 10 A.M.
Women's Pure Thread Silk Hose 69c
HOLEPROOF SECONDS

It would be wise to purchase your summer supply during this Hour Sale. Yes, they are seconds, but the imperfections are slight, usually in the lisle part of the foot. All sizes from 8½ to 10.

STREET FLOOR.

1 HOUR SALE, 9 A.M. TO 10 A.M.
Men's Balbriggan Combinations 88c
SECONDS AND OVERMAKES

One may have a choice of short or long sleeves, in sizes 34 to 44. These garments are not damaged—merely slight oil stains make them seconds. At this time of year garments such as these will certainly sell quickly. It would be advisable to be on hand early.

NO TELEPHONE ORDERS.

SEVERAL NAMES TO GO BEFORE CONSERVATIVE CONVENTION, NORWOOD

T. P. Lancaster, Clerk of the Municipality of Havelock, a Possible Standard-Bearer in East Peterboro.

HAVELOCK NEWS.

HAVELOCK, May 22.—It is likely that a number of names will be presented at the nomination convention of the Conservative party of East Peterborough to be held in Norwood on Wednesday afternoon and among those mentioned for the honor is a well known resident of this village, T. P. Lancaster, clerk of the municipality.

J. A. Sexsmith, ex-M.P. of Prenceveau, who for two terms was the popular Federal representative of the riding, has been urged by his friends to permit his name to go before the convention, but Mr. Sexsmith emphatically declares that he is out of active politics for good.

Others whose names are mentioned in connection with the nomination are J. C. Strickland, Reeve of Lakefield, E. C. Sqiures, of Norwood, ex-Reeve James Russell of Belmont township and Major T. D. Johnston, son of Major David Johnson. This young man was one of the first to enlist when the war broke out and served four years overseas. His nomination would be one of the most popular that could be made as he has a host of friends in the riding.

Havelock's Boom.

The residents of this village are looking forward to an industrial boom, there being no fewer than three manufacturing plants in prospect. One of these, a metal products firm, has about concluded negotiations. What it asks in the way of concessions is a free site and that $15,000 of the stock of the concern be purchased locally, the title of the plant to be put up to be held by the village as security. The firm pledges itself to give employment to at least 25 hands, 15 men and the balance to be women and children.

A shoe company is also likely to establish a branch in the village and the council recently concluded the purchase of a factory building to be leased to the new company if satisfactory arrangeemnts can be made. This firm will employ a large number of men.

Another industrial prospect is an American firm which is negotiating for a location for a branch factory.

There has been a marked revival of the business of the C.P.R. ever since the western wheat stored in elevators during the winter has begun to move toward the seaboard.

The Hydro Canal.

The Hydro engineers who have been stopping at the Armstrong House all winter have about completed the survey of the district. It now appears a certainty that a canal will be built from Belmont Lake to the Trent river to augment the water supply and increase the power caapcity of the plants in the vicinity of Healy Falls and Campbellford. The proposed work includes the building of a dam which it is estimated will raise the water in Belmont lake by twenty feet. This supply will be held in reserve to be used in the event of a protracted drought such as reduced the power supply last summer. The canal will enter the river near Healy Falls. Raising the wtaer in Belmont Lake will mean the flooding of a number of farms but on the greater part of the shores there is nothing but wild land to be submerged.

Believed to be the largest instrument of its kind in the world, a drum with a diameter of eight and a half feet was recently used in a London picture-theater to imitate the firing of cannon.

AN AFTERMATH OF STILLMAN DIVORCE

NEW YORK, May 22.— (Canadian Press.)— Florence Leeds, the former show girl who figured in the Stillman divorce case, indicated last night that she might take legal steps to obtain support for her five year old son, Jay Leeds. It was brought out in the divorce action that Stillman was Jay's father. Mrs. Leeds said she had found it necessary to dispose of her Park Avenue apartments in order to obtain funds for living expenses. Stillman withdrew his support last October, she declared.

EDITOR OF WORKER LABOR CANDIDATE

Alleged That He is Wanted in Nova Scotia on Charge of Sedition.

TORONTO, May 22 (Canadian Press). — Malcolm Bruce, for whom the Attorney-General of Nova Scotia is said to hold a warrant on the charge of sedition, was named as a Labour candidate in Toronto last night at a meeting in the Labour Temple of the Labour Political Representation Association.

Bruce accepted the nomination in person with a few formal remarks, and then left the meeting.

Six candidates were chosen by the meeting, which was representative of all sections of the movement, economic and political. They are: John G. O'Donoghue, K.C., and James T Gunn, South-East Toronto. Malcolm Bruce and John Macdonald, South-West Toronto, James Simpson, West York, and Alex Lyon, Riverdale.

NEWS HASTINGS AND DISTRICT

Go-to-Sunday-School Day Fittingly Observed — Peterborough Vocalist Appreciated.

HASTINGS, May 22.—"Go-To-Sunday-School" Day was observed last Sabbath in the local S. Schools. The service prepared bp the Religious Education Council of Canada being used The weather was not very favorable, consequently numbers were prevented from being present.

Mr. Asa Huycke of Peterboro, spent Sunday at the home of Mr. and Mrs. L. T. Huycke. At the evening service in the Methodist church Mr. Huycke rendered a beautiful solo which was much appreciated.

Mrs. Baker of Port Hope, who has been seriously ill at the home of her daughter, Mrs. J. Gould, is on the road to recovery

Mrs. Smith of Cobourg, has been the guest of Mr. and Mrs. W. Warner.

Mrs. McCormack left on Monday for her home in Toronto, after a two weeks visit with her daughter, Mrs. Sydney Spooner.

Mrs. H. Miller of Keene was in town on Monday.

Mr. and Mrs. Wm. Warner, left on Saturday for a two week's motor trip to various points.

Rev. Father Bretherton is recovering from his recent illness and is able to be around again.

Miss Rosy Langley, who has been in the employ of Mr. Victor German's grocery store, has resigned her position and will leave in the near future for Lindsay, where her parents intend to reside

This Leaves the Arms Free from Hairy Growths

(Toilet Talks)

A simple method for completely removing every trace of hair or fuzz is here given. This is painless and usually a single treatment will banish even stubborn growths. To remove hairs, make a thick paste with some powdered delatone and water, spread on hairy surface and after about two minutes rub off, wash the skin and the hairs are gone. This method will not mar the skin, but to avoid disappointment, be certain you get delatone,

CAMPBELLFORD AND DISTRICT

Question of Religious Instruction in the Schools--The New School Building

CAMPBELLFORD, May 22.—The regular monthly meeting of the Ministerial Association was held Monday afternoon in the Public Library those in attendance being: Rev. H. B. Kenny president; Revs. Rural Dean C. E. Clarke. Rev. C. F. McIntosh Rev. J. E. Glover of town; Revs D. A. Thomson and Mr. L. Hinton of Hastings; Rev. Dewey, Mr. Stinson M. A., B.D., of Westwood; Rev. Mr. McLachlan of Keene and Rev. J. J. Black of Burnbrae.

Messrs. McIntosh and Glover, who at the meeting a month ago had been appointed a committee to look into the question of religious instruction in schools and to what extent religion is taught, in the schools of the town, submitted a report, Mr. Glover, first of all reading the law as it applies to this problem of Education.

M. McIntosh reported that in the Campbellford schools no system of imparting religious instruction is in force but that this is a matter which is left largely to the individual teachers. He read the opinion of the Religious Educational Committee, the members of which are of the opinion that the church and not the State is responsible for religious instruction in the schools and explained the methods proposed by the Council. The idea of the members is to have this problem handled in every community by a committee composed of ministers, members of the school board and of the Religious Council.

It was the opinion of the ministers present that if half an hour is devoted every week to giving religious instruction in the schools it should be at some other time than at the close of the daily exercises as the children are then too tired to be easily interested.

Mr. McLachlan reported that he spends one half hour every Wednesday in the schools in his village. Mr. Kenny believes that religious instruction should be part of the curriculum instead of being left to outsiders. Mr. Black reported that at Burnbrae he is at liberty to visit the schools at any hour he chooses.

After considerable discussion it was decided on motion of Mr. McIntosh to appoint committees composed of the resident ministers in each community to formulate a plan for giving religious instruction in schools, these to report at the next meeting of the association which will be held on Monday, June 11, ot 2.30 p.m.

The anndal outing of the Association will be held on Friday, June 29, at Trent Bridge.

The Paper of the Day

The paper for the day was read by Rev. D. M. Stinson of Westwood, who gave a review of the well known religious book, "What and Where is God." An interesting discussion followed and a hearty vote of thanks was tendered Mr. Stinson on motion of Messrs. Thomson and Clarke.

The next meeting, it is expected will be devoted entirely to the discussion of religious instruction in the schools.

At thelast meeting of the Cheese Board the highest bid was 15 5-8c, a drop of over two cents since the previous meeting, the decrease being due to a fall in the English market.

The Cost Explained.

Engineer Hayes of Toronto, who is superintending the construction of the new high school, at the recent special meeting of the council, explained why the part of the building left out of the revised plans—the gymnasium and the assembly room—would cost more proportionately than the rest of the structure, the contract price for which is $67,350. The part left out constituted 32 per cent. of the building, and the estimated cost of this is $28,874.

Engineer Hayes stated that the excavation under the gymnasium must be five feet deeper than that under the rest of the building, in order to secure the proper space between the floor and the ceiling. The assembly room will be above the gymnasium. In the construction of these two departments more steel will be used than in the parts now in process of construction.

E. J. Anderson, son of J. C. Anderson, who has completed his second year as a medical student in Queen's, is home for the summer vacation. He will spend the twenty-fourth with relatives in Omemee.

Mr. and Mrs. William Allan, of Allan's Mills, have gone to Detroit, Mrs. Allen having received word of the death of her brother in an accident.

U.S. Shoe Factories May Be Shut Down.

BROCKTON, Mass., May 22. — (Canadian Press.)— Shoe factories in this city and nearby towns may be crippled through a strike which began last week and which last night had closed several shops. Several local unions were in session last night to decide whether they would join the strikers.

Of the 22,000 shoe workers employed in the area around Brockton about 6,000 are on strike. The strikers demand a wage increase of 21 per cent. and abrogation of the agreement between manufacturers and the Boot and Shoe Workers' Union, under which disputes are referred to the State Board of Conciliation and Arbitration.

To Cross Europe in Less Than 30 Hours.

LONDON, May 22.— (Canadian Press.)—Through the collaboration of the airplane companies with the continental railways, it is now possible to travel from London across Europe in less than 30 hours. Passengers leaving London in the late afternoon can catch the 7:45 p.m. Orient Express at Paris, arriving at Strasbourg at 3.30 in the morning, and taking an airplane for Bucharest or Constantinople. The last lap of the journey, between Belgrade and Bucharest, is covered at night in a machine with a triple motor and Bucharest is reached about 10 p.m.

All roads lead to home.

EAST CITY MAN IN ASSAULT CASE

Was Allowed To Go On Suspended Sentence — Police Court News.

Charged with assaulting his wife with intent to do her bodily harm, an East City man was this morning released on suspended sentence by Magistrate Langley. He was bound over for one year in the sum of $500 and ordered to remain away from his wife's home and from his family. The prisoner promised to endeavour to provide for his wife, making his payments through the Chief of Police.

High Cost of Cycling.

East City was again in the limelight when Magistrate Langley fined a young man $5 and costs for cycling on a sidewalk there.

Costs brought the price of the joy-ride up to $10.25 and the Magistrate intimated that he has not yet reached the limit.

Get **Sun-Maids** —Always Good

TALK ON POLAND

(Continued from Page 1)

land whose mighty forests, salt mines, oil and sugar refineries, coal and iron fields, menaced by "seven warring nations ready to attack them at any time. a rough, heroic people whose simple ways and brave coourage, whose kindliness to oppressed of all nations impels them to sharing of their own meagre crusts with the refugees from other lands, whose uncomplaining patience over-ride the qualities of lying and thievery and deceit imposed upon them by centuries of cruel oppression and barbaric enslavement, such was the picture drawn for his hundred or more hearers by M. Messing last night.

Skepticism at First

Greeted by skepticism at first in his endeavors to inculcate into the rude soldiery a little of the spirit of play and fun in their gymnastic exercises, Mr. Messing's story revealed a later co-operation in his work by Polish authorities which showed a whole-hearted will and desire to help in every way. Buildings or the best type were supplied, one of the 'Y' homes in Poland now being a former magnificient shooting-lodge of the late Czar.

Pictures were shown of the buildings ruined by the Bolsheviks in their advance, of a field where dead men lay face down in shallow trenches, of women digging for potatoes and sugar-beets.

The Peasant Home

Of a typical peasant home with the towering windmill beside it, of the interior of a house belonging to a wealthy Polish merchant, whose consumption of wine during dinner was enormous, 'for the men drink and smoke a great deal, the women smoke constantly and even the children do both," and there was a picture of the Jewish merchants, who "control about forty-five per cent. of the wealth of the country." Mr. Messing declared that reports of pogroms in Poland against the Jews were wildly exaggerated. the only case known to him being a rut where 25 Jews were killed, "not without provocation," the resulting report in American papers giving the number as 2,500. For the Jews in Russia, declared the speaker, there would be some vengeance in days to come, because of the terrible things the Jews have brought on Russia." There are many Russians he asserted who are nominally Bolshevik because they realize that their lives and property depend on their allegiance to Bolshevik doctrines and "because the Jews have control of all the weapons and ammunition" but a day of reckoning against the Hebrews will surely come. Pictures were shown of Chinamen captured with Bolshevik prisoner groups, the Oriental element being considered responsible for much of the brutality of the recent attack.

Pictures of refugees returning to their old homes in Poland after years spent in Siberian prisons showed them sheltering in rude tree-built huts, living on acorns, leaves and nuts, six thousand people huddling in underground hovels a thousand of their number freezing to death, on the way. A train on its way to a hospital had only two untrained attendants for its load of wounded, and the cad were shoved out at every stopping-place

But the calibre of the people and their patient acceptance of terrible condition, was well illustrated in the case of Mr. Messing's secretary, smiling at the camera a girl who had been through terrible experiences in the Bolshevik war-days, and whose entire family was still after many years in search of a permanent refuge. Views of men and boys after training in the 'Y' camps showed a strong contrast to the appearance of the ordinary soldiers.

A vote of thanks was accorded the speaker by Allen Doughty president of the B.Y.P.U., under whose auspices the meeting was held. Mr. Messing, introduced by G. H. Roper general secretary of the local 'Y', paid a very flattering tribute to Mr Roper, one of the "boys" of the speaker.

INFANTS DELIGHT IT'S WHITE TOILET SOAP

INSTANTLY KILLED IN ELECTRIC STORM

Aged Victoria Man Struck By Lightning While Lying On Couch.

LINDSAY, May 22. — Silas O'Brien, who resided with his son at Dongola, about seven miles from Coboconk, was instantly killed by lightning Sunday afternoon during the progress of the severe storm which swept the northern portion of Victoria County.

The aged man was resting on a sofa when he was stricken. One of his sons, who was standing at the door, was thrown out into the yard by the force of the lightning.

The late Mr. O'Brien is survived by his wife, three sons and two daughters.

The same afternoon two cows, the property of Mr. B. Rickman, were killed in the field by lightning.

COWS LIKED SYRUP.

SARANAC LAKE, N.Y., May 22 (United Press). — It is evident that Lawrence O'Connell, of the Adirondack hamlet of Keene, was not born beneath a lucky star.

He recently worked at boiling maple sap from the first faint grey of dawn until the last rose and silver of the sunset had faded from the snow fields of Marcy.

In the twilight he went to the house to get the cans for the rapidly cooling syrup.

Upon his return he found that his three cows had drank the famed pancake dressing to the last drop.

RUSSIA'S REPLY IS CONCILIATORY

Such is Opinion Held in Moscow—To Be Delivered Tomorrow.

MOSCOW, Russia, May 22. — (United Press).—Russia is preparing a reply to the British ten-day ultimatum, to be delivered tomorrow, which is believed to be conciliatory. The three main points, the fulfillment of which Britain demands, are:

1. The withdrawal of Raiskolnikov and Shumantzsky from Persia. Britain alleges they are spreading propaganda.

2. The withdrawal of the note signed by Gregory Weinstein, in which Britain's plea that churchmen be spared was summarily rejected.

3. Compensation for British subjects who have suffered loss through Russian action without reciprocity for Russian citizens.

The news of the resignation of Bonar Law and the fact that he might be succeeded by Stanley Baldwin caused a feeling of pessimism here.

FIRST SUITS.

The popular suit model of the present moment is the short belted or box coat, heavily embroidered or braided, accompanying a simple frock with a plain, narrow skirt.

GERMAN VILLAGES STUDY WAYS TO TAX BACHELORS

COLOGNE, May 22 (Associated Press). — How to tax a bachelor is puzzling a number of communities in the Rhineland, especially in the localities where the authorities are for the most part married men with families.

The little town of Repelen, near the Dutch border, decided simply to call a spade a spade and declared an out-and-out "bachelor tax" of 2,000 marks a month. Young men between 18 and 23 years of age were permitted a 25 per cent. rebate, and complete immunity was provided for such unmarried chaps as had little or no income. The latter clause wrecked the scheme, for it ran the town amuck of the federal finance ministry at Berlin, which ruled the income tax was a sole and pet protege of the central authorities. Therefore, the ministry decreed, neither Repelen nor any other German community could levy against an individual's earnings.

Hamborn profited by its little neighboor's experience, and so disguised the tax that it comes under the head of "per capita" assessments, for the most part married men with families, yet reads "For Bachelors Only" between the lines. The Hamborn city fathers wisely avoided making any reference to a man's income.

Other places are figuring on dodging the federal objections by making their bachelors subject merely to a special "residence" tax.

HAIRCLOTH TURBAN.

The haircloth turban is returning to favor and is frequently trimmed with long, drooping feathers, or even ostrich.

C. P. R. EXPRESS HAD TWO FATALITIES ON RUN

SMITHS FALLS, May 22.—(Canadian Press.)—Toronto-Montreal C. P.R. Express No. 20, in charge of Conductor Rafforty of Toronto and Engineer Mike Cormody, Montreal, had two fatalities on its run yesterday. While the train was stopped here to change engines, Alfred Price, 48, of Gillingham, England, in the second class coach, committed suicide by cutting his throat, and 15 minutes after it had pulled out of the station the engine struck and fatally injured Miss Albertine Nicholson, aged 70. Miss Nicholson was struck by the engine and hurled into the ditch while walking on the tracks.

But when you buy it you'd have to take somebody's word that it is a Fleet Foot.

It is not Fleet Foot unless the name Fleet Foot is on the shoe.

FLEET FOOT 205

Fleet Foot was originated and is made only by the Dominion Rubber System. The name Fleet Foot is on every pair. It is your guarantee of quality and value.

QUIZ CORNER

THE ROYAL WILLIAM.

What is the story of the Royal William?

A—The Royal William was the first steamship to cross the Atlantic, in 1831, as the first ship depending on the motive power of steam alone. She was built in Quebec and Canadians made up her first crew.

SIR LEONARD TILLEY.

Q—Who was Sir Leonard Tillty?

A—Sir Leonard Tilley was a New Brunswick statesman who joined with Sir John A. Macdonald in helping to bring Confederation to pass, winning over his native province to it. He was also a noted temperance leader of his day.

Boat races are held to determine the champion ship.

TWO CONSTABLES SLAIN BY ROBBER

Tragedy in Jersey City Precedes Arrest of Hold-up Suspect.

JERSEY CITY, N. J., May 22.—(Canadian Press). — Detective-Sergeant John Black and Patrolman Clarence Ware were shot to death and Lieut. Harry Otis and Detective James Walton seriously wounded to-day, when they attempted to arrest Frank Sayes as a suspect in a hold-up in which nine thousand dollars was stolen from the Public Service Corporation.

The shooting occurred at 19 Manhattan Avenue, this city. After the shooting Sayes and a woman known to the police as May Miller, a dance hall girl, were driven from the house where Sayes lived by gas bombs, and placed under arrest.

When the officers surrounded the house to arrest Sayes the latter opened fire on them from a rear window. Detective Walton was the first to drop; Otis, Black and Ware then rushed the building, and a volley was poured from the second storey window. Two more officers entered the house, and they found Otis, Black and Ware lying outside Sayes' bedroom door, the latter two dead.

Reserves were summoned to keep back the large crowd that gathered to watch the fight, and tear bombs were obtained and thrown into the attic where Sayes was barricaded. Soon afterwards he clambered down, and after a stiff fight was placed under arrest. It is said that Sayes fired the shots that killed the policemen, but when the woman was apprehended her hands were powder-stained.

LEGAL BATTLES OVER PATENTS OF AIRPLANES

LONDON, May 22 (Associated Press). — The expiration on 22nd May (to-day) of the Wright Brothers' airplane patents, and on 18th September of the J. J. Montgomery patents, says the London Daily Telegraph, may involve huge transactions.

If the Montgomery claims are sustained the United States Government may have to pay the heirs of J. J. Montgomery a royalty on 13,894 airplanes, built or purchased during the war, and, in addition, on those bought subsequently.

The Montgomery claims number 45, one of the most important relating to a "curved wing with means for changing its curvature," a claim with a very wide interpretation.

The main Wright patent will have been lodged for 17 years on 22nd May, and a battle for the reward has been going on for ten years. Great Britain has been saved from the harassment of litigation by the action of the British Wright Company. With the assent of Orville Wright, the British company, instead of attacking the airplane industry, agreed that as their object was to obtain recognition of the Wright Brothers' pioneer work, they would leave the trade alone and be content to exact recognition from the British Government.

No British airplane company was ever called upon to pay royalty under the Wright patents, and none was ever refused a license.

The Wright patent mainly concerns flexible wing tips, acting in combination with the rudder, but it is held to cover also the rudder action in combination with the hinged wing-tip flaps.

IMPORTANT

ANNOUNCEMENT

DUFFUS MOTOR SALES, PETERBOROUGH, have taken over the SELLING RIGHT of WOOD BROS.' THRESHER in this portion of the Province of Ontario.

On account of the reputation of this substantial firm of Ford Dealers, this announcement will be welcome news to Threshermen and also Farmers who have under contemplation the Threshing of their own Grain.

WOOD BROS' are possibly the largest manufacturers of Threshing Machines on the Continent. So extensive are their manufacturing facilities, that they turn out a Complete Threshing Machine Every Thirty Minutes in the Day the Year Round.

WOOD BROS.' SEPARATOR, of which the above is a picture, is built in three sizes, 36, 46, and 50 inch bodies. The36-inch is especially designed and built for operation with a FORDSON TRACTOR; the 46 can be operated with any large size Tractor, or medium sized Steam Engine, and the 50 is designed for operation with heavier power.

WOOD BROS.' is a combined machine, guaranteed to satisfactorily Thresh, Separate, and Clean Wheat, Oats, Rye, Barley, Flax, Rice, Sugar-cane, Kaffir Corn, Milo Maize, Spelt, Timothy, Clover, Alfalfa, Peas and Beans.

The Frame is entirely built of Angle Steel and the Body, Wind Stacker, and Feeder of Galvanized Steel, which makes it absolutely rigid and entirely weather-proof.

It is guaranteed to Thresh satisfactorily and up to capacity with less power than any other Separator built, on account of its particular design and construction, which involves a number of patented features not included in any other make of Threshing Machine.

For full details fill in the form at the bottom of this advertisement, mail it to DUFFUS MOTOR SALES, PETERBOROUGH, and the information will be forwarded to you, or a Representative will call and give you all details in regard to Equipment, Price, Terms, &c.

I (name).....(P.O.).....
desire you to forward me (without obligation on my part) detailed information regarding Wood Bros.' Threshing Machines, mentioned in the above advertisement.

HOLIDAY OBSERVANCE AT LOCAL POST OFFICE

On Victoria Day (Thursday, May 24th) the post office wickets will be closed except between the hours of 8.30 a.m. and 10.30 a.m. during which period postage stamps will be on sale and the general delivery and registration wickets will be open.

There will be no delivery by letter carrier. All outgoing mails due for despatch after 12 o'clock noon on Victoria Day will be closed at that hour.

All money order, savings bank and postal note wickets will be closed.

There will be two collections only made from the street letter boxes, commencing at 8.00 a.m. and 9.00 a.m.

HUSBAND DIDN'T DARE LEAVE HER ALONE HER HEART WAS SO BAD

Those feelings of faintness, those dizzy spells, the all-gone sinking sensations which come on from time to time indicate a weakened condition of the heart and a disordered state of the nerves.

MILBURN'S HEART AND NERVE PILLS

have no equal as a remedy to strengthen the heart, invigorate the nerves and build up the run-down system.

Mrs. C. Vanhorn, Eckville, Alta., writes:—'About a year ago I had heart trouble. My husband didn't dare leave me alone, and often I would just feel kind of faint and my heart would seem to stop beating. I would just faint away, and it would sometimes be an hour before they could bring me back to life. Someone told me about Milburn's Heart and Nerve Pills. I got three boxes I took them and felt much better, so continued all Winter, and now I ever feel any such faintness, I surely do appreciate the good they have done for me."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

INSATIATE

I cannot seem
To get enough of Life—
  With its red wine I am intoxicate!
And I would drink
And deeper drink again—
  Life, lift the cup, I am insatiate!

Oh, Death, hold off—
I am not ready yet!
  Dash not away from my warm lips the cup!
Fate, stay your hand,
For I am yet athirst—
  Still to my lips, Life, hold the chalice up!

Ah, yes, my eager spirit
Asks so much—
  There are so many things I long to do;
There are so many heights
That I would reach—
  So many ways to go—I know so few!

Ah, no, I have not
Had enough of Life!
  The world is wide—is wonderful, and sweet;
But I have only trod
The narrow ways;
  The far, strange places have not known my feet!

There is so much of Beauty
I would see,
  That I may miss . . . I beg this boon, O Fate!
And Death—hold off!
Give me a longer time!
  Life, lift the cup, I am insatiate!
—Roselle Mercier Montgomery, in New York Times.

GAME'S END

Soon we must come to the Night,
With the Day of our toiling done,
A step—and the waning light
Dies with the fading sun.
Only a little way,
And then, where the Twilight creeps,
The dreamer has known his day,
And the soul of the dreamer sleeps.

Soon we must come to the Night,
For the Dawn and the Noon move by,
And the deep dusk wheels in flight
To the gray of a starless sky.
Only a step—and then
A breath—and over the way
We leave no shadow again
On the walls of another day.

What if the Game's end comes
Even amid one's prime—
Taps from the fading drums
Blown by the winds of time?
There are the vague regrets
As the wild years rush in flight,
But the crowded Inn forgets
Its lodgers for this night.
—GRANTLAND RICE.

GREECE HOPES FOR RED CROSS SAVING A MILLION LIVES.

Country Stands With Back to the Wall and Cannot Pull Through Without Aid of Powers.

By Williams Philip Simms

ATHENS, May 22.—Greece, with a population of less than 5,000,000, cannot possibly take care of her more than a million war refugees when the American Red Cross goes home in June, Premier Gonatas told me in an exclusive interview here today.

The "revolution" premier made it plain, during the conversation, that Greece to-day stands with her back to the wall and without the aid of friendly powers she will have great difficulty pulling through. He pleads for the Red Cros to hang on a while longer—until six months after peace is signed at Lausanne at least.

He also thanked the American public for saving the situation thus far

Quartered in the old Royal Palace in the dressing rooms of bathing pavilions along the beach, in the boxes of theatres and on the stages, in outhouses and stables, in goods boxes, freight cars, tents and out in the open, refugees swarm all over the nation.

Greek Plight Grave

There is one refugee for every Greek family. And when one stops to think that Greece was up against it even before the refugees suddenly began pouring in upon her out of Asia Minor, some idea of her plight can be gained.

"Consider," said Colonel Gonatas, "Greece has been cruelly tried by ten years of constant war and now, in this tragic moment, she must make a place for more than a million refugees, mostly women and children.

"Compelled to flee from their homes by the Turks, who committed before their very eyes atrocities which shame civilization, they arrived in Greece with only the clothes they fled in. Some of them indeed arrived barely covered.

'We have one, and are doing, all we can do with the limited means at our disposal, and that is why we so much appreciate the aid that has been given us.

"But in spite of all our combined efforts the problem remains as acute as ever. It is, indeed, Greece's most serious problem.

'For this reason the decision of the American Red Cross to end its mission in Greece at the end of June, comes to us as a very painful surprise.

"I am afraid this decision is due to an erroneous ideal. It was probably believed that the refugees could return home. They can't. They only came here after witnessing the most atrocious crimes imaginable inflicted upon their nearest and dearest. It is an incontestable fact that the total extermination of all Greeks in Asia Minor is the direct aim of the Turks.

'I am persuaded that the American Red Cross better informed, would not interrupt its work for humanity, and would realize that in spite of all our efforts we unfortunately, will not be in a position to replace their good work here far at least six months after the signature of a treaty of peace."

Go-Getters

The Modern Aladdin.

Aladdin said, "It's plain to see
My lamp is out of date;
The want ads. are the genius now,
The willing slaves that wait
To answer every human need
At such a tiny rate!"

when it's cooked by live steam in an SMP Savoy Cooker is better for you and tastes better, too! The inner boiler is pierced with little holes around the top, through which the steam penetrates. The live steam does the cooking. No need for stirring. No scorching. No trouble to clean, as there is no burnt or dried meal to scrape off. The Savoy Cooker is one of the most useful utensils made. CALL FOR RELIEF FROM COCHRANE.

Proper Food Badly Needed in the Fever-Stricken Community.

During the past week the Ontario Red Cross has been completing its relief organization in Cochrane. The emergency hospital continues to function under the management of Mrs. Young, the efficient matron, and her staff of nurses and orderlies, all expenses of salaries and maintenance being borne by the Red Cross.

The chief need for many weeks to come will be a supply of proper food, not only for the patients, and convalescents in their homes, but also for the families where the parents are sick, or only just recovering from the fever. The Red Cross has sent up a trained dietitian to take charge of this work, and to make plans of a business like system of food supply.

Although the epidemic is abating, there will be work to do for many weeks to come, and great precautions are necessary as the district officer of health writes that Cochrane is likely to have sporadic cases of typhoid throughout the whole summer.

The local branch of the Red Cross has sent to Toronto $500, and it is hoped that this amount may be augmented by generous donations from Peterboro citizens who are willing to help their stricken neighbors.

The Examiner has kindly consented to receive subscriptions, and these will be acknowledged. Cheques should be made payable to the Hon. Treasurer, Lieut.-Col. Noel G. L. Marshall, Toronto.

SWINDLED

Old rascal Life, you've swindled me!
  I owned a goodly store of youth,
Unmarred by time and held in fee.
  And now you've traded me, forsooth!
  A pile of shopworn years and ruth,
Two bandaged legs, a damaged knee,
  Lack-lustre eyes, a hollow tooth—
Old rascal Life! you've swindled me!

Rapscallion Life! you took me in!
  Look on this bald and shiny pate!
I mumble, grumble, force a grin
  But scarcely can articulate!
  This hideous stuff is out of date!
These rancid years offend like sin!
  I trip and stumble with their weight!
Rapscallion Life! you took me in!

Old Life, I am, since youth did go,
  A prehistoric tribolite!
Emotions gone, save that of woe
  (And hope that in some way I might
  Swap back to where my youth took flight—
Smack to the font whence youth did flow).
  I trust, old fraud! you'll do what's right—
Take back your junk and let me go!

Give back my many-colored coat,
  My star-strewn path, my youthful May!
I would not give a crooked groat
  For all the years that on me weigh,
  For all the tears you've made me pay,
For all the burdens that I tote!
  Old Life, I weary of the play—
You win the game, and I'm the goat!
—Harvey Sellers Dye, in New York Times.

CATTLE MARKETS.

TORONTO, May 22.—(Canadian Press.)—Receipts 1,364. Trade slow. Quotations: Heavy beef steers, $8 to $8.50. Butchers' steers, choice, $7.50 to $8.50. Butchers' cows, medium, $4.50 to $5.25. Calves, $9 to $10. Lambs, $7 to $16. Hogs, selects, $11.25 to $11.40.

About the only thing on earth lower than the German mark right now is the German pfennig.

While not as good as a dollar, a nickel does its best. It goes to church more often.

TRAINING CHILDREN FOR GOOD CITIZENS.

A Popularity Contest in Which Valuable Prizes Are to Be Distributed.

An interesting experiment looking toward the development of good citizenship in children is now being carried out in towns throughout Ontario by the United Cigar Stores of Canada, Ltd.

The company believes that, given sufficient promise of a reward, children can be put on such good behavior for a prescribed length of time that the good habits engendered during the period will continue to bear fruit.

The experiment is being conducted through the medium of a so-called popularity contest. Hundreds of valuable prizes are to be distributed when the contest is brought to a close on June 6.

The company is proceeding on the theory that almost any child can be induced to put itself on its best behavior if there is a reward in sight. The immediate objective of the children is to make themselves popular. To do this, good behaviour, nice manners and obedience are necessary.

So it is up to the children to make themselves popular if they are to participate in the prizes. The plan is for them first to induce their father, big brother or someone who smokes to write the child's name and address on the back of the purchase check given when a purchase is made in one of the company's stores and to drop the check in the box provided for the purpose.

Then they must put themselves on their best behavior in an effort to induce all their grown-up male relatives and friends to write their name and address on a check each time a purchase is made. The more they strive to make themselves agreeable, of course, the greater their chances of securing prizes.

It is the company's intention, if the opening contest is successful, to continue each month. In this way the children, with a reward always immediately in sight, will soon develop habits looking to good-citizenship that cannot be secured in the ordinary way.

The many "rolls of papyrus" that were found in King Tut's tomb in Egypt have turned out to be rolls of linen, apparently loin cloths.

Make Out-Door Work a Pleasure

A SUCCESSFUL garden needs proper cultivation, and to work your garden without wasting too much time, you must have efficient Gardening Tools. Let us show you the new styles of Cultivator Hoes, Weeders, Rakes, Forkes, Shovels and other devices which will make gardening a real pleasure to you, as well as ensuring the utmost returns.

For Mr. Householder

CUT THE GRASS, DIG THE BEDS, TRIM THE BUSHES, HANG SCREEN DOORS or PAINT VERANDAH DOORS

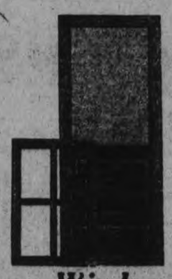
A change of work is as good as a holiday. Therefore, why not improve your home on Thursday by trimming the bushes, digging the flower beds and cutting the grass or painting the floors and hanging screen doors.

We can supply you with the Doors, the Paint and the Garden Tools.

Screen Doors

Thursday will be a good time to put on the Screen Doors. Sizes of Doors—
2' 6" x 6' 6"
2' 8" x 6' 8"
2' 10" x 6' 10"
3' x 7'
Prices, complete with fixtures for hanging, $2.75, $3.25, $4.00, $4.50 and $5.50.

Combination Doors



Storm Door during the winter months, Screen Door in the summer months. Sizes—
2' 8" x 6' 8"
2' 10" x 6' 10"
3' x 7'
Well finished. Price, with glass, $8.00

Window Screens

Adjustable fit any window, good quality wire. Price..... 40c to 90c

Grass and Edge Shears

For trimming the edges of the lawn bushes, etc. We have a splendid assortment to choose from. Price, pair, 60c to $2.75

Garden Trowels

A handy tool for transplanting, etc. Price ..... 15c, 25c and 35c

LAWN MOWERS

Guaranteed, adjustable, cuts the grass any length, hardened knives that will hold an edge, 14, 16 and 18-inch cut. Priced from ..... $8.75 to $17.00
Two leaders at ..... $11.00 and $12.00

Lawn and Garden Hose

No, this won't hurt it. It is our Multified Kan't Kink. An excellent quality. Price per foot 16c

Perhaps it is a little job of painting you have on hand to do. If so, you cannot do better than use

Sherwin-Williams Paint

If for the porch floor, use S.W.P. No. 69. A perfect color.
Price, per quart $1.60
Price, per ½ gallon $2.90

Turf Edgers

For keeping the borders trimmed even and straight. Price $1.60

Do You Keep Chickens

And do you know we are selling a Poultry Fence (illustrated) in 48, 60 and 72-inch high cheaper than ordinary Poultry Netting. Call and see it.

Want Ad Tips by John T. Bartlett

A SIDELINE INSURANCE AGENT.
(By John T. Bartlett)

This slogan has been used for the Want Ad section: "The Ambitious Person's Best Friend." There's truth in it, too. One type of ambitious person it will aid valiantly is the man or woman with a sideline or home business.

An accident insurance company persuaded Jonas Imberger to sell policies in his spare time. Jonas was a bright, keen young factory worker, popular with his associates. Noon hours, and in casual social intercourse with friends and acquaintances, Jonas would occasionally—if he felt disposed—talk accident insurance. He sold a policy now and then, and the commissions were welcome. Jonas did not take the sideline very seriously.

A sister in high school took a course in advertising. She became interested for her brother. Wasn't it possible that he had it in him to be something more than a mechanic? She told Jonas he ought to advertise. She wrote the brief Want Ad for him, and Jonas took it to the newspaper office. It ran under the "Business Personals" classification, like this:

"Jonas Imberger sells accident insurance; best plans, lowest rates." Then followed the Imberger home phone number and address.

When a sideline insurance agent, or other "sideliner," begins to use such advertising as this, two things happen. First, the advertiser takes his sideline more seriously; second, others take it more seriously, too. It is infinitely easier to meet and sell a person who has seen, and been impressed by, the little Want Ad than one who hasn't. This is what young Imberger found. The advertising gave him business standing. In a month, his commissions doubled. In six months, continuing the message regularly in the "Business Personals" column, he was able to leave the factory and devote all his time to insurance.

"The Ambitious Person's Best Friend." Want Ads are. If you are ambitious, and have a sideline business, let the Want Ads make it grow. They'll "come through" with results.

SAVED BY A MOTORIST LATER KILLED BY HIM

ROCHESTER, N.Y., May 22. — (Canadian Press.) — Saved from drowning in a creek by a passing motorist on Lake road, south of Clarkson Corners, Frank Akey, 65, of Brockport, died at the county hospital here yesterday.

With little girls playing marbles instead of dolls, posterity may find to hard to get raised.

YOUR BABY AND MINE

By MYRTLE MEYER ELDRED

HOW TO PLAY.

The child's play is as much a part of his development as later work in the school room. It is by his play that he learns to know his surroundings. The overfond and conscientious mother overdoes things by trying to direct the child's play constantly. She sits beside him commenting on everything he does, not infrequently she upsets his pride after he has finished in a crude manner some, to him, marvelous building project—by remarking it herself in a more perfect form.

This is a mistake. She should praise instead every effort he makes to build anything, no matter how unsuccessful it may appear to her eyes. The child's pride in his finished product will lead him to more ambitious efforts and he should progress thus naturally and not be deterred from further effort by seeing his mother's work by contrast.

Beads, crayons, blocks, boards, and modeling clay make the best sort of amusement material for the growing child. They lead him to use his own imagination—since they are incomplete in themselves. The child should be allowed to make whatever he chooses. His choice, his natural interest in what he wants to do will make him strive toward some finished effect when he will turn away listlessly from the effort of doing what his mother may want him to do.

The mother's guidance may be better employed in an unobstrusive effort to keep things in order in the nursery. If the child is surrounded by various amusements he cannot concentrate on any one for his mind becomes confused. He should be gently gided so that he finished and puts away one set of materials before he starts to play with another.

TO WEAR TUT ANKLETS

CHICAGO, (United States)—May 22.—King Tut pocket flasks are the latest thing developed by the world wide craze for Egyptian styles, P. I. Coffey, a manufacturing jeweler of Newark, told the jewelers here.

'What would old King Tut think," said Coffey, "if he awoke from his sleep of thirty-five centuries and learned that flasks neatly engraved with his portrait and hieroglyphic signature and filled with moonshine and other period liquor were being carried on the hip by our people? They are of sterling silver and the 'tomb motif' in ornamentation is bizarrely attractive. Prohibition has brought in a vogue for flasks and cocktail shakers as wedding gifts."

Anklets and amulets, Coffey said, were coming into vogue as a result of the Egyption fad.

"Don't be surprised," he said, "if you see a flapper on the avenue with gold, silver, or white-gold circlets studded with semi-precious stones dangling about her ankle. They are wearing them in Paris and London and they will soon be on this side of water.

"Egyptians of Tut-Ankh-Ame's time knew nothing of diamonds. Their gems were emeralds, sapphires, rubies, carnelian. lapis, lazuli, turquoise onyx and other translucent stones. These are renewing their hold on the public. Jade is also having a wide vogue."

SPECTACULAR ESCAPE MADE BY TWO CONVICTS

MONTREAL, May 22.— (Canadian Press.)—Frantically thrusting their way across the waters of Riviere Des Prairies, while rifle bullets spat into the open water all around the frail canoe that was carrying them, Convicts Wm. G. McDonald and John Clark escaped from St. Vincent de Paul prison here yesterday afternoon.

Pursuit was started in a gasoline launch, but their long start enabled them to make Montreal north shore in safety, whence they disappeared behind a row of cottages along the bank.

The PRIDE of PALOMAR

By Peter B. Kyne

(Continued from Yesterday.)

Allesandro nodded, the crowd laughed, and the horses went to the post. They were at the post a minute, but got away to a perfect start.

"Sancho Panza leads on Panchito!" the book-maker, Joe, declared as the field swept past the grand-stand. He was following the flying horses through his racing glasses. "Quarter horse," he informed his companion. "Beat the gate like a shot out of a gun. King Agrippa, the favorite, second by two lengths, Sir Galahad third. At the quarter! Panchito leads by half a length, Sir Galahad second, King Agrippa third! At the half! Sir Galahad first, Panchito second, King Agrippa third! At the three-quarter pole! King Agrippa first, Panchito second, Polly P. third. Galahad's out of it. Polly P's making her spurt, but she can't last. Into the stretch with Panchito on the rail and coming like he'd been sent for and delayed. Oh, Lord, Jim, that's a horse—and we thought he was a goat! Look at him come! He's an open length in front of Agrippa and the cholo hasn't used his willow switch. Jim, we're sent to the cleaner's——"

It was a Mexican race-track, but the audience was American and it is the habit of Americans to cheer a winner, regardless of how they have bet their money. A great sigh went up from the big holiday crowd. Then, "Panchito! Come on, you Panchito! Come on, Agrippa! Ride him, boy, ride him!" A long, hoarse howl that carried with it the hint of sobs.

At the paddock the gallant King Agrippa gave of the last and the best that was in him and closed the gap in a dozen furious jumps until, as the field swept past the grand-stand, Panchito and King Agrippa were for a few seconds on such even terms that a sudden hush fell on the race-mad crowd. Would this be a dead heat? Would this unknown Panchito, fresh from the cattle ranges, divide first money with the favorite?"

The silence was broken by a terrible cry from Pablo Artelan.

"Allesandro! I cut your throat!"

Whether Allesandro heard the warning or whether he had decided that affairs had assumed a dangerous pass, matters not. He rose a trifle in his saddle, leaned far out on Panchito's withers and delivered himself of a tribal yell. It was a cry meant for Panchito, and evidently Panchito understood, for he responded with the only answer a gallant race-horse has for such occasions A hundred feet from the wire King Agrippa's wide-flung nostrils were at Panchito's saddle girth; under the stimulus of a rain of blows he closed the gap again, only to drop back and finish with daylight showing between his head and Panchito's flowing tail.

Father Dominic stood gazing down the track. He was trembling violently. Brother Anthony turned lack-luster eyes toward Farrel.

"You win, Brother Atnhony," Don Mike said quietly.

"How good is God," murmured Brother Anthony. "He has granted me a joy altogether beyond my deserts. And the joy is sufficient. The money will buy a few shingles for our roof." He slumped down in his seat and wiped away great tears."

Pablo waited not for congratulations or exultations, but scrambled down through the grand-stand to the railing, climbed over it and dropped down into the track, along which he jogged until he met Allesandro galloping slowly back with Panchito. "Little treasure of the world," he cried to the boy, "I am happy that I do not have to cut your throat," and he lifted Allesandro out of the saddle and pressed him to his heart. That was the faint strain of Catalonian blood in Pablo.

Up in the grand-stand Carolina, in her great excitement, forgot that she was Farrel's cook. When he was a baby she had nursed him and she loved him for that. So she waddled down to him with beaming eyes—and he patted her cheek.

(To Be Continued).

COULD HARDLY DO ANY WORK
But Since Taking Lydia E. Pinkham's Vegetable Compound This Woman Feels So Well

Keeseville, N.Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound too highly for the good it has done me. I was so much troubled with female weakness I could hardly do any work. I saw your advertisement in the paper, and read it to my husband. He said, 'You had better try Lydia E. Pinkham's Vegetable Compound', so I bought six bottles, and by taking it I am not troubled as I was. I am gaining strength and getting fleshy. My female troubles have vanished and I have never felt so well. The Liver Pills are the best I ever took. If you think my letter will encourage other sufferers you have my permission to use it as an advertisement."—Mrs. SARAH BLAISE, Box 177, Keeseville, N. Y.

Doing the housework for the average American family is some task, and many women lose their health in so doing. If you, as a housewife, are troubled with backache, irregularities, are easily tired out and irritable, or have other disagreeable ailments caused by some weakness, give Lydia E. Pinkham's Vegetable Compound a trial. Let it help you.

Eczema Covered Arms of This Healthy Child
Mrs. Alex. Marshall, Sprucedale, Ont., writes:—

Baby Marshall.

"When my little son was three months old he broke out in sores on his chest and arms. We did all we could to heal those terrible sores, but nothing did him much good. Finally I ventured on a box of Dr. Chase's Ointment and kept on using it. At last we were rewarded by the steady healing of the sores, and finally he was completely relieved of them. He is now three years old, and has had no return of the trouble since."

Wills and Dempsey Fight in Prospect.

NEW YORK, May 22 (Canadian Press). — Discussion of a possible heavyweight championship match here in September between Jack Dempsey and Harry Wills, negro challenger, was revived yesterday by reports that a bid for the fight had been made by interests planning to erect an arena capable of seating a record crowd of 150,000 peopl at Long Island City.

Identity of those behind such a proposition however, was not revealed.

It was said the first move in the projected plans would be an effort to obtain formal sanction to-day from the State Athletic Commission for a Dempsey-Wills contest, but William Muldoon, chairman of the Commission, said he had not been informed such a step was calculated.

ALL SET FOR THE BIG SERIES

Mayor Taylor Will Pitch the First Ball in Saturday's Game.

At a meeting of the executive of the Peterborough Baseball Club, arrangements were made for the opening of the Central Ontario League on Saturday when Cobourg will meet the Petes at Riverside Park. His Worship Mayor Taylor will pitch the first ball, Mr. G. N. Gordon, K.C., M.P., will swing a bat at the plate, and Ald. Nagle Phelan, president of the Peterborough Ball Club, will act as catcher. The opening ceremonies will be brief.

The series with Cobourg this week is arousing great interest. The Petes invade Cobourg, on Thursday and the Lakeshore crew return the compliment on Saturday, and both games should be rattling good battles. The Horse Show town outfit and the Petes both look considerably stronger than last year's teams.

Cobourg have Derry, last year's ace, Ehgren, a newcomer, Pipher, a southpaw twirler, and Schafer, as a pitching staff, while they have two new catchers in Hinton and Jackson. Tom Kenney, formerly of Rochester, has replaced McCaffrey at first base, Skitch, the fast fielding second baseman, is still at the keystone station, Drennan is a new man at short, and at third is Gerald Turpin, who last year gave promise of developing into one of the best third sackers in the league. The outfield will include another Kenney, also from Rochester, Higginbottom, Butler, Thomison and other good performers.

The Petes, too, are stronger than last year, both on the attack and defensively. Comolli and Ansaldo not only round out the infield and tighten up the defence, but their hitting promises to a decided factor. "Red" Legon in the outfield also adds strength to the Petes' defence, and the little outfielder promises to be a useful addition.

Derry is billed do the heaving for Cobourg on Thursday, while Heckman will slant them over for the Petes. The two right handers had three lively tilts last year, Derry winning the first at Cobourg by a 3 to 2 score and Heckman capturing the other two in games played at Riverside Park.

Both teams have won their exhibition games decisively, Cobourg beating the Strollers of Toronto 16 to 3 and Bowmanville by 8 to 0, while the Petes have walloped Leaside 5 to 3 and Lindsay 21 to 1.

Saturday's game here promises to attract a record opening day crowd, while hundreds of fans will follow the Petes to Cobourg on the holiday.

THEATRES

AT THE CAPITOL.

A picture which might well be considered from one angle, at least an endorsation of divorce as the best method of untangling an intricate marriage knot, is "Brass" at the Capitol Theatre. Although the frivolous wife, in regarding the inebriated second husband for whom she has exchanged the gold of her wedding ring for a brazen circle, comes finally to a repentant conclusion, her revulsion of feeling is too late. Her husband and baby have now accorded their allegiance to another and better woman. The moral might well be summed up as "if at first you don't succeed, try again." That is what these two people did Whether the effect achieved by visioning such a picture is unwholesome or otherwise, depends on the point of view of the onlooker. Probably it is intended as a severe warning to excitement loving wives. At any rate, the theme is interestingly carried out, with plenty of raps at the ancient mother-in-law angle of an unhappy marriage The women, with the exception of the agelic "Mrs. G—," certainly get the composer's knocks in this picture, while the husband hurries on to home and love with an entirely satisfactory second partner. A tale of married life in a modern setting, with divorce as the panacea for marital difficulties, is the story of 'Brass' with Monty Blue and Marie Provost in the principal roles.

Bobby Vernon is the hero of a swift-acting 'dream' comedy.

AT THE GRAND.

NARCOTIC EXPERTS GIVE AID TO FILM

In the Making of "The Greatest Menace," Producer and Director Get Real Dope on Drugs.

In order that every detail in the story of "The Greatest Menace" should conform strictly to truth wherein all reference and incidents in the big film were necessary, the producer, J. G. Mayer, and the director, Albert Rogell, did not rely upon the fertile imagination of anyone to supply them. They went to the wizards of "dope" for the real "dope" and from the narcotic experts themselves they obtained more data that proved very useful in the working out of the drug evil expose.

At the time the state of California was at fever heat over the death of the famous movie star, Wallace Reid and the sudden taking off of a leading director, William Taylor, all kinds of wild "dope stories flooded the universe. The working of organized bands of drug dispensers resulted in the Federal authorities making a thorough inspection of reported drug systems throughout the country. States rose up on their hind legs and instituted renewed fights against the drug smugglers. Cities harmonized in the fight that is still on.

In "The Greatest Menace," which has for its vital and virile theme, the expose of these nefarious drug systems, a young man is trapped by a narcotic band. He becomes a typical addict. The picture takes him step by step through a maze of drug-using that is nothing more or less than a true and exact replica of the drug users of to-day. To obtain this type, Mr. Mayer and Mr. Rogell spent much time in getting one that was absolutely true to life. From this "dope," Robert Gordon made a close study so that his impersonation and makeup for the film would pass the inspection of the most cryptic drug-user.

The heads of high official stations were seen by the makers of "The Greatest Menace" and authoritative data and statistics were thus obtained which enabled them to make a picture that is realistically real in every sense.

Even drug gang leaders that have been taken in tow, were studied at close range and some of their activities helped Mr. Mayer and Mr. Quinn immeasurably in completing the pictures.

When it came to the staging and directing of the story that was comparatively easy as an all-star cast of players, who have had plenty of screen experience, needed but little instructing.

Mercantile League Opened--New York Yanks Sold-Sport News

LOCK WORKS WON OPENING BATTLE OF MERCANTILE

Packers Were Unable to Fathom the Curves Passed Up to Them By Connors.

SCORE WAS 12 TO 3.

The Lock Works got away to a good start in the Mercantile race last evening when they handed the C.P.C. nine at 12 to 3 trimming in a six inning fixture at Riverside Park. The game was late in starting owing to the fact that some of the players were late in arriving on the scene and Umpire Kay was obliged to call the game at the end of the Packers' half of the sixth inning.

Connors did the mound work for the winners and had the Packers well in hand all the way. He was touched for a couple of hits in the first frame with some loose fielding resulted in two runs. Two errors and a hit gave the Packers another counter in the second frame but from then on they were held scoreless. After the first two innings Connors was given air tight support, which coupled with his own mastery of the situation, held the Packers helpless.

Downer started on the mound for the C.P.C. and in addition to being hit freely he was given very loose support. Six runs came in in the first inning on three hits and a walk aided by a flock of errors. He was relieved by Larmer in the fifth, who, after allowing one hit, fanned two.

Connors struck out eight men and walked two while Downer fanned four and walked two.

Thorndyke and Neary were the heavy hitters of the day. The former collected three singles in four trips to the plate while the latter got a double and a single in two official appearances. Ecobichon in right field for the Lock Works shared the fielding honours with Mason in left. Ecobichon pulled down a couple of fine catches, while Mason's accurate throws cut off runners at home and at second.

The players were:

C.P.C.—Wilgar, ss, c; Matthews, 1b; Larmer, 3b, p; Pierson, 2b; Batley, lf; Heard, cf; Graham, rf; Ranger, c, ss; Downer, p; Davidson, lf; Fanning, ss.

Lock Works—Thorndyke, ss; Jobbitt, c; Mason, lf; Neary, cf; Connors, p; Ecobichon, rf; Moore, 2b; Masterson, 3b; Black, 1b.

Score by innings:

	R.	H.	E.
C. P. C. ..... 210000—	3	6	7
Lock Works ..... 61230x—12	10	3	

Umpires—Kay at the plate and Solomon on the bases.

DEMPSEY HAS A GREAT RECORD

Has Trimmed All-Comers With Neatness and Despatch.

It's going on four years now since Jack Dempsey was crowned "king of pugilists" following that Willard fiasco at Toledo. And judging from the crop of heavyweight contenders now appearing above the horizon it is apt to be quite a spell yet ere the laurel wreath is lifted from the Utah maulers brow. For Jack still towers above the field by several hands.

During the past 30 years the ring has seen many famous heavyweights. Take them right down the line there are Corbett, Fitzsimmons, Jeffries, Hart, Burns, Johnson and Willard, not to say anything of Sharkey, Ruhlin, Choynski, Maher, and others. But where has the game seen such a finish as Dempsey, the present champion?

In his last six battles, the "Giant Killer" has taken no less than 75 minutes all told to dispose of his opponents. Not quite an hour and a quarter to subdue the six strongest foes that could be produced. Look 'em over: Morris, 2 minutes; Gunboat Smith, 8 minutes; Willard, 9 minutes; Miske, 10 minutes; Brennan, 35 minutes, and Carpentier, 10 minutes and 16 seconds. And oddly enough it took Dempsey almost as long to put the skids under Brennan as it did the other five combined.

Leaving out the Brennan go, the other five fights have averaged less than three rounds. A record that no other ring champion can boast. In two battles it took Jeffries 33 rounds to beat Corbett, while Fitzsimmons lasted 19 sessions in a pair of tilts with the big Californian.

Jack Johnson required 41 rounds to stop Burns, Ketchel and Jeffries, Ketchel alone staying 12 rounds though going way out of his class to meet the colored title-holder. Willard couldn't stow Johnson away until the twenty-sixth stanza, and never stopped another opponent after that.

For neatness and dispatch the ring cannot show anyone to compare with Dempsey in putting across the verdict in quick order. As a rule Jack doesn't keep the spectators in anxiety any longer than possible, and sometimes hardly long enough.

PITCHER RELEASED.

CHICAGO, May 22 (Canadian Press). — George Connolley, pitcher, obtained from the Toronto Internationals by the Chicago White Sox, yesterday was released to the Galveston Texas League Club.

Mercantile Game To-Morrow Evening.

The postponed game between the Examiner and the Bankers in the Mercantile League will be played tomorrow evening at 6.15. This game was to have been the first one of the schedule, but the rainy weather of last week forced its postponement, and it has been decided to play during the period allowed for the Mercantile League team practice. This will give Manager McCabe an opportunity of seeing four of his five teams in action before he has to pick his all-star aggregation for the Intermediate City League game on Victoria Day.

The Bankers are being looked upon as one of the strongest teams in the circuit, but many of their players are still unknown prospects. They will meet some strong opposition in the Examiner team, who have already given the Lakefield Intermediate team a tough battle and are playing a good game. It is probable that Baker will do the mound work for the Printers, and one or two other changes are also expected to be made in the line-up.

ATHLETICS' WINNING STREAK IS BROKEN

Detroit's Battery of Pinch Hitters Did the Trick in Ninth Inning Yesterday

DETROIT, Mich., May 22 (Canadian Press). — A battery of pinch hitters took victory from the grasp of Philadelphia, and gave Detroit a 5 to 4 victory yesterday. Pillette allowed only four hits in eight innings, but each of them figured in the Athletics' scoring. Hasty worked well until the ninth, when three singles, two errors, and a base on balls enabled Detroit to tie the score. Then Rommel, who relieved him, pitched one ball that Cobb dropped over the infield for a safety, winning the game. Score:

Philadelphia ..... 100100200—	4	5	2
Detroit ..... 000000014—	5	11	2

Hasty, Rommel and Perkins; Pillette, Cole and Woodall.

New York 5, Chicago 0.

CHICAGO, May 22 (Canadian Press). — Waite Hoyt pitched in fine form yesterday and New York shut out Chicago, 5 to 0. Thurston pitched a good game for the locals; but his support was ragged. The visitors scored their runs bunching their hits. Score:

New York ..... 012020011—	5	12	1
Chicago ..... 000000000—	0	7	2

Hoyt and Schang; Thurston and Graham.

Washington 3, St. Louis 2.

ST. LOUIS, May 22 (Canadian Press). — Overcoming an early lead, Washington won the second game of the series with St. Louis yesterday, 3 to 2. In the second inning, Vangilder hit a home run, scoring Schliebner. Score:

Washington ..... 010020000—3	8	2	
St. Louis ..... 020000000—2	5	0	

Warmouth and Gharrity; Vangilder and Severeid.

LEE HIT TWO HOMERS.

PHILADELPHIA, May 22 (Canadian Press). — Pittsburgh took the opening game of the series from Philadelphia yesterday, 5 to 3.

Morrison opposed Behan, and both hurlers were in fine form, two errors by Holke losing the game for the local lad in the ninth.

Lee hit two home runs, and drove in all three of the Philadelphia tallies. Score:

Pittsburgh ..... 021000002—5	10	0	
Philadelphia ..... 020000001—3	5	2	

Morrison and Gooch; Behan and Henline.

DREW SCHEDULES FOR TRENT GROUP LACROSSE SERIES

Hastings, Havelock, Marmora and Peterboro Represented at District Meeting Yesterday — Peterboro in All Three Series.

THE DATES.

Delegates from the four clubs in the Trent group of the O.A.L.A. met yesterday afternoon in the Chamber of Commerce and organized for the season, drawing up schedules of games in the intermediate, junior and juvenile series.

Hastings, Havelock and Peterboro comprise the intermediate section, while Havelock, Hastings and Peterboro city league make up the juvenile, with Peterboro and Marmora playing a double schedule in the junior company.

Peterboro intermediates play their first game here with Hastings on Thursday, June 14.

Albert Armstrong of Havelock is convener of the group and presided at yesterday's meeting.

The delegates were Doug Brennan of Havelock, Leo Rivard of Hastings, H. B. Bleecker of Marmora and V. L. O'Connell of Peterboro.

The Intermediate Games.

The intermediate schedule follows:

June 9—Havelock at Hastings.
June 14—Hastings at Peterboro.
June 21—Peterboro at Havelock.
July 5—Havelock at Peterboro.
July 20—Peterboro at Hastings.
July 25—Hastings at Havelock.

The dates for the Marmora-Peterboro junior games are as follows:

June 28—Marmora at Peterboro.
July 11—Peterboro at Marmora.
July 24—Marmora at Peterboro.
July 31—Peterboro at Marmora.

The Juvenile Section.

The delegates suggested that Peterboro take a bye in the juveniles rather than not enter a team in this section, and it was advised that the youngsters could carry on as a city league with an exhibition game or two and then the winners of the city league would play off with the group juvenile leaders.

The dates for the regular series were agreed upon as follows:

June 11—Havelock at Marmora.
June 15—Hastings at Havelock.
June 23—Marmora at Havelock.
June 27—Havelock at Hastings.
July 6—Hastings at Marmora.
July 28—Marmora at Hastings.

Fred Dodd of Hastings was also present at the meeting which was marked by a fine spirit of harmony and co-operation. Attention was called to the new amendment effective this season eliminating twilight games and requiring them to be started before four o'clock.

Mr. Armstrong said that a statement attributed to him in the Examiner some weeks ago about roping off the playing area has caused some feeling among the Hastings fans. The remark was to the effect that he had ordered Hastings to rope off their field this year, while as a matter of fact the Hastings club had made that decision on their own initiative before the annual meeting of the O.A.L.A. and for the purpose of securing the best possible order and preventing the crowd from invading the field. It is regretted that Mr. Armstrong's remark was misreported and it is hoped that this explanation will remove any idea that he was assuming any attitude of interference or arbitrariness.

A summer resort may be where they resort to high prices.

COL. RUPPERT NOW THE SOLE OWNER OF YANKS

Has Purchased the Half Interest of Colonel T. L. Huston, According to An Announcement Made Last Night—Price Not Stated.

NEW YORK, May 22 (Canadian Press). — Colonel Jacob Ruppert, president of the New York Yankees, has acquird the half interest of his partner, Colonel T. L. Huston, and will become sole owner on 1st June of the American League champions, and their great stadium in the Bronx, the largest baseball park in the country.

This announcement was made last night by the Yankee Colonels in a joint statement, in which they declared negotiations for the sale of Huston's interests to his partner, Huston's interests to his partner, broken off last January, had been resumed and carried to completion.

Colonel Huston will remain as a director of the club, it was announced, but retains no financial interest whatever.

"The deal has gone through definitely this time," Colonel Ruppert said, in amplifying the formal statement. "There is no chance of a hitch. The papers have all been signed, and only a few technicalities, such as stock transfers, remain to be disposed of. These details will be completed by 1st June, when I will take actual possession."

The Colonels refused to divulge financial details of the deal, which ranks among the biggest in diamond history, but it was estimated that Col. Huston received from $1,250,000 to $2,000,000 for his interests. Experts base this figure on the approximate value of from $3,000,000 to $4,000,000 valuation placed upon the Yankee Club, and its new stadium, which was estimated to have cost $2,500,000.

Colonels Rupert and Huston purchased the Yankees in 1915 from a group headed by Frank N. Farrell, for about $500,000. They spent a fortune in rebuilding the club, lifting it from a consistent second division berth to pennants in 1921 and 1922.

Bill Donovan was the first manager under the Ruppert-Huston regime, but Miller Huggins tok the helm late in 1917, and since the Yankees have not finished below the first division.

Cincinnati Owner Refuses to Sell.

CINCINNATI, O., May 22 (Canadian Press). — A telegram from James Corbett, former holder of the world's heavyweight boxing championship, asking the lowest terms for the majority stock in the Cincinnati Baseball Club, was received at the club headquarters here yesterday.

It was said that the offer is a bonafide one, and that Corbett is backed by a number of business men who are desirous of entering major league baseball.

August Hermann, president of the club, is on a vacation, and could not be reached. However, a statement from the owner of the majority stock said that his stock was not for sale. He said he believed he expressed the mind of the other stockholders in the club.

LACROSSE

Last evening's practice brought out a dozen of more of the players. This attendance was fairly satisfactory. None of the clubs in the district have fared any better than Peterboro in the matter of favorable weather of late, and the conditioning of the candidates is two or three weeks behind last year.

In that respect the local club has not been laggard or negligent, but the inner organization of the several teams has not yet been affected. It was hoped that the players would select a manager last night, but nothing was done. And this oversight prompts the comment that some of the younger men who accepted positions of executive responsibility have failed to come through with the assistance that was expected of them.

There is material here for two or three good teams, and the candidates should be all working together at this stage of their training. Practices are held three nights a week, but the response to the roll call is not regular enough. The players who have developed here during the last three years, and especially those who accepted a share of the executive work, should be the most faithful in looking after the finishing touches of the organisation. One or two men can't do it all, and unless this assistance is forthcoming the ground that has been gained against the obstacles of reviving lacrosse will be swiftly lost.

Doug Miller of last years' juniors and now with Oshawa was home yesterday with a glowing story that left some of his former teammates envious. He is working at the General Motors plant and practicing every evening with part of one afternoon a week during which the squad turn out for practice without losing any time from their work. That sounds like a good berth and with Miller are two of Campbellford's last year's team, Garrison the goaler and Copperthwaite who played centre and home. He says there are more spectators for the practices than there are for the games here.

Japan claims the world's greatest business woman in Mrs. Yone Suzuki, a widow said to be worth $150,000,000.

KINGSTON TEAM HAD A WORKOUT

The Bowmanville Outfit Hardly Made It a Good Exhibition Game.

KINGSTON, May 22 (Canadian Press) — Kingston's team in the Central Ontario Baseball League had it all their own way last night in an exhibition game with Bowmanville, taking the contest by a score of 13 to 1.

Kingston worked out their episodes, Gallagher, Moore, and Jeffrey with Evans and Rice at the receiving end.

Deer and Chambers were in mound for the visitors, with Bate behind the bat.

A grand crowd turned out for the game, but it was too one-sided to hold the interest.

Harry "Red" Batstone, Queens star football player, lined up with the Kingston team ,and made a good showing. He hit safely four times out of five at bat, and in the field had a perfect average.

Bowmanville got but one hit during the session.

SHELBY SEEKING A REPUTATION

Gibbons-Dempsey Fight Is An Effort to Put the Little Burg on the Map

SHELBY, Mont., May 22.—(Special)—How did the big fight start?

Who pulled the strings that set a million-dollar enterprise in a wild west town?

The Irish woman's cow that kicked over a lantern in Chicago and burned half of the city had nothing on the way in which the Dempsey-Gibbons title battle horned into Shelby.

Thereby hangs a tale.

It didn't start in a banker's office.

It didn't start in a professional promoter's bonnet.

Here's how and why and where.

A few Shelby business men were whooping it up at a gay party.

Glasses clicked. Dreams were dreamed.

They decided to do something big. They wanted the outside world to recognize the wild and wooly west.

They wired Jack Kearns a proposition for a Dempsey-Gibbons match for July Fourth. They didn't think for a minute he would accept.

Kearns sent back a favorable reply. They couldn't back down.

No true westerner ever does that.

The news spread like wild fire in dry prairie grass.

The Great Northern railroad chimed in.

That all happened two months ago.

Shelby called for help to engineer their seemingly impossible dream.

Mike E. Collins, St. Paul promoter, was called to Shelby.

Lou J. Molumby, an aviator during the world war and now a lawyer in Great Falls, then entered the picture.

They flew to Salt Lake and St. Paul, then to Chicago where articles were signed.

The huge guarantee of $300,000, demanded by Kearns for Dempsey's end was raised by towns.

Shelby shelled out $50,000. Great Falls shot a similar bundle of cash. Butte anted $25,000. President Ralph P. Budd of the Great Northern came across with $5,000 personally. The rest of it came in smaller lots—but it came.

After the match was made it proved to be a whale of a drawing card.

Reno—scene of the last big fight in the west—drew $270,755 in 1910.

The Shelby shellout is over $350,000 six weeks ahead of the fight.

A million dollar gate is in sight.

Jack Johnson Got Shower of Bottles.

HAVANA, May 22.—(Canadian Press)— Jack Johnson, former heavyweight champion of the world, now a porty-picker of soft secondraters outside the three-mile limit of the United States, beat Jack Thompson in twelve listlessly shuffled rounds here Sunday night.

So bad was the bout that the boxing commission, sitting at the ringside, fined each fighter $500 for stalling.

In the tenth round, the referee left the ring, while a shower of cushions, pop bottles and other missles was hurled at the boxers.

Promoter Sam Tolon announced he has "about completed arrangements for Harry Wills to meet Johnson here, June 17.

First Ball Game in E. Peterboro League.

LAKEFIELD, May 22.—The first game in the East Peterborough Baseball League will be played in Lakefield on the Exhibition grounds on May 24, when the local team and the Cognawagas will clash. The game will be called at 3 p.m. and a good crowd is expected.

Punctuality is a virtue which the locals as a team, would do well to cultivate, as their friends' patience was worn thin at the game on Monday evening week last. The game was called for 6 p.m. and the visitors were on time, but the majority of the local team were so late that only four innings could be played.

MAKING FUTURE FANS OF THE KIDS

Some of the Major Clubs Are Taking Action to Boost Future Business.

By HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, May 22.—(United Press)—Major league club owners have attested to the business sagacity of their contemporaries in the minors leagues by paying out over a million dollars for young ball players.

It might no be amiss if the big-time magnates would take a few more business tips from the little fellows.

Syracuse and Newark, in the International League, are letting youngsters into their ball parks for a half-fare of thirty cents. Other clubs in the circuit may do the same thing and the stunt may spread to other minor leagues.

While it has been suggested for several years that the major league ball clubs could build up a generation of fans for future business by letting youngsters in for reduced rates, only the St. Louis Cards and the Cleveland Indians have made any serious move with that view in mind.

Club owners, of course, are in the game for money, as all business men are, and because they have not seen fit to fill up their bleacher sections with young boys who could get in for a cut price, it does not follow that they put money above the desire to create a generation of new and loyal fans.

"Youngsters are too hard to handle when they are admitted in large numbers," one of the Giant officials said last season when the subject was being discussed.

"The ordinary youngster will watch the game intently for about five innings and then he will turn to other means of individual entertainment," he said. "They start throwing paper, peanuts and, in some cases, they have been known to toss soda bottles around in a rather dangerous form of amusement. Then they start playing tag on top and around the seats and there is always a risk that some of them will topple out of the stands and be seriously injured. We have to have them watched by about a dozen special police and they keep them all busy."

Both the Yanks and the Giants have an arrangement with the public and parochial schools by which a certain number of honor pupils are admitted free to games during the summer vacation months and it has been shown, day after day, that the Giant official was not exaggerating when he pointed out the above difficulties. The kids remain interested for about five innings, and then they start raising cain.

Bus passengers in London last year numbered nearly 85,500,000 more than in the previous year.

6 YEARS BEFORE NAYLOR HIT MARK

Half a Dozen Years in the Majors Before He Registered His First Shut-Out

Pitcher Rolly Taylor of the Philadelphia Athletics had the big thrill of his major league career at Chicago Saturday, May 12.

Working against the Chicago White Sox, Naylor scored a 5 to 0 victory over Gleason's tribe. That shutout was the first that Naylor has ever pitched in the big 'show, although he came to Connie Mack in 1917.

In a career spread over a half a dozen years Naylor has pitched many a fine game for Mack, but in all that time he has never succeeded in holding the opposition runless until his recent exhibition against the White Sox.

Scores of times he has been on the verge of scoring a shutout, only to have the breaks of the game rob him of the glory at the last minute.

Naylor did not play during the season of 1918, doing his bit in the World War that year.

No collegian could have been more jubilant than was Naylor when the last Sox player was retired and the shutout was a reality. He tossed his hat higher and let out a louder shout than any college hero could have possibly done.

Do you know Baseball?

by Billy Evans

Questions

ONE—Is there any limitation as to the weight of the bat that may be used in baseball?

TWO—Is it true that the bat used by Babe Ruth weighs considerably more than that used by any other player?

THREE—When a double header is played, which game is regarded as the regularly scheduled game for that day?

FOUR—When an improper batsman makes a base hit, and the mistake is discovered before another ball is pitched, what happens?

FIVE—If the catcher interferes with the batter when a runner on third is trying to steal home, what is the proper ruling?

Answers

ONE—There is no limitation as to the weight of the bat that a player may use. He may suit his own fancy.

TWO—Ruth uses a bat that is considerably heavier than that used by most players. Cobb and Speaker use bats weighing 37 ounces, while Ruth's bat weights over 50 ounces.

THREE—The first game is always regarded as the regularly scheduled game with a double header on the boards.

FOUR—The proper batsman is always called out, when an act of an improper batsman is discovered in time. The improper batsman is removed from the bases.

FIVE—When a catcher so interferes, the batsman is sent to first, and the runner trying to steal home is granted that base regardless of what happens.

Nights are getting so short. Just before you jump out of bed it is time for breakfast.

ADDRESS ON SIN PURE AND SIMPLE

Eloquent Sermon by Rev. Fr. O'Brien, at St. Peter's Cathedral.

Last evening the men's mission sermon was preached by Rev. Fr. O'Brien, C.S.S.R., on the subject of 'Mortal Sin,' to a large number of men, at St. Peter's Cathedral. The speaker took as his text the words of Jeremiah, "Know then and see that it is an evil and a bitter thing to have left the Lord thy God."

Nowadays, the speaker said, many are getting away from the fundamental principles of Christianity. Not only in their manner of living is this shown, but even in their way of discussing conditions. They speak in academic terms of various kinds of evils—economic evils, social evils and the like. Take all these evils and strip them of the things that hide their true nature and you will find that underneath it all is sin. Get back to the primary causes of wars, of famines, of the great unrest and disturbances that are rife in many countries at the present day, and you will find that, notwithstanding the dignified terms used by economists and diplomats, it is sin, pure and simple, that is the underlying cause of it all. Sin is the only real evil. Evil, after all, is not that which can be measured by some material loss, it is not that which can inflict but physical suffering, nor is it even the loss of reputation, of good name. These things, together with ill-health, poverty, etc., conditions usually regarded by the world as evils to be avoided, form no barrier between God and the human soul. This is done by one thing only and that is—mortal sin.

We do not fully comprehend sin, the speaker said, because we do not comprehend the Almighty— the offended one. But we do know the nature of the offender—man, a creature taken from the slime of the earth and destined to return, as to body, to that same dust. This is the being, who in mortal sin, dares to defy the Almighty who created him.

Can we imagine the base ingratitude of a beggar who, with the alms given him would purchase the weapon with which to wound his benefactor? Yet is not this state of affairs verified in the one who commits mortal sin, in which he uses the gift of nature to offend the Giver. When the intellect ,the faculty given to us to know God, is used instead by scoffers and unbelievers as a means to reason away His existence, or the motives for submitting to His will; when the memory and imagination, these marvellous servants of the mind, are used to store up those things that defile and cause dissension and hatred; when those faculties and the sense-organs through which they work, of sight, feeling, speech and hearing, are made the media through which God's law is trampled upon; here are surely cases of wounding the Benefactor with His own gifts.

The speaker then went into the different commandments of the decalogue, showing the more common abuses of each precept. Holy Name Societies, he said, have been established in each parish for the purpose of combatting blasphemy and improper language, but if men only realized the value of the gift of speech and the evil of sins of the tongue, there would be no necessity for these societies. There is a commandment again that exacts obedience, respect and love for parents. How often, though, do we find even those who, towards their fellow laborers, their friends and employers are apparently all that could be desired, as far as thoughfulness and courtesy goes, but who within the sacred precincts of the home, towards the grey-haired parents who had given them birth and a fair start in life, have nothing but the shabbiest treatment.

The reverend speaker in concluding, urged his hearers to live good Christian lives. That peace and happiness, that accompanies a good conscience, is the only genuine kind we can experience during life.

KINGSTON BEAT BOWMANVILLE 13-1

KINGSTON, May 22. — The Kingston Central Ontario Baseball League team defeated Bowmanville in an exhibition game last night by 13 to 1. The visitors made only one hit and were at the mercy of the locals throughout. A big crowd witnessed the game, but it was too one-sided to create interest.

Harry Batstone, star of the Queen's University football team, played well in the field and hit safely four times out of five chances. Kingston used three pitchers, Moore, Jeffrey and Gallagher, with Rice and Evans doing the catching, while Deer and Chambers did the pitching for Bowmanville, with Bates as catcher.

LADIES' AID SOCIETY REPEATED THE COMEDY

The Ladies' Aid Society of the Mark street church repeated their comedy, "How I earned my Dollar, or Mrs. Toploff's Scheme," in the church hall last evening under the auspices of the Epworth League.

Those taking part were Mesdames Mounce, Morton, Marshall, Throop, Weir, Clarke, Weese, Ross, White, Speer, Oke, Matchett and Miss Whittam.

An interesting musical programme arranged by Mr. V. Boorman, president of the League, included vocal solos by Miss Beulah Payton, and Mr. A. Fenton and instrumental numbers by Walter Townsend. Rev. G. E. Ross acted as chairman.

LEGALISES TRACK BETTING.

TOKIO (By Mail to the United Press). — You can bet on the ponies now in Japan.

Horse racing has been established as a fine art, and wagers thereon as a mental exercise and test of skill and judgment—but not gambling.

Pari-mutuel machine makers are selling their product far and wide and Japan is getting all set for a regular horse-racing spree.

This is because the Diet, or Japanese Parliament, has just passed a Bill legalising the betting on horse races.

There has been almost no horse-racing in Japan before. The high officials of the army fostered this Bill, and put it through the Diet on the plea that the development of horse-racing in Japan would produce a native supply of good horses for the cavalry and artillery of the Japanese army.

Breeders from China and India are already reaching Japan with fine blooded stock for sale. To these Japanese it is all a brand-new idea, and observers are wondering whether this new sport will take on here in the way that baseball, football, tennis, and other Western sports have done.

If it does—Japan will be the race-track paradise of the world.

TAY PAY O'CONNOR TO BE PRIVY COUNCILLOR

LONDON, May 22. — (Canadian Press).—It is believed that "Tay Pay" O'Connor, M.P., will be created a Privy Councillor in connection with the King's birthday next week.

FEASTS! TO PLACATE GOD OF WINDS

SEATTLE, May 22.—The Terrible God of the High Winds gets a royal feed from the Chinese ship employes just before big vessels depart from Seattle for the orient.

The Wind God, according to Chinese legends, follows the course of mariners across the Pacific and does his utmost to swamp the ship —unless properly placated in the way of something worth while to eat. Hence the big food ceremonial, which is held aboard ship just before sailing time, to assure a calm voyage.

Sacrifices of barbecued pork, fruits and candies are offered by the anxious orientals. This menu is followed by the explosion of hundreds of fire crackers to distract the attention of the Wind God from his chief job of blowing.

And just to make precaution doubly sure, huge white papers with an intricate design of the ship's passage are placed where the Wind God can see them. In following the lines, he loses all track of the real course of the vessel—so the Chinese say—and a good time is had by all.

The custom has been practiced for thousands of years on the junks of the China sea.

THE WEATHER.

There was a white frost again this morning, and a temperature of 34 degrees last night. In the low-lying sections tender plants, if through the ground, were probably slightly touched. In last night's paper mention was made of the many showers here, and a report from Lindsay gave some interesting facts concerning much heavier rains in the northern portions of this county, Victoria and Haliburton. These reports have been corroborated by information received by the Trent Canal officials from Kinmount, Minden and other northern villages. Rain to the depth of 5.06 fell between the 12th and 20th, and all streams and lakes were full to overflowing in that section. Our late rains (which we fondly imagined were heavy) were but gentle showers compared with what approached a deluge in the more northern districts.—W.P.

ALWAYS ASK FOR TANOL CALOMEL

MUCH BETTER THAN OLD FORM OF CALOMEL

You have no need now to be always troubled with headaches, bad breath, constipation, indigestion, rheumatism, nervousness, etc. This new form of calomel, called Tanol Calomel, will be a great relief to suffering humanity. One Tanol Calomel taken before meals or two at bedtime excrete bile and the whole system is cleaned of all the previous day's waste and poisons, making you feel 100% better. Tanol Calomel is much better than the old form of Calomel because no salts or acidity are necessary to remove it from the system, as it is self eliminating. Any time you do not feel well, just get a few of these tablets from the druggist and you will be surprised how effective they are. Sold at F. C. Webber's, Charlotte street.

OBITUARY

DIED IN ENGLAND.

The many friends in Peterboro of Mrs. and the late Mr. Harry Clappison, of the 8th C.M.R., killed in action in France, will regret to learn that Mrs. Clappison has lost her only son, Freddie, at the age of 7 years and 10 months. Little Freddie passed away on May 3 at Whatley Hospital, after a few days' illness, and leaves to mourn his loss his sorrowing mother and sisters, Florence and Edith.

When Mrs. Clappison lived in Peterborough she resided on Brown Street, Monaghan Road. Mrs. Fred Adkinson, late of Peterboro, attended the funeral. Freddie was loved by all who knew him, and was laid to rest in Harpurhey Cemetery, Manchester, beside his grandfather Cole. His coffin was covered by beautiful floral wreaths, including one from Mr. and Mrs. F. Adkinson and family, one from Mrs. Wagstaffe and Mrs. Peace, late of Peterboro. Mr. Harry Clappison worked on the Peterboro street cars before enlisting in the 8th C.M.R.

EAT WITHOUT COST

NEW YORK, May 22—(Canadian Press) — Captain Patrick Irving O'Hay, extraordinary adventurer and man of many organizations who has survived many lean days in his fifty two years, to-day faces an era of obesity.

For society of restaurateurs last night presented him with gold card which will permit him to eat without cost in any one of the organizations 380 restaurants in New York City.

Captain O'Hay has known lean days in his career embracing gun runner, muleteer, coal passer sailor, cattle puncher, actor, hod carrier, salesman lecture, after dinner speaker, and paticipant in seven wars. He holds various war decorations including the British D.S.O. and the French Croix de Guerre.

C. N. R. HEAD IS HONORED HERE

With Executive, Sir Henry Made Initial Trip Over Midland Ontario Branch of System.

Sir Henry Thornton, K.B.E., President and chairman of the Canadian National Railways, accompanied by members of his executive made his initial trip over the Midland Ontario branch of the system to-day remaining in Peterboro until 2 p.m. and then going on to Lindsay.

The titled president of the Canadian people's own railways was accompanied by J. E. Dalrymple, vice-president in charge of traffic, W. C. Chisholm, K.C. assistant general counsel, Frank J. Watson, freight traffic manager, W. R. Davidson, general superintendent Montreal district, C. J. Smith general manager for elevators and warehouses J. D. McMillan, superintendent of the Belleville division, E. R. Battley, superintendent of motive power, Montreal W. Walker, division engineer, Montreal district, W. H. Hobbs and W. S. Thompson of the president's staff.

They were greeted and welcomed at the C.N.R. station this morning by Mayor Taylor, Ald. Holloway, G. N. Gordon M. P., and City Clerk Armstrong.

The President and his associates arrived on a special train, preceded last night by Mr. McMillan who came up from Belleville in his own private car Automobiles were provided for the entire party who were driven around the city visiting the plants of Canadian General Electric Company, Quaker Oats Company and De Laval Company. Another interesting incident was a trip up the canal in a launch and the ascension at the Lift lock. The route embraced practically the whole city with special attention to Peterboro's show places including nearly all the factories.

At noon Sir Henry Thornton and the other C.N.R. officials and a large number of citizens who are prominent in civic, industrial and business affairs were the guests of G. N. Gordon at luncheon in the Empress.

Lunch at Empress.

At the complimentary luncheon given in the Empress Hotel in the afternoon about 100 representatives manufacturers, barristers, business men and citizens gathered to honor Sir Henry Thornton.

In introducing the guest, Mr. G. N. Gordon dealt on the admirable war record made by the Railway Knight.

In recognition of his services as Chief of the Railroad lines in Belgium, he was honored with the Cross of the Order of Leopold; the French presented him with the Legion of Honor ;the United States thought his worthy of the United States Distinguished Service Medal, and King George made him Knight Commander of the British Empire.

In replying to the toast, Sir Henry Thornton said he was very grateful for the opportunity to meet so many of the prominent men of Peterborough. He hoped that the acquaintanceships formed to-day would ripen into warm friendships.

"I don't think I have ever been in any city where there have been so many diversified industries," the speaker said.

"I have seen everything almost that can be manufactured, from the largest transformers in the world to labels for corsets."

Referring to the "strangely unique device known as the Hydraulic Lift Lock," Sir Henry said he had never before realized the elevating power of water.

"You have in this wonderful city every form of industry, and diversified forms of activity must lend to the prosperity of the community," declared the distinguished speaker. "One could not travel about the beautiful streets of the city, seeing the comfortable homes, without being impressed with the evident and universal prosperity of the city, and I hope the Canadian National will be able to help you to further your prosperity."

The object of the visit such as Sir Henry paid to Peterborough to-day, he said, is to become acquainted with the people of the different manufacturing and agricultural communities to find out their problems and ascertain where the Canadian National Railroad can be improved. The information to guide the Railroad executive is an intelligent administration of the business can only be acquired in this way. Only this morning in the electrical plant Sir Henry found how the railway could gain greatly increased business, by acquiring equipment of the nature required to handle particular classes of merchandise. In every centre there is something to be learned which can only be gained by going on the ground and gaining the viewpoints of the people concerned.

The C. N. Problem.

"The problem before us," Sir Henry continued, "is the administration of the Canadian National in such a way that it will be a useful transportation system for the people of Canada, and we must try to eliminate the deficit under which we now struggle. I believe it quite possible to administer this railroad system in such a way to give you reasonable rates such as you desire, and at the same time create a sufficient profit to eliminate our debt."

"But if that is to be done," the speaker cautioned, "it must not be accomplished with the kind of economy that dries up profit at its source. It will be necessary to spend a certain amount of money on investigation work, and there will be other necessary outlays. There will be those who will perhaps criticise things of that kind, but expenditures in that class must be left to the judgment of those who are administering the property.

Sir Henry said that the Canadian National Railroad cannot be administered by the genius of one man, but must have the active co-operation and unswerving loyalty of all its employees The 100,080 men employed on the system must unite in an effort to give $1.00 in work for every dollar they are paid Then, too, the goodwill of the people must be gained. The railroad is not going to appeal to the shippers to send goods by this route just because the railroad is owned by them. The road is out to give a better service, and thus gain the patronage of the shippers.

Briefly outlining the difficulties encountered in organising the Canadian National, Sir Henry said that it he and his associates in the administration made mistakes that was a sign of growth. "If we did not make some mistakes, we would probably make no move," Sir Henry declared.

In closing, the distinguished guest congratulated Mr. Gordon on the political successes he has achieved.

"I am quite sure," he said, "that those who are his friends admire him, and those who are his enemies respect him."

Peterborough's problems will not be forgotten, and while Sir Henry would not give any promises, he said that he would try to come measureably near carrying out the wishes of the City of Peterborough as explained to him by the members of the Chamber of Commerce and others.

Aldrman W. T. Holloway, chairman of the Reception Committee, presented to Sir Henry a book of views of Peterborough, including some pictures taken during the trip made to the manufacturing plants this morning, and finished by Mr. Roy.

Sir Henry commented on the speed shown in their completion by saying: "It is characteristic of the city—step fast!"

STILL AFTER ROBERTS.

QUEBEC, May 22. — (Canadian Press.) — Application of United States for extradition of John H. Roberts to proceed on June first.

REVISE BANK ACT.

OTTAWA, May 22.— (Canadian Press.)—Stated in Government circles this afternoon that a decision has been reached to go ahead with revision of the Bank Act.

In Great Britain a population of 47,237,530 persons is served by 995,242 telephones. In the United States a population of 105,708,771 persons enjoy the use of 13,411,379 telephones.

J. WALTER CURRY FIRST REGISTRAR

Attorney-General Raney Recommended Appointment—No Salary Attached Yet.

TORONTO, May 22 (Canadian Press). — J. Walter Curry, K.C., Liberal member for South-East Toronto in the last Legislature, is the first Registrar of the amalgamated Toronto City Registry Offices.

Attorney-General Raney has recommended the appointment, and an Order-in-Council has been passed putting this resolution into effect.

No salary has yet been attached to the position, but it will probably be about $8,000 a year

Mr Curry was formerly Crown Attorney of Toronto

While sitting as a Liberal member, he was a fairly consistent supporter of Government measures.

LACROSSE

A meeting for the reorganisation of the Athletic Lacrosse Club will be held after practice on Wednesday night at Central Park. All those who wish to join this club, which made such a good start last year, are requested to "stick around" for the meeting.

SURVIVORS ARRIVE.

TREPASSEY, Nfld., May 22. — (Canadian Press.)— Steamer Seal arrives and crew of sunken Marvale aboard. Melita leaving Montreal to-morrow to pick up the passengers.

WON BATHURST CUP.

PARIS, May 22.— (Canadian Press.) — Great Britain won the Bathurst Cup, International Court Tennis, to-day.

CLOSING MEETING

The Anglican Young People's Association of All Saints' church held their closing meeting for this season last evening. The following officers were elected for the ensuing year: President, J. Hope; vice president, J King; secretary, Miss Pearl Twigg; treasurer, Miss D. McCarron; executive, Hanlon Sisson, J. Adams, Mrs. P. D. Fitzgerald. Miss Agnes Stout. Rev. R. B. Grobb installed the incoming officers.

BIRTH.

SCOLLARD.—To Mr. and Mrs. W. Y. Scollard, 548 Downie Street, Peterborough, on Monday, May 21st, a son.

Some people will do anything to get their names in the paper, even dance 65 hours.

The difference between a spring golfer and a spring gardener is one uses the holes he digs.

You could keep the boys on the farm if you bought them tractors that made 60 miles an hour.

Society

Mrs. Robt. Allen and daughter, Myrtle, are visiting friends in Waubashene, for a few days.

Mr. and Mrs. T. H. G. Denne have returned to the city after spending the winter at Miama, Florida. Mr. Denne is greatly improved in health, and their stay in the South was much enjoyed.

Mr. and Mrs. Harry E. Cowie of Visalia, California, are in the city on a visit with Mr. Cowie's relatives and are staying with Mr. Cowie's mother on Simcoe street. This is Mr. Cowie's second visit to Peterborough in 22 years. At one time he was a member of the Examiner Job Department and at present is on of the firm of the Commercial Printing Co., an exclusive job printing plant in the city in which he lives.

Mr. Dick Simons arrived from New York yesterday for a visit with relatives. Mr. Simons has been with a musical comedy, which just closed after a tour of the States.

Miss Phyllis Robertson was guest of honor at a tea given by Mrs. J. W. McDermid yesterday afternoon. Mrs. Lennox McLaren poured tea and Mrs. Northedge Birks cut the ices. Assistants were the Misses Rosamond Huycke, Jean Eastwood, Dorothy Hill and Maud Rush.

Mrs. Harold Wilson, Bolivar Street, entertained at a miscellaneous shower last Friday evening in honor of Miss Myrtle Graham, whose marriage takes place this week.

OBITUARY

MRS. JOHANNA LEAHY.

The death occurred at the residence of her daughter, Mrs. Bernard Harrington, Ennismore, at 3 o'clock yesterday of Mrs. Johanna Leahy. The deceased was 83 years of age, and leaves to mourn her loss three sons: William, Michael and John, of Douro, and two daughters: Mrs. Michael Ryan, of Douro, and Mrs. B. Harrington, of Ennismore.

The funeral will take place from the residence of her son-in-law, Mr. Michael Ryan, Douro, on Wednesday morning at 8 o'clock to St. Joseph's Church, and thence to St. Joseph's Cemetery.

ALEXANDER HENRY.

The death took place on May 21, at his residence in the third concession of Emily, of Alexander Henry, in his 71st year.

The ltae Mr. Henry was a well-known and highly respected citizen, beloved by all for his unfailing kindness to others in time of need. He was a staunch Orangeman, a member of L.O.L. 41. He was an Anglican and a member of St. John's church.

The deceased left to mourn his loss, his wife, one son and two daughters ,Elmer at home; Mrs. E. Finlay, Cadillac, Sask., and Mrs. H. Parker, Omemee.

Two sisters also survive, Mrs. Thomas Lytle and Mrs. John Marshall, both of Peterborough.

The funeral will take place on Wednesday morning at 10.30 to Ida cemetery, and will be under the auspices of the Orange and Forester Orders.

WEDDING BELLS

GORDON—PETHICK

McDougall Methodist church, Edmonton was the scene of a quiet but pretty wedding on Wednesday, April 11th at high noon when the marriage of Ethel, second daughter of Mr. and Mrs. W. H. Pethick Peterborough, Ontario, to Richard A. Gordon of Edmonton, was solemnized by Rev. R. Lorne McTavish, pastor.

The bride who was given in marriage by her uncle W. T. Lane, Fort Saskatchewan wore a becoming costume of navy poiret twill with oriental blouse and carried a shower bouquet of ophelia roses.

The happy couple left later in the day for Calgary, and one returning will reside in the MacLean Block.—"Edmonton Journal."

THE STATE TO RENEW SEARCH FOR ETIDORHPA

Probes Call Cult Chauffeurs on Tip That They Spirited Missing Mother Away.

HOUSE OF DAVID

ST JOSEPH, Mich., May 23. — Drowning in a sea of perplexity over the disappearance of Etidorhpa Smith Moore, the state investigation of the House of David grasped at two straws, Dwight Bauschke and Percy Bulley, chauffeurs for Benjamin Purnell.

Bauschke and Bulley will be questioned before Judge Harry J Dingeman regarding the alleged spiriting away of the mother of the sect's so-called "second Christ child," whizzed over the Indiana line in an Israelite touring car, it is believed, while State Police and Berrien County deputies were prodding the front door bell of Shiloh to subpena her.

This action comes as the result of a tip to the attorney-general's office that last Wednesday, the day of Etidorhpa's disappearance, the black and tan Shiloh limousine was seen pounding along the road to Niles with the curtains closely drawn Niles is only nine miles from South Bend, a city honeycombed with Israelite hiding places.

Say Bauschke Drove Car

Bauschke is said to have been at the wheel of the automobile, Bulley beside him, while three women, their faces shadowed by broad rimmed hats, occupied the back seats.

The three women, the tip goes, were Cora B. Mooney, Mary Ranger and Elidorpha. Mary Ranger, who has thus far kept out of the calcium glare of the investigation, is said to be the attendant in Benjamin's inner chambers.

Approaching the disappearance of the will o' the wisp mother from another angle officials have also subpoenaed Katie Glover, nurse of the 15-months-old child and mistress of the "little house" back of Shiloh where the former favorite has lived for the last four years. Mrs. Glover will be questioned as to when she last saw Mrs. Moore.

In the meantime the latter's husband, James, and Mrs. Julie Stroupe Rowe, committed to the Berrien County Jail last week by Judge Dingeman for evasiveness on the witness stand, steadfastly deny they know anything of the whereabouts of the much-sought witness. Both sit in their cells with hands folded rejoicing in their "martyrdom" for the "faith." Neither will mention Etidohpa's name; neither apparently has been crushed by the long hours of solitude.

Dingeman Denies Bungling

Late Monday night Moore hummed Israelite hymns to himself while Mrs. Rowe consoled herself with passages from the "Star of Bethlehem," Benjamin's holy book, bound in red and obtainable to tourists for $5 at the colony's combined salvation dispensary and ukulele stand. Moore will be called back to testify early this week, it is believed.

Judge Dingeman on his arrival here outspokenly declared himself on the warpath regarding intimations that the investigation was being bungled by the Attorney-General's office.

"The one-man grand jury is seeking to probe charges which witnesses say have been covered up for 20 years," said the judge "We have conducted the investigation only four weeks. In that length of time it is impossible to arrive at a definite action. The State is hamper ed from within and without; all sorts of obstacles have been placed in its path."

First typewriter was produced in 1867 by Christopher L. Sholes of Milwaukee.

Empire Day in the Schools of Toronto

TORONTO, May 23.—(Canadian Press)—Empire Day was generally celebrated to-day in schools of Canada, as in other parts of the British Empire with various patriotic exercises parades of cadets and other appropriate cermonies. As a rule throughout Canada special celebration was confined to children in view of Public Holiday tomorrow, Victoria Day.

PREM. BALDWIN IS EULOGIZED

Most Influential London Press Says His Appointment Conforms to Popular Wishes.

LONDON, May 23. — (United Press). — Prime Minister Stanley Baldwin conferred with the Ministers and political leaders to-day, as he formed his Cabinet to replace that of his predecessor, Bonar Law.

There is doubt that Lord Curzon, Foreign Minister in the last Cabinet, will retain that office. Lord Robert Cecil, who recently visited the United States, speaking on the League of Nations, is prominently mentioned for the post.

Good Reception.

No incoming Premier could wish for a better reception from the press than that accorded Stanley Baldwin. The morning newspapers say the appointment is in accordance with popular wishes, and is the best solution under the circumstances.

The comments of Labor and Liberal newspapers are influenced of course by political considerations, but none has a word against Mr. Baldwin personally. Some of the Opposition's critics, however, regard the appointment as a triumph for the diehards.

Lord Curzon, says the Chronicle, was passed because diehards declared a vendetta against him. That paper sneers at Baldwin's budget and, regarding his part in the debt-funding mission, declares:

"It is possible no negotiator could have got better terms, but it is certain that none would have got worse." This remark is apparently inspired by Lloyd George's speech at Llanfairfechan last evening, in which the former Premier made it clear that the new Ministry would receive less forbearance from Lloyd George's following than did Bonar Law. If Sir Robert Horne's appointment as Chancellor of the Exchequer does not materialize, it is suggested that Austin Chamberlain may be induced to take the post. There is little likelihood of Mr. Baldwin offering Lord Birkenhead any post, and it is still unknown whether Lord Curzon has agreed to retain his place as Foreign Secretary, but unofficial predictions state that he will remain.

Earl of Derby announced at lunch eon at Olympia to-day that he had received an offer from Prime Minister Baldwin to continue to serve as Secretary of State for War and that he had agreed to do so.

EVOLUTIONISTS SCORED VICTORY IN THE U.S.

INDIANAPOLIS, Ind., May 23 (Canadian Press). — Mr. William Jennings Bryan was defeated, and the Evolutionists scored a victory yesterday when the General Assembly of the Presbyterian Church of the United States of America defeated the Commoners' rsolution to bar schools permitting the teaching of evolutionary hypothesy from the use of church funds.

Bryan won his fight for a demand that every Presbyterian minister, church official, church member, and faculties and students of denominational schools sign the total abstinence pledge.

OVER TWENTY ARE VICTIMS OF FIRE FIEND

Property Loss Estimated at Five Million Dollars When Flames Destroy Three Blocks.

STARTED IN MOVIE

MEXICALA, Calif, May 23—(Canadian Press.)—Fourteen persons are known to have been killed and more than three blocks of buildings destroyed by fire which started late yesterday in the operating room of the motion picture theatre here.

Property loss was placed to-day at from one million to five million dollars, the higher figure being credited to agents of companies, which had insured buildings.

One thousand persons were made homeless. While fourteen bodies have been recovered local officials say that it least twenty persons were killed and unofficial estimates place the number of deaths at much higher figure.

THE WEATHER.

Lowest temperature last night 33 degrees, very close to the freezing point. It is likely it will be as low (if not lower) to-night as conditions seem favorable for such. The 24th is usually a bright sunshiny day, with "Queen's weather," but there have been some notable exceptions. To-morrow promises to be fair and bright and a little warmer, but—

"Theres many a slip,
Twixt cup and lip,"

so runs an old proverb. Here's hoping final realizations may more than fulfill present anticipations.—W. P.

RUSSIANS ACCEPT THE TERMS OF THE BRITISH

LONDON, May 23 (Canadian Press). — The Russian reply to the British ten-day ultimatum accepts the majority of the demands, and suggests a conference to discuss the points on which there is no agreement, it was learned to-day.

JUMPED FROM BRIDGE

KITCHENER, May 23.—(Canadian Press).—Herman Israel aged 45 attempted suicide here yesterday afternoon, when he jumped off the bridge at Park Lake into six feet of water. Two men who witnessed his act took him from the water and revived him with a pulmotor. He came to the city from Chatham.

MORALITY IN RUSSIA TODAY IS IMPROVED

Police and Health Departments Are Making Headway in Their Fight Against Moonshine.

HELPING GIRLS

MOSCOW, May 23. — (United Press.)—Russian morality has been improved by the Revolution, according to Commissary Semaschke, of the Health Department of the Russian Republic.

"Anyone who knew Russian before the revolution and afterward will admit that matters are better," said Semaschke. "It is true that prostitution, which disappeared entirely a short time after the revolution, has returned to a degree, owing to unemployment, but we know that the number of girls now walking the streets is less than 200 in Moscow, where formerly there were thousands.

"The danger lies in the secret houses of which unfortunately there are some in Moscow. Our police are battling hard against them and the owners of such houses (among whom there are many of the former wealthy classes) are sentenced to imprisonment and sometimes banishment from Moscow.

"Our work is more directed to help these girls by finding them lodgings and work. We erected many working schools where they are being skilled for suitable work."

Semaschki also stated that the police and health departments were making headway in their fight against "Samagonka," or high-voltage moonshine. This stuff runs from 40 to 50 per cent. alcohol. The police recently released the new distilled fruit liquors, which contain 20 per cent of alcohol, and hope to educate the public to drink these instead of moonshine. It was explained that the average peasant formerly got drunk at least once a week— very drunk, in fact, and is therefore a good patron of bootleggers and does a lot of distilling himself.

A.Y.P.A. ST. GEORGE'S ELECT THEIR OFFICERS

BROWNTON, May 23. — The A. Y. P. A. of St. George's Church held their regular meeting on Monday evening, when arrangements were made to hold a banquet next Monday evening to celebrate the closing of this organisation for the summer. St. George's branch also intends to hold a picnic, this event to take place about the second Saturday in June.

After business discussion, the officers were elected for next season: President, Miss Blake, re-elected; vice-president, Miss Ivy Williams; secretary, Miss Irene Howarth; treasurer, Miss Ida Parks.

The executive of May's Home and School Association met in the school house for a business discussion. Arrangements were made to make the next meeting on the second Thursday in June, a social one, and the speakers have been secured to make the affair interesting.

This will be the last meeting of the season, so that the election of officers will also take place.

CANADA IN SYMPATHY WITH MUTUAL DEFENSE

GENEVA May 23. — (United Press).—Canada, replying to the League of Nations, request for her draft of the treaty of mutual defense as a disarmament basis, has officially notified the League that she has every sympathy with the object.

ANOTHER CONFERENCE WITH FRENCH PREMIER

PARIS, May 23. — (Canadian Press).—Premier Theunis and Foreign Secretary Jaspar of Belgium, are expected to arrive in Paris Sunday for another conference with Premier Poincare in regard to Allied program in Ruhr.

KIWANIANS WANTED.

Another call has gone out for a meeting of Kiwanians in Jackson Park this evening after six o'clock to complete arrangements for the building that will be erected to-morrow.

Will Not Observe King's Birthday

June 4, the King's Birthday, will not be a general holiday, Mr. Leon Frazer, Secretaary of the Chamber of Commerce, informed the Examiner to-day. The day will be observed as a holiday by banks and Government offices, but stores and factories will remain open as in previous years.

WILL NOT RELAX PEACE EFFORTS

Pope Pius Deplores the Discord He Still Finds Affecting Groups in Europe.

ROME, May 23. — (Canadian Press).—Pope Pius said to-day that the success of the missionary exhibition to be held in the Vatican in 1925, in celebration of the holy year of jubilee, seemed to be assured.

After referring to the situation in the Near East, the Pontiff deplored the discord he still found affecting groups in Ireland, England, France and Germany. "Our eyes," he said, "see in the crowd of combatants some among the best of our children, beloved for various reasons by this holy apostolic see."

His Holiness said he had done everything humanly possible to end such painful conditions as existed among these nations, and added that he would not relax his efforts, so long as there was any hope of success, crying "peace, peace, peace," from the bottom of his heart.

Alluding to recent events in Russia, the Pontiff said death and imprisonment of ecclesiastic made the Catholic faith shine more brilliantly.

CARDINALS CREATED

Monsignor Luigi Sincero, assessor of the Consistorial Congregation, and Monsignor Giovannia Rocca, Archbishop of Bologna, were created Cardinals by Pope Pius at a secret consistory at the Vatican to-day.

WHERE AND HOW TO SPEND THE HOLIDAY

Members of the Peterboro Kiwanis Club will meet in Jackson Park to-morrow morning at nine o'clock prepared to take part in the erection of a new building for the Health Association.

The annual Salvation Army excursion to Rice Lake, Steamer leaving Street Railway Wharf at 8.30 p.m.

Steamer will make regular holiday trip around Stoney Lake.

Central League team will play Cobourg in Cobourg at three o'clock. At Riverside Park in the morning commencing at nine o'clock, the Adanacs will play the Thistles in a junior city league fixture.

At 10.30 a.m. An All Star Mercantile league team will play the C.G.E., in an intermediate city league fixture.

The following games will be played in the afternoon at Riverside Park, Lakeviews vs C.G.E., in a junior city league fixture to be followed by an intermediate city league game between the Raybestos and the winners of the morning game.

Gordon Cup Soccer Finals — G.W.V.A. vs. Thistles at the Oval at 3 o'clock.

SALVATION ARMY EXCURSION.
STR. GENEVA WILL LEAVE THE STREET RAILWAY WHARF ON THURSDAY, MAY 24TH AT 8.30, INSTEAD OF STR. STONEY LAKE AT GEORGE ST. WHARF AT 8.30, OWING TO HIGH WATERS. BAND IN ATTENDANCE. ADULT TICKETS, 75c; CHILDREN, 45c. 2d122 2288

NOTICE.
THE REGULAR MEETING OF THE ANCIENT ORDER OF HIBERNIANS WILL BE POSTPONED UNTIL TUESDAY, MAY 29TH. EVERY MEMBER IS REQUESTED TO ATTEND.
T. H. RYAN, PRES.
1d-122-2313.

ROYAL GREETING TO LITTLE ONES BRITISH EMPIRE

Birthday Message From Their Majesties of England Heard by Thousands of Children Today

IN PETERBOROUGH

Through the kindness of Mr. E. V. Warne, who presented each of the seven Public schools of the city with gramophone records of the Birthday Message to the children of the Empire from their Majesties, the King and Queen of England, the following addresses of the British sovereigns were heard by thousands of school children throughout the British Commonwealth of Nations today. In Peterborough, the seals of the records were broken to-day at two o'clock at the Central school, by His Worship Mayor Taylor.

It is rather a unique occurrence to actually hear the voices of the King and Queen of England, speaking as clearly as if they were in each of the schools in person. Just how a king and queen really talks probably never occurred as a subject of conjecture to any of the children of Peterborough. The little ones, if interrogated, would probably think that these exalted beings had a language all their own, so it must have been somewhat of a surprise to them to hear the somewhat pompous, very deep, firm tones of King George preceding the rather nervous inflections in more stilted and higher-voiced accents of Queen Mary.

The King's message ran thus:

"To my people in all parts of the world, joining in celebrating the unity and to draw closer the common ties which hold them together. Each of our many peoples has its own life to live, and each has its own work to do, while all are members of one family, carrying their sorrows and joys. You have learned how the Emipre was built up by brave and wise men and women in the past. It is only by community wisdom and unselfishness that it will endure. It is a great inheritance. Your fathers and forefathers made it. Its future will bear a good name under the providence of God, in your hands. Do not think of it as a thing far away from you. Every one of you counts and what you do and learn now will decide how far you will be able to play your part worthily when you grow up. Get knowledge, be brave, honorable and kind, thinking of others before yourselves and always playing the game, so will you fit yourselves to hand down this community of free nations to your children and grandchildren as a great instrument for justice, peace and good will, which will deserve the affection and esteem of mankind."

The Queen's message, which followed, said:

"On this day of memory and hope, which is also the birthday of the good Queen Victoria, this is my message to you, daughters of our world-wide family of nations and its peoples: Think always of what you can do to make your home happy and how you can best prepare yourselves to make happy homes for the generations of children which will follow you. In our vast empire, there are many kinds of homes and many children and different customs. The home which fosters clean minds and clean hearts is God's temple, and the spirit of the good home, whether it be rich or poor, is one of the best things in the world. You can learn many things at school which will help you to become wise citizens of the British commonwealth, and you can learn nothing better for yourselves and all members of the great British family than the simple lessons of love, kindness and unselfishness which, in cloud and sunshine, are the strength and duty of life."

SHARP FIGHTING

BERLIN, May 23.—(Canadian Press).—Sharp fighting between police and Communists occurred at Dortmund last evening. The Communists after a meeting formed a procession and attacked the police station. Police reinforcements were greeted by pistol fire and four of the officers were wounded.

Local Man Made Attempt Suicide

Charged with attempting to commit suicide by drinking carbolic acid, a local man was this morning remanded by Magistrate O. A. Langley until Saturday to permit of an investigation into his mental conditon. He was not called upon to plead to the charge of attempting to commit suicide, and will not plead unless the two doctors who examine him decide he is sane.

Should his insanity be established he cannot be answerable for his attempt, and will be cared for the Province.

JAS. GATES, D.C. HAS THE POWER

Official Dog Catcher Wears His Badge Sewn Inside His Coat.

It is really a concession to be allowed to take a dog on the street on a leash, according to James Gates, the official dog catcher. If Mr. Gates wished to enforce the City By-law he could compel every person to muzzle the the doz he takes for an airing. Therefore, if Mr. Gates allows dogs to appear in public without muzzles, he thinks it is not asking too much to demand that they wear leashes.

In view of the story that circulated last week to the effect that he had been roughly handled in a physical altercation, Mr. Gates stated that he has the powers of a constable, and displayed his official shield sewn inside his coat. It follows from this that he can enforce his demands that the City By-law regarding dogs be observed.

There are many people still keeping dogs without licenses, and these are warned that when the Official Dog Catcher lays his hands on a dog without a tag or a leash, entreaties and force will be equally unavailing. The only alternative to paying $1 is losing the dog.

BANDITS MADE THREAT TO KILL TWO PRISONERS

PEKIN, May 23 (United Press). —The Diplomatic Corps is waiting for news of whether the Shantung bandits killed two of their captives last night in the execution of their threat to do so unless their terms were met by that time.

M. Berube, the Frenchman who brought the threat from the brigands' camp, returned to their stronghold to ascertain what had occurred.

However, he carried no reply to the menacing message.

If the prisoners have been slain, it is expected the Powers themselves will be forced to act directly against the outlaws.

TRAP SHOOTING.

The Peterborough Gun Club will hold their weekly shoot on Thursday at 10 a.m., instead of Friday night this week. All members are requested to be on hand, as a couple of squads from Lakefield are coming down to show the local boys how to break clay birds.

All gunners are welcome at the shoot.

LAST APPEAL OF FLO LEEDS TO STILLMAN

Will Stick for Son's Support Until Father is Carried Out in Cold Pine Box.

TO PUBLISH LETTER

NEW YORK, May 23. — "I will stick till they carry you out in a cold pine box," Flo Leeds promised James A. Stillman, in her last appeal, written to him on Oct. 22, 1922, in a final effort to persuade the former New York banker to continue her old allowance of $1500 a month for the support and care of her son, Jay, 5 years old.

The letter and many written by the banker to Mrs. Leeds, will be made public, if the differences between her and Stillman lead to a clash in court. In these letters Mrs. Leeds says, the banker asserted he was only awaiting the day when he could acknowledge the boy as his son before the world.

Stillman drew a will for Mrs. Leeds making himself guardian for Jay in the event of her death, she said to-day.

Two Other Children.

Jay was not the only child of her union with Stillman, Mrs Leeds disclosed. Two other children were born after the the birth of the chubby "Sturdie" as she calls Jay, and in whom her whole life is now centred.

Her letter of final appeal to Stillman, dated Oct. 22, 1922, reads as follows:

"969 Park Avenue, Oct. 22, 1922.

"Consider now how I write this appeal to you, J.—but why.

"It's for the love I bear our boy, and my desire to do everything that is best for him.

"Together with the loneliness of my existence, the solitude of my thoughts and the endless bitterness of my unbelief — these are what prompt this last attempt to touch that which I hope exists in your nature—honor.

I Stood by You."

"Nearly two years ago you pleaded with me to stand by you. I did, loyally, and while I would not raise my voice to the detriment of the woman—or a child that was being fought for—I loved you, and told you:

" 'I will stick till they carry you out in a cold pine box.'

"I have never gone back on that, but I know now that it is not what you want, and with this realization, I cast aside all pride — all of the things that are— for those that were —and in this moment. I don't seek your love or your purse—for myself—but just a word, a helpful suggestion, for the welfare of little Jay.

"No matter whom your interests are centered in to-day, J. do not ignore this appeal, for whoever claims your attention now will pass— it is only a question of time—but Jay—he is your flesh and your blood—a part of you—that will go on forever and I alone can speak for him.

Recalls Past

"It is wrong of you to leave two helpless humans, without a word, and I know it is equally wrong to urge the unwilling to return—but surely moments such as we have

(Continued on Page 13.)

The Children's Aid Society

Following on the late fire that rendered unfit for occupation, for a time, the Shelter used for so many years, the Society decided to buy and move to New Quarters. A Property has been bought in South Ward, and will presently be occupied.

The Society has invested in this property the savings of the last twenty years, $11,500.00. This leaves in hand only a small amount for maintenance purposes. The price arranged for is $14,000.00.

The Society asks for monetary assistance, to the amount of $4,000.00. Will right-thinking and helpful citizens please assist. Against the above amount asked for subscriptions of $1,500.00 and $500.00 have already been received. The balance is sought for, viz., $2,000.00.

Contributions may be handed to the Treasurer, Mr. C. S. Cummer, Bank of Montreal, 336 George Street.

John Edgar, Secretary. B. F. Ackerman, President.

LUBRICANT CARBON REMOVER SOLVES THE CARBON PROBLEM

When your motor loses power, when it knocks, bucks and overheats, don't monkey with the carburetor. Send for a can of Lubricant Carbon Remover and pour two to four tablespoonfuls into each spark plug hole. Follow directions and the motor will do the rest. It works like a cathartic. You will see the proof in the cleaned spark plugs, and you will get more power and more miles out of every gallon of gasoline. Every can guaranteed. Price $1.50.

Call and get a free sample can and be convinced.

ROGERS WAS A HARD PRISONER TO LOOK AFTER

Youthful Bandit of North Bay Was a Source of Trouble While in the Kingston Penitentiary.

WANTED FREEDOM.

KINGSTON, Ont., May 23. — (Canadian Press).—An ex-official of the Portsmouth Penitentiary who knew Leo Rogers very well when he was in that institution, told the press yesterday that Rogers was a very bad man to handle at best, and that only for a very short period was he what might be called in a tractable mood. This was after his assault upon Inspector Duncan. After an earnest plea by one of the senior prison officials, Rogers actually tried to lead a better prison life, and for a time seemed to make a real effort to control his temper and tongue. Hence it was that for some weeks after that he read this Bible regularly each day in his cell and seemed to be quite a changed man. Singularly enough he did not appear to realize the seriousness of his attack either upon Berrigan or Duncan. To this official who had influenced him to begin his Bible reading and try to lead a better prison life, he explained that he had no intention whatever of murdering Duncan. When asked what his purpose was in assaulting him, he said: "Oh, I wanted to get his gun." Being then asked what he intended to do with the gun, Rogers for a moment refused to answer and then sullenly exclaimed: "Well, I wanted my freedom; wouldn't you, if you were in my place?"

And that tells the story of Rogers so far as his life in prison was concerned. From the day he went in until he day he was liberated he was obsessed at all times with the desire for freedom at any cost, and was always planning for it.

OPINION LONDON PRESS ON CABINET CHANGES

LONDON, May 23. — (Canadian Press).—Sir Laming Worthington Evans will also be a member of the new Cabinet, according to the Central News. But the agency is not certain that Lord Curzon will consent to serve under Mr. Baldwin. The Times doubts the inclusion of Lord Curzon and Sir Robert Horne in the Cabinet, and declares that if the former declines, Lord Robert Cecil may be offered the Foreign Secretaryship. The paper describes the statement that Sir Robert has accepted the post of Chancellor of the Exchequer as at least premature, and adds that as lately as Monday he was understood to be disinclined to return to office. The Daily Mail says that the Foreign Office will likely be offered to Lord Derby.

Judge Condemns The Strike Weapon

KINGSTON, May 23.—(Canadian Press).—In the Division Court yesterday morning, before Judge Madden, of Napanee, the defendant in a non-payment of rent case entered the plea that he was out of work.

Questioned as to why he was not employed, he said he was on strike, with the rest of his union, in a wage dispute. The Judge took a very positive stand, saying that the men should have learned a lesson from previous experiences, and that strikes would never get them anywhere. Just such actions had led to the terrible conditions in Russia, he added, and it should not be encouraged here. He gave judgment for the plaintiff for the full amount, fixing the usual 15-day limit for payment.

HARD SPECULATE ON THE ELECTION

TORONTO, May 23.—(Canadian Press.) — With Ontario Provincial General Elections inside of five weeks, prophesy of independent observers of the present campaign, generally speaking, as to the outcome of the campaign, is that it may be. "anybody's victory."

As a matter of fact, prospects seem to be as indefinite, to casual investigator, as the conditions which followe d the Provincial election of 1919.

In his political speaking tour Mr. Drury has expressed his expectation of securing at least enough support among those elected on June 25 to again place his government at the helm of affairs in the province. Conservatives, are making much of their charges of lax enforcement of the O. T.A., while Liberals stress their allegations of general incompetency of the Drury government. Mr. Hay yesterday took occasion to deny that the Liberals were in any way departing from their traditional "dry" policy.

Labor candidates so far nominated by their party conventions include all classes from openly communistic to moderate type of independent laborite.

Indications are that there will be a contest for every one of the 111 seats in the Legislature.

TRANSFERS PERFUMES.

PARIS, May 23.—(Associated Press)—Professor Daniel of Rennes appears to have discovered a process which will cause to come true Shakespeare's verse: "A rose by any other name would smell as sweet."

By taking two plants of the same species and grafting one on the other, notably a wormwood on a chrysanthemum, he found that not only the grafted wormwood developed remarkably, but its flowers gave off a perfume more powerful than that of the original plant. Moreover, the chrysanthemum had given to the wormwood flower something of its own scent. Professor Daniel collected the seeds of the grafted wormwood and the following year obtained from them some very fine plants.

Some perfumed flowers were grafted on plants that heretofore had no scent at all and the result has been that the product of the grafting smelt like the original.

LLOYD GEORGE PAID A TRIBUTE TO BONAR LAW

The Little Welshman Has Suffered From a Similar Malady — Will Refrain From Criticisms.

REFERRED TO U. S.

LONDON, May 23 (Canadian Press). — In the course of a warm tribute to Mr. Bonar Law's friendship and loyalty, paid by Mr. Lloyd-George in a speech before his constituents at Llanfairwechan last night, the former Coalition Premier said that he himself had had some experience with Mr. Bonar Law's malady eleven years ago, when he was obliged to give up both talking and smoking for months. He therefore considered that Mr. Bonar Law was perfectly right from both personal and state viewpoints to insist upon a complete rest.

Promising that he would refrain from captious criticism of the new Government, as he had of the Bonar Law Government, Mr. Lloyd-George referring to the distressful condition of the European tangle, alluded to America, "disillusioned and disgusted America, which has retired into prosperous seclusion, occasionally looking down through barred windows at Europe sitting in the mire of its war-trampled fields."

Mr. Lloyd-George also alluded to "the one-sided settlement of our debe to America, without reference to what was going to happen to the much larger debts owing Britain elsewhere."

PRESERVE RECORDS.

STOCKHOLM, May 23.—(Associated Press)—The, government committee on the study of ancient Swedish folk culture and the preservation of historic materials has submitted a report to the Department of Public Worship and Education, in which it recommends government appropriations for the work, and a federation under direction of the state of all the institutions now active in this line of research.

Among the subjects now being investigated by various schools, universities, museums and societies are local dialects, especially those which are rapidly disappearing, popular tales and superstitions, the origin and significance of Swedish place names, ancient trades and handicrafts, etc. The committee stresses the importance of coming generations of preserving accurate and vivid records, together with authentic illustrative material, of the earliest developments in Swedish civilization.

Natural Bran from clean Wheat

Tillson's Health Bran is made entirely in the Quaker Mills. From the selection and cleaning of the white Ontario winter wheat, every process of manufacture is under the care of the firm which markets Tillson's Bran.

Clean, bright, untreated, Tillson's Bran comes to you in its natural state. It is the kind physicians prescribe as a natural daily laxative. Large sealed, dust-proof cartons.

Tested recipes in each carton.

Meighen Sees Danger From Reciprocity

OTTAWA, May 23 (Canadian Press). — Speaking during the continued debate on the Budget in the House of Commons yesterday, Right Hon. Arthur Meighen, Conservative leader and former Prime Minister, declared that permanency lay at the root of the question of reciprocity wit hthe United States. There could be no peruanency, he said in a reciprocal agreement with the United States; and the power to anul it would be a dangerous weapon to leave in the hands of the United States. The longer a recopricity agreement continued in effect, the more Canada would come to depend on it.

EXPECT SHRINERS TO STORM U. S. CAPITOL

By FRASER EDWARDS.

WASHINGTON, May 23. — (United Press).—Cities have risen mushroom-like over night during gold-rushes in the West, but no staid metropolis has ever doubled its population in a day. Yet that is what Washington expects to do during Shrine Week—June 3 to 8.

The Nation's Capital was a beehive of activity today preparing to play host to a multitude that will make the great inaugural crowds seem like a Squash Centre county court day throng in comparison.

Washington, normally a city of about 450,000, anticipates tucking away 900,000 each night of the week the Nabies of the Mystic Shrine turn the city into a colorful Arab camp with their red fezes and bisarre zouave costumes.

A shriner with a bent for statistics has figured out that Washington's guest, if rolled into one, would make a noble twice the height of the Washington Monument—1,100 feet—and weighing 75,000,000 pounds. Broad Pennsylvania avenue would make a narrow footpath for his 150 feet shoes and he would wear a fez the size of the capitol dome.

Homes Opened.

The housing committee, having filled every available hotel, has asked citizens to open their homes to this gigantic guest. Nearly 1,500 Pullman cars standing in the terminal will house others and many thousands may be forced to go to the tent colony now being organized.

Washington's guest will pay a board bill of $5,000,000 a day. Washington merchants, who have raised a fund of $500,000 for entertainment of their guest, expect to reap a profit of $50,000,000 in ten days.

The hens of six states will be kept busy laying eggs for the crowd. "Old Bossy" must give up 25,000 gallons of milk daily for coffee alone and the baker must furnish 250,000 loaves of bread. It is estimated that 2,500,000 pounds of meat will be eaten during the colossal carnival.

The city authorities do not fear a famine, but they have taken the precaution to warn the residents to lay in a three-weeks' store of non-perishable food supplies in advance of the coming multitude.

STOCKS AND BONDS

At the present time there is a great boom in the mining industry. I have had many years experience in practical mining, both in Cobalt and Porcupine, and have a wide connection there. I am therefore in a position to get early and reliable information in both camps. I have made a profit for every one of my clients up to date, and shall be pleased to advise any one interested. There will be a strong market this summer and now is the time to get in.

HUNGER ADDED TO THE TRIALS OF SHIPWRECK

Famine Conditions in the Little Hamlet Where the Passengers of the Marvale Were Landed—Aid Has Arrived.

THE WRECK.

ST. JOHN'S, N.F., May 23. — (Canadain Press.)—A night of fasting was in store for many of the 436 passengers and crew of the Canadian Pacific liner, Marvale, when they were saved in the lifeboats as the vessel went down near St. Shotts on the southern coast of Newfoundland late Monday after striking on Cape Freels rock. The story of the rescue as told by Captain Lewis, of the Marvale at Trepassey Monday night was brought here by the crew of a train that left that place early yesterday morning.

The Marvale's company, received hospitably by the fisher folk of the little fishing hamlet of St. Shott's, learned that famine conditions prevailed in the place owing to the terrible ice blockade along the Newfoundland coast last winter. What little food there was was given gladly to the women of the party, the twenty babies, the children and the aged. The other passengers and members of the crew went hungry until yesterday morning, when a relief steamer sent by the Newfoundland government to feed the starving along the blockaded coast, arrived from Burin and placed its supplies at their disposal. The castaways were taken on board this steamer, the Seal, and fed in relays. Later the vessel brought them to Trepassey, which is the terminus of a branch line of the Newfoundland railway.

According to Captain Lewis the Marvale had wandered out of her course in a dense fog when she struck at 4.30 o'clock Monday afternoon on Cape Freels rock about one mile off Cape Freels and Cape Pine, the extreme point of the peninsula on the western side of Trepassey bay, of which Cape Race forms the eastern side.

"We thought we were four miles off shore," the captain said. "We were working along the coast in the fog by the sound of the Cape Freels fog alarm, believing ourselves safe when the ship struck a sidelong blow on the reef and tore her side out. She hung on the rock for a moment and then slid down into deep water again. I knew she was lost and decided to make for the beach."

Two of the Marvale's seamen, who accompanied Captain Lewis to Trepassey, said that the people of the liner owed their lives to the captain's seamanship and judgment and the fact that the water was smooth. A situation with all the possibilities of disaster, was present, but not a person was even injured.

Immeditaely after the Marvale struck the captain headed her for St. Shotts, where there was a sandy spot to beach her and a hamlet to shelter the survivors. Taking no chances with his people, however, he ordered the boats overside at once and began to load them with passengers. The fine weather and smooth sea made this task fairly easy. The women and children took their places in the boats first, the other passengers and most of the crew followed and within an hour the boats had been filled and dropped. The seamen in charge of the boats were instructed to follow the ship in the direction of the land, which was becoming visible through the fog by this time. The first lifeboat dropped overboard held 20 babies and their mothers. The babies on landing appeared none the worse for their experience.

As the Marvale neared the land it was seen that she was sinking rapidly. She would have gone down earlier, the captain said, but for the wheat and flour in her cargo, but as the grain slipped out through the hole in her bottom she sank more quickly. Captain Lewis and the officers, engineers and stokers, who had remained on board to drive her ashore, left the vessel just as she went down in seven fathoms, a mile from the beach at St. Shotts that had been her destination.

The fisher folk of the hamlet, eager to assist the shipwrecked company, gave of their best, but it was pitifully small. There was little food but the unexpected visitors were all housed after a fashion, while the captain and two of his men proceeded to Trepassey, 14 miles away, to take further measures for their safety. The reports sent here by Captain Lewis led the authorities to divert the steamer Seal with her cargo of provisions from Burin to St. Shotts. Last night the Marvales' company were in the fishing village of Trepassey, comfortably sheltered and all well.

NEW YORK, May 23.—(Canadian Press).—Mike McTigue, world's light heavyweight champion, yesterday signed to meet Harry Grebe, former United States champion, in a ten-round no decision bout in Chicago June 20. McTigue also signed to meet Tommy Loughran, of Philadelphia, in an eight-round bout June 25.

STANLEY BALDWIN APPOINTED TO SUCCEED ANDREW BONAR LAW AS THE PREMIER OF GREAT BRITAIN

NEW PREMIER.

Stanley Baldwin.

Comparatively New to Politics But Considered One of the Strongest Men of the Conservative Party —Has the Support and Confidence of the Financial World—Will Appoint a New Ministry.

LONDON, May 23.— (Canadian Press.)—Stanley Baldwin, Chancellor of the Exchequer, is the British Prime Minister in succession to Andrew Bonar Law. Having followed the constitutional practice and ascertaining the views of the Conservative leaders through the medium of his secretary, Lord Stamfordham, who had been busy since Sunday in necessary consultations, the King came to town yesterday and without further delay offered the vacant premiership to Mr. Baldwin, who accepted.

That a man comparatively new to politics thus comes to the first position in the nations' council, passing over well-tried and experiencpd statesmen like Marquis Curzon and the Earl of Balfour, indicates the change which has taken place in the political stage with the rise for the first time in the country's history of the labor party to the position of His Majesty's opposition in parliament.

Of necessity the labor party is not represented in the House of Lords unless the presence of peers like Lord Haldane, who has great sympathy with the labor party and is looked upon as one of the certain ministers should the labour party within the near future be in a position to form a government, may be said to give labor a slight standing in the Lords.

It was this fact of no representation of labor in the Lords, which ruled Curzon out as a possible prime minister, in the opinion of the majority of Conservative leaders. The present opposition in the House of Commons is the most energetic and vigorous parliament has had in many years and it was felt necessary that the first minister of state must be in the commons to meet the attacks of this opposition.

The new prime minister, like his predecessor, has graduated from trade and also like Mr. Bonar Law, from the iron trade. Neither of these men was trained for politics, but adopted politics after a successful commercial career. This also is a departure to some extent from British traditions, the statesmen in the past being to a very large extent recruited from the ranks of the aristocracy or the legal profession.

This fact insures for the new premier the support and confidence of the commercial and financial world which will be a great asset for him. In accordance with custom the members of the cabinet will now formally tender their resignation and Mr. Baldwin will proceed to appoint a new ministry. The general belief is that for the most part the present ministers will be re-appointed, but this is by no means certain.

Among the surprises of the day was the announcement that Sir Robert Stevenson Horne had consented to become chancellor of the exchequer in the new cabinet, a post he held under Lloyd George. As late as Monday it was asserted that Sir Robert had no intention of re-entering politics. When he left the Coalition with Mr. Lloyd George, Austen Chamberlain, Lord Birkenhead and others, he formed lucrative connections in the commercial world and only a week ago was appointed a director of the Suez Canal Company. Becoming a minister again he must resign these positions of profit. His appointment to new office cannot be officially announced until the formalities of the resignation of the ministry are completed, but the appointment is regarded as certain and the question arises whether Sir Robert Horne's inclusion in the cabinet means that Mr. Baldwin hopes to bring in the other late colleagues of the new chancellor like Mr. Chamberlain and Birkenhead, to strengthen the ministry.

Stanley Baldwin is actually the nominee of the die-hard section of the Conservative party which hither has been the most determined against the re-admission of Birkenhead and Chamberlain to the ministry; hence it may be inferred that such a reconciliation in the Conservative ranks is not likely. But the situation is undoubtedly interesting and the next developmnt is awaited with much interest.

The most engrossing questions before the British public now therefore are, what will be the personnel of the new ministry and what will

(Continued on page 5.)

EX-PUPIL OF LAKEFIELD HAS WON DISTINCTION

LAKEFIELD, May 23.— An expupil of the Lakefield Continuation school has achieved considerable distinction in the recent examination reports of Queen's University, viz.: Victor Bullock, son of W. J. Bullock, of Orono, formerly of Douro. Mr. Bullock received his B.A. last year with specialist standing in Science, and this year has received an M.A. in Science. During the past year he has been science master in the High School at Paris, Ont., and has received an appointment to the science staff of Ottawa Collegiate Institute for netx year. Mr. Bullock deserves full ythe honor he has earned and won and his many friends will join heartily in congratulating him, as he is undoubtedly one of the most distinguished graduates of the local school.

VETCRAFT TO RE-OPEN.

KINGSTON, Ont., May 23 (Canadian Press). — The D. S. C. R. Veteraft Shops, which have been closed since the fire at Sydenham Military Hospital last January, are to be re-opened on 1st June.

Cake or Powder

DO you know there are two kinds of Bon Ami—cake and powder? Both are made from the same ingredients—both are equally good.

It's a matter of taste which you use. Many women prefer the powder in its handy sprinkler-top tin—it's so easy to shake the powder on a damp cloth.

Others prefer the solid, long-lasting cake—that's rubbed on the cloth like ordinary soap.

Many women keep both kinds on hand—they prefer the cake for some uses, the powder for others. It's a splendid idea to keep both—why not try it?

Are you familiar with the principal uses of Bon Ami—they're listed at the right?

BON AMI LIMITED, MONTREAL

Have you tried Bon Ami— for cleaning and polishing

Bathtubs, Tiling
Fine Kitchen Utensils
White Woodwork
Aluminium Ware
Brass, Copper and Nickel Ware
Glass Baking Dishes
Windows, Mirrors
White Shoes
The Hands
Linoleum and Congoleum

When visitors are expected—

NATURALLY your mind leaps to the question of preparing meals and setting the table. Perhaps selecting menus is comparatively simple. But how often have you been annoyed to find that your silverware—scheme as you might—was not sufficient for your guests!

Yet this annoyance is unnecessary! For in "1847 Rogers Bros." you can add to your tableware most reasonably, and in small quantities should you desire. Six salad forks, for instance, in the dignified Ambassador, or any other 1847 Rogers Bros. pattern, cost only $7.25. Other pieces—table knives and forks and tea spoons—are priced as moderately.

And you may add to your table service of "1847 Rogers Bros." on later occasions, for leading dealers always have the newer patterns in stock. Remember that "1847 Rogers Bros." will give service for a lifetime. It has been tested and not found wanting for more than three-quarters of a century. Its beautiful design and durability will give you lasting satisfaction.

Send for "How Much Silverware," a new booklet which is a faithful guide to reasonable silverware purchases for families large and small.

WEDNESDAY, MAY 23, 1923.

BEWARE OF THE SHORT-CUTS.

There is not a new feature in the case of young Duncan, a clerk in a Detroit banking house, who is short $2,000, which he is alleged to have taken to make a stock market speculation, says the London Advertiser. Had the thing gone right, as he expected it would, he could have replaced the $2,000, had a comfortable sum for himself, and nothing would have been heard of it.

Duncan had just been married at 22 years of age; probably he needed the money. He looked for a way to get it fast and all at once. Others had made money out of stock speculation—for speculation is a nicer word than gambling—so why couldn't he?

He wanted to accomplish at one stroke what others pay for by months and years of hard, honest work.

So he decided on a risky, dishonest short-cut.

And, like nearly every other short-cut, this one had a ditch into which the young man fell.

It is a fact that there are some eloquent sermons in these sordid and sorrowful police court cases.

SIR HENRY'S FRANKNESS.

Sir Henry Thornton's reply to the representations made before him during his visit to Peterborough as to improvements in the freight and passenger service in this district was in marked contrast to the "earnest consideration" set-piece answer of the average politician in receiving a deputation.

The head of Canada's National Railways dealt frankly with Peterborough's spokesmen inasmuch as he did not hesitate to point out to them the difficulties that make the granting of such requests a problem.

Millions could be spent on improvements with excellent results, but Sir Henry reminded his hearers that it was the people's money that would have to be spent.

That is a point that is very likely to be overlooked. People grumble about the vast sums that have to be provided for the National Railways, and yet from all parts of the country come demands for improved service, better accommodation and new stations and freight sheds.

Were all these requests to be granted at once it is to be fancied that Mr. Fielding would have to report a deficit next year that would make the set-back announced in the recent budget speech seem like a trifle.

Sir Henry Thornton is right in his policy of only doing the most necessary improvements now, and he is right again in taking the deputations that wait upon him into his confidence as he did here yesterday.

Sometimes, when our own interests are concerned, we are liable to forget the general need for economy.

THE USE OF FIREWORKS.

While it may be viewed as an indication of a desire to take the joy out of life, so far as the younger element is concerned, the Examiner feels it necessary to suggest that parents should be careful in regard to the amount of liberty they allow their children in the use of fireworks tomorrow.

In some cities bylaws prohibiting the use of fireworks are being vigorously enforced, because of the realization that many of these displays are extremely dangerous when entrusted to children to be handled.

The banishment of fireworks altogether may seem a drastic step, but it would be infinitely better than to have a young child burned to death, as happened in Ottawa on Victoria Day last year, or a disastrous fire like the one which swept a large section of Ailsa Craig a short time ago.

Even in the hands of adults there is a decided element of risk about the use of fireworks, and to allow children to have their own way in regard to this matter is to invite trouble.

The American agitation for a sane Fourth of July arose out of the number of casualties that eventuated on every celebration of Independence Day.

It looks as if Canadians will be forced to follow the example of their cousins across the line and institute a sane 24th of May, with fireworks displays strictly supervised or done away with altogether.

Better a host of disappointed children than the loss of one young life.

THE DEADLY REVOLVER.

Magistrate Jelfs of Hamilton a little while ago gave it as his opinion that the sale of revolvers should be prohibited even as a "safety first" measure for private citizens, and the Examiner, which has several times made the same suggestion, is more than ever convinced as the result of recent events of the wisdom of such a course.

Within the past week there have been several cases that indicate that there must be some remedy found for the present conditions under which a criminal has not the least difficulty in securing possession of a dangerous weapon.

The shooting of Constable Lefebvre at North Bay is the outstanding incident, but in Hamilton a police constable had a struggle with an armed desperado, and in Windsor a police sergeant was shot by a crook.

The supply of weapons must be cut off, and the simplest way that suggests itself is to prohibit the manufacture, except for police and military purposes.

There is no reason for a private citizen to carry a revolver, or even to have one.

In the first place, there is the constant danger of accident, and, secondly, should occasion arise for the use of such a weapon the revolver in the hand of a citizen is more likely to cause retaliation on the part of the crook than a means of defence.

Crimes of violence in the United States are much more prevalent than in England, because on this side of the water the criminal is usually armed, while in Great Britain very few of the lawless element carry a gun.

Stricter regulations are very badly needed in this country.

MISTAKEN KINDNESS.

Leo Rogers, the young North Bay desperado who is being hunted by the authorities for killing a policeman and wounding another, was until last Christmas confined in the Kingston Penitentiary on a serious charge.

His original sentence had been augmented by an additional eight years because of a brutal attack made upon a guard by the prisoner.

In spite of his record, this young criminal was given his parole by the Remission Branch of the Department of Justice at Ottawa.

The circumstances call for an explanation.

It does not seem possible that the officials of the Remission Branch took the precaution to fully investigate the whole case.

Indeed, it is claimed, that the judge who sentenced him after his assault upon a Penitentiary guard did not even know of the prisoner's release until it had been actually granted.

Rogers apparently was given his liberty without any proper inquiry into his case, and he has paid for this clemency by murdering an officer of the law; badly injuring another and terrorizing a whole district.

Why the Department of Justice should turn this dangerous individual loose to begin anew his career as an enemy of society is difficult to understand in view of Rogers' record.

Mistaken kindness has cost at least one life—and will likely cost Rogers his own.

THE WORLD'S GREATEST NEEDS.

The British Institute of Patentees is getting up a list of the inventions most needed by the world. Sir William Bell has started it off with a dozen suggestions. His ideas of the world's most pressing needs give us concern. First of all he wants glass that will bend. We always supposed the trouble was with the rigidity of the razor. We have been so lost in dreams of how wonderful it would be to have a razor that would bend around the corners that we've shaved off the old sideburns many a time. And Sir William wants a furnace that will conserve 95 per cent. of its heat. We believed most of them did, not knowing what else they could be doing with it. He is still concerned about heat and wants a process for making flannel unshrinkable. But there's plenty of it now, no matter how much it shrinks. Lots of people don't wear them now and others find silk looks prettier. Then he would like a method to reduce friction. We were taught in physics or some other of those tiresome sciences that it was friction that kept the world in motion. Still, if Sir William is bent on it why doesn't he set to work exposing all those excuses men employ for staying out late at night. He'd reduce friction by quite a trifle. He surprises us with a wish for a pipe that can be cleaned easily and effectively. We don't smoke a pipe and had innocently supposed that the point was to run them as long as possible without cleaning. But the further we go the less respect we have for Sir William and his notions of the world's needs. We have got down to his wish for a temperance drink that will keep and yet not pall on the palate. We can't for the life of us imagine why anyone coming into possession of a "temperance drink" should desire to keep it so long as the sewers are functioning.

We have a feeling that our own longings are more representative of the great unsatisfied masses. From early childhood we have felt that one of the greatest boons that could be conferred on the world would be a bed that, at the hour set the night before, would automatically eject the sleeper in the morning, without the necessity of his having to cogitate on the question of getting up. Now that we are up, we recall that we used to suppose that some day they would make a grapefruit that didn't splash, but, abandoning the hope after years of waiting, we abandoned grapefruits also together with the noisy celery and the troublesome peas that we have never succeeded in hoisting on a knife. We are fond of them and will again enjoy them if ever they are improved as indicated. Another thing that to our mind would add greatly to happiness and convenience in this world would be an umbrella that would bite the hand of any one but its master. And we should like some one to invent a divining rod for amateur fishermen. A thing, too, the lack of which is greatly felt is chicken soup that tastes of chicken. Pants without a passion for getting baggy at the knees is another vision we have entertained of an idle moment. And toupees that look like natural scalps of hair. And mustaches that wouldn't mop up the soup.

We might go on for another half column; the gentle reader is invited to do it for himself. May be it isn't good for us to have things we want. Seems as if we'd heard that some where. Just the same, it is saddening to think of the time that has been wasted in the inventing of new kinds of belt buckles and substitutes for cuff buttons when there is so much worth while to be done by the supporters of the Patent Office.—Ottawa Journal.

EDITORIAL NOTES AND COMMENT.

That glow in the sky is the reflection of the blush upon the cheek of Premier Drury after hearing that G. A. Brethren, M.P. of East Peterborough, had described him as "the biggest man" in Canada.

The people of Peterborough are reminded of the concert on Friday evening which is being held as a benefit for Miss Agnes Logan. The community should show its appreciation of the record of the young pianist.

Three hundred and forty-seven immigrants from Scotland were rushed into New York from Halifax on a special train. Evidently this is one shipment of Scotch that eluded the revenue officers.

The first straw hat continues to get headlines in the newspapers—and no wonder, in view of the weather conditions.

There is no good reason whatever for trying to make Hydro an issue in the present contest. It is here and it is an established fact.—London Advertiser. And exactly the same thing can be said of the O. T. A.

The probabilities are that there will be nearly 300 candidates in the Ontario election—not counting Jimmy Simpson, who always runs.

Recent breach of promise actions suggest that the old advice, "Do right and fear no man; don't write, and fear no woman," still holds good.

MILLBROOK AND THE DISTRICT

W. M. A. Grace Presbyterian Church Met — Planning Social Event—Missionary Pageant.

MILLBROOK, May 23. — The Woman's Missionary Auxiliary of Grace Presbyterian church held their May meeting in the church parlors on Wednesday afternoon, Mrs. S. Gervan, the capable president, being in the chair. Following the opening devotional period, the minutes of the previous meeting were read by the secretary, Mrs. J. Eakins, and, on motion, confirmed. Business items were then discussed, and Mrs. Gervan and Mrs. Eakins, appointed delegates to the annual Presbyterial meeting to be held in Knox church, Peterboro, on Thursday and Friday, May 31, and June 1st.

The chapter in the study book dealing with the hospital work in the West under the control of the Presbyterian church, was taken up in a most interesting manner by Mrs. R. J. Doak, special mention being made of the "Hugh Waddell Memorial Hospital" at Canora, and of the "Boswell Memorial Hospital," oth of these institutions doing excellent service in their respective communities. Indeed, each services a very large territory and are under splendid supervision both as to doctors and nurses.

The meeting was closed in the usual manner

Looking Forward.

A very enjoyable social events is being planned by the Cavan Women's Institute for Thursday, May 31st, when an At Home will be held at the residence of Mr. and Mrs. Jack Armstrong, 8th line, Cavan, beginning at 3 p.m. There will be a short programme of music and readings, and a number of fancy and useful articles will be on sale during the afternoon. Supper will be served the small price of admission including this enjoyable feature of the occasion. The proceeds are to be devoted to the excellent work being carried on by the Institute along philanthropic lines. An invitation to attend the gathering has been extended to the Institute here, and also at other points. Doubtless a number will motor over and enjoy the hospitality of the Cavan branch.

Missionary Pageant.

The delegates who attended the annual sessions of the Anglican Women's Missionary Society for the Toronto diocese, held in that city recently, St. John's church, Ida, being represented by Mns. R. M. Howden, Mrs. H. Seeney and Mrs. Clare Winslow, and St. Thomas church, Millbrook, by Mrs. H. Mulligan and Miss Rose MacNamara report a particular enjoyment of the missionary pageant, "To the Uttermost Parts" which was presented in St. Anne's Parish House on two evenings. The pageant was written by Miss Mary S. Edgar, and gave glimpses of life in the various fields where the Anglican church has mission work, including the Northwest, Honan, China, Kangra, India and Japan. The players were chosen from girls in the missionary societies of the city churches, three characters, "The Woman of the Shadows" the "Child with the Burden" and the "Spirit of Christianity" doing especially well in the introductory act. One thousand girls made up the audience on the first night, the older delegates being asked to wait until the next evening for their turn.

About eleven hundred communicants were present when the Sacrament of the Lord's Supper was administered in St. James Cathedral on the closing morning of the convention, Bishop Sweeney and Bishop Reeves, Canon Dixon and other clergymen assisting with the service.

QUAKERS ARE FEEDING THE GERMAN CHILDREN

BERLIN, (By mail to the United Press)—The American Quakers are providing food for 600,000 children in Germany.

The Ruhr invasion has increased their work greatly, the organization now finding it necessary to provide foor for 160,000 youngsters in this district alone.

A committee consisting of Dr. Wlibur R .Thomas, Henry Scattergood, Clement Biddle and Doctor Homer Morris, representing the Philadelphia headquarters, has just returned from the Ruhr district.

They report that respite occasional difficulties in transportation of food, the work is going far better than would ordinarily be expected.

The German government is doing its best to aid the Quakers.

SMALLEST HORSE DEAD

FREMONT, Neb., May 23 (United Press).—"Tiny," the world's smallest horse is dead. He foundered the other day and was found dead in his stall.

"Tiny" was eight years old, weighed ninety-six pounds, stood twenty-four inches high and measured three feet from nose to tail. He wasn't a Shetland, as generally supposed, but came from genuine horse stock, according to his owner, Otto Schleuter.

When he was born he wasn't much bigger than a good-sized cat, and he was much smaller than a Newfoundland dog when he was full-grown.

"Tiny" had been exhibited over the west and in many eastern states, having traveled with carnival companies and circuses in the summer time and with vaudeville companies in the winter.

The first man in England to wear silk stockings was, it is believed, Henry VIII.

NEWS NORWOOD AND DISTRICT

Presbyterian Church Observes Anniversary — Fitting Film Feature of Occasion — Personal Happenings.

NORWOOD, May 23.—The anniversary services of the Presbyterian church were held on Sunday last The Rev. F .W. Anderson of Port Hope was the special speaker and he preached two very helpful and instructive sermons.

The choir, under the leadership of Mr. Gordon Wright, rendered appropriate music for the occasion. Mrs. F. Garlick, Miss O. Finlay and Mr. Wm. Stares of the Methodist church very kindly assisted the choir.

On Monday evening the religious film entitled, "From the Manger to the Cross," was shown in the auditorium of the church.

Laid to Rest.

The funeral of the late Ellen Forman, wife of Mr. David Matthews took place on Monday afternoon from the family residence, Colborne street. Deceased, who was 60 years of age, was stricken with paralysis on Tuesday morning last and never recovered, passing quietly away on Saturday morning. During her short residence of about five years in Norwood she had made many friends who will sincerely sympathize with the bereaved husband and other relatives who are left to mourn her loss.

The funeral service was conducted by the Rev. T. M. Wesley, pastor of the Presbyterian church, of which the deceased was a devoted and faithful member. Interment was made in the Norwood cemetery.

News Paragraphs.

Mrs. Harry Goden and Master Billie are in Ottawa on account of the serious illness of her mother, Mrs. Dienell.

Miss Pauline Weir of Toronto spent the week-end with her parents, Mr. and Mrs. John Weir.

Miss Jennie Clysdale of Toronto spent the week-end with her sister, Miss Cora Clysdale.

LINDSAY DEMANDS A FASTER SERVICE

A Through Train From Peterborough to Toronto — Thornton Non-Committal.

LINDSAY, May 23. — Sir Henry Thornton, president of the Canadian National Railways System, made his first official visit to Lindsay yesterday, and he had a busy time of it during his two hours' stay in town.

He was welcomed at the C.N.R. citizens, and taken in an automobile trip to points of interest.

Afterwards he was tendered a luncheon at Hotel Benson, Mayor Carew presiding, and Lindsay's claims were presented by Mr. T. H. Stinson, K.C.

Sir Henry was asked to take into consideration the erection of a roundhouse at this point. It was pointed out that plans had been prepared for the roundhouse prior to the war, and the town had also closed certain streets for its erection.

The restoration of the morning train (the flier) from Peterborough to Toronto through Lindsay was also urged.

With the object of diverting more of the trade from the north country to Lindsay and also of improving the service, Mr. Stinson urged that the I. B. and O. line be linked up with the Lindsay Division.

Sir Henry Thornton assured the gathering that the different matters touched upon would be carefully considered. He hoped the directorate would ere long be in a position to improve the service all along the line by the installation of gas, electric, or storage battery coaches.

Appetite Keen and Bowels Relieved

You can relish your meals without fear of upsetting your liver or stomach if you will put your faith in Carter's Little Liver Pills. Foul accumulations that poison the blood are expelled from the bowels and headache, dizziness and sallow skin are relieved.

CARTER'S LITTLE LIVER PILLS

Small Pill—Small Dose—Small Price

YOUNG'S POINT NEWS.

YOUNG'E POINT, May 22. — Mr H. Lytle of Deer Bay, was in the village Friday.

Mr. J. Godfrey of Peterboro visited at his home in the village last week.

Miss Laura McFarlane was in Lakefield on Friday.

Mr. Emerson Davis of Lakefield passed through the village on Friday.

Mr and Mrs. G. Douglas spent the week-end at their cottage.

Mr. George Jackman of Lakefield visited his sister, Mrs. A. Wilson on Friday evening.

Rev. Mr. Mackenzie of Lakefield, passed through the village on Saturday.

Mr. and Mrs. Ed. Conroy were in the village on Saturday.

Mr. J. Johnston spent Saturday in Peterboro.

Mrs. Wm. Douglas was in Lakefield on Saturday.

Mr. Wm. Morrison and daughter, Phyllis, of Lakefield, passed through the village on Friday.

Miss Gladys Sage of Douro spent the week end visiting her parents in Smith.

Mrs. Davis of Lakefield passed through the village on Friday.

Mr. Allen Douglas was in Lakefield Saturday evening.

Drilling For Oil Has Started Near Lindsay.

LINDSAY, May 23. — The Northern Development Company commenced drilling operations for oil on the Perdue farm on Monday.

The operations are being watched with interest by the people of this district.

If the operations prove a failure, there will be a whole lot of disappointed people.

The Humorist

The Mexican Government has seized two million acres of land. The middle acre would be a fine place for a singing school.

Next couple asking for divorce will be ham and eggs.

A bachelor is a man who is afraid of firearms.

Being good takes lots of practice.

RALLY OF INTEREST BETHANY CHURCH

Special Music By Choir Featured Go-to-Sunday Event—Personals.

BETHANY, May 23.—Mr. F. C. Dawe shipped a carload of potatoes on Monday.

Mr. and Mrs. Joe Stanley of Toronto. visited Mr. and Mrs. D. Cairns over Sunday.

Mr. Gerald McCartney of Toronto visited his mother over the week end

Rev. A. T. Weir will preach his farewell sermon on Sunday May 27 before leaving for his new parish in Omemee.

Mr. A. Monk and son Bert, were business visitors to Peterboro on Wednesday.

Mr. Jack Hughes of Peterboro, was a business visitor to the village on Thursday.

Miss Alice Ryley of Peterboro, spent the week end with her parents.

Mrs. Walter Burns of Peterboro, attended the funeral service of the late Mrs. Isaac Preston on Friday

Died—At the home of her sister, Mrs. Wm. Westlake, 134 Fulton avenue, Toronto, Mrs. Isaac Preston, formerly of this village. Deceased had been ailing for some time from a partial stroke. The funeral on Friday was by motor to St. Mary's Cemetery, Manvers. The committal service was read by her former pastor, Rev. A. T. Weir Mr. and Mrs. Wm. Westlake accompanied the remains and spent a faw days in the village with friends before returning to their home in Toronto.

Dr. Fred Preston of Peterboro, attended the funeral service of the late Mrs. Preston on Friday.

Mr. and Mrs. Elias Lowes of Peterboro. visited her mother Mrs. John Staples on Saturday.

Mr. and Mrs. Fred Arnott of Fleetwood visited their motrer Mrs. S. Arnott on Saturday.

Rev. Beckel and Mr. Wm. Lee are both on the sick list their many friends hope for a quick recovery.

Mr. Walter Rowan was a business visitor to Peterboro on Monday.

Spring Rally

The Spring Rally or "Go-To-Sunday-School" services in connection with the Methodist Sunday School and church on Sunday was very successful despite the inclement weather. Although it was raining heavily at Sunday School hour sixty-five scholars managed to attend the service which was carried out according to programme arranged by the Ontario religious educational council. At night again rain affected the attendance although a goodly number were present. The choir assisted with this service. In the Methodist church next Sunday there will be a public baptismal service when Rev. H. Wilkinson of Pontypool will assist the Pastor Rev. Beckel.

SCHOOLMASTER ABROAD.

MANILA, May 23.—(Associated Press).—The Philippine Islands have a total of 8,174 schools, public and private, with an approximate enrollment of 1,160,000, according to the Bureau of Education and the superintendent of private schools. It is estimated that the Philippines have a population of 2,500,000 children of school age.

Public schools alone number 7,641 and attendance reached a total of 1,094,472 during the last year, while private schools number 532 and have an enrollment of 64,835.

Eighty-five per cent. of the private schools in the Philippines are religious institutions, and only 15 per cent. secular. Seventy-seven per cent. of the religious private schools are Catholic, while the remaining eight per cent. are Protestant.

The public school system, in which English is taught, includes 24,878 teachers, 341 of whom are Americans.

HIS MASTER'S VOICE, LIMITED

"His Master's Voice"

COBOURG AND DISTRICT

COBOURG, May 23.—Among real estate deals of the past week is the sale of the farm belonging to the late Christopher Hinds about six miles east of here in Halidimand township which has been in the possession of the Hinds family for the past century. The late Christopher Hinds before his decease many years ago, willed this farm to his four unmarried daughters for life, and after their death it was to be sold and divided among four grandchildren. The last of his daughters died aobut a year ago, and one grandchild survived her, who fell heir to the property. The farm has now been sold to Mr. Michael Drumm, who own an adjacent farm in the locality.

Mrs. Ambrose Keane, formerly of Peterboro has sold to Mr Fred A. Black, formerly of Port Hope, a house and lot on Hibernia street.

Robert Hilliard has sold to Reuben Jackson, contractor, a lot in the west end of the town.

Mrs. Willoughby has sold to Mr. Sleighholme the southeast part of lot 31, concession 4, Haldimand township.

Pay For Cleaning Streets.

At a meeting of the town council it was decided that the cleaning of paved streets in the town, removal of snow, flushing and such necessary work must be paid for by the property owners whose property is on these streets. There are some who think that the cost of cleaning should be borne by the whole town, as all use these main thoroughfares, and their cleanliness and good condition is an advantage to citizens generally.

S.O.E. At Church.

The Sons of England lodges from Cobourg and Port Hope attended Divine service at the Methodist church on Sunday evening. The service being the last Sabath service before Victoria Day, was patriotic in its character. The choir under the direction of Mr. Frank Parkinson sang Kipling's Recessional, and a second patriotic number as an anthem. Mr. Wilson took for his theme the words that for centuries proved to be a national prayer, "God Save the King" and preached an able sermon.

Local and Personal.

Mr. Geo. Wragg, Port Hope, was in town on Monday as witness in the action brought by Mr. Mark Wickett against the town of Port Hope.

Miss E. L. Mackin, assistant superintendent at the Girls Cottage Industrial School at Sweetsburg, Quebec, came up on Tuesday and will spentd a month's holidays with her sister, Mrs. Westington, Hamilton township, and other relatives.

Miss Hilda Berry, Toronto, spent Sunday with her parents, Mr. and Mrs. William Berry, Hamilton township.

Mr. O. H. Bradley, son of Mr. and Mrs. C. R. Bradley, Port Hope, has been transferred to Montreal where he takes the position of accountant in the Montreal branch of the General Motors Company. Mr. Bradley who is C.P.R. agent at Port Hope has recent returned from Orangeville, where he was called owing to the death of his uncle, the late Wm. Fisher.

Mr. Bert Wilkinson of McMaster University, son of Mr. and Mrs. John Wilkinson, Port Hope, is leaving this week for Carduff, Sask., where he will supply the work of the Baptist church there

Mr. Elmer Snell, who resides in Bloomsgrove avenue, Port Hope, had his little finger badly smashed while at work at the Nicholson File factor on Thursday last.

Mr. Edward S. Lansing of the Crescent Yact Club, Watertown, N. Y., was in Belleville last week to attend the assembly of the Quinte Yact Club. Mr. Lansing owns the yacht "Hosky" which captured the George cup in the races last summer.

PRESENTATION TO MRS. R. F. STILLMAN OMEMEE VILLAGE

Recipient of Silver Spoons and Address on Eve of Leaving the Community —From Ladies' Aid.

OMEMEE, May 23.—The regular monthly meeting of the Ladies Aid of the Methodist Church was held in the Sunday school room of the chruch, when the members turned out in great numbers. Mrs. Wm Henderson presided in an able manner. Following the devotional exercises, a discussion took place regarding the advisibality of holding the annual garden party. It was finally decided not to have one this year, and in its place that each lady of the congregation be asked to contribute to the Society's funds, the sum of 50c and also to attend the play "Patty makes things hum", which is to be given in Coronation Hall under the auspices of the Ladies' Aid on June 4. The Society donated $30 to the quarterly official board, and $50 to the trustee board.

The following suitable recitation was ably rendered by Mrs. T. A. MacPherson:

The Ladies' Aid.

We've put a fine addition to the
good old church at home,
It's just the latest killer, with a
gallery and dome
It seats a thousand people—finest
church in our town
And when 'twas dedicated, why we
planked ten thousand down—
That is, we paid five thousand—
every deacon did his best—"
And the Ladies' Aid Society, it
promised all the rest.

We've got an organ in the church,
the finest in the land,
It's got a thousand pipes or more,
it's melody's grand.
And when we sit on cushioned pews
and hear the master play,
It carries to realms of bliss, un-
numbered miles away.
It cost a cool three thousand, and
its stood the hardest test;
We'll pay a thousand on it—The La-
dies' Aid the rest.

They'll give a hundred sociables,
cantatas too and teas;
They'll bake a thousand angel cakes,
and tons of cream they'll freeze.
They'll beg and scrape and toil and
sweat, for seven years or more,
And then they'll start all o'er again,
for a carpet on the floor.
So it isnt' just like digging out
the money from your vest,
When the Ladies' Aid gets busy and
says, "We'll pay the rest."

Of course, we're proud of our big
church, from pulpit up to spire,
It's the darling of our eyes, the
crown of our desire;
But when I see the sisters work to
raise the cash that lacks,
I somehow feel the church is built
on womens' tired backs.
And sometimes I can't help thinking
when we reach the religious
blest,
The men will get the toil and sweat,
and the Ladies' Aid the rest.

A Presentation.

Following this appropriate numbers, Mrs. Boyd invited the retiring pastors' wife, Mrs. R. F. Stillman forward and read the following address:

"Dear Mrs. Stillman:

We, the members of the Ladies' Aid, take this occasion to voice our gratitude to you for the interest you have shown in our work as a Society and the willing and efficient help you have always given us. We realize that the life of a minister's wife is a busy one and yet, in spite of other demands, you have always found the time to place your best talents at our disposal. That they will bear increase for the Master's Kingdom and reap the reward, "well done, good and faithful servant", we doubt not.

"We have enjoyed your hospitality on the many occasions when you have welcomed us into your home, and your bright cheerful presence will be greatly missed at our meetings. Though we know that our loss will be your gain for new community into which you are going.

"The Ladies' Aid is only one branch of the church work where you have rendered faithful and unselfish service and endeared yourself to us personally, as a woman of sterling worth and integrity.

"As a rememeberance from the Ladies' Aid of the Omemee Methodist church, we would ask you to accept this little gift, which is accompanied by our best wishes for you and your family and our prayers that God may richly bless you in your new home.

"Signed on behalf of the Ladies' Aid.

"Mrs. Wm. Henderson .
"Mrs. J. Bushnell.
"Mrs. Bradburn
"Mrs. Shields
"Mrs. Wm. Earl
"Mrs. Widdis."

The gift was a beautiful leather case containing one dozen initialed silver teas spoons and sugar tongs. The presentation was made by a former president of the Society, Mrs. T. J. Parsons.

Mrs. Stillman, though quite overcome by emotion and surprise, expressed her gratitude in a neat little speech, saying the gift from her own home church where she had attended as a child would be doubly dear to her The ladies than gathered around the recipient and sang heartily, "For She's a Jolly Good Fellow."

Tea tables with snowy cloths and floral decorations of roses and carnations appeared as if by magic and the serving of afternoon tea, brought to a close another memorable session of the Ladies' Aid.

Put your faith in Kellogg's Bran— it relieves Chronic Constipation!

If you suffer with mild or chronic constipation, go after it relentlessly! Constipation has probably wrecked more lives than any one human ailment. It is the basis of many illnesses, leading even to such diseases as Bright's and diabetes. In its milder form constipation creates sick headaches, biliousness, dizziness, nausea, bad breath, pimples, etc. Kellogg's Bran is guaranteed to relieve constipation permanently if it is eaten regularly. Kellogg's is ALL BRAN—that's why it acts as nature's perfect sweeper, cleanser and purifier.

To safeguard your own health, to protect your family, serve Kellogg's Bran each day. As a constipation preventive or for mild cases, eat at least two tablespoonfuls daily. In chronic cases, as much with each meal. But keep at it persistently—beat constipation with bran—nature's most wonderful food! And think how Kellogg's will free you all from the dangers of pills and cathartics!

Kellogg's Bran is a life sustainer and body-building food because it contains mineral salts and other food essentials, as well as being a natural relief from constipation!

Kellogg's is delicious in its nut-like flavor. It adds greatly to the taste of hot or cold cereals when sprinkled or mixed with them. Or, cook it with hot cereals, allowing two tablespoonfuls for each person. Kellogg's Bran makes very delicious muffins, raisin bread, etc.

Kellogg's Bran is served in leading hotels, clubs and restaurants in individual packages. All grocers sell it.

STANLEY BALDWIN

(Continued from page 3.)

be the policy of the new prime minister ,especially in the Ruhr and as relates to Russia.

Mr .Lloyd George, in a speech at Llanfairfechan last night with his usual political instinct, put his finger on what is generally considered as the weak side of the Bonar Law administratiton. He said: 'I had more confidence in the late premiers' restraining sagacity than in his driving capacity."

Mr. Baldwin is a close friend of Mr. Bonar Law's, and if Lord Curzon, as is expected, remains secretary for foreign affairs, it is unlikely that there will be any radical change in policy, but there is undoubtedly a great hope that without the handicap of ill-health from which Mr. Bonar Law suffered, the new prime minister may infuse more vigor into the government policy, particularly with regard to the Ruhr.

Among the host of messages received by Mr. Bonar Law from well-wishers, including the premiers of the Dominions and the president of the Irish Free State, was one from Woodrow Wilson saying:

"Having myself been hampered by ill-health, I know how to sympathize with you, and do with all my heart. I trust that your health may steadily return."

FRECKLE-FACE

Sun and Wind Bring Out Ugly Spots, How to Remove Easily.

Here's a chance, Miss Freckleface, to try a remedy for freckles with the guarantee of a reliable concern that it will not cost you a penny unless it removes the freckles; while if it does give you a clear complexion the expense is trifling.

Simply get an ounce of Othine—double strength—from any druggist and a few applications should show you how easy it is to rid yourself of the homely freckles and get a beautiful complexion. Rarely is more than one ounce needed for the worst case.

Be sure to ask the druggist for the double strength Othine as this strength is sold under guarantee of money back if it fails to remove freckles.

EXTOLLS PETERBORO PHOTOGRAPHIC WORK

Publicity Also Given This City Abroad Through Her Musical Artists.

Last Sunday's Detroit News shows on the first page of its Canadian edition a large photograph of Miss Mathilde Masson and of Miss Agnes Logan. Headed by the caption; "Win High Honors in Ontario Musical Competition." the note below the prints reads: "Miss Mathilde Masson Peterborough, Ontario, at left, won first prize as soprano soloist in the Ontario Musical Competition Festival, held in Toronto. Miss Agnes Logan. 17 years old, also of Peterborough, at right, won five of the first awards and flattering personal mention from one of the adjudicators E. Granville Bantock, of London, England.

Along with the publicity given our city in American papers, the photos. from The Roy Studio, are excellent specimens of the work of a Peterboro photographer.

PETERBOROUGH TALENT IS HIGHLY EXTOLLED

CAVAN, May 23.— The Young People of Trinity church, Peterborough, who recently presented thier play, "Patty Makes Things Hum," in Cavan community hall, are expected to reepat it on the evening of May 24, in Bethany town hall. This play is exceedingly popular.

NEWS BAILIEBORO AND THE DISTRICT

First Match of Ball League May 24—Personal Paragraphs.

BAILIEBORO, May 23. — The Cavan and South Monaghan U.F.O. baseball team will play their first game in the newly formed league against the Zion boys on Thursday afternoon, May 24 at 3 o'clock at Barnard's Landing, in the field owned by Wilbur Barnard. This promises to be a very interesting game. Everybody is heartily invited to attend the fixture and also to enjoy to real afternoon's outing at Rice Lake.

Personals

Mr. Eldridge White has returned from Kitchener after being absent from here for several months.

The U.F.O. Club unloaded a large car load of coal last week at Fraserville.

Miss Edith McGill who is teaching school at Lindsay, spent her week end with her parents, Mr. and Mrs. Jas. McGill.

Born— To Mr. and Mrs. Robert Smith on Thursday, a daughter.

Main Street, Omemee, Torn Up For Paving.

OMEMEE, May 23. — Main Street is somewhat of an eyesore these days, and will be for a few weeks to come. The Standard Paving Company have arrived with their steam shovel and other accessories, and with the aid of a large gang of men from Trenton, Lindsay, Omemee, and other outside points, the work of tearing up the road is rapidly progressing.

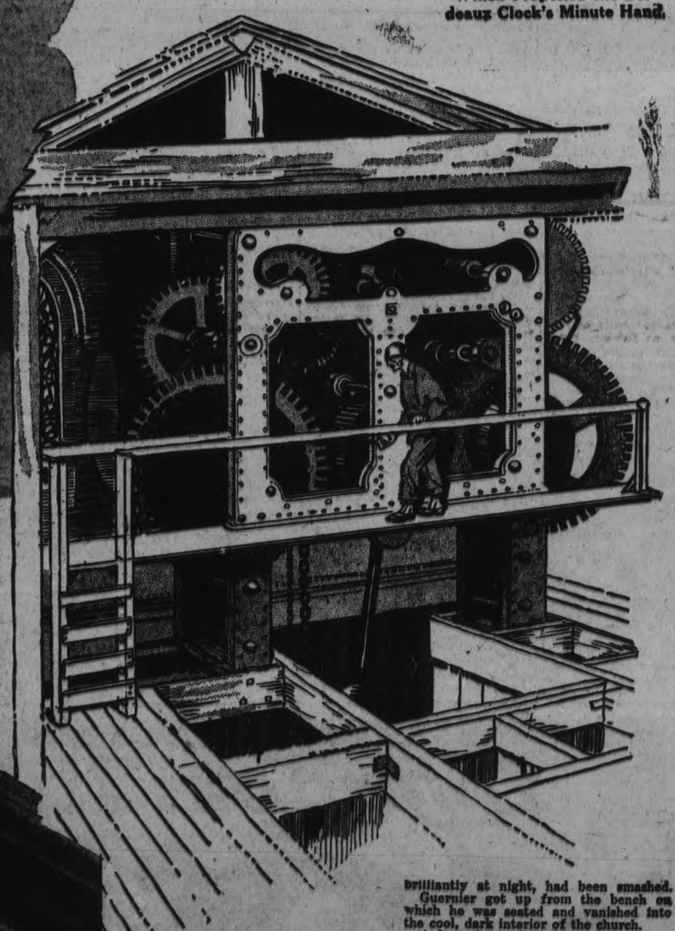
Of course, it is very inconvenient for motorists, but that will soon be forgotten when the pavement is laid and the rough, muddy highway hidden from view.

Waiting for the Giant Minute Hand to Guillotine Him

But the Strangest Suicidal Maniac of History Never Flinched When the Great Clock Ground His Head from His Body ---and Now Science Is Wondering "Why?"

Ponderous Mechanism, Worked by Powerful Weights, of the Type Which Propelled the Bordeaux Clock's Minute Hand.

Quay at Bordeaux, France, the Placid Seaport Town Which Jules Guernier Electrified by His Astonishing Suicide.



City Hall Clock at San Francisco Undergoing a Housecleaning at the Hands of Miss Ruth Heine, Woman Steeplejack. The Clock's Size—and That of the One at Bordeaux—Can Be Estimated from a Comparison of Its Minute Hand with the Arm of Miss Heine.

PARIS.

THE name of Jules Guernier, wine-merchant, is on the horrified lips of all France to-day. Criminologists and psychopathists give him the dubious honor of having accomplished the strangest and most nerve-racking suicide in history.

Guernier killed himself at Bordeaux by climbing the belfry of St. Pierre's Church, sticking his head through a hole in the face of the huge clock, and waiting for fifteen minutes until the gigantic minute hand, descending, choked him to death.

The tragedy has absorbed the interest of scientists as well as a morbid public for two reasons—the unique method of self-destruction and the remarkable mind capable of carrying out such an act.

Guernier, say the savants, must have had a brain more fantastic than a Poe's or a Gaboriau's to see in an object so innocent as a town clock a malevolent contrivance for self-strangulation.

He must have had a will to die infinitely more powerful than humanity's ruling passion of self-preservation, if he could gain the belfry and put his neck beneath a guillotine of his own selection.

Lastly, he must have had nerves like whipcord to bide patiently the precise approach of death as it crept upon him, heralded by hammerlike blows of the minute hand, knowing each blow brought him that much nearer eternity.

Most suicides choose the quickest route, both to avoid unnecessary pain and through fear they will hesitate and draw back if the preliminary agony is prolonged.

Guernier's choice could not have inflicted more mental agony had he picked out the worst tortures imagined by fiction writers or chronicled in accounts of savage tribes and medieval tyrants.

Poe conceived a death almost identical in his story of "The Pit and the Pendulum," in which a man lies bound beneath a steel scimitar, swishing back and forth on the end of a pendulum, lowered inch by inch from above, and due eventually to cut directly through his heart.

The Apache Indian of North America staked his victim to the plain and tethered a rattlesnake a few feet away with a fresh buckskin thong. The red man then poured water on the buckskin, drop by drop, so that the green hide gradually stretched and the hissing snake was near enough to strike.

Strangulation by the hand of a clock is even more blood-chilling than such horrors. Like the man beneath the pendulum, like the victim of the rattlesnake, like the Inquisition's unfortunates, Jules Guernier could see death moving deliberately upon him. He could hear its steps. He could count them. He could even feel them shake the supports to which he clung.

But Guernier did not draw back. That was the amazing fact about him. In "The Pit and the Pendulum" the hero escapes the swishing blade by smearing food on his bonds, thus luring rats to gnaw him free. He, and any other man in a like predicament, would sell his soul at any moment to have the power to flee.

Guernier had the power, but not the will. He forced his rebellious muscles to rivet themselves on one spot—for fifteen minutes!—until they quivered beneath the stroke. Yet at any moment he might have dodged his fate by a simple movement of his own volition. What, asks France, was the terrible incentive that drove him to the belfry and so steeled his nerves?

Guernier was known as a wit and a bon vivant. His wine business had brought him wealth. Then suddenly he became plunged into a slough of despondency. His friends whispered of a love affair. But they never dreamed the depths of desperation to which Guernier had sunk until, one day, fishermen rescued him from the Gironde river. "Let me die!" he moaned to them.

Twice Guernier tried to drown himself. Each time he was thwarted by rescuers. But even then he declared he was determined to perish. He might have sought the waters of the Gironde again by night. He might have stepped into the first apothecary's shop and purchased poison enough to complete his end quickly and all but painlessly. He might have bought a revolver and put himself out of his troubles with one bullet.

Why Guernier chose to be choked by a clock may never be known. Psychologists who are discussing his suicide in the Paris newspapers express the opinion that perhaps the man, brave enough to wait for a crawling death, was yet too much of a coward to pull a trigger, toss off a poison dose, or jump a third time into the river.

The last time Guernier was seen by a friend he was seated in one of Bordeaux's sunlit squares, staring at the ground. It may be that the sound of the great clock chiming the hour caused his head to lift. Perhaps he gazed at the clock in a sort of trance, seeing it at first only through the dark desire for death that absorbed all his thoughts.

The clock of St. Pierre's Church is one of the largest in the world, though surpassed by "Big Ben" in London, the four clocks on the Metropolitan Life building in New York City, and the clock of Colgate & Company which overlooks the Hudson from New Jersey. The last named is the biggest clock in the world. Twenty men could stand shoulder to shoulder across the dial. Its minute hand is twenty feet long and weighs a third of a ton.

The minute hand of the Bordeaux clock is longer than the average man is tall. It is made of brass encased in sheet copper, sharpened along the edges to the keenness of a butcher knife. From the ground it appears tenuous and slender, but one who is close enough would find it so thick and so firmly riveted at one end to the center of the clock that, if a man tugged at it with all his might, he would be helpless to stop its circuit.

Before the hands could be stopped, the power controlling them would have to be cut off. This power is provided by a system of huge iron weights suspended on a cable inside the clock. The weights tip the scales at something like 1,000 pounds. Though they respond to the delicate mechanism in the works of the clock, they propel the hands at a force sufficient to resist the highest velocity of the wind.

It is possible that Guernier, who had lived in Bordeaux all his life, knew that. He may have examined the steel blade when it was unboxed years ago and put in place—when he was only a boy. Looking at the big clock he saw in the path the point of the minute hand traveled, a hole. The face of the clock, always illumined brilliantly at night, had been smashed.

Guernier got up from the bench on which he was seated and vanished into the cool, dark interior of the church.

A few minutes later, pedestrians in the square noticed something peculiar about the clock of the church. They stopped and stared. A crowd formed. People could not make out what was wrong with the face of the clock. The hole on the lower rim was filled—but with what?

"It is a man," said one of the watchers. And it WAS a man—his head sticking out of the hole, with most of his body and feet hidden inside the clock. He was lying on his side, his face turned toward the sky. The crowd stared curiously, but not apprehensively. They thought the man was repairing the hole in the face of the clock. They watched him for nearly fifteen minutes.

Suddenly a shout of warning burst from the crowd. People had just perceived that the giant minute hand was threateningly close to the man's head. They called to the man to move, to withdraw his head. But the man did not move. And the minute hand, trembling like a live thing in the imagination of the watchers, hovered for an instant on the last mark visible beside the man's head— twenty-two and one-half minutes past the hour—and then moved on.

Guernier was dead when they reached him. He had been decapitated, his head slowly ground from his shoulders. The clock had not stopped.

ANDREW M'MASTER TO SIT ON CROSS BENCH IN HOUSE OF COMMONS

"I Refuse to Be Dragged at the Chariot Wheels in Triumph of Protection" Declares Member —Hon. Arthur Meighen Contributes to the Debate.

GLOOMY OUTLOOK

OTTAWA, May 23. — (Canadian Press).—"I make no boasts and no apologies. I am no Samson, but I will grind no corn in the mills of the Philistines, nor do I propose to be dragged at the chariot wheels in triumph of protection."

With these words, Andrew R. McMaster, representative in Parliament for the County of Brome, last night read himself out of the ranks of the Liberal party in the House of Commons and announced his decision to cross the floor to the bleak end benches of Independence.

The renunciation of his leader by Mr. McMaster was no surprise to Parliament, nor to the crowds that thronged the galleries to hear it uttered. It was expected and awaited—yet it fell upon the thronged Chamber with dramatic effect and gave to the crowded day climax that long will live in the memories of those who were privileged to witness it. It began in quiet and respectful measure. It grew in vigor and volume into sweeping vindication of conduct, and it ended in strain that betrayed deep emotion but that left little comfort for the foes of militant Liberalism.

"I go to join no other party," he declared, amid the applause of the Liberal and Progressive commoners. "There, where I go to sit on what is nearest we have to the cross benches, I shall be prepared and ready to support Liberal legislation that is brought before this House in the interests of this young country."

The member for Brome took leave of the Government in the kindliest manner. He commended its efforts in many respects and regretted that, for him, the clock had struck.

From the doldrums, the House debate on the Budget swung yesterday into the spotlight. Public galleries were packed. On the floor, rows of members of all parties filled places which, for the past few days, had been largely empty.

Rt. Hon. Arthur Meighen, leader of the Opposition, first held the floor. He sharply charged the Government with having relieved taxes on luxuries and added taxation on necessities "in direct and brazen violation of the pledge they made to the people of this country." "How they flout," Mr. Meighen proceeded, referring to the Liberal tariff platform of 1919, "now they flout, not without authority, not through a mere back bencher, but through the mouth of the Minister of Finance, who is in charge of policy, they flout all the allegiance to their commitments of only four years ago." The Minister of Finance, Mr. Meighen added, had said he was not bound by the commitments, that his Government was not bound by them because he did not vote for them at the Liberal convention. "The Minister of Finance," continued Mr. Meighen, "has done no credit to the politics of Canada when he makes that assertion, nor has he done any credit to his own record in our public life. The Minister of Finance was a party to, was present at, and took an active part in the framing of the very resolutions he now repudiates."

The Conservative leader then went on to recall that the Liberal Party of Alberta, led by the Hon. Charles Stewart, had swallowed the farmers' platform entirely, and had added a plank in favour of free-trade with Great Britain and the United States as the ideal of the Liberal Party. There was the same double-dealing in the Party to-day as in Opposition. Then assurances had been given to the manufacturers by Sir Lomer Gouin and Mr. Euler. To-day we had tariff stability but for exceptional cases. Mr. Motherwell had said that Mr. Fielding did not mean that there would be no change, but Mr. Motherwell had shown himself quite unequal to opposing Mr. Fielding in the Cabinet. He had not won a single skirmish. The Minister of Agriculture was apostate to everything he had declared in Western Canada.

Dealing with the increases in taxation in the Budget, Mr. Meighen stated that taxation was all right when accompanied by economy. Unaccompanied by economy, it was all wrong. He contrasted the attitude of the Prime Minister in Opposition when he charged the Conservatives of being "the tools and minions" of wealthy corporations because they introduced a sales tax of 11-2 per cent., with his attitude to-day when he increased that sales tax. Those were the epithets which the present Prime Minister had applied to the late Government because it removed the luxury tax and the business profits tax. Was he restoring the luxury tax or the business profits tax? How would he like that claptrap of demagogism in Parliament to-day?

"No government has even slipped back so far in 17 months as has this government," declared Mr. Meighen. Something had to be done in Canada. The west and the maritime provinces were laboring under intolerable conditions yet the government brought forth no proposals to adjust those difficulties. The maritime provinces looked for the carrying out of some of the articles of agreement under which they enter Confederation but Mr. Meighen doubted if anyone could look to the ambition or will of the present government to overcome the difficulties of that part of the Dominion.

What was needed to-day was a government which would take the heroic measures that were necessary to meet present conditions. The country demanded men of action. There were problems which could be wholly met with only something of the spirit in which men had met the various crisis of the war period and had overcome them.

Hon. A. K. MacLean (Liberal, Halifax), while admitting that Canada's war obligations were great said that there was no reason for pessimism in regard to them. It must be remembered that Canada was capable of expansion. The province of Alberta alone was capable of sustaining a population as large as that of all Canada, while Ontario could sustain a population twice that size.

World conditions were responsible for the present conditions of depression. Mr. MacLean emphasized the point that this depression was not confined to any particular occupation or calling. There was not a human activity in the country which was not affected.

"Are you referring to the Liberal platform?" asked Mr. Spencer.

"No," replied Mr. MacLean, "I was striving to convince the honorable gentlemen particularly that Canada's difficulties have their origin in Europe."

It was recognized that agriculture was not prosperous to-day. All regretted it and if parliament could correct the evil it would do so, but the fact was that wheat was low in price because Europe, though she wanted it, could not afford to buy it.

J. F. B. BELFORD CAMPBELLFORD

Discussed the Temperance Issue and Its Relation to the Conservative Party.

CAMPBELLFORD May 23. — Major J. F. B. Belford the Conservative candidate in Northumberland East for the Legislature at his meeting in Cole's opera house last evening, made clear his own position and that of his leader on the O.T.A. question.

"Premier Drury," said the Major, is making an issue of the temperance problem to-day. He is saying that Howard Ferguson, if returned to power, is going to do something desperate to the O.T.A.

"Who was it gave you that act? If the Conservatives win the coming election let me tell you that the O.T.A. will be enforced with equal justice to rich and poor. The yacht that is used to smuggle liquor will not be allowed to escape while the poor man caught with a bottle in his pocket is fined $200. I have talked with Hon. Howard Ferguson, and other leaders and I know that if the Conservatives win there will be no tampering with the Act. That is my personal attitude too. The O.T.A. is the people's measure and cannot be changed without their consent."

The Major went on to give reasons why the present government is not sincere in its professions of friendship for prohibition, bringing up as an example of hypocrisy that famous last wild night in the Legislature, now a matter of painful political history. Then when Attorney-General Raney talked of retiring the man most prominently mentioned as his successor was Gordon Waldron, K. C.

Mayor Meyers Presided.

Mayor Meyers occupied the chair and there was a fair attendance, about half of those present being ladies. Here in Campbellford a public citizen can preside at a political gathering without prejudice to his own party affiliations. It has been the custom for years to have the Mayor or the Reeve act as chairman on all such occasions, to give the affair a non-partizan aspect—a civic rather than a political air.

After the Mayor had gracefully welcomed Major Belford to Campbellford, which was by no means his first appearance here, as he has been frequently heard in previous years in support of other candidates, the following stalwarts were invited to take seats on the platform: Reeve Anderson, Reeve Van Volkenberg of Seymour Township, ex-Warden Alex Hume, who was the Conservative candidate four years ago; ex-Mayor J. A. Irwin, S. J. Abernethy, H. L. Walker of Warkworth, secretary of the Conservative Association, G. A. Kingston, ex-Mayor W. J. Armstrong, and ex-Reeve Charles H. Davidson. Mayor Meyers expressed regret that I. A. Humphries, one of the prominent members of the party, was unable to be present owing to another engagement.

The Henchmen Speak.

Short addresses were made by several of those on the platform: Reeve Anderson, Alex. Hume, J. A. Irwin, Reeve Van Volkenberg and G. A. Kingston. All joined in welcoming the candidate but not all of them made the remotest reference to any of the issues before the people. Mr. Hume said everybody wanted good roads but declared that the Drury government had gone ahead too fast with highway construction without first ascertaining what style of roadbed would best stand up under traffic. The temperance question, he believed, can be trusted to the party that gave the O.T.A. to the province.

Ex-Mayor Irwin also gave it as his opinion that the prohibition issue will not suffer at the hands of Howard Ferguson.

Reeve Van Volkenberg criticized the highway policy of the government and objected to the change in the law by which the entire county is taxed for a provincial highway. Seymour township paid $14,000 and Campbellford half that much for the provincial highway along the lake front; while Bowmanville, through which the road passes, paid less than half of Seymour's share.

Mr. Kingston said that the Drury Government had promised to reduce expenditures but in the past four years these expenditures were doubled and trebled. If this extravagance is to continue for another year four years, where, asked the speaker, will the country find itself?

Mayor Belford Speaks

Mayor Belford then took the platform and was warmly greeted. He is a fluent speaker, with a fine platform presence and would apparently be well able to hold his own among provincial legislators. He received his High School education in Camp bellford and so is by no means a stranger in the town. There is to be no personalities in his campaign. He proceeded to set his opponent Wesley Montgomery and Premier Drury upon high pedestals as men, did when he applied the political acid test to each of them both tumbled into the dust. Weighing them in the balance commonly used for the purpose the Mayor found both wanting in all the qualities essential to successful statesmanship.

Mr. Montgomery's canvassers, according to the Mayor, are representing him as a Conservative to Conservative voters and as a Liberal to Liberals. The fact is that he is simply a man who has supported the U.F.O. Government, a meek and lowly follower of Premier Drury over the sinuous pathway pursued by the latter. Drury was branded by the Mayor as a wobbler.

When Drury Comes

Mayor Belford referred to the meeting which Premier Drury will hold here on June 7. He professed to know what the leader of the U.F.O. government will speak on on that occasion and proceeded to answer his statements in anticipation.

The Premier, according to the Mayor, will tell his audience what a horrid man Howard Ferguson is and yet on the floor of the House he had declared his belief that Mr. Ferguson was a clean man and that he had not personally profited to the extent of one dollar through his alleged loose timber deals. The Mayor concedes that the Premier is one of the best orators and cleverest men in Canada but the trouble with him is that he is blown up to the bursting point with his own importance.

When the Premier comes to Camp bellford Mayor Belford predicts that he will not talk on the record of his Government. He will speak about the O.T.A. and what Howard Ferguson proposes to do to it if he gets a chance. He will plead for another four years of power to work out his policy. And what is that policy? He found on taking office a public debt of ninety-seven millions and ran this up to two hundred and forty seven millions.

Government Irresponsible

The Mayor declared that the Drury Government was irresponsible It had important measures brought in by private members so that in the event of the defeat of these Bills the Government would not be compelled to resign. When they were confronted with a problem with which they were unable to deal they dodged responsibility by referring it to a commission, 26 such bodies having been appointed altogether. The Government, too, has proved untrustworthy for it had promised economy and proportional representation and had broken both pledges.

That Expensive Furniture

The Major dealt with a number of charges against the Government, charges with which the reading public are all ready familiar, these including the lavish furnishings in some of the private rooms occupied by members of the Cabinet in the Legislative Building. The $100 coal scuttle in the office of the Premier did not escape a reference and increased outlay on the residence of the Lieutenant-Governor was also alleged.

In conclusion Mayor Belford appealed for the support of men and women voters, for his own sake, for the sake of Hon. Howard Ferguson and the Conservative party. The gathering broke up after the singing of the National Anthem.

The next meeting of the campaign will be held at Trent River on Monday evening.

W. F. Nickle of Kingston, one of the foremost Conservative members in the Legislature, is expected to address a meeting her on June 8.

DUTIES OF THEIR STATE OF LIFE

Unmarried Men Hear Instructive Sermon in St. Alphonsus Lyceum.

The capacity of St. Alphonsus' Lyceum was taxed last evening, when the unmarried men listened to an instructive sermon from Rev. J. McCandlish, C.S.S.R., who addressed them on the duties of their state in life.

"Every person," said Father McCandlish, "has a two-fold life—a spiritual and a temporal or material one—and it is our duty to perfect ourselves in both." The man who neglects altogether his material advancement, the sluggard, is doing a great wrong; the one who is totally engrossed in temporal pursuits to the exclusion of the spiritual is sinning still more grievously. Youth is an important time in life, as in that period is laid the foundation of the material and spiritual edifice of the future. A mistake in the superstructure of any building can be easily remedied; an error of the same magnitude in the foundation work is a serious affair, as it vitiates the whole structure and is much more difficult to remedy. Hence the contractor and architect keep an attentive eye on the materials and work of the foundation. So is the formation of character, with its habits of virtue, very largely a matter of foundation work—it depends in great measure on how one has spent the years of youth.

"In laying the foundation of a proper career," the speaker said, "there are five formidable foundation stones that give strength and security to the structure. They are the virtues of faith, obedience, temperance, purity and industry, and of these faith is the principal virtue, the corner-stone of the edifice, as, without it, no virtue, save in its natural elements, can be acquired. Without faith it is impossible to please God. There are some young men who are in danger of drifting away from their faith—the faith their forefathers—having imbibed erroneous ideas from bad companions and literature of the same stamp, ideas which they are unable to reconcile with the tenets of their holy religion. They do not appreciate or guard the gift of faith, as is evidenced by their neglect of good reading and study. They are frequently authorities on every branch of sport, theatrical activity and the like, but neglect that class of good literature that makes for stability and firmness in belief and in the practise of it."

The reverend speaker urged the young men to cultivate the habit of good reading, that they may at all times give an account of the faith that is in them. There are many agencies nowadays, not the least among which are Socialism and kindred doctrines that would have as their effect the undermining of Christian principles and the subversion of law and order.

Father McCandlish then touched on the conduct of the young man within the home. "He owes respect and obedience to his parents," said the speaker, "as long as he is under their roof, with the presumption, of course, that their commands do not conflict with dictates of conscience." Too many young men, after starting to work, promptly forget the many sacrifices made by parents for them. Some even think it a symptom of manliness to refer to them as "the old man" or "the old lady." Their homes, once everything to them, are now little more to them than eating and sleeping places in which they can manage their own affairs, independent of the advice and counsels of parents. Obedience they regard as a sign of weakness, kindness as a mark of effeminacy. If they give in weekly, towards the support of the household, a few miserable dollars for board, they seem to feel that they have discharged their duty as sons. The model Son for all time was our blessed Lord in the holy family circle at Nazareth, "And He went down to Nazareth and was subject to them," are the only words used by the evangelist concerning our Saviour in His home, but they are quite sufficient to show that in Him were combined, with His supreme courage, manliness, and fortitude, the virtues also of dutiful respect and obedience to lawful authority.

Intemperance and impurity, the speaker said, are vices that lower a young man beneath the level of the brute, and that fully merit the castigation they receive. Many a young man, splendidly endowed with talents, has proved a disappointing and dismal failure, in material as well as spiritual affairs—a victim of his own carelessness and rashness in the face of these vices.

"Be industrious," continued Father McCandlish. "Take an interest in your work; make yourself so efficient, trustworthy, and useful to your employer that he cannot afford to do without you, in the particular capacity in which you serve him." The young workman should keep an eye on those above him who are valuable to the company; he should observe their manner of working, their attention to details, and their interest in everything that pertains to the business. It is by no means an indication of avarice to open an account at the bank as soon as possible; but on the contrary, a mark of good sense. The "rainy day" will come or new duties in life, with their responsibilities that must be shouldered. The spendthrift is a misfit in society.

Father McCandlish concluded his instruction by giving some sound advice on the question of marriage, denouncing among other things long courtships as both ridiculous and dangerous. Marriage is a sacrament and the approach to it of a young man and woman should be in every way honourable and pure, if they are to expect happiness and the blessing of heaven on their married lives.

A GERMAN DEPUTY ON HUNGER STRIKE

PARIS, May 23. — (Special). — After a fortnight's hunger strike in a French prison, Hoellein, the German Communist deputy, has been removed to a hospital, where he is near death.

With him are eight French Communists who, arrested at the same time, are in a critical condition, following the hunger strike. All were imprisoned for attending the Communist Congress called as a protest against the Ruhr invasion.

DISMEMBER GERMANY SAYS FRENCH DEPUTY

PARIS, May 23. — (Canadian Press).—The Chamber of Deputies was startled yesterday by the proposition advanced by Radical Deputy Alfred Margaine, that Germany be dismembered. The Ruhr occupation, he declared, would never prove profitable, and the only way to bring Germany to terms would be to separate Prussia from the rest of Germany.

The rest of the Chamber did not appear to regard Margaine's apprehensions very seriously.

WOODROW WILSON SENDS SYMPATHY TO LAW

LONDON, May 23. — (United Press)—Woodrow Wilson has cabled ex-Premier Bonar Law: "Having myself been hampered by ill health, I know how to sympathize with you and I do so with all my heart. I trust your health may steadily return to you. Woodow Wilson."

Both ex-President Wilson and Bonar Law are delegates to the peace conference and to a great extent both are victims of the strain of leader ship in war years.

THE MISTAKE THE ROMANS MADE.

The Roman soldier stood supreme in fighting power, so long as he lived on simple, natural foods. When he took to pampering his palate, he became as other men, full of ills and weaknesses. Then he failed.

Perhaps he was not to blame, for in those days strengthening foods meant unpalatable eating. But a delightful, vigor-building food has been prepared for us that is at the same time a treat to the palate in any of the many forms in which it may be served. Roman Meal is that food.

In hot weather Roman Meal is of distinct advantage. Most foods of civilized races, white flour, refined cereals, meats, and sweets, are "Excess Acid" and make the blood acid. Acid blood causes that hot, "all in" feeling so common on a hot day, to civilized men only. These sensations are unknown to simple races who live upon natural, non-acid foods.

Roman Meal is 400 parts in each 1,000 "Excess Alkali." It keeps the blood alkaline (opposite of acid) and thus keeps the body energized and vigorous on the hottest day.

Cold foods may seem cooling "going down," but, if refined, they will be "heating" in the blood. The acids in them make them so. The blood must be non-acid to be invigorating. Any hot Roman Meal preparation is more "cooling" than any cold, modern grain food but it can now be served icy-cold in three ways, BROSE-O, CHOCOL-O, and JELL-E. Any one a palate delight and prepared in ten minutes. See summer recipes on package. At grocers.

MONTHLY MEETING OF SCHOOL ASSOCIATION

The regular monthly meeting of the Prince of Wales Home and School Association was held last evening in the school hall the president, Mrs. J. S. Peters, in the chair.

A very interesting and informative address was given by Dr. E. E. Harvey, on "The Unseen World and Its Little Folks," dealing with disease germs and bacilli. The secret, unseen advances of disease germs, the devastating effects from such small beginings of atoms that have even transformed the history of the world, were described by the speaker whose address was listened to with profound attention.

Games and music occupied the attention of the members of the conclusion of the business session, with a girls' vocal chorus by Miss Eagleson's class; a Highland Fling dance by four little school-girls, accompanied on the bagpipes by David Grant; a pianoforte solo by Walter Townsend, and readings by Margaret Gollop and Mr. Luther.

Tiles and brick for interior building can now be made from the residue of castor-oil beans.

GRINDING OUT TONS NEW PAPER CURRENCY

BERLIN, May 23. — (United Press).—German marks established a new low record of fifty-seven thousand marks to the dollar, since the closing of the Bourse Saturday.

Continued pessimism over the Ruhr occupation and doubt as to the future policies of the New English cabinet were given by bankers here as causes of the decline.

Meanwhile, the Government presses grind out new tons of paper currency while shopkeepers are busy changing their sales prices before foreigners can take advantage of the new values.

FREQUENT HEADACHES

A Sure Sign the Blood is Watery and Impure.

People with thin blood are more subject to headaches than full-blooded persons and the form of anaemia that afflicts growing girls is almost always accompanied by headaches, together with disturbances of the digestive organs.

Whenever you have constant or recurring headaches and pallor of the face, they show that the blood is thin and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this and the rich red blood made by these pills banishes the headache.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment, and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are undernourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition the trouble will disappear. There are many people who owe their present state of good health to Dr. Williams' Pink Pills and most of them do not hesitate to say so.

If you are suffering from any condition due to poor, watery blood, or weak nerves, begin taking Dr. Williams' Pink Pills now, and note how your strength and health will improve. You can get these pills through any dealer in medicine, or by mail, at 50 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

THE CLOSING MEETING OF WOMEN'S AUXILIARY

The closing meeting for this season of the Evening Branch of the Women's Auxiliary of St. John's Church was held last evening. A bale of over one hundred pounds containing a complete outfit for a young girl in an Anglican boarding-school for Indians, at Gleichen, Alberta, also gifts for the matron, was shipped. Splendid reports of the recent annual meeting of the W.A., held in Toronto, were given by the two delegates: Mrs. S. K. Spriggs and Miss Minnie Long. Arrangements were made for the annual picnic, to be held in June. The president, Mrs George Wesley, occupied the chair.

Worthington-Evans in Baldwin's Cabinet

LONDON, May 23.—(Canadian Press).—Sir Laming Worthington-Evans will also be a member of the new cabinet according to the Central News, thus leaving outside only Mr. Chamberlain and Lord Birkenhead, of the Conservative ministers who went into the wilderness with Lloyd George.

The Central News also says it is not certain that Lord Curzon will consent to continue under Mr. Baldwin.

Japanese believe that to live long one should sleep with the head pointing north.

GOOD-BYE TO A DOMESTIC RITUAL

And Away With the Dish-Towel, Dish-Mop and Dish-Pan.

Away with the dish-towel and the dish-rag, the dish-mop and the dish-pan! Good-bye to a ritual which has occupied the time and attention of housewives, day in and day out, probably since the days when Eve set out the first shell plates and wiped them off afterwards with a handy palm leaf. Men have come and gone, and so have women, but the ordeal of washing dishes, from sun to sun, has never grown less. Inventions for washing clothes, for ironing them, for cleaning floors, labor-saving devices in the home have never yet touched the more or less shining dish-pan, the more or less hot water, the more or less spotless dish-towel. Back of the joy of the wedding and the grief of the funeral, back of the fun of entertaining, has always been the metallic clink of silverware sliding into soapy water, the clash of glass and china as it went the way of all dishes, whether Limoges or ordinary white stoneware, into the dish-pan or the sink.

The man whose wife goes to the country for a fortnight's visit need no longer stack 'em up in an overflowing pantry, or give them a lick and a promise with a pale black wiper, or even enlist the services of the family cat. To present a spotless and shining kitchen to a returning spouse, all he needs to do is to deposit the soiled dishes in a nice little cabinet, turn a couple of buttons, and presto! there you are. Everything clean and handy for the next meal.

No longer need the weary woman contemplate rough and reddened hands, or sniff disgustedly at dish towels that never seem to be absolutely fresh, no matter how often they are laundered. No longer need a newly-wed husband provide a daily guarantee of his love by donning an apron and wiping up the supper dishes. All the lady of the house needs to do is to enlist the services of her handy dish-washer, "The Housewife's Friend," in a four-minute operation.

A three-day demonstration of this new idea in household drudgery saving, The Paragon dish-washer is being given by A. H. Stickle, of Toronto, at the store of Messrs. Grant and Thorne, its Peterborough agents. Here the ornamental little contrivance is on view, a cabinet made in graduated sizes for different needs, from the large affair for instituuional use to the "baby" machine suitable for small flats. It is really a square cupboard placed on four standards, with a glass front, its exterior finished in cream, or white, or battleship grey, its interior lighted with a specially-designed electric lamp, so placed as to illuminate every corner. It is made of materials and metals that are self-cleansing, and the racks of dishes, after being scraped, are sprayed by upper and lower sprinners that reach them at every angle, first with cold, then with hot water, with special contrivances for cups and milk bottles, and a detachable rack for silverware. The china is left to dry, giving a natural gloss to the surface never imparted by moist towels, and is ready for the next meal without further stacking.

The necessity for using soap or chemical powders is eliminated. This one item has been the subject of various encomiums from satisfied users, one Toronto firm figuring a saving of six dollars monthly on its washing-powder bill. Havoc was wrought, however, with an order received from a soap-firm cafeteria for one of the larger machines, when the head of the company, perceiving the section which proclaimed the non-use of soap in the operation, cancelled the requisition.

The device is not an electric, but strictly a plumbing fixture. Its use does not entail additional electric bills, therefore, the added cost of the two water taps is the only item of expense in its use. The cost of installation is included in the purchase price. The machine is guaranteed to last an ordinary lifetime, and has monthly inspection from its manufacturers. Its composition is rust-proof throughout, and practically indestructible.

Toronto institutions using the contrivance which, by the way, was the original idea of a Canadian bank official, now retired from active banking service, include several hospitals, the Toronto General, St. Joseph's, at Sunnyside, the Women's College Hospital, Kew Beach Hospital, Strathcona, and the Salvation Army Hospital, the Girls' Friendly Society, West-End Y.M.C.A., Salada Tea Cafeteria, Knox College, Oddfellows' Home and the Murray-Kay Cafeteria.

ELECTION NOTES

The Liberal Conservative candidate, Mr. W. H. Bradburn, has opened committee rooms in the Taylor block, No. 309 George street (opposite the Barrie building), and supporters of the candidate are invited to call from now on and get acquainted. 'Phones will be installed at once, and information can be had or given at all hours.

Arrangements are being made for meeting of Ward Chairmen and Committees for general conference and laying out of features of the work and campaign generally. In a day or two, after arrangemetns have been perfected, announcements of interest will be made to the public. The rooms will be as headquarters during the contest and there is ample space for meetings and gatherings at all hours.

The Committee Rooms of the Woman's Liberal Conservative Organization are now open, upstairs, and over No. 418 George street. Ladies interested invited to call.

2d-123.

THERE'S NO TRACE YET OF HUNTED LEO ROGERS

NORTH BAY, May 23.—(Canadian Press).—Although the Provincial Police are bending every effort to locate Leo Rogers, the hunted fugitive from justice, he is still a free man, as up to one o'clock this afternoon their search had been without results and they have no trace whatever of him.

CATTLE MARKET.

TORONTO, May 23.—(Canadian Press)—Receipts 1,133; trade active. Quotations: Heavy beef steers $8 to $8.50; butcher steers, choice, $7.50 to $8; butcher cows, medium, $4.50 to $5.25; calves $9 to $10; lambs $7 to $16; hogs, selects, $11.25.

LAUSANNE PARLEY SUFFERS A JOLT

LAUSANNE, May 23.—(Canadian Press).—Conference circles late last night received a jolt when it was reported the British Mediterranean fleet had been ordered to concentrate in Near East waters. The Turks declared it was a threat against Greece, while the Greeks stated that it was a menace to Turkey. Others said it was intended as a warning to both the Turks and the Greeks.

There was no compromise yesterday on the deadlock on the question of Turko-Greek reparations. M. Venizelos, Greek delegate, would not discuss the situation with newspapermen, but intimated that anything was likely to happen.

RUSSIA'S ANSWER REACHES BRITAIN

LONDON, May 23.—(Special).—Russia's reply to Britain's ten-day ultimatum was received to-day by Leonid Krassin, Trade Commissioner, and will be delivered to the Foreign Office shortly.

¶ "We're all going to pile into the old bus and eat our supper out by the lake.

¶ "Trouble? Not for me. The children love it and I feel all the better for the fresh air and change of scene.

¶ "Food? Never worries me. There are always the old stand-bys and I watch the advertisements every day for those appetizing novelties that men and children enjoy most in the open.

¶ "It's a habit of mine to read the advertisements every day. We save a lot of thinking and a lot of dollars in that way."

39c Each

Let the boys keep cool on the holiday. Purchase their summer supply of Jerseys while they are at this exceptionally low price. A good selection of colors—navy, khaki and brown with red trimmings and navy, khaki and white in solid colors. All sizes 24 to 32. Some have slight oil stains, but the majority are perfect.

BARGAIN ANNEX.

A Rush-Selling Price on Women's "Snug-Fit" Balbriggan Bloomers

25c

Made very generous in size and of excellent balbriggan. The usual "Snug Fit" style, with elastic at waist and knees. It is only by buying in very large quantities that we are able to offer these Bloomers at this price.

BARGAIN ANNEX

The GRESSMAN Company Limited

CAMPBELLFORD AND DISTRICT

Board of Education to Make Needed Additions to New School — Real Estate Transactions.

CAMPBELLFORD, May 23. — The financial firms who tendered for the High School debentures, besides R. C. Matthews, whose offer of 106.18 was accepted, with the bid of each, were as follows: McKay and McKay, $105.10; McNeill, Graham & Co., $104.57; Wood, Grundy and Co., $105.50; C. H. Burgess, $105.41; Bird, Hanes & Co, $105.09; A. D. Morrow and Co., $104.78; Nesbitt, Thomson and Co., $106.11; Murray and Co., $103.75; Mceod, YLoung & Weir Co., $103.75; Gairdner Clark & Co. $105.876; Bain, Snowball & Co., $105.74; Dyment, Anderson & Co., $105.26; Municipal Bankers' Corporation, $104.83.

Of the $75,000 grant made by the council of 1920 for a new High School $7000 was raised some time ago to pay for the site and the expenses in connection with the preparation of the plans. This issue was for seven years and the debentures were disposed of locally at par.

Campbellford has always been fortunate in disposing of its debentures. In 1916 when the people authorized a loan of $30,000 to the Paper Mill, R. C. Matthews, the purchaser of the High School debentures, was the successful bidder for the issue paying a bonus of $246.17. The debentures ran for 20 years, and the rate of interest is 5½ per cent.

In 1909 there was a sale of 30 year debentures amounting to $50,000, to complete the municipal power plant. The rate of interest was 5 per cent, and the successful bidder was the Ontario Security Company, who paid a bonus of $2963.

Board of Education Acts.

At a special meeting of the Board of Education a resolution was adopted formally requesting the council to make an additional grant of $28,894 to enable the board to complete the new building.

The debentures for this amount if disposed of at the same price as that obtained for the main issue would bring in over $30,000. The premiums alone would be more than sufficient to equip the new building with the most modern ventilation system.

The Celebration To-morrow.

All arrangements are completed for the celebration of Victoria Day, which is held here annually under the auspices of the Agricultural Society. A splendid programme of entertainment is assured for both after noon and evening. The horseraces, always a feature of these entertainments, will be called at 1 p.m. There are three events, the free-for-all, the 2.40 pace.

At 2 p.m. there will be a lacrosse match between the Hastings Intermediates and an all-star team of Campbellford players.

The baseball game between the Veterans' team of Warkworth, and the Campbellford nine, will begin at 4 p.m. The visiting team belonged to the Northumberland League last year and finished near the top. They are stronger than ever this year with some new men on the roster.

The Northumberland Regimental Band under the leadership of R. T. Cowell, will furnish music during the afternoon.

Minstrels at Night.

The Campbellford Minstrels, the aggregation of artists, who recently performed before capacity houses for three nights, will appear in the evening in Cole's Opera House with a new programme of repartee and local hits.

Real Estate Transactions.

T. L. Diamond reports the following real estate transfers:

Glen Thompson of the staff of the Standard Bank, has purchased the residence of E. T. Morton on Queen street, and will take possession on 1st of June.

Mr. Morton, who some time ago sold his hardware business, and who intends to reside in Toronto, has purchased a residence on Quebec avenue in that city, the price being $11500. Mr. Morton leaves for his new home early next month. On the 2nd of June Diamond and Rieudeau will dispose of their household effects at auction.

A working comrade for the young wife

IT'S a wise bride who begins housekeeping with a Kootenay.

The Kootenay oven makes it far easier to succeed with baked dishes and desserts taken from the new cook book. The firebox and the grates are easy to operate—a great saver of time and patience. And what a wonderful oven—Armco iron, white nickeled inside!

McClary's dealers everywhere are displaying the new improved Kootenay. Ask to see it, and learn how it saves time and fuel.

The Enamel-Clad Flues — No Rust

The points most liable to rust in a steel range are the flues and smoke box. In the Kootenay these vital parts are Armco rust-resisting iron *"enamel-clad."* No other range has this durable construction.

McClary's Kootenay

McClary's London, Toronto, Montreal, Winnipeg, Vancouver, St. John, N.B., Hamilton, Calgary, Saskatoon, Edmonton.

IN MILLBROOK AND DISTRICT

Needler Family Complete Removal to Toronto —Personals

MILLBROOK, May 23.—Mr. and Mrs. Moore and two children, of Burlington, Ont., motored here on Saturday and are guests of Mr. and Mrs. H. W. Johnston.

The Misses Roddick, of Cobourg, who were visiting their sister, Mrs. C. Needler, last week, left for home on Thursday.

Miss M. Fisher, who has been taking a course in social service at the National Training School, Toronto, for the winter months, returned to her home here on Saturday.

Mrs. G. W. Sayles was a visitor to Peterborough on Tuesday.

Miss M. Needham, Mrs. H. W. Johnston, Mrs. Moore and two children motored to Peterborough on Tuesday.

Mr. C. Needler came down from the city on Sunday to assist his family with the final packing of household goods prior to their removal to Toronto permanently to reside. Mr. and Mrs. Needler, Miss Janet and William expect to leave for their new home on Wednesday. Miss Alice is remaining in her position at the Bank of Toronto here until the end of the month.

The Misses Alice and Lottie Vance leave on Wednesday for Toronto, where they will remain for the next few weeks. They do not contemplate returning to Millbrook until fall, having rented their home to Mr. H. J. Grassett, manager of the Bank of Toronto, for the summer months.

The fiftieth anniversary of Stanstead Wesleyan College, Quebec, is being celebrated at Stanstead June 8 to 11 this year, a very fine programme having been prepared for the occasion, the "Jubilee" address to be delivered by Sir Arthur Currie, president of McGill University, Montreal. Rev. Dr. T. A. Halpenny is principal of the college, and has, on more than one occasion, spoken to a Millbrook congregation, as well as to Sunday School conventions in this vicinity, when he held the position of general secretary of the Religious Education Council of Ontario. Previous to her marriage, Mrs. Halpenny was Miss May Winter, a former Millbrook girl.

Miss Winnifred Thomas, B.A., who has held the position of Methodist Girls' Work secretary on the National Girls' Work Board, has been asked by the General Conference to accept the office of Principal of the National Training School, which includes the Deaconness work, at Toronto, succeeding Rev. Hiram Hull, who returns to the regular pastorate in July this year. Several of the members of C.G.I.T. groups here have met Miss Thomas at the Winter School and elsewhere, and have learned to love her for her whole-hearted interest in their problems. She is the daughter of a New Brunswick clergyman, and a graduate of Mount Allison University, afterwards teaching for six years in the Mount Allison Ladies' College, where she probably gained that wide experience, and wise experience, of girl nature. Miss Thomas was also for a time connected with the Dominion Council of the Young Women's Christian Association.

Mrs. Roberts, who has been seriously ill, is convalescing at the home of her sister, Mrs. G. F. Harrington.

A full programme of sports is being arranged for by the Community Club of Scott's Corners for the 24th of May, beginning at 3 p.m., and including basketball, baseball, etc., teams from Millbrook, Mount Pleasant and other points competing.

DRY LEADER REAL WET

WASHINGTON, May 23 (United Press).—This sketch might well be entitled "A Street Corner Comedy," in one unkind act.

Time—a recent rainy night. Place—outside of a Washington hotel. Dramatis personae—Roy A. Haynes, Prohibition commissioner and a "wet" citizen.

Setting—"Wet" Citizen, thoroughly saturated, within and without, teetering on the the sidewalk, holds an umbrella unsteadily against the torrential downpour. Haynes exits from hotel and surveys wet night with dismay. Recognizing citizen, he hails him.

Dialogue—"Will you take me to the street car under your umbrella?" asks Haynes.

"No, hic. You're going to be wet in one way if not another this night," replied the Citizen.

Business of closing the umbrella. "Wet" citizen continues to stand in the rain and glower at retreating back of "Dry" official.

Norman E. Trimper

THIS MAN TELLS YOU HOW TO KEEP FIT!

Bear River, N.S.—"My back was so bad I could hardly work. I was always tired out and had no ambition; was nervous and dizzy, and everything seemed to worry me. I also had terrible pains in my right side. I felt badly for about eighteen months, and could not do my work as is should have been done. I tried several doctors, and also bought about $25.00 worth of put up medicines, but I found no relief until I took Doctor Pierce's Golden Medical Discovery and Doctor Pierce's Anuric (anti-uric-acid) Tablets. I have taken two bottles of the Discovery and four of the Anuric Tablets, and can say that I feel as well as I have felt for the last ten years. I advise any sufferer to give Dr. Pierce's remedies a fair trial. I cannot recommend them too highly for what they have done for me and shall be pleased to answer any one who cares to write me."—Norman E. Trimper, R.R. 1.

Obtain these famous medicines now at your nearest drug store, in tablets or liquid, or send 10 cents to Dr. Pierces' Labratory in Bridgeburg, Ont., for a trial package of any of his remedies. Write Doctor Pierce, President Invalids Hotel in Buffalo, N.Y., if you desire free medical advice.

ENJOYABLE AFFAIR FAIRMOUNT CHURCH

Good Supper Served and Excellent Play Presented --Schools Close Two Days

A very enjoyable entertainment was given recently in Fairmount church. A good supper was served, and an interesting play, entitled "Sunbonnet," presented by the Ladies 'Aid." Miss Marie McBain rendered piano solos and also accompanied Mr. Harry McArthur in his violin solos. Miss Daisy Money sang two solos. All who took part acquitted themselves splendidly.

There was a good attendance, and altogether a very nice time was spent.

There was no service in St. John's church on Sunday morning owing to the heavy rain.

Mr. Eber Syer is home after completing his fourth year in Medicine at Toronto University.

Millbrook Continuation school will have holidays on both May 24 and 25, but a school session will be held on the morning of June 6, which is really a whole holiday, it being the King's birthday. The afternoon of the latter date is "sports day" in Millbrook, so the pupils will be dismissed for the afternoon.

TORONTO CHOSEN FOR CONFERENCE

Next Year's Session of the National Conference of Social Work Will Be Held in Canada.

WASHINGTON, D.C., May 23 (Canadian Press). — Carrying its fight for the designation of Toronto as the meeting place of next year's session of the National Conference of Social Work to the floor of the conference yesterday, the Canadian delegation was able to command sufficient support to amend the report of the committee on time and place, which had reported in favour of Des Moines, Iowa, and the Ontario capital was finally chosen for the 51st annual conference to be held in 1924.

Miss Julia Lathrop, of Rockford, Ills., formerly chief of the Federal Children's Bureau, and recently selected by the League of Women Voters as one of the twelve most famous women in the United States, championed the cause of Canada before the business meeting of the conference, at which Toronto was selected.

She said the conference would receive much help and inspiration from the meeting in Canada, which, she declared, "has led the world in its care of ex-service men." The contention that the phychological time had come for the conference to meet outside of the United States in order to foster an international viewpoint in social work had great weight with the delegates.

The conference met once before in Canada in 1897 in Toronto. By a curious coincidence Toronto was selected on that occasion also by the conference rejecting the report of the committee on time and place.

Miss Grace Abbott, director of the United States Children's Bureau was unopposed as president of the conference at the election yesterday.

Results of the contests for the other officers will be announced to-day.

PRODUCE MARKETS

Another carload of pineapples came into town this week, and housewives seeking 'pines' for preserving purposes would do well to stock up at once. A case of 18,24 or 30 of the prickly fruit may be bought at a reduction of the general price. New potatoes are fairly plentiful, at a general price of 20 cents a measure. There is a slight decrease in live hogs prices.

TWO ARE DROWNED.

PEMBROKE, May 23.—(Canadian Press). — Word was received here yesterday of the drowning of Paul Turcotte, aged 20, and Victor Gagnon, aged 23, in the Demoine River on Sunday. Turcotte, Gagnon and two fellow-workers for the Pembroke Lumber Company brought a large supply boat down the river and were about to make a landing at Poplar schute when an eddy caught the boat and whirled it into the rapids. The companions escaped by jumping.

SATIN AND CHARMEUSE.

Much satin and charmeuse are being used this season, as well as the familiar crepes. There is also much satin-faced moire and faille.

Here's a Porch Paint Made Especially For Porches

Of course, you are not one who thinks any old paint is good enough for porch floors. Your problem has always been to get a paint good enough to stand the hard wear and weather exposure which all porch floors must endure.

We have just that kind of porch paint. It is made by The Lowe Brothers Company.

LIQUOR BIGGEST SINGLE BUSINESS IN UNITED STATES

Twenty-Five Thousand Smugglers Engaged in Traffic Between Canadian Boundary and Ecorse, Near Detroit,

CHICAGO, May 23. — (Canadian Press).—There is no flat building in Chicago that does not house at least one representative of the liquor industry, the Chicago Daily News charged in a story in which it asserted that liquor is the biggest single business, legitimate or otherwise, in the United States to-day.

Every apartment building in the city has at least one tenant and in many cases all are buyers or sellers of liquor, it is declared. This, the newspaper stated, does not cover the thousands of other places where liquor is bought and sold, saloons and soft drink parlors, drug stores, candy stores, pool-rooms and roadhouses.

The story stated that twenty-five thousand smugglers trafficked between the Canadian shores on the Detroit River and Ecorse, a small town about ten miles from Detroit, carrying an estimated daily total of one hundred thousand gallons of liquor over the river which marks the international boundary line.

The Federal enforcement officer stationed in Detroit is quoted as saying that he did not believe a "fifty-foot wall along the entire Canadian line would make them stop."

The writer declared that the business is so extensive on the border that there is virtually a solid row of buildings four miles long devoted to the dumping of liquor into the United States.

Says Story Absurd.

DETROIT, May 23.—(Canadian Press).—The story published in the Chicago Daily News yesterday concerning liquor smuggling at Ecorse, near here, was characterized as absurd by James R. Davis, Federal prohibition director for Michigan.

Referring to the statement that there is a solid row of buildings four miles long at Ecorse where liquor is dumped into the United States, Mr. Davis said the truth of the matter was that smuggling operations were carried on from a string of boat-houses two blocks long at Ecorse. "The remainder of the story is just about as exaggerated as that one statement," he said, adding that less liquor was being brought into Michigan from Canada than ever before.

$1 CIRCLET
No 1111

For medium to stout figures. A tailored model with V-neck front and back. Pink or white batiste; sizes 36 to 46, $1.00

Like all other *Nemo Circlets* the model shown above launders readily, and is self-adjusting.

The new *"Hookstite"* attachment under the arm keeps the Circlet from opening up on the side, and effectually prevents the underarm flesh from escaping over the top. The entire upper part of the figure is effectually controlled and moulded into flat, fashionable lines.

Ask to be shown No. 1111 Circlet, while being fitted with a Nemo Corset.

$2.50 A MONTH FOR RUSSIAN DOMESTICS

By JOHN GRAUDENZ

MOSCOW (By mail to the United Press)—Two and a half dollars per month is the recognized wage for a Russian servant in a private family.

But the number who really receive such pay is very small. There are thousands of servants who receive only board and lodgings, or at least very small sums in addition. Many are girls or women who fled to Moscow from the famine regions last winter. They do not complain about wages, because they fear they will be discharged and finally sent back to the famine sections.

The professional unions are making great efforts to educate and organize the domestic servants, but so far with very little success. The nominal work hours of Moscow domestic servants is eight hours, but most of them work at least 16 hours a day.

The law does in a way protect domestic workers. The servant is entitled to half a day off per week. After she has been in one place five and a half months, she is entitled to two weeks' vacation and later two weeks every year.

Any servant may be discharged with a two weeks' notice, or immediately, if two weeks' wages are paid. The servant is, however, entitled to stay in the room which she has been occupying during her service until she finds another place. Cases where such dismissed servants stay months with the new maid are quite frequent. This regulation is on account of the housing problem.

Russians formerly had a large number of servants, because they cost next to nothing. To-day there are only few families of servants owing to costs of food and lodgings. A tax of thirty roubles, or about sixty-five cents, have to be paid to the city for the first servant hired and ten times that amount for every additional one.

It must be admitted that the average domestic servant isn't of a very high degree of intelligence. The majority come from the villages where they received little or no education. They have to be told over and over again, but are faithful and industrious. The best of them, however, would drive the average American housewife crazy in a week—perhaps less.

Know a Younger Grandma?

Mrs. Charles Bryan (left) was a grandma at 31 years of age. Now she's 32, and is shown above with her daughter, Mrs. Fred Mortensen, and her small baby boy, Charles, 15 months. It begins to look like Mrs. Bryan is the country's youngest grandmother.

SEVERAL BILLS PASSED.

OTTAWA, May 23. — (Canadian Press).—Bills to incorporate the Transcontinental Assurance Company and the National Surety Company of Canada and the bill respecting the Canadian Order of the Woodmen of the World were put through the committee stages in the House last night and given a third reading. Second reading was given to five divorce bills and also to the bills respecting the Northern Trusts Company and the subsidiary court of the Ancient Order of Foresters in the Dominion of Canada.

REFORM LIFE, NOT PRISONS.

Rev. Slaughter Brings a Message After Six Years Behind Penitentiary Walls.

By GENE COHN.

PORTERVILLE, Calif., May 23. —What kind of sermon can a preacher of the gospel draw from six years of prison?

What message can he bring from the grey walls to his fellow man on the outside?

The Rev. Madison Slaughter, a keen observer and student of men and life, brings the answers from a six-year sentence recently ended in San Quentin prison.

For some months he has been quietly preaching to a little country parish each Sunday.

"Prisons can never do more than reflect the world outside," he says. "In other words, it isn't the prison that needs reforming, it's life. If life were all right there wouldn't be need for prisons.

What Impressed Him.

"One thing impressed me mightily and I will elaborate upon it in books I shall write. There has been little effort made to study the psychology of punishment. Because of the conditions existing, most prisoners consider penitentiaries as an experience rather than reform or ob punishment.

"I found most of the punishment comes before a man enters his cell; that is, while he is on trial and fighting for liberty. Afterward he feels he is paying his debt.

"Prisons do not redeem men. That has to come from within; it is the fruit of time.

"Quantitive punishment—so much for this, and for that—has no meaning where reform is the goal. The punishment is always fitted to a crime and not to an offender's mental and moral capacity.

Men Like Children.

"You find few penitents in a penitentiary. One great trouble is this: Men are like children and they can be punished only so far as they believe they merit it.

"When the punishment is more severe than that they become rebellious.

"And what is the result. They not only feel that they have paid their debt to society, no matter what the crime, but there are those who think they've got a lot coming to them from society.

"I should say: Treat the convict a little better than he deserves. Reverse the situation. Then you make him obligated to you. He still owes you something and he has a sense of obligation, instead of rebellion.

"But, most of all, don't forget life is the institution to look into closely —not the prison."

SHORT JACKETS.

The short packet, embroidered or braided, is worn with one-piece frocks of satin or wool. It is usually quite short and more apt to be unbelted than not.

Want Ad Tips
by John T. Bartlett

A WANT AD USER'S NICK-NAME

I asked a regular Want Ad user, J. M. Stevens what he considered the most valuable method or practice in writing Want Ads he had learned in his years of use. Stevens opened up a strapbook, turned leaves until he reached the page he sought, and ran his finger down a string of clipped Want Ads. "That's one of the things," he said "That's when I learned it."

What I found was this—before Want Ads signed, "J. M. Stevens;" after, Want Ads signed, "J. M. (Caribou Jime) Stevens."

"The nickname," explained Stevens. "I'd had it for years—a relic of my mining days. I was rather proud of it. Folks who used it knew me well, and, I think, favorably I had always liked to be introduced as, Caribou Jim.' I had the feeling that the nickname was a personal endorsement.

"I used it once in a Want Ad, and have never gone back to the plain name I used before. It was too clear that the public liked it—were quicker to do business with a Stevens who had a nickname than a Stevens who hadn't one."

Nicknames are friendly words, and they serve several good purposes in a Want Ad. They attract the public to the advertiser, and create confidence in him unquestionably They proclaim immediately, "This man may be a stranger to you, but he is well and favorably known in his community." Then, too, they possess the quality of human interest." The public finds the Want Ad more interesting, and, other things being equal, the message will accordingly make a greater impression, be remembered longer.

Where the advertiser uses Want Ads regularly, or even occasionally, the nickname helps to establish him in the minds of many readers. They become familiar with his advertising feel, they know the advertiser though they have never met him. The longer he advertises, the greater the ease with which he sells.

A lot of people have nicknames they could use advantageously in advertising Maybe you are one of those.

(All Right Reserved)

UNIFORM FLAG RULES

INDIANAPOLOS, May 23 (United Press).—A definite and uniform code of regulations with regard to the display of the American flag will be adopted at a conference to be held in Washington, June 14 and 15, it was announced at headquarters of the American Legion.

The meeting will be conducted by the Americanism Commission of the Legion and will be attended by representatives of the Army and Navy and more than fifty leading civic and patriotic organizations.

Confusion has been caused by the multiplicity of rules and regulations established by the army, the navy and various organizations, according to Garland W. Powell, director of the Legion's Americanism commissiaon.

The result has been, he says, that immigrants, children and even adult patriotic citizens have subjected the flag to discourtesies through ignorance and not because of any irreverent feelings.

The Legion's object in holding the conference, according to Powell, is to decide upon a few simple regulations for adoption by all organizations, thereby bringing about a uniformity of rules throughout the country and elimination of the present misunderstanding.

THIS AUTO PILOT IS NOT SUPERSTITIOUS

Herbert Scheel Has Asked For No. 13 in the Indianapolis Speed Races.

Herbert Scheel, who will pilot one of the four Scheel-Frontenac cars entered in the 500-mile automobile race on 30th May at Indianapolis given the car he is to drive. This number is usually skipped at Indianapolis, but Scheel will be given his wish.

Only twice before was thirteen used, and neither time did it come close to finishing in the money.

Scheel insists that the number has always been lucky for him, and points out that St. Louis auto racing fans have chartered thirteen cars for the trip to Indianapolis to cheer for th Scheel-Frontenac entry.

Scheel is a St. Louisan, who has driven on dirt tracks for several years, and is also known as a speedy motorcycle pilot. He was born on 31st July, a combination of 1 and 3, the big race Elmer Dempsey, a former aviator in the World War, who was born on 13th June.

The car which will carry the unlucky number is one of the quartette built by Louis Chevrolet, and involves the principle of rotary valve motor construction.

All four of the cars will soon be shipped to Indianapolis for final tryouts on the great brick track.

KEEPING WARY EYE ON MEXICO.

Border Ranchers Hope, and Many Believe, That Permanent Peace Has Come at Last.

EL PASO, Tex., May 23.—Border ranchers are keeping a wary eye on Mexico. They hope, and many believe, that at last permanent peace has come to that narrow strip of land along both sides of the Rio Grande. But past history makes them uneasy. They half expect trouble.

It was ever thus on the eve of recognition by the United States of her insurrection-torn southern neighbor.

Now such acknowledgment of the present Government looms as approaching reality.

A joint commission of two Americans and two Mexicans is meeting in Mexico City for an exchange of views in an effort to negotiate a basis of concession.

In the past, similar overtures, like the rumblings of a storm, have proven but ominous signals for raids by flying squads of Mexican desperados, who had been thoroughly discredited by their own Government.

Just Like a Boy.

Hence folk hereabout are wont to liken unofficial Mexico at such times to a small boy out in company.

Just when mama finishes praising her Ethelbert, little Ethelbert proceeds to astonish the visitors by hurling a vase at the piano in charming innocent merriment.

And to carry out the simile, no sooner does one president of Mexico arrange his ship of state and proceed to proudly display his protege to neighbor Uncle Sam, than little Willie Mexico acts up!

And so this may be significant:

Just as the joint commission meets two officers near Laredo are charged with the murder of six Italians who had bribed them to be smuggled across the border.

Circumstances show the wholesale slaughter was not to thwart President Obregon, but purely for robbery. The result, however, in a way, is the same.

Ever since May 25, 1910, when Porfirio Diaz was driven out, trouble started brewing on just such occasions as now exist. Five administrations came and went before Alvaro Obregon assumed office Dec. 1, 1920.

And in each instance, just as the United States was about to recognize the powers in control, or immediately afte: such recognition was given, banditry broke loose. Either they crossed the border and harassed Americans, or they started insurrections.

Those who know say that Obregon is making the best president the revolution-ridden republic ever had. He has opened schools. He has stimulated industry. He has constantly thought of the people's interests.

But now, when Charles B. Warren and John Barton Payne for the United States are conferring with Ramon Ross and Fernando Gonzales for Mexico, tension along the border has grown taut. And they've a reason.

For consider some of the past;

When Francisco Madero was safely ensconced in the presidency, Huerta and his followers murdered Madero and his brother.

Huerta came next. He became dictator much after the fashion of Diaz. He angered Washington by defiance that bought him nothing.

Despite his official sarcasm, Huerta might have won out with the United States had it not been for the Tampico flag incident.

Columbus Raid.

Carranza and Villa were marching upon Mexico City when the incident occurred. They were hundreds of miles away, however, Americans landed at Vera Cruz and a skirmish resulted. This was a signal for Carranza and Villa to get busy and they attacked. Huertistas wherever they found them.

They drove them southward, and killed any chance Huerta ever had of winning recognition.

About the time former President Wilson recognized Carranza, Pancho Villa staged the raid at Columbus, N. M. He wanted to show the American executive he had made a mistake. Carranza couldn't stop border raids, Villa said.

And in that raid in 1916, 17 American soldiers were killed, and Pershing's pursuit of the Villistas cost our Government $150,000,000. But it did more. It shook faith in Carranza.

Things have changed in Mexico in the past few years. Villa, once archbandit, now has settled down to a life of farming. He has actually asked the Obregon Government for protection against bandit raids!

"How About Herrin?"

Within the past few months, but one instance of wholesale unruliness has broken out in Mexico. That was when 14 men died in strike riots in Mexico City the first day of February.

But Mexicans say, "How about your Herrin massacre? What of the Mer Rouge and the Chicago race riot outrages?"

All America wants to be assured is that Mexico will protect the interests of Americans.

It looks as though Mexico will agree to many concessions, the southern republic will be recognized, it is believed.

Obregon is in favor of a 50-mile prohibition zone south of the Rio Grande, following such recognition.

This would be to the liking of Texas merchants and citizens, for smuggling of liquor and narcotics across the line has become flagrant, and business does not prosper under such conditions.

Americans along the trouble stretch are hoping for the best. But they're keeping their powder dry and an eye pealed toward the boundary line in watchful expectation.

SECRET OF HIS SUCCESS

One of the most noted, successful and richest men of this country in a recent article said, "Whatever I am and whatever success I have attained in this world I owe it all to my wife. From the first day I knew her she has been an inspiration and the greatest helpmate of my life." Health is the first essential of every woman who wants to be a successful wife and to hold the love and admiration of her husband. If a woman finds her energies flagging and dark circles appearing under her eyes, she has backache, headache, nervousness and "the blues", she should take Lydia E. Pinkham's Vegetable Compond, the medicine which holds the record of helping 98 out of every 100 women who try it. There is nothing better.

DISCUSS ENGINEERING.

BIRMINGHAM, England, May 23.—(Associated Press)—Women in silk stockings, charming tailor-made gowns, and fascinating hats met recently in Birmingham and discussed learnedly engineering problems of stresses and strains, buttresses, trusses, bridge-building, engineering contracts and various matters of that sort.

They were delegates to the international conference of women engineers. But although engaged in work and studies that, according to masculine ideas, are seldom associated with feminine tastes and predilections, they did not look a bit like blue-stockings.

Most of them carried vanity bags and other aids to feminine adornment. "Please don't be too flippant in what you write about us," said one of them appealingly to the newspapermen. We like publicity and we don't mind you saying that we look charming—if you really think we do—but we do want the public to take us seriously."

Gains Five Pounds And Feels Fine

Dreco a big help to Henry Titus of 275 Jarvis Street, Toronto, who now finds work a pleasure. His wife also taking it.

Another Toronto citizen has found that Dreco amply lives up to all claims made for it as a reliable corrective for digestive complaints. Let him tell you how this famous remedy helped restore his health and strength.

"My kidneys had troubled me for a long time," says Mr. Titus. "I had terrible pains across my back at times and could hardly stay at my work. My stomach was in bad shape too. Everything I ate seemed to sour and form gas, causing pains in my stomach and headaches. My joints and muscles ached with rheumatism and my head, nose and throat were stopped with catarrh, which however, is now clearing away. I felt weak and tired in the mourning and by night was all worn out.

"Now, however, things are different. My bowels are regular and I eat and sleep much better and feel much stronger and am not tired out when night comes. Have gained five pounds and don't mind a good hard day's work.

"My wife is also taking Dreco as she has been in poor health for some time and I have recommended it to many of my friends who have attained good results. Dreco is the best medicine I have ever taken."

Dreco acts on stomach, liver kidneys and bowels in a natural way. The juices of herbs, roots, bark and leaves from which it is scientifically prepared speedily restore these vital organs to proper functioning and the whole system benefits. Dreco is safe and reliable and contains no mercury, potash, habit forming drugs or any other harmful ingredient.

Dreco is being specially introduced in Peterboro by Bond's Drug Store. It is also sold in Lakefield by E. H. Northey, and by a good druggist everywhere.

DREAM OF YEARS HAS COME TRUE.

Marchings of Armies in China Disturbs Not Chin-gee Hee.

SEATTLE, Wash., May 23.—(Associated Press). — Marches and clashings of the opposing armies in China have not disturbed the serenity of Chin Gee Hee, one time track laborer, laundryman and merchant in Seattle and now president of the Sun Ning Railway, greatest in South China, say Seattle friends who have kept in touch with the "Chinese Jim Hill."

Despite his 8 years, Chin Gee Hee remains actively at the head of the various enterprises which have earned for him the sobriquet "King of South China" since his return to his native country from the Pacific Coast in 1905.

The Sun Ning Railway, first in China to be constructed by Chinese capital independent of aid from any Government, is the fruit of a dream that came to Chin Gee Mee 60 years ago when, as a common laborer, he aided in the construction of a branch line of the Southern Pacific in California. Two years before he had begun life as a laborer in the California gold fields.

Chin Gee Hee held to his vision. In the seventies he went north and worked on the construction of the old Columbia and Puget Sound Railway, now a part of the Chicago, Milwaukee and St. Paul system. It was not long before he became a contractor in a small way, using Chinese labor, and by the time the road was completed he had acquired some capital.

In the early 80's Chin Gee Hee established a small laundry here, branching out as a merchant in partnership with Chin Ching Hock. Following this venture he founded the Qong Tuck Company, a mercantile establishment still in business under the direction of his nephew, Chin Keay.

The fire of 1889 which destroyed the business section of the city took Chin Gee Hee's store along with the rest, but before the ruins were cold he had started the construction of the first brick building erected in Seattle after the fire. It still stands.

During the anti-Chinese riots of 1886, Chin Gee Hee was ordered from the city by a mob, but remained under the protection of a small group of residents.

The erstwhile track worker kept in his mind the project of an independent railroad for China, and through the influence of Seattle friends attracted the notice of James J. Hill, president of the Great Northern Railroad. Mr. Hill advised him from his own experience and invited him to make a trip as his guest over the principal lines of the United States. In 1905 Chin Gee Hee returned to China and shortly thereafter the construction of the Sun Ning Railway was begun.

Railwaymen have praised construction of the road—built without the aid of a single foreigner—as one of the finest pieces of engineering work in the Orient.

Decorated by the late Chinese emperor, Chin Gee Hee retained the confidence of his country's leaders after the change in Government. The road is protected by a special guard of soldiers from the Canton army.

GREECE DOWN BUT NOT OUT.

Not Going to Pick Quarrel With Turk But Will Fight If Necessary.

By WILLIAM PHILIP SIMMS.

ATHENS, May 23.—Greece is going to try to "come back." She is down but not out. If necessary she will fight.

When I left America I carried with me the impression that Greece had taken the licking of her life from Turkey; that she had had all the spirit beaten out of her; that even as a Balkan power she was "through" for a long time to come.

Not so.

Talk to any Greek here and he almost weeps, so deeply does he feel the humiliation of the Asia Minor disaster.

Never for a single moment does he consider it a defeat for Greek soldiers. He was let down by a handful of politicians back in Greece, he contends, who spent what money Greece had in hand to bolster up the late King Constantine for purely selfish purposes.

"They sent our army barging out into the interior of Asia Minor, then forgot all about it—forgot to feed it, forgot to clothe it, forgot to doctor it, forgot to munition it—just chucked it," they say bitterly.

Defeated? Not on your life!

The Greek army today is rearin' to go.

Greece is not going to pick a quarrel with Turkey—at least I do not think she will. But she is not going to take much back-talk from her. I get the impression from talks with public men here that Greece had just about ceded her limit. She'll fight before she falls back much further.

"I'd like to see Colonel Plastiras," I said to the foreign office officials shortly after my arrival here. Colonel Plastiras is "chief of the revolution," head of the Greek Government.

"Colonel Plastiras has gone to the front," I was told. "He will not be back for several days."

"The front!" I sounded rather significant. I do not say it was significant. But it sounded so.

"The front" is the Maritza River separating eastern Thrace—which the allies gave to Turkey at the first Lausanne Conference—and western Thrace, still a part of Greece.

Almost the entire Greek army is concentrated there Between them and the Turks are detachments of allied troops. Perhaps it is just as well.

Colonel Plastiras is not in direct command of the army. General Pangalos is commander-in-chief. But the spirit of Plastiras — nicknamed "Black Pepper"—is behind the army and, I understand, the army is behind Plastiras.

If Colonel Plastiras is aching for a chance to see Greece retrieve some of her lost prestige, I am certain Greece responds in kind.

YOUR BABY AND MINE

By MYRTLE MEYER ELDRED

Mrs. R. R. writes:

Dear lady—Your column is of great interest to me, a very young and inexperienced mother. My baby 1 year old and weighs twenty-three pounds. Healthy despite one thing—constipation. Does not walk yet nor stand alone, goes elsewhere in his walker though. Should we continue to let him use this?

I could not nurse him but fed him on—according to directions. Every evening I have to give him an enema a dose of Castoria or milk of magnesia.

Don't you think it would be helpful to write an article in your column about training babies to the use of nursery chairs. How can one when they are so constipated and irregular.

I am sure now he should have vegetables, cereals and fruits. How shall I prepare them for him.

What is good to soothe his tender skin, his face chaps so easily and he has a few pimples? Also I should like to know how to cure the dandruff that comes on his head?

There is no harm in letting the baby use the walker except that he learns to use it—but not to walk.

There has been so much in this department at various times about constipation and its cure—but you evidently have missed it. I always repeat these general problems every so often. A constipated baby is easier to train than one whose movement come at irregular time and who can't be "caught" in time. Put the baby on the chair at the same hour every day, for a few days using a glycerine or soap suppositosy to start a movement, and teach him just what you expect of him. After a weeks' time is he is being fed right putting him on the stool is all that will be necessary.

Write to me sending a self-addressed, stamped envelope and ask for the leaflet on feeding from 7 months to 3 years—with recipes. This is for the convenience of all my readers.

Use only castile soap or none at all on his face. Any good cold cream may be used. Perhaps his diet is at fault. Rub olive oil into the scalp every time his hair is washed. This will keep the dandruff cleaned off.

EARRINGS, NECKLACES

Matching sets of earrings and necklaces are now shown, made up in corals, jade, amber and other colored stones, and held together by a gold or silver chain.

SCARFS FASHIONABLE.

Scarfs are a part of nearly all the elaborate evening frocks for the coming season. Often they are of gold or silver lace, and are fastened to the costume instead of an accessory.

SUEDE AND FEATHERS.

A fashionable hat of suede has a brim made of tiny feathers. Naturally no other trimming is necessary.

Scientific research has reduced the age of Methuselah to 7834 years.

Forget those little HEALTH worries—by remembering ENO
A glass of water sparkling with a "dash" of ENO's "Fruit Salt"—taken first thing every morning on rising—dispels all those minor ailments which undermine the foundation of Health. Digestive and liver troubles—disorders of the blood—rheumatic conditions—will no longer rob you of optimism and vitality if you drink ENO regularly. QUIZ CORNER

ORIGINS OF CANADIAN POPULATION.

Q—What were the origins of the Canadian population?

A—Of Canada's present population of 8,788,483, persons of British origin contributed 55.40 per cent; of these, English made up 28.96 per cent, Irish, 12.30, Scotch, 13.36. French represent 27.91 per cent; all other European race, 8.59; Asiatics less than one per cent of the whole. More than 83 per cent therefore were of British and French racial stocks.

THE "HECTOR" CELEBRATION

Q—What is "The Hector" celebration?

A—The Hector celebration to take place in July 1923 is based on the name of the ship that brought the pioneers to Pictou, Nova Scotia, 15 years ago. The voyage lasted eleven weeks, food and water ran low, smallpox broke out but despite these drawbacks they laid the foundations of that part of Eastern Canada.

CANADA'S MANUFACTURING PRODUCTION.

Q—What are the lastest figures of Canada's manufacturing products?

A—According to the latest census figures, Canada's manufacturing production value exceeded four billions in 1920, an increase of half a billion over 1919. A similar ratio of increase no doubt marks recent years.

THEY CALLED HIM AN "OLD PILL"

THAT was years ago when he packed a terrible grouch, a mighty irritable stomach and a liver that refused to do the things that all good livers should. No wonder his friends called him an "old pill" and stayed away.

But that was years ago—long before he discovered Beecham's Pills and learned that two at bedtime can bring sunshine into a man's life. Today, he's an optimist, a hero to his wife, and a staunch believer in Beecham's Pills.

The cheer that Beecham's Pills bring into a man's disposition, is the incomparable cheer of sound digestion, active liver, and the regular habits that make good health.

WILL TRAVEL THE TRENT WATERWAY.

Eight Rochester Yachtsmen Promise to Make Trip This Summer.

The exhibition of Trent Waterway reels and the talk by Mr. Leon Fraser before the Rochester Yacht Club on Thursday last resulted in his securing eight positive promises to make the tour this summer.

The exhibition was given before an audience of ninety yachting enthusiasts, and the entire evening was devoted to a discussion of the Trent Waterway from the point of view of the tourist. Mr. Fraser was especially struck by the map of the water way which is hung on the wall of the club. This was sent to the Club some time ago, and has been framed and preserved by the members. After a talk on the Waterway, and when he had answered a series of questions, Mr. Fraser asked that converts to the trip stand up. Eight notified him that they will make the trip, and many more intimated their intention to come if possible. No excursion could be made, it was decided, on account of the difficulty of locking through a large number of launches together.

Mr. Fraser speaks enthusiastically of the beautiful cruisers quartered in the Club boathouses, numbering over 100.

Cobourg Ferry

The Rochester Motor Club members asked by Mr. Fraser about its stand regarding the proposed Cobourg-Charlotte automobile ferry service declared themselves enthusiastic for it. There are over 1,000 enquiries on file from Americans asking whether this route is open.

Mr. Fraser also interviewed the Chamber of Commerce and the officials of the B. R. & P. Railway regarding the ferry The matter was taken up with Sir Henry Thornton while in Peteboro yesterday.

Community Chest

The Community Chest fund in Rochester had 5,000 voluntary workers and on the fourth day of a seven day drive the sum of $930,760 was taken in, to be used for all social service agencies in Rochester. The 900 captains meet daily at luncheon, and so perfect and smooth-working is the system of collection that reports received at 12 noon are tabulated and the result of the collections made known at 1 p.m.

Mr. Fraser secured a copy of all the material used in the drive, so that he has all the information required in connection with the establishment of the system in Peterborough, which has been proposed.

A. P. McWHINNEY IS NOMINEE WEST BRUCE

KINCARDINE, May 23.—(Canadian Press.)— A. P. McWhiney was tendered the unanimosu nomination for West Bruce at the Liberal convention here yesterday.

F. Wellington Hay, who was the principal speaker, made a pronounceemnt of his stand on the liquor question, on which he declared there had been no retrograde movement by Liberals. The referendum had been the voice of the people and until they spoke again there would be no laxity upon the part of himself or party in carrying out their will. The law would be vigorously enforced as far as his party was concerned.

Mr. McWhiney criticized the Drury administration and charged it with reckless extravagance and unnecessary expenditures.

PLEA OF NOT GUILTY FOR ABBE DELORME

QUEBEC, May 23.— (Canadian Press). — Alleyn Taschereau, who will defend Abbe Delorme at his trial on June 5, on the charge of murdering his half-brother, Raoul Delorme, stated yesterday that there would be no attempt to prove that Abbe Delorme might have been insane at the time the murder was committed, but only a straight plea of "not guilty." He had sufficient documents, he said, to prove that Abbe was never connected with the crime, and that he has been only a victim.

CHEMISE FROCKS.

Because of the vogue for all-over embroidery and for figured silks, the chemise frock is to be very popular this summer. Afternoon gowns, it is said, will be very long or very short.

Physically Perfect

Miss Marjorie Barker, 18, of Ho pkinsville, is Kentucky's most physically perfect woman. At least she w as awarded that distinction at the recent Health Exposition at Louisvi lle. Miss Barker posed as the "Goddess of Health."

The PRIDE of PALOMAR

By Peter B. Kyne

(Continued from Yesterday.)

"Father Dominic," Don Mike called to the old friar, "your Mission Restoration Fund has been increased ten thousand dollars."

"So?" the gentle old man echoed. "Behold, Miguel, the goodness of God. He willed that Panchito should save for you from the heathen one little portion of our dear land; He was pleased to answer my prayers of fifty years that I be permitted to live until I had restored the Mission of our Mother of Sorrows." He closed his eyes. "So many long years the priest," he murmured, "so many long years! And I am base enough to be happy in worldly pleasures. I am still a little old devil."

Don Mike turned to the stunned bookmakers. "For some reason best known to yourselves," he addressed them in English, bowing graciously, "you two gentlemen have seen fit to do business with me through this excellent representative of the civil authority of Tia Juana. We will dispense with his services, if you have no objection. Here, my good fellow," he added, and handed the policeman a ten-dollar bill.

"You're not a Mexican. You're an American," the book-maker Joe cried accusingly, "although you bragged like a Mexican."

"Quite right. I never claimed to be a Mexican, however. I heard about this Thanksgiving Handicap, and it seemed such a splendid opportunity to pick up a few thousand dollars that I entered my horse. I have complied with all the rules. This race was open to four-year-olds and up, regardless of whether they had been entered in a race previously or had won or lost a race. Panchito's registration will bear investigation; so will his history. My jockey rode under an apprentice license. May I trouble you for a settlement, gentlemen?"

"But your horse is registered under a Mexican's name, as owner."

"My name is Miguel Jose Maria Federico Noriaga Farrel."

"We'll see the judges first, Senor Farrel."

"By all means."

"You bet we will. The judges smell a rat, already. The winning numbers haven't been posted yet."

As Don Mike and his retinue passed the Parker box, John Parker and Danny Leighton fell in behind them and followed to the judges' stand. Five minutes later the anxious crowd saw Panchito's number go up as the winner. Don Mike's frank explanation that he had deceived nobody, but had, by refraining from doing things in the usual manner, induced the public to deceive itself and refrain from betting on Panchito, could not be gainsaid—particularly when an inspection of the records at the betting ring proved that not a dollar had been wagered on Panchito.

"You played the books throughout the country, Mr. Farrel?" one of the judges asked.

Don Mike smiled knowingly. "I admit nothing," he replied.

The testimony of Parker and Danny Leighton was scarcely needed to convince the judges that nothing illegal had been perpetrated. When Don Mike had collected his share of the purse and the book-makers, convinced that they had been out-generaled and not swindled, had issued checks for their losses and departed, smiling. John Parker drew Farrel aside.

"Son," he demanded, "did you spoil the Egyptians and put over a Roman holiday?"

Again Don Mike smiled his enigmatic smile. "Well," he admitted, "I'm ready to do a little mortgage lifting."

"I congratulate you with all my heart. For heaven's sake, take up your mortgage immediately. I do not wish to acquire your ranch—that way. I have never wished to, but if that droll scoundrel, Bill Conway, hadn't managed to dig up unlimited backing to build that dam despite me, and if Panchito hadn't cinched your case for you to-day, I would have had no mercy on you. But I'm glad you won. You have a head and you use it; you possess the power of decision of initiative, you're a sporting, kindly young gentleman and I count it a privilege to have known you." He thrust out his hand and Don Mike shook it heartily.

"Of course, sir," he told Parker, "King Agrippa is a good horse, but nobody would ever think of entering him in a real classic. I told Allesandro to be careful not to beat him too far. The time was nothing remarkable and I do not think I have spoiled your opportunity for winning with him in the Derby."

"I noticed that. Thank you. And you'll loan him to me to beat that old scoundrel I told you about?"

"You'll have to arrange that matter with your daughter, sir. I have raced my first and my last race for anything save the sport of a horse-race, and I am now about to present Panchito to Miss Kay."

"Present him? Why, you star-spangled idiot, I offered you fifteen thousand dollars for him and you knew then I would have gone to fifty thousand."

Don Mike laid a patronizing hand on John Parker's shoulder. "Old settler, you're buying Panchito and you're paying a heavier price than you realize, only, like the overcoat in the traveling salesman's expense account, the item isn't apparent. I'm going to sell you a dam, the entire Agua Caliente Basin and watershed riparian rights, a site for a power station and a right of way for power transmission lines over my ranch. In return, you're going to agree to furnish me with sufficient water from your dam, in perpetuity, to irrigate every acre of the San Gregorio Valley."

John Parker could only stare, amazed. "On one condition, Miguel," he replied presently. "Not an acre of the farm lands of the San Gregorio shall ever be sold, without a proviso in the deed that it shall never be sold or leased to any alien ineligible to citizenship."

"Oh, ho! So you've got religion, eh?"

(To Be Continued).

Average man can read about 20,000 words in an hour.

The Convalescent will find a quick and pleasant road back to health and strength with

OVALTINE
TONIC FOOD BEVERAGE

"OVALTINE" combines the three essential qualities in a convalescent's diet—maximum nutritive value, minimum digestive strain, and a delicious flavour that pleases the most fastidious taste. Made from ripe barley malt, creamy milk and fresh eggs, "Ovaltine" is highly concentrated nourishment in properly balanced and easily digested form. Doctors constantly prescribe it with most satisfactory results.

One cup of "Ovaltine" contains more nourishment than 3 eggs, 7 cups of cocoa or 12 cups of beef extract.

A POTENT GERM KILLER

An internal germicidal pain remedy composed of vegetable extracts held in solution by the purest of palatable solvents. For Colic, Cholera Morbus, bowel pains, Dysentery and Diahorrea.

R 35 · R 70 · R

RADWAY'S READY RELIEF

Tones instantly, Cleanses and disinfects the intestinal tract. Does not destroy the tissues. A Gift from the Vegetable Kingdom. More in the bottle and one third less in price than any other internal and external pain remedy.

FOOWEAR PROHIBITED

RANGOON, May 22.—(Associated Press). — The spectacle of wealthy American women removing their silk stockings in the streets of an Oriental city has attracted much attention in Rangoon during recent weeks. The occasion for for these crowd-drawing incidents is a rule, enforced since the fall of 1920, prohibiting footwear upon the platform of the Shwe Dagon pagoda, one of the most important Buddhist shrines in Asia.

Although the Burmans themselves always have removed their footwear before ascending the pagoda steps, until recent years Europeans have been allowed to visit the pagoda without taking off their shoes. The present ruling, made in connection with the nationalist movement, requires the removal of stockings as well as shoes.

Due to the after-war revival of the tourist trade, about 1,250 American travellers have visited Rangoon during the last few weeks, and another shipload is expected before the end of the season. Many of these are willing to climb the pagoda hill with bare feet rather than to go away without seeing the Shwe Dagon at close range.

The Shwe Dagon, with its great spire of plastered gold flashing in the sunlight, is the first object upon which the eyes of the traveller rest as he approaches Rangoon; it is the last of the city he looks upon when the steamer is bearing him away. For centuries it has been an object of great veneration to thousands of pilgrims.

TELLS DYSPEPTICS WHAT TO EAT

Avoid Indigestion, Sour Acid Stomach, Heartburn, Gas on Stomach, Etc.

Indigestion and practically all forms of stomach trouble, say medical authorities, are due nine times out of ten to an excess of hydrochloric acid in the stomach. Chronic "acid somach" is exceedingly dangerous and sufferers should do either one of two things.

Either they can go on a limited and often disagreeable diet, avoiding foods that disagree with them, that irritate the stomach and lead to excess acid secretions or they can eat as they please in reason and make it a practice to counteract the effect of the harmful acid and prevent the formation of gas, sourness or premature fermentation by the use of a little Bisurated Magnesia, at their meals.

There is probably no better, safer or more reliable stomach antiacid than Bisurated Magnesia and it is widely used for this purpose. It has no direct action on the stomach and is not a digestent. But a teaspoonful of the powder or a couple of five grain tablets taken in a little water with the food will neutralize the excess acidity which may be present and prevent its further formation. This removes the whole cause of the trouble and the meal digests naturally and healthfully without need of pepsin or artificial digestents.

Get a few ounces of Bisurated Magnesia from any reliable druggist. Ask for either powder or tablets. It never comes as a liquid milk or citrate and in the bisurated form is not a laxative. Try this plan and eat what you want at your next meal and see if this isn't the best advice you ever had on "what to eat."

HARVARD CLUBS GATHER FOR ANNUAL CONVENTION

KANSAS CITY, May 23.—(Associated Press).—The twenty-fifth annual meeting of the Associated Harvard Clubs, May 24-26, is expected to attract several hundred alumni from widely scattered regions of the United States to Kansas City for the revival of college fellowship and the discussion of problems connected with the university. Most of the 110 clubs, constituents of the association, are expected to have representation.

The organization was instituted primarily to enable Western men to participate in university affairs, according to Leighton Miles of this city, Vice-President of the Southwestern district of the Harvard Clubs. Among the subjects on the program for discussion are relations between the college and graduate schools and secondary schools; the relation of the university and alumni bodies; the duty of Harvard as a national university, the Harvard war memorial and the Theodore Roosevelt memorial.

The program includes an informal meeting of the council of the associated clubs the afternoon of May 24 and a dinner of the Harvard Law School Association that night; business meetings, luncheon, radio and a dinner, May 25, and a field day at the Kansas City Country Club, a barbacue, baseball, golf, tennis and swimming May 26. It is expected that President Lowell will be present.

MODIFIED BUSTLE.

The bustle, in modified form, is being featured on some Paris importations. Usually it takes the form of a very large taffeta bow or a shirred puff.

BACK TO DAYS PONY EXPRESS

Will Revive Probably the Most Colorful and Romantic Period in American History.

ST. JOSEPH, Mo., May 23.—The Pony Express—probably the most colorful and romantic paragraph in American history—will live again!

Next September, roads between this city and Sacramento will resound to the hoofbeats of the mustang. It will be like the reawakening of characters from an old book. For the Pony Express has come to be but a fascinating memory.

The Pony Express Revival Organization now is mapping final plans to reproduce the famous mail route of 1860-61. It will be in connection with the joint Mark Twain and Bret Harte celebration to extend throughout the west.

Hundreds of horses and several score of men will be used. And recruiting of the latter now is revealing a heated competition.

* * *

It was on April 3, 1860, at 5 p.m., that Johnny Frey, 20, leaped on a black pony at St. Joseph and rode west. At the same moment, in Sacramento, Harry Hoff, another youth, saddled another dashing mount and turning eastward, was off like a shot.

Thus started the Pony Express.

* * *

Now, on a September day yet to be named, two youths, like their predecessors of 63 years ago, will stand at attention beside two impatient mustangs here. Each will be handed a copy of a message signed by President Harding.

At a signal they will leap to the saddle and gallop down a street lined with cheering people. The faces of each will be grim. The ponies will head west. The 2,000-mile race will be on!

A hundred relay stations or more. Hundreds of horses and scores of riders will be waiting at points across the distant plains—waiting for their turn in the pageant.

That message in duplicate from the President will be relayed across the route of the first western mail route—the same route that became a forerunner of the great railroads and express companies of today.

* * *

Charles Cliff, now grey and old, will be at the starting point here to bid the riders Godspeed. Sixty-three years ago, as a boy of 16, he, too, rode a mustang on the Pony Express. He was one of the first to cross the perilous, Indian-ridden plains.

At Sacramento another veteran of the plains, John Seebeck, will be waiting to greet the last relay, eight or ten days later. In 1860, Seebeck, then 21 years old, rode with Cliff.

Most of their comrades, including Buffalo Bill, whose real name was William Cody, have gone into the sunset. Cliff and Seebeck alone are left. Sole survivors they are of that hardy band of adventurers who risked death to carry the mails.

* * *

No perils like those of the original Pony Express will face these modern riders. From the day the old line began until its close in the fall of 1861, when the first transcontinental telegraph line was completed, danger constantly rode beside the intrepid horsemen. Sometimes they were killed. But in only a lone instance did the mail fail to get through.

It is said that when Elbert Hubbard wrote his famous essay, "A Message to Garcia," he had in mind that band of mere boys who braved life for the sheer love of adventure.

* * *

The roads, too, will be better now, and bridges will carry the riders across swollen streams. It was not thus in olden days.

But despite the absence of the danger from lurking Indians, despite the removal of hardships, conditions, wherever possible, will be much the same as in 1860.

Seebeck, commenting on the coming ride, recalls his adventures. He rode a strip of 90 miles through Nevada.

"The worst thing I had to contend with was the terrible sandstorms," he says.

"At times they would blind both me and my horse. The Indians also were troublesome. But they didn't worry me as much as the desert storms.

"Our orders were to carry the mails at whatever cost. We were told not to fight the redskins, but to run. And our pay was small—only $60 a month. Buffalo Bill was the exception. He received $150."

* * *

And so, across Missouri, Kansas, Colorado, Utah, Nevada and California, shades of the old riders of the Pony Express will dash again.

These riders, however, will be spurred by the cheers of men and women of a modern day. Theirs will not be the lot of bygone pathfinders, whose only audience was silent wastes, bands of savages, the almost impenetrable forests—and death—that the mails might get through.

NOTED ASTRONOMERS LABOR 36 YEARS ON FIRST HEAVENLY MAP

PARIS May 23 (Associated Press) —What is regarded here as one of the most interesting and valuable results of modern studies in astronomy is nearing completion in the Paris Observatory after 36 years of pains-taking labor. It is a new map of the heavens and catalogue of the stars. The compilation shows that there are approximately 300,000,000 heavenly bodies visible through the powerful telescopes.

Photographing the heavens was a plan first developed by the Paris Observatory, and its then director, Admiral Mouchez, was called here in 1887 to an international congress of astronomers which decided to map the heavens. There were 18 nations including Mexico, Chile, and the republics of Argentine and Brazil, which agreed to contribute to this work.

The heavens were subdivided, with four French observatories taking the central zones of the heavens.

Ten thousand leaves of the photographic map contain stars to the fourteenth magnitude, whereof there are above twenty millions. Stars to the sixth magnitude may be seen with the naked eye, and above that, telescopes and other aids are needed.

In reality, it is explained, the number of stars appear to be infinite. As huge lenses are constructed, each increase in the size of the lense reveals a larger number of stars.

A few years ago the number of stars was set at approximately one hundred millions. Now that number has been trebled, and as the explorers of new worlds in the universe progress in their studies, they find space filled with stars, the light of which reaches the eye of the explorer after years of travel, so distant are these bodies.

Mapping the heavens was a task not undertaken by astronomers previous to 1887, and before the work could be started, it was necessary to agree on plans concerning the size of the photographs and means of measurements. The majority of the astronomers of the world used their ingenuity and learning in the task.

By means of this new map, fresh measurements of the location, size, and nature of the stars may be made by astronomers, and philosophic speculation stimulated as to the inhabitants, if any, of the stars, and the general system and scheme of the universe.

Are You Corn and Bunion Crazy?

Do Your Feet Ache, Burn, Sting and Draw? Here's Instant Relief.

Torturing, joy-killing Corns and Bunions or sore, hot, tired, tender, swollen feet are unnecessary now for folks who know about Geero Wormwood Balm—the new foot joy. Why be irritable, cross and peevish, limping and dodging down the street—every step an agony? Try this: Before you go to bed to-night just rub on a little cooling, soothing, penetrating Wormwood Balm. Ah! what relief. Instantly your feet will feel cool and fine. It draws out all the aching, stinging, burning soreness ke magic until your feet could dance for joy. No more dangerous corn-cutting or peeling, no more sticky, burning messes that eat off half your toe. No more ugs or plasters. Just real foot comfort day in and day out. Simple, safe, easy and pleasant to use and not at all expensive.

At all druggists. Get the Genuine Geero Wormwood Balm.

OBITUARY

THE LATE PETER BUCHANAN

CAMPBELLFORD May 23. — Peter Buchanan died at his home on Rear street yesterday morning after an illness of two years duration. During the past nine weeks he had been confined to bed.

The deceased was 1 rn in Seymour township near Hoard's station, 64 years ago but for the past 23 years had been a resident of Campbellford. He was married 45 years ago to Agnes White who survives him. He also leaves two daughters and four sons—Mrs. Alfred Cook and Mrs. Charles Battman, both of town, and Henry Allan and William of aCmpbellford and Frank, who is a farmer in Cramahe township near Warkworth. There are also surviving two brothers Sam and John who are farmers in Seymour, and two sisters, Mrs. Ben Moore of town and Mrs. D. Massie of Swan Island Me.

The funeral will be held Thursday, Rev. H. B. Kenny conducting religious services at the home at 10 a.m.

COBOURG AND DISTRICT

COBOURG, May 23.—Mr. Swelly, a student from Toronto, has been appointed for the summer months to the rectorship of St George's church, Grafton, and St Johns' church at Centreton, and entered upon his new duties on Sunday last. His rectorship ha been vacant since the resignation of Rev. Mr. Postlethwait to accept the rectorship of St. John's church, Bowmanville.

Joint Meetings

The Grafton Women ' Institute, and the Farmers' club held their meetings at the home of Mr. and Mrs. Valleau, Holdimard Township.

The ladies furnished cake and sandwiches, and a ve y pleasant social hour was spent.

Removal of Old Homestead

The brick from the old Rogers' homestead near Graft n has been sold to a local contractor and th site of the residence,burned some few years ago and joining the home of the late Squire Rogers will be cleared up. This removes one of the early homes and landmarks of this thriving eastern village.

C. G. I. T. Organized

The young people of Camborne, have organized a C. G. I. T., which is starting its work under encouraging auspics. The officers elected are: superintendent, Miss Sweetman; president, Miss Mildred Lean; Vice-president, Miss Verna Willis; treasurer, Miss Sarah Harper; secretary, Miss Mavis Sandicock.

The new organization met Thursday evening, and meetings will be held every Monday evening in future.

Serving For 34th, Term

Mr. Erwin Rosevear has been elected recording secretary of the Camborne Methodist circui , in the 34th, consecutive year. Mr. M. F. Ames is circuit treasurer.

Two Cobourg Marriages

The marriage took place at St. Peter's rectory here, Rev. Canon F. J. Sawyers officiating, of Miss Thomas Head, formerly of Hamilton Township, and Miss Beryl Biddle, Mr. and Mrs. Head will reside in University Avenue here.

The marriage took place place very quietly on Thursday at St. Peter's Rectory, of Miss Florence Annie Evans, youngest daughter of Mrs. Cove, Belmont Farm, Saltford, England, and Mr. Alfred Ellis Rushmore, son of Mr. and Mrs. Alfred Rushmore, Chatham. The bride and groom left latter for a trip to western points.

Death of Mrs. Nixon

Mrs. Nixon, widow of th late George Nixon, of Port Hope, passed away in the Port Hope Hospital on Saturday evening after a two weeks illness with pneumonia. She was lady who was held in very high r gards by a large circle of acquaintances and friends. Surviving their mother are two sons and a daughter.

New S. O. E. Lodge

The Englishmen residing in Trenton and district are arranging for the organization of a S. O. E. lodge in that town. Mr. Proctor, a supreme lodge officer, was present at a recent meeting and a secong meeting was held last night to further the prospective organization.

Formerly of Camborne

Mrs. Hale, widow of the late William M. Hale, senior editor of the Orillia Packet, whose death occured recently, was before her marriage Mary Campbell Stewart, of Cambo ne, Hamilton Township. She was a daughter of the late George Stewart of that place, formerly o Edinburgh Scotland, and has the deep sympathy of f iends in he bereavement. Mrs. Hale has been an inv lid for much of the time for the past fifteen years because of rheumatism, but was able to minister to her husband during the clotning months of a happy married life.

Amateur Caste Wins Praise

An interesting play, "Home Acres" was well presented by the members of the Young Peoples' League, and sunday school orchester of the Methodist church, a large and app ecative audiance. Rev. J. S. I. Wilson, in a few a few appropria e words prefaced the appearance of the caste upon the platform. The orchestra under the direction of Mr. E. Hall, with Miss J. J. Ken at the piano, gave a fine introducctory programme, and also played during the intermission between the acts. The play was presented in three acts.

PRINTED VELVETS.

Printed velvets are being exploited in Paris for evening wraps. They are banded with the lightest of fox furs and lined only with chiffon or thin crepe.

Financial News and Views

Canadian Stock Exchange — And Mines — | New York Stock Exchange — And Curb Prices.

To-Day's Quotations and Opinions and Reviews of the Markets.

NEW YORK, May 23. — Canadian Press. — With a large short interest under it the stock market took a spurt upward to-day and gains of 2 points and more among the speculativ. leaders were common in the early dealings.

Announcement by the Federal Reserve Board that the prevailing re-discount rates would be maintained because of the satisfactory business conditions, stimulated the recovery in progress at the previous close.

New high ground on the rally was reached by Steel, Baldwin, Studebaker and Cal. Petroleum and Consolidated Gas; Union Pacific's point gain to 135 was a feature of the rail list which moved ahead in response to the favorable character of the April rail earnings.

Stocks gathered momentum on the recovery toward the close of the first hour. In issues recently under pressure the drive against an overcrowded following on the short side proceeded vigorously and substantial rebounds from Tuesday's lows were scored by speculative leaders. Steel common sold at 97 1-8, up 2 1-8; Baldwin at 128, up 4 3-8; Amer. Can. at 95½, up 3 1-8; Consolidated Gas at 62 1-4, up 2 3-4; and Amer. Locomotive at 135, up 2 5-8. At 109 1-4, Studebaker was up 3 1-8, and Cal Petroleum at 101 5-8 was up 6 3-8. California Petroleum Preferred also had a sharp advance, spurting 4 points to 110. This stock shares equally with the common on all dividends above $7 annually. Buying was based on the belief that the rate to be established on the common stock will be equivalent to an annual rate of $8 on the present shares. Trading slowed down in the late morning, but no attempt was made to renew the selling movement and prices moved ahead again around noon.

Several operators recently prominent on the side of declining prices were said to have espoused the constructive cause for the short swing, believing that the technical situation created by the recent shake down placed the line of least resistance on the up track at least temporarily. Industrial leaders expressed greater optimism over the trade outlook for the balance of the year, and preparations were reported for financing held in abeyance because of the recent slump in stock values. Plans are under way for several large offerings between now and July 1st. Because of this many traders look for a stronger market.

Nerves So Bad That She Would Sit and Cry

Mrs. Mary Hocking, Madoc, Ont., writes:—

"Dr. Chase's Nerve Food has done me a wonderful lot of good. I suffered from general weakness and was so run down and my heart and nerves were in such bad shape that I would sit down and cry and not know what I was crying about. I also used to have weak spells. Thanks to Dr. Chase's Nerve Food, however, I am real well now. I shall always keep a box of the Nerve Food in the house, and recommend them to my friends; they are a wonderful medicine."

(Mr. J. W. Vince, Druggist, of Madoc, Ont., says: "I have sold Mrs. Hocking your Nerve Food, and the medicine has done her much good.")

LAST APPEAL

(Continued from Page 1)

known in suffering together count for at least,—consideration?

"To remind you of all this is very humiliating, I can assure you, but down in my heart I know I have done everything that is noble by the man, the woman and the child, under the circumstances.

"I did what you hoped I would do; my self-control and silence surprised you; the ordeal has brought out anything that was fine in me, I am better for having gone through it, and while externally defeated, in my loss of you, I have established something within me that will never die. And in closing this door behind me, I feel I shall open up another into better and finer things.

'In less elaborate terms, the helpful suggestions I ask of you deal mostly with the will. You drew it up, making yourself guardian of Jay.

"Do You Still Want Him."

"If anything unforseen happens, do you still want to take him?

"If you have changed your mind with regard to this, too, I must make a new selection. Setting this will greatly add to my peace of mind.

"Then this place; it is beyond me with its taxes and upkeep and far exceeds my purse—since you have never returned the money I spent in travelling during your hour of trial.

"All this actuates my placing it (the apartment at 969 Park avenue, where Mrs. Leeds now lives) on the market. The return will keep the wolf from the door till Jay is old enough to work for himself.

Pleads For Boy.

"I believe that any large principal is a hindrance to a man. It does not give his character a chance to assert itself. But I hoped you would continue Jay's monthly allowance until he was 21, which could have been applied to his education.

'And then, too, you promised you would.

"There are many things which I will not attempt to enumerate here.

"Can not we go over them all — together — it would only take an hour?

"You often wrote you were proud of me and that I had the commendation of your sisters, but surely not a Christian man would speak to you if they knew of your behaviour, so please don't fail me.

"I am absolute alone—with my problems—and your boy."

Stillman, Mrs. Leeds said, never replied to this letter.

The two other children born to Mrs. Leeds and Stillman died, she said. One came a year after the birth of Jay. It was dead when born. A third, baptized Ainslie, was born at Sloan's Hospital, New York, Nov. 14, 1920, according to Mrs. Leeds .This son died in four hours.

ONE 50c BOX BROUGHT HEALTH

Years of Constipation Ended By "Fruit-a-tives"

The Wonderful Fruit Medicine

Anyone who suffers with miserable health; who is tortured with Headaches; and who is unable to get any real pleasure out of life; will be interested in this letter of Mrs. Martha de Wolfe of East Ship Harbor, N.S.

Mrs. de Wolfe says, "For years I was a dreadful sufferer from Constipation and Headaches and I was miserable in every way. Nothing in the way of medicine seemed to help me. Then I tried "Fruit-a-tives" and the effect was splendid; and after taking only one box, I was completely relieved and now feel like a new person".

50c. a box, 6 for $2.50, trial size 25c. At dealers or from Fruit-a-tives Limited, Ottawa, Ont.

OMEMEE COUPLE GET PURSE MONEY

Friends and Neighbors Bid Farewell to Mr. and Mrs. Alex. Mahood.

OMEMEE, May 23.—A very pleasant evening was spent at the home of Mr. Alex. Mahood where a large number of their friends and neighbors gathered to bid farewell to Mr. and Mrs. Mahood and daughters before they move to their new home in Lindsay. The following address, accompanied by a well-filled purse, was presented to Mr. and Mrs. A. Mahood:

Dear Friends—"The time has now arrived in your busy, well-spent life when the rare opportunity of an easier and more pleasant era awaits you. You have built up a beautiful home by your integrity and industrious methods, and as a monument of your labors it will remain behind.

"Not only do you leave this home as a reminder, but a legion of friends and neighbors, who deeply deplore your going and who have learned to love and respect you.

"In the past, you were always found ready when needed—and in sickness and trouble you were ever kind and sympathetic.

"Your home was a haven for church festivals and social gatherings and by your co-operation the different clubs and societies have gained strength and assistance.

"But all those meetings and gatherings are a thing of the past and we agree unanimously, you have nobly done your part, and it is with deep regret we learn you have chosen to make your home elsewhere.

"It would not be in keeping with your untiring efforts should your many friends let the occasion of your departure occur without some token of regard, and it is for this object that we have gathered here this evening.

"We ask you to accept this purse and with it our best wishes and sincere appreciation of all you have done in helping this community. May you be spared many happy years of health and happiness.

"For you have done the best you could,
What cause to grieve at close of day,
And you have smiled when all was gloom,
And sorrow's veil draped dark the way,
And now your sunset's golden glow
Around you spreads a peaceful light,
God grant you many happy years
Is the wish of everyone tonight.

"J. McGuire,
"R. J. Winn,
"F. Morden."

Personal Paragraphs

OMEMEE, May 23.—Miss Daisy Adams, of Peterborough, visited her parents, Mr. and Mrs. R. J. Adams, on Friday.

Miss Doris Sandy has completed her studies at Toronto University for this term and is spending the summer vacation with her parnts, Mr. and Mrs. F. G. Sandy.

Mrs. J. Bushnell was a visitor to Peterborough on Saturday.

Mr. L. A. Mahood was a business visitor to Toronto during the past week.

Dr. and Mrs. Irvine, of Lindsay, spent the week-end at the home of Mr. and Mrs. Harry Lamb.

Mrs. D. Deyell visited friends in Peterborough on Saturday.

Miss Annie Clement was a visitor to Bethany during the week.

Mr. James, of the Ruberoid Roofing Co., Montreal, was a business visitor in town last week.

Mr. and Mrs. Albert Ford were visitors to Peterborough on Friday.

Mr. F. MacFarlane motored to Toronto last week in Miss Macrea's new McLaughlin sedan. Miss Anna Macrea, of Toronto, accompanied him, and also Miss Hila Macrea, who is spending a few days in the city.

Mr. and Mrs. E. MacPherson were visitors to Peterborough last week.

Miss Burns, of Toronto, is the guest of her niece, Mrs. M. D. Earle.

Mr. H. R. Murray, of Peterborough, attended the funeral of the late Charles Corneil in town on Thursday.

Mr. and Mrs. Thos. Eggleton were visitors to Lindsay last week.

Mr. Wotton, of Peterborough, was a business visitor in town during the week.

Mr. and Mrs. William Shepard and daughter, of Coldwater, spent the week-end with the Misses Curry in town.

Mr. W. D. Stinson was a visitor to Peterborough on Friday.

Miss Marion Carey was the guest of her sister, Mrs. A. Irwin, of Sharbot Lake, over Sunday.

Mr. William Henderson, of Ebeneezer, was a visitor in town last week.

Mr. Ira Shaw was a visitor to Lindsay on Monday.

Mrs. Homan, of Toronto, attended the funeral of her uncle, Mr. Charles Corneil, on Thursday.

Mr. and Mrs. E. Hazlewood were visitors to Peterborough on Friday.

Mrs. R. F. Stillman is the guest of her sister, Mrs. George Hart, in Toronto.

Miss Annie Bradley, of Peterborough, was the guest of her brother, Mr. Reub. Bradley, over Sunday.

Mr. and Mrs. R. E. Stinson, of Lindsay, were visitors in town on Saturday.

Mr. George McKinn was in town on business last week.

Mr. Harry Stark is in Toronto this week attending a Jewish celebration.

Mr. and Mrs. Roy Corneil, of Peterborough, visited the former's brother, Mr. Cecil Corneil last week.

Mr. Arnold Kennedy motored to Peterborough on Saturday.

Mr. A. Moffatt was in town on business last week.

Miss A. Rutherford has returned home after spending a few days in Toronto.

Mrs. Archie Irwin, of Sharbot Lake, was a recent visitor with her parents, Mr. and Mrs. R. Carey.

Dr. A. R. Younie, our local veterinary surgeon, whose chief hobby is chicken raising, has invented an electric incubator and has already hatched out over eight hundred chickens.

Rev. Ed. Rolland, of Brooklyn, has accepted the invitation from the Omemee Quarterly Board of the Methodist Church, and will be the new pastor after the June conference.

Mrs. R. F. Stillman attended the district meeting in Lindsay on Tuesday.

Mr. George Wilson was in Lindsay Monday on business.

The sympathy of Mrs. H. Parker's many friends in Omemee and vicinity goes out to her in her sad bereavement through the death of her father, Mr. S. Henry.

TALENTED YOUNG INDIAN READER

Makes Her Initial Appearance at Millbrook in Entertaining Program.

MILLBROOK, May 23.—The entertainment given in the Methodist church on Monday evening under the auspices of the Ladies' Aid Society, at which Miss Francis Nickawa, the talented young Indian reader, made her initial appearance here, was an unqualified success from every point of view. The unwavering attention given by the large audience showed their pleasure in, and appreciation of, the programme presented. Assisting artists were Mr. and Mrs. H. W. Johnston, Miss Mabel Money, and Mr. Moore, (Burlington), whose vocal solos and duets added greatly to the pleasure of the evening, Misses M. Collins, and M. Clarry, being the efficient accompanists.

Miss Nickawa, by her attractive stage appearance, liquid voice, and graceful manner, combined with her undoubted ability, added yet another to the long list of successful recitals which she has given during this, her first season, upon the concert platform.

The amusing anecdotes of personal experiences during her travels with which she interperses her selections, seemed to form a bond of friendly intimacy between her audience and herself. Miss Nickawa is proud of the fact that she is full-blooded Red Indian, "a pure-bred Canadian," is her way of her way of putting it, and the Methodist church is equally proud of her as a former pupil of one of their own mission schools at Norway House on Hudson Bay. Naturally in her Indian numbers she shows to the best advantage her wonderful dramatic powers, the native dress adding greatly to the effectiveness, and naturalness, of these selections "The Song my Paddle sings," by Pauline Johnston, and "Hiawatha's Wooing", were two numbers which won warm applause from her listeners.

The pastor of the church, Rev. S. T. Tucker, made a few opening remarks, introducing the artists of the evening, after which the following programme was rendered:

Duet—"I heard a Voice," Mr. and Mrs. H. W. Johnston.

Readings.—"In Covenanting Days," Miss Francis Nickawa. (Introductory story, "A Small Boy's Curiosity") (Encore,—"Little Bateese")

Solo,—"The Rain," Miss M. Money.

Readings.—"Encouragement," by Lawrence Dunbar; "Kentucky Babe," (solo) Miss Nickawa; "Canadian Born, by Pauline Johnston.

Solo,—"Friend O' Mine," Mrs. Moore; Reading.—"The Party," Miss Nickawa; (Encore, "A Small Boy's Essay on 'Ducks'")

Duet.—"The Rosary," Mr. and Mrs. Johnston; Reading.—"Ojistow," by Pauline Johnston; Miss Nickawa.

Solo,—"What the Rain is to the Rose," Miss Money

Readings,—"The Pilot of the Plains,"; "The Song my Paddle Sings," Miss Nickawa.

Solo,—"The Long White Road," Mr. Moore.

Reading.—"Hiawatha's Wooing," by Longfellow, Miss Nickawa.

"God Save the King."

The author of "The Sheik" has gone to Algeria, perhaps to see what she has been writing about.

Domestic life is highly developed among wild ducks; not, however, among human wild ducks.

MARION DAVIES IN BIG CORELLI STORY

Beautiful Star Finely Cast in "The Young Diana."

Marion Davies is creating a sensation everywhere in a film version of Marie Corelli's well known novel, "The Young Diana," which proved a "best-seller" in book form and subsequently ran as a serial in Hearst's Magazine. The book was published in 1917 and scored a success.

The story concerns a beautiful young English girl, Diana May, who allowed herself to become an embittered spinster because of an early disappointment in love. Then she meets a scientist who is making some amazing experiments. Life holds nothing for her, so rather than follow the same dull gray path she consents to submit to one of his tests—and emerges a radiant, glorious young woman. How she finds love again is the climax to the interesting story. The study in contrast afforded by the somber-faced, middle aged woman who enters the scientist's laboratory, and the joyous vision of youth which comes out is most interesting.

could obtain.

"The Greatest Menace" is unusual big and daring in construction and calls "a spade a spade." It was adapted by Albert Rogell from an original story by Angeles C. Kaufman, with Mr. Rogell personally directing the picture.

An all-star cast, including Ann Little, Wilfred Lucas, Robert Gordon, Harry Northup, Rhea Mitchell, Andrew MacClennan, Mildred June, "Red" Kirby, Gordon Muller, Jack Livingston and Lew Meehan.

The management of the Grand in keeping with its policy to obtain the latest and best pictures, is delighted over the booking here of "The Greatest Menace." An expose of the drug systems wherein an exciting love story is deitly woven about the plucky fight that a woman makes single-handed against a powerful drug ring and how she successfully wins out, is told amid gripping scenes. A woman against an impregnable band of organized drug deliverers gives the plot the biggest kind of thrills imaginable.

"The Greatest Menace" carries a story away from anything ever shown here before. Every father and mother in the land is expected to see it. Their children can not only enjoy the film, but obtain a great lesson from it.

THEATRE EMPLOYEES WERE HELD UP

GRAND OPERA HOUSE
ALL NEXT WEEK

8-Big Acts-8
OF
BIG TIME VAUDEVILLE
THE TREAT OF THE SEASON
WATCH SATURDAY'S PAPER.

Turpin in the leading roles, with James Finlayson, Harry Gribbon, Bert Roach, Billy Armstrong and John Henry, Jr., in important characterizations, while Teddy, the Great Dane star, Pepper, the feline actress, and all the feathered and four-footed folk of Sennett's great organization will appear in various exciting episodes, in which hilarity and thrills, comedy and satire, humor and legitimate drama are mixed in a veritable hilarity of film entertainment.

This blend of many elements is what gives "Down on the Farm" its unique character and the claim is made for it that it provides something different from anything that Mack Sennett has ever accomplished before and, therefore, of course, different from anything any producer has ever created in screen entertainment.

The plot, a melodramatic [illegible] romance of a pretty [illegible] life, a menacing [illegible] landlord and [illegible] beautiful wife, the [illegible] brand as new as it [illegible] different." It is a [illegible] from the hands of the [illegible] made more footage than three producers in motion pictures.

BLACK SATIN FROCK.

A stunning black satin frock is clinging, straight and untrimmed, save for sleeves of cream georgette heavily embroidered in Russian designs.

ROOM TO RENT
A large sunny room. Good location near car. Private bath. Small family. 444 Tyler Ave

SUNS

"Sunny?"—Money!

A "room for rent" is just a room.
But if it's "large and sunny",
If want ads state it's "near the car,"
It's more than that—it's money.

M'GRAW IS FINDING SOME HARD SPOTS

(By Henry L. Farrell)
United Press Sports Editor

NEW YORK, May 23.—(United Press).—While there is no reason to believe that the New York Giants have blown any of their many chances to win their third straight National League pennant, the early part of the season indicated that McGraw may not make the expected runaway in the championship race.

Instead of being "in" by mid-July as many rabid New York fans predicted when the Giants were making monkeys of the Brooklyn, Boston, and Philadelphia clubs, the contrary may result and the world's champions may not runt out into real form until they have been boiled out by the June sun.

The formidable clubs from the west on their first invasion of the east found the Giant pitching staff in a fragile state and unless warm weather brings some form out of veteran arms, the same weakness will handicap the Giants all through the race.

Pittsburgh was the only National League club to get away on its right foot according to expectations, and the Pirates are even doing better than was anticipated. Man for man, the Pirates are almost as strong as the Giants and if McKechnie gets anything from his pitchers the National League pennant might not be decided until late fall.

Jack Bentley the $65,000 Baltimore pitchery was a big disappointment to the Giants. He reported overweight and out of shape and McGraw resorted to his pet policy of teaching his pitchers by making them take a good beating when they need it.

Some very good critics who watched Bentley in the International League, predicted that McGraw would have to pet Bentley to get results from him and that he would also have to pick spots for is prize hurler. Jack Dunn it is said, made a pitcher out of Bentley by using him only against clubs against which he was particularly effective, and against the ones who would get him he used him on first base.

While McGraw has lost much of the fire that used to decorate the Giants with pugilistic trimmings, he still gets out the big stick when the occasion demands. He disciplined three of his stars in the training camp and when "Rosey" Ryan failed to deliver in the early season, he suspended him until he could get in shape.

It was not the old umpire-baiting, battling McGraw, who said, after Casey Stengel was suspended for ten days some time back for fighting with Weinert a Philadelphia pitcher:

"Fights on the field do not help the club or the game. If necessary, they should be staged off the field. Stengel's suspension weakened the Giants. The delivery that Stengel thought was meant for a 'bean' was a slow ball, and surely he shouldn't have seen any danger or ill-intent in that. I regret that our man was the aggressor."

That was the new McGraw, and when evidence of such a transformation in temperament is at and it is not too much to expect that Gil Debie may smile some day and admit that he has some good football players at Cornell.

Along the lines of reformations or transformations imagine Babe Ruth telling a couple of louts in Cleveland, who approached him on an off-day with an invitation to the races and a couple of hot tips:

"If I knew you had six races fixed I wouldn't bet a nickel on a race again as long as I live. They did me once plenty, and I've been lucky enough to get next to the game. Give your dope to the suckers."

And Babe DID say that!

FOUND WONDERFUL RELIEF FROM CONSTIPATION
BY USING
MILBURN'S LAXA-LIVER PILLS

Constipation is one of the most prevalent troubles the human race is subject to, and is the greatest cause of many of our ailments, for if the bowels cease to perform their proper functions all the other organs will become deranged.

Keep your bowels working gently and naturally by the use of Milburn's Laxa-Liver Pills, and thus do away with the constipation, and all other troubles caused by it.

Mrs. A. R. Spence, Springhill, N.S., writes: "I have suffered for some time from constipation, and was advised by a friend to try Milburn's Laxa-Liver Pills. After taking a vial of them I have found wonderful relief, and would advise all those who are constipated to give them a trial, for I feel sure they will also receive the same benefit I did."

Price 25c a vial, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BANDIT ROGERS STILL AT LARGE

Police Draw Dragnet Around Town of North Bay.

NORTH BAY, May 23.—(Canadian Press).—It is estimated that more than 100 houses, including the homes of a number of farmers in this vicinity, were searched and their occupants questioned yesterday by squads of Provincial police, following Commissioner Williams' decision to draw a dragnet of scrutiny about the town. Despite the remarkable activity on the part of the police, however, Leo Rogers, ex-convict and murderer of Constable Fred. Lefebvre, is still at large, and at midnight not the slightest clue of a definite character could be said to have been reached. It is evident that the Provincial forces consider the situation in a more serious light than appears on the surface. After days of search the police returned to North Bay more than ever satisfied that Rogers is sheltered somewhere in the district.

NEGRO WAS SHOT.

CHILLICOTHE, Ohio, May 23.—(Canadian Press).—A negro [illegible] officials are convinced, was one of the two who robbed the Hopkins Russell branch bank of the Citizens Trust and Savings Company of Circleville, was shot four times by Policeman Dan Garrett here late yesterday in a running duel. [illegible] bullets left in his revolver, the negro is reaching through his belt and tumbled over dead. Garrett was wounded in the left shoulder.

Cost of building a first-class hotel is about $10,000,000.

SEVEN VICTORIES IN EIGHT STARTS

Dauss Did the Trick When He Turned Philadelphia Back Yesterday — Ruth Hit a Homer.

DETROIT, May 23. Canadian Press. — George Dauss was in good form yesterday and won his seventh victory out of eight starts, Detroit defeating Philadelphia 4 to 3. The victory gave the Tigers two out of three games with the Athletics.

Sammy Hale, Athletics' third baseman, suffered a broken thumb on his right hand in practice preceding the game. The score—

Philadelphia .. ..000011010—3 7 0
Deroit .. ..02101000x—4 9 2

Harris Heimach and Perkins; Dauss and Bassler.

Cleveland 3, Boston 2.

CLEVELAND, O., May 23. Canadian Press. — Cleveland defeated Boston 3 to 2 in a well played game yesterday. Howard Ehmke allowed the Indians only six hits but was very mild. Speaker hit a home run in the first inning. The fielding of Burns and O'Neill featured The score—

Boston .. ..000000200—2 9 1
Cleveland .. ..10000101x—3 6 2

Ehmke and Picinich; Uhle and O'Neill.

St. Louis 12; Washington 4

ST. LOUIS, May 23. Canadian Press. — St. Louis took the odd game of the series from Washington yesterday 12 to 7. The Browns scored four runs after two were out in the third. Jacobson got four hits, one a home run. There were 32 hits in the 8 1-2 innings. Score—

Washington.. .. ..103110100— 7 14 4
St. Louis .. ..00451300x—12 18 0

Zahniser, Hollingsworth, Brillheart and Gharrity; Danforth, Root, Pruett and Severeid.

New York 3, Chicago 1.

Chicago, May 23. Canadian Press. —Babe Ruth broke up a great southpaw pitching duel between Herb Pennock and Mike Cvengros with a home run smash over the right field wall in the 15th inning, giving New York a 3 to 1 victory over Chicago. Dugan was on base. It was Ruth's 8th circuit drive of the season, and enabled the Yankees to close their first invasion of the west with the best record they ever made. They won 13 games and lost 1. Yesterday's victory was the ninth consecutive win for the League champions, and the 13th consecutive game in which Pipp has hit safely. The score—

New York ..000100000000002—3 12 2
Chicago .. ..000001000000000—1 4 4

Pennock and Schang; Cvengros and Graham.

Schedule Started For Girls' Games.

The De Lavals defeated the Quakers by a score of 39 to 11 in the second game of the Girls' Softball schedule played at Central Park last evening. The Quakers showed a lack of practice, and were out of the running all the way.

In the first game of the schedule, which was played on Monday evening the Colonial Weavers defeated the Canadian Woollens by a score of 16 to 13.

This was a fast game, and closely contested throughout. Both teams practices, and both were in good shape for the game. These two teams are very evenly matched, and their games are always close.

Immediately after the game on Monday evening the cup given by Percy Bond for the winners of last season's schedule was presented to the Colonial Weavers by the donor.

The next game in this league is scheduled for Monday evening, when the C.G.E. and the Tigers will meet. All games are scheduled to start at 6.30 sharp.

Mercantile Game For This Evening

The second game of the Mercantile League will be played this evening at 6:15, when the Examiner and Bankers clash. All prospects point to a fast game. The Examiner team, after their exhibition game at Lakefield, has had several changes in the line-up and has been showing exceptionally well in the practices. The Bankers have a lot of good material to draw from and should have a first-class aggregation on the field. The game will start promptly on time.

GORDON CUP FINAL PLAY TOMORROW

G.W.V.A. and Thistles Will Play at Nicholls Oval at 3 O'clock.

Local soccer fans will be provided an excellent attraction for Victoria Day, at Nicholls Oval when the final of the Gordon Cup will be played between G.W.V.A. and Thistles. This trophy is emblematic of the city championship.

After a seasons' rest from local football, the Vets have come back again into the sport like a whirlwind. They have gathered together a team of talented players—some of them participating in previous cup ties and others just lately arrived from the old country.

The Scots of the city did not have a team last year, but were well represented in every team in the league .This season they made a determined effort to get a team of all Scots, in spite of the small amount of talent available, which speaks well for them. Taking previous attractions into consideration in local cup ties, the Scots were always a good drawing card. It took the Scots three games to defeat the C.P.C. The Vets defeated last year's cup holders, the Quaker Oats, by a score of 1 to 0.

Every effort is being made to have the Oval in first class shape on holiday afternoon for the soccer event of the year. Fred Sutcliffe informed the Examiner that goal nets will be used for the game. They expect them to arrive to-day.

The game will start promptly at 3 o'clock with Jack Clarke handling the whistle.

Erection of Stand May Be Delayed.

ST. CATHARINES, Ont., May 23. —(Canadian Press.)—President P. J. Mulqueen of the Canadian Association of Amateur Oarsmen, with local officers of the Henley Aquatic Association, went over the course yesterday afternoon and examined plans for a new grandstand at the finish of the course. It is very doubtful if the new stand will be ready in time for the regatta this year which will mean that last year's stand will be used and that the course will not be changed until next year. Some difficulty has arisen over securing of an extra parcel of land as a site for the proposed new stand and this may necessitate deferring the erection until next season.

Two Bouts Arranged For Mike McTigue.

NEW YORK, May 23. —(Canadian Press.)—Mike McTigue, world's light heavyweight boxing champion, who recently won the title from Battling Siki, yesterday signed to meet Harry Greb, former United States champion, in a ten-round no-decision bout, at the Cubs' baseball park in Chicago, June 20.

McTigue also signed to meet Tommy Loughran, Philadelphian light heavyweight, in an eight-round, no-decision bout in Philadelphia on June 25.

These announcements were made by Joseph Jacobs, McTogue's manager.

WILLIAMS HIT HIS FIFTEENTH HOMER

"Cy" Williams Now Leads the Home Run Hitters—New York Defeated St. Louis.

PHILADELPHIA, May 23. —(Canadian Press.)—Pittsburgh routed Philadelphia in the second game of the series yesterday, 13 to 6, driving three pitchers from the mound during the contest.

"Cy" Williams hit his fifteenth home run of the season in the fifth. Russell and Traynor also made circuit drives. Score:

Pittsburgh .. .620 012 200—13 20 0
Philadelphia . .010 030 020— 6 13 1

Cooper and Schmidt; Meadows, Bishop, Hubbell, Weinert and Henline, Wilson.

New York 7, St. Louis 3.

NEW YORK, May 23.— (Canadian Press.)— The New York Nationals yesterday defeated St. Louis, 7 to 2. The Giants buncheo two triples and three singles on Pitcher Haines before a man was out in the first inning. St. Louis hit Ryan, the local twirler, hard, buv Ryan was aided by sharp support. Score:

St. Louis. .. ..101 000 010—3 12 1
New York .. .600 001 00x—7 12 0

Haines, Barfoot, Stuart and Ainsmith; Ryan and Snyder.

Brooklyn 9, Cincinnati 6.

BROOKLYN, N. Y., May 23.— (Canadian Press.)— Brooklyn went to the top of the second division by making it two straight with Cincinnati yesterday. The score was 9 to 6, all the runs being tallied in the first four innings. After that Grimes, who went the route, and Luque, who succeded Donohue and Keck, had a pitchers' duel. Score:

Cincinnati .. .. .002 400 000—6 7 2
Brooklyn. .. ..216 000 00x—9 14 2

Donohue, Keck, Luque and Hargrave; Grimes and Taylor.

Chicago 8, Boston 2.

BOSTON, May 23. — (Canadian Press.)— Aldridge held Boston to four hits yesterday, while Chicago batted Marquard and Cooney freely. The visitors won, 8 to 2. Score:

Chicago.. .. ..300 003 002—8 14 3
Boston .. .. ..100 000 100—2 4 0

Aldridge and Hartnett; Marquard, Benton, Cooney and O'Neil.

THE BIG FOUR SEASON OPENS HERE SATURDAY COBOURG TOMORROW

Petes Play Two-Game Series With Dick Turpin's Crew, Winding Up With Saturday Battle at Riverside Park.

TWO GREAT GAMES.

The Central Ontario League lid will be pried off to-morrow, when Kingston play in Belleville and Jake Solomon's Petes will waltz into Cobourg and endeavour to grab off a victory from Dick Turpin's braves, a feat that up to last year was always more or less easy.

Despite the adverse weather conditions the Petes are in very good shape for the opening clash. They have worked out industriously whenever there was a chance and the games with Leaside and Lindsay helped to round them into condition. They are hopeful of getting away to a flying start in the Big Four race, although they realize that in the Cobourg team they meet an outfit stronger in every position.

A huge crowd is expected at Horse Show Park, Cobourg, to-morrow, and the Cobourg Club is arranging fitting ceremonies, including a parade, headed by the Kilties Band. Hundreds of Peterborough fans are preparing to make the pilgrimage to the lake front to see the opening clash of the season.

It is practically certain that it will be a battle of right handers, for Derry will pitch for Cobourg, while Al. Heckman will be the Peterborough selection.

The Petes will leave for Cobourg in the morning ,the cars leaving the Water street bowling alleys at 9.30 o'clock. Manager Solomon has not announced his exact line-up, but the following squad will make the trip: Swanston, Heckman, McElroy, Summerfeldt, Comolli, Johnston, Ansaldo, Collins, Helson, Legon, Lowe, Shaughnessy, Harrison and Manager Solomon.

Here on Saturday.

On Saturday Cobourg comes to Peterborough, to open the local season and no matter which team wins in Cobourg to-morrow, the interest over Saturday's game will be at fever heat. With favourable weather it is expected that a record opening day crowd will see the 1923 season started. Many Cobourg fans will motor here for the game and there will be contingents from Port Hope, Lindsay and other points in the district. With both Cobourg and Peterborough materially strengthened over last years' teams, this week's series between the two is regarded as likely to produce some spectacular baseball.

Saturday's game will be called at 3 o'clock at Riverside Park, with Mayor Taylor pitching the first ball, G. N. Gordon, K.C., M.P., batting, and Ald. Nagle Phelan catching. Then the big battle will get under way and a memorable clash is expected.

The Big Four games this year promise to supply the fastest baseball seen in this district in many a moon. Kingston, Belleville, Cobourg and Peterborough all look strong, and the circuit is so well balanced that the experts hesitate to attempt to pick a winner, while every game looks like a fight until the last man is out in the ninth.

Saturday's game will be a taste of the treat that is in store for the fans.

HILLCRESTS WON A CLOSE GAME

Nosed Out the Lock Works By Score of 3 to 2 in a Fast Game Last Evening

The Hillcrests broke into the win column by defeating the Lock Works by a score of 3 to 2 in a hard fought juvenile contest at Riverside Park last evening.

The game went three and a half innings before either side was able to get a runner around the bases.

The Lock Works scored first in one run in, but the East City boys evened the count in the fifth, and added another in the sixth, holding the Lock Works scoreless for both frames. Each team scored one in the seventh, and the final batter of the tieing run resting on the third sack.

Mein pitched for the winners, while Smith was on the rubber for the Lock Works. Both twirlers turned in some first-class baseball, and both received good support from their team mates. The result was a close contest, which was anybody's game right to the last minute.

Holland was the batting star of the day. His three-bagger in the seventh sent in the winning run, and he had a couple of other good wallops to his credit.

The players were:

Hillcrests—Weise, 1b; Brooks, rf; Kearns, lf; Leahy, c; Holland, cf; Smith, 3b; Starr, 2b; Mein, p; Perdue, ss.

Lock Works—Tierney, c; Smith, p; Scrace, ss; Marchen, rf; Hunt, Dougal, 2b; Daniels, lf.

Score by innings.

Hillcrests ..... 0000111—3
Lock Works ..... 0001001—2

The women are wearing gaily colored shoes, and those with big feet get madder and madder.

TORONTO LOST THE FIRST TO BUFFALO

Reis Gave Seven Free Tickets in Three and One-Half Innings — Freak Homer For Syracuse.

TORONTO, May 23. Canadian Press. — Buffalo bunched hits with bases on balls and won the first games of the series with Toronto here yesterday by 6 to 4. Reis started for the Leafs and in three and one-third innings gave seven bases on balls. He left a legacy of ..se on base to Reynolds in the fourth, and Butler drove them home with a hit to centre. Lepard was effective except in the sixth. Wingo hit a home run in the first inning.

The score—

Buffalo .. ..110310000—6 11 2
Toronto .. ..100003000—4 9 3

Batteries, Lepard and Urban, Reis, Reynolds and Kenyon.

Rochester 6, Syracuse 1

ROCHESTER, N. Y., May 23. — Canadian Press. — Rochester defeated Syracuse here yesterday by 6 to 1. Silva hit Wisner's first pitch in the opening inning for a home run, the ball rolling beneath the left field fence, but thereafter the Stars went scoreless. Pierotti was hit hard in the closing innings.

When Merkle singled in the sixth inning he ran his hitting streak to 26 successive games. The score—

Syracuse .. ..10000000—1 5 1
Rochester .. ..00010122x—6 13 0

Pierotti and McKee; Wisner and Lake.

Baltimore 2; Jersey City 1.

JERSEY CITY, May 23. Canadian Press. — The Baltimore Orioles inaugurated their series in Jersey City yesterday with a a 2 to 1 victory over the Skeeters after a bitter pitching duel between Lefty Groves and Tecarr — the Jersey's left hander, in which the honors were even. The score—

Baltimore .. ..000001100—2 7 0
Jersey City.. .. .. ..000100000—1 7 0

Groves and McAvoy; Tecarr and Cobb.

Reading 15; Newark 9.

READING, May 23. Canadian Press. — Reading clouted out a 15 to 9 victory over the Newark Bears yesterday, Lefty Heller, recruit pitcher of the locals, relieved Smallwood in the fifth inning when the visitors tied the score and held the Devine crew scoreless until the 9th. The score—

Kneisch, Souder, Spuka and Greenes; Smallwood, Heller and Strauss.

Do you know Baseball?

by Billy Evans

Questions.

One—When a pitcher is announced, what must he do?

Two—What happens when the which no play has been made?

Three—If the umpire is hit by a thrown ball, what is the proper ruling?

Four—If there is a runner on first, and the batter hits a home run, and the runner on first fails to touch third base on his way to the plate, does that affect the status of the batsman?

Five—Has the pitcher a right to take a position off the rubber and feint a delivery of the ball to the batsman?

Answers.

One—When a pitcher is announced in the line-up he must pitch until at least one batsman is retired or reaches first.

Two—If the umpire is hit by a fairly batted ball on which no play is made, the batsman is entitled to first base, but no runners can advance unless forced to make room for the batsman.

Three—If the umpire is hit by a in play.

Four—The failure of a preceding runner to touch a base, and who is declared out for so doing, in no way affects the status of a succeeding runner unless there are two out.

Five—The pitcher positively has no right to be off the rubber and feint a delivery of the ball to the batsman. Such an act is a balk.

Some of these Egyptian dresses look good enough to eat, just like a big stick of candy.

"Beauty Hints"—headline. It certainly does.

PACKERS LOST TO THE THISTLES

C.P.C. Soccerites Trimmed By the Scots in Semi-Final For the Gordon Cup.

The Thistles defeated the C.P.C. by a score of 2 to 0 last evening in the semi-final game for the Gordon Cup. The Scots will now meet the G.W.V.A. team to-morrow for the final battle for the city championship.

Last evening's game was played at the Oval under ideal weather conditions, and a good crowd was on hand for the game. These two teams had met on two former occasions, and each game had ended in a draw.

The Packers won the toss, and started off with the wind and sun behind them. They attempted an early attack, in which Gatfield and Hotston figured, but Rickard was equal to the occasion. The Thistles came right back strong, and narrowly missed a goal when Richmond sent his final effort over the bar.

Bradbury was hit with the ball, and knocked out for a few minutes, but soon came around, and Hoggarth got possession from the throw-up, and sent the ball well up the field.

Jones saved, but the colour of his jersey misled the referee, who saw his mistake and threw the ball up near the Packers' goal.

The Thistles scored from the melee which followed.

At half-time the score still stood 1 to 0.

In the second period the Thistles still maintained their slight supremacy, and Burgess netted a nice one when he sent the ball just under the bar for the Thistles' second counter. The Thistles were then in full control, and gave Jones some hard ones to save which he handled in fine style.

In the last few minutes of the game the Packers again showed some strength, and forced a corner, which Ted Hotston sent just wide of the goal. Wag Hotston immediately after missed a penalty kick which should have given the Packers a score.

The teams were:

Thistles—Rickard; Anderson and Rae; McMillan, Hoggarth, and Jackson; Shewan, Young, Richmond, Reid and Burgess.

C.P.C.—Jones; Mann and Oxley; Underwood, Shaw and Bradbury; Gatfield, Follis, W .Hotston, T. Hotston, and Hanson.

SOCCER NOTES.

The C.G.E. Juniors and the United will play their league game at King Edward Park on Thursday morning. Kick-off at 10.30. S. Willis will be the referee.

The C.G.E. team will be selected from the following players: W. Jenkins, A. Feeley, L. Feeley, J. Wilson, E. Williams, N. Monks, R. Millard, W. James, J. Lynch, W. Naish, J. Armour, Houghton, Clarke, and Stanley.

The following De Laval Juniors are requested to meet at the Y.M.C.A. on Thursday morning at 11.45 to proceed to Omemee: Evans, Grant, Ward, Ashmore, Cooper, Strudey, Griffin, Pulley, Haw, Pulley, and Smith.

LEASIDE REMAINS IN CENTRAL FOLD

Central League Stock Is Recovering From Bear Movement of Last Week

OSHAWA, Ont., May 22. —Central Ontario Baseball League stock has recovered from the bear movement of last week and to-day advanced a few points, when President Dedman received a wire from Leaside reading, "Will stay in the League, do your best with Oshawa; also working same direction." Same was verified by telephone between W. P. Henderson, manager of Leaside club and Secretary Nott at Oshawa in the afternoon and later by wire at five o'clock, "We will remain in C.O.B.L." The Toronto suburbanites have evidently considered "a bird in the hand is worth two in the bush" and will keep their engagement in a Division "A" League game at Bowmanville on the holiday afternoon at 4:15, with Umpires Boundy of Cobourg and Dell of Oshawa, calling 'em. Leaside was refused permission by President Dedman to play at Oshawa the same afternoon at 2:15. The other fixtures on the holiday with umpires allotted, are: Peterborough at Cobourg, Wilson of Oshawa and Collings of Belleville; Kingston at Belleville, Kay of Peterborough, and Butler of Lindsay.

The opening games in the Durham and Ontario counties Intermediate League, with umpires are: Bowmanville at Oshawa, Red Sox, Boundy of Cobourg and Dell of Oshawa; Oshawa Motors at Whitby, Theroux of Bowmanville and Brown of Whitby.

The Oshawa Golf Club has arranged inter-club games as follows: Thursday, June 7th, Scarboro; Thursday, June 14th, Rosedale; Thursday, June 21st, Peterborough; Wednesday, July 11th, Mississauga.

Your Greatest Chance To Taste The Joys And Thrills Of Rural Life Without Having To Put On Overalls

M'GRAW IS FINDING SOME HARD SPOTS

(By Henry L. Farrell)
United Press Sports Editor

NEW YORK, May 23—(United Press).—While there is no reason to believe that the New York Giants have blown any of their many chances to win their third straight National League pennant, the early part of the season indicated that McGraw may not make the expected runaway in the championship race.

Instead of being "in" by mid-July as many rabid New York fans predicted when the Giants were making monkeys of the Brooklyn, Boston, and Philadelphia clubs, the contrary may result and the world's champions may not runt out into real form until they have been boiled out by the June sun.

The formidable clubs from the west on their first invasion of the east found the Giant pitching staff in a fragile state and unless warm weather brings some form out of veteran arms, the same weakness will handicap the Giants all through the race.

Pittsburgh was the only National League club to get away on its right foot according to expectations, and the Pirates are even doing better than was anticipated. Man for man, the Pirates are almost as strong as the Giants and if McKechnie gets anything from his pitchers the National League pennant might not be decided until late fall.

Jack Bentley the $65,000 Baltimore pitcher, was a big disappointment to the Giants. He reported overweight and out of shape and McGraw resorted to his pet policy of teaching his pitchers by making them take a good beating when they need it.

Some very good critics who watched Bentley in the International League predicted that McGraw would have to pet Bentley to get results from him and that he would also have to pick spots for is prize hurler. Jack Dunn it is said, made a pitcher out of Bentley by using him only against clubs against which he was particularly effective, and against the ones who would get him he used him on first base.

While McGraw has lost much of the fire that used to decorate the Giants with pugilistic trimmings, he stil gets out the big stick when the occasion demands. He disciplined three of his stars in the training camp and when "Rosey" Ryan failed to deliver in the early season, he suspended him until he could get in shape.

It was not the old umpire-baiting, battlingMcGraw, who said, after Casey Stengel was suspended for ten ten days some time back for fighting with Weinert a Philadelphia pitcher:

'Fights on the field do not help the club or the game. If necessary, they should be staged off the field. Stengel's suspension weakened the Giants The delivery that Stengel thought was meant for a 'bean' was a slow ball, and surely he shouldn't have seen any danger or ill-intent in that. I regret that our man was the aggressor."

That was the new McGraw, and when evidence of such a transformation in temperament is at and it is not too much to expect that Gil Dobie may smile some day and admit that he has some good football players at Cornell.

Along the lines of reformations or transformations imagine Babe Ruth telling a couple of touts in Cleveland, who approached him on an offday with an invitation to the races and a couple of hot tips:

"If I knew you had six races fixed I wouldn't bet a nickel on a race again as long as I live. They did me once plenty, and I've been lucky enough to get next to the game. Give your dope to the suckers."

And Babe DID say that!

FOUND WONDERFUL RELIEF FROM CONSTIPATION BY USING MILBURN'S LAXA-LIVER PILLS

Constipation is one of the most prevalent troubles the human race is subject to, and is the greatest cause of many of our ailments, for if the bowels cease to perform their proper functions all the other organs will become deranged.

Keep your bowels working gently and naturally by the use of Milburn's Laxa-Liver Pills, and thus do away with the constipation and all other troubles caused by it.

Mrs. A. R. Spence, Springhill, N.S., writes: "I have suffered for some time from constipation, and was advised by a friend to try Milburn's Laxa-Liver Pills After taking a vial of them I have found wonderful relief, and would advise all those who are constipated to give them a trial, for I feel sure they will also receive the same benefit I did."

Price 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BANDIT ROGERS STILL AT LARGE

Police Draw Dragnet Around Town of North Bay.

NORTH BAY, May 23.—(Canadian Press). — It is estimated that more than 100 houses, including the homes of a number of farmers in this vicinity, were searched and their occupants questioned yesterday by squads of Provincial police, following Commissioner Williams' decision to draw a dragnet of scrutiny about the town. Despite the remarkable activity on the part of the police, however, Leo Rogers, ex-convict and murderer of Constable Fred. Lefebvre, is still at large, and at midnight not the slightest clue of a definite character could be said to have been reached. It is evident that the Provincial forces consider the situation in a more serious light than appears on the surface. After days of search the police returned to North Bay, more than ever satisfied that Rogers is sheltered somewhere in the district.

NEGRO WAS SHOT.

CHILLICOTHE, Ohio, May 23.—(Canadian Press).—A negro who, officials are convinced, was one of the two who robbed the High-Russell branch bank of the Citizens' Trust and Savings Company at Columbus, was shot four times by Patrolman Dan Garrett here late yesterday in a running duel. With one bullet left in his revolver, the negro sent it crashing through his heart, and toppled over dead. Garrett was wounded in the left shoulder.

Cost of building a first-class battle ship is about $16,000,000.

AT THE ROYAL.

STRANGE LOVE STORY TOLD IN "KINDRED OF THE DUST"

The love of a wealthy youth for a poverty stricken maiden is depicted in "Kindred of the Dust," an Associated First National attraction produced by Raoul A. Walsh, from the famous novel by Peter B. Kyne, which is coming to the Royal Theatre to-morrow for an engagement of three days.

Miriam Cooper, the leading woman, plays the part of "Nan of the Sawdust Pile," while Ralph Graves takes the role of Donald McKaye, on of Hector McKaye, the owner of an extensive saw mill on Puget Sound, and who is known far and wide as "The Laird."

The "Sawdust" pile was the common name for new land along the Sound, which had been made by the accumulation of sawdust and other refuse from the mill. Nan and her father made their home in a disreputable shack in 'The Pile," and they were about to be evicted through the treachery of an employee of the saw mill when Donald interfered.

It was his first meeting with Nan and he immediately fell in love with her, but before they found real happiness their romance was threatened several times with disruption.

Commencing To-morrow at
ROYAL

When the logs came crashing down

A surge of waters—the boom of the crashing logs—a weak call from the Old Laird battling in the rapids—the crazy dash of a lumberjack—and a leap! Remember that in the story? Aye; but now feel the thrill of what you really see.

MARION DAVIES IN BIG CORELLI STORY

Beautiful Star Finely Cast in "The Young Diana."

Marion Davies is creating a sensation everywhere in a film version of Marie Corelli's well known novel, "The Young Diana," which proved a "best-seller" in book form and subsequently ran as a serial in Hearst's Magazine. The book was published in 1917 and scored a success.

The story concerns a beautiful young English girl, Diana May, who allowed herself to become an embittered spinster because of an early disappointment in love. Then she meets a scientist who is making some amazing experiments. Life holds nothing for her, so rather than follow the same dull gray path she consents to submit to one of his tests—and emerges a radiant, glorious young woman. How she finds love again is the climax to the interesting story. The study in contrast afforded by the somber-faced, middle aged woman who enters the scientist's laboratory, and the joyous vision of youth which comes out is most interesting.

The production was directed by Albert Capellani and Robert G. Vignola. Joseph Urban designed the colorful settings, which include some of the most fashionable watering places of Europe. "The Young Diana" will be the feature at the Regent Theatre netx Thursday. Forrest Stanley is leading man.

AT THE GRAND.

WOMAN MAKES FIGHT AGAINST DRUG EVIL

Thrills Galore in Big Film, "The Greatest Menace" Coming Here.

One thrill after another is to be found in the big film success, "The Greatest Menace," that has been booked direct from New York for a local presentation in the Grand Opera House. Canada starting warfare against the drug peddlers and the drug-runners has brought the entire population of the nation up against the grim realization that a terrible menace—the greatest of them in fact—casts a dark and ominous shadow over the country.

With remarkable foresight, J. G. Mayer realized that a big picture, with the drug traffic as its main theme, having a typical love story that would hold interest from start to finish, would be in unprecedented demand, so he went quietly to work and brought "The Greatest Menace" out as an impressionable reason why the drug systems must be obliterated. It is a corking big production, realistically staged and acted by the best photoplayers that money could obtain.

"The Greatest Menace" is unusual big and daring in construction and calls "a spade a spade." It was adapted by Albert Rogell from an original story by Angeles C. Kaufman, with Mr. Rogell personally directing the picture.

An all-star cast, including Ann Little, Wilfred Lucas, Robert Gordon ,Harry Northup, Rhea Mitchell, Andrew MacClennan, Mildred June, "Red" Kirby, Gordon Muller, Jack Livingston and Lew Meehan.

The management of the Grand in keeping with its policy to obtain the latest and best pictures, is delighted over the booking here of "The Greatest Menace." An expose of the drug systems wherein an exciting love story is deitly woven about the plucky fight that a woman makes single-handed against a powerful drug ring and how she successfully wins out, is told amid gripping scenes. A woman against an impregnable band of organized drug deliverers gives the plot the biggest kind of thrills imaginable.

"The Greatest Menace" carries a story away from anything ever shown here before. Every father and mother in the land is expected to see it. Their children can not only enjoy the film, but obtain a great lesson from it.

THEATRE EMPLOYEES WERE HELD UP

So great were the crowds at the Grand Opera House, London, that the entire staff of the theatre were held up for over two hours in order to accommodate those who were anxious to secure tickets to see the final performance of the Cultural Vaudeville Circle. This company of high-class artists are playing to capacity houses wherever they have shown, and it was necessary to give an extra performance at most of the theatres. The company is now playing a return engagement at the Russell Theatre, Ottawa, and from reports received by Mr. Bickell, it is needless to say they will receive a very fine welcome from lovers of high-class vaudeville in Peterborough.

The company opens their last engagement for the season at the Grand Opera House on Monday next and continue for the entire week, with matinees Wednesday and Saturday. Secure seats early.

AT THE CAPITOL.

SENSATIONAL COMEDY A GREAT REVELATION

Mack Sennett Brings Something "Different" to the Screen

Something new under the sun will be revealed at the Capitol Theatre when that every important planet is seen rising over the hills that look down on the farm in Mack Sennett's latest triumph, 'Down on the Farm." This five-reel comedy sensation released by United Artists will be seen for the first time in this community Thursday afternoon and will be the featured affering on the big program for three days.

"Down on the Farm" presents Louise Fazenda Marie Prevost and Ben Turpin in the leading roles, with James Finlayson, Harry Gribbon, Bert Roach, Billy Armstrong, and John Henry, Jr., in important characterizations, while Teddy, the Great Dane star, Pepper, the feline actress, and all the feathered and four-footed folk of Sennett's great organization will appear in various exciting episodes, in which hilarity and thrills, comedy and satire, humor and legitimate drama are mixed in a veritable hilarity of film entertainment.

This blend of many elements is what gives "Down on the Farm" its unique character and the claim is made for it that it provided something different from anything that Mr. Sennett has ever accomplished in comedy and, therefore, of course, different from anything any producer has ever evolved in screen entertainment.

Though the plot is melodramatic and concerns the romance of a pretty maiden of rustic life, a menacing mortgage, a villainous landlord and a harrassed and beautiful wife, the treatment will be found as new as it is refreshing and "different." It is a masterpiece from the hands of the producer who has made more footage of fun than any three producers of merriment in motion pictures.

WEDDING BELLS

DUKE—COLQUHOUN.

A pretty but quiet wedding was solemnised in St. George's Church by the rector, Rev. W. R. Courage, on Monday afternoon, when Margaret H. Colquhoun, eldest daughter of Mrs. Josephine Colquhoun, of Peterborough, was united in marriage to Harry Duke, of England.

The bride, who was given away by her mother, was charmingly attired in white embroidered georgette crepe, wearing the conventional veil and orange blossoms, and carrying a bouquet of roses and carnations. Mr. and Mrs. John McFloride acted as attendants, and Miss Elma McFloride as flower-girl.

After the ceremony, Mr. and Mrs. Duke, who will reside in Peterborough, motored to the home of Mr. and Mrs. John McFloride, where a dainty luncheon was served.

Among the many presents received was a rocking chair, upholstered in leather, from the C.P.R. staff, of which the bridegroom is a member.

All Glad to See Her Back

Miss Blanche Newcombe, of Fost oria, O., has the most perfect back in North America, say judges at the recent national contest conducted by the National League for Prevention of Spinal Curvature. She received $1,000. Rib development was the chief point stressed in the contest. Horeback riding on western plains developed her back, she says.

You Need Not Have Wrinkles

MME. HELENE RUBINSTEIN.

Wrinkles are a serious matter in a woman's life, apart from personal vanity.

To the business woman, whose alertness of mind is often mistakenly judged by the face, wrinkles are a decided drawback. To the actress whose career is built on beauty they are almost fatal, but they are cruelest of all to the average married woman whose husband fell in love with her while she possessed the charm of youthfulness.

Wrinkles are deterioration. They come from different and combined causes. There are large loose wrinkles and tight wrinkles; there are wrinkles that seem to make the skin gather in tight little bunches and there are light wrinkles that seem to be traced on the surface of the skin. The same basic principles of treatment apply to all.

First cleanse the skin with cream. Then press in a good stimulant that will stir the tiny cells to life, then massage in a rich stimulating cream.

Excellent as I know massage to be, I often hesitate to advise it because so many women have the idea that the harder they rub the better they are doing it. Just the reverse is the case. Take the cream in the palm of your hand and with sustained and gentle movements, slowly press it in.

Avoid pulling or stretching any part of the skin. When you come to your eyes take a little cream warmed by your hand on your finger tips and with the lightest possible touch apply it, following the eye. During the day cleanse with cream and apply a little tonic, milder than the stimulant.

Be sure to protect your skin from the weather, from heat and cold, wind and sun, by applying a foundation cream and powder base because exposure to the weather dries the skin and wrinkles follow.

In massaging, work across the line and in a rotary movement, and always stroke upward instead of downward. Correct yourself of the objectionable habit of squinting or grimacing as you talk, and make a conscious effort to relax your features until it becomes natural for you to do so.

Of course, I do not mean to imply that a woman advanced in years can always look 18. But I do say there should never be any unlovely signs of age and wrinkles are certainly that.

BANK CLEARINGS

CEITUA..Y

MRS. FRANCIS MORIN.

The death occurred last night at her residence, 379 Bethune Street, of Philemene, wife of the late Francis Morin, aged 77.

There are left to mourn her loss six sons and three daughters.

The funeral will take place on Friday morning to St. Peter's Church, and interment will be made in St. Peter's Cemetery.

MINERS PLANNING TO TAKE WEEKLY HOLIDAY

SYDNEY, N.S., May 22.—(Canadian Press.)—J. B. McLachlan, secretary of the United Mine Workers of District No. 26, announced to-day that the miners will take two or three holidays weekly as a protest against the presence in Cape Breton of Provincial police searching for seditious evidence, and also in support of their agitation for a return to the 1921 wage scale.

EMPIRE DAY TALK.

The 57th Regimental Chapter, I.O.D.E. held their regular monthly meeting yesterday afternoon in the Officers' Mess at the Armouries. Mrs. E. B. Clegg, presiding, gave an interesting report of proceedings at the recent Hamilton convention. Arrangements were made for decoration of graves in the cemeteries today, Mr. B. H. Poole to be in charge of ceremonies at the Little Lake cemetery; Mrs. W. S. Merrill for St. Peter's cemetery.

Rev. W. Harold Young gave an interesting Empire Day talk.

DECLINES POSITION.

LONDON, May 23. — (Canadian Press).—Sir Robert Horne declines to enter the Baldwin Cabinet.

TORONTO TRADE BOARD TO TOUR ST. LAWRENCE

Arrangements have been made by the Toronto Board of Trade for a special excursion by the steamer Cape Eternity to cruise the St. Lawrence and Saguenay Rivers, leaving Toronto on Thursday, 14th June, and returning on Thursday, 21st June.

Stops will be made at Cornwall, Quebec, Montreal, Three Rivers, Cape Eternity, Tadousac, and Murray Bay, and practically the entire coast line of both rivers will be seen in daylight. The Boards of Trade at the principal points to be visited are arranging entertainment programmes.

The secretary of the Chamber of Commerce has full information on this excursion, and reservations should be made by those desirous of taking this cruise immediately.

THE EXAMINER OPENED THE LOCK

The caretaker of a local bank lost his key ring with the bunch of keys giving access to bank premises, about three o'clock one afternoon. He put an advertisement in that day's Examiner, and within half an hour after the paper was in circulation, he had received notification from their finder.

Moral: Use Examiner advertising columns. They bring speedy results.

SUMMER UNIFORM.

Blouses of gay printed fabrics and pleated skirts of plain bid fair to become almost a uniform for summer. They show infinite variety and chic.

An eagle can live 28 days without food, while a condor is said to be able to fast 40 days.

Although it has a huge tongue, the whale has very little sense of taste.

More than 10,000 pieces of wood, metal, felt, cloth and so on are used in making a piano.

Greenland, scientists say, is slowly drifting from its original position.

S.S. STAPLES AGAIN THE U.F.O. NOMINEE

Convention This Afternoon Was Addressed by Hon. F. C. Biggs.

MILLBROOK, May 23. — At a largely attended combined U. F. O. and Labour convention held here this afternoon, S. S. Staples, U.F.O.-Labour emmber in the last Provincial House was re-nominated to contest the election in East Durham. The meeting opened with community singing and other entertainment directed by Louis Clarke of Port Hope. Hon. F. C. Biggs was the chief speaker for the occasion.

Society

Mrs. Claude H. Rogers entertained at luncheon yesterday in honor of Miss Phyllis Robertson and Miss Nora Hatton.

In the announced results of the final year examinations in the Faculty of Medicine at Queen's University, Kingston, the list includes the following local names: For degrees of M.D., C.M. H. T. Carmichael and A. G. Howson, M.B. E. W. Henry, of Warkworth, has also received this degree.

Mrs. (Rev.) James Rollins left at noon to-day for a short visit in Ottawa.

Mrs. F. J. A. Hall, who has been visiting Kirkfield, has returned home.

Mr. Allan W. Doughty, vice-president of the Baptist Young People's Union of Ontario and Quebec, left to-day for Brantford to attend the annual convention.

Mr. and Mrs. H. W. Stock announce the engagement of their daughter, Vera Constance, to Mr. Thomas J. Wood, son of Mr. and Mrs. Frederick Wood. The marriage will take place the latter part of June.

A Thought

Let no man deceive himself. If any man among you seemeth to be wise, let him become a fool that he may become wise.—I Corinthians 3:18.

Man's chief wisdom consists in being sensible of his follies.—Rochefoucauld.

TURKS OBJECT TO THE PRESENCE OF A FLEET

CONSTANTINOPLE, May 23.—(Canadian Press.)—A Greek fleet is cruising about the entrance to the Straits of the Dardanelles and the Turkish government has formally called attention of the British to the incident, lodging a protest against the presence of Greek vessels.

WALTER ROLLO TO SPEAK HERE

On Monday afternoon a convention to nominate Mr. T. Tooms will be held in the Labour Hall. The speakers for the occasion will be Hon. Walter Rollo, Minister of Labour in the Provincial House, and Miss Mary McNabb of Hamilton.

DIED

PACK — Mrs. David Mulholland received word from England on Monday of the death of her mother, Frances Brook, widow of the late George H. Pack. The funeral takes place today from her late residence in St. John's Wood, London.

MORE CAPITAL FROM ENGLAND FOR DOMINION

Something Akin to Inspection and Certification of Prospects by Governments is Urged

POINTED ADVICE

LONDON, May 25. — (United Press).—The Vancouver Trade delegation which is now in London on a visit, received some pointed and serious advice concerning the question of the investment of British capital in Canada, at a luncheon given here last night to them by the London Chamber of Commerce, whose great membership gives them a very powerful influence in the Empire trade.

Many speeches were heard and W. G. Mc Murrin of Vancouver, suggested that British Columbia was ardently desirious of doing business with Great Britain whose commercial houses, he declared see Canada through the eyes of their representatives at a distinct disadvantage owing to the distances they are forced to travel, while Americans, who are investing heavily in Canadian securities and industries, and especially in British Columbia, have the benefit of seeing conditions at close range and spend months investigating and studying the field in which they propose to make investments and there by getting to know exactly what conditions are He compared this method with the all-too-frequent habit of English business men who spend a week or two in all Canada and do not show the foresight of making a detailed study, as do the Americans.

R. L. Barclay presided at the luncheon and in his address of welcome urged that Canada presented a vast field for investment of British Capital. but insisted upon the necessity of organizing and the presentation of the full facts about each enterprise which required financing, which was a better way than the casual endorsement of one or two directors. He hinted that something akin to inspection and certification by provincial governments was a prelimiary necessity to the submission of new projects.

Lord Desborough witilly admitted that his own personal experience of investment in Canadian enterprises had so far been more illuminative than remunerative, but he declared and laughter, that he had not yet arrived at that stage of pessimism which was summed up in the definition of a pessimist as the man who insisted on wearing both a belt and suspenders .

American Troops Are to Be Rushed to Tien-Tsin, China

PEKING, May 25. — (United Press). — American troops in Manila are soon to be rushed to Tientsin, it was reliably stated here to-day. The American Legation refuses either to confirm or deny the report.

The forces were demanded in a resolution forwarded to the State Department by the American Chamber of Commerce. It is presumed they would be used either actively or passively in attempting to induce the Chinese bandits to release their American prisoners seized nearly three weeks ago, after the wreck of the Shanghai-Peking express.

FLEET OFF TO DARDANELLES

Situation in Near East Grows More Acute—Greeks and Turks Ready to Battle.

LONDON, May 25—United Press) —Admiral Brock, commanding the British Mediterranean fleet, leaves the Malta naval base to-day on his flagship, en route to the Dardanelles. A flotilla of destroyers will follow to-morrow. This is the last development in the Greek-Turkish crisis.

Mustapha Kemal, Turkish Commander-n-Chief, has arrived at Tchataldja, where about 50,000 Moslems are concentrated behind the famous fostifications, ready to fight if the Greeks cross the Maritza River and attempt to march through Thrace.

DECORATED GRAVES OF LOCAL SOLDIERS

On Wednesday afternoon, the 57th Regmental Chapter I. O. D. E., according to their annual custom, decorated the graves of soldiers in the Little Lake Cemetery. Under the direction of Mrs. B. H. Poole, the graves were remembered with the small flags and the brief ceremonial which accompanies the commemoration of their service to their country. The soldiers' graves in the Roman Catholic Cemetery will be decorated by ladies directed by Mrs. W. S. Merrell sometime in the month of June.

THOUSANDS OF MINERS STRIKE IN RUHR AREA

Negotiations Continue Among Burgomasters and French Authorities for Workers' Police Force

COMMUNISTS ACTIVE

ESSEN, Germany, May 25.—(Canadian Press).—The strike in Ruhr inaugurated by Communists is gaining in numbers and now includes thousands of iron and steel workers, in addition to the miners previously out. The latest to join were 20,000 employees of Steel Works at Hornscheid near Elberfeld, where their demand for a fifty per cent. increase in pay was refused.

It is estimated that 50,000 miners are striking in Galsenkirchen district

Hold Police Quarters

The Communist Commission of Control to-day was still holding police headquarters at Galsenkirchen which it seized early yesterday.

Negotiations are continuing among Burgomasters and French authorities for the establishment of a workers' police force.

Serious Explosion

Serious damage was inflicted upon the Rhine-Hern Canal last night, according to German sources of information, by explosion of large mines said to have been laid in Rhuron harbor by German nationalists. The damage is said to be sufficiently serious to affect transportation.

Thousands of windows within a radius of seven hundred yards were broken by the explosion, which caused excitement throughout Diusburgarea.

ASKS CONDEMNATION BY PROHIBITIONISTS

Characterizes the O. T. A. As Offering Frightful Example of Lying and Hypocrisy to Young People.

To the Editor Examiner.

Sir,—In the interests of those who are coming after us, in the interests and for the moral and spiritual welfare of the dear boys and girls who will one day face the problems of life and whom we beseech to be truth-loving and firm in the cause of what is right—why do not those in favor of prohibition demand that there be banished from the O.T.A. with a ruthless hand by Drury, Ferguson, Hay and all other aspirants to Government the right of people to make, sell and consume that most intoxicating wine made in vast quantities in Ontario from grapes grown in Ontario by permission of the prohibitionists and the O.T.A.?

That this monstrous lie should be allowed to stare us in the face from day to day is surely a reproach of the worst possible kind to our civilization. How can any people pretend to be prohibitionists for an instant and permit it?

I ask the prohibitionists celebrating in the George Street Church on Sunday next to condemn this frightful example of lying and hypocrisy. Why should the young about to step into the arena of active life learn that it was cunningly permitted by prohibitionists themselves that Drury and others like him should buy the votes of the grape-growers and winemakers of Ontario with the honor and with the immortal souls of our young men and women? For surely all the poor drunks who ever lived are clean and sweet beside those who will permit and perpetrate this infamy. Do not let us continue to stand before both God and men as convicted liars and abject humbugs.

J. H. BURNHAM.

CLEAR SIGHT.

To see clearly and enjoy the fullness of perspective you must see things at a reasonable distance. If you hold your reading matter too close or too far away from your eyes you are straining the muscles. There is only one remedy for this—glasses. See W. H. Lacey, Optometrist, 410 George Street. BIG UNITED STATES LOAN TO THE IRISH FREE STATE

Reported Negotiations Under Way With Financiers For Advance of $25,000,000, Secured by New Dominions' Customs

NEW YORK, May 25.— (Canadian Press.)—Although Wall Street bankers and heads of investment houses exhibited considerable interest to-day in reports that negotiations were under way for a United States' loan of $25,000,000 to the Irish Free State, none would indicate that his company had been approached on the subject. It was pointed out, however, that such a loan was probable, and that there was little doubt but that Great Britain would display a sympathetic attitude in this matter. For obvious reasons, it was stated, it would be more preferable to float a loan in this country than in Britain. It is known that the expense of maintaining the Free State army has been a heavy drain on the finances of the new Dominion.

Bankers said also that they believed the loan, if offered in America, would be favorably received, because Ireland has no war debts, no inflated currency and a great deal of valuable security.

Wall Street reports that the debt would be secured by Irish customs.

GOOD PROGRAM LOCAL SCHOOLS

Addresses, Recitations and Music Provided for the Occasion.

Wednesday afternoon saw Empire Day celebrationscorried out in the majority of the city schools.

A programme of addresses, recitations, and music had been arranged at each school, with patriotic and national songs and choruses, and addresses in keeping with the spirit of the occasion. Records of the British sovereigns' messages to the children of the Empire were presented to each of the Public Schools, to the Normal School, and to St. Peter's High School, by Mr E. V. Warne, and Mrs. W. R. Morris presented one of the records to May's School, in North Monaghan.

These added much to the enjoyment of the occasion.

At the Central School, which, with the old Collegiate Institute in the same block, was the scene of a portion of Mayor Taylor's early education, the Mayor broke the seal of the King's record, also giving a brief talk, which was followed by an address delivered by Rev. A. J. Langford. The principal of the school, R. F. Downey, acted as the chairman.

At Queen Alexandra School, Rev. W. H. Young spoke, and the principal, M. H. Park, led the choruses, Recitations were given by Ina Terrace and Frank Weert.

Rev. James Rollins spoke at the King George School in East City, the principal, J. E. Munro, taking the chair, and Miss E. Fusee at the piano. Recitations were given by Jean Hurl and Leigh Glover.

The auditorium at the Prince of Wales School was utilised for the occasion, and was filled with children and parents. Mr. A. Mowat occupied the chair, and an address was given by Mr. J. Marshall, of hte Nashua Paper staff.

At the Queen Mary School, Rev. R. Pogue spoke, with Mr. E. B. Fowler in the chair. Miss Irene Wright recited.

At the King Edward School, Alderman Fife spoke, also Rev. W. R. Courage. The principal, G. S. Mattice, presided. Recitations were given by Helen Barrie and Ashton Fife.

At the South Central School, the two classes had a pleasant little time among themselves. Miss Doris Burgess' and Miss Helen Bonnycastle's pupils combining in drills and patriotic songs.

St. Peter's High School also celebrated with their drills and patriotic choruses, the record adding much to their enjoyment.

The Normal School celebrated in the morning, gathering in the Assembly Hall, where Mr. D. Walker presided over a programme of addresses, patriotic drills, and choruses. Rev. R. B. Grobb addressed the pupils ;two essays were given by Miss M Dunnett on "Empire Day," and Mr. S. Clement on "Development of Canadian Natiogality," and patriotic readings were given by the Misses M. Feeney, M. Cunningham, B. Ellis, and M. Oliver.

In May's School, North Monaghan, Mrs. H. B. Jackson, the principal, superintended the children's activities, in songs and choruses. Rev. W. R. Courage addressed the gathering. A baseball match between the boys, divided into Australian and Canadian teams, was won by the latter, and a basketball match between the girls, as Newfoundlanders and New Zealanders, went to the credit of the former.

Altogether, over four thousand pupils and their parents joined in Peterborough and its immediate vicinity on Wednesday afternoon in celebrating Empire Day, most of the gatherings, owing to the fine weather, being held in the open-air.

SHOULD FIGHT LIKE TIGERESS

Declares Mrs. Ann U. Stillman in Extending Her Pity to Mrs. Florence Leeds.

NEW YORK, May 25 (Canadian Press). — Mrs. Ann U. Stillman hopes that Mrs. Florence Leeds will win in her controversy with James A. Stillman for the support of the son born to Mr. Stillman and Mrs. Leeds, but for Mrs. Leeds she has "nothing more than pity," says a despatch to the New York Times from Grand Anse, Que.

Mrs. Stillman said she knew that Mrs. Leeds was not the cause of her rupture with her husband, but that another woman was responsible. She said that Mrs. Leeds had been replaced in Mr. Stillman's attentions by a New York society woman whom she had heard he may marry if he is divorced.

"I really did not make a direct offer to Mrs. Leeds to adopt Jay (Mrs. Leeds' son)," she said, "but would be glad to make such an offer any day He is my son's half-brother. If Jay Leeds' father isn't a gentleman, my sons are gentlemen." She added that if Mrs. Leeds "had any sense at all, she would fight like a tigress. I hope, oh, so earnestly, that she will not let things slide by—that doesn't gain anything with people like Stillman."

GIRL SHOULD PREPARE TO SUPPORT HUSBANDS

NEW YORK, May 25.—(Canadian Press).— Girls should not marry until they are able to support their husbands, United States Senator Woodbridge N. Ferris, of Michigan, advised girls in a graduating class of Packard Commercial School, speaking at the commencement exercises.

"You have all," he said, "seen your mothers beg for money from your fathers to buy anything they want from a safety pin to a gown. If you have first learned to support yourself and your husband, you will never need to beg. You can just remind your husband that you can at any time go out and earn your own living, and he will get down on his knees and urge you to remain in the house."

STRUCK BY AUTOMOBILE TORONTO MAN IS DEAD

TORONTO, May 25.—(Canadian Press).—Albert Burrel, aged 23, of Toronto, died in the Western Hospital to-day from injuries he received early Monday morning last when he and Herbert Williams and Jack Elliott, Cheltenham, two companions, were struck by a motor car on the Hamilton Highway at Port Credit. Joesph Cadorin, Toronto, said to have been the driver of the car which crashed into the three men while they were changing a tire on their automobile, is under arrest on the charge of criminal negligence.

CATCH ESCAPED PRISONERS.

QUEBEC, May 25. — (Canadian Press).—Two prisoners, named Jean Baptiste Picard and Joe Dion, who escaped from Montmagny jail yesterday, were caught at St. Paul Du Bouton, in the county limits, this morning by Provincial police.

PREM. BALDWIN CHANCELLOR OF THE EXCHEQUER

Official List of New Cabinet Issued This Afternoon- Robert Cecil Lord of Privy Seal.

KING HOLDS COUNCIL

LONDON, May 25.—(Special.)—The official list of the new cabinet of Prime Minister Stanley Baldwin, issued this afternoon, shows that Lord Robert Cecil has been appointed Lord of the Privy Seal and that J. H. C. Davidson, who was secretary to former Premier Bonar Law, becomes Chancellor of the Duchy of Lancaster.

Mr. Baldwin combines the Premiership and Chancellorship of the Exchequeur. Other members of the cabinet are practically the same as in the Bonar Law ministry.

The list shows that Prime Minister Baldwin failed to persuade Sir Robert Horne or Austen Chamberlain, of the Lloyd George Cabinet, to join his ministry.

The Prime Miinster has gone to Chequer's Court to spend the week end.

King at Council.

King George returned from the Royal pavilion at Aldershot to-day and immediately convened a Privy Council dealing with final formalities in connection with appointment of ministers in the cabinet of Premier Stanley Baldwin. Names of the new cabinet members were expected to be made public before night.

Premier Baldwin attended the Privy Council at Buckingham Palace. The King also formally received the Premier, who kissed His Majesty's hand, part of the formality of his appointment as Prime Miinster .

LIBERALS TO CHOOSE A STANDARD BEARER

Indications Point to a Rousing Convention in G.W.V.A. Hall Saturday Afternoon.

It is hardly necessary to remind Liberals in the West Riding of Peterborough that their nomination convention falls on Saturday, May 26, in the G.W.V.A. hall, Murray street, at 2.30 o'clock sharp, for residents in both city and rural camps are on the tip-toe of conjecture as to who their standard-bearer will be, and are eagerly awaiting this day of choice. Other incentives that presage a capacity attendance to-morrow are the election of the Liberal Association's officers for the ensuing year, and an address by W. E. N. Sinclair, M.P.P., of Oshawa, who will, it is anticipated, outline the party's campaign platform. Armed with first-hand knowledge of the province's position after four years of Druryism, Mr. Sinclair will no doubt prove interestingly critical of the Farmer-Labor administration at Toronto, and enthuse his audience with that lively spirit of optimism entertained by the party's leaders that the time is ripe for reclaiming West Peterborough and the country to Liberalism in administrative strength. The visitor from Oshawa will also be supported by local platform talent, and altogether, the convention promises to be replete with old-time Liberal enthusiasm.

Determinedly, there cannot be said to be more than two candidates for actual nomination in sight, for while several names have been mentioned in a casual way, the list crystalizes in the personalities of J. W. Meyers and Mayor W. H. Taylor. It is understood that Peterborough's chief magistrate has declared for accepting nomination if tendered him, and it is well known that Mr. Meyers is not only ready and willing, but enjoys considerable pronounced support. Of course, other names may go before the convention, and those heard are ex-Mayor Duffus, Mr. J. J. Hartley, President of the Association, and Mr. Jos. Wearing. Given a combative standard-bearer, willing and capable of shouldering the burden of leadership, the party will unquestionably line up behind him in solid, massed forces, so to speak, and vigorously contest West Peterborough against all comers in the provincial elections campaign just opened.

The ladies should remember that they are specially invited to attend this convention on Saturday, for they are, or should be, deeply interested in the elections equally with the men.

Bandit Leo Rogers Got Death-Dealing Rifle From Home

.....NORTH BAY, Ont., May 25 (Canadian Press). — The rifle with which Leo Rogers wounded Police Constable McGovern and killed Plainclothesman Lefebvre, is believed to have been obtained by him from his home on the afternoon of his escape from the Courtroom.

Only his eldest sister was in the house at the time .

The police say a statement to this effect, which they believe to be true, was made by the sister nerself after a severe examination yesterday.

It was substantiated to some extent by the father to General Williams.

The father also expressed his regret for what his son had done, and said that perhaps the boy had shot himself in the bush.

BISHOP REEVE GAVE ADDRESS

Thirty-nine Years' Experience as a Missionary in the Far West.

To an audience of over a hundred people, a very interesting account of his thirty-nine years' experience as a missionary in the Mackenzie River District was given on Wednesday evening in St. John's Parish Hall by Bishop Reeve, of Toronto, speaking under the auspices of the A.Y.P.A. of St. John's church.

Bishop Reeve, whose venerable appearance and mildly humorous manner of address makes his reminiscences very pleasant, illustrated his address with lantern slides, showing the character of the country, the peoples and the customs of that far northern section of Canada over which he ruled spiritually for so many years. Fifty-four years ago, when the Bishop made the journey from England to his new charge, the voyage over land and sea occupied nearly five months, by way of ship, and stage, waggon and canoe, with over 60 portages, some many miles long. By ox-carts and, later, by tram, the goods were packed in to the far northern missions, and some idea of the hardships of those days was gathered from the recital of the missionary's daily life, with its intercourse with unlettered Indian and Eskimo, its absence of all the samll amenities which make life easy, its fare of "potatoes and bread for breakfast, bread and potatoes for dinner, and both for supper."

On the Great Slave River, at Fort Hay, the Anglican mission was maintained, and with a school which has now become a comfortable-looking structure of white walls and red roof, where the Indian and Eskimo children weer taught the rudiments of education and the principles of religion. Here were shown some of the scholars, with one young girl who, in the space of a year, learned to write English in creditable fashion, returning later to her native Eskimo community to spread the knowledge she had gained in her sojourn in the Anglican school, and here was the little mission church, built entirely by Indian converts, who brought the logs from the forest and fashioned the entire structure with the aid of whip-saws.

At Fort Chippewayan, in the Athabasca district, on the Mackenzie River, where the Bishop spent ten years, a mission church for Indians and whites was maintained, and

(Continued on Page 2).

PETERBOROUGH KIWANIS CLUB AS BUILDERS

Members Spent Holiday in Erecting Kitchen and Rest Room For Summer Camp.

THE OVERALLS GANG

Carrying out the significance of their emblematic name, "We Build," members of the local Kiwanis Club assembled in Jackson Park yesterday for the erection of a substantial frame building, twelve feet wide by twenty four feet long, to be used as a combined kitchen and rest room for the convenience of the summer camp maintained by the Peterboro Health Association for under-privileged children, and the nurses who take charge of the small boys and girls who attend it.

Willing Workers.

Commencing at nine o'clock the corps of willing workers labored until nearly five in the afternoon, many working right through the day, others coming for the morning only. The result of their day's labor stood at nightfall, between the old conical-shaped kitchen and the dining-room erected by the Kiwanis Club last last year, a frame structure covered with prepared red roofing in the same manner as the dining room screen doors hung, underground water tank constructed for the convenience of the kitchen sink and taps, and the first coat of paint on its cheerful-looking exterior.

Walter Stocker, who was accused of having forgotten the color prescribed for the building, explained matters by defending his pot of gray-colored pigment as being the ground work of a future green scheme. His ruddy countenance bore the marks of his occupation yesterday, in fact, there wasn't a single leisurely worker in the bunch. —all bona-fide mechanics, making the welkin ring with hammer and saw and loud-voiced instructions to one another regarding the construction of their little house. Joe Worth was complaining about the blisters on his hands, and Joe John went around most of the day with gloves on. The majority were appropriately attired in overalls, large straw hats and perspiring brows.

Jack McKone's glasses shone as impressively as ever beneath the

BISHOP REEVE

(Continued from Page 1)

here the Bishop was burnt out.

The fashion of lacing the Indian children in their moss-bags was eulogized as the proper method for the climate, and the speaker voiced a strong appreciation of Dean Swift's feelings when he finally revolted against a diet of "rabbit, straight," this little animal being looked on with disfavor even by the starving Indians. The first native Indian within the Arctic Circle to be ordained as deacon of the Anglican church was a sturdy specimen, John, whose Indian name meant "Not Afraid of Mosquitoes."

Onone occasion, the Bishop walked on snowshoes for three hundred and sixty miles, visiting and returning from the teepee of a sick woman, where he was compelled to remain, on account of weather conditions, for a month, before making the return jorney. The igloos of the Eskimos, the ice huts where the warm-blooded people remove most of their upper clothing, although they have no fire whatever, were shown, and the wigwams of lazy and more industrious Indians.

Excellent views of some of the animals of the north; the reindeer, the buffalo, the moose, wolf and musk-ox, the white fox, whose fur at one time could be purchased for 25 cents and now sells in its raw state for twenty-five or thirty dollars, the polar bears of the far far North, all were shown.

H. Ashcroft, president of the A. Y.P.A., acted as chairman for the evening, which closed with a hearty expression of appreciation of the Bishop's talk. A vocal solo, by Miss Ruby Quartermaine, accompaied by Miss Aloha Horn, was much appreciated.

TENDERS

Sealed Tenders, plainly marked as to contents, and addressed to the undersigned will be received up to 5 p.m. on Monday, June 4th, 1923 for the proposed alterations to St. Andrews' Sunday School, Separate tenders will also be received for each of the following trades, heating, plumbing, and electric wiring

HAPPY HOLIDAY BY THE ARMY

The Salvation Army's holiday excursion yesterday proved to be a very enjoyable occasion, without a single mishap to mar the general happy atmosphere. The steamer "Geneva" was packed to capacity, with over 200 people taking advantage of the pleasant day to voyage to Hiawatha, where an excellent programme of sports and games was run off. The band, under direction of Bandmaster F. Robinson, did nobly on the trip down and back with extra activity at the landing-place. Adjt. Smith looked after arrangements, generally Messrs. Thos. Brooks and John French were in charge of tickets, and George Liggett of refreshments. A jovial send-off was given the party in the morning by Mr. John J. Turner, who bid them Godspeed from the wharf.

TRADE TREATY WAS CRITICIZED IN THE SENATE

Sir George Foster Says France is a Poor Market For Canadian Goods — Belgium Much Better.

FIGURES QUOTED.

OTTAWA, May 25.—(Canadian Press).—Sir George E. Foster in the Senate yesterday criticized the trade convention between France and Canada from 1868 until 1914, he said the average per capita sale from France to Canada was $1.58 while from Canada to France it was only nine cents. This showed that Canada was a good market for France and France a small market for Canada.

Sir George then dealt with our trade with various other countries. In three years we had a favorable trade balance with Belgium of $71,000,000; with Italy of $86,000,000; with the Scandinavian countries of $27,000,000; with Greece of $52,000,000; with New Zealand of $13,000,000 With Switzerland we had an unfavorable balance of $27,000,000 and with Japan of $12,000,000 These figures. he claimed showed that there were other markets much more favorable to Canada than that provided by France. He went further and said that we could have lost the whole French market which was only a little over one per cent of our whole market, without serious effect to Canada, but the loss of the Canadian market to France would have been seriously felt in that country and therefore, there was no necessity to go beyond what was absolutely fair to make a treaty with France.

He felt that this was a powerful argument which should have been used in negotiating with the French and he believed they would have given more favorable terms to Canada if our case had been properly presented. He also pointed out that France had given many advantages to the United States in some respects greater than to ourselves, without any special privileges from the United States. Under these conditions he thought that we should have received as favorable treatment from France as we had under the former arrangement.

Our negotiator appeared to have had no adequate knowledge of the conditions imposed as they had permitted conditions which neutralized to a great extent any advantages Canada appeared to have obtained. The French had been left free to make almost any changes they desired while they had protected themselves against any adverse Canadian changes. The negotiators had not been as sagacious and careful of the interests of Canada as they should have been. The treaty could be abrogated with six months' notice which was too brief a period to give any stability to business.

Concluding Sir George said that after what had happened at Washington he was astonished to see the name of the British representative attached to the British, French and Italian treaties. He gave credit for this to "the little grey man," that the foolishness committed at Washington had not been committed in Paris. Senator Beaubin moved the adjournment of the debate.

The Senate spent the rest of the session in committee on the Combines Act, discussing the authority and qualification of the registrar and commissioners.

The Senate adjourned until Tuesday at three p.m.

MAJOR T. D. JOHNSTON CHOSEN CANDIDATE IN EAST PETERBOROUGH

Young Farmer-Soldier of Otonabee Nominated at Norwood--Won Over Ex-Warden J. C. Strickland

ATTENDANCE LARGE.

To Major T. Dalton Johnston, a young farmer of Otonabee township and veteran of the war in which he served with the 5th Canadian Mounted Rifles, the Conservatives of East Peterboro at their convention at Norwood on Thursday afternoon entrusted their standard in the provincial campaign.

He was opposed by John C. Strickland, reeve of Lakefield and ex-warden of the county. The result of the convention poll was not made public. Two other candidates were also proposed but both declined to let their names go on the ballot. They were Col. Everett Birdsall of Asphodel township, of the old 2nd battalion, and son of Col. and Mrs. R. E. Birdsall, and Mr. T. Percy Lancaster, editor and publisher of the Havelock Standard.

When the nomination of Major Johnston was made public, he was congratulated first by Reeve Strickland, who made the choice unanimous, thanked his supporters and asked them to back Major Johnston.

A Good Loser.

"It is up to us to unite and win this riding" said the Warden, whose graceful acceptance of rejection and fine sporting spirit was recognized by an outburst of applause. "I'll do my share to the best of my ability to put Major Johnston at the head of the polls. I hope that Lakefield and Otonabee will turn over a new leaf this time. I ask that as a special privilege. In the future it may help me."

The emergent candidate of East Peterboro's Conservatives is a son of Col. David W. Johnston, who lives in Otonabee township about four miles east of Peterboro. In his address to the delegates before the vote was taken he declared that he stood for sane, progressive legislation, and "cutting the coat according tothe cost" During the four years of the Drury Government the debt and taxes of Ontario had increased at an alarming rate, and if permitted to continue it would be only a matter of time until the province was bankrupt.

"That is the only reason why I consented going into politics at all" he continued, saying he had not sought political preferment, but had been urged by many of the electors of the riding to stand. "However, if I am the choice of this convention I'll leave no stone unturned to secure election, and if it is Mr. Strickland I'll support him to assure his election."

Reeve Strickland's Position.

"I'm in your hands, and whatever you decide I" abide by" said Reeve Strickland. He had agreed to having his name go before the convention at the request of many electors in the riding. He paid a tribute to Major Johnston as a worthy opponent whom he was prepared to co-operate with if chosen the candidate.

"I was behind Mr. Sexsmith in his election. I have been accused of seeking both U.F.O. and Liberal nominations. I have tried to prove that was entirely untrue. My people have been Conservatives; I am a Conservative and always will be. I told those who approached me that I was a Conservative and could run on no other ticket. I don't think

WAS NOMINATED.

T. D. Johnston.

we ever had a better chance to win."

Officers Elected.

The convention was preceded by the election of the Association's officers. H. G. Fitzgerald of Lakefield was re-elected president by a unanimous vote and Mrs. (Col.) R. E. Birdsall was reappointed associate president, while Col. R. E. Birdsall was elected vice-president and Mrs. Spence of Lakefield returned an associate. Matthew Elliott of Dummer succeeds E. C. Squire of Norwood whose long service was appreciated in a formal vote of thanks. T. P. Lancaster of Havelock was chosen as treasurer.

Would Unite Ridings.

A resolution by Mr. Lancaster, seconded by Dr. Fraser of Lakefield requested the Dominion Government to retain the boundaries of the county politically, and unite east and west Peterboro in one constituency if any change must be made under the Federal redistribution now under consideration.

Col. R. E. Birdsall and John E. Sexsmith were appointed to wait on the redistribution committee if they deemed it necessary.

Major Belford.

Major Belford in the principal address of the convention said that it had been the custom of Premiers like Sir Oliver Mowat and Sir James Whitney to give an account of their stewardship when seeking re-election, to tell the people what they had done during their administrations. This was the plain duty of public men when appealing to the electorate for a renewal of their confidence.

"In the same way we expect Mr. Drury and Mr. McDonald to tell us how they have guarded the resources of this province, what economies they have carried out. Do they do it? They do not. Mr. Drury doesn't say a word about his administration. He is appealing on three things. He has three planks in his platform. In the first he tells us about the Ontario Temperance Act. In the second he tells us what an awful crook Howard Ferguson is, and in the third he asks for four years to carry out his policy.

Let us look at this O.T.A. thing. They are trying to leave the impression upon the people's minds that if they elect Howard Ferguson he is going to take the O.T.A. up a dark alley and hit in on the head with a blackjack. You hear this whisper all over the province. No doubt many of you farmers have heard it to."

Major Belford said that the Drury Governemnt did not mention their administration, and they had nothing left but little mean slanders that were whispered about, but were not made publicly from any platform.

Gift of Conservatives.

"But they're not going to put that down the people's mind" he continued. "A Conservative Government gave it to you. Sir William Hearst gave it to you, and no person under heaven will touch it unless the people of Ontario say they want it. The O.T.A. is already settled. It is not a question of practical politics. It is going to remain on the statutes until a large majority of the people wipe it off, and I don't think that will come. I know Howard Ferguson will not monkey with it. I have been with him and he has told me. But he will administer the O.T.A. so that the poor man gets as much justice under it as the rich man. He doesn't get that now."

Major Belford cited a number of examples which he offered as proof of his assertion that the poor man was discriminated against under the Drury Government's administration of the O.T.A. A yacht puts out from Prescott in the morning supposedly for Mexico and returns in the afternoon for another cargo, leaving the obvious suspicion that it had simply unloaded the stuff down the river for Canadian consumption. Rich yacht owners making thousands of dollars a week never get touched, while some poor man who in a moment of weakness imbibes too much hootch is "soaked" $200. Another yacht owner on the lake front was offered a cash bond for the full value of it and $400 a week for the use of it by a bootlegger to carry booze to the people of Ontario. A farmer boiling grain for his stock was raided by one of Raney's "Rifles" and accused of preparing mash. He was fined in police court, but happening to have some

(Continued on page 4.)

TUBERCULOSIS MEN PRESENT PENSION CASE

The Ralston Commission Heard Expert Medical Evidence Regarding the Methods of Treatment.

HOME TREATMENT.

OTTAWA, May 25. Canadian Press. — The Ralston Commission on pensions and re-establishment yesterday heard medical evidence in regard to the proposal of the tuberculosis veterans' association for home treatment of tubercular patients, with 100 per cent. pension.

Dr. C. D. Parfitt of Cal.dor Sanitarium, Gravenhurst, and Dr. J. R. Syers of the Laurentian Sanitarium were in the stand, while the tubercula veterans' association was represented by V. J. Locke, the Dominion vice-president, and E. S. Keeling, the Dominion secretary.

Dr. Byers was more enthusiastic about home treatment than Dr. Parfitt. Both favored it in certain cases but both admitted that there was danger to the family. Dr. Byers favored it in "strong chronic cases" but was opposed to it for those who were really sick.

Dr. Farfitt recommended it in terminal cases where there was little hope of recovery; but not for bed cases where there was hope of arresting the disease.

Mr. Byers, who was the chief witness at the afternoon sitting said that the home treatment was recommended at the Laurentian Sanitarium, the reasons for favoring it were largely sentimental—the home ties and the objection to confinement in a sanitarium developed by some patients after a considerable term of treatment. He very seldom discharged a bed case; and in every case in which the patient went home it was only after a careful inquiry by the departmnet of soldiers' civil re-establishment. He stated that he had known cases where the patient had such a strong distaste for sanitarium conditions that he feared the development of mental trouble. He would not let a patient go home until after at least three months without the appearance of dangerous symptoms.

Dr. Parfitt was asked about malingering and replied that he had known very little in his experience.

Discussing the relative merits of home and sanitarium treatment for tuberculosis, Dr. Parfitt said that the returned soldier was sometimes a difficult patient because it was hard to convince him of the need of taking care of himself. The ex-service man was not always amenable to the discipline of the sanitarium, and his recovery from the disease was retarded by his neglect of rules. In some cases the attitude of the men had been such as to cause sanitarium superintendents to lose interest in this cases. Dr. Parfitt was careful to say that these remarks were applicable only to certain cases and were not meant to be applied generally. He thought that sanitarium treatment for tuberculosis was desirable, partly because the patient was more likely to be removed from influnces which would tend to bring on a crisis and partly for the protection of the public.

The witness was of the view that some of the men might be happier out of sanitaria. This was especially the case with married men with families. On the other hand there was always the danger of spreading the disease to the other members of the family. He did not advocate confining all cases in sanitaria, but he thought that, generally speaking, there was a better chance for recovery if the men were isolated. There had been a remarkable fall in the death rate from tuberculosis since the segregation of open cases.

NOT A CANDIDATE.

RENFREW, May 25.—(Canadian Press.)— Dr. Maloney, Eganville, who up till recently was looked upon as Independent candidate in the coming election, has announced he will not enter the field, but will support a Conservative candidate.

LEO ROGERS IS STILL AT LARGE CLUES USELESS

Police Have Followed Out Every Lead But Have Met the Same Blank Wall in Every Case.

SECRET REWARD.

NORTH BAY, Ont., May 25. — (Canadian Press.)—All clues so far received by the police who are investigtaing the escape of Leo Rogers, ex-convict and murderer of Constable Fred Lefebvre, have led to the same blank wall with which the pursuers have been confronted since his disappearance into the bush after he had pulled the fatal gun at Mosquito Creek. The latest theory explode was that Rogers was one of the men who had broken into Oakley's house near Rutherglen late Tuesday evening. After a day's search in that vicinity a squad of police under Inspector Storie reported they had arrested two youths who had confessed to the robbery. Another rumor to the effect that a man answering Rogers' description had been seen near Orillia was also investigated by telegraph. The police last night were no less baffled than before and in addition are facing the handicap of gradually declining nterest in the case. It is generally conceded that Rogers' whereabouts is a mystery that for the present at least must remain sealed.

Nevertheless, General Williams left for Toronto Wednesday night, confident that the work of his men would eventually produce results. He has no misconception of the seriousness of the case which he described as the "most difficult, possibly in the annals of the force." In company with his inspectors Wednesday afternoon the commissioner examined John Rogers, father of the fugitive, who is still in jail awaiting trial on a charge of aiding and abetting the prisoner to escape. The interview, state the police, was unproductive as far as clues that would aid the hunt are concerned.

SAMUEL S. STAPLES IS THE U.F.O. CHOICE FOR EAST DURHAM RIDING

Hon. F. C. Biggs Defends Expenditures of the Drury Government and Scores Conservatives.

HIGHWAY MONEY.

Samuel S. Staples of Cavan township called "the boy of the House" was the unanimous nominee of the East Durham Progressive Political Association in convention at Millbrook on Wednesday. Mr. Staples was the only name officially proposed, a tentative suggestion that Louis Clarke of Port Hope allow his name to go before the convention being frowned down by him.

The candidate is the late member for this riding, and his popularity was attested by the unanimous standing vote which again puts him in the forefront of an election campaign. The last majority was 303, but talk in the lobby before and after the convention indicated that the members of the Progressive party expect to poll a much larger majority this year.

The speakers at Wednesday's meeting were Hon. F. C. Biggs, Minister of Public Works; E. N. McDonald, lately nominated candidate for East Peterborough; Messrs. Galbraith and McIlroy of Port Hope; and the candidate. Mr. McIlroy pledged the labor party of his district to support the progressive candidate, stating that Labor is better off under the O.T.A. than ever before.

Mr. McDonald devoted some time to a discussion of the work of the Agricultural Department under the late Government, giving great credit to the Hon. Manning W. Doherty for being instrumental in removing the embargo on Canadian cattle in Britain.

Mr. Staples led an attack on statements made by the Conservative speakers last week, including criticism made of the purchase of furniture for members' rooms. This furniture, he claimed, was purchased by the housekeeper, and not by the government. Both Thompson and Nickle of the Conservative party has been urgent in their requests for more money—the former for public buildings and the latter for higher education. They are now denouncing the Drury administration for extravagance.

Dregs of the Party.

The speaker of the day, Hon F. C. Biggs, congratulated the convention on the choice they had made, Mr. Staples being a 100 per cent supporter of the Government. The Drury Government is not going back; it is progressing, and very many people who have now had a chance to observe the Drury administration are satisfied that they have the best business administration they have ever had in the Province of Ontario.

As a result, the Minister declared, many people who are not farmers are coming into the party.

"There was a time" he said, "when we had two grand old parties, but their gauge narrowed down from the days of Sir John McDonald and all that is left today is the dregs of the grand old Conservative party. There is nothing wrong with the Conservative Party itself—it is the people who are in Toronto representing the Conservative Party.

Look at Ferguson's lieutenant—Forbes Godfrey, the champion prescription writer in the Dominion of Canada. T. H. Lennox, who boasts of having the wettest cellar in his district. You would have a very elastic administration of the O.T.A. under him. There is J. A. Currie who would make a wonderful treasurer—everything he gets he holds, even another man's letters"

Mr. Biggs retold the story of J. A. Currie and Senator Hardie. If that scene had occurred during the regime of Sir James Whitney he would have read the perpetrator out of the party immediately. But J. A. Currie stood up behind Hon. G. H. Ferguson and Mr. Nickle and said that he had this intercepted letter photographed for political purposes, and Ferguson did not reprimand him. "Ferguson was grasping for a straw" the speaker said, referring to Currie's action as "a dirty trick."

Drury Highly Respected.

"Drury stands high in the respect of every citizen in the Province" Mr. Biggs continued. "He was tried out and his Government was tried out in the most difficult time that any Government has been through."

Of the money expended for highway construction, 87 per cent was turned back to the people of Ontario for labor and supplies, and the speaker said he did not think the people would lose one dollar of the money expended in Hydro development. "The Toronto Globe," he said, "has gone nutty over Hydro."

Other matter discussed by the Minister of Public Works were highway construction, the work of the Hon. Doherty in the fruit district

FRIDAY, MAY 25, 1923.

TONIGHT'S CONCERT.

Tonight the people of Peterborough are being given an opportunity of not only assisting in amplifying the musical education of a young artist, Miss Agnes Logan, who seems destined to go from height to height as a pianist, but also of honouring a number of other prominent Peterborough musicians who are assisting in the programme.

The Examiner ventures the prediction that the concert at the Grand Opera House tonight, given wholly, with the exception of the numbers by Mr. Carlos Buhler, by Peterborough artists, will rank as one of the outstanding musical events of the season that has been unusually generously studded with musical gems.

The cause for which the event is being held and the merit of the programme should ensure a very large audience, for the concert is rightly regarded as a community enterprise, and many organizations are lending their support.

Encouragement and honours are heaped on winning athletic organizations; it is fitting that citizens who show such promise along musical lines as Miss Logan has demonstrated should have similar support from the city in which she resides.

Peterborough is very proud of Miss Logan now—and the probabilities are that there will be reason in the future for being prouder than ever.

VICTORIA DAY.

Canadians generally, the Examiner feels sure, are strongly in favour of the retention of May 24th as a public holiday, not only because they are glad to respect the memory of the beloved Queen Victoria who so long reigned over the destinies of the British Empire, but because that date seems particularly suitable for the first holiday of the summer.

Nature has usually by Victoria Day seen to it that summer garb is donned by the great outdoors.

The grass is at its greenest and the trees have just put on their verdant summer dress. Everybody is glad to get out into the sunshine. The car and the canoe and the motor-boat come fully into their own again.

In general, Victoria Day seems to be the gateway to summer.

In Peterborough yesterday the day was quietly but none the less enjoyably spent, and hundreds of Peterborough people hiked away to the lakes or river, motored into the country or attended the various sporting events here or in the district.

It is because of the opportunity that is offered for such outings and because it seems to be the anniversary upon which winter is finally and definitely shaken off that Victoria Day is one of the most popular of Canadian holidays.

It is likely to long remain so.

INCULCATING PATRIOTISM.

In the city schools on Wednesday there were appropriate Empire Day exercises, patriotic songs by the children and short addresses in which the pupils were reminded of the importance of the British Empire and of their privilege and duty as the future directors of that Empire.

This year there was a particularly interesting feature in the form of a message from Their Majesties, King George and Queen Mary reproduced through a gramaphone record—a message that brought home the significance of Empire Day in a most effective manner.

It is well that there should be functions of this kind in the schools occasionally.

No more effective way of instilling a sterling spirit of patriotism into the boys and girls of Canada could be devised.

In the United States much more attention is devoted to such matters, and while sometimes we are inclined to smile at what we consider too much flag waving, yet after all we must admit that the system is a success across the line, and that it has resulted in making 100 per cent. Americans out of children whose parents came to the United States from all parts of the world.

Empire Day exercises have a useful purpose, and the Examiner would like to see more parents show an interest in the annual observance of this occasion. It would have a healthy effect upon the children—and perhaps upon the parents themselves.

"BAD CLEAR THROUGH."

Criminal authorities say that Leo Rogers, the North Bay bandit who has outwitted an army of municipal and Provincial police, is "bad clear through" and believe he will return sooner or later to kill more North Bay citizens, says the Ottawa Journal. Perhaps they are right. He may be "bad clear through." He is certainly no slouch as a bandit.

There cannot be much sympathy for Rogers now. He has killed a man, apparently after premeditation. He has continued "going wrong" with chance for reform open to him. But one cannot but wonder if the system of justice that sent him, as a boy of 15, to the penitentiary for burglary may not be in some measure responsible for his being "bad clear through" and for his being a murderer.

As a boy Rogers read the Jesse James and Diamond Dick and Nick Carter yellow-backs. He was one of the rare victims of those stories. Most boys read them without injury. The Rogers lad decided to be a bad man. He burglarized a store or two and hid his loot, including, naturally, a number of guns, in a cave. He was a real Jesse James bandit. And then the police found the cave and charged him in the courts with being a dangerous criminal. No doubt the boy was secretly elated that the police should recognize what a bad man he was. The magistrate recognized it too and sentenced the child of 15 to seven years at Kingston.

It may be that Rogers was born to a life of crime. Perhaps nothing would have saved him. But who knows what would have been the result had he been taken in hand by a "Big Brother" organization when he was found in his cave as a boy burglar? Who can say what the Children's Aid Society or a Juvenile Court probation officer might not have done for him?

Anyway, it is ridiculous that society should so fear for its safety that it must send to penitentiary a child of 15 caught playing at being a bad man after reading dime novels.

DOMINION FINANCES.

The Finance Minister has taken a sound position in reducing custom duties and the tax on cheques, says the Monetary Times. Were it not for the Government railway deficits these reductions could be afforded, but these deficits must be regarded as belonging to the current expenditure of the Dominion. Even assuming that the volume of business increases and produces a customs revenue at least as great as that for the year just ended there will still be a substantial deficit for the current year.

It is obvious that this is not a satisfactory position. Four and one-half years have now elapsed since the close of the war and the expense of demobilization and re-establishment have been fully met; it is interesting to note, however, that the largest deficit was incurred in 1920, when there was still a heavy expenditure on account of the war and also a considerable loss on Government railways.

Any increase in taxation is certainly to be avoided and a balance must be achieved by reducing expenditure. There are now good prospects for a reduction of the railway burden; at least, if this item is not cut down within a few years, some of the lines had better be sold or scrapped. With railway deficits eliminated the Government should realize a fair surplus and make some progress towards liquidating the public debt.

Regarding expenditure apart from railways there is room for economy. There is hardly a business which has not been obliged to pare its expenses during the past three years. Many municipalities have also done so, though the cause in most cases was necessity.

The Dominion and Provincial expenditures, on the other hand, are almost invariably higher than ever before. The precise method of reducing expenditures is a matter of administration, for it is a Government's business to judge what services are the most important. Since, however, a policy of tax reduction rather than tax increases has been adopted by the Dominion Government, reductions in expenditure seem to be the only way of improving our finances; to await increased population or increased prosperity is not satisfactory.

MOTORISTS MUST HEED.

The season for death under the wheels of the automobile is never closed, but summer may be called, so rapidly the tally rises, the open season for casualties. All the world and his wife take the road on Sundays, judging by the glut of traffic in the rural parts, and on Monday a prominent place is given in the newspapers to fatal automobile accidents. There they are, the dreadful list: collisions at railroad crossings, with sometimes a whole family wiped out; cars pitched over embankments at dangerous curves through reckless driving, and the occupants hurried to hospitals to save a life or set broken limbs; others piled up in wreck through disregard of the rules of the road; and the havoc played by the speed maniac among the pleasure cars piloted no matter how carefully. In every locality it is the same: so many dead, so many crippled, perhaps for life. The country over, the harvest of death is appalling. Many of the accidents were preventable by the exercise of caution; others could have been avoided by heeding traffic regulations. In other cases the sufferers were victims of wanton speeding and insensate joy-riding.

Last year more than 13,000 persons were killed in the United States by motor vehicles. In railroad accidents the dead were 5,800. The motor vehicle may be described as a private locomotive. It has become an engine for maiming and destruction that legislation must deal with drastically if the death list is even to be reduced. Every year there are more cars; today the number probably exceeds 11,000,000. This year there will be still greater carnage—a term properly borrowed from the battlefield—if motorists are not brought to realize the gravity of the traffic problem and do not submit to the safety first rules proposed by such bodies as the Council of National Defense and to the restraints ordered by local police authorities. The responsibility of pedestrians who share highways with the automobilists should be generally recognized. The pedestrians also need training in the exercise of their rights.

Is the sum of the casualties of 1923 to exceed that of last year? There will be no reduction, but a marked increase, if the lesson of experience is not learned and if the code of regulations drawn up by the Council of National Defense is not studied and scrupulously observed. A copy should be in the hands of every person who drives a motor vehicle. There is a set of rules for pedestrians to insure safety and avoid unnecessary interference with one another, as well as with vehicles. They are asked to cross roads and streets at right angles, to keep out of traffic "whirls," to watch for the traffic officer's signals, and to be careful not to step into the road or street from behind a standing vehicle. Reckless driving is defined, the manner of passing vehicles and turning corners is prescribed. Rules for ranking, parking, stopping, following and backing are plainly set forth. Right of way is explained, a uniform system of drivers' signals is enjoined, and the restrictions upon motor vehicles for the general safety are laid down. The control and handling of horses and horse-drawn vehicles and the action of motorists in emergencies are included.

"Safety First" is a formula on everybody's lips, but it is too often more honored in the breach than in the observance. What safety first really means in the case of the motorist is that he shall have the requisite training to drive a car, that he shall have his wits about him and keep cool at all times, that he shall learn what traffic regulations are and obey them, that he shall heed all the rules of the road, and that he shall never drive unless he is physically fit—New York Times.

EDITORIAL NOTES AND COMMENT.

With the Liberal convention being held tomorrow, the fight in West Peterborough will begin to take definite form. ....

Where do the crooks get their revolvers? That is a timely question for the authorities to consider.

Sir Henry Thornton only remained two hours in Lindsay. Still, two hours in that town seems a long time.

If J. W. Curry, K.C., held a brief for the Drury Government, as has been alleged, the fee paid for his services was a substantial one.

Toronto business men have been victimized by counterfeiters. Probably the infrequency of their handling of real money these days made the feat easy.

There's Nothing to compare with Zam-Buk

ZAM-BUK depends on costly herbal oils and extracts for its wonderful healing, soothing, and antiseptic power.

Zam-Buk is not like ordinary ointments made from common or elementary formulæ. *Zam-Buk is a superbalm*, prepared from a secret formula—the result of years of extensive and costly scientific research. It is pure and highly refined, and is guaranteed free from animal fats and the gritty metallic substances usually found in common ointments and salves.

Wonderful Medicinal Activity.

Zam-Buk exerts its wonderful medicinal activity below the surface (where the germs of skin trouble really are) and quickly expels deep-seated and old-standing disease.

For Eczema, Tetter, Salt Rheum, Ulcers, Piles, Ringworm, Poisoned Wounds, etc., Zam-Buk is marvellously successful. Also for Cuts, Bruises, Burns, Scalds and Sprains.

Beware of worthless imitations. Get pure herbal Zam-Buk—The World's Greatest Skin-Remedy. 50c. box, 3 for $1.25, all chemists or Zam-Buk Co., Toronto.

COBOURG AND DISTRICT

The Wooler Women's Institute of West Northumberland is a very active and progressive organization. At a meeting just held the following officers were elected to carry on for the coming year: President, Mrs. R. E. McAuley; vice-presidents, Mrs. J. C. Herrington, Mrs. (Dr.) Anderson; secretary-treasurer, Mrs. Geo. Anderson; district director, Mrs. P. E. McAuley; district representatives, Miss Stanley Maybee, Mrs. Geo. Adams, Mrs. J. C. Herrington.

Contract for School.

At a special meeting of the Frankford School Board, the general contract for the erection of the new school was let to Thomas Manley & Sons, Belleville. Howe and Hagerman of the same place will do the plumbing and ventilating. Work is expected to begin shortly.

Trenton Men Meet With Loss

Mr. G. L. Banter and Mr. James Armstrong, both of Trenton met serious losses in the burning of their bloats. Mr. Banter's motor launch was valued at $2,500 and Mr. Armstrong's motor boat was also a valuable one. Both boats were stored in the same building.

W.C.T.U. at Trenton.

It is announced that the W.C.T.U. at Trenton will do its share in seeing that the O.T.A. is strictly enforced. The society met recently and elected the following officers: President, Mrs. H. Cory; vice-presidents, Mrs. S. Curry, Mrs. R. Graham; recording-secretary, Mrs. L. Parks; corresponding-secretary, Mrs E. Wilson; treasurer, Mrs. C. Crowe.

A Good Example.

The Cemetery Board at the Carrying Place, East Northumberland set aside a day for cleaning up the grounds and putting things in good condition.

Has Accepted Call.

Rev. F. J. Maxwell of Pembroke has accepted the call to Oshawa Presbyterian church and his induction has been arranged for May 30. He will occupy the pulpit for the first time on June 3.

Purchased Property.

Mr. Robert Hame has purchased the residence in Port Hope owned by Mrs. (Rev.) A. L. Fleming of Fredericton, N.B. Mr. Hame's purchase also includes a part of the contents of the home. He will have considerable alterations made to his new property it is understood.

Not of Cobourg.

George Smith found guilty at Belleville recently of theft gave his place of residence as Cobourg, but he does not belong to that town. Under the tactful persuasion of the police, Smith is stated to have divulged the hiding place in a bush at Murray Hill where some missing articles were secreted, among others a pair of spectacles belonging to Mrs. Ketcheson, and a large quantity of tobacco. The latter is supposed to have been stole from a Brockville store. Smith has since been taken to Kingston penitentiary to begin his three years' term.

Milburn's Laxa-Liver Pills The Great Liver Regulators

The duty of the liver is to prepare and secret bile and serve as a filter to the blood, cleansing it of all impurities and poisons.

Therefore when the liver is inactive and failing to secrete bile in sufficient quantity constipation and other liver troubles soon follow.

Mrs. H. D. Hutchinson, Peterborough, Ont., writes:—"I have been using your Milburn's Laxa-Liver Pills and they have done me a lot of good.

My liver bothered me a great deal; I was drowsy and tired all the time and didn't feel like doing anything, let alone my housework, I tried everything, but your Pills seemed to do the work for bet:.. than anything I had ever taken."

Price 25c a vial at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

UNITED PRESBYTERIANS TO MEET IN BUFFALO

BUFFALO, N.Y. May 25— (United Press).— With its moderator, Dr. J. Kelly Giffen, more than 3,000 miles away, the general assembly of the United Presbyterian church will open its annual session this evening in the Second United Presbyterian church here, Rev. Charles P. Proud fit of Xenia, Ohio moderator's alternate, will preside.

Dr. Giffen was elected moderator at the meeting in Cambridge, O., last May, but returned to his work in Khartum, The Sudan, in Septemebr, making it impossible for him to be here for tonight's opening session. Dr. Charles Proudfit, until recently pastor of a Des Moines Iowa, church was chosen to preside until the election of the new moderator to-morrow It is expected sessions of the assembly will continue about ten days. Its most interesting business will be to decide whether to reduce the number of executive boards of the denomination.

Churches in all parts of the United States, as well as in three countries in Africa, and one in India, will be represented. The demonination is a leader in foreign mission work, having the largest per capita donations for this purpose of any American sect.

INSURED FOR MILLIONS

LOS ANGELES, (United Press). —May 25—There are seven people in Los Angeles carrying life insurance policies of over $1,000,000. They are Arthur Letts department store owner $2,000,000; H. L. Arnold, automobile man, $1,200,000; Douglas Fairbanks, Mary Pickford, Charley Chaplin, William Wrigley and Williami M. Armstrong. There are only 30 Americans who have passed the million mark in their life insurance policies.

Salem (Ore.) burglar stole 13 cents and dropped $5 of his own, showing 13 is an unlucky number.

MAJOR F. D. JOHNSTON

(Continued from page 3.)

money appealed the decision which was reversed by a judge. He proved his innocence but at considerable expense to himself while Mr. Raney couldn't see the booze that flowed in the apartments of the Provincial Secretary in Queen's Park during a last night's celebration.

These were some of the illustrations Major Belfort quoted as evidence of his charge against the Drury Government's administration of the O.T.A.

"Under Howard Ferguson there will be an honest administration of the Act without fear or favour, a thing that hasn't happened in the last four years."

Whispered Slander.

"You hear them also saying that it's too bad for the good old party having a man like Ferguson leading them" Major Belford continued. "More whispering. There is a poison gas going around the province that Ferguson is a crook. His administration was investigated and investigated until finally a Commission had to say that there was nothing the matter with this man Ferguson. But they keep repeating it because they have no argument for their own existence."

Major Belford referred to a statement made by Premier Drury on August 18, 1922 as reported in the Farmers' Sun as follows: "I am not making any charge that Mr. Ferguson ever benefitted to the extent of one dollar. Personally I don't believe he did. I believe personally he's clean and never administered for his own benefit."

Hon. Mr. Hay as reported in the Toronto Globe of March 30, 1922, was also quoted by Major Belford as follows in defense of the integrity of the Conservative leader: "From the knowledge I have of my honorable friend from Grenville I am satisfied there was no personal interest in any of his transactions, and that whatever action he took he believed it to be in the best interest of the province and of the Department over which he presided."

Both Mr. Drury and Mr. Hay united in saying that Mr. Ferguson was personally honest and efficient, the speaker emphasized.

The Debt Increased.

Alluding to the election of the Drury Government Major Belford said: "It was one of those unfortunate accidents which Providence sometimes sees fit to afflict us with, perhaps for our sins." They stuck out their chests and went up and down the concession lines saying they were going to show the people a 'simon pure' Government. They stood on economy, and they certainly did stand on it," the speaker remarked. "In the fifty-two long years of the province's history up to that time the two old parties had been able to run up a debt of ninety-seven millions. Then came economists, those heaven-sent experts, and in four years they raised the debt to $241,000,000. Back in the days of Hearst the annual expenditure amounted to around twenty-one millions, but the Honorable Peter Smith was made for greater things and in his four years in the administration of the treasury department that expenditure was nearly doubled."

Is the Purest and Most Cleanly Prepared Tea in the World

TRENT RIVER

TRENT RIVER, May 25.—Mr. and Mrs. James Wright arrived Tuesday from Toronto to spend the summer at their cottage.

Mr. Jack Christie and son, Douglas, Toronto are visiting this week with the former's mother, Mrs. T. A. Christie, at their cottage.

The water is higher for this time of the year than for a long time. A number of the wharves are submerged and many boathouses are completely surrounded with water.

Dr. Michell of Toronto motored down from the city last night and is a guest at "Cedar Isle."

Mrs. George Brooks of Hastings is visiting her parents, Mr. and Mrs. Fred Scott.

Mrs. George Brooks of Hastings is visiting her parents, Mr. and Mrs. Fred Scott.

Mr. Jas. Cook has purchased a new sedan car.

Mr. Geo. T. Dickson of Peterboro spent the holiday with Mrs. Dickson at their cottage.

Mr. E. H. Fairbrother came down from Toronto for over the holiday.

Mr. Jack Moore of Havelock has had his boat house moved to Round Lake.

Dr. Robert Boyd of Fort William arrived Wednesday en route from Toronto, where he attended the medical convention while here he visited his father, Mr. John Boyd here.

Mrs. George Scott has been ill for a few days.

WARKWORTH BRIEFS.

WARKWORTH, May 25.—Mr. Bruce Barrett of the Police Force, Toronto, has returned after spending a few days at the parental home.

The play "A Prairie Rose" given by the Dramatic Club under the direction of Mr. E. P. Kelly, Toronto on Friday evening last was a decided success.

Rev. W. H. Gregory has purchased a new car.

Dr. C. C. and Mrs. Armstrong are spending a few days in Toronto.

Mr. T. S. Baker and family of Campbellford were in town on Tuesday.

The directors of the Agricultural Society decided at their last meeting to hold a sports day sometime in August.

SAFETY *Versus* HIGH INTEREST

Many a man has lost his hard-earned savings because of the fatal lure of high interest. A safe general rule to remember is—the higher the interest, the greater the risk.

WIN FOR MAPLE LEAFS AT KEENE

Ontario Champs Came From Behind to Win by 10 to 5 Score.

The Maple Leafs spent the holiday afternoon at Keene, the guests of the Field Day Committee, and won an interesting game of ball with the Keene team by the score of 10 to 8.The Keene team were without the services of ODette and Hawkens, the regular battery, and the team had to be shifted, so that the East Peterboro leaguers were not at full strength.

Bradley was hit rather freely in the early stages of the game and Keene led at the end of the fourth by 4 to 1. The fifth and 6th saw the Leafs in their stride and when the homesters mixed a bunch of wild pegs with the Leafs' hits, the visitors came from behind and took a commanding lead. Bradley finished the game strong.

Keene used Robertson on the mound and he pitched a nice game.

The batteries:

Maple Leafs. Bradley and Delahaye.

Keene: Robertson, Renwick and Robertson.

The Maple Leafs wish to thank Mr. Ed Cooney, who came to the assistance of the team, and provided transportation to and from Keene at a time when business calls were heavy on account of the holiday traffic. Motor cars were at a premium yesterday, and the Maple Leafs are grateful to Mr. Cooney for his help.

Troops Are After Chinese Bandits.

TSAO-CHWANG, May 25.—(Canadian Press).—Gunfire heard near here is taken to indicate that Government troops are engaging the bandits in the hills, or the bandits are fighting among themselves as a result of a disagreement at their conference. It was learned from different sources that the brigands have taken their captives from Paotzuku Mountain and have moved them two miles farther back into the hills.

Last year there were 23,966 street accidents in London, an increase of 3087 on the previous year.

Ironize More Foods

One of the body's daily needs is food-iron for the blood.

Raisins furnish iron—the natural, organic iron which is most easily assimilated by the system.

Add raisins, therefore, to cakes, cookies, breakfast foods, bread, etc., and you add this *benefit* as well as luscious flavor.

Always ask for

Sun-Maid Raisins

Four-Year-Old Boy Killed By Automobile.

TORONTO, May 25.—(Canadian Press.)— Running across the roadway from his father's automobile to meet his aunt, little Francis Howard Seedhouse, aged four years, of Toronto, was struck and instantly killed by an automobile on the Kingston road, 12 miles east of Toronto, yesterday afternoon. Mr. Seedhouse had taken his family and friends in his car to spend the holiday picnicking. The driver of the car that killed the boy gave his name as James Hunter of Toronto.

SUMMER COMFORT, LIKE GOOD HEALTH, A MATTER OF DIET.

It is now known that comfort in hot weather, like freedom from disease, is largely a matter of diet.

Foods which contain an excess of acid-forming elements, like white sugar sweets, fats, refined wheat, oat, corn and barley cereals, white flour, fats and meats, all create acid blood. Yet the blood must not be acid but the opposite, alkaline. Acid in the blood causes the hot, "all in" feeling so common to civilized people on a hot day.

To be mentally and physically vigorous in hot weather we should eat largely whole grains, milk, eggs, leafy vegetables and fruits, all "Excess Alkali" foods. They keep the blood normally alkaline or "cool." A brain and body so fed will hardly tire in any weather.

There is but one alkaline, whole grain product, Roman Meal, made from whole wheat, whole rye, flaxin, and bran, richer than even milk in alkaline salts. It was designed to correct the "Excess Acids" of modern refined foods. It keeps you "cool," vigorous, and upstanding on the hottest day, prevents indigestion, positively relieves constipation, sweetens the breath, clears the skin. It makes delicious porridge, pancakes and cakes. For hot weather it makes delightful icy-cold BROSE-O, CHOCOL-O, JELL-E. Served with milk, cream, whipped cream, honey, preserved or fresh fruits, they are simply irrestible. The most delightful and refreshing breakfasts known, made from the most perfect human food sold. Try them and you'll admit it. At grocers.

Alberta Miners Have Formed Association.

EDMONTON, May 25.—(Canadian Press).—Embracing all mines in the prairie country north of the Red Deer River, engaged in the production of domestic fuel, the Northern Alberta Coal Operators' Association has now been formed, with C. W. Leonard, of the Chinook Coal Co. as president. C. W. Cupples, of the Great West Coal Company is secretary.

The new organization, which takes in some 25 mines, will deal with the Canadian Federation of Labor and miners in the field have already secured a charter as a local of that body.

An interesting clause in the charter of the new local is one which expressly forbids any affiliation with the United Mine Workers of America even on a majority vote of the members. Affiliation with with the U. M. W. A. therefor, is impossible except by disruption of the whole organization.

The total length of the great wall of China, including its branches, is 3,930 miles.

Lincolnshire is the flattest and Westmorland the most hilly of English counties.

POLITICAL MIST CAUSED DELAY TO BIRKENHEAD

Lord Birkenhead Addressed Gathering of Canadians in London on World-Wide Matters.

BRITAIN THE CENTRE.

LONDON, May 25.— (Canadian Press.)— Canadians who dined last night to celebrate Empire Day and to welcome the Vancouver board of trade delegation had a mild thrill of the political excitement now affecting England.

The dinner was given by the Canadian Chamber of Commerce in London and Lord Birkenhead had been announced to preside. His chair was vacant at the opening. However, Sir George Brown announced that a telegram had been received from Lord Birkenhead in Paris who said he had intended to fly back to London, but was prevented from so doing by the misty weather, but intended coming by the first boat. Sir George did not mention the report that had been going around London for some hours that Birkenhead had gone to Paris to consult Austen Chamberlain, who is holidaying there, his visit being regarded as necessary obviously because of the mistiness of the domestic political weather.

Lord Birkenhead duly appeared before the Canadians later. His speech however contained no reference to his doings in Paris nor to political matters of moment at all. He spoke of the ruined state of the European markets, of Great Britain still being the financial centre of the world in spite of her paying everybody when she is receiving payment from nobody. Finally he uttered an exhortation for a careful examination of the resources of the Empire as a whole with imagination and sympathy.

Touching briefly on political matters, Lord Birkenhead said that even if a labor government came into power they would realize the prime importance of maintaining imperial associations closer than they are today.

The Vancouver delegates were also the guests of the London Chamber of Commerce yesterday.

SPORT NEWS, COBOURG

COBOURG, May 25.— After many disappointments caused by rain and wet grounds the local baseball leagues have got down to hard work and are having some interesting games. The Town League was opened with a double-header at Victoria Park diamond.

Langslow Ltd. met the Dying Co. and was forced to be content with the losing end of a 15-5 score. When the game was called in the seventh inning in order to give time for the second clash.

At 4 p.m. the C.N.R. last year's champions and the Matting Felt team faced each other upon the diamond, the former winning by a score of 9-6.

The Juvenile League.

The Juvenile League, which has three teams and if affiliated with the O.B.A.A. has played two games. In the first Beavers won from the Trail Rangers and in the second the Trail Rangers won from the Stars 4-3.

The Brighton Greys Won From Roseneath.

BRIGHTON, May 25. — The Brighton Greys journeyed to Roseneath yesterday and won their first game of the season by 8 to 7. Don Shannon pitched well for Brighton and Clifford Leach for the home team was also in good form. Brighton did some hard hitting, McKee and Strong leading with three safe hits each.

Score by innings—

	R.	H.	E.
Brighton .. .. .200120201	8	16	5
Roseneath .. .. .000430000	7	8	1

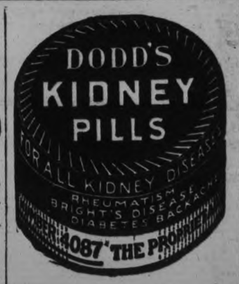
The line-ups follow:

Brighton — Solomon 3b; E. Walt lf;; Halliday 2b; McKee ss; Ross 1b, Strong c; G. Watl rf; Archer rf; King m; Shannon p.

Roseneath — Baker 2b; Dovey ss; Shearer 3b; B. Thackera, 1b;Moore m; R. Thackeray c; Varcoe rf; Armstrong lf; Leach p.

Umpires: Adams and Machlam.

SMOKE OLD CHUM TOBACCO



SAMUEL S. STAPLES

(Continued from page 3.)

and in connection with the lifting of the cattle embargo; the long and short term loans issued by the government, using funds derived from the Provincial Savings Banks; the development of the North country, and the work of the three major commissions appointed by Mr. Drury —the Timber Commission, the Hydro-Radial Commission and the Hydro Commission. All of these phases of the administration of the Drury Government were set out by the speaker as signs of business-like government, fair dealing and enterprise.

Business Session.

At a general business meeting preceding the nomination, Loius Clarke of Port Hope was unanimously elected President of the Association, and it was decided that, if successful, the candidate shall pay his own expenses. If defeated, the Association will pay half his campaign bill.

LEO ROGERS

(Continued from page 3.)

The commissioner, on examining the dummy weapon with which Rogers held up the courtroom before making his getaway, last Wednesday and said it was the most wonderful imitation of its kind he had ever seen and was the work of a skillful inventor.

The $1,000 reward offered for any information leading to the arrest of Rogers will be paid secretly to the person earning it, was the announcement made Wednesday. It is still felt that outside assistance is being supplied the bandit and the police are anxious to make it clear that the course followed in the case of Frank McCullough for whose capture a reward was given to an unknown person will be applied similarly should some one claim reward for Rogers.

Two Baseball Games at Omemee Village.

OMEMEE, May 25. — In a five-innings game here yesterday Mount Pleasant ball team defeated the Mount Horebs by 10 to 4.

The line-ups follow:

Mount Horeb — Jackson, p; Grandy, c; Hickson, 1b; Reid, 2b; Henry, 3b; Skuce, ss; McGahey, rf; Clemett, lf; Deyell, cf.

Mount Pleasant — Briens, p; Briens, c; McLean, 1b; Jamieson, 2b; H. Lowe, 3b; I. Lowe, ss; Bland, rf; Newt. Fee, lf; B. Lowe, cf; H. Gardiner, sub.

Umpire, Neil Henderson, Ottawa.

Another five-innings clash was that between Mount Pleasant and Omemee, in which the former team were victims by 6 to 5.

The line-ups follow:

Mount Pleasant — Briens, p; Briens, c; McLean, 1b; Jamieson, 2b; A. Lowe, 3b; I. Lowe, ss; Bland, rf; N. Fee, lf; B. Lowe, cf; H. Gardiner, sub.

Omemee — J. Murray, p; N. Clemett, c; R. Corneil, 1b; A. Kennedy, 2b; H. Bradley, 3b; A. Clemett, ss; Morton, rf; L. Adams, sf; C. Mackey, sub.

Umpire, Neil Henderson, Ottawa.

Social and Personal News, Campbellford.

CAMPELLFORD, May 25.—Misses Rosella and Luella Ainsworth motored to Toronto on Thursday to spend the week-end.

Mrs. Harry Reinhardt of Hanover (nee Miss Dorothy Colville) is visiting at her home with her cousin, Miss Helen Campbell.

Mr. and Mrs. William Cochrane of Havelock spent Wednesday in town.

Dr. Watson has removed the veranda on his residence and is erecting a spacious new veranda in its place.

Morris—West.

A quiet but very pretty wedding was solemnized in Christ Church, Campbellford on Wednesday, May 23, at 11 a.m. when Miss Dorothy West, daughter of Mr. and Mrs. E. C. West was united in marriage to Mr. C. A. Morris, manager of the Canadian Paperboard Company, Frankford, the rector, Rev. C. E. Clark, M.A. officiating. The bride and groom were unattended. The bride was smartly attired in her travelling suit of grey with hat to match and was given away by her uncle, Dr. E. J. Free. The wedding march was played by Mrs. C. H. Harris. The church was charmingly decorated with ferns and plum blossoms. Immediately after the ceremony which was witnessed only by the immediate relatives and friends of the bride and groom. The happy couple left on a two weeks' motor trip and upon their return will reside at Frankford.

The bride who is one of Campbellford's most popular young ladies, received a large number of handsome and valuable gifts.

A man has a right to get mad if he is dunned for a bill, because he may have to pay the thing.

SENATOR CHAPAIS TO HEAD SOCIETY

Was Elected Yesterday to Presidency of the Royal Society of Canada — Other Officers.

OTTAWA, May 25.— (Canadian Press.)—The Royal Society of Canada at its concluding gathering yesterday afternoon elected Hon. Thomas Chapais, president for the ensuing year. Senator Thomas Chapais was born at St. Denis de Kamouraska, Que., in 1858. He was appointed to the legislative council of Quebec on March 18, 1892. He was sumomned to the senate of Canada in December, 1919. He is a chevalier of the Legion of Honor and a commander of the Order of St. Gregory the Great.

The other officers elected were: Vice-President, Dr. J. C. McLennan, Hon. Secretary, Dr. Charles Camsell; Hon. Treasurer, Dr. C. M. Barbeau; Hon. Librarian, Dr. D. B. Dowling. Additional members of the council of the society were: Dr. Frank S. Adams and Dr. B. Sull.

A resolution from the biological sciences section recording its "regret at the threatened invasion of the national amenities of certain of our national parks by commercial organizations and urging that the proper authorities by appointed with a view of checking these inroads on public rights," was passed and a committee will be appointed to look into the matter.

Dr. F. J. Lewis, was appointed the official delegate from the Royal Society to the Botanical Conference for the British Empire, which meets in London, England in 1924.

The Prime Minister's Plans Have Miscarried.

LONDON, May 25 (Canadian Press). — Whatever plans Prime Minister Stanley Baldwin may have had for re-uniting the Conservative Party in the formation of his new Cabinet by bringing in Sir Robert Horne, Austen Chamberlain, and others, have apparently miscarried.

Mr. Baldwin is still seeking a Chancellor of the Exchequer, and Mr. Chamberlain is still in Paris, and has seemingly no present intention of joining the Government.

Court returns to London to-day, and it is expected that Mr. Baldwin will submit his Cabinet list to the King at a Council meeting this evening.

This is said to have been completed, and is practically identical with Mr. Bonar Law's ministry, with the addition of Lord Robert Cecil as Chancellor of the Duchy of Lancaster.

The temporary solution of the Chancellor difficulty, according to the reports, is that Mr. Baldwin will combine the post with that of the Premiership.

KEENE FIELD DAY WAS AN UNQUALIFIED SUCCESS

KEENE, May 25. — Keene held their 3rd annual field day on Thursday afternoon, May 24th. A large crowd gathered from various points of the township, Peterborough and Hastings, to take in the afternoon's sports and to see the first ball game of the season played here between the Maple Leafs of Peterborough and Keene, the score being 10-5 in favour of Peterborough. The game was lost through errors. The committee in charge are to be congratulated on the efforts put forth to make the afternoon a success. The sports were numerous and warmly contested.

CHIEF BENDER SIGNED.

BALTIMORE, Mr., May 25 (Canadian Press). — Charles (Chief) Bender, former pitching star of the Athletics, has been signed by the Baltimore Club of the International League, it was announced yesterday.

Bender has been working out with the Navy team the last few days, and is said to be in good shape. He will join the Orioles when they return home to play Newark on Saturday.

No statement as to the terms agreed upon was given out.

MRS. BUDGE SO WEAK COULD HARDLY STAND

Tells How Lydia E. Pinkham's Vegetable Compound Restored Her Health

River Desert, Que.—"I used to have a severe pain in my side. I would be unable to walk fast and could not stand for any length of time to do my ironing or washing, but I would have to lie down to get relief from the pain. I had this for about two years, then a friend told me to try Lydia E. Pinkham's Vegetable Compound as she had had good results. I certainly got good results from it, too, as the last time I had a sore side was last May and I have not had it since. I am also glad of having good nursing for my baby, and I think it is your medicine that helped me in this way."—Mrs. L. V. Budge, River Desert, Quebec.

If you are suffering from the tortures of a displacement, irregularities, backache, headaches, nervousness, or a pain in the side, you should lose no time in trying Lydia E. Pinkham's Vegetable Compound.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request. Write for it to the Lydia E. Pinkham Medicine Co., Cobourg, Ontario. This book contains valuable information that every woman should know. G

Public Now Prefers Vegetable Laxative

Dr. Caldwell's Laxative Syrup Pepsin affords prompt relief in a natural way

THE public is constantly becoming more discriminating in its choice of things. Those subject to constipation try to learn what makes them constipated, and then avoid it. If constipation persists in spite of all their efforts they take the mildest, most easily tolerated laxative obtainable, and not a drastic physic that upsets them for days afterwards. As over 10 million bottles of Dr. Caldwell's Laxative Syrup Pepsin are sold a year, a large proportion of the people must believe that this mild vegetable compound is the proper remedy for them, and so it is. No need to take salt waters and powders that dry up the blood; coal-tar drugs in candy form that produce skin eruptions, or calomel that salivates. These drugs are "heroic measures", over-effective, weakening and griping.

The best constipation remedy is the one that moves the bowels without shock to your system, and such a one is Dr. Caldwell's Laxative Syrup Pepsin. It is a vegetable compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and has been satisfactorily sold for 30 years. Unlike the harsher physics it does not produce a habit, and increased doses are not required; in fact, it so trains the stomach muscles that in time medicines of all kinds can be dispensed with.

Many take a teaspoonful of Syrup Pepsin once a week as a health safeguard. Others use it only when required, as, for example, Mrs. Jack Turtle of Cherry Valley, Ont., who finds it equally valuable for herself and the children, and Mr. H. S. McLaren of Montreal, Que., who uses it regularly. Try Dr. Caldwell's Laxative Syrup Pepsin in constipation, biliousness, piles, headaches, sallow complexion, and to break up fevers and colds. A generous-size bottle can be had at any drug store, and it costs less than a cent a dose!

ANY FAMILY MAY TRY IT FREE

Thousands of parents are asking themselves, "Where can I find a trustworthy laxative that anyone in the family can use when constipated?" I urge you to try my Laxative Syrup Pepsin. I will gladly provide a liberal free sample bottle, sufficient for an adequate test. Write me where to send it. Address Dr. W. D. Caldwell, 22 Caldwell Building, Toronto, Ont. Do it now!

TAKE DR. CALDWELL'S LAXATIVE SYRUP PEPSIN *The family remedy*

TWO GAMES MARK DAY AT BETHANY.

Snappy Ball is Followed By Concert in Evening—15th Anniversary.

BETHANY, May 25. — Bethany Athletic Association celebrated their fifteenth anniversary on the Athletic Grounds here yesterday afternoon before a crowd of about 500 and a capacity house in the evening. Two very interesting games of ball being played in the afternoon. Pontypool and Yelverton putting on an exhibition game which was won by the latter team by a score of 5 to 4. The East Durham League was then opened by a game between Janetville and Bethany the latter team winning by the score of 8 to 7. While the boys made a few errors in both games these same teams will undoubtedly play a high class of ball before the season ends. The concert in the evening was thorougly enjoyed by the house every available seat being sold before the time for the curtain to be raised. A large crowd from the neighbouring village came in for the afternoon and stayed for the concert at night.

The East Durham Section A League game resulted in a victory for Bethany, the score being 8-7. The pitching record was Staples struck out 4, passed 2: Walker struck out 5, passed none. Ryley, coming to the box in the last of the 5th struck out 4. The line up was:—

Janetville

P. Walker, p; B. Walker, c; N. McGill, 1b; R. Burn. 2b; F. Phelp, 3b; W. Heaslip ss;; N. Armstrong, rf; M. Walker, lf; E. Stenson, cf.

Bethany

C. Staples and B. Ryley, p; T. Staples, c; B. Ryley and K. Sisson 1b; G. McCarthy, 2b; R. Staples 3b; K. Sisson and C. Staples, ss; F. Arnott. rf; E. Laing, lf; W. Price, cf; L. Bigelow, Sub.

By Innings:—	R.	H.	E.
Bethany . —6 0 0 2 0 0 0—	8	16	5
Janetville . —0 4 0 0 3 0 0—	7	15	7

Umpire, C. Cummiskey.

In the exhibition game, Yelverton topped Pontypool by one run, the scoreboard reading 5-4. The line-up was:—

A. Stewart, p; M. Gray, c; E. Masters, 1b; C. Taylor, 2b; R. Treneman 3b; T. Graham. ss; J. Payne, rf; G. Masters, lf; C. Wellis, cf.

W. Heaslip, p; G. Heaslip, c; W. Kerr, 1b; C. Evans, 2b; G. Kerr 3b; C. McGill, ss; E. Capstick. rf; F. Phelp, lf; H. McMullen, cf.

By Innings:—			
Pontypool —1 0 3 0 0 0 0—	4	7	8
Yelverton —0 0 3 0 1 0 1—	5	10	6

Umpire, C. Cummiskey.

A LULL YESTERDAY IN ELECTION FIGHT

Active Revival in Campaign Due to Start Next Week.

TORONTO, May 25.—(Canadian Press).—The critical importance of northern and northwestern constituencies as factors in the present Ontario Provincial election campaign, is evidenced by the attention given in that direction by leaders of the parties, particularly by Hon. E. C. Drury U.F.O. The government leader, and Hon. Howard Ferguson. leader of the Conservation Opposition. Mr. Ferguson has been campaigning in scattered ridings of new Ontario for more than a week, and Mr. Drury has also made a few "one night stands," in the north, in defence of the record of his Government.

While party nomination conventions were held in some of constituencies of the Province yesterday, there was on the whole, somewhat of a lull in the campaign as a result of holiday celebrations.

In country ridings farmer politicians of all parties have had a week of splendid spring plowing and planting weather and it is expected that there will be big revival of campaigning next week, to continue up till the date of the elections, four weeks hence. June 25.

Got Three Years For Seriously Wounding.

PARRY SOUND, May 25 (Canadian Press). — The Fall Assizes closed at a late hour on Wednesday night. Only two criminal cases were on the calendar, and no civil suits.

John Stevenson, who, is charged, shot and killed his wife and his mother-in-law at Seguin Falls, and who is said to be suffering from a serious disease, and whose trial was traversed to the Fall Assizes, is better, knowing his case will not be heard until December.

The other case was a charge against Miak Maiki, who was charged with attempt to murder John Maiki near Sprucedale on 13th March last.

A number of Finns met at the house of one of their nationality, and a quantity of intoxicating liquor was consumed, most of them being more or less intoxicated.

A quarrel arose, and Miak Maiki literally carved his namesake up with a jack knife, some of the wounds being seven inches in length, and cut to the bone.

The medical evidence stated it was almost a miracle the wounded man survived.

The jury took a merciful view of the case, believing there was no intention to murder, just a drunken brawl, and they returned a verdict, finding the accused guilty of seriously wounding, and the prisoner was sentenced to serve three years in the Provincial Penitentiary.

Four Lose Their Lives When Gas Exploded.

MOUNTAIN LAKE PARK, Md., May 25.—(Canadian Press.)— Mrs. Mary O'Connor, aged 94, and her three daughters, lost their lives yesterday when burning leaves ignited accumulated gas in their cottage.

The daughters were some distance from the cottage when the explosion occurred, and when they reached the building it was a mass of flames. Disregarding their own safety they rushed into the building in an attempt to rescue their mother, but they never came out.

NEWS WARSAW AND DISTRICT

Trustees and Teachers Plan School Fair — Egg Circle Mooted--Personal Paragraphs.

WARSAW, May 25.—Mr. and Mrs. John Selkirk were in the village on Sunday.

Cecil Wasson spent Sunday at his home.

Miss Burry, Peterborough, spent the week-end at the parsonage.

Miss Sarah Miller spent a few days in Toronto last week.

Messrs. James Hawthorne, Allan Edwards, David Miller, Thos. Crowe, Wallace Anderson, Vivian Jackson, Wm. Hayes, A. Carveth and some others attended the U. F. O. convention in Norwood.

Mr. and Mrs. A. F. Choate and friends attended the concert in the George Street Church, Peterborough, on Wednesday evening.

Mr. and Mrs. John Crowe and family were in Norwood recently.

Mrs. Lennox and Mrs. Hunter returned to their homes on Thursday.

The meeting of the Mission Band was postponed until Saturday of this week.

Grading keeps the Dummer road in good condition.

Warsaw School Fair.

There was a meeting of the trustees and teachers interested in Warsaw School Fair Thursday evening. Mr. McCrae was present. The prize lists will be in the hands of the teachers before the holidays. It is hoped the parents will co-operate with teachers and pupils. There should be a large number of competitors in the best sketch of the Township of Dummer competition.

In the Churches.

There were no services in either of the Anglican or Baptist Churches Sunday. Pastor Chorley is still in Hamilton.

Go-To-Sunday-School Day was observed in the Methodist Sunday School. In the evening Mr. Weir preached on the subject.

Organize Egg Circle.

Messrs. Fennel and McCrae met a number of the egg producers on Friday evening with the idea of organizing an egg circle.

Unite All Veterans in One Organization.

TORONTO, May 25.—(Canadian Press.)— Representatives of ex-service men from about thirty centres in Ontario decided in conference here yesterday to ally themselves with the Dominion Veterans' Alliance with the object of amalgamating all veterans' organizations in Canada.

In order to simplify the work of amalgamation it was decided to divide the province into four sections. Capt. W. W. Parry, who acted as chairman of the meeting, was chosen president of the central region, which embraces Toronto and district. Major Thomas McManus, of Belleville, was chosen president of the Eastern Ontario region. Western and northern officers have yet to be seletced.

GEN. SWIFT IN COMMAND.

QTTAWA, May 25 (Canadian Press). — Brig.-General A. E. Swift, D.S.O., of Quebec, will be commandant of the Canadian Bisley team this year, it was announced on Wednesday evening by the Council of the Dominion of Canada Rifle Association. The adjutant of the team will be Major J. E. L. Streight, M.C., of Toronto.

The original beauty—

Of dainty organdies, brilliant with colour, of dainty flowered voiles, georgettes, or crepes, cannot stand the old harsh way of washing. But these delicate fabrics come from a Lux bath as fresh and beautiful as in their original newness.

The thin, satin-like Lux flakes, made by our own exclusive process, whisk instantly into a rich lather that gently dissolves the dirt.

No matter how filmy the material, how brilliant the colour, you can safely wash it over and over again in the delicate Lux suds.

Sold only in sealed packets—dust-proof!

A SERIOUS CASE OF NERVOUS BREAKDOWN

Benefited by WINCARNIS

"Some time ago I had a very serious nervous breakdown. I was in such a debilitated condition that an infection of my blood followed an attack of ulcerative sore throat, and I began to lose weight and strength at an alarming rate. As my condition grew worse, it became impossible for me to get a full night's sleep.

When my nervousness and weakness became almost unbearable I began taking Wincarnis, and the improvement was very noticeable before I had finished the first bottle. I am now myself again, and both my father and my son are taking Wincarnis because they have seen how wonderfully it acted in my case. Wincarnis is certainly a remarkable tonic for those suffering from nervous exhaustion, thin blood, sleeplessness or great debility."

(Mrs. W. I. Fennell, Cato, N. Y.)

WINCARNIS

$1.50 a bottle. At all good druggists.

FIVE KILLED IN CLASH WITH POLICE

About Sixty Others Were Wounded When German Strikers Started Trouble With Police.

DORTMUND, May 25—(Canadian Press).—Five persons were killed, including one woman and one child, and from sixty to eighty persons were wounded in conflicts between striking workmen and the police, according to the casualty lists issued by both the workers and the police.

The Dortmund workers and the citizenry are forming a self-protection force against the riotous elements. This force is being armed with clubs, as firearms are forbidden by the police. The German police say the strikers are formed into units, each unit numbering 100 men, and that they are well armed with automatic pistols.

Many thousands of strikers attended mass meetings in Dortmund, Bochum and other towns in the mining district and passed resolutions in use every effort to extend the strike throughout the Ruhr and the Rhineland. It is estimated that 60,000 men have quit work in the Dortmund district.

Speakers at the meeting said the men were on a "hunger strike." They cited prices to show that the cost of living had doubled in the last few days.

Direct action against the rising cost in living was taken Wednesday in two towns, Steele and Kay, where so-called German commissions of control made the rounds of stores and markets and compelled dealers to reduce their prices by half or more. Many women accompanied the commissions on their rounds and took immediate advantage of the new bargain prices the commissions enforced.

German officials desribe the strikers as communists, but the communist leaders say the workers include men of all parties. The Berlin Government is declared to be greatly concerned over the strike and to have sent observers here to make a report on the movement.

FIELD DAY WAS A LIVELY EVENT

The Community Club of Scott's Corners Had Annual Picnic Yesterday —The Sports.

MILLBROOK ,May 25. — The Community Club of Scott's Corners held a most successful field day on Thursday, 24th May, with about 200 people in attendance. Baseball, basketball, jumping contests, races, etc., made up the programme of sports for the afternoon, Rev. G. I. Craw, of Springville, being master of ceremonies, calling off the various events, while Max McIndoo, president of the club, and R. Sanderson, secretary, were most active in seeing that everything was done to the best possible advantage.

Field Games.

About 4 p.m. an interesting baseball game between Frazerville Juniors and Scotts' Corners, was called the line-up being;

Frazerville—Clayton Kidd, p; W. Thorn, c; Herb Cardwell, 1b Earl Carl, 2b; W. Hargreaves, 3b; R. Richardson, ss; Keith Larmer, cf; H. Carl, lf; C. Woods, rf.

Scott's Corners — Boyd Craw, p; G. Adams, c; B. Seymour, 1b; A. Craw, 2b; Percy Seymour, 3b; Carmen Seymour, ss; Harry McCarthy, cf; S. Joy, lf; Lloyd Hootan, rf.

Umpire, W. Waterman, Frazerville.

Score, 24 to 4 in favour of Scott's Corners.

Basketball Game.

The basketball contest was between Millbrook and Scott's Corners, the line-up being:

Millbrook — Dorothy Armstrong and Luella Shaw, forwards; Helen Larmer and Florence Fallis, defence; Alex. Johnston and Gertrude Gray, centre.

Scott's Corners — Velma Sanderson and Myrtle Hootan, forwards; Helen Sanderson and Mary Eastwood, defence; Helen Whittington and Lottie Ball, centre.

Umpire, Rev. G. S. Gervan, Millbrook.

Score 9 to 8, in favour of Scott's Corners.

Linemen—Millbrook, Thelma Ball and Kathleen Freelove; Scott's Corners, Daisy Murray and Marie McBain.

The Races.

The races, which were run off partly before supper and completed afterwards, were as follow, prizes not to exceed $1.00 in value, and donated by heads of families in the vicinity:

Boys' high jump, H. Cardwell, prize donated by S. S. Staples, ex-M.P.P.

Boys' vaulting contest, H. Cardwell, prize given by the Community Club.

Half-mile race, Lloyd Hootan

Boys' hop, skip and jump, D. Sanderson.

Boys' relay race, A. Craw, B. Craw, and D. Sanderson.

Boys, under 15 years, 50 yards, Fred Hootan.

Needle and thread race, D. Sanderson.

Girls' relay race, Myrtle Hootan.

Girls' 75 yards race, Florence Fallis.

Boys' 75 yards race, A. Craw.

Girls' race, 4 to 6 years, Jean Handbidge, Mary Staples.

Girls' 50 yards race, Myrtle Hootan and Mary Sanderson, tie.

Rev. Mr. Craw made a brief address at the close of the programme, thanking those present for their co-operation, and the encouragement given the club by their interest and appreciation, and the day was closed by all singing the National Anthem, followed by three hearty cheers for the chairman.

Enjoyable Feature.

Not the least enjoyable feature of the outing was the delightful picnic supper, undoubtedly the first of the season in the open-air, which was provided from the numerous baskets with which each car came well supplied, and for which appetites were well sharpened not alone from the invigorating atmosphere, but also from the pleasant social intercourse which had made the hours pass only too rapidly

As this is an annual event at Scott's Corners, it will be looked forward to with feelings of anticipation for another year at the same season.

ACCUSES DEPUTY DOUBLE CROSSING

Former Evangelist of London Testifies Against Chief Deputy.

LOS ANGELES, Cal., May 25 (Canadian Press). — Herbert Wilson, former evangelist of London, Ontario, alleged mail bandit and convicted murderer, testified at a Civil Service Commission hearing yesterday that A. L. Manning, whom Sheriff W. I. Trager recently suspended from his position as Chief Deputy, pending the investigation of bribery charges, had mulcted him of $5,500, "double-crossed" him, attempted to kill him during an unsuccessful jail break of April, 1922, and then convicted him on "framed" testimony of the murder of Herbert Cox, who was shot to death during the breakaway.

Sheriff Trager, the first witness called by the Commission, said that in April, 1922, Mark Bailey, then head of the Identification Department, told him he had been offered $500 by Manning to destroy fingerprints tending to connect Wilson with the department store robbery in Francisco. Recently, he added, Wilson corroborated Bailey's accusation.

For destroying evidence against Wilson and using his "influence with the Federal authorities" to procure the dismissal of the mail robbery charges against him, Manning was to receive $5,500, Trager said.

Soviet Propaganda Taught to Children.

WINNIPEG, May 25.—(Canadian Press).—There are about fifty private schools throughout the Western Provinces teaching Soviet propaganda, six of which are located in the city of Winnipeg, according to a statement made by A. E. Hoskin, K.C., when addressing members of the Rotary Club here. He declared Winnipeg to be the headquarters of Soviet propaganda for the whole of Canada. He urged the formation of a citizens' organization to combat the spread of Sovietism.

DELORME AWAITS TRIAL IN THE BORDEAU JAIL

MONTREAL, May 25.— (Canadian Press.)—Abbe Delorme, to be tried at the June term of the Montreal criminal assizes, on the charge of murdering his half brother, Raoul Delorme, is now confined in Bordeaux jail. He was removed from Beauport asylum, where he has been under the observation of alienists on Wednesday night, official reticence preventing the fact from being made public until yesterday.

Judge Williams of Oklahoma told 12 women to bake their bread, to the dismay of 12 husbands.

SPLENDID PROGRAM FOR VICTORIA DAY

Seymour Agricultural Society Staged a Real Gala Day on the Twenty-Fourth — Horse Races, Baseball and Lacrosse

CAMPBELLFORD, May 25. — The directors of the Seymour Agricultural Society never set their hand to anything without scoring a success. For years they have put on one of the best fall fairs in Central Ontario and the annual celebration which they stage on Victoria Day is always looked forward to as one of the events in the early season. Yesterday's entertainment was up to the standard in every respect, a splendid programme of horse races, lacrosse and baseball being offered.

There are no local light harness horses, but the purses offered drew a good field of trotters and pacers, Peterobrough being represented by that veteran of the trotting ring, Frank Montgomery, and James Sutherland. Mr. Montgomery's Bessie Brooks won the star event of the day in a race that required five heats to decide, the victory to a large extent being due to the splendid horsemanship of Bill McDowell, Mr. Montgomery's driver. Sutherland's Major Hal walked away with the 2.30 race in straight heats.

The Judges.

The judges were George P. Tice, the well known auctioneer of Belleville, who officiated as starter, G. B. Rose of Frankford, Dr. S. L. O'Hara of town and W. S. Nelson of Warkworth.

J. C. Anderson of town, and J. F. Freure of Warkworth, were timekeepers and J. Nelson Stone, secretary of the society, was clerk of the course. The track was in excellent condition and good time was made considering the early session and the fact that the weather this spring has not been favorable for training.

The Star Event.

There were three entries in the free-for-all, Frank Montgomery's Bessie Brooks; Lady May, owned by B. Tinney of Toronto, and Polly Stout, owned by R. Elmhirst, of Lang. The race was really between Bessie Brooks and the Elmhirst mare, the latter taking the first two heats by narrow margins, Bessie Brooks capturing the final three in as many exciting finishes as were ever seen on a race track. The time made was 2.21, 2.20, 2.20 1-2, 2.21 and 2.20.

2.20 Trot or Pace.

Three were three starters in the 2.20 trot or pace: South Dakotah Maid, owned by R. T. Dulap, of Frankford; Bub, the property of Charles Moyes, of Port Hope, and Furioso Jr. ,owned by B. Tinney, of Toronto. This race was won in straight heats by the Port Hope horse, South Dakotah Maid being second and Furioso Jr. third. The time was 2.22 1-2, 2.26 and 2.24.

2.30 Trot or Pace.

Five horses faced the starting judge in the 2.30 trot or pace. W. Elmhirst of Indian River, was in the bunch, with Cy Winger, C. Garrison of Frankford had two entries, Vy. Mack and Barney Kelly, the other two being Major Hal and Gamey R, owned by R. Percy of Grafton. Major Hal won first money, Cy Winger second, Barney Kelly third, Gamey R. fourth, C. Mack finishing fast in the first two heats and coming in third in the fourth. The best time in the race was 2.39 1-4, in the first heat, the last two trials being a quarter of a second slower.

The Ball Game.

Baseball, it is predicted, will, before the season is over, prove as popular a sport as lacrosse everwas in its palmiest days. The game yesterday was between the new league team, managed by C. H. Davidson, and the G.A.U.V.'s of Warkworth, the players who gave so an account of themselves in the Northumberland League last year. Of the nine visitors yesterday, with one exception ,all have a record for service overseas .They are a husky bunch of young fellows who play a clean and snappy ball and their victory yesterday was fairly earned. The Campbellford boys, too, gave a good account of themselves, proving that they are by no means novices at the sport, even if it is their first year in League ball. The score was 14-9 in favour of the visitors who managed to pile up seven runs in their last turn at bat after the result had hung in the balance for three innings, and at one time it looked as if the locals would win their first game of the season. The following was the line-up:

Warkworth—Beatty, p.; Armour, c.; K. Zufelt, 1b.; poole, 2b.; Mulhall, 3b.; Richardson, s.s.; Dick, r.f.; A. Zufelt, l.f.; McGregor, c.f.

Campbellford — Eagleson, p.; Hme, c.; Shillinglaw, 1b.; Nancarrow, 2b.; Cowell, 3b.; Brady, s.s.; Ayrhart, r.f.; Hutton, l.f.; Blakely, c.f.

By innings:	R.	H.	E.
Campbellford ..201 001 302—	9	14	4
Warkworth . .201 220 007—14	24	3	

Umpires—Curtis and Wood.

Won From Hastings

The All Star team including some of the local veterans of the game, defeated the Intermediates of Hastings by a score of 12-10. R. H. Cole one of the famous players, before he took to municipal politics, refereed the contest yesterday. The ten players who defended the lacrosse reputation of the town were Montgomery, Kerr, Hart, Cowell, Smith, C. White, Brown. Ormel, Saunders and Leslie White and Nesbitt.

"Isn't it the truth," remarked a spectator, who has been watching lacrosse games for years, "that Jack Nesbitt is as good as he ever was. He got his goal and it is goals that count."

Jack Cowell the star of the local hockey team and of Campbellford's last year's Junior O.H.A. lacrosse showed the public and his father, R T. Cowell, who was an interested spectator of his son's skill and daring, that he can play the game without interfering with his scholastic career. After the lacrosse match Jack changed his uniform and played third base for the ball team.

Charlie Montgomery is given credit for, his untiring energy in keeping lacrosse going in Campbellford and the fans take off their hats to him as captain for beating the Intermediate team of Hastings.

"But where," asked the fans referred to above, "was Nipper Weston on the anniversary of the birth of the greatest Queen the world ever knew Nip should keep old associations alive.

"All Campbellford needs now to beat Havelock is a little strengthening of the team that played yesterday."

Notes of the Day

Horseracing may be the sport of Kings but evidently the taste of Campbellford fans runs toward democracy in athletic The horse ring was practically deserted yesterday as soon as the lacrosse and baseball games started.

A number of citizens showed their patriotism by decorating their residences and places of business with flags.

Wesley Montgomery, ex-M.L.A., and Mayor Belford, who are pitted against each other as legislative candidates in Northumberland East were both on the grounds yesterday, extending the glad hand to their friends.

During the baseball game a foul tip that went into the crowd struck Miss Gertrude Callaghan, one of the Bell Telephone operators, seriously injuring one of her eyes. She was removed to the office of Dr. H. B. Longmore for treatment.

Chief Duncalfe and Assistant Chief Crawford found a Frankford young man in an auto, owned by himself but driven by a companion considerably under the influence of liquor. The officers commandeered the car and had the owner taken to the police court, where Magistrate Payne accepted his plea of guilty, and imposed a fine of $15 and costs, $22.35 in all. The fine was paid and the young men left at once for home.

The gate receipts were gratifying and the directors of the Fair will have a handsome surplus when all expenses are paid. The purses being up for the horse race, amounted to $400.

Evening Entertainment

In the evening an entertainment went was held in Cole's Opera House uder the auspices of the society. The play, "French Spoken Here," was the opening number of the programme, presented by the same clever cast that app eared in it in the Parish Hall last week on two evenings.

Part of the Minstrel performance that made such a hit some time ago wes repeated, those who took part, being: Dr. Watson, I. A. Humphries, A. J. Wood, O. H. Gledhill, R. Dunk, and J. Poulton. Miss Gertrude Maynard accompanied the soloists on the piano. Dr. Watson adding considerably to his reputation as an entertainer by his rendition of the Stuttering Song.

Mrs. C. E. Curtis and children of Peterboro, and Misses Eva and Pearl Bullen spen the holiday with Mr. and Mrs. R. J. Bullen of Rear street.

Morgan is Ready to Back Austrian Loan.

NEW YORK, May 25.— (Canadian Press.)—J. P. Morgan has announced that he has adivsed the Loan Commission of Austria that his banking house was prepared to re-organize a syndicate to underwrite $25,000,000 of the $130,000,000 Austrian reconstruction loan.

Mr. Morgan said in a prepared statement that he informed the Austrian Commission that his firm was ready to act when the time was ripe for making the issue to be divided among countries of the world.

Mr. Morgan declared his firm stood ready to undertake the work because it believed the bond to be well secured and because it marked a step toward improving conditions of the world.

"It is the first step,' 'the statement said, "toward the rehabilitation of Central Europe taken by all the nations working together, and we believe that the American market should take its part when such a concerted effort is being made to better general conditions of the world."

A father is a man who thinks the most important step in his life is the baby's first step.

Mr. Glen Wannamaker of Lakefield, visited friends in the village on Monday.

Mr. and Mrs. A. Wilson visited Mr. and Mrs. C. Wilson in Hall's Bridge on Tuesday.

Premier King Sent Message to England.

LONDON, May 25.— (Canadian Press Cable.)—Premier McKenzie King of Canada had the following Empire Day message in the London Times yesterday:

"On the occasion of Queen Victoria's Diamond Jubilee Sir Wilfrid Laurier, with characteristic prophetic insight and vision, spoke of the British Empire as a galaxy of nations. The choice of words was a happy one. No longer are they capable of misinterpretation and misunderstanding. The stern logic of events has crystalized them into a formula.

"With each recurring anniversary of the birthday of the world's most illustrious sovereign, the outlying Dominions welcome the opportunity of celebrating with the British isles all that they owe to common origin, common tradition and common ideals. Among the nations of the world there is nothing comparable to this expression of union, purpose and co-operative effort on the part of each for the good of the whole."

Wreaths Were Laid on the Cenotaph.

LONDON, May 25. — (Canadian Press).—The feature of the Empire Day celebrations was the laying of wreaths on the cenotaph by P. C. Larkin, Canadian High Commissioner, and other Commissioners of the Dominions, in the presence of a reverent gathering, which included Mrs. Baldwin, wife of the new British Premier.

School celebrations are becoming more numerous in England every year. Eight hundred thousand scholars in London alone participated in yesterday's celebration, listening to Their Majesties' messages and saluting the flag. Some attempt was made last night to celebrate in the West-End amusement houses.

Empire Day in England can hardly ever become a general holiday owing to its falling so near Whitsuntide, which is a statutory holiday.

Large Ice Fields in Lake Superior.

PORT ARTHUR, May 25.—(Canadian Press).—Ship captains arriving at the head of the lakes from the east report large ice fields still afloat in Lake Superior. The Glencairn, on arriving in Port Arthur, reported passing through several miles of drift ice. The weather, the captain said, was exceptionally cold in the vicinity of the ice. Captains say that the ice is holding longer this season than any other.

Premiums Paid in Totaled $5782.22

The Balance Kicked the Beam

Company Paid $6923.22

Mutual Life Assurance means insurance at net cost. To profit-participating policyholders, it means a very low cost because Mutual Life profits reduce the amount of money that must be paid in by the policyholders as premiums.

Here is a case, based on a $10,000, twenty-payment life policy, taken out in 1903 when the policyholder was 35 years of age. At the end of the twenty-year period, he decided to accept the cash value of his policy. He accordingly surrendered the policy and received a cheque from the Mutual Life of Canada for $6,923—$1,141 more than he paid in.

In the 20 years during which the policy had been in force he had paid in as premiums a total of $5,782. That is to say, he received all the money back that he had paid in, and $1,141 besides.

He had enjoyed $10,000 of insurance protection during all these 20 years, the most active period of his business life, and in the final analysis, Mutual Insurance cost him nothing and paid him interest on his money.

If, instead of accepting the cash surrender value of his policy, this policyholder had decided to continue his insurance beyond twenty years, no further premiums would have been required and he would have received a dividend cheque for his profits annually. In addition to this, the cash value of the insurance would have continued to increase, so that the average annual cost of the insurance over the whole period would be counterbalanced more completely every year.

May we not furnish you with particulars of this splendid policy plan applicable to your present age? Simply fill out the coupon attached hereto, and mail to

A TRIP TO LAKES FOR ST. ANDREW'S

Choir Had a Very Enjoyable Outing With Ideal Weather Yesterday.

Yesterday, Victoria Day, the members of St. Andrew's Choir, active, associate and affiliated, went on an excursion to Mr. Crane's cottage, "Gladhalken," on Stoney Lake. Everything contributed to make it a very happy event, the weather was ideal and the mosquitoes had most considerately declined to appear for the occasion. They had such a good feed last year that, to maintain their self respect, they probably felt it would not be just to attack the same persons in the same manner so soon again.

As is usual on such occasions the picnickers soon discovered that they were getting hungry and dinner was prepared by the ladies. Such a dinner as it was! It would be impossible to tell how many courses there were but it was very satisfying and that is no mean compliment. It was eaten in true picnic style. The choir proved most conclusively that music is not the only thing in which they can excel.

After dinner, when the plates had been put in the garbage can and other utensils had been washed, the members amused themselves in various way the most popular of which was in singing songs. Song sheets were passed around containing about forty numbers. Of course not quite all of these were sung. They could scarcely be classed as sacred, classical, or even sentimental, but they were mirthful and suited admirably the humor of the singers.

Soon the belonging had to be collected for the return trip. Before leaving the cottage three cheers and a tiger were given for Mr. Crane for his generous hospitality and thoughtfulness in arranging such an ideal programme.

Tea was served at Lakefield in similar fashion to the dinner. The appetites were scarcely as keen as had been the case at noon but all tried to do their very best and succeeded wonderfully well.

After tea came a baseball match. No admission fee was charged to see this but spectators could not have had more fun at any American or National League game. After it was over the umpire declared the score to be 24-24 which shows the evenness of the play and the remarkable skill of the batters. Many were quite sure that the umpire had overlooked several runs and that the score could not have been a tie, but like all good sportsmen they declined to dispute the umpire's decisions.

In the course of events the darkness came which usually ends the sports of picnickers for the day, but it was not the case this time. One member had got a large box of fireworks from Hamilton and these had to be put off. Their quantity, beauty and variety once more reminded us of Toronto Exhibition.

Later in the evening the pavilion was opened, the orchestra began to play, and all those who desired to dance had ample opportunity.

Automobiles conveyed the members to Peterborough after one of the most successful and enjoyable picnics St. Andrew's Choir has ever had.

Form ar Young Lady is Again Well and Happy

MLLE LAURENTIA CLOUATRE

Miss Laurentia Cloutare, a popular young lady, residing at 638 Cartier St., Montreal, is another who has found Tanlac treatment a safe and sure means to health, strength and the joy of living.

"For a year past I have suffered with terrible headaches, at the same time felt weak and dizzy all day long, and my nerves were also undone," states Miss Clouatre.

"That I felt so badly was no doubt due to bad digestion, which prevented me from eating but very little and in eight months time I lost fifteen pounds.

"I have just finished my third bottle of Tanlac now and have already regained nearly half my lost weight, as well as considerable strength. I eat well, digest all my food and have no more headaches or dizzy spells. I am simply delighted with Tanlac. It is just grand."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

Tanlac Vegetable Pills are Nature's own remedy for constipation. For sale everywhere.

K. C. DEGREE WORK WAS EXEMPLIFIED

Initiation by Peterborough Council Held Here on the Holiday.

Seventy-seven candidates were admitted to the Knights of Columbus at the initiation held in St. Alphonsus Lyceum on the holiday. The first and second degrees were exemplified by officers of Peterboro Council, and the third by Mr. Guy Roach and his Toronto team including Mr. Parnell McHugh, son of Senator McHugh of Lindsay, who was warmly welcomed and congratulated upon his recovery from a recent illness. Many members of the Order were present from Lindsay, Port Hope, Havelock, Campbellford Oshawa and other towns in the Central Ontario district.

The day's proceedings were opened by attendance at High Mass at St. Peter's cathedral. His Lordship Bishop O'Brien preached an eloquent sermon. At the concluding banquet Mr. S. S. Shaughnessy, Grand Knight of Peterboro Council, presided.

PETERBORO KIWANIS CLUB,

broad brim of his enormous straw, and the whole job was bossed by Bill Barrie and Alec Dick. The only casualties reported were the sudden, premeditated descent of Jack Allen from the roof, and the smashing of Joe Worth's thumb. The chronicler failed to relate any special "language" used on either of these occasions.

Admiring Audience.

A large and admiring audience of Park habitues, would-be advisers, old men and little children, spurred on the knights of the hammer and chisel during the day, which was aided by frequent approaches to the huge tin of ice cream and the excellent home made dinner and supper provided by the ladies of the Club members.

Among those who helped yesterday with the latest Kiwanis contribution to the Health Associations buildings at Jackson Park were Kiwanians J. A. McKone, Jos. John, J. Craig, William Barrie J. W. Worth, W. Stocker, P. Bartley, Wilfred Huycke, E. Wood, Ray Scott, John Allen, John Marshall, Hugh Nevin, R. Boyd A. Dick, J. W. Meyers, John Chadwick, F. J. Allen, G. Macdougall, "Hamish" McIntosh, George Henderson Chas. Cook and Rev. Jas. Rollins. A visitor Mr. Jos. Meyers, of Woodstock, also assisted.

Ladies who provided the lunch were Mesdames McKone, Dick, J. I. Allen, C. Cook, George Henderson, J. W. Meyers, J. Marshall, W. Stocker, J. Chadwick, R. Boyd, H. Nevin, J. John, G. L. Macdougall.

MAYOR TAYLOR TO GO BEFORE CONVENTION

Will Allow His Name to Be Presented at Liberal Convention Tomorrow

To the Liberals of
West Peterborough,
Ladies and Gentlemen.—

At the solicitation of a number of my Liberal friends and independent electors of West Peterborough I have decided to allow my name to go before the convention of Liberals to be held to-morrow and if it is the desire of the party generally that I be selected to contest this coming Provincial Election I would like as many present both ladies and gentlemen as can make it possible to attend.

If I do not secure the nomination I will stand strongly behind the official nominee of the party.

W H TAYLOR.

THEY SAY---

Interesting Thoughts of Interesting Persons.

Arthur Somers Roche in Judge; "I'm progressive. I used to like blondes; now I prefer brunettes."

E. T. Keith in the Kansas City Star: "Printing is as necessary for the life and growth of civilization as the air we breathe. But printing is accepted as a matter of course is little thought of, and little appreciated by the millions of users who unconsciously depend on it for their economic and social well-being."

Frederic Almy, former president National Conference of Social Work, in the New York Sun: "The world began with a man and a woman in a garden. The trouble began when the man and woman left the garden. The trouble is now going, for the garden is coming back to men and women through garden cities and through more healthful country living."

E. W. Howe, in E. W. Howe's Monthly: "Mr. Asquith has quietly surrendered his leadership in the House of Commons, and his active career seems to be over. His defeat was due entirely to a fool wife. The fact that the English thoroughly dislike Margot Asquith causes me to feel more friendly toward them."

BIG CELEBRATION OMEMEE VILLAGE.

Under Bright Skies May 24 Fittingly Observed — Sports and Pastimes.

OMEMEE, May 25.—Empire Day was duly celebrated in Omemee on Thursday. The sun shone brightly in the early morning, much to the delight of the O.A.A, who had everything in readiness for a monster celebration. The town was in gay attire, with streamers and flags, which presented a welcome appearance, and from early morning until evening, everyone seemed to put their best efforts forward to make the event a success.

The Indian Band from Indian Village were engaged for the day and were on the grounds promptly after dinner and delighted the hearts of many by their sweet music.

There were three booths on the grounds, all of which did a flourishing business in ice cream, candy, bananas, oranges, soft drinks, balloons, pie, sandwiches, tea, etc.

Following the races, which were a delight to many of the younger people, as well as the grown-ups, came the May Pole dance by twelve girls prettily attired in white, who did their parts to perfection and proved quite a novel part in the afternoon's programme. The pretty little daughter of Mr. and Mrs. T. E. MacPherson acted as the "May Queen," and was drawn around the May-pole in a nicely decorated cart with canopy top. The decorations were in red, white and blue tissue paper and plum blossoms.

The gentlemen's turnout, and also the ladies' turnout, followed, and there were several entries, all of whom attracted the crowd to gather round to view the fine exhibits.

There was a small midway, with the ten pins for cupid dolls, and also hitting the cats for other numerous prizes, both of which caught the eye of many a good marksman.

A football game between the De Laval team and Omemee was played and the score resulted in 1-0 in favor of the visitors. The baseball games were between Mount Pleasant and Mount Horeb, in a five-innings game. Mount Pleasant won out by a score of 10-4. The winners later played Omemee, and beat the locals by 1 run—6-5.

This brought to a close the afternoon's celebration. A large crowd remained in town for the concert and play, "The Powder-Puffs," put on by the local veterans, which brought to a close the third annual event of the O.A.A. in Omemee.

Other Suggestions In Delightful Summer Attire

In Preparation for Vacation Doings, These Hints on the Clothes Question—on Things a la Mode for Travel, Sports, and Social Activities—May Be of Interest.

Crisp Tub Frocks

of Gingham, Percale, and Chambray, featured in so many pretty styles and colours. Priced for Saturday at the extremely low price of $3.75

Blouses

When the calendar says "Summer," then Fashion says: "Blouses like these," fashioned in Sheer Dimity, striped or plain; dainty Voile, some with touches of colour; fresh and new after every tubbing. They are at once practical, charming, and moderately priced, for Saturday Special at $2.50

All sizes, 36 to 44.

Suits

IF THE INDISPENSABLE SUIT has not yet been chosen, which indisputably proves the wisdom and economy of waiting for Suits, so extremely desirable as these could not possibly have been obtained early in the season at anything approaching these extremely low pricings. Divided into three groups, for quick clearance prices as follow:

Suits at $65.00, $75.00, $85.00—Sale Price $49.00

Suits at $45.00, $48.00, $52.00, $57.00. Sale Price $35.00

Suits at $32.00, $35.00, $37.00, $40.00. Sale Price $25.00

The Styles include the Plain Tailored, Semi-Plain Tailored, Blousedd, and Boxed. Materials are Twill Cords, Tricotines, and Poiret Twill of best quality. The tailoring is noted for its smart cut and nicety of finish. The colours are Navy, Beige, Sand, and Black. One only of a style, hence an early choosing is advisable.

Bungalow and Filet Curtain Net 63c Yard

Very dainty weaves, such as bungalow and filet, in this lovely Curtain Net. Perhaps the old curtains are rather worn. It is house-cleaning time. Why not make the home look cherry with something fresh and new. This dainty Net will do it. And, just think of the price! You may have it in ivory or ecru.

THIRD FLOOR.

Many New Patterns in Chintz 49c Yard

Tomorrow on our Third Floor you find a table loaded with many pieces of this dainty material. Very useful, especially at this time of year, for drapery purposes and furniture coverings. Many new patterns. All in extremely pleasing shades.

Fringed Marquisette Panels $1.98 Each

Something new in the way of a Curtain. Made of lovely fine Marquisette and makes a very neat looking curtain or drape. Why not get those curtains for the livingroom while they are at this price.

White Pearl Buttons 3 Doz. for 29c

Good quality Pearl Buttons that have been selling for 12½c and 15c a card. One dozen on each card. Just a few lines that have been partly sold out. Many useful sizes, quite suitable for everyday use.

New "Niagara Maid" Frilled

Long Silk Gloves

The season's latest demand. This is a model copy of the most popular French Glove in vogue today. It is full elbow length, with dainty self frill the entire length of the Glove and around the elbow. Pretty embroidered backs in contrasting colors. Colors of sand, pongee, platinum and black. They are of popular "Niagara Maid" quality. Very moderately priced. Visit the Glove Section tomorrow and see for yourself.

The Staple Dept.

Is Making Things Hum

500 Yards English Bleached Cotton, 19c Yard

An excellent made-in-England Cotton. Very heavy in weight and fine in weave. It is full 34 inches wide and suitable for women's and children's wear. This price is below the manufacturer's quotation today.

34 INCHES WIDE

Fine English Longcloth 33c Yard

This cloth is made especially for women's wear. It is very evenly woven with extra fine yarns. Try a dozen yards. You are bound to be pleased, and just think, an English Cotton for only 33c yard!

ANOTHER NEW SHIPMENT OF

Circular Pillow Cotton at 39c Yard

Our Cotton buyer has been fortunate enough to procure another shipment of this "Wabasso" Pillow Cotton at the old price. The same good quality that we have been selling at 50c yard in our regular stock. The Cotton market is so uncertain it is not likely we will be able to procure more to sell at this price.

Grey and White Striped and Natural Linen Towelling, 17c Yard

Just 150 yards of the grey and white stripe and 100 yards of the natural linen. You will be very much pleased with the heavy quality that can be had at this remarkably low price. The width is 16 inches.

Dainty New French Veilings 69c

Dainty Chenille Spot Veilings in black mesh with spots of jade, tango, tan and cardinal, in two sizes. These were just recently taken into stock, and are selling regularly for $1.10 and $1.00.

QUIZ CORNER

WHEN QUEEN VICTORIA CREATED THE DOMINION.

Q—When did Queen Victoria create the Dominion of Canada?

A—On May 22, 1867 Queen Victoria signed the bill of the British Parliament—the British North America Act—creating the Dominion of Canada of the first four provinces to enter.

CANADA'S FIRST HOSPITAL.

Q—When and where was the first hospital built in Canada?

A—In 1643 the first hospital was opened in Canada in the new settlement of Montreal on the site of the present Hotel Dieu by Jeanne Mance.

ELECTION NOTES

The Liberal Conservative candidate, Mr. W. H. Bradburn, has opened committee rooms in the Taylor block, No. 309 George street (opposite the Barrie building), and supporters of the candidate are invited to call from now on and get acquainted. 'Phones will be installed at once, and information can be had or given at all hours.

Arrangements are being made for meeting of Ward Chairmen and Committees for general conference and laying out of features of the work and campaign generally. In a day or two, after arrangemetns have been perfected, announcements of interest will be made to the public. The rooms will be as headquarters during the contest and there is ample space for meetings and gatherings at all hours.

The Committee Rooms of the Woman's Liberal Conservative Organization are now open, upstairs, and over No. 418 George street. Ladies interested invited to call.

2d-123.

Canada Backward in Immigration Policy.

LONDON, May 25. — (Canadian Press).—President E. W. Beatty, of the Canadian Pacific Railway, in an interview in the London Times concerning immigration, says Canada has been extremely backward in steps taken in the last few years which have been tortoise-like in slowness compared to the advanced forward policies of other portions of the Empire in attracting new citizens. This slowness was due to the psychology of the people who became discouraged by the economic situation which was a natural consequence of after-war adjustments.

"While I do not believe in Government ownership of railways," continued Mr. Beatty, "I realize that the adoption of this system was not altogether a matter of choice in Canada. Whether the present trial will result in even a fair measure of success will depend, I think, firstly, whether freedom from political influence will be permitted the officers administering the system and, secondly, the general development of Canada in the next few years."

FIFTY THOUSAND WOMEN

would comprise a vast army, yet that is the number who have replied to a questionnaire recently sent out by the Lydia E. Pinkham Medicine Co. of Cobourg, Ont. Ninety-eight out of every 100 letters from these women contained positive assurances that they have been benefited or restored to health by taking this old-fashioned root and herb medicine. This is most remarkable evidence of its power over the ills of women. Therefore, with 98 chances out of one hundred that Lydia E. Pinkham's Vegetable Compound will overcome such ailments for you, why should you continue to go through life in pain and suffering?

Want Ad Tips by John T. Bartlett

FINDING THE RIGHT LANDLORD.

Owners of property for rent want desirable tenants. In many cases they won't knowingly rent to any other kind. A desirable tenant is one who can be depended on to pay rent promptly; who can be depended on to exercise all reasonable care of the property, so there will be a minimum of "wear and tear"; who can reasonably be expected to be a permanent tenant, or a tenant for a fairly long period, or for as long as the landlord wishes to rent.

To desirable tenants, owners rent property they would only rent to others at a higher rental, perhaps would not rent at all.

When an advertiser who is a desirable tenant starts out to find a new apartment or house, he should let the fact that he is a "quality" tenant help him. He can easily do this by framing the right Want Ad.

Reading any "Wanted to Rent" ad, the landlord will form a mental picture of the Want advertiser. The latter should help him to form the favourable picture—the picture of a desirable tenant.

So, in addition to indicating the sort of rent he is looking for, the Want advertiser should put into his message favorable things about himself. If the family is adults only, that can be started; many landlords prefer to rent to such. If the family is small, that will interest landlords—they are partial to small families.

Let us assume the Want advertiser has lived in his present rented apartment for four years. He can use effectively at the end of his Want Ad the statement, "present landlord, from whom I have rented four years, will recommend me." One shrewd Want advertiser inserted this:

"Our present home is rented, but the care we have given lawn and garden have made it the most attractive place on the street. We would like to hear from owner who wishes to rent to tenant who will take extraordinarily good care of his property. Oak park district, 5 to 7 rooms; modern."

When searching for an apartment or house, frame a Want Ad which shows what a desirable tenant you are.

COURTESY FOR INQUIRERS WHO DO NOT BUY.

"Well," said the caller hesitantly, as though fearing to offend, edging toward the steps, "I think I'll look about some more before I buy."

The moment when an inquirer, after being shown an advertised article, indicates that while her verdict may not be negative, it at least is not affirmative—she wishes to see what others offers—comes not once, but many, many times in the experience of Want advertisers. What is the proper thing to do when the inquirer starts to leave?

The right thing, usually, is to be pleasant and courteous, and freely to let the visitor go away. The same situation arises uncounted times in the retail stores of the country, and best practice in these is best practice of the Want advertiser.

Said a merchant who has had phenomenal success: "I attribute much of my steady growth in patronage to my policy of letting store visitors go away readily without buying. I instruct my salespeople never to 'hang on' to a visitor, never to seem displeased at her departure, but on the contrary to send her away with courtesy and a smile.

"I figure it this way. A policy of hanging on, holding in the store just as long as possible, would make a sale to an occasional person. But all would be atagonized by it, and, finally getting away, many wouldn't come back. Now, many go away, look at the offerings of others, and then come back and buy. They like to come back, because we have treated them with thorough courtesy.

"Being courteous to the departing inquirer, freely letting her leave, actually sells her in the end."

This is excellent policy for the Want advertiser, too. Do this, however. Obtain the name, address and phone number, if possible, of the inquirer. Several days later, if you haven't sold your article, Call up the latter. Inform her your article is still for sale. Inquire whether she has bought or not. Many times this little act will result in a sale.

MANY ATHLETES TO TRY SWIM ENGLISH CHANNEL

LONDON, May 25. — (Canadian Press).—English swimmers are preparing to make another attempt this summer to swim the English Channel. One of the London newspapers has renewed its prize of five thousand dollars to the athlete accomplishing the feat. A number of British and French swimmers, including several women, are already training on the British and French coasts.

Mrs. Rose Peters

Toronto Woman Advises Young Mothers

Toronto, Ont.—"During all my years of wifehood and motherhood I have had such great comfort from the use of Dr. Pierce's Favorite Prescription that I do not hesitate to recommend it to other women who need strength and help during expectancy. Favorite Prescription relieved me of all nausea, or sick stomach, and kept me well and strong. I took this splendid tonic and nervine during each of my four expectant periods and I feel quite sure that my babies were just as greatly benefited as I myself, for they were plump and exceedingly healthy from the first moment."—Mrs. Rose Peters, No. 257 Sackville Street.

Health is most important to every woman. You cannot afford to neglect it when your neighborhood druggist can supply you with Favorite Prescription, in tablets or liquid This Prescription is made in Dr Pierce's Laboratory in Bridgeburg, Ont. Send 10 cents there if you wish a trial package.

IRELAND IS RETURNING TO NORMAL CONDITIONS

DUBLIN, May 25. Canadian Press. —For the first time in several months Cosgrave will appear at an outdoor meeting next Sunday when with Professor John Macneill, he will address a gathering at Kilkenny. Mr. Cosgrave's decision to be present is regarded as a striking indication of the government's confidence that Ireland is rett ning to a normal condition.

A band of irregulars was captured yesterday in West Ireland with a large quantity of arms, ammunition and explosives.

POST'S BED BUG POSION

Post's Bed Bug Poison is composed of carbolic acid, Methyl Hydrate and Corrosive sublimate. When this preparation is used according to directions, it is sure death to bed bugs, cockroaches and insects of all descriptions. Two or three applications are all that is necessary, but as it is very poisonous this preparation should be kept out of the reach of children.

Sold at Lynch's Drug Store, 168 Hunter Street. m-th-2264

NEW CHURCH PRINCES RECEIVED THE RED HAT

ROME, May 25. — (Canadian Press).—The two cardinals appointed by Pope Pius on May 23 received the red hat from the Pontiff at the public consistory to-day. The new princes of the Church are Cardinal Lugi Sincero and Cardinal Giovanni Battista Rocca, Archbishop of Bologna. The Pope was carried from his private apartments to Aula Delle Beatifications in his chair of state and was accompanied by all the cardinals now in Rome.

London's annual dish of meat is about 400,000 tons.

GEORGE ST. BUSINESS CHANGES HANDS

Company With Local Capital Takes Over the Electric Nut-Krust.

The Nut-Krust stores throughout the province that have been in the hands of the Liquidator for some time back, were finally turned over recently to a strong company in which local capital has been invested for the carrying on of the Peterborough store.

Contemplated changes are already under way, and in a short time, it is said, the store, both inside and out, will present a most up-to-date appearance. Mr. W. W. Gray, who has been with the business for some time, will continue as manager.

High-class bakers are being employed and the purest of ingredients used in an extremely clean and sanitary plant.

EIGHT DAYS ELAPSED ROGERS STILL AT LARGE

NORTH BAY, May 25. Canadian Press. — Eight days have elapsed since Leo Rogers escaped from the local court room, but the provincial police officials are still without a clue as to his whereabouts. Victoria passed off quietly here despite a crop of rumours regarding Rogers. The interest in the case is not now so intense and the police are able to proceed with their work unhampered. When General Williams the Commissioner of Provincial Police, left here on Wednesday night, he had not the slightest information that might lead to developments.

RUHR MINERS CEASE WORK.

BERLIN, May 25. — (Canadian Press).—Several despatches from the Ruhr this morning report that work has ceased in all the Ruhr mines. Correspondents assume that a general strike of miners has been declared in sympathy with the Dortmund strikers.

YOUR BABY AND MINE

By MYRTLE MEYER ELDRED

TO THE EXPECTANT MOTHER

The dangers of child birth are terrifying to the little new wife awaiting her first experience in motherhood. So many people feel it their duty to talk in hushed whispers of their "awful experiences—and are ready by veiled allusions to frighten the wife into an appreciation of what is about to happen to her. For one person who has nothing but optimism to spread there are dozens who make life miserable during this period.

Very few persons are interested in this condition until it is a personal one— and then they find, as it seems, that the whole world is full of superstitions and tales which they hear with horror and listen to and believe.

The best advice one can give the expectant mother is to listen to no one and believe nothing except what your own doctor tells you. The doctor should be chosen as soon as your condition is suspected, and his advice should be sought and followed from that time until the ordeal is past. Shut your ears politely to everything that is said to you. The doctor will tell you all the necessary precautions and the other ones are just as well if left to rest in peace, unknown.

A splendid booklet that will answer a number of questions that the wife yearns to know can be had from the children's bureau, department of labour, Washington, D. C. Last year this cost 5 cents, and I feel sure that it can still be had for that price. The name of the booklet is "Prenatal Care."

While the reading of books on medical subjects is to be depreciated by laymen — this book will be of comfort and assistance and can do no one any harm.

"I Had Terrible Backache From Kidney Disease"

Mrs. M. A. McNeill, Canaan Sta., N.B., writes:

"I was troubled for years with terrible backache, resulting from kidney disease. At times in each month I remained in bed, the pain was more than I could stand, and to walk was almost impossible. I used about $50.00 worth of other medicines, but with little results. Now I am completely better, after using only five boxes of Dr. Chase's Kidney-Liver Pills.

A Dream

I had a dream the other night; I dreamed that I was dead;
St. Peter met me at the gate: "You can't come in," he said.
"You see, the place got short of help, looked all run-down, indeed;
We ran a want ad—now we have more people than we need."

Financial News and Views

Canadian Stock Exchange — And Mines — | New York Stock Exchange — And Curb Prices.

To-Day's Quotations and Opinions and Reviews of the Markets.

STILL UPWARD MOVE.

NEW YORK, May 25 (United Press).—Stocks to-day continued the upward tendency they have shown for the past two days, although the advances in most sections of the list to-day was less marked than yesterday and the day before. Confidence born of the violent character of the recovery in Thursday's last hour was strengthened by the improvement shown by the radio for the Federal Reserve system as a whole, which advanced to 75.6 per cent. against 75.3 per cent. a week ago. Stocks were buoyant throughout the list in the early trading. Speculative leaders of the calibre of Baldwin, California Petroleum, American Ice, and American Can., in which the previous session's advance had been especially sharp, gained further ground on the recovery, while the rails were steady at the best levels reached on the current rally.

Strength of the oil shares has been more to restore confidence than the advance in any other groups. The decline started when Wall Street learned that crude oil and gasoline prices were to be cut. Standard Oil issues have suffered with the rest. The statement of the Oil City Derrick that gasoline prices had reached the bottom was significant. Another favourable development is the continued drop in crude oil production at a time when consumption is establishing new high records. Standard Oil stocks would hardly have rallied as they did on Thursday if further cuts in crude and gasoline prices were contemplated.

Norwood was very quiet over the holiday, several people went fishing, some went on private picnics. In the evening the pictures "Reported Missing" was shown in the Town Hall.

MAJOR SMITH DEAD.

BRANTFORD, May 25.—(Canadian Press).—Major Gordon J. Smith, superintendent of the Six Nations Indians for the Indian Department, died at his home here this afternoon after a lengthy illness. He was born at Peterborough, and was educated at the public schools, Queen's University, and Osgoode Hall.

ASSAULTED MAN PAID FOR BLOW HE RECEIVED

Samuel Cohen, Charlotte street, appeared in police court this morning, charged with assaulting Isadore Goldman. It was alleged that following a dispute about money matters, Cohen struck Goldman on the head with an iron bar.

The charge was withdrawn by the complainant, who paid $10.50 costs on order of Magistrate O. A. Langley.

SMOKE SMUDGE CAUSED

Shortly after 11 o'clock this morning an alarm was turned in to the Fire Department from Millard's bicycle store on Hunter street, which was filled with smoke. It appears that some unknown cause drove smoke from the chimney through a pipe hole into the store.

On Wednesday a chimney fire at 275 Park street was attended to at 5.24 p.m.

On the paper money issued by a small town in Saxony, appears the drawing of a man displaying his empty pockets.

PLANTED GREAT CROP IN WEST

Speaker at Insurance Mens' Meeting Brings Hope of Better Things

Promise of abundant crops in Western Canada was conveyed to the Peterborough Life Underwriters at their luncheon to-day at Hooper's by Mr. J. W. W. Stewart, general manager of the Monarch Life Assurance Company, Winnipeg, who said he had been through the Prairie Provinces twice since February.

"Our season has been delayed in the West, but I believe we are quite as far advanced as you are here," Mr. Stwart said. "W had a long fall, and the farmers went out and prepared the land and put it in good shape. The people took their hundreds of million dollars and paid their debts. I don't think there is any more wealth among them, but they have reduced their liabilities by millions. The people are adjusted to common sense again, and are not buying every old thing. For one reason they are not so gullible, and secondly they have not got the money But they have a different mental attitude this year, and they have put in a big crop. The conditions are like those that preceded the big crop of 1915. The land has been prepared better and more carefully, and there is more labour to look after it. If the Lord is good to us, and we are all very religious out in the West just now, we have every reason to look ahead for better things."

Mr. Stewart's address sparkled with wit and a natural gift of anecdote that delighted his audience, and pointed the advice which he offered chiefly to the men in the field. He urged them to set up before them a broad and ranging vision. "When a man drives a car he doesn't look ahead of him only fifteen or twenty feet. His vision is far down the road, and when he arrives there his vision has gone on projecting, and his horizon has been changing. Often the difference between two men, one of whom has been more successful than the other, is that the man with the greater vision sees an opportunity just a little earlier than the other fellow. In life insurance a man must keep constanty alert and guard against any tendency to develop into a state of lethargy."

Mr. Stewart recommended more extensive study, harder intellectual work, in order that the features and the advantages of insurance could be placed before the people in as simple a manner as possible. He also advocated the concentration of effort on one line such as life insurance alone to the exclusion of other branches.

"I have learned one thing. I never saw a man succeed in life insurance who was selling anything but life insurance. I don't want to say anything about the general agencies I am speaking particularly to life insurance salesmen. Is it fair, for example, that if I want a pair of glasses I go to a hardware or some other store where they sell a great many things. They focus a glass to one eye and then to the other, and so they fix you for twenty-five cents. And you've only got twenty-five cents worth. That's the way they used to sell glasses."

Mr Stewart said that the man buying life insurance wanted to feel that he was talking to a doctor of insurance, as it were. In the same way when he wanted advice on investments he went to his banker. The life insurance man should be a man of character and a close student of his business in order that he might serve the people as an expert in his business just as efficiently as professional men in their work "The world makes way for the man who knows where he's going", said Mr. Stewart

SOCIAL AND PERSONAL

Mrs. R. F. Green, wife of Senator Green, who has been in Ottawa since early in the session, recently left for her home in Victoria, B.C. (Saturday Night.) Senator Green is a cousin of Mr. W. F. Green, of this city.

Miss Lillian Alford of Cobourg, spent the holiday in the city.

Mr and Mrs. J. A. McKone leave to-day for Atlantic City, Ga., for the Kiwanis convention there.

Miss Rosamond Huycke entertained at luncheon on Wednesday for Miss Phyllis Robertson. A d'oyley shower was a feature of the entertainment.

Mr. and Mrs. Jas. Skinner are attending the Kiwanis convention at Atlantic City.

Mr. Williard Coon, who has been visiting his home at 589 Aylmer street, has returned to Toronto to receive his degree of L.D.S. He has taken over the practice of the late Dr. Chrysler at Niagara-on-the-Lake.

SIDEWALK CYCLISTS AGAIN

In the police court to-day two men were fined $5 and costs amounting to $2.55 for cycling on a sidewalk on Water street.

THE Y.W.C.A. PICNIC

All Juniors meet at "Y" for picnic at 2 p.m., Saturday, bring refreshments similar to last time.

REFUSE RELEASE FRENCH CABINET

President Millerand Declined to Accept Resignations of Premier Poincare and Colleagues

PARIS, May 25. — (Canadian Press).—Premier Poincare and his colleagues in the Cabinet yesterday submitted their resignations to President Millerand, but the President declined to accept them.

This action by the Ministers was the outcome of the refusal of the Senate to proceed with the trial of Marcel Cachin and other Communists charged with illegal acts against the French Republic.

M. Poincare informed correspondents that he interpreted the vote in the Senate as proof of want of confidence in the Cabinet, which made it impossible for the Ministry to act against Communist plots.

The Ministry remains in office, President Millerand holding that the vote of the Senate was purely judicial and without political effect.

Rev. and Mrs. James Get a Purse of Money.

EAST EMILY, May 25. — The congregation of Christ's church, Omemee, entertained the congregations of St. James' and St. John's Anglican churches of East Emily at a social evening.

The three churches joined in presenting the Rev. Mr. and Mrs. James with a purse of money before they leave for their new parish in Newcastle.

A very enjoyable social time was spent, after which the ladies of Christ church served dainty refreshments.

The sting of the common nettle will sometimes last as long as six or eight hours. The sting of one species in Java lasts for a whole year!

EXECUTE 15 RUSSIANS PRINCES AND NOBLES

MOSCOW, May 25. Canadian Press. — Fifteen persons I of them princes, noblemen or gentlemen, have been executed as a result of the discovery of an active counter-revolutionary plot in the Soviet Republic of Georgia, says a despatch from Tiflis Prav dated to-day. The names of those executed were not given.

To The Electors of East Peterboro.

Having been chosen by a large and representative United Farmer convention of town and country to contest the riding at the coming Provincial election, on June 26th, in the interests of good government, I appeal to you for your support, regardless of your past political preference. As in the past four years you have given me your confidence, so I ask you to give me your support now.

I again pledge myself to be fair to all as I have endeavored to be while your sitting member.

Health permitting, I will tour the riding during the next few weeks, and I appeal to you to come to our meetings and let us have a full and frank discussion of all public questions.—Yours very truly,

E. L. McDONALD.

The PRIDE of PALOMAR — By Peter B. Kyne

Continued from Wednesday

"I have. Pablo dragged it into the yard last spring at the end of his rita, and it lies buried in the San Gregorio. That marks the San Gregorio consecrated ground. I always had an idea I was a pretty fair American, but I dare say there's room for improvement. What do you want for that power property?"

"I haven't the least idea. We'll get together with experts some day and arrive at an equitable price.

"Thank you son. I'll not argue with you. You've given me a first-class thrashing and the man who can do that is quite a fellow. Nevertheless, I cannot see now where I erred in playing the game. Mind telling me, boy?"

"Not at all. It occurred to me—assistance by Bill Conway—that this property must be of vital interest to two power companies, the Central California Power Company and the South Coast Power Corporation. Two hypotheses presented themselves for consideration. First, if you were developing the property personally, you had no intention of operating it yourself. You intended to sell it. Second, you were not developing it personally, but as the agent of one of the two power companies I mentioned. I decided that the latter was the best hypothesis upon which to proceed. You are a multi-millionaire trained in the fine art of judging corporations. In all probability you approached my father with an offer to buy the ranch and he declined. He was old and he was sentimental, and he loved me and would not sell me out of my birthright. You had to have that ranch, and since you couldn't buy it you decided to acquire it by foreclosure. To do that, however, you had to acquire to mortagege, and in order to acquire the mortgage you had to acquire a controlling interest in the capital stock of the First National Bank of El Toro. You didn't seem to fit into the small town banking busines; a bank with a million dollars capital s small change to you."

"Proceed. You're on the target, son, and something tells me you're going to score a bull's-eye in a minute."

"When you had acquired the mortgage following such patient steps, my father checkmated you by making and recording a deed of gift of the ranch to me, subject of course to the encumberance. The war-time moratorium, which protected men in the military or naval service from civil actions, forced you to sit tight and play a waiting game. Then I was reported killed in action. My poor father was in a quandary. As he viewed it, the ranch now belonged to my estate, and I had died intestate. Probate proceedings dragging over a couple of years were now necessary, and a large inheritance tax would have been assessed against the estate. My father broke under the blow and you took possession. Then I returned—and you know the rest.

"I knew you were powerful enough to block any kind of a banking loan I might try to secure and I was desperate until Bill Conway managed to arrange for his financing. Then, of course, I realized my power. With the dam completed before the redemption period should expire, I had something definite and tangible to offer the competitor of the power company in which you might be interested. I was morally certain I could save my ranch, so I disabused my mind of worry."

"Your logical conclusions do credit to your intelligence, Miguel. Proceed."

(To Be Continued).

CHAIRMAN RESIGNS.

WINNIPEG, May 25.—(Canadian Press).—L. W. Donley, chairman of the Manitoba Tax Commission, has resigned his position with the Provincial Government, it is announced. The chairmanship of the Commission will be assumed by E. W. Watts, the present secretary. Mr. Donley, who has been a member of the Commission since 1920, is moving to California to enter the oil business.

AWARDED DAMAGES

MONTREAL, May 25.—(Canadian Press).—In a judgment given in the Superior Court, Dame Edna Drolet won her action against the Canadian Pacific Railway Company to the amount of $6,750. She asked for $25,000 damages claimed to have been suffered through the death of her husband who was instantly killed in the company's shops in February 1921 when at work repairing a support to a crane. He was on a ladder resting on a beam. The latter gave way throwing him down and causing injuries from which he died Plaintiff claimed that the beam had not been inspected for months. The court held that negligence on the part of the company had been proved, and awarded damages as above.

WAR VETS WINNERS OF GORDON CUP IN A FAST CONTEST AT THE OVAL

Defeated the Thistles in the Final Game — Cup Was Presented to the Winners By G. N. Gordon.

SCORE WAS 3 TO 1.

The Great War Veterans regained possession of the Gordon Cup by defeating the Thistles, 3 to 1, in the final game yesterday afternoon. The game was played at the Oval and with both teams at full strength was fast and clean from start to finish. At the close of the game the cup was presented to the captain of the winning team by the donor, G. N. Gordon, K.C., M.P.

Though the victory for the Vets was not unexpected they found some tough opposition in the Scots who were decidedly dangerous on several occasions. They forced the attack in the opening minutes of the game and Charlie Griffin was soon called upon to make an easy stop. The Vets soon hit their stride and carried the ball into the Thistles' territory. Wade and Sharman working well together took the ball up and F. Wade drew first blood for the Vets, scoring from close in.

Reid and Burgess carried the ball to the Vets from the center kick but Burrows came to the rescue and saved the situation nicely. Sharman received the ball and carried it up to the Thistles' end but Anderson intervened and prevented a score. Sharman again got possession and passed to Dwyer who beat Fenner for the second counter.

The Thistles then launched a determined attack and Richmond worked into a good position but his final effort went over the bar. The Thistles had two penalty kicks in this period which should have been scored but both were sent far wide of the goal.

Bishop's long drives proved of advantage to his forwards all of whom were working well. Half time was called with the ball near the Thistles goal and the score standing 2 to 0 for the Vets.

In the second period with the wind and sun in their favo r the Scots carried the play in the G.W.V.A. territory and Griffin was soon called upon to save a hard one. the Vets' goal minder had considerably more work to do in the second period than he had in the first. Shewan was conspicious in the attack but the Scots found a great defence organization opposing them.

The Thistles were the first to score in this half when they got through the defence line and beat Charlie Griffin with a terrific shot into the upper corner of the net. This goal was one of the best of the game and Griffin had no chance to save. The Scots pressed the attack and more than once threatened to even the count but the defence proved good and the G.W.V.A. forwards again swept into the attack. Sharman and Wade again carried it down but Fenner made a nice save of F. Wade's shot by turning it over the bar. Williams sent a nice shot from the corner kick which McMillan handled in attempting to save. Dwyer took the penalty kick and beat Fenner for the third counter. The Vets had the best of it for the remainder of the game and time was called with the G.W.V.A leading by the score of 3 to 1.

The players were:

G.W.V.A.—Griffin, goal; Bishop and Crowe, backs; Williams, Burrows and Hurrle, halves; A. Wade, Monks, F. Wade Dwyer and Sharman, forwards.

Thistles—Fenner, goal; Rae and Anderson, backs; McMillan, Hoggarth and Anderson, halves; Shewan, Young, Richmond, Reid and Burgess, forwards.

Referee—J. Clarke.

In presenting the cup immediately after the game, G. N. Gordon complimented both teams on the splendid showing they made and paid a tribute to the game itself as forming a great bond between the Old Country and Canada. Football, he said, ranked among the many things which helped to bind the empire together and was in addition a clean, healthy, virile game which helped to build up the stamina of the manhood of the country.

Oshawa Opened Baseball Season.

OSHAWA, May 25.—(Special)—Oshawa baseball fans gave the Durham and Ontario Intermediate Baseball League the once over yesterday morning when Bowmanville's hosiery crew fell to the Oshawa Red Sox by a score of 9 to 4. Mayor W. J. Trick pitched the first ball.

A large morning crowd was out to see the game and went home satisfied they were in for some good organized intermediate baseball during the summer.

Manager Sheridan of Oshawa chose Corkery a product from the Northumberland County League to work on the slab with Dobson an old Central League doing the receiving. Big Chief Jack Dunn of Bowmanville chased McMurty to the mound with F. Piper behind the plate. Both slab artists turned in good performance for their first start. Corkery had 11 strike outs and allowed six scattered hits while McMurty fanned 10, walked six and was touched for ten hits.

Oshawa also turned in a nice fielding game having three errors that were not costly but Bowmanville fell down badly at critical times especially in the fourth and fifth, when Oshawa chased six of there nine runs across.

Boundy of Cobourg and Dell of Oshawa were the umpires.

The game by innings was:

Bowmanville ...	100001101—4	6	6
Oshawa	00133011 4—9	10	3

University of Toronto Defeated at Lacrosse.

SYRACUSE, N.Y. May 25. — (Canadian Press)—In their first international intercollegiate lacrosse game of the season, Syracuse University defeated the University of Toronto here Wednesday afternoon, 4 to 1. The Canadians, playing their opening game of the year, showed superb stickwork, but lacked the team play necessary to pierce the strong Orange defence. The game was the last home contest for the Syracuse twelve.

Toronto has five more games to play on its invasion of the United States. The Canadians will oppose Hebart at Geneva Saturday; Crescent Athletic Club at Brooklyn, May 30, and June 2; Army at West Point June 6, and Lehigh at Bethlehem, Pa June 9.

TORONTO WON ONE OF DOUBLE HEADER

Lost Morning Game to Buffalo But Came Back Strong in the Afternoon.

TORONTO, May 25. Canadian Press. — After losing the morning game 6 to 2 Toronto came back in the afternoon and defeated Buffalo 9 to 5, thus breaking even in the Victoria Day's double bill. The Leafs took advantage of the wildness of Mohart and Reddy in the afternoon game, getting in same timely hits. Babe Dye, the Toronto boy with Buffalo, accounted for four of the five Buffalo runs with a triple and a home run with two on bases. The score—

Buffalo	..011000300—5	7	3
Toronto	..013100310—9	12	4

Batteries: Mohart. Boland, Reddy and Urban; Glazer and Hill.

Reading 8; Newark 7.

READING, Pa., May 25. Canadian Press. — Newark lost to the Keystones here yesterday 8 to 7. Fileshifter pitched brilliant ball for for visiting team and held Reading until the ninth. The score—

Newark	.. .. ..00040300—7	9	3
Reading	..00500010 2—8	11	2

Fileshifter and Devine; Carts, Hughes and Lynn.

Baltimore 5, Jersey City 1

JERSEY CITY, May 25. Canadian Press. — Baltimore defeated Jersey City yesterday by the score of 5 to 1. Baltimore got 11 hits off Hanson. The score—

Baltimore	..10000040 0—5	11	2
Jersey City	..00001000—1	9	0

Frank and McAvoy; Hanson and Freitag.

Rochester 9, Syracuse 4.

ROCHESTER, May 25. Canadian Press. — Rochester knocked Jean Dubue out of the box in the first inning yesterday and hit Ward, his successor, hard, winning by 9 to 4. The score—

Syracuse	..10021000—4	7	2
Rochester	..30102201x—9	10	1

Dubuc, Ward, Hill and Niebergall; Judd and Lake.

Gold and Gems

Golden chances! Golden chances!
You may seek for one today;
You may seek, and you will find it.
If you seek the want ad way.
Buried treasure! Buried treasure!
You may hunt it when you will
Let a want ad guide your footsteps,
With golden coin your pockest fill.

BANKERS TRIMMED EXAMINER TEAM

Numerous Errors Were Responsible For Defeat of the Printers — Good Pitching.

The Examiner team was completely swamped and almost whitewashed in their tilt with the Bankers Wednesday afternoon. This was the second game of the Mercantile League schedule and when the smoke of battle cleared away the money changers were sitting pretty holding the very large end of a 19 to 1 score. The Examiner pitchers were given the worst kind of support and a whole flock of errors were responsible for the defeat.

Jeff Hardill was on the mound for the winners and turned in a great game. He had thirteen strike outs to his credit for the seven innings. Twice he retired the side on strike outs. He issued but one walk. Long drew this free ticket and stole second and third. He then scored the only run for the Printers when Scates sent out a nice single.

Scates started on the mound for the Examiner and went five innings. He fanned eight and allowed but four hits no two of which came in the same inning. In spite of this the Bankers scored eleven unearned runs, the errors of the rest of the team being responsible. Baker was given a chance to show his wares for the last two frames. He received better support, but was touched for six hits. Two of the eight runs scored against him were earned.

The players were:

Bankers—J. Hardill, p; McLarty, cf McNeil, 3b; McQueen, 2b; Grose, ss; H. Hardill, 1b; Herbison, cf; Kearney, lf; MacDonald, rf.

Examiner—Gray, 1b; Baker, lf,p; Taylor, ss; Dugan, c; Long, rf; Scates, p, lf; Outram, 3b; Collins, 2b; Dunkley ,cf; Harris, cf.

Score by innings: R. H. E.

Bankers	3410334—19	10	0
Examiner	0000001—1	3	4

WHITEWASH FOR COBOURG HECKMAN FANS FIFTEEN AND PETES WON BY 8-0

Solomon Crew Off to a Flying Start in the 1923 Pennant Chase By a Clean - Cut Victory in Cobourg Yesterday.

PLAY SMART BALL.

With Al. Heckman performing at the top of his form on the rubber and the Petes playing smart ball both on the attack and on the defence, Manager Solomon's 1923 pennant-chasers got away to a flying start in the long campaign for Central Ontario League honours at Cobourg yesterday by whitewashing Dick Turpin's much fancied Cobourg crew by the lopsided score of 8 runs to nothing. A crowd of over 3,000 fans, including hundreds who motored from Peterborough, saw the Petes drive Derry, the Cobourg ace, from the box and outplay the lakeshore outfit in all departments of the game.

Heckman has never turned in a better game since he wore a Peterborough uniform. He held Cobourg to three widely scattered hits, one in the first, one in the fifth and one in the ninth, and retired no fewer than fifteen by the strike-out route. With almost perfect control, a fast ball that hopped viciously and an occasional sharp-breaking curve, he had the Cobourg crew completely baffled. Only four of Turpins' athletes got as far as second, and Skitch, who reached third in the first inning, was the only lakeshore player to arrive at the difficult corner. That shows how completely "Heck" had the opposition under control. Swanston handled his offerings in faultless style, and while the infield had little to do, Wolfe in centre field was very much in the limelight by reason of four fine catches in which he covered acres of territory.

At bat and on the bases the Petes played the kind of ball that wins games. With Ansaldo, Swanston, Heckman and Wolfe leading the attack with two hits each, they collected ten safeties off the delivery of Derry and Jahren, and good bunting and five stolen bases helped to run up a score and demoralize the lakeshore crew.

Don't under-estimate this Cobourg club. They were beaten, and badly beaten, yesterday, but nevertheless they are a dangerous outfit and will make plenty of trouble for everybody before the race is over. No ball club looks good when it is not hitting, and Heckman saw to it that Cobourg did not do much in that line yesterday. On top of that they played some dumb ball in the field, pegging to the wrong base, leaving the bags uncovered and other similar omissions that do not get into the error column but that do a lot of harm nevertheless. In the two Kenneys, one at first and the other in the outfield, they have a pair of good ball players in spite of the fact that they hadn't much luck in trying to solve Heckman's delivery. Jackson, the new catcher, is an experienced backstop, and the rest of the team look good.

"Punch" Derry started on the firing line for Cobourg, and the Petes had earned four runs off him by the end of the fifth, Swanston's double driving the first pair of counters in in the third. The Cobourg infield blew up behind him in the sixth and four errors, combined with a couple of hits and two sacrifices, gave the Petes four more runs and drove Derry out of the game, Jahren, another right-hander, who hails from the West, replacing him in the seventh. The relief twirler was in trouble all the way, allowing three hits, passing two and hitting another, but he got by without being scored on in the last three innings. He will likely start in the return game against the Petes.

The season was opened with appropriate ceremonies. There was a parade of the two teams to the grounds, headed by the Cobourg Kilties Band, and at the grounds the Mayor pitched the first ball.

The Petes went out in order in the first. Drennan tossed out Ansaldo. Johnston rolled to Kenny at first, and Turpin's throw extinguished Swanston.

Cobourg got a better start, Skitch leading off with a single to right and going to second when the ball got away from Lowe. Heckman, however, fanned Turpin. Tom Kenny rolled to Johnston, Skitch going to third, and J. Kenny whiffed for the third out.

In the second Comolli grounded to Drennan. Heckman drew a pass. Wolfe was called out on strikes, and Collins fouled to the first baseman.

In Cobourg's half Drennan missed three. Wolfe made a fine running catch of Thompson's fly to right centre, and Collins' fast play on Jackson's roller retired the side.

The Petes started the fun in the third. After Lowe had flied out to Thompson, Legon began the fireworks by singling to left, the first hit off erry. Ansaldo was hit, Johnston was called out on strikes, and it was up to Swanston. The Petes backstop made good with a beautiful double between Kenny and Thompson, scoring Legon and Ansaldo. Derry speared Comolli's high bounder to the box for the third out.

For Cobourg Higginbottom whiffed and Wolfe made two fine catches of drives from Derry and Skitch.

The Solomon crew came back with another in the fourth. Heckman opened with a line single that nearly tore the hand off Turpin. Wolfe bunted safely and Collins moved the pair up with a neat sacrifice. On Lowe's infield tap, Skitch caught Wolfe between second and third, and while he was tagging the Petes' centre fielder, Heckman scored and Lowe reached second. Legon was called out on strikes.

Cobourg died in order, Turpin via the air route to Wolfe and T. Kenny and J. Kenny whiffing.

The Petes came through again in the fifth. Ansaldo started it with a double to left, making second with a beautiful slide. Johnston bunted for a sacrifice and Jackson threw to third too late to get Ansaldo. No one covered second and Johnston, by good base running, made the middle station on the play. Swanston's tap to Drennan was fielded to the plate to head off Ansaldo, but the latter fooled Jackson with a hook slide and was safe. Swanston stole second. Comolli hoisted a fly to Thompson in left, and when Johnston tried to score after the catch he was doubled at the plate by a fast relay, Thompson to Turpin to Jackson. Skitch cut Heckman out of a hit by grabbing his roller over second with his bare hand and tossing the pitcher out at first. The play cut off a run.

Heckman made a fine play on Drennan's rap to start Cobourg's half of the fifth. Thompson singled to left, the second hit off Heckman. Jackson fanned. Thompson stole second on a close decision, but was stranded there when Higginbottom flied out to Lowe.

Four totally unnecessary runs were garnered in by the Petes in the sixth. Drennan's fumble on Wolfe's roller started the trouble. Collins sacrificed. Lowe singled through short, sending Wolfe to third and stealing second on the first ball. Legon rolled to Turpin, whose throw to the plate beat Wolfe, but Jackson dropped the ball and the runner was safe. Ansaldo singled to left, scoring Lowe. Legon cashed in with the third run of the inning when Johnston cracked one at Turpin, who fumbled. Swanston bunted for a sacrifice, but was safe when Kenny dropped Derry's throw, the play filling the bases. Comolli's long foul fly to Thompson went for a sacrifice, scoring Ansaldo. Heckman was called out on strikes.

Cobourg were easy in their half. Derry fanned. Heckman tossed out Skitch. Turpin drew a pass, but T. Kenny struck out.

Jahren was on the rubber for Cobourg when the Petes went to bat in the seventh. Wolfe, first up, flied to centre. Collins was hit and pulled the delayed steal, making second easily. Lowe walked. Legon, however, struck out and Higginbottom was under Ansaldo's drive to right.

In Cobourgs' half, J. Kenny fanned for the third time in succession. Drennan flied to Legon and Thompson whiffed.

In the eighth, for Peterborough, Johnston was thrown out by Jahren. Swanston beat out an infield hit, but Comolli struck out, and when Heckman boomed a double to left centre, Swanston was nipped at the plate by a relay throw when he tried to score from first on the drive.

Jackson opened Cobourg's half by being called out on strikes, but Higginbottom got a life on his slow roller when Heckman, covering first, dropped Comolli's toss. Jahren struck out. Skitch was safe on Ansaldo's fumble, but the next minute Heckman picked Higginbottom cold off second, Ansaldo covering the bag nicely.

Wolfe opened the Petes' half of the final inning by singling to left, but was out stealing second, when he slid over the bag. Collins struck out and after Lowe had drawn a walk, Legon also went out on strikes.

Turpin flied to Ansaldo, but T. Kenny hit to letf centre for two bases. J. Kenny was safe on Ansaldo's fumble, T. Kenny being held at second. The incipient rally was speedily checked by Heckman, who struck out Drennan and Thompson in quickorder and the opening battle of the season was over.

The box score:

Peterborough—	AB	R	H	PO	A	E

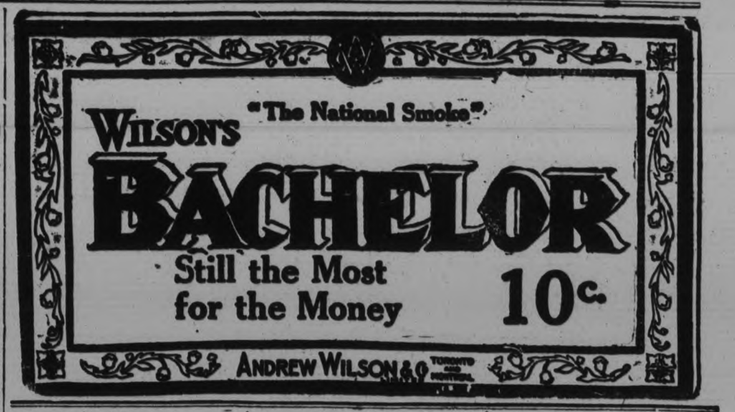
Turkey is getting mad at France. Just being a Turk is enough to make a Turk mad at anybody.



Lakefield Visitors to Local Gun Club.

The Peterborough Gun Club held a morning shoot on the holiday, and had a squad from Lakefield as visitors.

Mr. Sutton proved to be high gun, breaking a straight the first time of 25 and 23 in the second for a total of 48, winning the cigars.

E. V. Eldridge was second with a good score of 47.

The shooting was extremely good for so early in the season, and the boys had a very enjoyable morning.

George Edwards was the winner of the juvenile score.

Lakefiel has invite the localllllhssss suuuuuuunnnnnn nnnnut 12 thm thm

Lakefield has invited the local gunners to a shoot, and the date will be announced later.

Following are the scores:

	Shot at.	Broke.

Five Straight Wins For Philadelphia.

NEW YORK, May 25. Canadian Press. — Hugh McQuillan turned in his fifth straight victory by beating the Philadelphia Nationals yesterday by a score of 8 to 2. "Cy" Williams of Philadelphia hit his 17th home run of the season in the first inning. The score—

Philadelphia..	..110000000—2	6	0
New York	..03023000x—8	10	2

Ring and Henline; McQuillan and Snyder.

Pittsburgh 11, St. Louis 4.

PITTSBURG, May 25. Canadian Press — Pittsburg pounded three pitchers yesterday and kept their home slate clean by defeating St. Louis 11 to 4. It was their eighth victory without a defeat on their own grounds. Traynor hit a home run in the seventh inning. Score—

St. Louis	..002000200— 4	10	2
Pittsburgh	..00033140x—11	15	1

Sherdel, North, Stuart and McCurdy, Ainsmith; Adams and Schmidt.

Toronto Won First Senior Lacrosse Game.

ST. CATHARINES, May 25 (Canadian Press). — Ten minutes' overtime was required to decide the openion Senior O.A.L.A. game here yesterday afternoon, when Toronto nosed out the Athletics on a score of 4 to 3, Holmes batting in the winning goal on a rebound from the St. Kitts goalkeeper, who had got in front of the shot.

The score at the end of the third quarter was 3 to 1 in favour of St. Catharines.

The line-up:

St. Catharines — Goal, Rymer; point, May; cover point, Grove; defence, Haey, Barber, Oille; centre, Gayder; home, Kilroy, Miller Switzer; outside home, Kinghorn; inside home, Goudie; spares, Lawson, Pennie, Purdy.

Torontos — Goal, McArthur; point, Harcourt; cover, McKee; defence, Dietrich, Laing, Railley; centre, Ryan; home, Belden, Usher, Kilpatrick; outside home, Wendrof; inside home, Laceby; spares, Holmes, Wallace, Dunn.

City League Games Were All Postponed.

In spite of the excellent baseball weather which prevailed yesterday all the city league games which were scheduled had to be called off. When the fans arrived at Riverside Park yesterday it was found that the river which had been steadily rising had flooded the entire outfield and was encroaching on the infield. In order to play the outfielders would have needed canoes and the second baseman rubber boots at least.

The City and Mercantile Leagues have met with continual hard luck in their efforts to get under way this season. Rainy weather has caused the postponement of several of the games and the Mercantile League game of Wednesday evening was played with almost the entire outfield flooded. Yesterday's enforced postponments were the most serious blows for the gate receipts from the Victoria Day games have always been a big factor in defraying the expenses of the various leagues for the season.

JANETVILLE DOWN IN OPENING GAME

Bethany Took the Opener in East Durham League — Exhibition Game Played.

BETHANY, May 25. — Bethany won the opening game of the East Durham League when Janetville was sent down to defeat yesterday by a score of 8 to 7.

Bethany started strong, getting nine hits for six runs in the first inning, but after that were not able to make much impression on the visitors. The third and fifth innings were the big frames for Janetville, who threatened to tie up the game.

After allowing Bethany to get two runs in the third, Janetville came across with four, and gathered three more in the fifth.

Bethany was blanked for the remainder of the game. Heavy hitting featured the game, a total of thirty safeties being made by the two teams.

Walker did the pitching for Janetville, while C. Staples started for Bethany and Bruce Riley finished the game. None of the pitchers are yet up to their mid-season. form.

The players were:

Janetville — P. Walker, p; M. Walker, c; N. McGill, 1b; Burns, 2b; Phlet, 3b; W. Heaslip, ss; Stinson, lf; M. Walker, cf; N. Armstrong, rf.

Bethany — P. Staples, p; T. Staples, c; Riley, 1b, p; McCartney, 2b; R. Sims, 3b; C. Sisson, ss; Lang, lf; Price, cf; Arnott, rf.

Score by innings.

Bethany	6010000—8	17	2
Janetville	0040300—7	13	3

Exhibition Game.

Yalverton defeated Pontypool in an exhibition game by a score of 5 to 4. This game was very even, and was featured by numerous errors on the part of both teams.

The teams were:

Yalverton — W. Heaslip, p; N. Heaslip, c; W. Kerr, 1b; Evans, 2b; A. Kerr, 3b; C. McGill, ss; Comstock, lf; McMullen, cf; Raddon, rf.

Pontypool — Stewart, p; Gray, c; A. Masters, 1b; Tremaine, 2b; Taylor, 3b; Graham, ss; Willis, lf; Payne, cf; V. Masters, rf.

Two Thousand Fans at Lacrosse Game.

WINNIPEG, May 25. — (Canadian Press.)— Montreal Shamrocks opened their Winnipeg visit here yesterday afternoon with a well-deserved victory over the Winnipeg Tigers, champions of the local league, by the score of 8-5. The game besides being the cleanest, was one of the fastest and prettiest exhibitions of lacrosse seen on a local field for many a year. The brilliant stick work and fast passing of the visitors was a revelation to the two thousand holiday fans.

The Shamrocks won through their superior work on the attack in which Egan, Butler and Campbell scintillated. They bored right through the Winnipeg defence on several occasions to work close in on the goalkeeper and scored most of their goals in this manner. The first period was hard fought, each scoring a goal but the visitors got going in the second session and had a lead of 5 to 2. Both teams tired somewhat under the gruelling pace in the final period and each scored three goals.

The Shamrocks play Fort Rouge in the second game of the series on Tuesday afternoon.

TRADE COMPLETED.

PHILADELPHIA, May 25.—(Canadian Press.)— The Pittsburg and Philadelphia Nationals completed a trade at the conclusion of Wednesday's game which takes Lee Meadows, a pitcher, and John Rawlings, second baseman, to the Pirates, in exchange for Charles Glazner, pitcher, and James Tierney, second baseman. In announcing the deal, President Baker, of the local team, said it was a straight trade, with no cash inducements.

Rawlings recently was purchased by the Phillies from the New York Giants. He reported here Monday and had not yet played with the local club.

TY COBB IS STILL HITTING IT HARD

His Homer Was Detroit's Only Run—Philadelphia Broke New York's Winning Streak of Nine Games.

DETROIT, Mich., May 25.—(Canadian Press.)—Detroit couldn't hit Charley Robertson's pitching yesterday and lost the opening game of the Chicago series, 6 to 1. Cobb's home run into the right field bleachers was responsible for the solitary Tiger run. Score:

Chicago..	..000 013 101—6	11	0
Detroit	..000 100 000—1	5	2

Robertson and Schalk; Holloway, Olsen, Cole and Bassler.

Cleveland 6, St. Louis 1.

ST. LOUIS, Mo., May 25.—(Canadian Press.)— Cleveland took the first of the four-game series with St .Louis yesterday, 6 to 1. Score:

Cleveland.	..010 004 010—6	8	0
St. Louis.	..000 000 100—1	6	1

Coveleskie and Myatt; Shocker, Bayne, Danforth and Severeid.

Philadelphia 1, New York 0.

PHILADELPHIA, May 25. — (Canadian Press.) — Philadelphia took the opening game of the series from New York yesterday, 1 to 0, when the Mackmen staged a brilliant rally in the last half of the ninth that resulted in the scoring of the only run of the contest. More than 20,000 persons saw the game.

The victory broke the winning streak of the New York team that had reached nine straight while on tour in the west. Score:

New York	..000 000 000—0	7	0
Philadelphia. ..	..000 000 001—1	5	5

Bush and Shang; Rommel and Perkins.

Washington 7, Boston 3.

BOSTON, May 25. — (Canadian Press.)—Zachary's pitching was too much for the home-coming Boston Club yesterday, and Washington won, 7 to 1. Score:

Washington . . .	200 050 000—7	13	1
Boston	..000 010 000—1	3	1

Zachary and Gharrity; Ferguson and O'Doul.

Ottawa Had a Big Amateur Sports Day.

OTTAWA, May 25.— (Canadian Press.)—The Ottawa amateur sports commission sports held here yesterday were a big success toward the establishment of a sportsmen's fund. St. Patrick's baseball team, amateur champions of the city league for the past three seasons trimmed the Montreal Kensingtons in the morning game by 15 to 3, while the Montreal and district champions went down to defeat before the Hull teams in the afternoon by 19 to 4.

Track and field events, bicycle races, a soccer game and a lacrosse match helped make up the programme. In the latter, Lauriers ran out victors over Parkdale by 8 goals to 1. The teams are city leaguers.

Place on a hot platter, and spread with butter to which is added lemon juice, salt and pepper. Garnish with slices of lemon and plenty of watercress.

Corns Go

The simplest way to end a corn is Blue-jay. Stops the pain instantly. Then the corn loosens and comes out. Made in clear liquid and in thin plasters. The action is the same. At your druggist

BALL GAME OFF PARK FLOODED

Central League Opener Scheduled for Tomorrow is Postponed.

Although the Petes beat Cobourg yesterday, they have to yield to old Father Otonabee, and the flooding of Riverside Park has made it necessary to postpone the Central League event called for to-morrow afternoon. The park is so much under water that there is no possibility of a game being played there for some time, and it was impossible to secure other grounds, so there was nothing left to do but to call the Cobourg battle off and to hope that Riverside Park would be available for the next home game with Kingston on June 2nd.

The postponed Cobourg game will likely be played on the afternoon of Dominion Day, when Cobourg are scheduled to play a morning game here.

The Petes' next game will be in Kingston on Wednesday and in the meantime they will have to make arrangements for practice grounds.

The postponement of the opening game is a heavy blow to the ball club and will be a big disappointment to the fans who have been looking forward with keen anticipation for the Central Ontario series.

LAKEFIELD OPENS THE BALL SEASON

LAKEFIELD, May 25. — The baseball season was opened officially yesterday by a game in the East Peterboro League between the Cognawagas of Peterboro and the Lakefield team.

The first ball was pitched by C. F. Turner, the vice-president of the East Peterboro League. S. S. Connell was catcher, and Mr. J. J. Howden, the president, was at bat.

The game was slow, starting about 3 and continuing until 6.

There was a good attendance and when Fitzgerald made a home run in the first inning the Lakefield supporters set themselves to watch their team romp home to victory, which it did with a score of 15 to 8. Greer gained applause when he made a difficult catch and Northey set up a record for the league this year by making 15 strike outs.

The line up was:

Cognawagas.		Lakefield.
P. Vannest	p	Northey
A. Davis	c	Ridpath
D. Davis	1 b	Erskine
N. Grose	2 b	Greer
B. Allen	3 b	Weaver
K. Shadgett	ss	Fitzgerald
W. Prest	cf	Webster
A. Vangest	lf	Woodhouse
C. McDonald	rf	McManus
E. Rose	subs	
A. E. McLaren		

The score by innings—
Peterboro.. .. ..020003126— 8
Lakefield .. ..12430005x—15

The umpires were J. W. Ridpath, C. F. Turner and Mr. Wright.

A salmon leads a hard life. The poor fish, he never sleeps.

Sweet peas fade very quickly when put with other flowers, which isn't acting sweet at all.

MEN HEAR TALK ON THE JUDGMENT

Appointed Day Wherein the World Shall Be Judged in Justice.

Rev. J. O'Brien, C.S.S.R., delivered the sermon on Wednesday evening in St. Peter's Cathedral to the large number of men present on the subject of "General Judgment."

"God now declareth to man that all should everywhere do penance, because he hath appointed a day wherein he should judge the world in justice," Acts xvii., 30. "Much as some might wish that there were not this day of final reckoning," said the speaker, "we have God's word for it that it will come." Death, followed by particular judgment, is the first future event of which we are absolutely sure. Everything else, that can happen to us, between now and then is a matter of doubt, or of mere probability, or of conditional certitude at best. We can be absolutely certain, however, of this—that death will be encountered by each and every one of us, and, furthermore, at a time comparatively not far distant. When it comes, the body will be consigned to the earthly grave and the soul into eternity. "Dust thou art and into dust thou shalt return." But this separation of soul from body will not last forever, for the day will come when, in response to the angel's call to judgment, each soul will reunite with the body it vivified upon earth, and body and soul appear before Christ in general judgment. Since the body was the medium of virtue, and vice during life, it is but just that it will share in the eternal reward or misery.

"To-day," the reverend speaker said, "is man's day; it is a time when sin and crime stalk about unpunished. God's day, or the day of Christ's triumph, will be the last judgment in which punishment for sin and reward for virtue will be meted out in strict justice." Daily we say in the creed, "I believe that Jesus Christ sits at the right of His Father, and from thence He will come to judge both the living and the dead." It is the last judgment that is referred to here — a dread event that will be heralded by unmistakeable signs. "We have not to strain our imagination," said the speaker, "to picture the chaos and destruction that will precede the general judgment. The holy writers give us an abundance of references to it." St. John had a vision of that awful day, and he says: "Behold there was a great earthquake, and the sun became black as sackcloth of hair and the whole moon became as blood, and the stars from heaven fell upon the earth as the fig-tree casteth its green figs when it is shaken by a great wind," Apoc. vi., 19.

When all are gathered together, Christ will come in power and majesty, accompanied by His angels, to pass judgment. His appearance on that day will be in striking contrast to His first appearance among men. During His earthly life, commenced in helpless infancy, mercy and sympathy for human miseries were the qualities he displayed most amongst men. He talked and ate with publicans and sinners; He forgave and defended against their accusers those taken in sin when He saw the marks of repentance; He comforted the afflicted wherever He met them, going even so far as to make the very tombs give up their dead when He was moved by the sorrow of the mourners. These works of mercy were done to attract souls to truth, to induce them to believe and obey His divine law. His wrath against sinners was kindled only at rare intervals as, for example, when He drove the money-changers from His Father's house, or when He denounced the Scribes and Pharisees who were trying to undo His work. This was His season of mercy and is yet and will be till we cease to live upon earth. At His coming in general judgment the season of mercy will have closed and that of rigorous justice will have commenced. He will judge all His creatures who have ever lived—judge them, not according to the world's maxims and principles, but according to His commandments—according to the conscience of each.

His tribunal will differ far from earthly courts of justice. There will be no taking or sifting of evidence to see where guilt lies and the malice of sin committed. In a twinkling, His all-seeing eye will scrutinize the conscience of all His creatures, and masks that, during life, cloaked irreligion, uncleanness, unbelief and dishonesty will be torn aside, revealing sin in all its hideousness.

The sacrifice of Calvary, His Church divinely instituted to spread knowledge of His word through her preaching, and to dispense His grace through the sacraments — all this will be, on the last day, the confusion of the lost who ignored these means of salvation. "Let us so live," urged the reverend speaker, "that the spectacle of Christ's coming in judgment on the last day will be for us not a terrifying scene but one of consolation and peace—the beginning of a happy eternity."

SUCCESSFUL AT LAST IN SEARCH OF HEALTH

Toronto lady agreeably surprised by splendid results obtained from Dreco.

Dreco is daily growing in popularity because of its certain action on the organs of digestion. It succeeds where many other remedies fail. The case of Mrs. Elizabeth Hammer of 153 De Foe Street, Toronto, is typical in this respect.

"I constantly had a pain in my back from my kidneys and could hardly bend over without suffering" declares Mrs. Hammer. "My joints and muscles ached with rheumatism. My stomach and liver also troubled me quite a bit and I had dizzy spells and spots floating before my eyes. I was weak and my system was all run down and I most always felt tired out.

"Dreco has done more good for me than anything I have ever tried. The pain in my back is gone and I feel much better in every way. I now sleep well and am much stronger so I am glad to recommend Dreco to help others."

No case of this kind is to severe or long standing for Dreco to help. Let its corrective properties that come from, nature's roots, herbs, bark and leaves aid in restoring you to normal health and comfort. Dreco contains no mercury, potash or habit forming drugs and is enthusiastically recommended by every one who tries it.

Dreco is being specially introduced in Peterborough by Bond's Drug Store. It is also sold in Lakefield by E. H. Northey, and by a good druggist everywhere.

BABE RUTH EXPLAINS CAUSE OF HEAVY HITS

NEW YORK, May 25.—In the major leagues last year 97 players hit .300 or better.

Pitchers suffered in the campaign of 1922, it was an orgy of swat with the home-run habit predominating.

What was the biggest reason for the batting spree which the players indulged in throughout the season?

An inferior brand of pitching will, of course, be the first answer to the query. Pitching that was below standard very naturally was the cause of much of the hitting.

Why the inferior pitching?

Elimination of freak pitching, which robbed a great many pitchers of their stock in trade, is generally accepted as chief cause for the free hitting which featured last year's race.

While Babe Ruth didn't smash any records last year, as a matter of fact he was something of a bust in the swat line, what he thinks on the hitting feature of the game is always interesting.

"They can talk all they want to about cutting out the freak stuff, canning the spitter and the like, but keeping the ball clean has been the biggest handicap placed on the pitchers in years.

"You could give some pitchers a new ball and with one rub in their glove it was black. Any one knows it's easier hitting a base ball by day than night. Well, that explains it. Hitting at a black ball was just like playing baseball at night."

Looks as if there was considerable to what Babe had to say on the batting question.

The Bessie Butler On Her Way to Dry Dock.

LAKEFIELD, May 25. — Work on the Bessie Butler was continued all day yesterday, the boat being removed from the pier against which it was leaning and turned towards the locks. It is expected that it will be dry-docked for repairs.

A large number of people went up the lakes yesterday, prepared to spend the week-end there.

THEATRES

AT THE GRAND.

STARTLING REPORTS FROM OTHER CITIES.

The accompanying notes give the theatre-goers of Peterborough an idea of the calibre of the Cultural Vaudeville Circle, who open their final week of the season at the Grand on Monday:

Kingston Standard: The best vaudeville attraction ever presented in Kingston and every act a feature one.

British Whig, Kingston: One of the few companies who give everything that is clean and worthy of being called a show of refinement and classical programmes. Should be seen by every lover of good vaudeville.

London Free Press: Equals the Dumbells in every respect, and for high-class vaudeville, are the best to ever make their appearance in London. Will gladly welcome them back again.

Many other comments have come to Mr. Bickell, and it is needless to say that lovers of good music and high-class vaudeville will have their last chance of the season to see a company of artists of international reputation, who have pleased large numbers in every city they have played.

Their opening engagement begins on Monday next, and the plan opens on Friday. Secure seats early. Matinees will be given on Wednesday and Saturday. Watch Saturday's paper for fuller details.

Epic Entertainment

The Mack Sennett comedy "Down on the Farm", the feature picture at the Capitol Theatre which drew good holiday crowds yesterday, is rather a surprising but very entertaining affair. The "joys and thrills of rural life" are interspersed with the adventures of a love-lorn swain and his lady fair, in a manner that injects a certain element of farce into the realistic touches of farm life supplied by a variety of moving and still life pictures. The cows are milked and the poultry is fed, but not in the traditional manner. The lady who sows her spring garden is followed by a bevy of greedy geese, who snap up the seed, and the bucolic farm hand that milks the cow does it for the benefit of the thirsty trick dog, Teddy, one of the star performers in a picture that is a conglomeration of laughable, swift-moving episodes. Giggles a-plenty follow the course of true love in the case of the Farmer's daughter played by Miss Louise Fazenda, and her hectic romance. To escape from the landlord, who proposes to forget the mortgage on her father's property by marrying his daughter, the young lady concocts a wonderful letter that leads to many complications. The foiled suitor interrupts her marriage to the man of her choice, and the living fac-simile of the lover she has manufactured with the aid of a collar advertisement, steps in, searching for his lost baby. Pursued by the two rivals suitors and an enraged father, the innocent gentleman concludes he has invaded a 'nut' factory, and matters seethe to the boiling point, with much infuriated smashing of furniture and vigorous action in the mean time.

The interim bits of comedy are plastered on with a certain jig-saw effect, but the whole picture is a very interesting, laughable affair. The dog Teddy, the Cat Pepper, the little baby rescued by the dog in the nick of time from a whirling cataract, the episode of the geese and turkeys, add to the realistic atmosphere, and Marie Prevost, as another side-love of the fickle-minded landlord, in a tumultuous interval, with Ben Turpin as her husband, are minor items in a romping festival of rib-tickling laughter.

The music provided by the Capitol Orchestra for accompaniment to the main picture is excellent. The old-time tunes kept the audience tapping in time last evening, and fitted in splendidly with the spirit of the feature production.

There is a very good Sherlock Holmes episode "The Resident Patient," a mysterious affair involving a suicide under peculiar circumstances.

There are several short reels, one of the ingenious comedies "in mud", "The Foibles of Yesteryear," some beautiful photography in "Safe Anchorage," and an uproarious "fire man," comedy.

WEDDING BELLS

A very pretty wedding was solemnized in St. Andrew's Presbyterian Church on Thursday, May 24, at 3 p.m. when Annie Ethel, youngest daughter of the late Alexander and Mrs. Reid was united in holy bonds of matrimony to Mr. Bert Lockington, youngest son of the late Mr. William and Mrs. Lockington of Nassau. The Rev. Jas. Rollins of St. Andrew's church officiating assisted by Rev. Robt. Pogue of St. Paul's Presbyterian church, the church being beautiiully decorated with palms and cut flowers by Jordan Bros.

The bride was prettily attired in a suit of navy blue with hat to match and carried Ophelia roses and lily of the valley and was assisted by Mrs. E. F. Reid, who carried pink roses. Mr. E. F. Reid assisted the groom. Mrs. C. S. McClelland presided at the organ in her usual efficient manner.

The numerous costly and useful gifts received testify to the esteem and popularity of the young couple, who left immediately on a motor trip and on their return will reside at Nassau.

ROBINSON—GRAHAM

A quiet but pretty wedding took place yesterday morning at half past ten o'clock at Trinity church parsonage, when Rev. A. J. Langford united in marriage Myrtle A. Graham, daughter of Mrs. Mary Graham, 512 Bolivar street, and W. E. Robinson of this city.

The bride wore a costume of sand color with hat to match, navy cloak and fox fur. She carried ophelia roses and valley lillies, Miss Olive Graham and Mr. Charles Sharp witnessed the signing of the register, the former wearing navy dress, with sand hat and carrying bouquet of columbia roses. The bride's going-away suit was of navy tricotine, with navy hat.

After a buffet luncheon, at the home of the bride's mother. Mr. and Mrs. Robinson motored to Toronto A short honeymoon will be spent in Stratford and Buffalo, after which they will reside in the city. Numbers of beautiful presents testified to the esteem of a large circle of friends.

BARRIE— ARMSTRONG

The marriage took place at 11.30 yesterday morning, in St. Andrew's church, of Ethel, daughter of Mr. and Mrs. A. Armstrong, and Frank Barrie, son of Mr. and Mrs. W. C. Barrie, both of Peterboro. The ceremony was performed by Rev. J. Rollins.

The bride, who entered the church on the arm of her father, to the strains of the wedding march, played by Mr. Geo. H. King was stylishly attired in suit of navy tricotine with hat to match, fox fur, and corsage bouquet of roses and lillies of the valley. Her bridesmaid, Miss N. Grange, wore a navy suit and hat to match, and bouquet of roses and valley lilies. Mr. M. Sloane supported the bridegroom. During the signing of the register Miss Ernestine McManus, in sweet high voice, sang very prettily the solo, "Until."

Mr. and Mrs. Barrie left on the noon G.T.R. train for Detroit. They will reside in Peterboro.

Society

Mrs. Walter Breigel and her little daughter, Elizabeth, are at the home of Mrs. Breigel's father, Mr. M. Mowry, Charlotte street, having been called owing to a painful strain to her sister, Miss Cora Mowry.

Miss A. Grace Conway, of this city, was one of the graduate nurses receiving diplomas at the graduating exercises of the Training School, Hospital for Sick Children, at Toronto, on Tuesday evening.

Mrs. H. Smith and son Donald, of Port Hope, were in the city yesterday attending the Barrie-Armstrong nuptials.

Miss A. Sanderson is spending holidays with friends in Toronto.

Mr. F. D. Kerr, K.C., president of The Ontario Bar Association, was in Toronto on Wednesday attending a meeting of the Council of the Association. In the evening the members of the Council were the guests of Mr. Kerr at dinner at the Ontario Club.

Mr. Joseph Meyers of Woodstock, is a visitor in the city. Mr. Meyers is a son of Mr. J. W. Meyers.

Mr. and Mrs. Edgar Worth and family leave to-day for California, where they will reside in future. They are accompanied by Miss Blanche Worth.

Miss Belle Morgan, East City, has returned from a visit with relatives in Toronto.

Among the mourners at a recent funeral in the Isle of Wight was the dead man's pony.

GREECE TODAY OPENLY RUSHING MOVEMENTS FOR WAR WITH TURKS

All Officers and Troops Hurriedly Called in from Leave, and a Feverish Atmosphere is Pervading the Greek Capital.

TURKS PREPARING

LONDON, May 26. —(Special.) — The Turco-Greek controversy, which it was feared might result in hostilities, has been settled.

ATHENS, May 26.—(Special.) — Preparations for war are being openly rushed by Greece to-day, as only a few hours remain until the ultimatum handed the Turks at Lausanne expires.

Officers and troops have been hurriedly called in from leave. The feverish atmosphere of the Greek capital is stimulated by the constant reports of counter preparations for war on the Turkish front at Maritza. The Angora troops are being hurriedly concentrated on the Tchataldja line .Turkish women are children are said to be fleeing from Adrianople in fear of the contemplated Greek advance.

General Uncertainty.

At Lausanne Ismet Pasha gave no inkling of the Turkish position on the threatening Greco-Turkish reparation problems prior to the session of the conference set for 3.30 o'clock this afternoon, and the general uncertainty created a tense atmosphere.

REV. AND MRS. G. E. ROSS ENTERTAINED THE CHOIR

A most delightful evening was spent at the Mark Street Parsonage after practice last night, when Mrs. (Rev.) Ross entertained between twenty and twenty-five of Mark Street choir. The evening was spent in games, contests and music, which were greatly enjoyed by all present.

At about 11 p.m. refreshments were served by Mrs. Ross, after which the young people, expressed the real pleasure which the evening had afforded to each and all.

Mr. V. Boorman, on behalf of the choir, thanked the host and hostess for the happy evening provided, and hoped that many more such gatherings would be enjoyed together in the future. The gathering broke up about 12 o'clock, after singing the National Anthem.

INDUSTRIAL FEDERATION WILL GUARANTEE LOANS

LONDON, May 26 (Canadian Press). — It is stated that the Federation of German Industrialists has informed the German Government that members of the Federation are prepared to give the requisite guarantees for international loans for reparation purposes, says a despatch to Reuter's from Berlin to-day.

FOUND GUILTY THEFT BONDS

Findlay McLeod, Sr., Declares He Found $100,000 Worth of Securities in Garbage Heap.

TORONTO, May 26.—(Canadian Press).—Findlay McLeod, Sr., was to-day found guilty by a jury of receiving stolen goods, namely victory bonds stolen from the mails to the value of $100,000 He had been charged with theft of the bonds, but in his evidence yesterday he claimed he did not actually steal them, but picked them up in a garbage heap after he had seen some unknown man place them there. His wife and son, Findlay McLeod. Jr., also charged with theft were exonerated by the jury.

Findlay McLeod, Sr., will be sentenced on Tuesday and Judge Coats worth pointed out that if restitution were made in the meantime it would ameliorate his sentence.

All but $7,000 of the bonds have been recovered.

SUMMER POLICY AT THE ROYAL

To Remain Open Afternoon and Evening Daily

Mr. Pappas announces that now that his lease on the Grand Opera House has expired he will devote his entire attention to the Royal Theatre, aiming to make it one of the best amusement places available in Peterborough during the summer

Mr. Pappas intends to present even better motion programs at the Royal this summer than he has previously, and at the same low prices. The theatre will be open both afternoon and evening daily throughout the summer, and as it is very cool and well ventilated should make an ideal place to spend an afternoon or evening on warm summer days.

To-night's program at the Royal featured by Peter B. Kyne's "Kindred of the Dust." is well worth seeing.

INVITATION EXTENDED TO LECTURE AND TEA

The last open meeting of the Well Babies' Clinic for this year will be held next Tuesday in the G.W.V.A Hall when Dr. G. R. Scott will speak on useful hints on the care of infants.

As this is the closing lecture for the season, and as the lectures have been unusually interesting and accurate, a large attendance is expected. Mothers bring your babies to be weighed.

The King's Daughters will serve tea. Mrs. F. C. Neil will preside. Free to all.

GRANDSON OF ROSS DEAD.

BELFAST, May 26.—(Associated Press.)—The death of Coolnel Edmund Ross of Bladnsburg, who died recently at Bournemouth, is linked with a memorable event of American history. It was his grandfather, Major-General Robert Ross, who defeated the small American force at Baldensburg, Maryland, in 1814 and marched on to the capture of Washington. As a result of his victory, General Ross and his family were allowed to describe themselves as of Bladensburg .

MAY RESTORE THE CHINESE BOY EMPEROR

Believed Regular Army Would Join a Movement to This End — Political Turmoil Grows.

SITUATION GRAVE

LONDON, May 26. — (United Press.)—Events point to a Chinese revolution, the London Daily Mail correspondent in Peking wires. It is believed the regular army has consented to join the movement to restore the boy Emperor. The situation was brought about by the political turmoil arising after the capture of foreigners and Chinese by Shantung bandits.

Outlaws Desperate.

The plight of the Shantung outlaws, who are holding foreign prisoners in a mountain top camp, is "desperate," according to reports of messengers to Peking to-day. Efforts have been made by the brigands to break through the cordon of government troops surrounding them. Nothing definite is known of the fate of the captives. In the face of their threats to kill the prisoners unless the troops are withdrawn, the government forces are briskly attacking the bandits' defences.

J. B. Powell, newspaperman, who was released on parole to bring out a message from the outlaws, told the diplomats he believed there is no hopes of saving the captives unless the troops are withdrawn. Powell emerged from the wilderness wearing a beard, grown since his capture.

ONTARIO TO HONOR NOTED HYMN WRITER

Memorial Erected to the Author of "What a Friend We Have in Jesus."

PORT HOPE, May 26.—Joseph Scriven, author of the famous hymn, "What a Friend We Have in Jesus," will be honored here on Sunday, when a memorial will be unveiled here by J. W. Curry, K.C., Toronto, representing the Lieutenant-Governor of Ontario.

A short impressive service will be held at King's Corners, where the re-erection unveiling ceremony will take place at 3 p.m., standard time. A large memorial service will be held at the cemetery on Pengelley's farm, on the shore of Rice Lake, where the noted hymn-writer is buried.

Many speakers will take part in the ceremonies, and Oliver Hezelwood, secretary - treasurer Social Service, Toronto, will preach the memorial sermon. A history of the life of Joseph Scriven will be given by Rev. D. S. K. Byrne, D.D.; addresses by Rev. C. S. Applegath and others. Madame Couttis-Bain, noted Scottish vocalist, will render solos.

PLANS FOR COUNTY BRIDGE RECEIVED

Undertaking Reported Deferred for Consideration at the June Session.

The plans for the new county bridge at Lakefield have been received from A. W. Connor, of Toronto, the county's engineer, but no action has been reported from the special committee other than an understanding to ... proceeding with the project until the June session of the Council. It has been stated that the bridge would cost very considerably more than the figure first quoted, and there have been some doubts expressed as to whether the proposed construction will meet with the same unanimity when the plans are under discussion at the statutory sessions here next month.

TO THE GRAIN TRADE

The Chicago Board of Trade accepted the application of Nelson & Martyn, Brokers, for a CONTINUOUS SERVICE on all Chicago Grain and Produce markets. This wire is the ONLY service in Peterborough of its kind. It speaks well for the standing of Nelson & Martyn to have the privilege of obtaining this service as the Chicago Board is very discriminating in its distribution of service. 1d-124

In Iceland men kiss when they meet, but a man rarely kisses a woman.

MADE CZECHO SLOVAKIA THE HAPPIEST COUNTRY

New Czecho Minister to United States Played Prominent Part in Rejuvenation of Little Republic —Virile, Aggressive and Optimistic

VANCOUVER, B.C., May 26.—(Special).—A splendid example of the virility and optimistic aggressiveness which has brought the sturdy little republic of Czecho-Slovakia out of the past war chaos of middle Europe arrived from Japan on the Canadian Pacific S.S. Empress of Australia to-day, in the person of Dr. F. Chvallaisvky, newly appointed Czecho minister to the United States, the young ambassador has just concluded three years as Czecho minister at Tokio and during his term of office has taken a prominent part in settling the commercial treaty between his country and Japan where by the little republic as been received on the basis of the most favored nation and in Japan will find a realty market for two chief products, namely textiles and hops, to President Nasaryk one of the prominent figures in the old Austrian Parliament, Dr. Challaissvky attributes the past flourishing condition of the Czecho Slovakian republic which he was proud to declare and describe as the happiest country in the world to-day the Czecho minister left for Washington this afternoon on the Trans Canada via Moosejaw and Chicago.

PETERBORO CITIZENS SHOWER APPLAUSE ON QUEEN OF THE PIANO

Seven Hundred and Fifty Music Lovers Assemble in Grand Opera House to Tender Farewell Honor to Agnes Logan.

MUSICAL TRIUMPHS

(By Jeannette.)

The Farewell Concert for Agnes Logan under the auspices of the Conservatory of Music held last evening in the Grand Opera House, was an unqualified success. The main floor and first balcony were filled almost to capacity, making a total of about seven hundred and fifty of the citizens of the city who, in this way showed their appreciation of the young girl who has added so much to Peterboro's credit abroad and at home and of the competing artists at the recent Toronto Festival.

"You are here to do honor to yourselves and your city by doing honor to some eminent and skilful citizens of that city," said Judge Huycke last evening, in a brief speech in which he dubbed Miss Logan as 'the queen of the piano in Peterboro." Reviewing the musical triumphs of Peterborough soloists and orchestra at recent Musical Festival, His Honor remarked, "a great deal of the success of Peterboro's citizens in that competition is undoubtedly due to the musical genius and the splendid enthusiasm of Mr. Rupert Gliddon."

Judge Huycke read the telegram received from G. N. Gordon, K. C., M.P., at Ottawa, regretting his inability to be present last evening.

Miss Logan

Applause greeted every number of a programme that was pleasing and varied, particular enthusiastic response being accorded the triple num bers of Miss Agnes Logan. The general atmosphere of friendly appreciation seemed to bring out at its best the ability of each performer.

As solos, Miss Logan played the two test pieces in the Musical Competition Festival; Chopin's "Barcarolle," and Debussy's "Reflections in the Water." the first in Chopin's romantic style with its quick transitions of mood from dreamy, smooth legato to sharply accented intervals. The second composer, Debussy, is a favorite of this young musician, whose spiritual style in playing seems suited to the finely-spun melodies and fragile elusive harmony of this intricate, soft, descriptive music, with its quick, light arpeggios and gradual quickening in tempo and rhythm. The applause which followed brought Miss Logan back to give another brief number.

The heights to which hard work and natural ability have already brought the young performer were perhaps evidenced most strongly in playing of the allegro movement from MacDowells "Concerto in A. Minor," with second piano accompaniment by her teacher, Mr. Carlos Buhler. This was the selection which received so much commendation when played by Miss Logan and her teacher at Convocation Hall in Toronto. Like most of MacDowell's music the melody is vagrant. Fleeting glimpses are vouchsafed between heaped-up webs of related sound, and there is a hard brilliance about the movement that requires a high degree of technical skill to make pleasing. Miss Logan, however, appears undaunted by any difficulties, and her ease in playing, her wonderful powers of memory, her evident absorption in her interpretation of the composer's individuality, make her rendition of the most difficult music a thing of delight. The faculty of being able to make her listeners forget the player and hear only the lovely music, the projection of the composer's mood to an audience through a skilful human instrument, unmarred by mannerism, is one of Miss Logan's strong

(Continued on page 10.)

SCORED A SUCCESS

MISS AGNES LOGAN
Who was the subject of a farewell concert last evening.

REGINALD M'KENNA A GREAT FINANCIER

His Addition to Prem. Baldwin's Cabinet an Outstanding Incident.

LONDON, May 26.—(Canadian Press).—Prime Minister Baldwin's capture of Reginald McKenna as prospective Chancellor of the Exchequer, is viewed by morning papers as an outstanding incident in the new Premier's cabinet-making. There are signs that die-hard conservatives had their misgivings about the direction in which Mr. Baldwin is leading his party when he announce, his intention of admitting to the cabinet a politician who sat in the house of commons for 23 years as a Liberal, and who never definitely recanted Liberalism, although he supported Conservatives when the coalition fell.

Moderate Conservatives are, however heartily pleased at the prospect of adhesion of a man regarded as one of the greatest living British financiers and Mr. Kenna's willingness to serve is hailed as a most significant sign in the trend of political opinion.

WHAT ADVERTISING DID FOR TWO LOSERS

Almost Immediate Returns From Lost Advertisements in Examiner.

LOST—GOLD WRIST WATCH — Octagon shaped, initialed V.I.C. between George street and Chamberlain street via Bethune. Finder please leave at the Examiner. 3d125 1731

LOST—AN AUTOMOBILE TIRE on Water Street. Finder leave at The Examiner Office. Reward. 2d-123-1723

The two advertisements shown above appeared in last evening's Examiner. The tire was brought in on Friday evening and the watch on Saturday morning. You do not take much of a chance when you advertise your lost, wanted, or for sale articles in The Examiner, and the cost is very small.

BLOT OUT LINE THAT DIVIDES EAST AND WEST

Hon. R. J. Manion Struck Note Optimism — Canada Needs Immigration and Canadianism.

A BRIGHT FUTURE

Increased population
Greater optimism
Better Canadianism

"These form the solution of Canada's problems," said Hon. Robert James Manion, member for Fort William and Rainy River, in his address to the Kiwanians yesterday evening, the occasion being ladies' night. There was a good attendance, and the audience was appreciative of the eloquent discussion of some of Canada' problems by Dr. Manion.

"Canada's first problem is a geographical problem. Because of the immensity of the country and the scarcity of the population the people are divided into sections and each section has its own problems and its own industries. There are five important sections in the Dominion, from the maritime provinces with their fishing and shipping to British Columbia with its fruit growing and lumbering.

The second problem is a financial one. Due to the war Canada owes seven or eight times as much as she did before the war. The per capita national debt of Canada is $250, but even this might be worse, Dr. Manion pointed out. Great Britain owes three times as much.

When provincial and municipal taxes are added to the federal tax the problem becomes a very difficult one.

Third Problem

Canada's third problem is the railway situation. The people of Canada built three trans-continental railroads where two would have been quite enough. The bright spot in this situation, said the speaker, was the great development of the resources of the country brought about by these three roads. Another feature is that although the country carries a large deficit on the National Railroads it pays out more in wages every year than the amount of the deficit.

"There is one cure for the three problems" Dr. Manion stated, "and that is a greater population." There are in Europe millions of people who are anxious to come to such a free land as Canada to live. We must make sure we get the right kind of immigrant. This country requires people with healthy bodies and healthy minds—it is not a country to which unfits should be sent." Dr. Manion stated that up to 1880 the immigrants who came to America came from north-western Europe and most of them were ideal settlers, but now the condition is reversed, and immigrants are coming from south-western Europe who are not so suitable. There are many people in central Europe who will make good settlers, and this is a good opportunity to get as many as possible of the right kind of settlers.

Exodus to United States

The exodus to the United States was touched upon by the speaker, who stated that during the past winter as many as ten thousand a month made their way over the border. The explanation of this is the greater opportunities that are offered to young men in the United States on account of its highly developed industries. A part of the exodus was caused by the building boom in certain parts of the neighbouring country, but the speaker thinks a great many of the people who were drawn away by this will make their way back to Canada when the boom ceases.

Another attraction across the line is the climate. Climatic conditions in this country make living very expensive.

"Conditions have not been good " Canada during the past few years Dr. Manion said. "Agricultural prices have deflated quicker than other products. Until the prices of industrial products and the price of labor come down to pre-war prices as wheat has already come down, the farmers in Western Provinces have a difficult problem

The high cost of manufacturing and distributing goods is holding back this country."

Due to these conditions the farmer has become very pessimistic, and Dr. Manion remarked in this connection on the speeches made by the western members during the session. Reviewing the world conditions, the speaker showed that while Canada has had depressed conditions the country has been much better on the whole than other countries in the world.

"We should insist on the changes being made through the proper evolutionary channels, and not through revolution" he said. "The change should not be made by tearing up the present conditions by the roots. I do not think it is conductive to good Canadian development to be always shouting our troubles from the house tops.

I do not wish to be quoted as criticising the farmers, but I do think they are too pessimistic."

Dr. Manion mentioned the wonderful resources of Canada, showing this country to be outstanding among the nations in deposits of coal, gold, silver, pulpwood and water power, and pointing out that there is no cause for despondency if the people will pull together for the good of the country.

The lines of Kipling should be scrapped, he said, which read "East is

(Continued on Page 10).

LIBERAL CONVENTION DREW LARGE CROWD TO HEAR THE RESULT

Nominations Delayed Until After Some of the Addresses—G. N. Gordon, M.P., Was the First Speaker.

DOMINION LAWS

J. J. Hartley, President of the Liberal Association of West Peterborough in opening the Liberal Convention here this afternoon said he was not in favor of group government, and he believes that the elected member should represent all the people.

G. N. Gordon, K.C.M.P., referred briefly to Federal achievments of the Liberal Party. Although handicapped by a small majority, there have been some things done that were absolutely necessary but had never been attempted before. Among these Mr. Gordon mentioned the constitution of a wheat board. There is no part of the country that has suffered so much by reason of the chaotic conditions as the farming community. They are suffering even to-day, and that is the reason they organized the Progressive Party and elected men whom they thought would be posted along the lines they wanted corrected.

The speaker stated that the Wheat Board had nothing to do with enhanced prices.

During the last session, he said, we have succeeded in enacting legislation preventing book-making news being circulated through the press. The narcotic drug act has been enacted preventing the sale of drugs. We are amending the pension act, There are many cases of tuberculosis and insantity and other diseases that have developed five years after the men were discharged, and as the act prevented receipt of a pension after 2 years, these men were unable to substantiate their claims which were bona fide war disabilities.

For the first time in a hundred years we have Chinese exclusion, Mr. Gordon said. For years the Conservative Government had talked of making a change, but in the days when Mr. Hart was a member of a Liberal Government the head tax was increased from $100 to $500. To-day under the stringent Act passed by the present Government Chinese are excluded on the grounds that this should be a white man's country. The only exceptions are Chinese importers and exporters who are engaged in business, and who come here temporarily; and those Chinese who are qualified to attend a university and who come to Canada for that purpose with an academic standing equivalent to that of a graduate of our Collegiate Institutes.

Mr. Gordon referred to the amendment to the Fair Wage regulations, by which the wage scale on Government contracts shall be equal to the wages paid at the source from which that labour is drawn.

The speaker reviewed other beneficial acts which the Liberal Party had been instrumental in having passed. He bespoke for the candidate, whoever he might be, the whole-hearted support of the Liberals of West Peterborough.

LANGUID NOTE LOCAL MARKET

Hot Sun Slowed Up the Buying and Selling Operations — Prices Unchanged.

The hot sun of this morning gave a rather languid note to the buying and selling operations on the farmers' market. The sudden warmth beat down on humans and beasts alike Only the pigs were sheltered from its rays, panting creatures huddled together in crating boxes. A group of large-sized Yorkshires, eight in all, were sold for $65 small animals were $5 apiece, and those of medium growth were $12 and $13 a pair. The auctioneers, whose powers in cold or heat never seem to grow less waxed enthusiastic over the merits of spring beds and briar pipes, to a singularly unappreciative crowd Over in the corner, a raw-boned chestnut horse with a blind eye. was up for sale, a single load of hay was offered for $14, and another horse, attached to a delivery rig, was anchored by means of a slender rope and a brick placed inside the spokes of another vehicle directly ahead.

Potatoes were fairly plentiful on the open market this morning, the Delaware, and Irish Cobblers selling at $1 a bag, and there was a fresh note in the rhubarb and green onions at five cts a bunch, in the asparagus at 15 and 20 cents, the raspberry shoots and the green of flower and vegetable plants. Cauliflower and cabbage plants were 20 cents a box phlox 20 cents, foliage 40 cents.

Apples were selling on the curb; Spys at 50 cents a peck, Ben Davis and Gainos and Graham's Gold at 20 and 25 cents.

Upstairs, there were plenty of butter and eggs, the former selling anywhere from 30 to 38 cents per pound, the latter at 26 27 and 28 cents per dozen. A lone fourteen-pound turkey was 30 cents a pound, and the few fowl visible were 30 and 35 cents in varying ages. White beans were 15 cents a quart.

In a corner, a little lad had bunches of buttercups and trilliums, at five cents apiece, and a young man appeared to be doing a brisk business in sale of the Holy Bible. His supply ranged from little, board-bound Testaments at 8 and 15 cents apiece, to large, complete volumes in limp leather at $2.90.

The open season for babies on the market has evidently commenced. They were more noticeable than usual this morning, small limp warm things clinging to tired-looking mothers who talked about prices of butter and eggs in between attentions to the small fretful mites. Downstairs, a mother collie, harnessed to a light cart, watched with eager eyes the progress away from her of her last little brown puppy's

WINNER OF CUP.

MONTREAL, May 26. Canadian Press. — Edgar Wendell Holden of Frelighsburg, Que., fourth student year in the faculty of agriculture, McGill University, is announced as the winner of the Sir Edward Stern challenge cup.

Emma Saunders of Vancouver passed with second class honors in the final year of the course leading to the degree of Bachelor of Household Science.

RUSSIAN FARMERS LAND.

QUEBEC, May 26.—Among the Canadian Pacific Empress of Britain's passengers when she docked here, there were twelve Russians, all of the farming class, booked for Winnipeg for distribution under the new C. P. R. colonization scheme.

NON-STOP FLIGHT TODAY FROM TEXAS TO CANADA

HOUSTON, Texas, May 26.—(Canadian Press).—Lieut. Harrison G. Crocker of Kellyfield, San Antonio, Texas, hopped off from Ellington field here at 5.21 a.m. (Central Standard time) for his proposed non-stop Gulf to Canada flight. He expects to land at Selfridge field, near Detroit, Mich., by 7 p.m.

BARRAGE OF BOTTLES.

BOSTON, May 26 (Canadian Press) — In his wrestling bout with George Calsea here last night, Wladek Zbyszko went under a barrage of bottles and other missiles when Calsea claimed that the Pole had bitten him on the left wrist, and the referee awarded him the bout.

The Pole had one fall on his adversary. One of the missiles thrown at Jbyszko was a razor.

DR. ROSS RESIGNS.

KINGSTON, Ont., May 26. — (Canadian Press).—Dr. A. E. Ross, M.P. for Kingston, who has been superintendent of the Kingston General Hospital for several years, has resigned that position in order to take up private practice. Dr. Ross tendered his resignation before and after his election but the governors prevailed on him to stay.

Food experts say farmers are poor eaters, but an expert of any kind is liable to say anything.

Toronto cop says his wife never voluntarily kissed him. Sounds like resisting an officer.

NOTICE TO CREDITORS

In the Matter of the Estate of Margaret Dupreu, Late of the City of Peterborough, in the County of Peterborough, Widow, Deceased.

NOTICE is hereby given pursuant to Section 56, Chapter 1921, R.S.O. that all persons having claims or demands against the estate of the said Margaret Dupreu, deceased, who died on or about the 11th day of April, 1923, are required to send by post prepaid or deliver to the undersigned executor, or to the undersigned solicitors, on or before the 15th day of June, 1923, their Christian and surnames and addresses with full particulars in writing of their claims and statements of their accounts and the nature of the security, if any, held by them, duly verified by statutory declaration.

AND TAKE NOTICE that after the 15th day of June, 1923, the said executor will proceed to distribute the assets of the said deceased among the parties entitled thereto, having regard only to the claims of which he shall then have notice, and said executor will not be liable for said assets or any part thereof to any person or persons whose claim shall not have been received by him or by his solicitors, at the time of such distribution.

DATED this 5th day of MAY, 1923.

George Oliver Dupreu, Executor.

By Gordon & O'Brien, 359 George St., Peterborough, Ont., His Solicitors.

5d-5-12-19-26-2-2015.

In the Supreme Court of Ontario

Pursuant to an Order of Reference dated the 19th day of February, 1923, in an action in the Supreme Court of Ontario between David Alexander Smeall and Richard Smeall, Plaintiffs, and Robert Maxwell Dennistoun, Margaret Dupreau and R. J. Bird by original action and between David Alexander Smeall, and Richard Smeall, Plaintiffs and Robert Maxwell Dennistoun, R. J. Bird, and George Oliver Dupreau Sole Executor of Margaret Dupreau by Order to continue, the Creditors of John Thompson Bird late of the City of Peterborough in the County of Peterborough, who died on or about the eleventh day of August A.D. 1886 and all others having claims against the said John Thompson, Bird, deceased, are on or before the fourteenth day of June A.D. 1923 to send by post prepaid to Edward Armour Peck, Esquire, of Peterborough, Solicitor for the Defendant Robert Maxwell Dennistoun, the surviving Trustee of the Will of the deceased, their Christian and surnames, addresses and descriptions, the full particulars of their claims, a statement of their securities and nature of the securities if any held or in default thereof they will be peremptorily excluded from the benefit of the said Order.

Every creditor holding any security is to produce the same before me at my Chambers in the Court House in the City of Peterborough on the fifteenth day of June 1923 at two thirty o'clock in the afternoon being the time appointed for the adjudication of the claims.

DATED this 14th day of May 1923.

BUT FEW CHANGES IN CABINET OFFICIALS FOR BALDWIN GOVERNMENT

Lord Robert Cecil Will Be Lord Privy Seal and Reginald McKenna Is Chancellor of the Exchequer.

STRONG GOVERNMENT

LONDON, May 26 (Canadian Press). — The new adminstration was completed last night, and is in readiness to meet Parliament, which reassembles on Monday.

The official list of the Cabinet and other officials issued last night shows the substitution of Lord Robert Cecil as Lord Privy Seal for Andrew Bonar Law, who had held this portfolio in addition to the Premiership, and the promotion of Mr. Bonar Law's secretary, John C. C. Davidson, to a place in the Government, as Chancellor of the Duchy of Lancaster.

There also have been a few changes in minor offices of the Government, but otherwise the men guiding the country's destinies are the same as those who had this task in hand before Mr. Bonar Law tendered his resignation

The British Ministry, headed by Stanley Baldwin as Prime Minister, is as follows:

Prime Minister and First Lord of the Treasury, Leader in the House of Commons, and Chancellor of the Exchequer—Stanley Baldwin.

Lord Privy Seal—Lord Robert Cecil.

Lord President of the Council — The Marquis of Salisbury.

Lord High Chancellor—Viscount Cave.

Secretary for Home Affairs—Right Hon. W. C. Bridgeman.

Secretary for Foreign Affairs and Leader in the House of Lords—The Marquis of Curzon.

Secretary for the Colonies — The Duke of Devonshire.

Secretary of State for War—The Earl of Derby.

Secretary of State for India—Viscount Peel.

Secretary of State for Air — Right Hon. Sir Samuel Hoare.

First Lord of the Admiralty—Sir Philip Lloyd Greame.

President of the Board of Health —Neville Chamberlain.

President of the Board of Agriculture—Right Hon. Sir Robert A. Sanders.

Secretary for Scotland—Viscount Novar.

President of the Board of Education—Right Hon. E. F. L. Wood.

Minister of Labour—Right Hon. Sir Montague Barlow.

Financial Secretary of the Treasury—Sir William Joynson-Hicks.

The foregoing constitute the Cabinet Other members of the Government are as follows:

Minister of Pensions—Right Hon. Major G. C. Tryon.

Chancellor of the Duchy of Lancaster—John Colin Campbell Davidson.

First Commissioner of Works — Right Hon. Sir John Baird.

Attorney-General—Right Hon. Sir Douglass Hogg.

Solicitor-General—Sir T. W. H. Inskip.

Paymaster-General—Major Archibald Boyd Carpenter.

Lord Advocate for Scotland—William Watson.

Solicitor-General for Scotland — F. O. Thomson.

Stanley Baldwin, the new Prime Minister, in assuming the post of head of the Government, had two objects in view; first, to secure a stronger Government than that under Bonar Law; and second, if possible, to reunite the Conservative Party. To some extent he is considered to have succeeded in his first purpose, but to have entirely failed in the second. None of the Conservatives who "went into the wilderness with David Lloyd-George," when the Coalition Government collapsed, have seen their way to enter the Government. All negotiations with this aim with Sir Robert Horne and Austen Chamberlain failed, apparently because, although Sir Robert seemed willing, the others were disinclined to acquiesce unless all could enter together, and the "die-hard" section of the Conservatives obstinately refused to have anything to do with Lord Birkenhead.

Mr. Baldwin, nevertheless, has succeeded in the popular belief, in strengthening his Government in a somewhat unexpected manner. In the first place he has secured Lord Robert Cecil, who, while holding the sinecure position of Lord Privy Seal in order to permit him to continue his work for the League of Nations, will prove a great accession to the debating strength of the Government. In the second place, he has obtained a promise from Reginald McKenna, the famous head of the great City and Midland Bank, to take over the Chancellorship of the Exchequer a few months hence, should Mr. McKenna's health permit this.

When Mr. Baldwin failed to secure Sir Robert Horne for the Chancellorship, he invited Mr. McKenna, who was a member of the Asquith Administration, but lately has shown signs of veering towards the Conservative side of politics, to accept the portfolio.

Mr. McKenna is just recovering from an illness, and he has promised to join the Government at the end of two or three months, provided his health has reached a satisfactory state. This promise of Mr. McKenna will greatly enhance the Government's prestige in all financial and commercial circles.

Meanwhile Mr. Baldwin holds double office in order to pilot his Finance Bill through the remaining stages of Parliament. He has appointed the former Postmaster-General, Sir William Joynson-Hicks, as Financial Secretary of the Treasury, and Sir William will greatly aid him in his duties as Chancellor of the Exchequer until Mr. McKenna is able to assume the portfolio. The post of Postmaster-General for the present is left vacant.

Mr. McKenna is not a member of the House of Commons. He did not seek a seat in the last general election, although he delivered addresses in support of the Bonar Law Government. If he takes office in the autumn, as expected, he will need to enter Parliament, and probably will be provided with a seat in one of the City of London constituencies where his election would be certain.

Mr. Bonar Law's former secretary, Mr. Davidson, who has been promoted to a position in the Government is spoken of as an able and promising man. The new administration, aside from any influence that Lord Robert Cecil's appointment may have, is a mere repetition of previous administration, and its success or failure will depend on the personality of Premier Baldwin who has shown spirit of independence in seeking to strengthen the administration from the outside in directions which it is considered must have been little relished by the die-hards whose nominee Mr. Baldwin was supposed to be.

It is in the realm of foreign politics that the new ministry will be most closely watched. Here Mr. Baldwin is a new and untried man, his previous offices as president of the Board of Trade and Chancellor of the Exchequer having limited his activities to commercial and financial matters. Nothing is known of how he will deal with questions like relations with France, Germany, Russia, and Turkey.

The appointment of Lord Robert Cecil is considered to bind Great Britain closer than ever to the League of Nations.

Lord Curzon remains in the Foreign Office, thus ensuring in a great measure a continuation of his foreign policies. But much will depend on how far the new Premier gives him the lead in foreign affairs. Some of the Liberal critics seem to foresee friction between Lord Curzon and Lord Robert Cecil. It is now believed that Mr. Bonar Law's health prevented him from taking as strong a line on foreign affairs as he might have wished, and on the whole Mr. Baldwin's ministry is considered to have better chances than did that of his predecessor.

An honours list issued last nigh: bestows honours on Mr. Bonar Law's physicians and private secretaries.

"CITY MOTHERS" ONLY IN MAQUON.

Maquon. Ill., claims to be the only American town with a complete set of feminine municipal officers. These women, all married were opposed by an all-men's ticket, and won out easily Left to right they are: Mrs. Elsie Hartsook, Mrs. Maude Howard and Mrs. Susie Simkins, aldermen, and Mrs. Sarah Bearmore, mayor.

BRITISH NOT TO BREAK WITH REDS

New Government to Begin Career With Few International Problems

LONDON, May 26.— (Canadian Press.)—Great Britain has decided that there shall be no break with Russia. It is held in diplomatic circles that while the last note from Moscow is in some respects not wholly satisfactory, the remaining points in dispute with the Soviet Government are susceptible by solution by negotiation.

The Government of Prime Minister Baldwin, it is known, desires to begin its career hampered by as few international problems and controversial political issues as possible. If Leonid Krassin, Soviet representative here, succeeds in having the Moscow government compromise on Lord Curzon's reiterated demand for withdrawal of Russian political agents abroad, whose actions have offended Great Britain. It is believed British foreign secretary will inform Krassin when he calls at the foreign office next week, that Great Britain is disposed to discuss with him or another appointed plenipotentiary, the whole subject of Anglo-Russian relations at conference to be called in London in the near future.

NOMINATION OFFERED TO SIR ADAM AT LONDON

LONDON, Ont., May 26.—(Canadian Press.) — Conservatives of London at their convention held in the Masonic Temple last night, tendered the nomination to Sir Adam Beck as a candidate to fight the battle of municipalities for the wresting of Hydro-Electric power interests of the people from the political interference and vicious domination to which they have been subjected by the Drury administration.

An anti-knock gasoline has been perfected which will get some knocks if it costs much.

ROGERS' WEAPON REAL AUTOMATIC

No Dummy With Which North Bay Bandit Held Up Court.

NORTH BAY, May 26 (Canadian Press). — The escape of Leo Rogers from custody is likely to cause a shake-up in the law enforcement organization of this district.

Provincial Constable Altman has already been dismissed for breach of regulations, and the appointment of a new sheriff is also said to be on the slate, as well as the appointment of a Provincial sergeant of police.

It is very likely, according to the statement of Commissioner of Police Gen. Williams, that the Government will consider a grant to the family of the late Fred Lefebvre.

Instead of a dummy revolver, the fugitive desperado actually waved a real automatic weapon in the face of the Court Room officials the day he made his sensational escape from custody

This new light is thrown upon the case by the report of the North Bay jailer now in the hands of the Provincial Secretaory.

PRESIDENT SUICIDED

WINNIPEG, May 26.—(Canadian Press.)—Max Hoffman, president of the defunct firm of Max Hoffman and Co., which failed about two months ago with liabilities of about fifty thousand dollars, committed suicide here yesterday by shooting himself through the head in the cemetery.

THREATEN A RIOT IF UNION JACK CARRIED

NEW YORK, May 26.— (Canadian Press.)—Anti-British agitators who intimated that they participated in the demonstration some months ago that broke windows in the Union League Club, have notified the British World War Veterans' Society that they will cause a riot if the Union Jack is carried into St. Patrick's Cathedral Sunday afternoon to the memorial service for the war dead. However, an old ruling which prohibits carrying of any but a United States' flag into the Cathedral has been uncovered and no attempt will be made by Britishers to carry their national emblem.

The memorial service is an annual event of the American Legion in connection with Memorial Day and service parades.

PASSES AWAY IN HAWAII.

HONOLULU, May 26.—(Associated Press).—The recent death of Sister Bonaventura reduced to one the number of survivors of the party of seven members of the Order of Franciscan Sisters who arrived here in April, 1883, as the first persons to devote their lives to alleviating the sufferings of the inmates of the Kalaupapa leper settlement on the island of Molokai.

Sister Bonaventura, whose secular name was Agnes Carrier, was a native of Syracuse, New York, the mother home of the Order of Franciscan Sisters. She was 79 years old.

The only survivor of the party, Sister Crencia, is living now at the Bishop home, at Kalaupapa. The other five sisters—Marianne, Remata, Rosalia, Antonilla and Martha —have been dead for some time.

At a marriage ceremony in India the bride stands on a large plate filled with milk and rose-colored sweetmeats.

CONFERENCE TO DECIDE WAR OR PEACE TODAY

Final Effort Will Be Made at Lausanne to Settle the Difficulties of the Greeks and Turks.

MAY BE WAR.

LAUSANNE, May 26.—(Canadian Press). — War or peace in the Near East is likely to be decided at a private conference to-day originally planned betwen the British, French, Italian, Greeks and Turks, but which will really comprise the chief delegates of all the nations attending the Near East Conference, including, the United States. Jugo-Slavia insisted upon being invited; therefore the Allies decided to include the delegates of Rumania and Japan.

Allied leaders describe as critical the situation growing out of the Greco-Turk reparations controversy, but they hope apparently, to save the conference on the basis of some form of territorial concessions by Greece.

Ismet Pasha, the Turkish spokesman, is busy communicating with Angora, counselling moderation. His Government is said to be as uncompromising as the Cabinet at Athens. It is understood that he received word from Angora early yesterday that he demand cash payments by Greece. instead of territorial indemnity as offered by the Greek, but that he urged his Government to give the question further consideration.

Both Elipthérios Venizelos, the Greek representative, and Ismet, have been in conference with the Jugo-Slav leaders, seeking to learn Jugo-Slavia's probable attitude in the event of a Turco-Greek conflict. M. Jovanovitch, the Jugo-Slav delegate, made it known that it was the desire of his country to see conciliation. He emphasized the necessity of peace as the Balkans already were prostrated by successive wars.

The Allied delegates are working hard to prevent a rupture, warning that renewed warfare would mean the ruin of Greece and Turkey.

Woman Burned to Death Lighting Fire

LAKE MEGANTIC, Que., May 26.—(Canadian Press).—Trying to light a fire with kerosene brought about the death of Mrs. Pierre Richard, Lake street An explosion resulted from Mrs. Richard's efforts to light the fire and the flames caught her clothes. The unfortunate victim rushed out on the street in a mass of flames and though these were soon beaten out Mrs. Richard had been so severely burned that she died a few hours later.

UNEMPLOYMENT IN BERLIN.

BERLIN, May 26.—(Associated Press).—Unemployment is increasing in Berlin at an alarming rate, and is the subject of excited discussions in the City Council. Estimates of the number of unemployed the end of April varied from 90,000 to 300,000. Demands are being made by labor leaders that the city restore pavements, improve public buildings and extend subways to relieve the situation

CURB CHINESE LAWMAKERS.

PEKING, May 26.—(Associated Press).—"Check your weapons at the door" is the purport of a bill prepared by a coterie of irate parliamentarians for the governing of brother members of the national parliament who are inclined to indulge in violence or horse-play during sessions. Furthermore, absence from sessions without special permission will subject members to fines and even to loss of their seats.

The bill calls for impeachment of any member carrying weapons in the chamber.

GREAT BRITAIN AGAINST U.S. ON LIQUOR POINTS

Says United States Has No Jurisdiction in International Law to Enforce Prohibition on Ships.

NOTE FORWARDED.

WASHINGTON, May 26. Canadian Press. — Great Britain's position on the ships' liquor question as communicated to the State Department yesterday by the British Embassy, is understood to be based on a contention that the United States port authorities have no jurisdiction in international law over liquor that has been brought into United States waters as a part of the regular supplies of foreign vessels.

The authority of the United States officials extends only to portions of the cargo of foreign ships which are intended for importation into the United States and in no way permits of interference with either the physical mechanism, rations or stores of such vessels when they put into any United States ports.

While this principle apparently conflicts with that recently laid down by the United States Supreme Court indications are increasing that the Treasury Department has found a way to reconcile the two by permitting ships under foreign registry to list the wine rations of their crews as a part of the medicinal stores allowable under the law.

In the new regulations now being drafted, the Treasury officials are said to have taken due cognizance of the fact that the opinion of the Supreme Court made no mention of the medicinal liquor clause. Some officials are known to hold this clause to be broad enough to protect liquor stocks from confiscation if they are placed under the charge

(Continued on page 5.)

WAS EXECUTED BY FRENCH IN RUHR

DUESSELDORF, May 26. — (Canadian Press.)—Albert Schlageter was executed by French troops to-day for sabotage on railroads in occupied region and other offences. He was shot in a stone quarry near the cemetery and his body was delivered forthwith to cemetery authorities. This is the first execution in occupied zone.

Schlagter was escorted to the quarry by two priests and went unfalteringly to his death. Ten shots were fired at him. Besides sabotage, Schlagter, former Prussian officer, was convicted by French courtmartial of espionage and association with criminals. He admitted he had blown up railroad tracks and bridges. The French regarded him as chief of faction which has been carrying on a campaign of terror against occupation of the Ruhr.

AUCTION FISHING RIGHTS.

TOKIO, May 26.—(Associated Press).—Japanese fishing companies have agreed to pay the Soviet authorities 1,500,000 yen for the right to operate 268 fishing stations on the Russian Pacific Coast during the present season. These stations were obtained by Japanese at the auctions held at Vladivostock early in April.

Penmans

Full-Fashioned Hosiery

is the one make of ladies' hosiery that possesses the famous full-fashioned, seamless feature that shapes the stocking at the back.

Made in silk, cotton and cashmere, in many fabrics, and in a wide variety of color combinations either plain or clocked.

Look at Penmans full-fashioned Hosiery closely and you can see how the snug, trim fit at the ankles is attained by gradually narrowing the stitches. You will not wash or wear out the shape of Penmans, as they are made to retain their natural shape, and to give the utmost in style and service.

IMPORTED

CLYDESDALE STALLION KHANDAHAR

Will Make the Season As Follows:

MONDAY, May 14—Will leave his owner's stable and proceed by way of Keene to Henry Weir's for noon and George Hall's for night.

TUESDAY— To Thos. Whibb's for noon and Dr. Kennedy's Livery Barn for night.

WEDNESDAY NOON— To E. W. Oliver's, Selwyn, for noon and Kelly Bros., Bridgenorth, for night.

THURSDAY — Proceed to Frank Montgomery's hotel, Peterborough, where he will remain until Friday morning.

FRIDAY— To Sam Redmond's for noon, thence to his own stable for night, where he will remain until the following Monday.

To be continued during season, health and weather permitting.

W. J. RENWICK, Owner and Manager KEENE.

STOCKS AND BONDS

At the present time there is a great boom in the mining industry. I have had many years experience in practical mining, both in Cobalt and Porcupine, and have a wide connection there. I am therefore in a position to get early and reliable information in both camps. I have made a profit for every one of my clients up to date, and shall be pleased to advise any one interested. There will be a strong market this summer and now is the time to get in.

What Is a Tire's Worst Enemy?

It isn't broken glass or stones on the road; it isn't rut-wear or the grinding slide of your tire over asphalt when you suddenly lock your brake.

All these things take wear out of tires, but it's chiefly the heating caused by friction—usually the result of underinflation—that is your tire's worst enemy. It can deprive you of thousands of miles of service if your tires are not built right.

And there you have the reason for the extra mileage Firestone Cords deliver. Their construction puts a coating of new live rubber around each separate cord that keeps it from rubbing against the cords that lie next to it.

The carcass of a Firestone Cord stays cooler—that's why it lasts longer. There is less friction to generate heat—and the body of the tire is stronger, more resilient, easier riding.

Canadian car owners are realizing that Firestone offers better value. Firestone Cords are selling in bigger quantities now than ever, because Firestone quality is at the highest peak in its history. More cars are coming from the manufacturer, Firestone-equipped.

Put them on your car for the open season of driving; you'll save money; you'll have less trouble, and you'll enjoy more every mile you travel.

SATURDAY, MAY 26, 1923.

UNDESIRABLES.

The reported remark of a Toronto doctor lecturing in London, England, that Canada is getting the worst type of immigrants, is surely an exaggeration and a reflection upon many worthy citizens whom Canadians have been glad to welcome.

At the same time his statement that in one clinic alone he found 107 girls and 24 boys of most degenerate type, the girls nearly all persistently immoral and the majority unmarried mothers, should cause some thought.

These cases were brought to Canada by one immigration society.

If there has been, by this organization or any other similar society, a steady dumping of such types into this country, it would seem time to put an end to the practice and to insist that there is a weeding out of undesirables among immigrants intended for this country.

Neither morally nor physically can Canada possibly hope to benefit by the admission of immigrants of this calibre, and if the conditions complained of exist on a large scale, the situation seems to call for investigation.

WHY NOT A CANADIAN?

With the announcement of the formation of a publicity bureau in London by the Dominion Government for the purpose of advertising Canada and keeping this country before the people of Great Britain, there will be a large measure of approval, especially among those who have been preaching the doctrine that Canada needs immigration, and who will see in the new organization an excellent agency.

It is the era of advertising and propaganda of the right sort, is a very useful factor.

It is rather a surprise, however, that in appointing a director the Government has chosen an English writer whose knowledge of Canada has been confined to occasional visits of no great length, and who will scarcely strike the imagination of Canadians as the most suitable person to "sell" Canada to the British people.

Many people will wonder why, when such an appointment was being made, the choice did not fall upon some Canadian journalist better fitted because of his intimacy with Canada and Canadian institutions and affairs, to act as the head of a publicity bureau intended to present Canada in the most favourable light to the people of the British Isles.

There must be many such writers on the staffs of the newspapers in the Dominion better qualified because of their complete knowledge of Canada, to act as director of publicity than is the choice announced.

THE FIGHT IS DEVELOPING.

With the Liberal Convention being held this afternoon and a public meeting of the Independent Labour Party called for Monday night for the nomination of a candidate, the campaign in West Peterborough will get seriously under way.

It cannot be said that as yet there is keen interest in the election, but once the candidates are officially in the field there is expected to be an awakening on the part of the public to the fact that it is their duty to assist in choosing a Government for Ontario.

A three-cornered fight, with ex-Mayor W. H. Bradburn representing the Conservatives, the choice of to-day's convention the Liberals, and likely T. Tooms, the present member in the contest as the standard-bearer of the Independent Labour Party and endorsed as a follower of Premier Drury, should be interesting enough to intrigue the attention of the most apathetical elector.

The situation in East Peterborough is also beginning to assume definite form, with candidates in the field representing the United Farmers and the Conservative parties.

They may have the fight to themselves, as despite the Liberal slogan of a candidate in every riding, the East Peterborough Liberals seem to be divided as to the wisdom of sending a champion out to do battle for them.

The final verdict may be to leave the fight to Mr. E. N. McDonald, the sitting member wearing the U.F.O. colours, and Major T. D. Johnston, the young soldier who on Wednesday received the Conservative nomination.

CUTTING OFF EXPENDITURES.

There seems to be an urgent need for the repeated reiteration of the advice offered by Mr. Wellington Hay, the Liberal leader, in his address at his nomination the other day.

Mr. Hay reminded his hearers that when municipal councils, either township, county, or city, petitioned the Government for the expenditure of money on this, that, and the other thing, they were urging a policy that meant increased taxation for the people of the Province.

That is a self-evident truth, and yet it is remarkable with what facility it can be tucked away at the back of people's minds and completely forgotten.

Railing at the powers that be for extravagance, and at the same time persisting in demanding expenditures on projects, many of which are unnecessary, is neither logical nor fair.

Shoving the financial obligation for any particular undertaking upon the shoulders of the Government only, means that in the long run the people of the Province will have to provide the revenue.

The Government has no other source to look to for funds but the people themselves.

It cannot, any more than can individuals, pick the money it requires off the trees.

From one place, and that alone, can any administration secure the funds it needs to carry on—and that place is the pocketbook of the public.

If the people really want Governments to be economical, they must do their share—by stopping pleas for unnecessary expenditure and by remembering that there is no horde of hidden treasure that will supply the Government with funds with which to meet such pleas.

ALBERTA COAL.

Alberta has coal to mine and coal to burn. A million householders in Eastern Canada were short of supplies last winter and paid through the nose for American anthracite. Premier Greenfield of Alberta says that seventy-seven per cent. of all the coal in the British Empire is lying beneath Alberta's grass and harvest lands, and Easterners look enviously at those fields as they pay the stiff prices of American anthracite and grow perplexed and resentful as they look at hungry heaters and famishing furnaces.

Between Alberta and the basements of a million homes in Ontario and Quebec there is a great gulf fixed which American coal operators and a group of selfish interests say is unbridgeable. The name of that gulf is "transportation costs," and Premier Greenfield has travelled from Edmonton to Ottawa to tell the legislators of the Dominion that the gulf is not so wide as has so generally been supposed and that it only needs the united efforts of both East and West with a stirring of good-will to solve the problem.

His contention sounds eminently reasonable. Alberta last year mined over seven million tons of coal, which was valued at nearly eighty-three million dollars. That coal landed in Montreal would have been worth approximately $120,000,000. The fact that it could not be laid down in Montreal to compete with American mined anthracite is due to the fact that the cost of transportation from Alberta to Eastern cities was too great.

The East, through its newspapers and through its public men, has during the last few months endeavored to dissipate the notion that it feels any animosity towards the West in spite of all allegations from interested politicians to the contrary. Here is a practical way by which the East can put its protestations and its sympathies to practical purpose The Alberta coal fields cannot compete in the Eastern markets with the anthracite coal mines of the United States, unless they receive a rebate in transportation costs or some form of protection for their industry.

Coal mining is just as much an industry in Canada as is the manufacture of motor cars, ploughs, textiles and boots. It is a young industry and it wants nursing until its market is firmly established. There is a feeling in Alberta that it has not received this protecting care of Ottawa to the same extent as other factories. The West has long contended that the protection of industry is lop-sided—that everything the farmer buys is protected and everything he sells is disposed of in a free market. To lower the cost of transportation of coal should tend to solve the problem of cheaper coal in the East, would do something to cement in more friendly fashion the East and the West and would foster an important Canadian industry.

The Alberta operators must also assume their share of the responsibility by seeing that the expected increased production should be obtained on economic lines and that any concessions given to the industry should be applied to lowering the price in proportion to the concession and not wasted in labor bickerings and extravagant management.

BALDWIN, PREMIER.

The failure of Lord Curzon to succeed to the Premiership is the reward of a life-time of persistent effort to be unpopular. No man in British public life has seemed so constantly to court popular disapproval. The men who knew him better, and worked with him, must have appreciated very highly his qualities of statesmanship and public service; for they have given him high office and entrusted him with heavy responsibilities, Still he was always in a political sense, a burden and never a strength to an Administration; and now he is passed over for a new and comparatively unknown man, because he has not cared what the great public thought of him.

There is a lesson here for those who think that they can govern in a democracy by sheer weight of wisdom, without taking pains to carry the people with them. It may be good, or it may be bad, for the democracy; but they do seem to require a certain amount of "demagoguery" in their rulers. This must make against efficiency, but it does make for public control; and, as a rule, a people will prefer self-government with mediocre results to even a benevolent tyranny with the best results. The trouble is that no tyranny ever stays benevolent. So the busy multitudes keep the reins in their hands, and the man who would serve them must take time to "educate his masters."

Stanley Baldwin approached politics through the avenue of business, which would seem to be the right road for the future ruler of a nation of shop-keepers. He is not a great orator, but he is a very effective master of the business statement. His budget was exactly what a financial report ought to be. It dealt with the fiscal condition of the nation—not with social reform or moral uplift or the mountains of the moon. In the present war-ravaged state of the country, a plain "pounds, shillings and pence" budget was precisely what the taxpayers wanted; and the Baldwin budget was thus voted a great success.

But a Premier is not a budgeteer; and Premier Baldwin will have far wider and more academic questions with which he must deal. That he possesses determination and courage was proven by the vigorous and unterrified manner with which he headed the revolt against the Coalition and forced the action at the Carlton Club which split his party and put Bonar Law in office. He took this action in the face of the opposition of practically all the leaders of his own party, and persevered when it plainly was to cost the Conservatives the cooperation of such men as Lord Balfour, Austen Chamberlain and Lord Birkenhead. The rising Commoner who would dare to do this, was no common man.

One result has been to clear the way for him to the Premiership in the ordinary course of events, had his party come into power with all its established leaders in their places, there would have been a good many men between him and the leader's seat when the widely popular Bonar Law was compelled by tragic necessity to step down. It might have been years before the dynamic young Minister had won his way through to the head of the procession. Now he has a chance to justify this sudden promotion. He has not succeeded by the method of Disraeli, who gave a tongue to "the stupid party," but by a method of his own—by giving a definite lead to a tongueless party. — Montreal Star.

EDITORIAL NOTES AND COMMENTS.

The City Council might designate Riverside Park as one of the civic bathing beaches. The conditions are right just now.

According to advance notices the Liberal Convention this afternoon was expected to be rather a municipal argument.

So far there has been no sound of mad cheering from Lakefield as a consequence of Wednesday's nomination at Norwood.

Candidates who announce that they intend to stick to the finish are hoping that the finish will not come on 26th June.

TO MEET IN SYDNEY.

SYDNEY, N.S.W., May 26.—(Associated Press)—The Pan-Pacific Science Congress to be held at Melbourne and Sydney next August will be attended by many eminent scientists from all parts of the world.

Dr. Merriam of the Carnegie Institute, Dr. Vaughan, the geologist, Dr. Evermann, the fisheries expert, Professor Stakman, the world authority on wheat breeding, and Professor Gregory, president of the first Pan-Pacific Congress will be present.

The Australian National Research Council, at its last meeting, regretted that at such a distinguished gathering as the sciences of tropical medicine and hygiene would only have a small representation.

Goldfish with large flowing tails, which can be used as a support when the fish is at rest, are imported from Japan.

MUSICAL EVENING BURNBRAE CHURCH.

Choir of St. Andrew's, Campbellford, Excel in Entertaining.

BURNBRAE, May 26—Mrs. Clayton and family are visiting Mrs. Alex Hume.

Mr .George Crayhead has purchased a new touring car.

Remember the Ladies' Aid social on Mrs. John Oddie's lawn June 1, at 7 p.m. A good programme has been prepared.

Mrs. (Rev.) J. J. Black and Miss Marjory Rannie are delegates for W.M.S. and Y.W.A. respectively to the Presbyterial meeting at Kingston this week.

Mrs. Norman Masson spent the week-end at Roslin visiting her daughter, Mrs. White.

Mrs. Varcoe who has been spending a few weeks with her parents, Mr. and Mrs. Thomas Oddie returned to Windsor, Ontario on Saturday.

Splendid Entertainment

On Tuesday evening, May 22, a splendid msuical entertainment was given in Burnbrae church, Seymour East, by the choir of St. Andrew's church, Campbellford, under the direction of their new and able leader Mr. Fred Wigglesworth.

Rev. J. J. Black, minister of the church presided and in a few well chosen sentences introduced Mr. Wigglesworth to his people.

The programme was divided into two parts. The first part of a miscellaneous nature, consisting of vocal and instrumental selections. The second consisting of a sacred Cantata by Maunder entitled "Penitence, Pardon and Peace." Both were rendered in a very excellent manner by the visiting choir.

A hearty vote of thanks was tendered to the choir of St. Andrew's for the high quality of entertainment given, moved by Mr. Andrew Milne G. Menie, seconded by Mr. George Anderson.

TO FORESTALL WAGE STRIKE

PEKING, May 26.—(Associated Press)—To prevent a strike of metropolitan police, whose pay is five months in arrears, the native banks of the capital have subscribed half a million dollars as a loan to the ministry of finance which is said to have admitted its inability to hold out any hope of relief for the city guardians.

Representatives of the banks, guilds and commercial institutions are agitating for a reorganization of the police force with a view of removing control from the central government and providing a more stable source of revenue for their pay.

Farmers' Banking Facilities

Why not save yourself the time and trouble of collecting your sale notes, milk and other produce cheques, when you can deposit them in The Bank of Nova Scotia for collection and have them automatically credited to your account?

The Bank of Nova Scotia provides banking service for all farm business and invites farmers to avail themselves of it.

BENEFITS CARDIFF DEALERS

CARDIFF, Wales, May 26.—(Associated Press)—Cardiff has profited enormously by the stoppage of coal shipments in the Ruhr Valley. Hundreds of thousands of tons of coal have been sent to French and other European ports which might otherwise have been sent from the Ruhr mines.

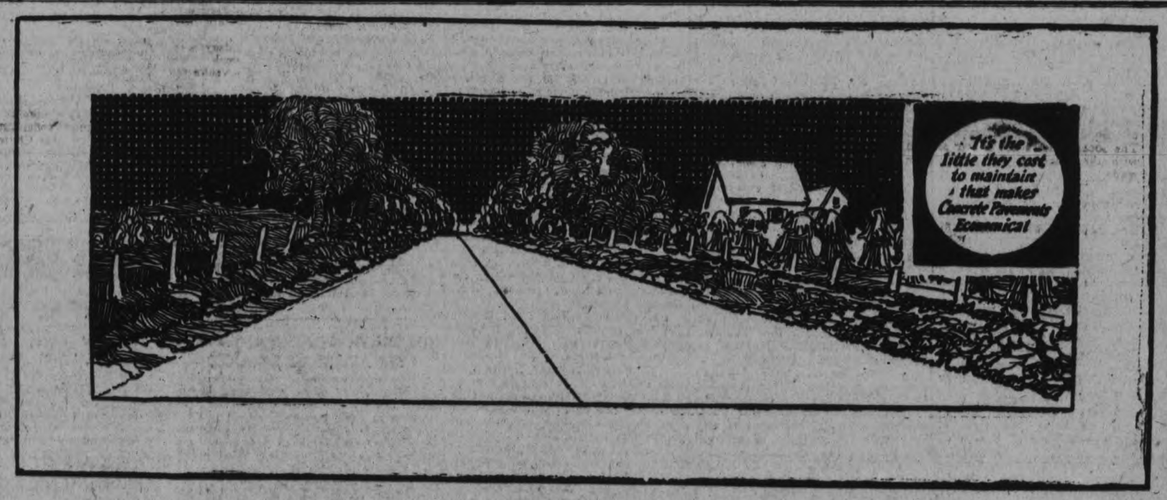
Some British coal merchants have proved that it is practicable to ship coal from Cardiff to Eastern Canada and undersell there coal from Pennsylvania. This is a new avenue of trade which Cardiff's thrifty coal traders are developing. The foresight behind it is emphasized by the fact that those directing the operations have bought large timber areas in Canada so as to ship props for coal mines as return cargoes. Wood pulp and grain are also being carried on the homeward journey, thus avoiding any profitless voyages in uneconomic ballast.

BONDS BY LOTTERY.

VLADIVOSTOK, May 26.—(Associated Press).—The commissar of the people's finances has permitted the issue of 20,000,000 roubles in new bank notes. The face value of the bank notes will be 1,000, 2,500 and 5,000 roubles. These notes will be guaranteed by the gold reserve of the district, and it is hoped that in this way the circulation of the Japanese yen will be curtailed.

The Government is trying to raise a new internal loan in gold roubles, but so far it has not met with much success. The loan is in the form of a lottery, and prizes will be drawn each year. The prizes will be given from the accumulated interest of the bonds, which bear 6 per cent. In order to sell these bonds the Government is offering them on the instalment plan.

There are 40,000 lakes in Newfoundland.



CANADA CEMENT CONCRETE FOR PERMANENCE

CONCRETE HIGHWAYS are economical

MANY municipalities have learned by experience how costly some roads are. Swiftly moving pleasure vehicles, and heavily laden trucks have revolutionized road traffic. For modern traffic permanent highways are necessary, and ultimate economy must be considered when planning our highways.

The country's requirements call for an even greater speeding up of Canada's modern road building programme in order to cope successfully with present day traffic.

Concrete highways are permanent. They reduce upkeep costs to a minimum and thus lessen the taxpayer's burden. Experience has shown that Concrete roads are most economical in the long run. Concrete highways lower haulage costs, thus benefitting both farmer and consumer. The even surface invites tourist trade and contributes to the comfort of every user.

Faced as we are with the need of providing roads capable of withstanding the increased strain of modern traffic, we surely must recognize that road economy calls for the adoption of that higher type of paving which concrete makes possible.

COBOURG AND DISTRICT

COBOURG, May 26. — The branch meeting of the Women's Missionary Society, which is to be held here on June 5, 6 and 7, is expected to be attended by about two hundred and fifty ladies, coming from all parts of the conference. Already the names of over two hundred ladies have been received by the local committee, who are looking after their entertainment. It is ten years since the branch meeting was last held in Cobourg, and there has been an advance movement that is very encouraging in missionary work since then.

Sudden Death.

Citizens of Cobourg and Baltimore have learned with much regret of the sudden death at Erie, Pa., of Mr. H. E. Parsons, a Baltimore old boy and son of the late John Parsons of that place. Mr. Joseph George, Cobourg; Mr. George Machlin, Fenella; Mr. Thomas Atkinson, Dartford, and Mr. Fred. Ball, Baltimore, were among relatives from this locality who went to Erie to attend the funeral. Mr. Parsons was returning to his home from his business, to all appearances, usually well, and stopped at a drug store to get a parcel. The druggist noticed that he seemed to have difficulty in opening his purse and went to him, when Mr. Parsons collapsed and passed away in about five minutes. He was twice married, his first wife being Miss Armanda Richardson, daughter of the late Rev. Mr. Richardson, Methodist minister at Baltimore. After her death some years ago he married Mrs. Down, formerly Doris Machlin of Fenella, who survives him. He is also survived by two sons and a daughter. Mr. J. W. Parsons of Bailleboro is a brother and Mrs. John Ball, Ash, formerly of Baltimore, a sister. Another sister and brother reside at Erie, Pa.

Fine Contribution.

Cobourg citizens made a generous response to the appeal of the local corps of the Salvation Army for their Self-Denial Fund. The town has contributed $900, and the returns from the rural districts have not yet been received. A tag day, which was held on Saturday last, netted $169.07. The pupils and staff of the Public School gave $34.27. The local officers are much pleased with the response that has been made.

On Man Hunt.

Provincial Constable Boyd, who has been on duty in Northumberland and Durham Counties for the past few months, is stated to be in the north country assisting in the search for the notorious Rogers, who made a sensational escape from custody a short time ago.

Transferred to Bowmanville.

Mr. William Heapps, who has been employed at the Dominion Stores here for some little time past, has been transferred to the Bowmanville store and has assumed his new duties.

Action Settled Between Parties.

The action in the Surrogate Court brought by Mr. and Mrs. John Mackenzie of Hamilton Township against the estate of the late Martha Wallace of Gore's Landing for an account for balance of board and services rendered the deceased, has been settle dbetween the complainants and the estate. It came up here on Saturday before Judge Ward.

Attended Golden Wedding.

Mr. and Mrs. Harry Mitchell were at Port Hope recently attending the golden wedding anniversary of her parents, Mr. and Mrs. Duncan McMillan. Four sons of the esteemed couple, John, William, Goodwin and Clarence of Port Hope, were present also. Mrs. Arthur Phillips of Buffalo and Nelson of Watertown were unable to be present, but sent congratulatory messages. Mr. and Mrs. McMillan were presented with a purse of gold on behalf of their family. The Board of Water Commissioners, of which Mr. McMillan has been for some time an employee, showed their esteem and regard by sending a beautiful bouquet of roses and carnations. Mr. and Mrs. McMillan received gifts and messages of congratulation from a very wide circle of friends.

Local and Personal.

Mr. and Mrs. H. D. Radcliffe of Port Hope are removing to Rochester, where they intend to reside.

The death took place recently at Duck Mountain, Manitoba, of Mr. Thomas J. Walton, formerly of Port Hope, where he was for some time engaged in the apple business.

Mr. and Mrs. W. H. Hopper, Mrs. W. J. Garland and Rev. J. S. I. Wilson motored to Belleville on Tuesday to attend the important functions in connection with laying the corner store of the new Albert College by Rev. Dr. Graham, General Secretary of Education of the Methodist Church. Dr. Graham, Principal Baker and others addressed the gathering.

Mrs. H. Bleeker, who is leaving Trenton to reside in Oshawa, was presented with a handsome copy of the Methodist Hymn Book by friends who assembled to honor her at the home of Miss Rena Kemp on Monday night.

A Former Resident.

Harold Machlin, recently nominated by the West Durham Farmers Party as their candidate for the Provincial Legislature, and who was given a week to give his decision, formerly resided here, and his wife before her marriage was Miss Sarah Winnifred Culver of Hamilton Township. Mr. Machlin is a successful farmer and breeder now at Tyrone, Durham County.

Clerk of Hope.

At a special meeting of Hope Township Council held on Saturday Mr. John Deckinson, a former Reeve of Hope Township, was appointed Clerk, to succeed Mr. Thomas Roberts, who resigned some little time ago, and who is quite seriously ill.

Hastings Paragraphs.

HASTINGS, May 26.—(Canadian Press.)— Thursday being Victoria Day a number of the citizens motored to Campbellford to enjoy the sports.

The local juvenile lacrosse team went to Deseronto on Thursday and played a game with the team there. The score was 4-4.

The intermediates played in Campbellford on Thursday. At the close of the game the score stood 10-12 in favor of Campbellford.

Mrs. Macklain of Parry Sound, is the guest of her daughter, Mrs. W. Londerville.

Mr. and Mrs. J. Londerville and son, of Peterborough, spent the holiday with friends in town.

Stanley Stevenson, of Toronto, is the guest of his parents, Mr. and Mrs. J. Stevenson, Jr.

The poor people in China eat rats, the poor people.

Many people make a living by teaching parrots to talk.

About 10,000 varieties of fish are known.

ASPIRIN

UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all

BAYER Genuine

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds	Headache	Rheumatism

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Monoaceticacidester of Salicylicacid. While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

WESTWOOD NEWS

WESTWOOD, May 26.—A pageant, "The Spirit of Canada" will be presented in the town hall on Friday, June 1, by the young people of the Presbyterian church, the proceeds of which will go to the young ladies' Auxiliary for missionary purposes.

This is expected to be the best entertainment of its kind ever shown here, as there are over 30 young ladies taking part, and they have given a great deal of time to study and practice of their parts—so much so that the whole community is very much interested.

Quite a number of our young people motored to Norwood on Tuesday night.

The Misses Jessie and Gwen Renwick spent Saturday in Peterboro.

Rev. D. M. Stinson, M.A., B.D. attended the laying of the cornerstone of the new Albert College at Belleville on Tuesday.

A number of our women attended the annual convention of the W.M.S. of the Campbellford district at Hastings on Tuesday.

Mr. and Mrs. Thos. Brackenridge and the Misses Lydia and Marian attended the anniversary services at Zion on Sunday last.

A special service will be held in the Presbyterian church on Sunday afternoon next, May 27, at 2.30 o'clock. Rev. F. A. Robinson, M.A. of Toronto, will speak on Palestine and Miss Niven of Toronto will sing.

Rev. McLaughlin of Keene took charge of the evening service in the Methodist church on Sunday last. While the pastor, Rev. D. M. Stinson took charge of the anniversary service at Zion.

ECZEMA
Hands Were Raw
Would Crack and Bleed

Eczema or Salt Rheum, as it is commonly called, is one of the most agonizing of skin diseases. The intense burning, itching and smarting, especially at night or when exposed to heat, are almost unbearable and relief is gladly welcomed.

The pre-eminent success which Burdock Blood Bitters has met with in permanently removing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

Mrs. M. R. Willard, Dudswell Jct., Que., writes: "For about three years I had eczema, in a very bad form, on my hands. They were all raw and would crack and bleed so that I could not do my housework. I tried everything I could think of without any results. As last I got a bottle of Burdock Blood Bitters, and when I had it about all taken I could see it was helping me; by the time I had taken five bottles my hands were all well again and I have not been bothered since. I cannot praise Burdock Blood Bitters enough."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

CAVAN PARAGRAPHS.

CAVAN, May 26.—Mr. and Mrs. Wm. Cathcart and family, of Peterborough, spent the 24th with Miss Winona Cathcart.

Miss F. Sisson, H. Sisson and Sandy Sisson of Peterborough, spent the holiday with their mother here.

Mrs. Isaac Guthrie was a visitor to Peterboro on Saturday.

Laid to Rest

The funeral of the late Mr. Alexander Henry took place from his family residence in East Emily on Wednesday, May 23.

The Deceased was in thhis 71st year and highly respected by all who knew him. He was an Anglican in religion a member of St. John's church, East Emily, and a staunch Orangeman of 41.

The late Mr. Henry leaves to mourn his loss a loving wife, one son and two daughters, Elmer at home. The daughters are; Mrs. E. Finlay of Cadillac, Sask. and Mrs. H. Parker in Omemee. Two sisters also survive, Mrs. Thomas Lytle and Mrs. John Marshall, both of Peterboro.

The funeral was under the auspices of Orange and Forester Orders, and proceeded to the Anglican cemetery, at Ida for interment. Rev. James, officiating. The bearers were as follows: Joseph Fee, Joseph Best, Wm. Scott of Foresters. Harry Lowes, Albert Finlay, and Fred Magee of the Orange Lodge.

The floral tributes were many, showing the high esteem in which the deceased was held by his many friends.

The sympathy of the entire community goes out to the bereaved family.

The death took place on Monday morning of the late Mr. Thomas Shannon, at the home of his daughter, Mrs. Sayward Switzer in East Emily.

The deceased was in this 81st year, and had lived in and around Omemee the best part of his life. He was a staunch Presbyterian.

He leaves to mourn hs loss a sorrowing wife and one daughter, Mrs. Sayward Switzer of East Emily.

The Rev. Stillman of Omemee took charge of the service.

The bearers were: Gabriel Switzer, Louis Windrain, Robt. Johnston, Robt. Boyd, Joseph Beatty and Samuel Wilson.

Very Quiet Holiday in North Monaghan.

BROWNTON, May 26. — May 24th was marked by no event of much importance in this district. The farmers are busy catching up with the season's work and very little time was spent in holiday making.

City dwellers took advantage of the brief respite from their daily tasks, to hie them countrywards, where the lanes are green and the trees are in bud.

Several parties of picnickers went to the woods and returned home later in the day, laden with flowers.

BE GIN PILLS FOR THE KIDNEYS
THE WORLD'S BEST REMEDY FOR ALL KIDNEY AND BLADDER TROUBLE

REGULAR SESSION LAKEFIELD COUNCIL

Slate Cleaned of Routine Business and all Accounts Ordered Paid.

LAKEFIELD, May 23.—The regular meeting of the municipal council was held in the council chamber. There were present Councillors Leonard, Madill, Moore and Tanner. On motion Councillor Tanner took the chair in the absence of Reeve Strickland.

A letter was received from the Sawyer-Massey Company re road graders and an agent was present to discuss the matter which, however, was laid over for further discussion.

Mr. Andrew Fairbairn presented a petition signed by a number of west-end ratepayers asking for a suitable crossing at the west-end of the canal bridge.

Wm. Ahearn addressed council requesting better drainage north of Mr. Brown's boat factory to allow the water to drain off the lots the west side o Queen Street, between Mr. Tate's and Mr. Dunford's property.

G. Graham and Thompson Braden addressed council regarding a larger grant to the Lakefield Agricultural Society but on motion the usual sum of $50 was granted.

The finance committee presented their monthly report and recommended payment of the following accounts: A. J. Kidd, blacksmithing, $8.90; S. Roseborough, hay, $13.80; Bell Telephone Co., phone 94, $2.56; Bell Telephone Co., phone 10, $2.30; Peterborough Examiner, voters' lists, $35.61; treasurer, deb. post., $62.19; W. T. Clifford, harness repairs, $1.40; Lakefield News, printing and stationery, $29.55; Mark Paul, labor, $2.00; S. Murduff, labor, $7.50; A. Fairbairn, labor, $36.00; S. Murduff, labor, $7.50; total, $209.31.

The council will meet on Thursday, May 31, as a court of revision, at 7.30.

Lakefield Personals.

LAKEFIELD, May 23.—Mr. and Mrs. J. E. Galvin were in Norwood on Monday attending the U. F. O. convention.

Miss Mildred Bailey, of Toronto University, has arrived home for the summer vacation.

Mrs. F. H. Richardson is visiting friends in Norwood.

Miss Elsie Ogilvie returned to Toronto on Monday afternoon.

A well attended congregational meeting of the Methodist Church was held on Monday evening in the basement. Refreshments were served by the ladies and a pleasant and profitable evening was spent.

VOICE OF THE PEOPLE

Indians' Rights

Editor Examiner:—Kindly allow poor Indian a little space in your paper, I am just recovering from the shock I got regarding the Indians being fined for fishing when trying to make a living.

To think that I'am living in my country under British and Canadian governments, whom we honered and trusted to to the extent that History from 1812 until the recent world war, will show the trust and Honor that we held to the white man in helping him to fight and uphold honest principles. They used to say the german people was no good ,dishonest because they had broken treaty rights with other people. Now what is Canada doing with the natives of today when they are taking away their only means of existence. At the present time the Indian is afraid to go out to catch something to eat, as it only costs a white man $20. to shoot at an Indian which I saw recently in the Local papers.

We are in grave danger in being starved out of existence, it is impossible for the Indian to live any other way than his regular mode of life.

They have no land to farm, they are buddled up in very small reserves, and it is well known fact that the Indian cannot defend himself in court on account of being ignorant with the law, also being without means.

And the authorites know this. I therefore something should be done to help those people that are being fast extinguished and abused and gradually being disposed of their only means of existense.

I am very anxious to see the Indian get together and present their troubles to the white father across the sea, where I'm sure the good king will still uphold the good principles and the treaties he made with our forefathers

(Indian)

OBITUARY

MRS HUGH McLAUGHLIN

KING'S WHARF, May 26.—The funeral of the late Mrs. Hugh McLaughlin who died in St. Joseph's Hospital, Peterboro. was held from her late residence, Friday morning, to St. Luke's Church, Downeyville, and thence to the Parish Cemetery. The services were conducted both at the church and cemetery by Rev. Father Galvin. The pall-bearers were Messrs. Wm. O'Neill, Thos. Sullivan, Neil Herlihey, John O'Neill and Daniel O'Neill. She leaves besides her husband a family of grown up sons and daughters. one sister, Mrs. Richard Fox of Downeyville and two brothers, Messrs. Roderick and Wm. Richardson of Lindsay. The sympathy of this community goes out to the husband and family in their loss.

JAMES STEWART

The sympathy of the community is extended to Mrs. Geo. Ranson, whose father the late James Stewart passed away Friday morning at the residence of his son William. He leaves to mourn his loss his aged wife, one son William, and four daughters, Mrs. Geo. Ranson, Mrs. Jos. Aldridge, Mrs. Geo. Nelson and Mrs. Ed. Burgess all of this place.

PATRICK FITZSIMMONS.

LINDSAY, May 26.—The death took place in Toronto on May 23, of a former resident of Peterborough in the person of Mr. Patrick Fitzsimmons, uncle of Mrs. F. R. J. McPherson and Mrs. J. T. O'Connell, of that city.

The deceased moved to Peterborough from Ops township some thirty years ago and resided on Patterson street. His funeral takes place in Toronto to-day.

THE BALFOUR FUNERAL

OMEMEE, May 26.—The funeral of the late George A. Balfour was held on Wednesday from the Methodist Church, Omemee, following a most impressive service held after the arrival of the remains from Lindsay.

The Rev. Mr. Barrouclough, of the Cambridge Street Methodist Church, Lindsay, was in charge of the service. Following the reading of the twenty-third psalm and the 14th chapter of St. John, the Reverend gentleman paid a glowing tribute to the memory of the deceased and his interest and connection with church work in Lindsay. Mr. Balfour, as leader of the business men's class in Cambridge street Church, had always been an inspiration and help to those around him.

Words of appreciation of a life well-spent were added by the Rev. Francis Johnston. of Lindsay and also by the Rev. R. F. Stillman, pastor, of the church here. The favorite hymn of the deceased were sung led by the church choir.

To the people of Omemee, the death of George Balfour is keenly regretted. He having during his long residence here been an ardent worker in church as well as village wellfare. For many years he was connected with choir work and leader of song in the Sunday School. The late Mr. Balfour served the vill age as clerk for many years.

The deceased married early in life. His first wife being Miss Kennedy, daughter of the late Mr. and Mrs. Thomas Kennedy who predeceased him many years ago, leaving two small sons, Harry and Ernest, who now reside. the former in Moose Jaw Sask., the later in Winnipeg, Man. Later he married a daughter of the late Mr. and Mrs. Richard Connell, who with her family still survive him.

The late Mr. Balfour had been a life long resident of this vicinity until about thirteen years ago, when he accepted the position as governor of the county jail, in Lindsay, which position, he held until a few months ago when on account of ill health he was forced to resign.

The remains were tenderly borne to their last resting place by Messrs. Sutcliffe, E. Adams, Anderson, L. Race and Corneil, all of Lindsay.

To the sorrowing widow and family, Mrs. Jessie Rehill, Lindsay, Mrs. Perkins, Detroit, Reginald and Harvey, of Lindsay, is extended the widespread sympathy of the community..

THOMAS SHANNON.

OMEMEE, May 26.—On Monday morning, May 21, at 5.30, an old respected citizen of Omemee, Mr. Thomas Shannon, aged 81 years, passed away peacefully at the home of his daughter, Mrs. Sayward Switzer, of East Emily.

Mr. Shannon was born in Haldimand, and when a young boy moved with his mother and brother and sisters to South Monaghan.

When a young man he started farming on the Waddell farm in South Monaghan, and was married to Annie Brown, of Fenelon Falls.

Later on he moved to Ops and then to the Township of Emily, one mile north of Omemee, where he remained until he was no longer able to work his farm. Seven years ago he sold his farm and moved to Sturgeon Street, Omemee.

Mr. Shannon was a staunch supporter of the Presbyterian Church, and was highly esteemed for his genial disposition and readiness to help in every good cause for the uplifting of his fellow-men. He is the last of a family consisting of three sisters and one brother, who died some years ago.

The funeral took place on Wednesday afternoon from Mr. Sayward Switzer's. The service was conducted by Rev. R. F. Stillman, of Omemee.

Interment took place at the Emily Cemetery.

Left to mourn his loss are his faithful wife and one daughter, Mrs. Sayward Switzer.

The relatives in attendance from a distance were: Mr. and Mrs. Nayler, of Fenelon Falls; Mr. and Mrs. Henry Smith, of Bowmanville; Mr. and Mrs. Elmira Rowan, of Bethany, and others from Peterboro and Lindsay.

The pall-bearers were: Messrs. Gabriel Switzer, Robt. Johnston, Joseph Beatty, Louis Windrim, Samuel Wilson and Robt. Boyd.

CAMPBELLFORD AND DISTRICT

A Three-Act Comedy Last Evening-To Refloor the Bridge — No Council Meeting.

CAMPBELLFORD, May 26. — The three-act musical comedy, "The Girl in Red," will be given in Cole's Opera House three nights next week under the direction of Theodore H. Bird, the well known promoter of amateur plays. The proceeds of the entertainment are to be for the benefit of the Northumberland Regiment, and this fact alone should assure a generous patronage, as one of the best companies in that military unit is located in Campbellford. The sale of seats opens to-day at the opera house and all tickets purchased are good for any of the performances.

Mr. Bird has been busy for weeks training the cast, which consists of 125 Campbellford people, including the choruses, and includes some of the best known amateurs who have been successful in different plays on previous occasions during the winter. Among these are Miss Hazel Atkinson, who scored such a dramatic triumph in the title role of "The Princess Chrysanthemum," Miss Faye Ketchcson, Marion Smith, Harry Anderson, A. J. Wood, who it seems is always slated to act the part of an old man, Miss Gertrude Maynard, Miss Marion Smith, Percy Gould, Carl McGuire, Robert and Dunk. Director Bird himself has an important part. The solists include a number of the leading singers in the town. There is also an adult chorus, and a children's chorus composed of over one hundred boys and girls.

What adds to the interest of the production is the fact that the play has been localized; so that the audience may easily imagine that they are watching the unfolding of a plot that is laid in their own town and that the different characters are their friends and neighbors. The scene in the first act is the living room of a prominent home in Campbellford and before the curtain drops there are arrivals of several guests from Trenton and Crow Bay. The trend of the story may be surmised from the fact that among the characters is an innocent wife who is so unskilled in the ways of the world and so utterly unsophisticated that she reposes implicit confidence in her rake of a husband who is a more or less cheerful liar both by instinct and as the result of long practice. There is a mother-in-law, two doting sweethearts, a Lothario of advanced years and a heavy villain who gets all his associates into difficulties.

Mrs. Frank Daly will act as accompanist and Leonard's orchestra will also furnish music.

To Re-Floor the Bridge.

At a meeting of the County Council of Cobourg last January, at the request of Reeve J. A. Anderson, of town, a special committee was appointed to arrange for the reflooring of the town bridge. Three of the members of this committee are Warden Smith of Port Hope, Reeve Anderson, Reeve Sam McColl of Brighton township and W. T. Wood, Reeve of Millbrook. A meeting was held in the Windsor Hotel last night to talk over plans, George Greer, of Cobourg, county superintendent of roads, being also present. Definite action will be deferred until the committee looks over the bridge today and it may be decided to have an expert engineer look into the strength of the structure, which has been in place for considerable time and which, when put up, was probably not designed to carry the heavy traffic which passes over it to-day.

The concrete flooring of the bridge is badly out of repair and the committee will decide as to the best material to be used. Of the cost of putting it into shape the county will pay 75 per cent. and the town the balance.

No Council Meeting.

Some of the councillors understood that there was to be a special meeting of the council last night, but no call for such a session was issued by the Mayor.

St .Andrew's Choir Abroad.

In its report of the concert given by the choir of St. Andrew's church at Stirling last Monday night, the News-Argus says:

The sacred cantata, "Penitence, Pardon, Peace," by Maunder, was a harmonious interpretation of the masterpiece where the excellent quality of the voices, as well as the skillful training of Mr. Wiggleworth, showed to advantage.

GREAT BRITAIN

(Continued from page 3.)

of the ship's doctor when a vessel comes inside the three mile limit.

It was the original intention of the British government to await issuance of the new regulations before making representations on the subject. The action taken yesterday however apparently was for the purpose of making known that there is a fundamental objection to the application of the prohibition law to foreign shipping.

The immediate effect is to initiate formal congratulations for the first time since the court handed down its decision.

The British communication submitted yesterday to Secretary Hughes, bears the signature of Sir Auckland Geddes, the British ambassador. It is characterized as in no sense a protest, but rather as an appeal to the sense of justice of the United States government, making the points that application of the Volstead Law to foreign ships constitutes a radical departure from all well established principles of maritime intercourse and involves the making of new international law.

It is understood that the British communication is probably the forerunner of similar communications from the chancellories of other foreign nations.

LONDON GIVES TO CHARITY.

LONDON, May 25.—(Associated Press).—A sum in excess of $7,000,000 has been collected on the streets of London by public solicitation during the past seven years for charitable purposes.

The cost of collection is given at 12½ per cent.

WOMEN of THE WORLD—THEIR WORK and PLAY

Beige and Brown Winning Colors at the Woodbine Fashion Show

By EILEEN S. WEDD

WHAT so rare as a day in June? Why, the opening day at the Woodbine! Never was there such weather, never such crowds—never such good taste in the costumier's work. The governor-general was there—and Lady Byng, too, graced the scene, looking handsome in sapphire blue velvet wrap banded with sable, and a taupe panne velvet hat with curled ostrich mount (second from right).

Colorful was the panorama spread before one, and yet when one looked more closely one noted that beige and brown were in the ascendancy, with grey next, and almond green and white vying for third place. As if in revolt against this subdued fashion, hats and shoes bloomed forth in riotous color, brilliant red being seen most often. Yes, indeed, conventional Toronto, as a rule rather chary of adopting the new and startling, has taken to colored footwear like the proverbial duck. No wonder! The effects gained were charming, especially if the hat matched the shoes in color. For example, a small blue taffeta turban held with a diamond pin and blue kid sandals were worn with a grey jacquette, heavily embroidered and pleated crepe skirt (fourth from right).

From Paris we hear much of the vogue for the simple plaited frock. A dress of brown crepe worn by a young girl was a good example. Shoulder capes serving as sleeves, pleated side-panels and horizontal bars of stitching were outstanding features, while a small cloche laden down at the right with marigolds completed the costume (upper left, seated figure).

Another mode now in the ascendancy is the slim, unbelted coat, as flat as possible at the back. One was seen of brown velour de laine worn with a tiny chapeau, having but a suspicion of a brim (extreme right).

Speaking of hats, they were either very large and "summery" or as small and as trig as possible—principally the latter. One was entirely new in shape—the brown Milan brim flared up back and front, almost completely hiding the crown. It was worn with a frock with Bertha fastened at the back by streamers (upper right).

Mrs. John Macdonald surprised us all—she who usually wears costumes rather sophistical, though entirely smart, appeared in a pale grey frock all ruffles and pleatings; a grey crepe cape collared with fox, and a large shape of the crepe edged with mohair. What could be more ingenious? (lower right).

One of the smartest costumes seen was a cape coat of grey rep trimmed with self bands and worn with fox choker, and black taffeta and milan tricorne. It had a certain air! (second from left).

Still another grey cape was pleated, and caught at the shoulder with three bands of monkey fur (extreme right).

A grey broadcloth dress deserves special mention; it held three features distinctly new. Firstly, it was very straight and slim as to silhouette, having the flat back. Secondly, the skirt was three-tiered. Thirdly, it had a panel of pleated crepe at the right side. Lastly, the large hat; the grey steel-beaded bag, and grey shoes helped to make it a really smart costume (centre).

White costumes were there in infinite variety; some were sport suits trimmed with brilliant colors such as that white flannel banded with citron (third from right); some were combined with black, as in the case of a brocaded silk ratine with collar and wide bands of black monkey fur (third from left); while a number were short white rabbit jackets worn with pleated skirts and either colored or black hats and shoes, the main thing being that hat and shoes match (fifth from right). This advent of the white fur coat seems indication that we are not yet done with summer furs.

Of course there was the usual sprinkling of black frocks worn principally by older women, though one attractive young woman wore a black crepe satin, many tiered, with pleated

One of the new shapes, in brown Milan straw,

panel in front of flame color, and a jaunty little hat of tuscan straw surrounded by flame and brown leaves (upper left, standing figure).

Surely there could never have been a more satisfying Woodbine opening. The many surprises in the races added excitement. Smartly-gowned women lent beauty, and the right mutuel tickets contributed pleasure. Surely even the Hon. Mr. Raney was pleased.

Mrs. John Macdonald, noted for her good taste, was in pale grey.

College Girl Works as House Servant

Helps Put Herself Through Varsity By Doing Part Time Domestic Service—Ate With the Family—Some Petty Annoyances, Some Snubs, Some Fun—Advises Others To Do Likewise.

By JOAN SCOTT

TO be a servant! What varied ideas those words conjure to one's mind! I did not try the experiment entirely from choice. However, I have often pondered the pros and cons of the servant question, and when I found, late in the summer, that family finances would not allow of my finishing my college course, I was quite interested to see just what it would be like to be in service. I had known other students who had secured a free room in a household where there were small children, in return for staying in in the evenings. But I needed more than this—room, board, and, if possible, enough money for books and carfare.

The first lady, whom I went to see, gave me several pointers on: "Why one does not want to be in service." She was a delicate, nervous woman, possessing a small boy of five—a child who came in and stamped his foot and said: "Mother, you're an old fool, anyway." I explained to this lady that I should only be available for work before 8.30 a.m. and after 4 p.m., and gave her the name of the Dean of Women of my college as a reference. I expected her to wish to satisfy herself about my ability and character. I was not, however, prepared for the catechism about my personal affairs, financial and otherwise, to which I was subjected, nor for the unsought advice that I teach in a "girls' " school without getting my degree. I was more than relieved when this lady decided that she wanted a full-time servant.

My second application was much more satisfactory. With this lady I made the arrangement that I do one and a half hours' housework before breakfast and two hours at night. This included fixing the furnace in the morning, dusting and sweeping the ground floor and attic on alternate days, and putting on breakfast. At night I was to come in by 5.30, help to put on dinner, and wash all the dishes for the day. In the evenings I was to stay in whenever the lady and her husband were out. For all this, I received room, board and $9 a week, and my Sunday afternoons were free. Under this arrangement I began my fourth year as an undergraduate.

It was quite interesting to watch other maids polishing the brasses and sweeping down the front steps in the early morning. I used to measure myself against the girl across the street who also appeared about 7 a.m., and at first got a burning and a shining letter box and doorhandle in half the time it took me. But I caught her up in a week or two; of course, she did not know that there was a race in progress.

Residential streets are nice at that hour. There are a few milk wagons and an energetic child or two who is turned out-of-doors to play, so that his parents may sleep. There are no disconsolate people about—only children and maids rubbing up brass—and dogs.

I enjoyed the morning work, creeping about trying to clean stairs and bannisters without disturbing the family. I got the children's breakfast and saw them off to school, while the tired bridge players recovered from their mental exertion of the night before.

If these children are typical of Canadians—I wonder if they are? I must pay my respects to the younger generation. True they were always late for breakfast and I fear often late for school—but I never once during all those months met with impertinence or rudeness from them. They were truly courteous. Perhaps when one is not the end and aim of one's parents' existence, one learns to consider others, as well as demanding attention—a point in favor of bridge. Certainly I never met with one trial of the ordinary servant—rudeness on the part of the younger members of the family.

THE real fun came at dinner time. I had stated very clearly that I was willing to have my meals by myself. However, my mistress said she would like me to come to the table. As I had to wait on table in any case, this arrangement saved me a certain amount of time—a very precious article. There were, however, many visitors who secretly caused me much amusement. There was one lady who came often. I always expected her to produce a lorgnette in order to survey me properly. However, for lack of any other device, she would carefully pass everything to the gentlemen first—I supposed to teach me my place.

The gentlemen varied in their attitude between real friendliness and complete obviousness of my existence. Always my mistress took pains to include me in the conversation and often the dinner hour was most entertaining. The group of business men who came as guests to the house were an entirely new and therefore interesting type to me. On the whole I liked them. One, whom I met several times, volunteered across the table: "If I meet you down town some day, Miss Scott, I shall ask you to have tea with me." Needless to say, this never materialized.

The man who at once amused and annoyed me most was the master of the house. He was a fussy man!

"Why did you put the potatoes in the white pot instead of the blue one, Miss Scott?"

"Why are you peeling onions with that knife, Miss Scott?"

"Why are you using cornstarch instead of flour, Miss Scott?" etc., etc., etc.

I never knew when he would come fussing into the kitchen. Constitutionally I abhor men who try to dictate the work of the women of the household. However, he was a thoroughly kind, hospitable man, and if one had a sense of humor one could put up with it.

Kind and courteous as the family was, there were little things that showed the habitual attitude to those who do housework. I went down to answer the door one afternoon, leaving my light on for a few minutes. For this I was read a long lecture on extravagance that was very irritating. I never burned my light unnecessarily.

There was, however, one thing that I felt was a real hardship. I had only an hour and twenty minutes for lunch. It was specifically stated in my agreement that I was not to be called upon at the noon hour. As I was working from 6.30 a.m. till 10 or 11 at night, I was most anxious to lie down for twenty minutes in the middle of the day. The children and the man of the house did not return for lunch, so my mistress and I were alone. I came in every day at 12.15—never once was lunch ready. Every day I had to help prepare it and clear up afterwards. As a result my noon hour was a terrible strain. There was nothing in the winter's work that did more to tire me out.

It is a disadvantage, that one would never willingly face, to have to spend four hours a day on work that has nothing to do with one's studies! However, if a girl is forced to earn her way through college, I do not think that she can find any field that will tax her strength less. Certainly if there are many mistresses as considerate and friendly as mine, I would recommend to future students that they seriously consider this means of earning their way. One gets a quiet, comfortable home, regular hours, and work that gives variety and exercise. I say regular hours—and yet often after bridge parties and dinners the dishes would keep me busy till 9 or 10 o'clock. Nevertheless there are to be found mistresses for whom one is willing to do overtime, and a servant's life with such a woman is quite enjoyable.

THE STRANGE BIRD

By GEORGE STERLING

WE are not done disputing yet
Which of us heard its singing first—
A sorrow to a music set,
Welcome as water is to thirst,
Tender as sleep to old regret.

It was a shy and nameless bird,
And shy and nameless was the song,
By morning twilight often heard.
It kept where shadows still were long,
Ready to vanish at a word.

It sang, beside the quieter streams,
Of beauty found perpetual—
No loveliness that only seems,
But all that made love beautiful
And life more beautiful than dreams.

Unseen by darkness as by noon,
It slept, we thought, afar from fears;
Though once we heard, below the moon,
A strain like gladness told in tears,
That rose, and sank, and died too soon.

We hoped to find that hidden place,
But evening shadows foiled the sight;
Save of the song, we had no trace
Of that cool secrecy of light,
Where silence had a purer grace.

It was not long we heard that tone,
Unsolved, ethereal, rain-pure:
One of us killed it with a stone,
The story goes. We are not sure.
Perhaps we say, it has but flown.

Perhaps it sings in other lands,
Where all of which it told is found,
As lovers clasp awaited hands
And listen, dreaming, to the sound
Of waves that cease on twilight sands.

—The Outlook.

FAMOUS PARIS DESIGNERS TO FIGHT STYLE THIEVES

Defensive Association Will Send Representatives to Various Cities to Prevent Sale of Copied Fashions—Society Women Caught Selling Gowns to Copy—Already Many Lawsuits Launched and Won.

By THERESE CLEMENCEAU
Daughter of Georges Clemenceau.

THE famous French fashion designers have been driven by "fashion pirates" to abandon their individual isolation and to unite with one another in an incorporated association to protect their designs from wholesale reproduction.

Everything has changed in a very few years. It is not so long ago that any one who wished might visit any one of the great dressmaking establishments. Nobody demanded credentials. At your approach the charming saleswomen hurried to dance attendance on you, asking breathlessly what sort of costume you wished to see, and immediately on your word a procession of manikins was passing in review before you.

You might halt this one or that and examine the embroidery calmly, feel of the fabrics and without the slightest hesitation ask the manikin to pirouette before you so that you might make a thorough inspection of the form and cut. After two hours of this a capable woman could go home, record her observations in her notebook and set down sketches of the designs which were still fresh in her mind; and by doing this to one establishment after the other she would be in possession of all the latest modes of Paris within a week, without any expense.

For a long time things went on like this. Then, with an amazing impudence, small shops began to offer "copies." There, for a quarter of the price, you could purchase a robe which resembled the original—the same colors, fabrics perhaps not so good, but with an identical appearance, embroidery closely imitated—and even though it was not so perfectly cut ,the general effect of the robe was quite acceptable.

Copyists Use Celebrated Names

THE fashion designers were amazed by this audacity, but they did not dream that such competition could do them any damage. They tolerated it at first. Then they decided to be somewhat less receptive of visitors, when they began to discover that patrons were fewer. They began to watch the behavior of everybody. The designers, saleswomen, needle workers, were closely watched from the very first moment of manufacture to the salon where the finished costumes were displayed. This surveillance aroused the animosity of the workers at first, but eventually they became accustomed to their prison-like existence. One or two were discharged for revealing designs.

Nevertheless, the copyists continued to flourish. Eventually there was hardly a single small dressmaker in a side street who was not able to offer you a "Callot" or a "Poiret" costume. This was too much, and war was declared by the great costume designers.

The great fashion establishments had by this time made sure that their personnel was honest and they had also made access to the display salon so difficult that there remained only one conclusion: their clients were betraying them.

They found that one of their very fashionable customers had ordered twenty gowns for herself and had sold the right to copy them. Thus without any expense to herself she acquired an exquisite wardrobe.

Thereupon the Association for the Defense of the Plastic and Applied Arts in France and Abroad came into being. This association intends to establish centres of French art in foreign capitals. The designers of Paris, under the auspices of the association, will go themselves to these capitals and will there make known their works and defend the French taste.

The results have become apparent. One of the charter members has already undertaken 140 lawsuits, a number of which have already been brought to trial and decided in favor of the original designers. The punishment in one case was a fine of 1,000 francs and damages of 12,000 francs to be paid to the establishment from which the design had been copied, the confiscation of the counterfeit costume and payment of the cost of the action. In addition, the copyist was ordered to insert in the six most important newspapers the full text of the judgment against her.—New York World.

A Wonder Who Talked Like a Book

COOK (to butler who has been holding forth on how he would govern the country): "Mr. Miggs, you're a wonder! You talk like a book—with all the pages torn out!"—N. Y. Morning Telegraph.

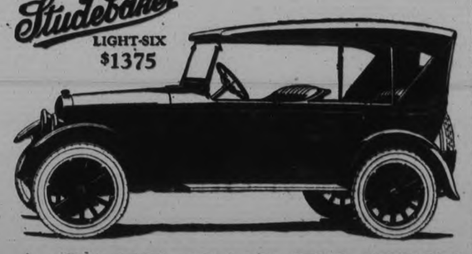
Studebaker

LIGHT-SIX

$1375



A SAFE CAR TO BUY

Backed by $82,000,000 of resources

There is no element of chance in the purchase of a Studebaker Light-Six. Its satisfaction is backed by a concern with $82,000,000 of resources and a seventy-one year old reputation for high quality and fair dealing.

Since the Light-Six was introduced, more than 100,000 have been sold. From the beginning, its remarkable performance, sturdy construction and unusual economy have been widely recognized. But today the Light-Six represents an even finer motor car than at its inception, for it bears the improvements that Studebaker's large engineering staff has been ever alert to adopt with a view toward making a good product better.

Studebaker's leadership in six-cylinder sales is further assurance of merit. Sales in 1922 totaled 110,249 cars valued at more than $130,000,000. One buyer may make a mistake in the selection of a motor car, but not one hundred and ten thousand!

In fairness to yourself, you should see the Studebaker Light-Six before you buy any car.

THIS IS A STUDEBAKER YEAR

A Leaf Cut of the Oddfellows' Past

Thirty-six years ago Peterborough was favored with the presence of the Grand Encampment of Oddfellows, and on Civic holiday this year, August 13th, and the Tuesday and Wednesday following, the event will be repeated on a larger scale than before.

The following descriptive passages of the gala proceedings in 1887 have been taken from the Examiner of August 9 and following dates.

"Every train yesterday and last night brought to town the delegates to the annual session of the Grand Encampment here. Early this morning the Victoria Rifles Band, Montreal Canton Militant, and three Highland pipers in costume, accompanied by a number of oddfellows of that city, arrived via C.P.R. The uniformed visitors were conducted to the Charlotte street rink, where breakfast was served. At 9 o'clock the 57th, Battalion Band, Victoria Rifles Band, Highland Pipers' Band and the Montreal Canton escorted the Grand Encampment representatives from the Oriental Hotel up George street to the Court House. The 18th, annual session of the grand encampment I.O.O.F. was opened at the court house, at 9 o'clock, Frank Riddell of London, Grand Patriarch, presiding. The Peterborough representative was D. H. Moore, Grand Junior Warden, who is still a member of the order here.

In his open speech the grand patriarch reported three new encampments instituted during the year just closed, and a net increase of 200 in membership. In closing, he said, "It has been a year of unusual prosperity in our order and unbounded rejoicing as the jubilee year of Her Most Gracious Majesty the Queen."

Beautiful Peterborough

The report of the grand scribe and treasurer, M. D. Dawson, is especially interesting to citizens of Peterborough. He said in part—"Patriarchs: No more fitting place could have been selected than the ancient but beautiful town of Peterborough for our annual gathering. Long before this branch of our order had an existence in Ontario, an encampment of patriarchs had a tent erected here and flourished for many years, but hard times came upon them, and, like the red man of the forest, their fire was quenched—they went out of existence. Still the memories of the past were upon them, and when some of the old patricarch made an application for the erection of an encampment under the Independent order they insisted that an old and venerated name, Mount Hebron, should be given them. Their wish was complied with and about the beginning of November 1883 a start was made. They promised then that their progress would be "onward" and faithfully they have kept their word, for every single return has reported an increase in membership and interest. We are glad to assemble and partake of their hospitality on the banks of the Otonabee and take a view of the numerous lakes which are said to abound in the country of Peterborough. We know that the town has an extended fame for its hospitality."

This branch of the order showed a net increase of 98 in the previous 6 months, membership, on December 31, 1885 being 3,016. $1,913.09 had been paid out in relief.

Gas Illumination

On the second day it was estimated that 10,000 people were in town for the demonstration. Several arches spanned the streets, and the town was gay with bunting, flags, and floral decorations. The description in the Examiner of Wednesday, August 10, 1887 of the illumination is particularly interesting in this age when Peterborough boasts itself "The Electric City."

"On Tuesday night the streets were thronged with crowds who were delighted with the illumindtion. Nearly every store was ablaze, while several beautiful gas designs were conspicuously handsome. McAndrews and Noble had a jubilee design of a crown encircling the letters V.R., and surmounted by the figures 50. The up-town C.P.R. ticket agency was handsomely illuminated with chinese lanterns and gas. At Chamberlain's restarant a circle of gas light enclosed three links of flame. H. LeBrun's mammoth horse shoe, the sign of the store, was illuminated by a horse-shoe of light. The new electric light tower at the corner of Hunter street was in operation, and an extra light in front of Habiliment Hall was intended to show off the beauties of the nearby arch. It will shed its beautiful light over the street again tonight."

In 1887, as now, the factories were the show places, and the Examiner remarks, "Many of the visitors spent yesterday inspecting our factories and various industries. They all think Peterborough the finest town in the Province."

Six special constables were appointed to keep order, and very few of the stores were open, a civic holiday being proclaimed.

At 10 o'clock on the morning of the 10th., a brilliant escort including two bands met Lieutenant General Underwood of Covington, Ky., Deputy Grand Sire of the Soverign Grand Lodge, and escorted him to the court house where he was received with all the honours.

Addresses of Welcome

The address of welcome was delivered by Bro. J. R. Stratton, M.P.P., of Peterborough Lodge No. 111, who died several years ago. On behalf of the citizens, His Worship James Stevenson, M.P., Mayor of the town. P. G. Otonabee Lodge No. 13, who delivered an address of welcome, who died about 15 years ago, which follows in part—"I am happy to say that, in response to the inimation of the chairman of the reception committee, the body over which I have the honor to preside, unanimously and cordially identified themselves with the Oddfellows of the local societies and were pleased at the opportunity of assisting in arrangements to make your stay among us as comfortable and entertaining as our good will and united efforts can effect."

A grand parade marked the demonstration on August 10th, when sports were held in the driving park. The Examiner says "The procession marched down George street to the driving park followed by a crush of carriages and foot passengers, and about five thousand spectators poured into the grounds to watch the remainder of the proceedings. The Cantons drew up in the enclosure formed by the race track and performed a magnificent series of fancy movements in succession, the more intricate and beautiful eliciting loud applause. The magnificent appearane and military bearing excellence of the visiting cantons evoked the military feelings in Peterborough, and the result was the issuing of a charter for the formation of a Peterborough canton No. 10 with the following officers—Capta'n A. McNeil; Lieutenant Jos. Mills; Ensign Andrew MacFarlane.

The "Plate Glass City"

In his address in the evening, Lt. Gen. Underwood was high in his praises of Peterborough. He was surprised to see so prosperous a town. At one time he thought Toronto was Canada, but his visit to Peterborough had undeceived him. Peterborough, he believed, had more plate glass than Toronto. The general was profuse in his compliments to the beauty of Peterborough ladies, and their goodness was shown by the care they had taken of the visiting Patriarchs Militant at the headquarters in the skating rink.

The Toronto Globe said of Wednesday's demonstration "Altogether it has been conceded by everyone to be the most successful and best managed demonstratign the order has yet held. The managers of the Peterborough demonstration are to be congratulated on the entire and superb success of a meeting that will long be remembered."

Among the Peterborough men appointed to office at the sessions of the grand encampment was Robert William Bell, M.D., who was made grand warden, grand Lodge of Ontario. Dr. Bell came to Peterborough from Carleton Place in 1876. He was a member of the board of managers of St. Andrew's Church.

It is recorded that the departing guests—some of whom could scarcely be persuaded to leave their quarters in the skating rink where Peterborough's hospitality had been lavished on them—said "We have been used splendidly and won't forget it."

At this years gathering there will be six cantons besides the visiting lodges. Windsor canton had planned a visit to Cincinnati on that day, but now intend coming to Peterborough. The local representatives of the order have secured Riverside Park for the sporting events and competitions, and some of the cantons have enquired whether it will be feasible to put on all night performances in public halls. As they say, we won't sleep, so why not let us have a real good time."

Several merchants of the city have approached the members of the Peterborough lodges saying that they are prepared to spent considerable money in dressing their windows and stores.

From the experience in 1887, and judging by the preparation that is being made for the approaching gathering of the clans, Peterborough, as well as the Oddfellows, may look forward to having a "real good time" during civic holiday week.

THE "TROUBLE SHOOTER"

Shows How to Adjust Tune up Motor for the Season's Running.

By E. H. SCOTT

This article gives practical, step-by-step instructions to the motorist who wants to reduce his repair bills, get more power from his motor, and eliminate trouble during the coming touring season.

Overhauling the Cooling System

The Cooling System requires a thorough cleaning out at least twice a year. Rust and sediment collect in the radiator and water jackets. Most anti-freeze solutions rot the hose, causing them to peel inside and obstruct the free flow of the water. Small leaks develop which are not noticed during the cold weather, but which cause serious damage if allowed to continue. The Fan Belt probably requires adjusting. A defective cooling system causes an engine to overheat and knock, increases gasoline consumption and causes a loss of power, better examine it as shown below and make sure that it is in order.

Remove all dirt and mud from between the fins and cells in the radiator core by squirting water through from the rear, but be careful in doing this that you do not wet the distributor or Coil.

First drain off the water in the radiator to see how many gallons it holds, then mix one pound of common washing soda to every gallon of water. Let the engine run slowly for about two or three hours. Do not let any of the liquid slop over on the paint work or it will mark it badly.

Disconnect the bottom water connection and allow the dirty water to drain out, then take a hose with a good pressure behind it, and let the water run through until it comes out clean and clear.

The use of hard water in the radiator is the cause of scale and sediment forming in the water jackets and tubes of the radiator. City water nearly always contains a certain proportion of lime in solution, and is a hard water. Just examine the inside of your family kettle, and you will probably notice a white scale all around. The scale is of course formed by the lime in the water, and this same kind of scale forms in the radiator tubes and water jackets, and is one of the causes of overheating. The soda will dissolve most of this if left in long enough, but why not prevent it from forming at all?

Rain water contains NO lime and is a soft water. The small amount of sediment in it is soft and easily flushed out with a hose. Use rain water in your radiator and it will prevent one of the troubles that may be a possible cause of your engine overheating.

Take off both hose connections. The anti-freeze solution you have been using has in all probability rotted the inside, causing the rubber to peel off and curl up inside the hose, obstructing the free flow of water.

Examine the Fan Belt to see that it is adjusted correctly and is not slipping. A Fan Belt should be adjusted so that you can just make the belt slip on the pulley by pressing down on one of the blades of the fan with two fingers. Keep the belt adjusted so that it does not slip, but at the same time do not have it adjusted too tightly or you will have trouble with the belt breaking.

If you have a Pump to circulate the water, examine to see that it is not caking at the pump shaft. If it is leaking then tighten the stuffing nut. If this does not stop the leak, then back off the nut and wind a few inches of cotton or hemp wick which has been soaked in graphite grease around the shaft, then tighten the nut again. After you have attended to the above details, make sure the pump is working properly. During the winter the water in the pump sometimes freezes, and the first turn of the engine the key in the pump shaft shears; then, of course, the paddle does not revolve and circulate the water. After filling the radiator, start the engine, then peer into the radiator through the hole in the filler cap, and see if the water is bubbling or churning, showing that it is circulating. If it is NOT, then remove the pump and examine to see that the paddle wheel is firmly attached to the pump shaft.

The Standard of Comparison

Economical—Dependable

Comfortable—Beautiful

The "Master-Four" Touring Model 23-35 Special

The McLaughlin-Buick "Master Four" Touring is its own best advertisement. Every car sold means a new friend made. Its all-round goodness commends it to everyone and its thorough dependability insures its staying sold with its owner.

A close inspection of its construction, finish and equipment and a comparison with other cars of its price will convince anyone of its unusual value. But its value does not end here, as it is continually making new records in operation cost and low cost of repairs.

It is a car that is always ready to start—and to keep going. It has proven its dependability under the hardest conditions in all parts of the world. It has the beautiful, graceful lines that grow on one, and in comfort of riding and ease of operation it leaves nothing to be desired, as a ride in it will quickly prove.

Standard equipment includes massive crown fenders, drum type head and cowl lamps, bumper, combination tail and stop light, scuff plates, transmission lock, etc.

McLAUGHLIN - BUICK

SILVER BLACK FOX RANCH ON FARM IN SMITH

Organized by John E. Patte With Forty Pairs Already Bought—Start in June.

RANCHER ENGAGED

Plans for the establishment in Smith Township of a silver black fox ranch on lines successfully developed in Prince Edward Island, where the industry has become famous and prosperous, have been laid out in detail, and the project is all ready for an early launching. Application has been made for a Dominion charter of incorporation under the name of Patte andWolff Foxes, Limited, with a capitalization of $50,000.

The original shareholders of the company are John E. Patte of Peterboro, Harry Wolff of New York, and a summer cottager at Chemong, Mrs. Claire Deshecker and Mr. Daniel Desbecker of Buffalo, Mr. G. N. Gordon, M. P., and Mr. Buff McManus of Smith Township.

The enclosure for the proposed ranch will comprise three acres at the outside. The location in the McManus farm south of Chemung Park is ideal with a favorable climate and small hardwood bush.

Mr. Patte, who has had charge of the details of preparation, informed The Examiner today that the contract for the wire had been let to the Peterboro Hardware Company. The enclosure for the pens will require 20,700 feet of this special heavy galvanized wire of from 1½ to 5 feet in width, and the guard fence around the enclosure will take 13,000 feet of lumber. The ground wire forming the pens is five feet wide, of which three feet is set underground to prevent the foxes from burrowing out. The wire walls of the pens will be nine feet high with a two feet overhang that discourages the valuable and active animals when they attempt to climb up and over the wire enclosure. Each pen for a pair of foxes will be 20 by 30 feet in area with a small wooden house in the centre. The contract for the construction of the pens has been let to Mr. Gallant of Summerside, P. E. I., who will start work in June, finishing it in six weeks or two months. His engagement is a guarantee of expert service and the most modern practices in fox ranches where they have expanded into an important and profitable industry.

The rancher is also being secured from Prince Edward Island.

He has already accepted terms and comes to Patte and Wolff Foxes, limited, fully experienced and capable of taking care of the forty pairs of foxes that will be moved to the ranch in Smith as soon it is completed and ready for occupancy.

In the course of his business trips to Prince Edward Island, Mr. Patte became imformed with the possibilities of fox ranching and is now realizing an ambition which he is confident will bring success in the Smith Township site. Of the authorized capital stock $40,000 has been issued and $32,000 of it has already been disposed of. The company is willing to sell the remainder of the stock to applicants who may be interested in this enterprise which Mr. Patte affirms is being started as economically as possible, and with a comparatively low capitalization of the foxes that will form the first population of the ranch. They are all registered with the Canadian Livestock Association, being of the best Prince Edward Island strains. Mr. Patte is a member of the Canadian Silver Fox Breeders' Association. The silver black fox pelts are bringing high prices, and the best of them are sold in the British market.

TO EXTEND STRIKE.

BERLIN, May 26 (Canadian Press). — The Communist Workers Council has decided to extend their strike movement in the occupied zone to the whole of Westphalia and the right bank of the Rhine, says a despatch from Dusseldorf.

YOUNG'S POINT NEWS

YOUNG'S POINT, May 25.—Mr. W. Montgomery of Peterboro passed through the village on Tuesday.

Miss Agnes Young was in Lakefield on Wednesday.

Rev. A. McKenzie of Lakefield was in the village on Wednesday.

Mr George Douglas was in Lakefield on Wednesday.

Mr. Howard Dunford of Dunmmer, passed through the village on Wednesday.

Mr. Wright of Norwood, passed through the village on Wednesday with the first load of cheese boxes for Mr. George Wilson, at Halls' Bridge.

Mrs. Faucet of Lakefield, was in the village on Wednesday.

Rev. Mr. and Mrs. Hughes, were in Lakefield on Wednesday.

South Beach Summer Resort has opened up for the season.

Owing to the high-water and swift current the men are having difficulties getting the logs down the river.

School was closed for the holiday; Mr. Raddon is greatly improving the school-yard by removing the large stones and levelling the grounds.

Among those from the village who attended the dance at the Riverside Pavilion, Lakefield, Tuesday night were the Misses Clare and Kathleen Young, Kathleen Rankin, Messrs. Victor Young, and Jim Raddon.

Misses Margaret Young, and Bessie Wilson, who are attending Lakefield High School, spent the holiday at their respective homes.

NOTED YACHTSMAN DEAD.

DUBLIN, May 26. — (Canadian Press).—Hugh McCamount, noted yachtsman, is dead from injuries he received when he fell from the cliff near his home at Bally Castle, County Antrim. At one time he represented North Antrim in the British House of Commons.

NEW RUSSIAN PARTY STARTED IN LONDON

LONDON, May 26.—(Associated Press)—The anti-religious policy of the Soviet government and the general gravity of the Russian situation, have set up a new state of ferment in Russian circles of London and the continent.

The result has been to bring into being a new Russian group, the National Progressive Party, which recently held a meeting in London. It was then declared that the aim of the party was to work for the holding eventually in Russia of a great national plebiscite which should set up a Constitutional Assembly, which in turn would decide the future of Russia. The party adopted as other planks of its platform the complete freedom of religious life; respect of persons, property and trade; open trade for all with no special privilege for Germany of any other state. The formation of this party is believed by leading Russian exiles to be the most important step yet taken to unite the Russians living outside their country.

The importance of this new organization is said to lie in the fact that it is not a party of nobles, but is open to all classes of exiled Russians. The concessions of the leaders, who are for the most part, however, noblemen in supporting religious toleration and freedom of trade, which were never known in pre-war Russia, is the real feature which makes the party a popular one among the exiles. Any mention of the restoration of the Russian royal family has been avoided.

Desired By All For Very Evident Reasons

THE reasons for the remarkable popularity of Chevrolet are very evident to anyone who has examined the New *Superior* Models and compared them with other cars selling at or near their price.

Chevrolet, as a pleasant, comfortable, efficient economical means of transportation, leaves nothing to be desired. Its construction ensures comfort on the longest trip; its mechanical design makes certain that it will perform as a good car should; its economy of operation is too well known to need comment.

Not only is Chevrolet desired for its ability to do things well, but also for its looks. It is a handsome car—long, low lines, high radiator and cowl, drum type headlamps, crown fenders—and its equipment is absolutely complete and modern.

See Chevrolet first.

Financial News and Views

Canadian Stock Exchange — And Mines — | New York Stock Exchange — And Curb Prices.

To-Day's Quotations and Opinions and Reviews of the Markets.

NEW YORK, May 26. (Special.)—If any doubt lingered that the recent drastic decline in the market had been carried to excess in view of the many favorable factors in the current economic situation it was effectually dispelled by another outburst of strength among the leading industrial stocks at the week's close.

So rapid was the pace of recovery in issues like California Petroleum, Corn Products, Studebaker, Baldwin and American Can, which bore the brunt of recent waves of selling, that the short element in stocks of this description beat a hurried retreat instead of waiting another setback as they had planned to do.

After meeting formidable resistance fractionally above the November low stocks had rallied sufficiently to demonstrate that the weakness encountered in the latter stages of the recent decline was primarily due to the throwing overboard of impaired marginal accounts rather than to liquidation for the account of important interests who felt that the economic trend had turned definitely downward; optimism on the part of industrial leaders supplemented by the conclusive character of the week's recovery in stock values, had resulted in a striking change in Wall street sentiment. As the rally progressed many authorities were less inclined to scoff at theory that the recent shake down represented a secondary reaction in an uncompleted bull swing.

The Weekly Mercantile Review reported a disposition to stress the favorable aspects of the business situation reflecting the exchange from the tendency of a few weeks ago when trade circles were inclined to be pessimistic. Attention was called to such reassuring factors as the heavy consumption in goods and the discouragement of speculative excesses.

Prices among the leading industrial stocks opened around the best levels reached on the current recovery. Changes from the previous close were confined to a fractional nature, but were mostly on the upside.

Following a period of hesitation after the opening, industrials developed renewed strength and prices among the speculative leaders reach further new highs on the recovery.

Stocks which led the week's rally continud to set a rapid pace, California Petroleum reaching a record 1923 price at 113¼ while American Locomotive went into high ground on the current rebound at 137. American at 101, Baldwin at 133½ and Studebaker at 113 5-8; Coca Cola's new high on the move at 77 3-4 reflected the expectation of the establishment of a regular $8 dividend at next week's meeting. The company has been paying at the annual rate of $6 regular and $2 extra.

DISASTROUS FIRE BARN DESTROYED

Farmer in Ontario County Suffers Heavy Loss-Tractor a Prey to Flames.

LINDSAY, May 26. — A disastrous fire took place on Wednesday at Greenbank, just across Victoria county boundary in Ontario county, when the fine barn on the farm of Mr. Russell Sonley was destroyed. Mrs. Sonley went to the barn in the evening to set a hen, and in some way the lantern exploded and the burning oil scattered over her clothing. Before she could extinguish the flames the barn took fire, and so rapidly did the flames spread that Mrs. Sonley was forced to go down through the stable portion of the barn to get out. Some of the neighbors managed to get the stock from the stables, but a tractor and automobile was destroyed. The big barn was one of the best in the district. It was insured for $3,000.

LONGER BRASSIERES.

Brassieres become longer and longer as corsets shrink in importance. Most of them are developed in satin or heavy jersey and are trimmed with filet lace.

MR. AND MRS. SPENCE GET A PRESENTATION

Member of Trent Canal Staff Recipient of Gift of Silverware.

LINDSAY, May 26.—A few evenings ago, Mr. Alex. Spence of the Trent Valley Canal staff, Peterboro, and Mrs. Spence were the recipients of a presentation at Bobcaygeon. Mr. Spence has been residing in that village for three years supervising canal work especially in connection with the construction of the dam and locks He is about to be transferred to Young's Point, where similar improvements are contemplated.

A number of friends gathered and presented Mr. and Mrs. Spence with a gift of silverware. The presentation address was made by Mr. St. George.

TO MODIFY STANDARDS.

KINGSTON, Jamaica, May 26. — (Canadian Press).—At a meeting of representative business men held yesterday, a resolution was passed urging the Government to take action to repeal the sixteen Dutch standards as regards West Indian sugar entering Canada under the Canada-West Indian agreement. A committee was appointed by the meeting to prepare modifications of the standards.

A savings account-- Its great possibilities

ALADDIN'S wonderful lamp has its modern counterpart in a savings account.

From a savings account your home and all that it means to you may come; opportunity, contentment and independence for the future, all are possible in a savings account.

And you can increase it by your own efforts. Once you start it, it keeps on growing both by what you add to it and by the interest it accumulates.

STEAMERS IN COLLISION NO LIVES WERE LOST

GLASGOW, May 26.—(Canadian Press).— The steamer Metagama, bound from Glasgow for Quebec and Montreal, with 1,100 passengers was in collision to-day with the Britsh freighter Baron Vernon.

The freighter was seriously damaged and the liner only slightly so. Some of the freighter's crew had remarkable escapes. The collision occurred in the River Clyde. The Bar on Vernon was beached near Dunbarton and the Metagama returned to Glasgow.

New Brunswick Lady Satisfied With Results
Recommendd Dodd's Kidney Pills for Kidney Ills.
M'elle Clarice Lizotte suffered from Kidney trouble and headaches and found relief in Dodd's Kidney Pills.
Green River, N.B., May 25.—(Special).—"Your Dodd's Kidney Pills have made my kidneys and head quite well," so states M'elle Lizotte, who is well known and highly respected here.
"I suffered with rheumatism and pains in my back. My appetite was poor and I always felt tired and irritable. I took a few boxes of Dodd's Kidney Pills and am very satisfied with the results."
Dodd's Kidney Pills are a kidney remedy. They strengthen the kidneys so they can do their full work of straining the impurities out of the blood. Dodd's Kidney Pills have been used for backaches, diabetes, rheumatism, dropsy, urinary troubles and heart disease. People who use them are satisfied.
Ask your neighbors about Dodd's Kidney Pills.

BISHOP O'BRIEN HOLDS CEREMONY IN HAMILTON

HAMILTON, Ont., May 26 (Special to The Examiner). — Bishop Michael O'Brien, of Peterborough, this morning elevated to the priesthood Rev. Thomas Clancy, Brantford, and Rev. James Ford, Rev. Donald Curtis, and Rev. William O'Shaughnessy, of Hamilton.

The ceremony took place in St. Patrick's Church here, and Bishop O'Brien acted for Bishop Bowling, of Hamilton, who is ill.

Bishop O'Brien will conduct confirmation services here on Monday evening and throughout the diocese during the remainder of the week.

SEPARATE TREATIES TO SOLVE EASTERN PROBLEM

LAUSANNE, May 26 (Canadian Press). — Negotiations of separate treaties between Turkey and other nations to determine the privileges of foreigners in Turkey was agreed upon to-day by the Political Committee of the Near East Conference as a solution of the lond-standing dispute over this question.

The treaties must be negotiated within a year, Turkey meanwhile maintaining a status quo.

PROGRESSIVE EUCHRE A FEATURE S. O. E. PARTY

A progressive euchre party was held by the Sons of England in their hall last evening, with a good attendance. Prizes at cards were won by Mrs. G. Benton and Mr. L. Campbell

Special prizes went to Mrs Walker and Mr L. Campbell, and the consolation awards to Mrs. Walker and J. E. Farrance. Dainty refreshments were served at the conclusion of the games.

SPECTACULAR FIRE.

ROCHESTER, N.Y., May 26 (Canadian Press). — Five hundred thousand gallons of oil stored at the plant of the P. B. Rae Oil Company were ablaze here last night in one of the most spectacular fires in the history of this city.

Two explosions which started the fire shortly after seven o'clock shook the entire city.

The origin is not yet known.

The damage is estimated at $35,000

A NEW ANGLE TO ELECTIONS

Is Seen in the Nomination for London Offered by Conservatives to Sir Adam Beck.

TORONTO, May 26.—(Canadian Press).—The nomination for London offered by the Conservatives to Sir Adam Beck, chairman of the Ontario Hydro-Electric Commission, presents a possible new angle to campaigning for the Provncial general elections. Sir Adam has not been so prominent in newspapers since the partial eclipse of his Hydro-radial projects, following the defeat of these plans at the polls in various municipalities last January. Sir Adam Beck's ardent supporters of various parties look for a big "come back" if the Provincial Hydro chairman accepts the candidature for London. His reply to the proffered nomination intimated that he must first have a talk with Hon. Howard Ferguson, Provincial Conservative leader. It is admitted that Sir Adam's Hydro policies and personality are big factors for consideration in connection with his acceptance of the London nomination.

Sir Adam Beck was formerly member for the Legislature for London. He was defeated at the last general election (1919) by H. A. Stevenson, Labor.

Party Conventions.

Party conventions are to be held in several constituencies this afternoon. It is expected that lists of prospective candidate will be complete in a few days. Three-cornered contests will probably be the rule rather than the exception.

That the line between U. F. O.-Labor forces of the Government and the Liberal party is now definitely drawn is made more and more in evidence as the campaign progresses. Liberal-supporting newspapers and Liberal candidates lose no opportunity to make a declaration that there will be no fusion between Liberals and United Farmers.

MAINE COAST RESORTS.
To many thousands of people there is no holiday that can compare with a vacation spent by the seashore: The smooth, sandy beaches, the rocky coves, the murmur of the restless ocean, the invigorating breezes, the cool, restful nights, the delights of bathing, boating and fishing, combine to make a well-nigh irresistible appeal to the vacation seeker. The Canadian National Railways has just issued a handsome illustrated publication entitled "Seashore Holidays," giving a hotel directory, map, etc. Copy may be had free on application to: J. B. Doran, C.P. & T.A., Peterborough, or to any Canadian National Ticket Agent.

TO OPEN MILITARY HOSPITAL

KINGSTON, Ont., May 26. — (Canadian Press).—A fully equipped hospital for the permanent force of this military district is to be established in Sydenham Military Hospital, which has been closed, following the destruction of some buildings by fire last January.

LINIMENT FOUND TO BE POWERFUL GERMICIDE
Originally, Absorbine Jr. was sold only as a pain reliever and an embrocation. It was quickly discovered that the liniment was positive death to all forms of germ life, and it is now used as a mouth wash, for wound dressing and for all disinfecting purposes.
Another surprise was yet in store. A Wm. Pratt of Springfield, Mass., applied Absorbine Jr. to a varicose vein to relieve the intense pain. Not only did the pain leave, but he noticed every day the swollen vein becoming smaller. The treatment was kept up and, today, Mr. Pratt's legs, though he has never used anything else on them, are as smooth as when he was a boy. It has now been proved that Absorbine Jr. is an actual specific for varicose veins, leg ulcers, boils, pyorrhoea and a number of other ailments and injuries besides that for which it was first prepared. Nothing serves so many every day purposes and nothing is better entitled to its place in every home. When it is needed, it will be needed in a hurry. Don't wait for someone to be hurt. Get it at your druggist's today. $1.25 everywhere.

EARLY MORNING FIRE DID EXTENSIVE DAMAGE

Damage to the extent of $150 was caused to a frame dwelling at 30 James street at an early hour this morning. The alarm was turned in from the box at the corner of Burnham and James streets, and on arrival at the scene it was found that the fire had got well under way. It was caused by placing hot ashes in boxes against the outside of the building. A. Simpson is the owner, and the tenant is A. Picked. Insurance is carried .

GOLD BEARING ROCK ON A HAVELOCK FARM

Residents Remember When One Man Dug a Hole Fifty Feet Deep on the Sexsmith Farm.

HAVELOCK, May 26. — There is an interesting landmark on the farm of JohnA. Sexsmith, ex-M.P. at Preneveau. There is a hole that was, with many days of painful toil dug to a depth of over 50 feet by a man who had mined for gold in California and who was convinced by his experience that there were deposits of the precious metal on the Sexsmith farm. That was over 60 years ago, several years before Mr. Sexsmith was born. The farm belonged at that time to Mr. Sexsmith father and the house that the father, a pioneer of the district, built and in which his family was reared is still standing.

The name of the adventurous miner who sunk the shaft as well as his ultimate fate is lost to posterity but the result of his labor remains. It is known, however, that he found traces of gold in the excavation and from that day down to the present residents of that vicinity have been convinced that there is in this farm lands more hidden wealth than can be turned up by the plow. It has always been a question of getting the government sufficiently interested to make a thorough investigation.

Some years ago a famous geologist examined the rock foundation on Mr. Sexsmith's farm. That he was satisfied that gold was to be found in paying quantities was evident from the fact that he proposed to purchase the property outright. Mr. Sexsmith, however, had sentimental regard for the farm that had been cleared by his father and refused to sell. He was willing to have mining operations carried on provided he was paid a royalty. The geologist accept the terms about this time the latter was called to England where he died soon after his arrival. As things have been coming Mr. Sexsmith's way all his life there is still a chance that the mineral deposits which are known to exist on his property may yet yield him a handsome returns.

More Recent Evidences.

More recent traces of mineral deposits have been found by the working of the silica mines on the farm of John Seabrook, which adjoin that of Mr. Sexsmith, and these include silver deposits. Mr. Seabrook, accompanied by his brother Joseph, General Manager Scott of the Ontario Rock Company, and Manager Scott of the quarry, met at the silica mine, and Mr. Seabrook took samples of one from the eight-foot vein of silver and gold-bearing quartz recently discovered. Long practice has made him an expert as an assayist, and after submitting his sample to the test, he found, in the presence of the gentlemen mentioned above, a nugget of pure gold about the size of a pea. From this experiment he figured that a ton of the ore would yield $772.20 worth of gold.

Mr. Seabrook has reserved all the mineral rights on his farm so that the rock company has no claim on any gold or silver that may be found. He has lived on the property for over 50 years, and is satisfied that the farm is worth more than if it was made up on the finest agricultural land to be found anywhere.

New Market For Silica.

The silica mine operators have filled an order for 1,400 tons of the product for a firm in Buffalo, which uses it in the manufacture of a new kind of metal. The silica mined here is said to be the purest—assaying over 90 per cent.—to be found anywhere in America.

Cordova Mines.

There is a report in circulation here that the Cordova Mines, idle for some years, are to be re-opened this summer by a foreign company, and that operations will be conducted on an extensive scale.

SUSPICIOUS AS TO CAUSE OF DEATH

Exhume Body of Professional Nurse Who Died in Hospital.

GORE BAY, May 26 (Canadian Press).—The body of Emma Burns, the professional nurse who died in the Post-Graduate Hospital in New York recently, and was buried here on 17th May, was exhumed yesterday and shipped to Toronto for examination, suspicion having arisen to the the cause of Miss Burns' death.

When Miss Burns was ill, her parents were notified that she was suffering from pneumonia.

Later information was given them from New York that their daughter had died from a process of slow poisoning.

At the Post-Graduate Hospital in New York last night it was stated that the death of Miss Burns was not due to poisoning. Records show the cause of death to have been pneumonia.

Bethany Happenings.

BETHANY, May 26. — Mr. and Mrs. W. Jakeman were visitors to Pontypool on Tuesday.

Mr. Victor Grandy, of Fleetwood, was in the village Tuesday.

Mrs. John Challice spent Tuesday with friends in the village.

Mr. E. E. Snider, of Port Hope, public school inspector, motored through the village on Tuesday.

Mr. and Mrs. F. C. Dawe were business visitors to Peterboro on Tuesday afternoon.

Mr. A. H. Monk and Mr. W. A. Jakeman attended a Sunday school meeting at the Methodist Church, Fleetwood, on Tuesday evening.

Mr. Joe Johnston, of Springville, called on old acquaintances in the village on Tuesday.

Mr. and Mrs. F. W. Galbraith, of Port Hope, visited Mrs. Galbraith's mother, Mrs. John Staples, and her sister, Mrs. Walter Rowland, recently.

Rev. H. Wilkinson, of Pontypool, was a visitor to the village on Wednesday.

Miss Ruth Hamilton, of Lindsay Collegiate Institute, spent the twenty-fourth with her parents, Dr. and Mrs. Hamilton.

Miss Verna Belle Lee has accepted a position at Burleigh Falls.

Miss Helen Wickett, of Lindsay, was the guest of Mrs. (Dr.) Hamilton over May 24.

Mr. Cecil McMullen, of Oshawa, is visiting his aunt, Mrs. S. Arnott.

Miss Jean Ingram, of Petesboro, is visiting her aunt, Mrs. D. Cairns.

Mrs. Frank Hamilton returned on Wednesday evening after a year's visit with her daughter at Hollywood, California.

Harry Lee, of Toronto, spent the twenty-fourth with his parents, Mr. and Mrs. Wm. Lee.

Mr. and Mrs. Moorehouse, of Yelverton, were guests of Mr. and Mrs. Archie Whiteside on May 24.

Mr. Louis Winslow, of Cavan, and family, attended the day of sports in the village on Victoria Day.

Mr. Gordon Shemelt, of Oshawa, accompanied by his mother and niece, Miss Helena Shemelt, motored to the village on the twenty-fourth to visit his sister, Mrs. (Rev.) Beckel. Rev. and Mrs. Beckel and children accompanied him back to Oshawa for a couple of weeks' visit. It is hoped that the change will be of benefit to Mr. Beckel, who has been ill for the past week with nervous prostration.

The young people of St. Paul's Anglican Church are preparing to present their play, "The Old-Fashioned Mother," in Peterboro on Monday, May 28, in connection with the Young People's Society of All Saints' Church.

RAILROAD MEN TO MEET.

CHICAGO, May 26.—(Associated Press)—Interesting subjects, from the development of the locomotive and railway car to the training of apprentices in railroad work, will come up for discussion at the annual meeting of the mechanical division of the American Railway Association here June 20 to 22. It is believed the largest number of railroad men ever gathered together in one body will attend.

Among the speakers will be Samuel Vauclain, president of the Baldwin Locomotive works; E. F. Carry, president of the Pullman company; C. H. Markham, president of the Illinois Central, and a number of other men prominent in railroad circles.

Polish people always cuss in Russian, which sounds more like it.

KEENE FIELD DAY RESULTS

Country for Miles Around Represented at Popular Event — The Prizewinners.

KEENE, May 26. — The Field Day Committee held their third annual field day on holiday, Thursday. This committee consists of a number of the citizens who felt that something should be done to help stimulate the athletic sports of the community as well as provide at least one day in the year when sports would receive the attention they deserve at home.

From the start the Field Day has been a success due to the efforts of this committee and with the previous two years experience the committee was able to go to a greater extent in purchasing suitable prizes, the races were run off in a systematic and interesting manner which speaks well for the continued success for not only next year but also for the years to come.

Now that the Field Day at Keene has become one of the special items of interest for May 24th, this day should grow to be the Annual test for sports not only for Keene and the Township of Otonabee but also for the large district that was represented yesterday as people were present from Peterboro, Hastings, and the surrounding country for some miles.

Twenty two races were well contested and were not only gratifying to the Committee but of considerable interest to both the contestants and the spectators.

The baseball match between the Maple Leafs of Peterboro and the Keene teams was a win for the Maple Leafs with a score of 10 to 6 Both years previously the cup that had been donated by the Businessmen of Keene for the Annual Field Day had been won by Keene, but now with a Peterborough team holding this cup it will add more interest to the future games at the Field Day for Keene will naturally be only too anxious to regain possession of the cup and the Maple Leafs will no doubt if able to appear next year feel inclined to retain it.

The dance in the evening which brought the Field Day to a pleasant and happy conclusion was the best attended dance held here for some time. the music was good and the supper excellent. All present appeared to have a good time.

Amongst those who deserve credit for the success of the day we must remember the Weather Man who most certainly favoured us with weather that could not have been improved upon.

Races

Children, under 6 years — 1. V. Dickson, 2. D. Eason.

Girls, 8 years and under—1. Marion Kempt, 2. L. McCarthy.

Boys, 8 years and under—1. B. Wood, 2. M. Weir.

Girls, 10 years and under,—1. Z. Wilson, 2. H. Weir.

Boys, 10 years and under,— 1. R. Archibald; 2. B. Renwick.

Girls, 12 year and under, —1. M. McIntyre, 2. M. Renwick.

Boys, 12 years and under,—1 H. Archibald; 2. R. Dickson.

Girls, 15 years and under.—1. Jean McIntyre; 2. R. Dickson.

Boys, 15 years and under,—1. C. Comrie; 2. B. Dickson.

Young Ladies, 100 yards,—1. I. Nelson; 2. K. Shearer.

Boys, 16 years and under, (once around track),—1. C. Comrie; 2. H. Wilson; 3. W. Dickson.

Young men. (once around track)—1. H. Garnet; 2. F. Whalen; 3. W. Fletcher.

Married Ladies, 50 yards,—1. Mrs C. Mather; 2. Mrs. C. Nelson; 3. Mrs. Wilson.

Boys, up to 16 years, (3-leg race) —1 Wilson Bros.; 2. Colin Comrie, and C. Burley.

Girls' shoe race,—1. I. Nelson; 2. K. Shearer.

Boys, up to 16 years (wheelbarrow) —1 B. Dickson and S. Miller; 2 Colin Comrie and C. Burley.

Girls' potato race, —1. Annie McIntyre; 2. K. Shearer.

Young Men's relay, (4 to a team) —1. Keene-Bail Team, C. Nelson, A. Fletcher, I. Fletcher, H. Renwick.

Girls' relay race, (4 to a team)—1. I. Nelson, Annie McIntyre, Jean McIntyre, K. Shearer.

Partners race —1 C. Nelson and K. Shearer; 2. H. Garnett and I. Nelson.

Ladies' hammer race — 1 Kate Shearer, 2. A. Reid.

Tug of war — Winning Team — Preston Armstrong's team.

HAMILTON CITY WANTS DEBENTURES RETURNED

HAMILTON, May 26. —(Canadian Press.)—Dissatisfied with negative reasons given by the Hydro-Electric Power Commission of Ontario, this city will request the Drury Government to pass an order-in-council instructing the Commission to return to Hamilton $6,400,000 worth of debentures it deposited in connection with the projected Port Credit-St. Catharines Hydro Radial Railway. The Board of Control yesterday decided that the only course open to the city was to apply to the Government, if it was really determined to get back its debentures.

DUTCH FARMERS EMIGRATE.

ROTTERDAM, May 26.—(Associated Press)—Dutch liners are carrying many Dutch farmers and farm laborers to America. These travellers are going chiefly to Pella, Ia., and other Holland settlements in the Mississippi Valley .

JAPAN WARS ON RICE PESTS.

TOKIO, May 26.— Associated Press)—It is estimated that 1,500,000 bushels of rice are destroyed in Japan annually by rice worms. A campaign to destroy these pests has been started by the food bureau of the department of agriculture.

GOOD MANNERS.

At the theatre or opera, good form decrees evening dress for those in the boxes, although less elaborate than for a ball or party.

In the orchestra, full or semi-evening attire is appropriate, but in cheaper seats plain street dress should be worn, anything more elaborate being bad form.

For the matinee, a simple street dress of dark material is suitable, except that, in summer, one may wear dainty fabrics of light color.

Sleepless Babies

If BABY restless? Get Johnson's Baby Powder at once. Massage it over the tender skin. Baby is comforted and sleep comes.

To-night, 6.30 to 9.30 ..... 3 Tins for 25c

ENGLAND WILL DEFEND RIGHT OF SHIPS TO CARRY LIQUOR

Owner of "The Outlook" Says British Ships Are British Soil, No Matter Where They Are — The Alternative.

by SIR CHARLES ROSS, Bart.
(Copyright, 1923, by the United Press)

LONDON, May 25.—People in England have hitherto regarded with mingled amusement and bewilderment the introduction and administration of prohibition in the United States.

America went officially "dry" on July 1, 1919. Since then, to judge from the conflicting statements made by "dry" and "wet" propagandists—every American seems to be one or the other—the enforcement of prohibition has not been an unmixed success.

This, the "drys" tell us, is due to smuggling of liquor on a vast scale from abroad, largely in British ships, from British ports. Diplomatic controversy between the Foreign Office and the State Department, concerning the juridicial and ethical aspects of "rum-running" is still in progress.

Even now a most vexatious problem is exercising the pundits of international law—the right of the United States to seize a British ship outside territorial waters, because the vessel's small boats entered the three-mile limit and there broke the law of America by selling Scotch whiskey.

The reported attitude of the foreign office in maintaining its right to support British trade in whatever legal enterprises it may undertake abroad should be supported. If it is legal to sell spirits in British territory, it is legal to sell them on the high seas, and considering England's debt to America, it is impossible to give up any legitimate enterprise which may help to redress the balance of trade between this country and our great creditor.

The questions involved in the American claim that smuggling should be controlled at the source are, however, admittedly most difficult. It cannot be denied that the United States has here a case which deserves sympathetic consideration.

But far broader and more important issues than the rights and wrongs of prohibition are involved in the decision of the United States Supreme Court that foreign liners must not have alcoholic beverages on board during their sojourn in American waters.

America has the right to make whatever laws she chooses, and to compel her own citizens and foreigners on American soil, to obey them. She may prohibit drinking, smoking, dancing, laughing—anything. But the Supreme Court decision goes far beyond that.

It attempts to control the habits of foreign subjects on foreign soil, and even demands that foreigners on their own territory must break the laws of their own country!

Italian and French ships are legally required to supply rations of wine for their crews. British ships are compelled by British law to carry brandy for medicinal purposes. A ship under the Union Jack is British territory. This is a fundamental principle of international law. It is one of the few foundations of international law that has never been disputed before. It is a right which England cannot and will not abandon.

Suppose that the Government of Holland prohibited the presence of tobacco on all vessels within Dutch waters, and that Dutch policemen climbed on board a British ship at Rotterdam and dragged the purser off to jail because a box of cigarettes was found locked up in his cabin. Redress would have to be made for the outrage.

It is impossible to suppose that the United States Government propose to hale before the bar of justice a British officer who may have a bottle of Bass reposing in his cupboard, or even standing on his sideboard, aboard the Majestic. Yet that is apparently what the Supreme Court decision imposes upon the Federal Authorities in New York.

Rights of the U. S.

The United States Government has the right to forbid the sale of liquor, ot of tobacco, on foreign liners in American waters. But it can be no concern of any foreign power what stores of tobacco, or spirits, or anything else, repose in the bowels of a British ship, so long as no attempt is made to sell them until the vessel is again on the high seas.

It has not yet been claimed that the high seas are American territory; yet the supreme court decision lays it down that vessels are prohibited from "bringing into American ports intoxicating liquors under seal intended for the use of passengers on the outward voyages."

In other words, the American Government claims to control the regulation of a foreign ship not only when it is in an American port, but when it is on the ocean. The intentions of a British captain on the high seas are of no concern to a foreign government.

This ridiculous ruling, were an attempt made to put it into effect, contains the seeds of serious trouble. Fortunately, the strong sense of humor existing in both countries will probably prevent any real clash.

There seems to be a very general agreement, at any rate on this side of the Atlantic, that this law will never be pressed home. That is the worst of Puritanical legislation; its enforcement is next to impossible.

To push this situation to its logical conclusions, there are only three possible ones: (1) The Supreme Court ruling must be enforced; (2) Britain must fight America; (3) British ships must hereafter keep out of American ports. Of these three solutions, both countries will prefer the first.

ALWAYS ASK FOR TANOL CALOMEL

MUCH BETTER THAN OLD FORM OF CALOMEL

You have no need now to be always troubled with headaches, bad breath, constipation, indigestion, rheumatism, nervousness, etc. This new form of calomel, called Tanol Calomel, will be a great relief to suffering humanity. One Tanol Calomel taken before meals or two at bedtime excrete bile and the whole system is cleaned of all the previous day's waste and poisons, making you feel 100% better. Tanol Calomel is much better than the old form of Calomel because no salts or seidlitz are necessary to remove it from the system, as it is self eliminating. Any time you do not feel well, just get a few of these tablets from the druggist and you will be surprised how effective they are. Sold at F. C. Webber's, Charlotte street.

PETERBORO CITIZENS

(Continued from Page 1)

points. Her admirers will probably unite in hope that whatever further degree of technical perfection may come to her through continued study that the years may leave untouched the simple charm, the poise without conceit, the skill without affectation, which make her art at present a sincere, noble possession.

Miss Masson

Miss Mathilde Masson was greeted with applause, which echoed after each pretty vocal number. Exemplifying again the youth alluded to by Judge Huycke, Miss Masson's platform appearance is very attractive, and her voice gives promise of being an instrument of powerful sweetness. Of coloratura type, it is at its best in the French songs which Miss Masson renders so delightfully. Her splendid Gallic enunciation, and the fresh sweetness of her silvery voice, with its delicate modulations and soaring brightness, were heard to advantage in a competition number, "Il est doux, il est bon," from Massonet's "Salome," and Theresa del Riego's "Chanson Provencale." The second competition number, the graceful matin song, "Skylark, Pretty Rover," was sung in English, with a dainty encore in response to prolonged applause.

Carlos Buhler.

Mr. Carlos Buhler, of Toronto, who has taught Miss Logan for nearly two years, and under whose tuition her musical education will be continued in England, played a suite of brief solo numbers last evening. Eminently an artist of the temperamental order, Mr. Buhler's brilliant individuality was strongly marked in his rendition of music of varying types. His technical mastery of the pianoforte is outstanding, with a virile, massive quality in tone production and a particular manner of fingering which is noticeable and leaves a ringing, sonorous undertone to his music. His group of compositions included three brief morceaux; a prelude by MacDowell; some incidental dance music for the score of "Rosamunde," in Schubert's earlier style; Bizet's humorous "Moto Perpetuo," a "Butterfly" Etude of Chopin, followed by the Ballade in F minor by the same composer.

Mrs. Park.

Mrs. Dorothy Allan Park was in splendid voice last night. Her conscientious musicianship and artistic execution, her ease in tone production and voice control, combined with a degree of dramatic interpretation, make her work always pleasing. Her group of three songs were Convocation Hall numbers, the old English "You Lovers All," a deep-toned number, Elgar's "The Shepherd's Song," a bright, gay love song, and "How Shall I Sing That Majesty," a powerful, ringing rendition, with sustained finale that brought much enthusiastic applause. A dainty encore was especially good, with the flexible voice of the singer lingering over its trailing sweetness.

Miss Palmer.

Miss Edwina Palmer, another popular young Peterborough musician, who will shortly bid adieu to our city, and whose progress in violin study has advanced steadily through years of hard work, played very charmingly last evening. A technical mastery of her instrument was evidenced in Miss Palmer's solo, "Souvenir de Moseon," by Wieviankski, a thing of difficult, tricky fingering, its swift variations and sudden harmonic interludes played with confident ability and skillful ease. The encore was a softly-played negro spiritual, "Nobody Knows the Trouble I've Seen."

Miss Perry.

Miss May Perry was another performer whose elocutionary ability and graceful dancing brought an enthusiastic response. In her reading, "The Clown's Baby," Miss Perry scored with her dramatic interpretation, her poise and beautifully-modulated voice, giving as an encore the dainty "Minuet." The dance, "Pierrot Dreaming," done in pantomime, which simulated the serenade of Pierrot to his sweet heart, was in costume, a well-rendered, light, airy bit which brought an encore in a pretty interpretive dance.

The Orchestra.

As for the Trinity orchestra, the remaining contribution of a programme which was derived from the talent of the local Conservatory of Music staff, it surpassed itself last night. In its rendition of the competition test piece, the overture, "Poet and Peasant," it was splendid. Led by Mr. Rupert Gliddon, this group of talented young musicians revealed a volume of tone, an attention to detail and an easy, vigorous skill that brought repeated applause. In this popular overture, the melody is paramount, giving opportunity in turn to every orchestral resource. Back of the shivering strings is the deep note of softly-played wood wind and brass, with the piercing sweetness of the flute in a high-pitched overtone. Through softly-picked intervals, the melody swings with easy strike into a triumphant finale. The encore to this number was the ever new Intermezzo Sinponica from the "Cavalleria Rusticana." Other well-played numbers were the vivacious opening "Festival March," the overture, "Bridal Rose," delicate and flowery, and the appropriate closing number, "Home Sweet Home, as Played the World Over."

Displayed in a prominent position last evening was the challenge shield won by Trinity orchestra as first prize in the recent Toronto competition, while Mr. Gliddon wore the gold medal awarded the conductor of the successful orchestra.

Accompanists for the evening, to soloists and orchestra, were Mrs. G. Porter, Miss Olga Fowler, Miss Margaret Widdess, and Mr. Leslie Unitt, all of whom contributed in no small measure to the success of the occasion.

A pleasant feature was the presentation of large and numerous bouquets of flowers to the various soloists. The corsage bouquets were the gift of the Conservatory of Music.

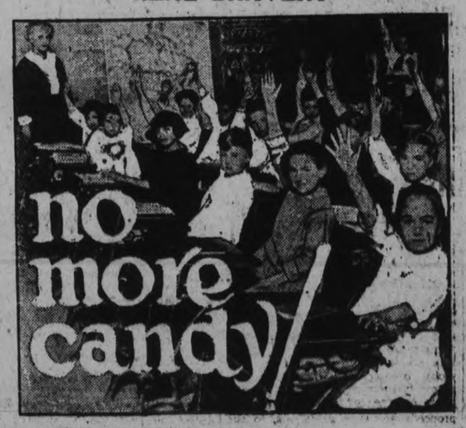
REAL BRAVERY



A sad farewell to candy in any form was taken recently by school children of St. Paul, Minn. Children throughout the country are pledging not to eat candy.

FRUIT FOR TARTS.

For tarts always use fruit that has first been cooked by itself. Canned fruits should be brought to a boil with sugar before being put into the pastry.

Suits with two pairs of trousers are in demand. Why not throw in an extra coat and vest also?

W. A. ANDERSON'S CHALLENGE

To County Clerk Elliott and Ernest Deyell, Chairman of the Suburban Road Commission.

May 26, 1923.

Editor of THE EXAMINER: In March 28th issue of The Examiner, over the name of E. Deyell the statement is made that "the Government refused to approve of the expenditure" of money on the Block Road, Otonabee. On behalf of the ratepayers who are interested in the improvement of this road, I have taken the matter up with the Highways Department and have the following answer:

"That no request from the Peterborough Suburban Roads Commission has been received by the Department, asking that this road be included in the Suburban Road system. The Department has made no decision in this matter, as without a request from the commission, we would not be called upon to make a decision either for or against such an extension. Trusting this will meet your requirements. I am, yours truly, R. G. MUIR."

First, we had the attempt to place the blame for the neglecting of this road on Mr. Eason and myself. Then, as is clearly proven by the above communication from the chief engineer of county highways, an equally false attempt has been made to place the blame on the Government.

In June, 1922, Mr. Deyell was asked to make application to the Highways Department of Ontario, to have about one and three-quarter miles of this road added to the Suburban Road system. Failing to do this in 1922, he was again in January of 1923, at a meeting of the county council, asked to consider adding this road across concessions 10 and 11, to the system. A petition asking for the improvement of this road, (generally called the "Block Road," known to the Highways Department as County Provincial Road No. 100), signed by two hundred and fifteen ratepayers of Otonabee and Asphodel, representing approximately 10% of the assessment of that part of Peterborough County, included in the County Road System, was in the council chamber, and was of sufficient importance that Mr. Deyell might well have given it some consideration. Instead, he signs a statement, asserting that I am the only individual interested in this road, when, as a matter of fact, I am not interested personally at all, only as the elected representative of those who are.

Had it not been for the provincial election coming before the June session of the county council, I would have left this matter until that time; but in fairness to the Government, and the Highways Department, I think it only right that the responsibility for the neglect of the road in question should be made known to those interested. Along with this falsehood concerning the Government, there are several other equally false assertions that are purely personal, having no connection with the Suburban Road issue, and evidently intended to draw the public mind away from the charges of waste and extravagance that I have made against the work of the chairman of the commission in 1922.

If Mr. Deyell were a thoughtful man, and had written this latter himself, he surely would not have touched on the U. F. O. convention at Norwood in 1919, as his name was placed before the convention, and being unable to play the game according to the rules, he was constantly called to order by the chairman and was soon out of it. At the next election in 1921, his U. F. O. was all over. Why?

It is the general opinion that Mr. Deyell had some considerable assistance in preparing this effort, to substitute a defence of the charges I have made, with another untrue, personal attack, and it did not take a Sherlock Holmes to suspect the county clerk as the assistant, from the way it was written.

It has long been the habit of this official to abuse verbally, or through the press, sometimes over his own name, sometimes over another name, members of the council and residents of the county, who for any reason failed to be supporters of his frequently expensive, and intemperate career of non-progressive attempted leadership in this county.

These attacks have usually been characterized by more or less distortion of facts by the clerk, to browbeat his victim, and usually he has got away with it.

This time, however, I propose to change this and here and now I put it up to Mr. Deyell or Mr. Elliott, to prove the following, on or before the 12th day of June, 1923.

1. That I ever gave any one reason to say that I have ever entertained the thought of deserting Liberalism as the ideal of government.

2. That I ever intimated to any individual that I would be a U. F. O. candidate in 1919.

3. That I ever endorsed or condemned the U. F. O. political platform in 1919.

4. That I ever made an offer as county road superintendent at $2,000.00 a year.

5. That I ever asked a member of the county council to support me for the position.

6. That I ever asked a member of the county council to support me for the position of suburban area road commissioner.

If they do prove the above statements, I will pay to the Children's Aid Society of Peterborough city and county, one hundred dollars, on condition that Mr. Deyell or Mr. Elliott pay a like amount if they fail to prove these assertions to be true. Yours respectfully,

W. A. Anderson.

BLOT OUT LINE

(Continued from Page 1)

East and West is West and ne'er the twain shall meet", and instead the motto written by a Canadian poet should be substituted as the aim of Canada, extolling both sections and praying to "Blot out the line that divides."

In replying to the vote of thanks, Dr. Manion reaffirmed his pleasure in being in Peterborough, where he has many friends. He referred specially to a Kiwanian, A. P. Miller, who was in the same Battalion with Dr. Manion, terming him "the bravest man I knew."

Among the visitors wer; Mrs. Robert French; Mr. and Mrs. J. Maynecord; Mr. and Mrs. H. E. Cowie, Visalia, California; Mayor W. H. Taylor, Mr. S. Armstrong; and Mr. J. M. McHardy.

Kimanian Wilfred Huycke presided over the meeting in the absence of President Jack McKone.

A Graduation Dress for $15

By HEDDA HOYT
(Written for the United Press)
New York, May 26.

Dear Miss Hoyt:

I wish you would tell me what sort of a graduation dress I can get for fifteen dollars that will be girlish and pretty. I am finishing high school this June and haven't been able to find anything ready made of good material for that amount in the stores. I am tall and slender and have bobbed hair. Both mother and I sew fairly well. Thanking you in advance.

Genevive Van H.
Brooklyn, N.Y.

Well, Genevive, if you are tall and slender and about eighteen years old, you should be pretty in anything. Especially in a white graduation dress with the happy anticipation of the future in your young eyes.

How about a dress of crisp, white organdy with a full skirt and simple blouse, trimmed with a bertha, edged in valenciennes lace? No sleeves are necessary in such a dress as the bertha extends over the shoulders. The skirt can be trimmed at intervals with fluffy wheels of shirred lace. A sash of moire ribbon can finish the low waistline, with it's ends falling to the hem of the skirt. This dress could be made for fifteen dollars, I am sure.

Possibly you'd prefer a dress of white georgette with a knife-pleated skirt and simple bodice pecoted about the rounding neck and short sleeves. Or you could carry out the pleating effect by a pleated bertha and thus do away with the sleeve idea. This frock would be pretty with a sash of satin ending in a huge bow on the left side with ends falling to the hem. Satin ribmon is quite expensive so you could buy satin by the yard and have it hemmed or pecoted about the edges.

Ruffles Are Popular.

Ruffles are so girlish and are popular just now. Since you're slender why not have a ruffle dress of white organdy? Did you know that you can buy organdy with ruffles attached in skirt lengths by the yard. It isn't very expensive and you will need only two yards for the skirt, as the bodice should be kept very simple and be made of plain organdy. Hemstitched organdy is also very pretty and can be purchased by the yard. A corsage of pale organdy flowers would be lovely with the organdy dress and would add a permissable touch of color to the dull white graduation dress.

Crepe de chene makes a beautiful and serviceable dress for the summer days after graduation, as it can be tinted in colors and used as a dance frock. The simple crepe de chene gown is very popular this season and white is one of the season's best sellers. Of course, one could also have a pleated crepe de chene frock and this could be used as a sports frock later on if worn under a colorful jacquette.

Simple and Girlish.

It should not be difficult to get a graduation dress for fifteen dollars, if one makes it at home. Girls don't wear fussy graduation dresses as they used to. Any gown that looks girlish and simple is in good taste. A decade ago girls needed so many accessories for the graduation gown, such as long white gloves, fans, flowers, etc. Dress, white shoes and white silk stockings are all the average girl requires today, with the exception of pretty underwear that most girls can make so cheaply at home.

The graduation dress should be about ten inches from the floor. Stockings for the young miss should not be to sheer. The face should not be rouged or made-up unless one is extremely pale, as nothing is prettier than a natural looking girl in crisp white gown.

Millionaire Philanthropist Creates His Own Religion

McKINNEY, Tex., May 26.—Gus Wilson, an 80-year-old bachelor who lives near here, has a peculiar theory of life. (Call it religion or creed if you will!)

He would give the world the impression he is an unbeliever; that he is uncharitable. But all the while his deeds speak the contrary.

He'd deny heatedly that he gives most generously. But the fact is that in money and property he has given outright one million dollars!

He would slam the door in your face one minute and the next hand you a check for $15,000—if you really needed it.

* * *

The secrecy which A. M. Wilson—those are his initials, but everyone calls him Gus — throws about his gifts makes it difficult to obtain a complete list. These, however, are known:

Twelve big houses, 20 autos, one bungalow, many canceled promissory notes, two school houses, many acres of land, and thousands of dollars in cash.

* * *

Once a thousand acres of rich land adjoined the crude little log cabin in which he lives. He has given all away except 150 acres, which he keeps for a tenant family living in the hut with him. Gus has always lived here; his father did before him.

He seldom gives when asked for aid. He loves to surprise and play Santa when least expected.

Not long ago, on his way to McKinney, he passed a farm house. The entire family—father, mother and children—was working in the field. The day was sultry. Labor must have been a hardship. Wilson held a mortgage on that farm.

He saw all at a glance. Instead of proceeding to town, Wilson impulsively turned his car and hurried back to his little cabin. There he seized the mortgage, marked it "paid" and drove back to the farm.

Not willing to make a show of his generosity, he edged his way into the farmhouse unnoticed, and placed the canceled document under a dinner plate.

On another occasion he noticed a crippled farmer in the field. Apparently he hadn't given the unfortunate a second glance. But when he got to town he bought an auto and sent it out to the cripple with a chauffeur.

An index to his strange character was gleaned when he donated a chandelier to a church. It was one of the few times he gave directly to a house of God.

Wilson spent considerable money on the chandelier, and had it installed. Then, some time later, he dropped into the church building. There he found his gift had been unused, and was covered with dirt and cobwebs. He promptly tore it down and took it home.

* * *

Despite his appearance, Wilson is rich. He has loaned much money at interest. But his policy regarding these obligations is quaint. If a man is able to pay, Wilson takes the money. But if he isn't he will cancel the note or mortgage.

Some call this loose business methods. But all his life he has worked hard and saved and his gifts go only to those unable to make both ends meet.

Has this unusual man ever had a romance? One of his oldest friends say in Wilson's youth there was a girl. This maiden married another, and thereafter Gus dropped all matrimonial intentions. He still has his old wedding suit.

"If I had my way," Wilson is quoted as saying, "all women would be sent to Africa, and all men somewhere else. When they come together there's trouble."

ARCHITECTS.

W. & WALTER R. L. BLACKWELL — Architects. Office, Bank of Commerce Building, corner of Hunter and Water Streets. Telephones, Office, 124G; Residence, 127J.

GARDEN TALKS

A home garden is a small body of land entirely surrounded by bad results.

* * *

No back yard is complete without one. That is why so many people are giving up houses with back yards and moving into apartments.

* * *

In an apartment one can have a beautiful and successful home garden, four inches wide by six inches long, done in water-color by Nutting. Everything in the garden is ripe when you hang it on the wall. You never have to hoe it.

* * *

Home gardens reached their zenith during the world war. More people were permanently injured in them than in the army. Many a man went over the tops only to be put out of action by his own hoe.

* * *

During the war a lot of Canadians went through over four years of intensive straining under the impression the war was being fought to make the world safe for early spring radishes, kale and Hubbard squash.

* * *

They were right about everything except the squash.

* * *

People who served in Home Gardens during the war were known as the Home Gardeners. You can't get them to touch a garden in any form today.

* * *

The demobilization ceremonies were very impressive. Each Home Gardener was decorated with the Order of the Backward Cucumber, given the Service Medal for Distinguished Weeding, and sent home for observation.

* * *

Canada had more home gardens during the war than any dominion on earth. Statistics compiled by the Bureau of Turnips showed that worms had their biggest season of productivity. On the per capita basis, every citizen was entitled to 23,456 worms. If he was a home gardener he got 'em.

* * *

Home gardens have not been going so good in the past few years, but there are some people who continue to take their punishment in this way. The charm, if any, of home gardening lies in the fact that, no matter what you plant, you never know what you may get. A seed taken from a handsomely colored package labelled "Caxelscorium Pluribus Aeschaecumvivus," meaning Early Spring Endive, may bring forth a Chinese water lily, a three-minute egg, a radiator cap, or an order of sweet potatoes.

* * *

The first step in home gardening is to lay out the garden. The next step is to lay out the gardener.

The next step is to buy the necessary tools. This can be done for between $300 and $400. Shoplifters have done it for less, but it is very hard to get out of a store with a hoe, rake, spade and harrow under one's coat.

* * *

You then till the soil. This gives the neighbors a big laugh. Then you pick your seeds. Much time can be saved by planting ball-bearings out of an old bicycle wheel.

* * *

Water, weed, and worry regularly. Shake well and lay in a cool, dry place until next season.

GREEN DEPTHS OF POOL ARE INVITING EVERYONE

The Swimming Pool at the Young Women's Christian Association forms one of the main centres of Association activity during the warm weather. Comfortably heated on chilly evening, and on hot dusty days, cool and inviting, with its green depths promising refreshment and renewal, it offers every convenience to tired business women, to school-girls and tiny tots. The medical certificate required to all users and the shower bath before each immersion, protect individual and collective swimmers alike, and the upper and lower dressing-rooms are arranged to afford the highest possible amount of privacy and convenience.

From May 15th to September 30th the pool is open, under the direction of Miss C. F. Littlefield. Five different grades of work in swimming are taught; breast and back strokes, side trudgeon and crawl strokes, stunts and diving, life saving, and canoe management. There are special classes for everyone, "from babies to grandmothers," with attention given to the needs of all, from tiny tots to ladies' instruction.

Special attention will be given this season to life-saving classes. In this section, the pupils learn to dive, to float, to rescue one another, to bring heavy objects from under water, in fact, to meet any contingency which might arise when life is threatened by water perils, to equip them with the knowledge necessary for saving life. Each successful contestant in the primary life-saving work will receive a certificate and bronze medallion, the girls in the higher classes, which involve tests made when fully clothed, receiving certificates and silver medallions. A junior life-saving class will be commenced for children who can swim.

Classes in life-saving work are very popular in England. Miss Littlefield, who was instrumental in starting such courses in Quebec and St. John's N.B., hopes to arouse local interest in a work which is an almost absolute necessity to a swimmer, to equip girls with means for helping in the sudden accidents which occur so frequently in swimming.

VOICE OF THE PEOPLE

Peterborough, 26th May, 1923.
Editor of The Examiner.

Sir,—Regarding your report, in last night's issue, of the motor accident on the holiday, I notice you state that Mr. James Collins was driving my car. In fairness to Mr. Collins I wish to say here that I was driving my own car, and how his name should have been connected with the affair I am unable to understand.

I further wish to state that I was absolutely on my own side of the road when the accident occurred.

Yours truly,
..... W. R. Widdess.....

Apsley May 25th, 1923.

GIVE CREDIT TO WHOM IT BELONGS.

To the Editor of The Examiner:

Dear Sir,—Will you kindly permit me through your columns to say a few words in reference to an article that appeared in your paper a few days ago under the heading of Apsley news. The article reads as follows: "It is reported that $5,000 is to be spent on improving the road between Burleigh and Apsley, but the old timers say they want to see the work begun before they'll believe it."

Now, Mr. Editor, allow me to say that the writer must have been greatly misinformed or I don't believe the article would ever have appeared. In the first place the work referred to had been in operation fully one week before the article appeared, and in the second place the old timers are not doubting the sincerity of the work in operation. The only old timers that are doubting it are men who are in direct opposition to the political party in power and are chronic kickers and are waiting at all times to throw cold water on any road proposition that has been made. The article appears to be a crack at Mr. E. N. McDonald, M.P.P. for East Peterborough, for the past four years. Now, Mr. Editor, in all fairness, I believe in giving credit to whom it is due. Mr. E. N. McDonald has been successful in having a survey made of the road from Burleigh Falls to Clydesdale, a distance of thirty miles and has also been successful in securing $5,000 to be spent this year and the work is now in operation.

Mr. McDonald has also been successful in getting other substantial colonization road grants for Anstruther and Chandos and other townships in his constituency. I agree with the former writer that there should have been another cipher added to the figures owing to the bad condition of the road, but if our roads had been taken care of properly for the sixteen years preceding Mr. McDonald's election, there would not be so much need for extensive grants.

Mr. McDonald has taken a keen interest in the north of the riding, especially in our roads, in the four years of his service as M.P.P., and we appreciate his services.

Thanking you Mr. Editor.

In All Fairness,
An Old Timer.

Ottawa. May 25, 1923

To the Editor of the Examiner,—

Dear Sir,—The Ontario Sub-Committee on Re-Distribution, have had several meetings, but owing to the controversial nature of their work, have found it difficult to make much headway.

At present, it seems fairly well agreed, that Toronto, Hamilton and Ottawa will have a unit or representation of about 57,000 per member. It is proposed to give Toronto and District an increased representation of two members while Hamilton, Ottawa and London will remain as they were. For the 69 seats remaining, the average unit would be about 31,700. In order to facilitate the work of the Committee, the Chairman, at a recent meeting, introduced a plan whereby the necessary additional 7 or 8 seats required might be obtained.

It is proposed to divide the Province into 15 groups, alloting a certain number of members to the several groups and then proceed to carve up each group into ridings on the basis of the unit of representation for that particular group. In the group in which we are particularly interested, we have the present ridings of; Kingston, Frontenac, Lennox & Addington, Prince Edward, East and West Hastings, East and West Peterboro'—with a total population of 211,363. giving a unit of representation of 30,194 per member.

According to this plar, part of Frontenac would be added to Kingston to make one riding. The balance of Frontenac would be added to Addington and part of Lennox to make another riding. Two townships of Lennox would be added to Prince Edward while the two Hastings would be divided into a North and South Hastings instead of an East and West as at present. Otonabee, Douro and Lakefield by this plan would be added to West Peterboro, and the balance of East Peterboro attached to the new constituency of North Hastings.

This proposal eliminates the ridings of Frontenac and East Peterboro and as will be observed, pays little or no attention to county boundaries.

As practically every county in the Province would be affected by this procedure, this proposition should receive strong opposition in the sub-committee, and we believe throughout the province at large. Believing that the people of East Peterboro are almost unanimously opposed to any such disposition of their riding, I am prepared to oppose this arrangement to the last ditch. Some time ago I succeeded in making arrangements with the chairman of the Ontario Committee to meet a representative delegation from East Peterboro on this matter but, unfortunately some members of the delegation were unable to attend and nothing was accomplished. As the present situation is critical I have again written each member of the delegation appointed and having an assurance from them that they will attend I am again striving to arrange a meeting.

As this question will no doubt be settled deintely within the next week or two I trust that every man on this delegation will let nothing interfere with us to make the strongest possible fight to have the wishes of the people of East Peterboro observed by the committee on redistribution.

Respectfully yours,
G. A. BRETHEN.

NEWS OMEMEE AND DISTRICT

OMEMEE, May 26.—A short summary of the celebration in Omemee on Victoria Day has already appeared, yet there is much that might be said to do justice to the Omemee Athletic Association. The crowd was not as large as the year previous, but as the season is late, many farmers were obliged to remain on the land. However, the proceeds are very gratifying to the society.

Special mention must be made of the May-pole dance, under the careful direction of Miss Alderson and Mr. Wm. Brockley. This was an added attraction to the programme of other years, and a real treat to many who had never witnessed an affair of this sort.

The O.A.A. are aiming each year to make the celebration bigger and better which has already been shown.

The local Veterans put on a varied entertainment in the evening in Coronation Hall, called "The Powder Puffs," and were greeted with a full house. Their programme brought much new talent to light. In the first half the Veterans appeared in costume, while in the latter they were dressed in khaki.

Mr. Teddy Marsh was the star character of the evening's programme, having delighted the audience in his humorous ballad, "For months and months and months." Special mention might also be made of Mr. Tom. Osborne in his rendition of "Archibald," Mr. Lowery Brooks in "Come Back Old Pal," and the quartette, "I Wonder How the Old Folks are at Home," also the choruses, "Shuffling Along" and "There's a Little Black Cupid in the Moon."

The merchants and business men responded generously towards the prizes for the races, but unfortunately a number were not run off, as other attractions, such as the Maypole dance and the ball games, drew the crowd away.

The following is a list of the price-winners and prizes:

Girls race, 8 years and under—1, Lilliam Williamson (string of beads); 2, Ruth Fairfield (cash); 3, Vera Morton (cash).

Boys, 8 years and under—1, Hugh Rehill (running shoes); 2, Donald Mahood (cash); 3, Jim Johnston (cash).

Girls, 14 years and under—1, Elda Overholt (2-lb. box chocolates); 2, Amy Crafton (cash); 3, Olive Windrim (cash).

Boys, 14 years and under—1, Allan Adams (ball); 2, H. McGinnis (cash); 3, Jesse Chatten (cash).

100 Yards, open—1, Arthur Pogue (fountain pen); 2, Alvin Pogue (cash).

Young ladies' race — 1, Martha Brooks (2-lb. box chocolates); 2, Eileen Pogue (cash).

Fat men's race—1, R. Brooks (pipe and case); 2, O. Finley (cash).

Men's race, 50 and over—1, G. McBrien (25 lbs. flour); 2, P. Race (pruning saw).

Girls' 3-legged race—1, Blanche Stillman and Lenore Jamieson (cash); 2, Amy Crafton and Elda Overholt (cash).

Boys' 3-legged race—1, Archie Weir and Gordon Haves (cash); 2, Harley Weir and H. Jackson (cash).

Girls' boot and shoe race—1, Margaret Parsons (chocolates).

Boys' boot and shoe race—1, Harley Weir (cash).

Man and wife with largest family on grounds—Samuel Fisher (10 lbs. beef).

Best single turnout—1, Alvin Pogue (whip).

SAW POSTMASTER WITH A PARCEL

He Is Now Charged With Theft of $50,000 From the Now Defunct Merchants' Bank.

EDMONTON, May 26 (Canadian Press). — Carrying a brown paper covered parcel under his arm, George S. Armstrong, former city postmaster, now on trial on a charge of stealing $50,000 contained in registered parcels, was seen boarding a street car, according to two witnesses who testified in the Criminal Court here yesterday.

Andrew H. Allen stated he boarded a car immediately behind Armstrong, and that the postmaster appeared to be in a very excited condition. This was on Sunday, 10th August, 1919, and it was on the following Tuesday that the theft of three registered letters, the property of the Merchants' Bank of Canada, was discovered.

Although he had read of the robbery on 13th August, 1919, he did not connect the incident of seeing Armstrong with the parcel until December, 1920, when he notified the police.

The other witness, Charles Arthur Wooton, a local letter carrier, was not sure of the date, but said it was during the daylight hours of either Sunday or Monday, 10th or 11th August, 1919, that he had seen Armstrong board the car.

CANADIAN CARBIDE

OTTAWA, May 26. — (Canadian Press).—The Department of Trade and Commerce is advised that the United States Treasury Department has issued finding of dumping in the case of calcium carbide imported from the Province of Quebec.

The finding reads: "After due consideration I find that the industry of calcium carbide in the United States is being or is likely to be injured by reason of the importation into the United States of calcium carbide imported from the Province of Quebec, Canada, and that such merchandise is sold or is likely to be sold in the United States at less than its fair value."

COMMUNIST STRIKE SPREADS IN RUHR

ESSEN, May 26.— (Special.) — Workers' and communists' strike in the Ruhr is spreading, it is officially announced. Over three hundred thousand men are now out.

BAKED SPRING CHICKEN.

The following formula is given on the basis of two spring chickens, so that it may be reduced—or multiplied—proportionately, if need be.

Singe, clean and split the two chickens. Mix one-fourth cup of butter, two teaspoons of paprika, one-half teaspoon of salt and the juice of one-half lemon. Divide between the two chickens, which have been placed in a pan skin side down. Place in a hot oven and cook for ten minutes. Turn the chickens over, baste well with the butter and cook fifteen minutes, basting once or twice during that time.

Usually the chickens are thoroughly cooked in twenty-five minutes, but if they do not seem to be done in that length of time, cook ten minutes longer. Serve at once on a hot platter, with butter and juices remaining in he pan poured over them.

A Bohemian glass polisher has finished a clock which, with the exception of the springs, is entirely of glass.

SMOKE
OGDEN'S
CUT PLUG

15¢ per packet
80¢ a ½ lb tin

If you roll your own ask for OGDEN'S FINE CUT (green label)

CAMPBELLFORD AND DISTRICT

CAMPBELLFORD, May 23.—There was a very helpful and instructive service at the Epworth League on Monday night, when the programme was in charge of Miss Myrtle Forde and Mr. James Gay, of the Literary and Social Department. Rev. H. B. Kenny, the pastor, gave an excellent address on "The Aeroplane." A reading by Mrs. G. A. Kingston and a vocal solo by Miss Cherrie Turner were thoroughly appreciated by the large number present. Following the league service the C. G. I. T. Girls enjoyed a social evening, and served ice cream, etc.

Well Represented

The W. M. S. of the Methodist Church, was well represented at the District Missionary Convention held yesterday in Hastings. The ladies feel deeply indebted to the men who so kindly placed their cars at their disposal for conveying them to Hastings. The following were in attendance: Miss Boyce, Mesdames George W. Hammond, W. H. Ashton, G. A. Kingston, C. W. Turner, G. F. Phillips, T. L. Diamond, E. J. Bonney, A. I. Bonney, George Oliver, S. S. Chappell, Robt. Bibby, N. J. Bland, Thos. Varcoe, William Bateson, Joseph Hore, John Mitchell, William Runnells, A. J. Beavis, Earl Williams, W. J. Abernethy, Robt. Moore, W. I. Stillman, James Small, C. W. Williams, Robt. Fry, Duncan Clark, David Leeson, George E. Hay, William Phillips, James Potts, Mrs. Harmel, Mrs. Chas. Davidson, Miss Dorothy Frederick, Miss Helen Thomas. Mrs. T. L. Diamond presented a most encouraging report of the W. M. S. and Miss Dorothy Frederick from the from the Mission Circle.

St. Andrew's Choir

St. Andrew's choir, under the leadership of Mr. Fred Wigglesworth, gave a concert Monday night at Stirling, and another last night at Burnbrae. Both were well patronized. The programme at each consisted of a number of special selections, and concluded with the rendition of the cantata, "Penitence, Pardon and Peace," which was given so acceptably in the church here Sunday evening.

Personals

Miss Emily Lynch has completed her first year at Osgoode Hall, Toronto.

Mrs. Hopps, of Ranney Street, returned home on Saturday after spending several months with friends in Western Ontario.

Mr. E. E. Plummer has disposed of his fine residence on Grand Road, which has been occupied by Mr. H. Coxwell, to Mr. Raymond Connor, who will take possession soon.

Friends of Mr. Percy W. Morton, son of Mr. and Mrs. E. T. Morton, are congratulating him upon passing his final year at the Dental College, Toronto. Mr. Morton is spending a few holidays at his home here before returning to Toronto.

Mr. and Mrs. Fred A. Hendricks and child leave on Friday on a motor trip to St. Thomas, where they will be the guests of the former's brother, Mr. Ed. Hendricks. They will also visit other Western Ontario points and will be accompanied as far as Tilsonburg by Mr. and Mrs. George Thring, who will visit friends over the week-end.

Miss Arthena Armstrong leaves today for a visit over the holiday with her parents at Perth.

Mr. and Mrs. Earl Gillespie (nee Miss Mabel Morrow), resident near Hastings, announce the birth of a daughter on May 16.

Miss Hilda and Master Wallace Drinkwater, of Vancouver, B.C., are visiting their aunt and uncle, Mr. and Mrs. H. E. Southern, Kent Street.

SCHOOL FOR PRISONER

MAIDSTONE, Kent, England, May 26.—(Associated Press).—Education on a large scale is being organized for the prisoners in the jail here.

Classes in French, shorthand and bookkeeping have already been started by the director of education for the county at the request of the prison commissioners. There are 18 prisoners in the French class, 17 in the shorthand class and seven in the bookekeping class.

Additional classes in engineering and Spanish are being formed, the teachers giving their services voluntarily.

FRAME TAX ON BETTING

LONDON, May 25. — (Associated Press).—When Chancellor Baldwin presented his annual budget in the House of Commons recently he intimated that a commission would be appointed to inquire into the feasibility of a tax on betting, which has reached tremendous proportions in England, and from which he anticipated considerable revenue could be secured.

The committee has now been appointed and includes several members of parliament who are noted sportsmen. The committee comprises 19 members drawn from all parties of the house. Eleven of them are Conservatives, two National Liberals, two Independent Liberals and four Labor members.

WAR BUREAU WANTS GIRLS

TOKIO, May 25.—(Associated Press) —For the first time in its history the war department is engaging women. It is asking for applications from girls from 15 to 25 years of age to learn draughtsmanship.

If You Want to Buy or Sell— Use the
Examiner Want Ad Page!

The Sultan of Turkey abdicated and left dozens of wives unprovided for. The new officials endeavored to dispose of them through th American newspapers.

We can't promise such results from our Want Ads—but if you have anything else you wish to buy, sell or exchange, they'll surely help you accomplish it.

Barrett ROOFINGS

Roofing for every kind of Building - *Steep or Flat Roofs*

Barrett Everlastic Giant Shingles

For Handsome, Durable, Fire-Resistant Roofs

No better time of year than this to put a new roof on your camp, home or garage. Re-roof now—with Barrett Everlastic Giant Shingles.

They're mineral-surfaced in three shades—red, green or blue-black. Thanks to this mineral surface they are *highly fire-resisting*—need no painting or staining.

Barrett Everlastic Giant Shingles stand staunch and tight against storm and blizzard throughout the years. Their base is a heavy waterproofed roofing-felt.

You can lay these massive fire-resistant shingles right over the old roof. (Use 1½" galvanized roofing nails.) They are made and laid 3 to a strip. Think of the savings in money, labor and trouble.

Come in and see these handsome, economical, fire-resisting shingles. Let us give you an estimate on a complete new roof. The cost is moderate.

S. I. S. Roll Roofing
(Seventeen Inch Shingle Effect Roofing)
Total width of roll 32 inches. 15" of the width of roll is mineral surfaced. The 2" lap width is plain surfaced to insure firm cementing of the overlap. A roof of S. I. S. is double thickness throughout with weather proof, fire resisting mineral surface in red or green.

Everlastic Liquid Roofing Cement
Gives new durable surface to worn out "rubber" and other prepared roofs—stops all leaks.

Plastic Elastigum Patching Cement
Stops leaks in roofs, repairs flashings, gutters, eaves, etc. Sticks to wet or dry surfaces. Easy to apply and economical.

Creonoid Fly-Oil and Cow Spray
An effective, economical fly-oil, lice destroyer and cow spray. It is safe and easy to use.

EMPLOYEES BUY HEAVILY OF STANDARD OIL STOCK

CHICAGO, May 26—(Associated Press)—Three years hence the employees of the Standard Oil Company (Indiana) will be the largest group of stockholders collectively and will own more stock than any other individual or other group of stockholders of the company, if the employees patronize the stock purchasing plan in the next three years as they have in the last two, announcement was made today by the company in commenting on the result of the plan during the two years of its existence.

The announcement says that of the 25,000 stockholders, 10,000 are employees and have purchased stock under the plan, which provides that any employee may subscribe for stock up to the purchase of stock the company will add 20 cents to the employee's credit in the purchase, providing however, that no employee can purchase more than an amount equal to 20 per cent of his salary.

No action on account subsequent to how one share of stock is reached the purchase is made and dividends to the employee begin. At the end of three years all of the stock purchased in this manner is delivered to the employee.

A few concrete examples of how this plan works are interesting. Two years ago an employee was saving $50 a month. He put $50 of this month's wage to purchasing stock. Today he has nine shares and with the small cash balance of $12.50 he has to his credit $225. His net profit is $450.

Another employee whose salary is $300 a month put in $100 to the purchase of stock. He has now 21 shares, which has a total value of $2,100. His net profit for the two years is $1,500.

THANKFUL MOTHERS

Thousands of mothers throughout Canada many of them your neighbors, speak with thankfulness concerning the use of Baby's Own Tablets. Once they have used the Tablets for their little ones they would use nothing else. The Tablets are an absolute safe medicine for even the youngest baby, being guaranteed by a government analyst to contain neither opiates nor narcotic or other harmful drugs. Concerning them Mrs. David McRobb, Dwight, Sask., says: "I have used Baby's Own Tablets and have found them satisfactory. I would not be without them." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

ARCTIC EXPLORERS MAY SOON TRAVEL COMFORTLY

STOCKHOLM, May 26—(Associated Press)—A new type of motor-sleigh designed to provide the comforts of a Pullman car for polar explorers has been experimented with in the Arctic regions of Sweden and is now being perfected by the inventor, Mr. W. L. Sandstrom, chief of the Swedish weather Bureau.

Mr. Sanderstrom in an address just delivered before the Swedish Physics Society declared that polar exploration ought to be freed from the level of hazardous sport to that of well-equipped scientific research. The explorer needs swift and reliable means of transportation, a dependable plant for the preparation of food, a comfortable bed, a table at which to work, a dark-room for developing photographs, etc., and these advantages are all provided by the new motor-sleigh.

This new vehicle is an adaption of the principle of the tank. Sufficient supporting area is given to the caterpillar treads to carry a three-tone cargo over loose snow several feet in depth. A 30 horsepower gasoline motor propels this strange craft at the rate of seven miles an hour. The interior of the car is fitted out compactly with folding beds, patent kit-box, and other special equipment with a scent-st needs in a shelter-ed place. It is planned to have similar motor-sleighs in the explorer's train for the transportation of fuel and supplies.

Preliminary experiments with the new motor-sleighs have been carried on in deep snow near the town of Boden in northern Sweden.

CHEMIST DELVES DEEPER.

COPENHAGEN, May 26—(Associated Press)—Professor Nils Bohr, the discoverer of the new element, hafnium, has now determined its atomic weight. The element, which was named in honor of the city of Copenhagen, is still not completely isolated, but the professor's efforts in this direction are nearing completion. The connection of the element with zirconium, a kindred element, has made investigations exceedingly difficult, but Professor Bohr has been able to ascertain that the atomic weight lies between 179 and 181.

Five of the 92 elements existant remain to be discovered.

As a result of his experiments Professor Bohr has discovered that hafnium is impenetrable by Rontgen rays. He asserts that it has the good qualities of bismuth, which is used in connection with Rontgen ray experiments, but none of the bad ones, and the discovery is expected to be of considerable value to medical science.

In olden times a live dog was worth less than its skin.

MEN ARE LURED TO DUAL LIVES

Three Strange Cases on Pacific Coast Involving Men Occupying Supposedly Respectable Positions.

LOS ANGELES, May 26—Does a study of the Dr. Jekyll-Mr. Hyde mystery course through all of us? Are the majority held to the straight and narrow path merely through fear of recognition by convention, or some other intangible balancing power?

Three unusual life-stories have come to light recently on the Pacific Coast. In each, the man involved followed a respected profession or business during the day. But when twilight came and lights were lit, and good people went to bed, these three, police say, would creep out and prowl.

And the next morning would find them going on their roles of a Dr. Jekyll, respected, even honest.

• • •

In San Francisco, one "Kid" Wilson, was recently caught, police say, in the act of burglarizing a home. At the jail the astonishing discovery was made that "Kid" Wilson and Earl D. Wilson, efficient and trusted paying teller of the Bank of San Carlo, were one and the same.

"It was not a desire for loot that made me turn burglar," he is said to have said to police. "Adventure and excitement—those I craved. After a day of dry figures and drier bookkeeping, re-ords—"

Guess now, figured in this man's strange two-natured life. They were respectable gents, a wife, daughters of prominent citizens. They did not dream he was a burglar. They thought him only as a trusted bank teller.

And when someone suggested looking over his accounts at the bank, he threw back with horror:

"No! No embezzlement. Burglary, yes, but I never even thought of robbing my employers. No one can find a penny out of my banking record."

• • •

Up in Portland, Ore., Henry L. Travis former policeman and member of the prohibition squad, is awaiting trial on larceny.

His story is said to be somewhat like that of the bank teller. The monotony of the daily beat deadened him. At night, police say, he broke into garages, intent upon robbing autos of everything that could be carried away.

Like the others, he is said to have confessed. Travis applied the methods of law enforcement to his own ends to avoid detection. He even manufactured and sold moonshine while arresting out violators of the liquor laws.

Once he broke into a trunk manufacturing concern, police say. He ordered an expressman to the building at a dark hour, loaded the wagon and escorted it away safely. Then he returned, broke a few windows, threw things about, and shot his pistol twice at a phantom robber. No suspicion was directed upon him for a long time.

• • •

Los Angeles is the third coast city to witness a weird Jekyll-Hyde story in the reality. By perverting the psychology of the pulpit to criminal exploits, Herbert Wilson, former pastor, has become momentarily ace of western desperadoes, in the eyes of police.

He has been convicted of killing a crook pal, has been indicted for huge mail thefts, and has already made a sensational jail break and been recaptured. His recent story of the Wall Street bombing attracted nation-wide attention.

Wilson employs, with singular adaptiveness, the same guts which made him once the respected leader of fashionable flocks. But the tiresome routine of the pulpit didn't satisfy the craving for adventure in his blood.

He had been ordained to the ministry in Ontario, Can. And he held pastorates at Brownsville, Ore., and at San Diego, Cal. He was a good man, his parishioners say, and his wife still stands loyally with him in his trouble.

"The things of the spirit, of the mind, are stronger than those of the material world," he said with unctuous intonation after his recapture.

"Words, graciousness, kindliness, sympathy, flattery, tact—these are master keys that unlock cell doors and shatter chains when adroitly used."

• • •

But through each of these three life-stories runs the same theme, Stevenson employed. 'Adventure! Excitement!' Those apparently are the hereditary guts of man, say crime experts after studying the strange coast cases.

Most of us, they add, curb our craving. But some can't. And then we find the banker-burglar, pastor-desperado and policeman-robber.

BETHANY PERSONALS.

BETHANY, May 26—Miss Jean Ingram of Peterboro spent the holiday with her aunt, Mrs. D. Cairns.

Mrs. E. Hamilton has returned from an extended visit to San Francisco.

Mr. and Mrs. R. Rae of Peterboro spent the holiday with friends here.

Miss Ollie Wake of Lindsay spent the holiday with her parents.

Mr. and Mrs. L. Price of Orono were visitors in the village for the holiday.

Mr. Harry Lee of Toronto is visiting with his parents, Mr. and Mrs. W. Lee.

Miss Annie Graham of Toronto is spending the week-end with Mrs. S. Jamieson.

Mr. Harry Johnston of Toronto is visiting his parents, Mr. and Mrs. R. Johnston.

Mr. E. Ward of Toronto is visiting his mother for the holiday.

Mr. and Mrs. F. Galbraith of Port Hope spent the holiday visiting Mrs. Galbraith's mother, Mrs. R. Staples.

Rev. Re-ve and family motored to Oshawa to spend the week-end with the parents.

Miss Pearl Twigg of Peterboro spent the holiday with her parents, Mr. and Mrs. G. Twigg.

Mr. and Mrs. Rev. Walker of Lemsford spent a few days last week with Mrs. Walker's parents, Mr. W. Rowan.

HAVE YOU ANY OF THESE SYMPTOMS?

IF YOU HAVE, YOU ARE IN NEED OF A TONIC MEDICINE.

Are your pale and weak, easily tired and out of breath on slight exertion?

Are you nervous? Is your sleep disturbed? Do you wake up in the morning feeling as tired as when you went to bed? Is your appetite poor, your digestion weak, and do you have pains after eating?

If you have any of these symptoms you need a tonic, and for the want of medicine there is no better tonic than Dr. Williams' Pink Pills, which enrich the blood, restore shattered nerves and bring the glow of health to pale cheeks. The value of Dr. Williams' Pink Pills is shown in the case of Mr. Horace Cupiill, Woodward's Cove, N. B., who says: "The first indication that my general health was not good was a sluggishness in breath after the least exertion. Then my appetite began to fail, and after eating it seemed as if there was a lump in my stomach. I grew so weak that I could not walk a hundred yards without resting. Then I was taken with a numbness all over my body and was in a sad plight. I was under a doctor's care but as I was not getting better, I decided to try Dr. Williams' Pink Pills. The first few boxes did not seem to help me, but my wife urged me to continue their use and I got four boxes more. Before these were gone I could eat a fair meal, the numbness was leaving me and I was feeling much better in every way. I took the pills for a while longer, and felt that I was again a well man. I still take the pills occasionally, but have had no return of the old trouble."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A Thought

And Jesus saith unto them, Yea, have ye never read, Out of the mouth of babes and sucklings thou hast perfected praise?—Mat. 24:16.

Children are God's apostles, day by day sent forth to preach of love and hope and peace.—Lowell.

The British Admiralty has an invention which is said to pierce the densest fogs.

No remedy can cure all ailments of the human body, but an immense number of people suffer from aches, pains and disease symptoms when their real trouble is lack of iron in the blood. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron your food merely passes through you without doing you any good, you don't get the strength out of it. There is one universally known tonic that has helped thousands because it contains iron like the iron in fresh vegetables and like the iron in your blood.

NUXATED IRON

is an eminent physician's best blood prescription, standardized. It is recommended for all anaemic and run-down conditions. It has helped thousands of others. It should help you. Ask for it at any drug store.

WHOLESALERS FIND BUSINESS BETTER

Weekly Trade Report Shows Business Conditions Bright Throughout the Dominion.

WINNIPEG, May 26 — (Canadian Press)— The Weekly Trade Report of the Canadian Credit Men's Trust Association, Limited, states:

Halifax—Wholesalers finding business improving gradually, which is reflection of retail conditions. Collections slow to fair.

St. John— Gradual improvement in wholesale trade being experienced. Retail business showing steady improvement. Collections only fair.

Montreal— Wholesale conditions not advancing very rapidly. Dry goods orders coming up somewhat, boots and shoes report fair orders and hardware reports good business and better prospects. Collections only fair. Should the crop conditions be favorable we may look for a volume of business. Retailers inclined to be optimistic but minor difficulties as to future business. Collections in all lines slightly improved.

Toronto— Wholesalers still find business quiet. Retail business showing slight improvement though still leaving much to be desired. Weather conditions not yet conducive to better business. Collections fair.

Winnipeg — Wholesale business generally feeling benefit of improved weather conditions, situation as a whole being fair. Retailers find better conditions as season advances. Collections fair.

Regina— Wholesalers finding business fair to good on country accounts for the season of the year. Retail trade slow at country points owing to seeding operations. City trade active, showing slight improvement over last year. Collections fair to slow.

Saskatoon — Wholesale business showing slight improvement. Retail just about the same. Collections fair.

Calgary—General wholesale conditions not much improved. Retailers finding a slight improvement. Collections slow to fair.

Vancouver— Wholesale dry goods, grocery and hardware report business good. Boots and shoes not much improved. Retail business generally not up to expectations. Collections fair to good.

BUSINESS TO MOVE

Progressive Young Firm Find It Necessary to Change to More Commodious Quarters.

The well known stand on Charlotte street, which has been occupied ever since it was built, by R. Banks as a repair shop and garage, is now undergoing a remodelling of the front, in preparation for occupation by White Brothers, the popular bicycle and sporting goods dealers of Hunter Street. The premises at present housing the bicycle repair business and its kindred branches are entirely inadequate to take care of the White Bros. rapidly growing business, and the securing of Mr. Banks' store will mean an expansion that is well earned by a pair of hard working young men. They are also taking over Mr. Banks' equipment and will step into a fully equipped machine shop, where repairs can be thoroughly and easily handled to advantage. A free air service, with automatic air pressure tire gauges will be provided constantly day or night.

The new front will be a double door entrance, and an extra display window, and with the extra inside space, will make their new stand one of the finest sporting goods and repair shops in Canada.

The change will be made at once and the firm will occupy their new premises in a week or ten days.

If your oven is slow to heat you will find Egg-O just as slow to act—its double action insures leavening with a slow or hot oven.

SWISS PEOPLE TO VOTE PROHIBITION QUESTION

LAUSANNE, May 26—(Associated Press)—Inspired by American prohibition, the population of Switzerland are engaged in a campaign to reduce the consumption of strong alcoholic drinks, and on June 3 the people themselves by a referendum will decide the issue.

The private drinking of alcohol has increased tremendously in recent years and the drinking of spirits, especially absinthe, which is known as the "green fairy," has become so widespread among the masses that others are to be prohibited. The medical profession has launched a movement for federal intervention and control.

The consumption of alcoholic drinks in Switzerland has reached the figure of a billion francs annually for a population of four millions. The Swiss federation of Swiss physicians urged the government to forbid the manufacture, importation and sale of all distilled beverages. This was held to be too radical, but the campaign now has been vigorously reopened in order to obtain at least partial prohibition.

The manufacture of alcohol is a state monopoly in Switzerland, and the government leases the right of distillation to private companies.

The proposed law, which parliament has already adopted, aims at a double object, the protection of the monopoly, by the curbing of private stills, and the reduction of consumption for the consumption of alcohol. [illegible] are allowed to distill [illegible] of pure alcohol [illegible] to 10 litres of [illegible] per year.

Acts on Scalp as Fertilizer Acts on Soil

The experience of seven Sutherland Sisters proves to a certainty one of our oldest customs a new discovery—Hair Food—is the [illegible] we have ever had. It [illegible] it is possible to [illegible] and [illegible] before [illegible] it.

The best known aids the most [illegible] which causes baldness and [illegible] hair. It positively removes dandruff, is an elegant dressing and [illegible] ful stimulant for the growth of hair and is applied in the morning.

The Scalp Cleanser is a delightful shampoo. It keeps the scalp clean and healthy leaving the hair soft and glossy.

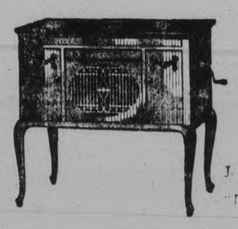
Ask for 7 Sutherland Sisters' Complete Treatment—three packages in one carton. Price $1.00 at your druggist.

SAVING BUTTONS.

A button box ought to be a great success as it is rapid and it is fun to read it just what you want. A better way is to trim the buttons on safety pins, putting the same sizes on the same pins and fastening them. It is easy to find what you want and you have no difficulty assorting the buttons. Keep in a wide-mouthed mason bottle.

The Brunswick

ALL PHONOGRAPHS IN ONE



THOSE who are looking for a high grade, gracefully designed Console Model Phonograph at a moderate price should see this genuine Brunswick "York" Console Model. Price $200—and wonderful value. It harmonizes with the finest home furnishings and possesses all those unique features for which the Brunswick is internationally famous. Convenient terms if desired.

EMPLOYEES BUY HEAVILY OF STANDARD OIL STOCK

CHICAGO, May 26.—(Associated Press)—Three years hence the employees of the Standard Oil Company (Indiana) will be the largest group of stockholders collectively, and will own more stock than any other individual or collective group of stockholders of the company, if the employees patronize the stock purchasing plan in the next three years as they have in the last two. This announcement was made today by the company in commenting on the result of the plan during the two years of its existence.

The announcement says that of the 37,000 stockholders, 10,000 are now employees and have purchased stock under the plan, which provides that for every dollar an employee puts up for the purchase of stock the company will add 50 cents to the employee's credit in the purchase, providing however, that no employee can purchase more than an amount equal to 20 per cent of his salary.

As soon as an amount sufficient to buy one share of stock is reached the purchase is made and dividends to the employee begin. At the end of five years all of the stock purchased in this manner is delivered to the employee.

A few concrete examples of how this plan works are interesting. Two years ago an office boy earning $50 a month contributed $10 of this monthly wage to purchasing stock. Today he has nine shares and with the small cash balance of $12.50 he has to his credit $575. His net profit is $340.

Another employee whose salary is $500 a month put in $100 to the purchase of stock. He has now 94 shares, which has a total value of $5,911. His net profit for the two years is $3,561.

MEN ARE LURED TO DUAL LIVES

Three Strange Cases on Pacific Coast Involving Men Occupying Supposedly Respectable Positions.

LOS ANGELES, May 26.—Does a strain of the Dr. Jekyll-Mr. Hyde complex course through all of us? Are the majority held to the straight and narrow path merely through fear, resignation to convention, or some other intangible balancing power?

Three unusual life-stories have come to light recently on the Pacific Coast. In each, the man involved followed a respected profession or business during the day. But when twilight came and lights were lit, and good people went to bed, these three, police say, would creep out and rob.

And the next morning would find them smug in their roles of a Dr. Jekyll, respected—even honest!

* * *

In San Francisco, one "Kid" Wilson, was recently caught, police say, in the act of burglarizing a home. At the jail the astonishing discovery was made that "Kid" Wilson and Earl D. Wilson, efficient and trusted paying teller of the Bank of Sausalito, were one and the same.

"It was not a desire for loot that made me turn burglar," he is said to have said to police. "Adventure and excitement—those I craved after a day of dry figures and drier bookkeeping records."

Girls, too, figured in this man's strange twin career. They were respectable girls, always, daughters of prominent citizens. They did not dream he was a burglar. They thought him only as a trusted bank teller.

And when someone suggested looking over his accounts at the bank, he drew back with horror:

"No! Not embezzlement. Burglary, yes, but I never even thought of robbing my employers. No one can find a penny out in my banking record!"

* * *

Up in Portland, Ore. Henry E. Travis former policeman and member of the prohibition squad, is awaiting trial for larceny.

His story is said to be somewhat like that of the bank teller. The monotony of the daily beat deadened him. At night, police say, he broke into garages, intent upon robbing autos of everything that could be carried away.

For five years, he is said to have confessed, Travis applied the methods of law enforcement to his own ends to avoid detection. He even manufactured and sold moonshine while ferreting out violators of the liquor laws.

Once he broke into a trunk manufacturing concern, police say. He ordered an expressman to the building at a dark hour, loaded the wagon and escorted it away safely. Then he returned, broke a few windows, threw things about, and shot his pistol twice at a phantom robber. No suspicion was directed upon him for a long time.

* * *

Los Angeles is the third coast city to witness a weird Jekyll-Hyde story in the reality. By perverting the psychology of the pulpit to criminal exploits, Herbert Wilson, former pastor, has become momentary ace of western desperadoes, in the eyes of police.

He has been convicted of killing a crook pal, has been indicted for huge mail thefts, and has already made a sensational jail break and been recaptured. His recent story of the Wall Street bombing attracted nation-wide attention.

Wilson employs, with singular adaptiveness, the same gifts which made him once the respected leader of fashionable flocks. But the tiresome routine of the pulpit didn't satisfy the craving for adventure in his blood.

He had been ordained to the ministry in Ontario, Can. And he held pastorates at Brownsville, Ore., and at San Niego, Cal. He was a good man, his parishioners say, and his wife still stands loyally with him in his trouble.

"The things of the spirit, of the mind, are stronger than those of the material world," he said with unctuous intonation after his recapture.

"Words, graciousness, kindliness, sympathy, flattery, tact—these are master keys that unlock cell doors and shatter chains when adroitly used."

* * *

But through each of these three life-stories runs the same theme Stevenson employed. Adventure! Excitement! Those apparently are the hereditary gifts of man, say crime experts after studying the strange coast cases.

Most of us, they add, curb our craving. But some can't. And then we find the banker-burgler, pastor-desperado and policeman-robber.

No remedy can cure all ailments of the human body, but an immense number of people suffer from aches, pains and disease-symptoms when their real trouble is lack of iron in the blood. It is the iron in your blood that enables you to get the nourishment out of your food. Without iron your food merely passes through you without doing you any good; you don't get the strength out of it. There is one universally known tonic that has helped thousands because it contains iron like the iron in fresh vegetables and like the iron in your blood.

NUXATED IRON

is an eminent physician's best blood prescription, standardized. It is recommended for all anaemic and run-down conditions. It has helped thousands of others. It should help you. Ask for it at any drug store.

BETHANY PERSONALS.

BETHANY, May 26.—Miss Jean Ingram of Peterboro spent the holiday with her aunt, Mrs. D. Cairns.

Mrs. F. Hamilton has returned from an extended visit to San Francisco.

Mr. and Mrs. B. Rae of Peterboro spent the holiday with friends here.

Miss Ollie Wake of Lindsay spent the holiday with her parents.

Mr. and Mrs. G. Price of Orono were visitors in the village for the holiday.

Mr. Harry Lee of Toronto is visiting with his parents, Mr. and Mrs. W. Lee.

Miss Annie Graham of Toronto is spending the week-end with Mrs. S. Jamieson.

Mr. Harry Johnston of Toronto is visiting his parents, Mr. and Mrs. R. Johnston.

Mr. G. Ward of Toronto is visiting his mother for the holiday.

Mr. and Mrs. F. Galbraith of Port Hope spent the holiday visiting Mrs. Galbraith's mother, Mrs. R. Staples.

Rev. Beckle and family motored to Oshawa to spend the week-end with their parents.

Miss Pearl Twigg of Peterboro spent the holiday with her parents, Mr. and Mrs. G. Twigg.

Mr. and Mrs. Rev. Walker of Janetville spent a few days last week with Mrs. Walker's parents, Mr. W. Rowan.

HAVE YOU ANY OF THESE SYMPTOMS?

IF YOU HAVE, YOU ARE IN NEED OF A TONIC MEDICINE.

Are you pale and weak, easily tired and out of breath on slight exertion?

Are you nervous? Is your sleep disturbed? Do you wake up in the morning feeling as tired as when you went to bed? Is your appetite poor, your digestion weak, and do you have pains after eating?

If you have any of these symptoms you need a tonic, and in the realm of medicine there is no better tonic than Dr. Williams' Pink Pills, which enrich the blood, restore shattered nerves and bring the glow of health to pale cheeks. The value of Dr. Williams' Pink Pills is shown by the case of Mr. Horace Cuphill, Woodward's Cove, N. B., who says: "The first indication that my general health was not good was a shortness of breath after the least exertion. Then my appetite began to fail and after eating it seemed as if there was a lump in my stomach. I grew so weak that I could not walk a hundred yards without resting. Then I was taken with a numbness all over my body and was in a sad plight. I was under a doctor's care, but as I was not getting better, I decided to try Dr. Williams' Pink Pills. The first few boxes did not seem to help me, but my wife urged me to continue their use and I got four boxes more. Before these were gone I could eat a fair meal, the numbness was leaving me and I was feeling much better in every way. I took the pills for a while longer, and felt that I was again a well man. I still take the pills occasionally, but have had no return of the old trouble."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A Thought

And Jesus saith unto them, Yea, have ye never read, Out of the mouth of babes and sucklings thou hast perfected praise?—Mat. 24:16.

Children are God's apostles, day by day sent forth to preach of love and hope and peace.—Lowell.

The British Admiralty has an invention which is said to pierce the densest fogs.

WHOLESALERS FIND BUSINESS BETTER

Weekly Trade Report Shows Business Conditions Bright Throughout the Dominion.

WINNIPEG, May 26. — (Canadian Press.)— The Weekly Trade Report of the Canadian Credit Men's Trust Association, Limited, states:

Halifax—Wholesalers finding business improving gradually, which is reflection of retail conditions. Collections slow to fair.

St. John— Gradual improvement in wholesale trade being maintained. Retail business showing slight improvement. Collections only fair.

Montreal— Wholesale conditions not advancing very rapidly. Drygoods orders slowing up somewhat; boots and shoes report fair orders; grocers and packers report good business and better prices; millinery improving but weather conditions bad; ladies' wear fair volume of business. Retailers inclined to be cautious but more optimistic as to future business. Collections in all lines slightly improved.

Toronto— Wholesalers still find business quiet. Retail business showing slight improvement though still leaving much to be desired. Weather conditions not yet conducive to better business. Collections fair.

Winnipeg — Wholesale business generally feeling benefit of improved weather conditions, situation as a whole being fair. Retailers finding better conditions as season advances. Collections fair.

Regina— Wholesalers finding business fair to good on country accounts for this season of the year. Retail trade slow at country points owing to seeding operations. City trade active, showing slight improvement over last year. Collections fair to slow.

Saskatoon — Wholesale business showing slight improvement. Retail just about the same. Collections fair.

Calgary—General wholesale conditions not much improved. Retailers finding slight improvement. Collections slow to fair.

Vancouver— Wholesale drygoods, groecry and hardware report business good. Boots and shoes not much improved. Retail business generally not up to expecttaions. Collections fair to good.

BUSINESS TO MOVE

Progressive Young Firm Find It Necessary to Change to More Commodious Quarters.

The well known stand on Charlotte street, which has been occupied ever since it was built, by C. R. Banks as a repair shop and garage, is now undergoing a remodelling of the front, in preparation for occupation by White Brothers, the popular bicycle and sporting goods dealers of Hunter Street. The premises at present housing the bicycle repair business and its kindred branches is entirely inadequate to take care of the White Bros. rapidly growing business, and the securing of Mr. Banks' store will mean an expansion that is well earned by a pair of hard working young men. They are also taking over Mr. Banks' equipment and will step into a fully equipped machine shop, where repairs can be thoroughly and easily handled to advantage. A free air service, with automatic air pressure for cyclists will be provided constantly day or night.

The new front will be a double door entrance, and an extra display window, and with the extra inside space, will make their new stand one of the finest sporting goods and repair shops in Canada.

The change will be made at once and the firm will occupy their new premises in a week or ten days.

If your oven is slow to heat you will find Egg-O just as slow to act—its double action insures leavening with a slow or hot oven.

SWISS PEOPLE TO VOTE PROHIBITION QUESTION

LAUSANNE, May 26.—(Associated Press)Inspired by American prohibition, the prohibitionists of Switzerland are engaged in a campaign to reduce the consumption of strong alcoholic drinks, and on June 3 the people themselves by a referendum will decided the issue.

The private distilling of alcohol has increased so rapidly in recent years and the drinking of pure dregs of distilled liquor, which is given the popular name of "Schnaps" has become so widespread among the masses that the authorities have become alarmed. The medical profession has launched a movement for federal intervention and control.

The consumption of alcoholic drinks in Switzerland has reached the figure of a billion francs annually for a population of four millions. The 1919 federation of Swiss physicians urged the government to interdict the manufacture, importation and sale of all distilled beverages. This was held to be too radical, but the campaign now has been vigorosuly reopened in order to obtain at least partial prohibition.

The manufacture of alcohol is a state monopoly in Switzerland, and the government leases the right of distillation to private companies.

The proposed law, which parliament has already adopted, aims at a double object, the protection of the monopoly by the curbing of private distilling, and the reduction of opportunities for the consumption of alcohol. The local crusaders are collecting statistics of the good effects of prohibition in America to induce voters to support the bill.

Acts on Scalp as Fertilizer Acts on Soil

The complete treatment of Seven Sutherland Sisters (three packages in one carton) contains a new discovery—Hair Fertilized. It is just what we call it, a hair food or fertilizer. It nourishes the hair just as our food nourishes the body and is applied before retiring at night.

The hair grower kills the microbe which causes baldness and falling hair. It positively removes dandruff, is an elegant dressing and a wonderful stimulant for the growth of hair and is applied in the morning.

The Scalp Cleaner is a delightful shampoo, it keeps the scalp clean and healthy leaving the hair soft and glossy.

Ask for 7 Sutherland Sisters' Complete Treatment—three packages in one carton. Price $1.00 at your druggist.

SAVING BUTTONS.

A button box is apt to be a great nuisance, as it fills rapidly and it is hard to find just what you want. A better way is to run the buttons on safety pins, putting the same sizes on the same pins and fastening them. It is easy to find what you want and you have no difficulty assorting them. Keep in a wide-mouthed jar or tin box.

The Brunswick ALL PHONOGRAPHS IN ONE

"THOSE who are looking for a high-grade, gracefully designed Console Model Phonograph at a moderate price should see this genuine Brunswick "York" Console Model. Price $200—and wonderful value. It harmonizes with the finest home furnishings and possesses all those unique features for which the Brunswick is internationally famous. Convenient terms if desired.

"4087" THE PROOF

Gift and Address to Departing Choristers.

On Tuesday evening the choir of All Saints' Church presented two of its departing members, Mr. and Mrs. A. Heafield, who are removing to Los Angeles next week after a stay of some thirteen years in Peterborough, during which time they have both been faithful members of All Saints' choir, with an address and gift in the shape of a handsome picnic luncheon outfit. The address, signed on behalf of the choir by Mrs. W. A. Logan, organist, and George E. Chandler, choirmaster, expressed regret at the approaching departure of two faithful members, and best wishes for comfort and happiness in their new home. These sentiments were reiterated in an address read at the same time from the executive committee and wardens of the church, signed on their behalf by H. A. Sisson, secretary.

SUFFERED SO
FROM HEART AND NERVES
LIFE WAS A BURDEN

Mrs. A. H. Lee, Beamsville, Ont. writes:—"I am delighted to let you know what I have to say regarding the good Milburn's Heart and Nerve Pills did me.

A short time ago I suffered with heart and nerve trouble, and was so bad I could not sleep, only about two hours each night. My heart was so bad I had spells when driving on the road and would faint away, and neighbors would carry me in from my wagon. I also took these spells in the night and during my daily work on the farm. My nerves were so bad I would jump out of bed, and was then compelled to walk the floor before I could settle down again, but after taking a few boxes of

MILBURN'S
HEART AND NERVE PILLS

I can honestly say I am a relieved man. I now feel in the best of health, in fact, the best I've been in for three years, and can do any class of work with pleasure where before life was a burden to me."

Price 50c a box at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

PEASANTS DISTRUST BANKS.

BELGRADE, Jugoslavia, May 26.—(Associated Press).—There is today in Jugoslavia a scarcity of bank notes of large denominations, and earthen jugs. The peasants are hoarding the former and hiding them away in the latter.

The peasants' bank is a jug buried in the ground. As they have become very rich in the last few years, their paper money accumulations, buried in the ground as they used to hide copper and silver coin before the war, were eaten up by mice and rats. Now the peasants have learned to put their paper money in tightly corked jugs, hence the scarcity of jugs. When possible the peasants obtain banknotes of large denominations for hoarding purposes, as the jugs are too quickly filled with small value bills.

ANCIENT RELICS VANISHED RACE

Things of Priceless Value to Explorers Uncovered in Ozark Mountains — Mysteries of the Past.

By JOSEPHINE VAN DE GRIFT.

NEW YORK, May 26.—The dryness of a certain Main Street back in the year 923 is responsible for one of the greatest archeological finds of recent years.

This "Main Street" is a series of overhanging bluffs ranging for five miles along the Wet River in the Northwestern part of Arkansas, Under these bluffs a primitive race of Indians built their camp fires and buried their dead.

This race now has vanished. But they have left things of priceless value to explorers—a haft shell hoe, a haft flint ax, a wooden throwing stick and a baby's carrying cradle made of cane.

Mysteries of Past.

"The dryness of the bluffs is the only reason that these implements, made of perishable material, have been preserved to us," explains Donald Cadzow, one of three members of an expedition now making explorations in the interests of the Museum of the American Indian, Heye Foundation, New York.

"Thousands of flint heads have been found before, but never the wooden hafts into which these heads were fitted. Perforated clam shells have been discovered, but explorers were at loss to know for what purpose they were used."

His Daily Habits.

Here are some of the things explorers discovered about the mysterious bluff dweller of 923:

He was of normal size.

He ate corn, squash and beans.

He hunted the buffalo for food and skins.

He kept dogs for pets.

He buried his dead, frequently in the dead man's own yard.

The exploring party now has moved further along the valley to discover the exact territory over which this vanished people ranged.

QUIZ CORNER

CANADIAN GOVERNMENT AGENTS IN THE UNITED STATES.

Q—To what extent is Canada represented in the United States through Government agencies.

A—Canada, through the Department of Immigration and Colonization, has permanent government agents stationed in eighteen United States centres, viz: Boston, Chicago, Columbus, Des Moines, Detroit, Fargo, Great Falls, Harrisburg, Indianapolis, Kansas City, Manchester, Milwaukee, Ohmaha, San Francisco, Spokane, St. Paul, Syracuse and Waterton, N.Y.

CANADA'S RECORD IN 1922.

Q—What was Canada's trade and production record in 1922?

A—Canada's trade and production record in 1922 was a notable one, viz total trade, $1,650,022,223; exports, $884,318,008, imports 765,704,215; which 339,786,400 were wheat; grain grain crop, 807,283,100 bushels, of crop value $962,616,200.

ONTARIO'S FINANCES.

Q—What are Ontario's public receipts and expenditures?

A—Ontario's public accounts for year ending October 31, 1922, showed ordinary receipts of $38,507,311, expenditures $37,442,985; showing a surplus of $1,064,325. The total expenditures for the year reached $131, 964,096 on ordinary and capital account, ect.

Used After Shaving
Keeps Skin Soft and Smooth

Many men suffer from irritation of the skin as a result of shaving. With some it assumes a form of eczema and becomes most annoying and unsightly. By applying a little of Dr. Chase's Ointment after shaving the irritation is overcome and Barber's Itch and Eczema are prevented or relieved.

Where Florida Prisoners Labored

Here is Clara, Florida, the camp of the Putnam Lumber Company, where prisoners from two counties were worked under bosses. It was in the Clara camp that Martin Tabert's death occurred. Investigation has brought about startling charges of brutality in these camps.

Want Ad Tips by John T. Bartlett

THREE SECRETS OF "FOR TRADE" WANT ADS

Offering through a Want Ad something for trade, you can do three simple things to get before you the most and best replies.

The first thing is to describe fully what you offer. "For Trade—A Bicycle," won't get the best results, because it doesn't tell enough. Is the bicycle an old, scarred affair, worth at the most only a few dollars; or is it nearly new, just the sort that Andrew Simpson, clerk at the Banner Store, wants to ride to work on? From the advertisement, Simpson will probably conclude it is not what he wants, and won't investigate. And on the other hand, Jim Pilson, who has a bent for fixing up old bikes, doesn't know that it is the cheap wheel he is looking for. Instead of risking a call which would be wasted time, perhaps, he answers another Want Ad which tells him just what he wants to know.

So, be sure to describe fully what you offer—condition, make, appearance, age and other details. If it's a dandy, say so; if merely fair, say so.

The second secret is to state the value of your article in dollars and cents. This will instantly give readers a standard beside which to measure what they have to exchange Making a comparison may otherwise be hard, because, not having seen your article, they may have little idea of what it is worth. Stating your estimate of the value will prevent the reader assuming it is worth less than it really is, or more than it really is.

If a reader can't match your value in a trade, he will know it in advance, and can come to you ready to give a certain amount "to boot," or to ask a certain amount.

The stated value will also serve as a price for the reader to consider who has nothing to trade, but is interested in the article, nevertheless. Incidentally, it is nearly always best to say, "For Sale or Trade." If the Want Ad reads simply, "For Trade," you can put in a clause, "Will Sell." In trading these three secrets get best results.

PRICKLY PEAR MENACE.

SYDNEY, N. S. W., April 26.—(Associated Press).—The prickly pear pest is becoming an increasingly formidable problem in New South Wales and Queensland, the latest reports from New South Wales giving 6,000,000 acres as the area infested. The northern state is said to have 27,000,000 acres affected.

The 1921 estimate in New South Wales was 3,500,000 acres, the pest having spread over 2,500,000 acres since that time. At least 10,000 acres within 30 miles of Sydney are said to be growing nothing but prickly pear.

The New South Wales government has decided to carry through parliament a bill to provide that non-infested areas should be kept clear, that owners should be assisted to clear the land, and to provide for free grants of land, where the cost of clearing the area of the pest does not make the attempt impractical.

Straightening the Grievances of India is a Difficult Task

By MILTON BRONNER.

LONDON, May 26.—Is India another Ireland in the British empire, made far worse for the British government by reason of its huge size and population?

Hindus here in London tell me "Yes."

British administrators tell me "No."

And I think the "noes" are probably right, because all the keen London reporters who a little over a year ago had packed their grips ready to take the first boat for India, have unpacked them long ago and are pursuing their ordinary London jobs.

Get a picture of India's vast size. Ireland is as big as South Carolina. India is three-fifths the size of the United States. Ireland doesn't contain as many people as New York City. India contains three times as many people as the entire United States.

The main grievance of the Irish was that they wanted to be masters in their own house; they wanted home rule; they didn't want to be governed and taxed from London. The main grievance of Indians is the same thing. Only it is enhanced by comparison with the Irish.

Race, Creed Differ.

Irish and English are both white races. They are both Christian nations. The majority of Indians are brown men and very few are Christians. The vast majority are Hindus in religion. The next sect is the Moslems wtih over 50 millions.

The Irish are one race. The Indians are many races. In Ireland there were practically only two classes—the gentry and the peasantry. In India there are a myriad of classes, set off in iron-bound partitions called castes. A man is born, lives and dies in his caste. The only ones who are outside are the outcasts.

In Ireland during the fight with the British, many Irishmen were executed and the jails were filled with prisoners. Hindus here tell me of many executions in India and talk of over 40,000 persons locked up because of alleged political offenses. Inquiry at the India office here elicited the information that 19 persons had been sentenced to death and 110 to life terms for riots at Chauri-chaura which resulted in 22 policemen being killed. They told me there are not to exceed 3000 political prisoners in a country with 320 million inhabitants.

Causes Listed.

A diary of the causes which almost led India to the boiling point and which brought about a condition ready to burst into something far worse than the famous Sepoy rebellion would read something like this:

First—Amritsar cast its shadow over the memories of all the people. Here on April 13, 1919, British troops fired upon 10,000 unarmed natives, killing 379 and wounding 1200 on the ground that they were holding an unlawful assembly.

Vindictive orders were also handed down, one compelling the natives who lived in a certain street to crawl down it on their way to their homes. That this could happen and that punishment was not meted out to those responsible, made millions lose faith in the justice of the British Raj.

Second—In Malabar the wild Mohammedan Moplahs broke loose in open rebellion in 1921—killing and wounding many and destroying millions of property. Three thousand Moplahs were killed by British troops. And once again India was horrified, because 70 unfortunate prisoners, being shipped away by train, were asphyxiated in their cars.

Shrines Cause Row.

Third—In the Punjab there is constant disorder concerning the possession of the Sikh shrines. The incumbent priests are supported by the government. The Sikhs, one of the most warlike races in India and hitherto staunch supporters of Britain, are in almost open rebellion. Their battle cry is—"Sat Siri Akal" —"God is immortal." They use no weapons. They simply come to the shrines crying this call. Many are beaten by the armed men of the temples. Thousands are arrested.

Fourth — The non-co-operative movement started by Mahatma Gandhi. He preached that the Indians should have nothing to do with the foreigners. They were not to send their children to government schools. They were not to buy British goods. They were not to vote. In many places his followers refused to pay taxes. Strikes took place in the great mills of Bombay. Workers on the tea farms of Assam broke their contracts. When the Prince of Wales visited India the festivities were boycotted and disturbances fomented.

Fifth—The Khi-lafat movement, started very largely by Mohamed and Shaukat Ali. They appealed to their Mohammedan brothers by passionate denunciation of the alleged plan of Britain to break up the Ottoman empire and take away from Moslem rulers the holy places in Palestine, Turkey and elsewhere.

Racial Hatreds.

Sixth — Racial discrimination against Indians in the Indian army and the British empire. Government has now provided eight regiments in which Indians may attain any rank their talents entitle them to. Before, they could only fill minor commissioned ranks. But the greatest bitterness is caused by refusal of citizenship and free emigration to Australia, Canada and South Africa. Climax is coming in Crown colony of Kenya, where there are 10,000 whites and 40,000 Indians. The latter demand full rights. The whites resist and draw a parallel with the American colonies resenting London rule.

Seventh—Agitation for full home rule, only partially allayed by admitting Indians to partial rule.

When things looked blackest the government acted quickly. Ali brothers were arrested and sent to prison for two years for seditious speeches. Gandhi was arrested and sent to prison for six years for preaching disaffection. Since the leaders of the Mohammedan and the Hindu movements are both in jail, things have become more quiet in India and more moderate leaders are coming to the front.

BEFORE SERVING OLIVES

You can make ordinary olives much more delicious if you open the bottle about an hour before you want to use the, pour off the brine and add a tablespoon of olive oil. Shake the bottle well. The briny taste will disappear and they will have a much richer taste.

YOUR BABY AND MINE

By MYRTLE MEYER ELDRED

The Thumb Sucking Habit.

Not so very long ago I watched three young girls standing and talking together. One of them, who was no less than 17 years old, stood for at least five minutes with her thumb sunk in her mouth, frankly, "sucking" it. It was a most disgusting procedure, and very evidently was as unconscious as breathing. So well had she been trained in the habit of thumb sucking from infancy that without any effort on her part her thumb popped into her mouth.

Every schoolroom has one or two pupils who at 8 or 9 years are still thumb or finger suckers. And of course the child is not the one to blame. Evidently he was introduced to his thumb at an early age because he was so hungry that he had to have something in his mouth even if it was nothing but a thumb, and the mother believed the old adage that "a thumb sucking baby is a good natured one."

Grower of Adenoids.

There is one swift path to enlarged adenoids, and that is by way of thumb sucking. The constant action of sucking bows up the roof of the mouth and stimulates the adenoid tissue to a faster growth, until we come to have the typical adenoid child, with a half opened mouth, the roof of the mouth high and narrow and the enlarged, thick lips and small receding chin.

Thumb sucking is inexcusable. As soon as the mother discovers that her baby is indulging in this little pastime she should take immediate measures to prevent it so that he will unlearn it. A stiff piece of card board may be put on at the elbow during the wakeing hours when she cannot watch him constantly, or the aluminum "mitts" which cover the whole hand and make it impossible for the baby to get a hold on any part of it.

The pacifier habit, heaven be thanked, is seldom seen. Mothers are too well educated nowadays to allow one in the house.

MAINTENANCE OF WAY MEN REQUEST INCREASE

DETROIT, May 26.—(Associated Press).—Increase in wages for practically all its approximately 400,000 members throughout the country have been asked by the United Brotherhood of Maintenance of Way Employes and Railway Shop Laborers, according to announcement at national headquarters of the union here. The requests are for reestablishment of the wages paid under the Railroad Labor Board's decision Number Two, from July 1920, to July 1921, and the request is made that the increases be retroactive to February 15, this year.

Increases already have been granted this class of workers on 17 railroads of the country, while 28 other cases have been filed with the Labor Board, it is announced.

In announcing the step the Brotherhood headquarters declares that a recent survey showed two out of every three maintenance of way men to be in debt because of low wages, that but one in every seven has a bank account, and that half of them are without life insurance. During the last year, it is declared, the average worker of this class spent but $28 for clothing, while 6,3 cents a meal for each person in the family was the average food allowance of the average worker.

The statement goes on to say that since July 1, 1920, Maintenance of Way Employes have accepted pay reductions of 21 per cent., while the other classes of railroad labor have been obliged to accept reductions of from 8.8 to 11 per cent.

MRS. COFFMAN ILL SEVEN YEARS

Saved from an Operation by Lydia E. Pinkham's Vegetable Compound

Sidell, Ill.—"I was a nervous wreck. I was suffering from a pain in my left side, which was almost unbearable, and I could not even let the bed clothing rest on my body at night. I had been sick for seven years, but not so bad until the last eighteen months, and had become so rundown that I cared for nobody, and would rather have died than live. I couldn't do my work without help, and the doctors told me that an operation was all there was left. I would not consent to that, so my husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and begged me to take it. I have taken fourteen bottles of it and I feel ten years younger. Life is full of hope. I do all my housework and had a large garden this year. I never will be without the Vegetable Compound in the house, and when my two little girls reach womanhood I intend to teach them to take it. I am never too busy to tell some suffering sister of my help, and you can use my name and letter to spread the good news of Lydia E. Pinkham's medicines."—Mrs. IDA M. COFFMAN, R. R. 2, Sidell, Ill.

VINEGAR KILLS ODOR.

The disagreeable odor which accompanies the cooking of cabbage may be eliminated by boiling a small amount of vinegar on the back of the stove while the vegetable is being cooked.

McClary's Sunshine Furnace

—When Winter Comes Be Prepared for Solid Comfort

To provide anything less than solid comfort for your home is wasteful extravagance—even if a few dollars are saved on the original outlay.

When you consider that the best heating system uses no more coal than the poorest—and then consider what a difference it makes to have a really comfortable home—you will surely see the wisdom of consulting a representative of McClary's before going ahead with heating plans for *your own* home.

Our reputation, after 75 years of dealing with the public, and our willing guarantee of satisfaction, are your assurance that a furnace made by McClary's will give you Solid comfort the winter through.

Special Cast-Iron Sunshine with Hot-Blast Air Ring for burning soft coal

In addition to the well-known Sunshine, with steel dome and radiator, there is the all-cast model which burns soft coal with the highest efficiency. This furnace has an air ring encircling the fire-pot. Air is drawn in, heated and sprayed over the burning coal, consuming the gas and carbon.

The All-Cast Sunshine is solid cast-iron from base to dome; tight against leakage of gas, or soot; proof against the corrosive action of soft coal; a furnace for a lifetime.

Ask McClary's dealer to explain the features of the All-Cast Sunshine.

Pipeless, Duplex or Pipe Installations

The low cost of the Sunshine Pipeless should not be taken as a measure of its high quality. It is built with the same care, with the same proven features, and the same materials, that have built the good name of the Sunshine.

Sunshine Duplex adds to the efficiency of the pipeless by supplying direct heat to the bathroom and one bedroom.

Guaranteed Pipe Installations. The important work of installing a pipe furnace should be entrusted to a reliable McClary's agent.

Consult McClary's dealer or write to us for advice as to the best and most economical method of heating your home.

McClary's Household Manual

Answers every question on housework. Original Price $1.50. Sent postpaid on receipt of 50c. Write McClary's, London.

McClary's London, Toronto, Montreal, Winnipeg, Vancouver, St. John, N.B., Hamilton, Calgary, Saskatoon, Edmonton.

McClary's Pandora Range

Favorite of a generation, the modern Pandora has proven qualities as a baker that still command first place. Cast-iron construction; white nickeled steel oven.

McClary's Kootenay Range

A steel range with "enamel-clad" flues and white nickeled steel oven. Plain exterior design, with white enameled panels and bright nickeled trimmings. Easily cleaned.

Ty Cobb Establishes New Batting Record - Other Sport News

ATHLETICS TOOK FOUR FROM YANKS

Three Home Runs Did the Trick — New York Has Won But One Game in Five.

PHILADELPHIA, May 26. — (Canadian Press.)— Connie Mack's young team yesterday took another game from the New York Yankees, three home run drives wrecking the hopes of the league leaders. The score was 4 to 2, and makes the fourth game the Athletics have won from the Yanks this year out of five times the teams have met.

Rollie Naylor, undefeated Athletic pitcher, turned in his fifth straight triumph. Score:

New York .. ..100 000 100—2 11 0
Philadelphia ....010 010 022—4 7 2

Shawkey and Schang; Naylor and Perkins.

Boston 6, Washington 5.

BOSTON, May 26.— (Canadian Press.)—Boston fell on Johnson in the eighth yesterday afternoon, scoring four runs and winning the game from Washington 6 to 5. The sixth Boston run was scored on a squeeze play by Shanks off Russell. Score:

Washington .. 010 100 210—5 9 1
Boston .. .. ..000 020 04x—6 10 1

Johnson, Russell and Ruel; Piercy, Murray and Devormer.

Chicago 5, Detroit 3.

DETROIT, May 26.— (Canadian Press.)—Urban Faber held the Tigers to 5 hits yesterday, duplicating Robertson's performance of Wednesday and won the second game in a row for Chicago, 5 to 3. Score:

Chicago .. ....300 101 000—5 10 1
Detroit... .. ..300 000 000—3 5 2

Faber and Schalk; Cole Pillette and Woodall.

SYRACUSE EASY FOR ROCHESTER

Brady's Error Deprived Moore of a Shut-Out — Merkle Hit Safely in 29 Successive Games.

ROCHESTER, N.Y., May 26. — (Canadian Press.)—Rochester made a clear sweep of the four-game series with Syracuse, winning yesterday by 14 to 2. The Tribe scored twelve runs in the second innings on eight hits, four bases on balls and two hit batsmen. Brady's error in the seventh deprived Moore of a shutout. Fred Merkle singled off Bailey in the third inning, running his hitting streak to 29 successive games. Score:

Syracuse .. ..000 000 200— 2 7 2
Rochester ..0(12)0 200 000—14 15 3

Reinheart, Hill, Bailey and Niebergal, McKee; Moore and Lake, McQuinn.

Newark 8, Reading 4.

READING, May 26.— (Canadian Press.)—Newark took the last game of the series here against Reading, 8 to 4. Chief See held the locals safely, getting eight batsmen by the strike-out route. Anderson's home run over the left field fence featured. Score:

Newark .. .. ..300 120 011—8 11 1
Reading.. .. ..210 010 000—4 8 4

Ellis and Devine; Heller, Karpp, Eyrich and Lynn.

Roseneath Nosed Out By Brighton.

ROSENEATH, May 26.— Brighton defeated Roseneath by a score of 8 to 7 in a Northumberland League fixture played at Roseneath. Roseneath came from behind in the fourth and took a two run lead in the fifth but Brighton tied the count in the seventh and sent the one run needed to win, across the pan in the final frame. The players were:

Brighton—Shannon, p.; Strong, c.; Ross, 1b.; Halliday, 2b.; Solomon, 3b.; McKee, s.s.; E. Walt, l.f.; King, c.f.; G. Walte, l.f.

Roseneath—Leach, p.; R. Thackeray, c.; B. Thackeray, 1b.; Baker, 2b.; Shearer, 3b.; Davey, s.s.; Armstrong, l.f.; Moore, c.f.; Varcoe, r.f.

Score by innings:

Brighton.. ....200 120 201—8
Roseneath ....000 430 000—7

PITTSBURG WON SEVENTH GAME

Nosed Out St. Louis After Being Held Scoreless For Eight Innings — Boston Won in Ninth.

PITTBURGH, May 26.—(Canadian Press.)—Pittsburgh won their seventh straight game yesterday, defeating St. Louis in the ninth inning after having been held scoreless for eight innings by Doak. The score was 2 to 1. Morrison allowed the visitors only four hits. Score:

St. Louis. .. ..100 000 000—1 4 0
Pittsburgh .. ..000 000 002—2 10 1

Doak and Clemons; Morrison and Gooch.

New York 12, Philadelphia 8.

NEW YORK, May 26.— (Canadian Press.)— The New York Nationals turned back the Phillies yesterday by a score of 12 to 8. "Cy" Williams got three hits, one of them a double. Tierney's homer in the fourth was a feature. Score:

Philadelphia . .000 202 022— 8 12 1
New York. ..411 020 40x—12 14 0

Mitchell, Bishop, Wienert and Henline, O'Brien; Nehf and Snyder, Smith.

Chicago 4, Cincinnati 0.

CHICAGO, May 26. —(Canadian Press.)—Grover Alexander let Cincinanti down with two hits yesterday, while Chicago bunched hits off Pete Donohue which, combined with errors by Caveney, enabled the locals to shut out the visitors, 4 to 0. The score:

Cincinnati .. ..000 000 000—0 2 3
Chicago.. .. ..031 000 00x—4 9 1

Donohue, Couch and Wingo; Alexander and O'Farrell.

Boston 7, Brooklyn 4.

BROOKLYN, May 26.— (Canadian Press.)—Ruether blew up for six hits in the ninth yesterday, and Decatur allowed a double by Ford, the seven hits giving Boston 5 runs, which made Boston the winner, 7 to 4. The score:

Boston .. .. ..101 000 005—7 15 1
Brooklyn .. ..100 020 001—4 12 2

Marqaurd, Oeschger, Benton and O'Neill, Gibson; Ruether, Decatur and Taylor.

TY COBB HAS SET ANOTHER RECORD

He Has Hit Safely Oftener Than Any Other Player in Major League Baseball

CHICAGO, May 26.—(Canadian Press).—Ty Cobb to-day possessed another notable baseball record, having scored more runs in his major league career than any other player in the history of baseball. His home run in Wednesday's game established his total scored in eighteen years and five weeks of play at 1,741. Hans Wagner, in twenty years on the diamond, had scored 1,740.

This makes at least seven major, or American League baseball records now in the possession of the "Georgia Peach," besides ties for three others jointly held with diamond stars of earlier days.

Cobb started his nineteenth year as a member of the Detroit Club with the following records:

Most games played in the American League, 2,304.

Most years played in League, 18.

American League record for total hits, 3,266.

American League record for total bases, 4,566.

American League record extra base hits, 876.

Lifetime batting average of .372; higher than any other American Leagues player of ten or more years.

Batted .400 or better for three seasons, squalling Jesse Burkett's major league record.

Batted .300 or better for 17 consecutive seasons, squalling Hans Wagner's major league record.

Made 200 or more hits per season for eight season, squalling "Wee Willie" Keeler's major league record

PORT HOPE HAS GOOD SUGGESTION

"A" Section Is Outclassed and Should Let "B" Section Fight It Out This Year.

The Central League is still in a very unsettled state, with Oshawa, Port Hope and Leaside looking for a fourth partner to organize a group. Probably after the showing made by Bowmanville and Lindsay against the "Big Four" last Saturday these teams will begin to realize that they are out of their class. Bowmanville were defeated in Cobourg by a score of 10 to 0 and Peterboro put it all over Lindsay 21 to 2. Bowmanville and Lindsay must admit that such one sided exhibitions will not be patronized and the teams that attempt to carryon against such odds will be bankrupt in a very short time. Poor baseball with a close score will draw a crowd but a one-sided game, no matter how classy the winning team may be, does not appeal to the fans. Section A. had better have a little family gathering of their own and leave the Big Four to fight it out themselves. The balance sheet at the end of the year would look much better under this arrangement.

George Peacock of Leaside who saws wood and says nothing has evidently gathered a strong nine together. On Saturday he trimmed the University of Toronto by a score of 11 to 3.—Port Hope Guide.

Do you know Baseball?

by Billy Evans

Questions

ONE—Runner is tagged with the back of the gloved hand, the ball being held in that hand by the fielder as he made the touch. Is it necessary that the runner be touched with the naked ball?

TWO—Bases filled and three and two on the batter with two out. Next pitch is a ball, sending batsman to first and advancing all runners a base. Runner coming up from third overruns bag and is caught on snap throw from catcher. Runner coming home from third has not yet crossed plate. Does run count?

THREE—Is there any limit as to the number of runners in a run-up?

FOUR—Who has the right-of-way on batted ball, fielder or runner?

FIVE—With two strikes on batter, one out and runner on third, batsman misses third strike, which strikes his person. Runner on first base. What about it? third scores, batsman reaches

Answers

ONE—Runner is out. It is not necessary that runner be tagged with the naked ball. It must be held, however, in the hand making the touch.

TWO—Run counts, even though third out was made before runner coming in from third crossed the plate. With bases filled, the base on balls entitled runner on third to score. It is impossible to deprive him of that right.

THREE—There is no limit as to the number of players of the team in the field who may take part in a runup.

FOUR—The fielder always has the right-of-way on a batted ball. The runner must avoid him or suffer the penalty of being called out for interference.

FIVE—Batsman is out if third strike touches his person. In this case runner on third returns to that base as play is suspended when ball strikes batsman.

COLLAPSE AFTER LOSING RACE.

This picture, taken in the estuary at Oakland, Cal., immediately after the University of Washington's oarsmen beat the University of California crew for the Pacific Coast championship, shows the strain of this sport. Three California oarsmen, in the nearest boat, are shown collapsing. Washington won the right to compete at the big Poughkeepsie regatta.

BOWLING

The Peterboro lawn bowlers will open the season Monday next, and a big season is anticipated. The greens are in splendid shape.

The following is the schedule for for next week:

Monday, May 28.

I. Young,	E. G. Hardy,
Chief Gimblett,	N. D. Seaton,
J. Gillespie,	H. Freeman,
A. Gilliam, sk.	J. Skinner, sk.
G. Coleman,	M. Martyn,

GIBBONS IS ONLY A LONG SHOT CHANCE

Farrell Says Concensus of Opinion is That Dempsey Will Win at Shelby.

By HENRY L. FARRELL
(United Press Sports Editor)

NEW YORK, May 26.—(United Press).—Taking the consensus of opinion as having some facts back of it, Tommy Gibbons has only a long-shot chance to win the heavyweight championship when he meets Jack Dempsey on July 4. The game that Gibbons will play in the hope of cashing in on that outside chance is causing much speculation and discussion around here.

Opinion is widely divided on the plan of battle which Gibbons should carry against the champion to make the best of his chances.

Dempsey, some point out, is a dynamic fighter, who is superlative for only a few rounds, and if he does not win quickly his effectiveness is diminished by his own exertions.

Those who expound this theory favor Gibbons if he should go out and box with Dempsey at a fast clip for six or seven rounds and just do enough leading to make him miss and miss.

The act of missing is not only a known reducer of physical strength, but it is a most powerful phychological factor in decreasing morale.

Being faster and more clever than Dempsey and having an estimable punch along with it, Gibbons might be able to stand off the champion and get him slowed up enough to find an opening.

Others think Gibbons has only the gambler's chance to stake everything on one punch and take the risk of winning by a knockout or getting knocked out. They figure the only chance Gibbons has is to tear into Dempsey and get over that one punch.

These sharpters discount the value of a waiting battle and they point out that Carpentier tried to box with Dempsey and was so worn out by the digs he took to the body that he didn't have the force in his punch when his big chance came.

* * *

This theory is sound in that Carpentier did try to box Dempsey, but he didn't, because he didn't know how. The Frenchman was flashy on his feet and possessed a lot of fancy steps and motions, but he never was a boxer. His main idea was to stay away from Dempsey and the only way he had of doing that was running.

Carpentier had only one punch, a right-hander, and Dempsey and everyone else knew it. He couldn't protect himself in close, and Dempsey knew it.

Gibbons can box better than any heavyweight in the ring. He can protect himself and fight in close as good as Dempsey, and he can punch and hook with either hand.

All in all, the lessons that could be applied to Carpentier's logic or lack of logic in the Dempsey fight, do not fit the Gibbons case.

No one perhaps will know how Tommy will fight the champion until the bout starts. No one knows now but Gibbons, and it is a cinch he has it all planned out, and it is a pretty good bet that he is not far wrong.

Gibbons handles and advises himself. He is a smart fighter, and he has not been watching Dempsey for amusement.

There might be a way of beating Dempsey that has been overlooked by the critics. One of Dempsey's former trainers says there is that one way.

BASEBALL'S HIGHEST PAID BAT-BOY NOW A SHORTSTOP

ST. LOUIS, May 26.—(Associated Press)—The development of Howard Freigau as the St. Louis Nations' regular shortstop is one of the chief topics of discussion in fandom. Freigau, who served as a bat boy part of last season, is regarded as one of the most promising recruits to come up in the majors here i nyears.

He is but 20 years old. His hitting has been timely, and his defensive play has been described as spectacular.

He was born at Dayton, O., and signed by the Cardinals while attending college. He was turned over to the Syracuse Internationals, btu was recalled last season. Not being in the line-up, he voluntarily handled the bats and was referred to as the "highest paid bat-boy" in baseball.

This season he has been placed regularly at short because of the incapacitation of John Lavan by illness.

SHELBY WILL BE BIG CANVAS CITY

Tent City Covering Eighty Acres Will Be Erected By Chamber of Commerce.

SHELBY, Mont., May 26.—(Special)—All the canvas in Shelby won't be on the floor of the ring when Dempsey defends his title against Tommy Gibbons here July Fourth.

Thousands of yards of it will be made into tent homes for the visitors The Chamber of Commerce has taken action to install the largest tourist camp in the world at Sehlby.

Eighty acres—five minutes walk from the arena—have been leased for the tent city.

It will be laid out like an army camp with streets, water and gas for cooking and lightning. The gas will be piped from the big wells only a few miles away. There will be room to take care of 3,500 cars and 15,000 people.

The tented city will cost Shelby $10,000.

A Denver man plans to put up a tent hotel that will accomodate a thousand guests.

The Ray Knight Roundup will also use hundreds of tents.

Knight is one of the wealthiest cattlemen in the world, owning a million acres in South America and a ranch of 120,000 acres in Alberta, Canada.

His wild west show rates with the world famous Pendleton, Ore. Roundup.

Knight will bring 500 of the wildest horses of the range here for the cowboy contests.

Fifty-three of his bronchos have never yet been ridden, though some of the best broncho busters in the world have tried to sit in their saddles.

The Roundup arena will seat 25,000 people. It will cover 40 acres.

There will be a quarter-mile track inside the enclosure.

The Knight Round-up was staged at Saskatoon several years ago for the Prince of Wales.

It showed for a week before crowds of 50,000 to 62,000 daily.

Roundup dates have been definitely fixed for July 1, 2, 3 and 4.

Twenty-five thousand dollars has been placed in Mayor Jim Johnson's bank here to guarantee prize moneys for the broncho riders. Shelby is located at the intersection of the Roosevelt Trail, the Sunshine Trail and a direct automobile road into Canada.

Shelbyites will start wearing their eight-gallon Stetsons and other cowboy regalia beginning the first of June to add the western touch to the frontier picture.

Horace Greeley said—Go west, young man, and grow up with the country.

Shelby says—Come and see the BIG FIGHT and the only real wild west town in the world.

Zion Team Lost to South Monaghan.

South Monaghan defeated Zion by a score of 8 to 3 in a fast U.F.O. league game played on May 24 at Bernard's Landing. The players were:

South Monaghan— R. Hutchison, p.; Lord, c.; Dawson, 1b.; E. Hutchison, 2b.; R. Hutchison, 3b.; E. Dawson, s.s.; Barnard, l.f.; R. Rutherford, c.f.; D. Rutherford, r.f.

Zion—P. Clancy, p.; Slatery, c.; M. Clancy, 1b.; Rice, 2b.; Coughlin, 3b.; E. Clancy, s.s.; Jemison, l.f.; Crowley, c.f.; Jackson, r.f.

NEW TANK RECORD.

HONOLULU, May 26.— (Canadian Press.)—Lillie Bowmer, 17 year old school girl, weighing approximately 100 pounds, Thursday night swam the fastest 50 yards ever covered by a woman and broke the world's tank record by four-fifths of a second. Her time was 28 seconds flat.

In a hair-line finish she defeated Mariechen Wehselau, who established the former record, 28 4-5 seconds, last fall.

Spain will present to England a model of the Santa Maria, one of the ships in which Columbus sailed to America.

DESERONTO AND HASTINGS TIED

Lacrosse Match in Deseronto Ended with a Score of 4-4.

HASTINGS, May 26. — Hastings and Deseronto played a tie game in Deseronto on May 24. The Hastings boys piled up a lead of 4-2 in the first three-quarters and seemed to be in a good way to pull out a win, but in the last quarter Deseronto stepped out and before Hastings had touched the ball had scored two goals, tieing up the game 4 to 4. Neither team had any advantage after this and the game went to full time a tie.

In the first half Deseronto had about two-thirds of the play, but they could not make it count for anything. They would start a rush but somebody would make a poor pass and it was left to Hastings to open the scoring, when Cruicksanks beat his man in and got the best of Hopping with a hard one. Walsh collared the ball shortly after however, and carried it back fast, creating an odd man; he passed to Baker who beat Hopping with a fast one.

Neither team showed much skill in the first part of the second quarter. Cole however started the fireworks, when he interrupted a pass, and carried the ball down the field, and passed to Maracle, who scored. Lambert kept up the thieving tactics during the remainder of the period. Had there been any other goalie in the Hastings net there is no telling what would have been the score.

The third quarter was opened by a clever bit of work by Sanders and Archer who pulled off some nice passes and landing near the Deseronto net, passed to Flint, who scored, making the score 3 to 1 in favor of Hastings.

Deseronto got the ball in the face off in the last period and Cole got a shot from the outside. Cruickshanks soon afterwards got the ball and scored Hastings' last goal. From then on the play was desperate and with three minutes to play Dale broke loose for Deseronto and scored and in less than two minutes Deseronto added another goal, leaving the score at the final 4 to 4.

These two teams have played two games each, ending in a tie, the first game in Hastings 3 to 3.

The final game will be played in Campbellford on neutral grounds, and will be a merry battle.

The Line-up:

Deseronto — Goal, Hopping; point Wager; cover point, Perry; 1st defence, Dale; 2nd defence, Proovis; centre, Brennan; 1st home, Cole, 2nd H. Burley; outside, Green, inside, Maracle; spares, Kettle, Naslin, Maracle.

Hastings — Goal, Lambert; point, Scriver; cover point, Sanders; 1st defence, Dodd; 2nd defence, Blake; centre, Walsh; 1st home, Flint; 2nd home Cruickshanks; outside, Archer, inside Baker.

Spares, Scriver, McCarthy, Scriver Referee, H. Moore, Deseronto.

An English firm of bacon-curers paid $50,000 for the recipe to cure hams by the Brandenburg method.

ERROR IN WAIVING ON STUFFY M'INNIS

He Has Made a Great Showing With the Boston Braves.

BOSTON, May 26. —The fine showing of "Stuffy" McInnis with the Boston Braves makes it apparent the American League made a sad mistake in waiving him out of the organization.

The play of McInnis has featured nearly every game in which he has participated. His great fielding ability has steadied the Boston infield and at the bat he has delivered many a timely hit.

There must be a bit of mystery connected with the waiving on McInnis. He had a contract with Cleveland calling for $9,000. When he consented to go to Cleveland in a deal put over by Harry Frazee, the Boston owner agreed to pay him a bonus of $5,000 ofr three years. One year of the contract was completed when Cleveland cut loose.

Owner Frazee is far from being the most popular magnate in the American League. After being waived out McInnis says several American League clubs offered him the same salary that Cleveland paid him last year — $9,000. It hardly seems possible that a gentleman's agreement to save the unpopular Frazee the sum of $10,000 was the motive back of the unusual procedure.

Regardless of the reason, it stands out as a grave error on the part of the American League. What a man McInnis would be for the St. Louis Browns with Sisler ailing and unable to play, possibly out for the entire year.

THEATRES

"LITTLE CHURCH AROUND THE CORNER."

"The Little Church Around the Corner," the popular stage play that has held the interest of millions of theatre-goers, has been made into a motion picture. It will be shown at the Capitol Theatre Monday, Tuesday and Wednesday.

An exceptionally large cast of well-known screen players were engaged to interpret the varied roles in this romantic melodrama, the underlying theme of which is that there is a little church in every person's heart. It was produced with exacting care, and the film is said to contain a thrilling series of incidents resulting in a startling climax.

It is the story of Leila Morton, the lovely daughter of a millionaire mine owner, and her sweetheart, David Graham, a young social worker, who thinks the poor should be given a square deal. The two fall in love with each other, but difficulties arise when David has to take sides between the poor and the rich. How he wins both the poor and the rich to the place where they work together, and how at the same time he wins the girl whom he had almost lost by his idealistic practices, form high points in this story.

Kenneth Harlan plays the part of David; Hobart Bosworth is cast as Morton, the millionaire mine owner; Walter Long plays Hex, a ruffian; Alec Francis plays Reverend Bradley, an aged kindly pastor; Pauline Stark is Hetty, the mute girl to whom speech is restored by a miracle; George Cooper plays Judge, the town bully; Margaret Seddon is seen as Mrs. Graham, who adopted the young orphaned David; Winter Hall is cast as Doctor Graham; Cyril Chadwick as the young wealthy broker and suitor for Leila's hand.

LOU BOGASH VICTOR.

SYRACUSE, N.Y., May 26—(Canadian Press).—Lou Bogash, middleweight, defeated Bryan Downey, middleweight, all the way in a twelve-round bout here last night.

The PRIDE of PALOMAR

By Peter B. Kyne

(Continued from yesterday)

"I purchased, through my attorney, a fat little block of stock in each company. That gave me entree to the company books and records. I couldn't pick up your trail with the first company investigated—the Central California—but before my attorney could proceed to Los Angeles and the list of stock holders and directors of the South Coast at my attorney's office and proceeded to make overtures for the purchase of the Agua Caliente property on behalf of an unknown client. That man was in conference with my attorney the day we all motored to El Toro via La Questa Valley, and the instant I poked my nose inside the door my attorney advised me—in Spanish,—which is really the mother tongue of El Toro—to trail his visitor. Out in the hall I met my dear friend, Don Nicolas Sandoval, the sheriff of San Marcos County, and delegated the job to him. Don Nicolas trailed this stranger to the First National Bank of El Toro and observed him in conference with the vice-president; from the First National Bank of El Toro Don Nicolas shadowed his man to the office of the president of the South Coast Power Corporation, in Los Angeles.

"We immediately opened negotiations with the Central California Power Company and were received with open arms. But, strange to relate, we heard no more from the South Coast Power Corporation. Very strange, indeed, in view of the fact that my attorney had assured their representative of my very great desire to discuss the deal if and when an offer should be made me."

John Parker was smiling broadly. "Hot, red hot, son," he assured Farrel. "Good nose for a long, cold trail."

"I decided to smoke you out, so arbitrarily I terminated negotiations with the Central California Power Company. It required all of my own courage and some of Bill Conway's to do it, but—we did it. Within three days our Los Angeles friend again arrived in El Toro and submitted an offer higher than the one made us by the Central California Power Company. So then I decided to shadow you, the president of the South Coast Power Corporation, and the president of the Central Power Company. On the fifteenth day of October, at eight o'clock, p. m., all three of you met in the office of your attorney in El Toro, and when this was reported to me I sat down and did some thinking, with the following result:

"The backing so mysteriously given Bill Conway had you worried. You abandoned all thought of securing the ranch by foreclosure, and my careless, carefree, indifferent attitude confirmed you in this. Who, but one quite certain of his position, would waste his time watching a race-horse trained? I knew then that news of my overtures to the Central California people were immediately reported to the South Coast people. Evidently you had a spy on the Central California payroll, or else you and your associates controlled both companies. This last hypothesis seemed reasonable, in view of the South Coast Power Corporation's indifference when it seemed that I might do business with the Central California people, and the sudden revival of the South Coast interest when it appeared that negotiations with the Central people were terminated. But after that meeting on the fifteenth of October, my attorney couldn't get a rise out of either corporation, so I concluded that one had swallowed the other, or you had agreed to form a separate corporation to develop and handle the Agua Caliente plant, if and when, no matter how, the ranch should come into your possession. I was so certain you and your fellow-conspirators had concluded to stand pat and await events that I haven't been sleeping very well ever since, although not once did I abandon my confident pose.

"My position was very trying. Even with the dam completed, your power in financial circles might be such that you could block a new loan or a sale of the property, although the completion of the dam would add a value of millions to the property and make it a very attractive investment to a great many people. I felt that I could save myself if had time, but I might not have time before the redemption period should expire. I'd have to lift that mortgage before I could smoke you three foxes out of your hole and force you to reopen negotiations. Well, the only chance I had for accomplishing that was a long one—Panchito, backed by every dollar I could spare, in the Thanksgiving Handicap. I took that chance. I won. Tag! You're It."

"Yes, you've won, Miguel. Personally, it hurt me cruelly to do the things I did, but I was irrevocably tied up with the others. I hoped—I almost prayed—that the unknown who was financing Bill Conway, in order to render your property valuable and of quick sale, to save your equity, might also give you a loan and enable you to eliminate me. Then my compatriots in iniquity would be forced to abandon their waiting game and deal with you. You are right, Miguel. That waiting game might have been fatal to you."

"It would have been fatal to me, sir."

"Wouldn't Conway's friend come to your rescue?"

(To Be Continued).

Electoral Riding of East Peterborough

NOTICE OF SITTINGS OF REVISING OFFICERS

The Ontario Voters' Lists Act

TO SALVAGE MAILS

ST. JOHN'S, Nfld., May 26. — (Canadian Press).—An effort is to be made to salvage the mails, express matter and other valuables on board the Canadian Pacific liner Marvale, which sank near St. Shotts on the south coast of Newfoundland Monday night after crashing against Cape Freels Rock in a dense fog.

Plans were laid here yesterday to begin the work of salvage Monday. Included in the property to be salvaged, if possible, are two safes containing cash and jewellery, owned by the Marvale's passengers.

The wreck lies in seven fathoms, a mile fom St. Shotts, with the bridge deck above water.

A RECOMMENDATION

If troubled with Rheumatism or other kidney ailments, just try a 75c bottle of O. R. Kidney Tonic. Read this from a Peterboro man:

Peterboro, Ont.

O. R. Medicine Co., Richmond Hill, Ont.:

Dear Sirs: I have been down and out for a year with Rheumatism and kidney trouble, unable to even dress myself; had to be assisted to bed. I was persuaded to try O. R. Kidney Tonic. After the first bottle I feel so much better I procured a second, and now am able to go about my work as in past years. Robert Byers. 3d16 19 26

AWARDED CONTRACT

PORT ARTHUR, Ont., May 26 (Canadian Press). — C. W. Cox was yesterday awarded a contract by the Ontario Department of Public Works for the tearing down of the old Court-house and jail building in Port Arthur and the excavation for and construction of a foundation for a new building, the supposition being that the contract for the superstructure would be let later.

Shortly before the last election the Hearst Government made an appropriation and had test pits sunk on the site, but nothing further has been done until the present.

The old buildings have been subject to the severest condemnation from grand juries and judges for years and years.

WEDDING BELLS

JOHNSTON—McDONALD.

A quiet but pretty wedding took place Thursday, May 24, at 5.30 p. m., at the home of Mr. and Mrs. Clarence Cooke, 125 Romaine street, when Rev. James Ross united in marriage Nellie, daughter of Mrs. Agnes McDonald and the late James McDonald of Aberdeen, Scotland, and Walter J. Johnston of this city.

The bride, who entered the parlor on the arm of Mr. Firman Haig, to the strains of the wedding march, played by Miss Jean Scott, of Wooler, was attired in a navy blue crepe de chine dress with hat to match, and corsage of white carnations. Her bridesmaid, Mrs. Frances Fowlie, of Cobourg, wore a navy blue Canton crepe dress trimmed with paisley, with hat to match, and corsage of pink carnations. Mr. Alex. Johnston supported the bridegroom. During the signing of the register, Miss Jean Scott rendered a pretty selection, on the piano.

After a wedding dinner at the home of the bridegroom's sister, Mr. and Mrs. Johnston motored to their apartment in this city, where they will reside. Numerous and beautiful presents testified to the esteem of a large circle of friends.

The out-of-town guests were: Mr. and Mrs. Add. Smith and Miss Jean Scott, of Wooler; Mrs. Frances Fowlie of Cobourg; Mr. and Mrs. Brooks and Master Lawrence, of Cobourg; Mr. and Mrs. Firman Haig, of Havelock; Mrs. William Hogg of Harwood, and Mrs. Walter Staples of Port Hope.

BURROWS—WILLIS.

A quiet but very pretty wedding took place in St. John's Church this morning at 7 o'clock, when Grace Willis, daughter of Mr. and Mrs. William Willis, Peterborough, and Harold Burrows, son of Mr. and Mrs. John Burrows, Manchester, England, were united in holy matrimony by Rev. O. H. Glen Lloyd.

OBITUARY

MAJOR GORDON J. SMITH.

The death occurred yesterday at Brantford after a lingering illness of a former resident of Peterboro in the person of Major Gordon J. Smith.

The late Gordon J. Smith was born at Peterborough 58 years ago. His father, the late Alexander Smith, was a lumber dealer and resided in Peterboro, at "Hazelbrae." His mother was a daughter of the late Sheriff James Hall. He was educated at the public school, Queen's University and Osgoode Hall. Gordon J. Smith practiced law in Paris and was later appointed Indian Agent at the Brantford Reserve, which position he occupied at the time of his death.

His vacations have been spent at Stoney Lake where he will be remembered by a large number of friends as an active, cheerful and willing worker, and a pleasant companion. He was married to Alice Morson of Toronto, and is survived by his wife and his son Morson Smith, two brothers, Sandford Smith and Alexander Smith, and three sisters.

GEORGE W. GRAY.

The death occurred this morning at 4.30, in the Nicholls Hospital, of George W. Gray, whose home was at 653 Reid street.

There are left to mourn his loss, his wife and four children, Dorothy, Ruth, Margarette and Bobby. He is also survived by his father, who is manager of the Nut-Krust Bakery; and his mother, who reside at 110 Murray street; and a brother, Percy W., of the Bell Telephone staff.

The funeral will take place on Monday at 2.30 p.m., from 110 Murray street to the Little Lake cemetery. Rev. W. Harold Young will conduct the service.

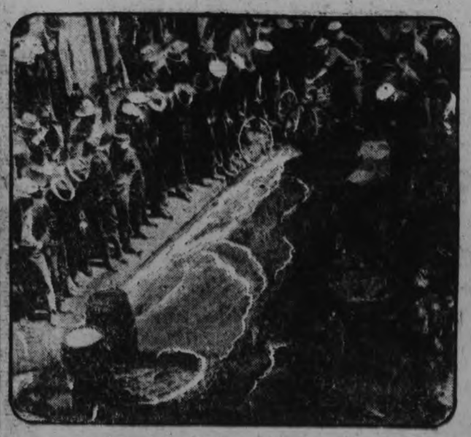
A CAVAN FARMER HURT IN RUNAWAY

CAVAN, May 26. — George Hooten, one of the Cavan councillors, while working on his farm about a mile north of Fairmount, this morning, was seriously injured. The team attached to his cultivator took fright and ran away. The cultivator passed over the body of Mr. Hooten, injuring him seriously.

In Peace Time's Front Lines

Where danger lurked and where the smoke was thickest went these New York firemen in a recent factory blaze. Oils and other combustible material added fuel to the flames. But the fire-eaters stuck to their jobs, narrowly escaping serious injury and death when an upper floor gave way, showering them with hot bricks and burning embers.

What a Pity!



It isn't a cloudburst. It's a flood of booze. Hundreds of Los Angeles citizens sadly looked on as county officials poured more than 5,000 gallons of confiscated liquor into the sewer.

ST. ANDREW'S CHURCH SUNDAY SERVICES

The Pulpit to be Occupied by Lindsay Pastor

Rev. Findlay Mackintosh M.A., of St. Andrew's Presbyterian Church, Lindsay, will occupy the pulpit at both services at St. Andrew's Church here to-morrow.

Rev. Mr. Mackintosh is a very foreful speaker and those who attend should hear two excellent sermons. Strangers cordially invited excellent music by the choir.

Society

Rev. Dr. R. C. Blagrave left for Toronto today where he will preach tomorrow in St. Alban's Cathedral at the Ordination service at 11 a.m. He will preach in St. Mark's church, Parkdale in the evening.

V. B. Lyle, son of Mr. and Mrs. M. W. Lyle, Park street, who graduated this year from Toronto University with the degree of B. A. Sc. in mining engineering, has recently accepted a position with the Mining Corporation of Canada, and left yesterday for Northern Manitoba to engage in geological exploration work.

Miss Eleanor Garden is home from University for her holidays.

Miss Josephine Barnett, who has returned from Newark, N.Y., is with her sister, Mrs. F. J. Whaley, 186 Rubidge Street.

Mrs. Mary A. Gillespie, 110 Lock Street, has returned home after spending the past two months with her daughter, Mrs. G. E. Sisson, Toronto.

Mrs. J. B. Dwyer and daughter, Elizabeth, of Lindsay, spent the holiday with Mrs. A. H. Lehane, 310 Pearl Avenue.

Miss Constance Lewis, 579 Aylmer Street, has returned from Brantford, where she was a delegate at the B. Y. P. U. convention.

Rev. W. J. Kirwin, O.M.I., was in Peterborough on Friday, en route to Lowell, Mass., after spending a few days with Mr. and Mrs. James Kylie, Keene.

Mr. and Mrs. F. J. Palin, St. Catharines, announce the engagement of their eldest daughter, Lillian Hylda, to Frank J. Moloney, of Spokane, Wash. Wedding to take place quietly in St. Catharines in June.

The Caledonian Pipe Band is losing one of its most valuable members in the person of Russell McMillen, who is leaving the city tonight to take a position in Windsor. Mr. McMillen did much to further the success of the band in its early days, and has been a good worker throughout his connection with it. He was employed in the Grand Trunk freight office.

Major the Hon. Dr. Manion, M.C., late Cabinet Minister of the Conservative Government, was the guest overnight of Lieut.-Colonel A. B. Miller, D.S.O., Elias Avenue.

Mrs. R. H. MacLean of Montreal, is visiting Miss V. Bell, 451 Water street.

THREE ENTRIES

OTTAWA, May 26. — (Canadian Press).—A three-cornered contest to select a representative to the Provincial Legislature now seems assured in Russell County, as yesterday the Progressive party, at an executive meeting, decided to call and hold a convention at Bear Creek, on June 9, for the purpose of selecting a candidate to contest the riding with Aurelin Belanger, Liberal nominee, and possibly a Conservative standard bearer. The annual Progressive picnic will be held at Bear Creek, also on June 9. The principal speakers will be Robert Forke, M.P., and likely Premier Drury.

MANY EXPLOSIONS

ROCHESTER, N. Y., May 26. — (Canadian Press).—Five hundred thousand gallons of oil are burning and several explosions have occurred in the plant of the F. B. Rae Oil Works in the river flats here. The fire broke out at about 7 o'clock yesterday evening. One man is known to have been injured, but the blaze is so fierce and widespread that firemen cannot get near the burning tanks. Nearly all the city fire apparatus is at the blaze, and residents nearby are moving from their homes. The burning tanks contain lubricating oil, kerosene and gasoline.

IN MEMORIAM.

McKINLAY.—In loving memory of my dear husband, Samuel McKinlay, who departed this life May 26th, 1916:

Not dead to me,
I love you still;
Just gone before,
It was God's will.

—Inserted by His Wife, Mrs. E. McKinlay, London, Ont.

IN MEMORIAM.

McKINLAY.—In loving memory of my dear father, Samuel McKinlay, who departed this life May 26th, 1916:

Before they rest, they pass through strife,
Through the waters of death, they enter life.

—Inserted by His Daughter, Mrs. A. J. Lashbrook.

IN MEMORIAM.

In loving memory of by dear grandson, Joseph Fallon, who died May the 26th, 1921;

Two years have passed since that sad day,
When one we loved was called away.
The time was short, the blow severe,
Who took from us the one we loved so dear.
For all of us he did his best,
May God grant him eternal rest.

—Inserted by His Loving Grandmother.

IN MEMORIAM.

FORBES.—In loving memory of James Henry Forbes, who died May 28, 1921.

Two years have now gone
But yet our hearts are sorrowing
For the father we loved.

—Wife and Children.

DEVALERA NOW CALLS A HALT IN STRUGGLE

Document Addressed to Irish Republicans Declares Further Armed Resistance to Free State Futile.

DATED MAY 24

DUBLIN, May 28.—(Canadian Press).—A document addresed by Eamonn De Valera to all ranks in the Republican Army, calling for dis continuance of the armed struggle, has been taken by the Free State authorities from a captured Republican leader it was announced here today.

Issued under date of May 24. and addressed to the "Soldiers of Liberty Legion of the Rear Guards," this document declares that "the Republic can no longer be defended successfully by your arms. Further sacrifices on your part would now be in vain and continuance of the struggle would be unwise in national interests.

"Military victory must be allowed to rest for the moment with those who have destroyed the Republic," the document continues: "Do not let sorrow overwhelm you. Your efforts and sacrifices and your dead comrades in this forlorn hope will surely bear fruit. You have saved national honor and kept open the road to independence. Laying aside your arms now is an act of patriotism, is exalted and pure as your valor in taking them up."

In issuing this document for publication, the Free State government also gave out one of similar purport definitely calling off all armed revolt and signed by Frank Aiken, Republican chief of staff. Latter documents says, "The arms with which we have fought the enemies of our country are to be dumped. Foreign and domestic enemies of the Republic have for the moment prevailed.

LOOKING FORWARD TO RATIFY PEACE TREATY

CONSTANTINOPLE, May 28.—(Canadian Press).—The favorable turn of affairs at Lausanne, where the issue has been decided for peace in the Near East through agreement between Greece and Turkey on the reparations question, is received with greatest satisfaction here and in Angora. the Turkish Nationalist capital, relieving the extreme nervousness of the past week. It is considered probable that elections will be hastened in order that new National Assembly may ratify the peace treaty

SIR LAMING W. EVANS IS POSTMASTER-GENERAL

LONDON, May 28.— (Canadian Press).—Sir Laming Worthington Evans, secretary for War in the cabinet of David Lloyd George, has accepted the office of Postmaster-General under Prime Minister Stanley Baldwin. Sir Laming was a member of the group including Austen Chamberlain which went into the "wilderness" at the time of the Conservative split which gave Andrew Bonar Law the Premiership.

AFTER WAR HYSTERIA RELAXES, MONTE CARLO

MONTE CARLO, May 28. — (United Press.)— Gambling at the resort here during the last season were 65,860,176 francs (approximately $4,280,000 at the present rate of exchange), it was officially announced to-day.

The profits for the season were 13,238 francs (about $860,000); the receipts were 4,000,000 francs more than last year. Playing for high stakes is decreasing, authorities say, since relaxation of the "after war hysteria."

SEVERE EARTHQUAKE

LONDON, May 28.— (Canadian Press).—A severe earthquake has shaken Turabt-i-Haidari. in the Khorasan Province of Persia. according to despatch from Allahabad to the Daily Mail. There was considerable loss of life and property.

The Bootleggers To be Discussed

WASHINGTON, May 28.—(Canadian Press). — Means of strengthening border patrol against "bootlegging of immigrants" from Canada were discussed with President Harding to-day by Secretary Davies, Secretary said subject would be considered to-morrow at conference in Montreal between Canadian authorities, Commissioner General Husband of Immigration Bureau and Assistant Secretary White of Labor Department.

FLOOD DAMAGE IN SOUTH END

Motor Boats Will Soon be Coming up the Main Street.

A flood, considered by the residents in the south end of the city, as serious, has inundated a considerable portion of land along the banks of the Otonabee. The water covers many fields an dis encroaching on the lawns adjoining some houses.

It is also feared by some that damage will be done to the roadway, which the water is now lapping. Motor boats at their moorings are nosing the side of the road, and it is expected that in the event of another rise of a few inches McKeller street will be cut off. This will necessitate the residents on that street going around a concession to reach their homes.

On Saturday the Geneva was stranded for a time, necessitating hard work to refloat the boat.

The report that the water has been raised in order to refloat the Bessie Butler which is said to be aground at Lakefield, is emphattically denied by Mr. A. L. Killaly, Superintendent of the Trent Canal. Mr. Killaly states that all stop logs have been out of six dams for the past week and every effort possible has been made to prevent this flooding. The condition has been much worse in previous years, and, short of controlling the rain fall, nothing can at present be done to avoid it.

BANDITS WILL COME TO TERMS

Faced With Starvation, Chinese Brigands Ready to Negotiate For Release of Prisoners.

PEKING, May 28.— (United Press.)—J. B. Powell, the American bandit captive, has returned to Tsao Chuan accompanied by the two bandit envoys who are authorized to negotiate for the release of prisoners. Negotiations are expected to open Monday morning. The bandits, faced by aggressive attack by government troops and knowing that death by starvation lay before them if they did not surrender, have decided to come to terms.

Powell, who on Friday night came out of the bandit zone bringing the rebel chief's ultimatum, returned to imprisonment Saturday morning. He carried the terms of settlement offered by the officials, who stated that they were willing to allow the bandits to re-enlist in the Chinese army and to pay them arrears of salary, but would not consent to withdraw the troops or the signing of any agreement before the prisoners were released.

Princess to Act

Princess Radziwill-Pallfy, the former Dorothy Deacon of Boston, has determined to go into the movies in light comedy parts. The war swept away much of her property in Vienna. But European nobility is getting used to his sort of thing now.

GEDDES FINDS POSITION HARD ON STOMACH

Ambassador is Compelled to Eat Heartily and Sacrifice His Stomach For His country.

WILL QUIT JOB.

NEW YORK, May 28.— (Canadian Press.)— Special despatch to Tribune from Washington declares that close friends of Ambassador Geddes believe that the winding up of the British debt negotiations will mark the end of Sir Auckland's services in the United States. It is stated that he has been pressing the British Foreign Office to relieve him of his assignment and permit him to return home. One reason given is that he desires to have his children brought up as English boys and girls and without being separated from Lady Geddes and himself. Another reason is that being forced to attend so many luncheons and dinners his health has been undermined.

A friend of the Ambassador says that the women meant the best in the world when they watch to see whether he is enjoying the food set before him, and sitting at his hostess' right he cannot refuse what is before him. Indeed he is compelled to eat heartily and sacrifice his stomach for his country.

In Murder Quiz

Louis Franka, who has confessed according to police, that he is involvd in the killing of Fritizi Mann dancer, has been extradicted to San Diego, Calif.. from Miami, Tex. Authorities doubt veracity of the alleged confession, but continue to question him. Dr. Louis L. Jacobs indicted on a murder charge in connection with the dancer's death, is awaiting a second trial. The first jury disagreed.

AWARDED $10,000, BUT DEFENDANT IS MISSING

TORONTO, May 28.—(Canadian Press.)— Chester D. Martin, U. S. Consul in Toronto, is sending a statement of facts disclosed in the breach of promise action of Miss Dorothy Newburg, of Boston, Mass., against Russel T. Scott, formerly a Toronto broker, to the State Department at Washington. This information is said to have been forwarded so that the U. S. Department of Justice may investigate evidence given at the trial here in order to decide whether it furnishes any grounds for prosecution of Scott under the Mann Act. Miss Newburg was awarded $10,000 damages in her action against Scott, who is said to be out of the country.

MARKED IMPROVEMENT IN FLOOD CONDITIONS

LINDSAY, May 28. (Special.)—There has been a marked improvement in the flood conditions existing in Haliburton and Victoria Counties. The highest water in 50 years was reached on Monday, as stated by a pioneer, was reached on Monday on the Gull River, around Minden, where the use of boats became the only means of travel in a great many instances. The streets in the village were converted into miniature lakes, and many of the dwellings were completly surrounded by water. Stables suffered the most, and in many cases horses and cattle were removed to other quarters. The river road below the village was condemned as unsafe. It was covered for several miles with water, and portions of it caved in. Portions of the sidewalks in the village were carried down the river by the flood.

LIBERALS ARE TRYING STAGE RETURN POWER

The Liberal Leader Opens Campaign in the North Country—Renounce the United Farmers.

DRURY OVER GROUND

TORONTO, May 28.—(Canadian Press).—After being in the Opposition in the Provincial Legislatures of Ontario for nearly twenty years, the Liberal party is making a determined fight for the return to power at the general elections on June 25 next. Having by repeated declarations in the recent session, and renounced all connection, present or future, with the United Farmer-Labor Government, the Liberal leaders are carrying the war into all parts of the province. To-night F. Wellington Hay, Liberal leader, opens his campaign in the Hinterlands of the north country with a meeting in North Bay, and concludes after a ten days' speaking tour at Englehart on June 6. Hon. Howard Ferguson, Conservative leader, has just returned from the north, and expresses the highest confidence in the trend of opinion there towards the policies of the Conservative party. Premier Drury has been partly over that ground on behalf of the Government, and other Ministers will follow later.

Fifty Years in Liberal Ranks

John J. Hartley Now Completing Half Century Adherence to His Political Faith.

In presiding at the Liberal nomination on Saturday afternoon, which entrusted the party's standard to Alderman J. W. Meyers in the Provincial campaign, Mr. John J. Hartley completed fifty active years in the ranks of Liberalism. He made no mention of the little personal anniversary which the occasion meant to him, for Mr. Hartley has never attempted to obtrude himself in any way in public affairs; but from another source it was learned that this campaign marks for him a half-century of service in advocating the principles of Liberalism. ....

In that time Mr. Hartley has shown himself entirely unselfish in his political faith and works. For many years he has been president of the West Peterborough Liberal Association, standing faithfully by political ideas which in their practical expression he believed to be of paramount interest and advantage to his Province and country. The party victories wiped out the sting of defeats, and in his service J. J. Hartley has always been content to do his duty in whatever position his Association placed him.

On some occasions he had been urged to take up the standard himself on the strength of his fine personal record and the confidence which moderate Labour men of the city always imposed in him . He declined the honour and the added responsibility, preferring to remain in the ranks of the party where there was Trojan work to be done, and where prudence and wisdom were also required in the doing of it.

IMPORTANT GATHERING OF LOCAL PRESBYTERIAL

PETERBORO PRESBYTERIAL MEETS IN KNOX CHURCH.

An important meeting will convene in our city this week, when the annual meeting of the Women's Missionary Society of the Presbytery of Peterborough will be held in Knox church on Thursday and Friday. The Presbyterial represents all missionary organizations as well as Mission Bands in the different congregations of the Peterborough Presbytery. The convention opens on Thursday morning at 9 o'clock and will continue until Friday at noon. There will be three sessions on Thursday, the evening meeting of which is open to the public. At this meeting the greetings of the Presbytery will be conveyed by the pastor of St. Paul's church, Rev. R. Pogue, and that of the city by the Mayor. An important address will be given by Miss Cass, of Korea.

CLEAR SIGHT.

To see clearly and enjoy the fullness of perspective you must see things at a reasonable distance. If you hold your reading matter too close or too far away from your eyes you are straining the muscles. There is only one remedy for this—glasses. See W. H. Lacey, Optometrist, 410 George Street. 'Phone 1160.

Speckled Trout Weighed 4½ Lbs.

COBOURG, May 28. — It is still early in the season for fish stories, but Mr. D. Coyle has one that will bear repeating. What is more, the big fish was on exhibition in a local butcher shop, so that all who passed might see it and envy the lucky angler.

One day last week three local nimrods, D. Coyle, G. Mitchell and C. Gaymed, went fishing in a stream north of Millbrook for trout. They were all very lucky and the nineteen fine speckled trout which they brought back averaged one and a quarter pounds each, but Mr. Coyle was the luckiest man of the three. He landed one beauty that just balanced the scales at four and a half pounds. It is safe to say that it is many a day since such a fine speckled trout has been caught in any of our streams, and it is expected that all roads now will lead to Millbrook and on to the lucky spot.

CALL FOR THE RANK AND FILE

Too Many Pink Teas and Silly Talk Instead of Practical Christianity.

A stirring call to the rank and file of the Christian Church to take a militant part in the propagation of the Gospel was voiced by Professor J. H. Farmer, D.D., at the Anniversary Service in Park street Baptist Church last night.

Condemning the futility of pink teas and the silly talk which accompanies them, the speaker said if the Christian Church through the centuries had been imbued with the splendid enthusiasm which marked the work of the early Christians there would not now be one thousand people in the world without knowledge of the gospel.

The church was well filled on this special occasion and appropriate music was rendered by the choir.

Work for All

"There has been too much tendency in the rank and file of Christians to leave the definite Christion work amongst the unsaved to the preachers," the speaker declared. "Every Christian must be an evangelist, for the obligation is laid on every follower of Christ to witness for Christ and bring men to Him." This obligation is laid upon Christians by Christ's example and precept —"Go and preach the Gospel." Jesus did not depend much on organizations to spread His word. He spent much of His time in personal talks, and today His followers must spread the gospel through personal contact I venture to say," the speaker declared. 'that half the people in Toronto never enter a church door. How is the preacher to reach them? I believe the work of th minister in Church on Sunday should be mainly the instruction of Christians to fit the for the work of gaining souls through personal contact."

Outlining the methods, the speaker said, "the home should be the first charge of every Christian, and Christ should not be excluded from business. There are many ways in which the unsaved can be approached, and, he said, "it is a shame and a scandal that any man or woman can live ten years in Peterborough and have no one speak to him about his soul's salvation." Even in the social circle the speaker said the true Christian would sing a hymn in an attempt to be a witness for Christ rather than the useless ditties so frequently heard. He concluded with an earnest call for a whole-hearted Christianity, and an appeal to the unsaved people to take upon them the name of Christ.

PRELIMINARY WORK FOR LINKING UP RAILWAYS

LINDSAY, May 28. (Special. — Surveyors have been busy during past week in the vicinity of Beaverton on the preliminary work relative to the proposed linking up of the G.T.R. and C.N.R. lines at that point.

The purpose is to make a grain route from Depot Harbor to Montreal via Lindsay and Peterboro instead of the old Canada Atlantic via Ottawa.

THIRTY KILLED BY UPRISING IN THE RUHR

French Forces May Interfere to Restrain Communists if Conditions Are Not Improved.

TO RESTORE ORDER

BERLIN, May 28 (Special to The Examiner). — Thirty Communists and civilians have been killed in the revolutionary uprising in the Ruhr this week, the Vissische Zetiung estimated to-day.

Use French Troops.

French occupation forces may interfere to restrain the Communists in the Ruhr district if conditions are not improved immediately.

It is said the French will be used to quell disturbances and safeguard the communities against further disorders.

At Wanne, the French troops already have stepped in to restore order.

Patrols were held in readiness there for several days, and when an alarm was sounded they barred all pedestrians from the streets.

Moment, Please!

Now we knowyou won't bawl out the operator when you're telephoning Havana, Cuba. Senorita Carmita Fernandez Ramos, the operator who'll probably handle your call, is about the most popular girl in the island republic.

BEST PILOT ON RIDEAU DIED AT MERRICKVILLE

OTTAWA, May 28.— (Canadian Press.)—One of the pioneer navigators of the Rideau canal and an old-time captain of Ottawa and St. Lawrence river route, Simon T. Easton, is dead at Merrickville. He was known as the best pilot on the Rideau and retired for about fifteen years, but had piloted several tourist boats through the Rideau since then. He was fifty years on the routes.

CLARA PHILLIPS SAYS THAT SHE IS INNOCENT

TEGUCIGALPA, Hondurus, Canadian Press. — A message declaring her innocence has been received by the Associated Press correspondent here from Clara Phillips, convicted of murder in California, now on her way to the United States, in charge of Federal officers. In her message she stated that she intended to give the world the truth about the Alberta Meadows' case—"that I am innocent of that awful crime for which I was unjustly convicted.

IMPROVED ROADS.

All Interested in the Improvement of the Burleigh Falls, Young's Point Road, are Invited to Attend a Meeting to be held

Friday Evening next, June 1st at 7.45 p.m., in the Chamber of Commerce Rooms.

Became Intoxicated On French Perfume

French perfume, taken inwardly, was the cause of the downfall of Frank Burns, who was this morning sentenced in the police court to one month in jail, in default of payment of a fine of $10 and costs.

The defendant became intoxicated on the perfume, and Magistrate Langley sent him to the castle on the hill where Gaoler Nesbitt will allow him to inhale the perfume of the flowers which are cultivated in Victoria Park.

FIRE STARTED TURNER PLANT

Sprinkler System Was a Factor in Limiting the Damage.

A fire which at one time threatened the entire building of the J. J. Turner Company, broke out on Sunday morning at 12.10, causing damage estimated at $300 to the building and contents.

The fire originated through spontaneous combustion in a number of bales of oakum stored on the main floor. The sprinkler system was the factor which saved a much more extensive loss, it coming into action immediately and turning in an automatic alarm to the Fire Department. The loss was covered by insurance.

On Saturday afternoon at 2.50 an alarm was sent in from the Canadian General Electric Company's plant, wheer a fire had been caused by a spark from a motor igniting a cleaning rag. No damage was done.

IOWA PROFESSORS PLAN MANY RESEARCH TOURS

IOWA CITY, Ia., May 26 (Associated Press).—From California's wrinkled terrain to the "innards"of Mammoth cave, from the romantic isle of Hawaii to the Mississippi delta, University Iowa geologists will endeavor to fathom the secrets of the rocks and other earthly lore in several scientific expeditions planned for this summer.

B. B. Cox and Marshall Kay, both of Iowa City, will be in Kentucky assisting the Kentucky geological survey in studying the geological history of Mammoth Cave.

Professor A. C. Trowbridge expects to continue his studies of sedimentation at the numerous mouths of the Mississippi River. The studies were started last summer. This is department of interior work in the interests of river navigation.

Dean Geroge F. Kay, head of the geology department and director of the Iowa Geological survey, will be in general charge of geological investigations in Iowa and continue the study of certain economic phases of glacial deposits and additional studies on the origin of soils in Iowa.

Chester K. Wentworth will conduct an elementary field course for students at Baraboo, Wis., and on Sept. 15 he will leave for Honolulu, Hawaii, to spend the coming year in field study of the volcanic ash and other sediment the Hawaiian islands. This last work is a result of Mr. Wentworth's appointment to a Bishop Museum fellowship by Yale university.

Prof. J. J. Runner will conduct an elementary course in geology in the Black Hills region this summer.

Walter V. Searight, Odebolt, Ia., a geological student, will work out certain aspects of rocks of the driftless area where the glaciers did not go.

E. Hazen Woods, Woodburn, Ia., a graduate student will work out the geology of Long Valley ,Calif.

By means of airships, Bombay, India, could be brought within three and a half days' journey of London.

Some Men Agree

Let the women pay the alimony' Mrs. Lillian H. Kerr, vice chairman of the Colorado state branch of the National Woman's Party, thinks where there are no children and the woman has the bigger income, she should pay the alimony.

PAST PRESIDENT IS HONORED BY THE ROTARIANS

Diamond Pin For John Crane—Boys' Work Suggestions Discussed by Canon Sawers of Cobourg.

LARGE ATTENDANCE

At to-day's luncheon of the Peterboro Rotary Club a splendid address on boys' work was given by Rotarian Rev. Canon F. J. Sawers of Cobourg, who based his address on points brought forward at the breakfast conference on boys' work at the recent gathering in Toronto. The result was a very constructive talk in which many features of this department of Rotary activities were discussed.

An interesting feature of the luncheon was the presentation to Rotarian John Crane, immediate past president of a diamond pin as a tribute to the excellent services rendered by him as president. The presentation was made by Rotarian F. L. Roy who referred to Past President's Crane's splendid record in attending every meeting of the club during his term of office. He suggested that in future his Rotary nickname should be "100 per cent. John".

Rotarian Crane in acknowledging the gift thanked the members for the support tendered him and remarked that he had been in attendance at every meeting since the end of January 1922.

It was announced that the directors had decided to make Rotarian F. H. Dobbin an honourary member in recognition of his services in looking after the archives of the club.

President McElderry called attention to the district picnic at Cobourg on July 25th at which it was hoped there would be a very large Peterboro attendance. Chris Graham and Reg. Turner are in charge of the arrangements.

Rotarian J. Mackie of Lindsay, was heard to much advantage in a vocal solo that was thoroughly appreciated.

Rotarian Sawers first emphasized in his address the opinion voiced by most of the speakers at the Toronto conference that in its boys' work activities. Rotary should rather than launch new movements support in every way possible those existing organizations in the churches and elsewhere that were already carrying on such work. In this connection he briefly outlined the aims and objects of such organizations as the Boy Scouts, the Wolf Cubs, the Tuxis Square and the Trail Rangers, paying a high tribute to the work being accomplished by these bodies. Personally he felt that no other organization in boys' work was productive of better results than was the Boy Scout movement. It was up to Rotarians to interest themselves in such activities.

Some clubs reported a movement to keep boys in school as long as possible and this work he explained was being taken up by the Cobourg Club.

Others had adopted the practice of assisting bright boys financially unable to go to college, to secure a university education. One American club making loans to such boys.

The saving of way-ward youngsters who had strayed a little from the straight and narrow path was materially assisted in Toronto by the providing of a farm presided over by a man and woman who took a loving interest in children, to which boys who got into the police court could be sent on probation.

Several other suggestions were brought forward by Canon Sawers who urged his hearers to actively interest themselves in boys' work.

Rotarian Dr. Norman Buchanan, chairman of the local boys' work committee in moving a vote of thanks to the speaker replied that most of the activities touched upon had been taken up by the committee and stated that just now they were endeavoring to provide playing grounds for the older boys of the city.

It was announced that if Rotarian Thos. Barrie at present on a business trip in the West, attended the Rotary meeting in Edmonton last week the Peterboro Club for the first time in its history would have a 100 per cent. attendance. The record today was 90 per cent.

Among the visitors were: Rotarians W. L. Allen. W. H. Hopper and A. J. Gould of Cobourg and Rotarians J. Mackie and H. Brimmell, of Lindsay.

TEAPOT SPOUT.

A man's pipe cleaner, which has never been used for its original purpose, makes an excellent device for cleaning out the spout of the teapot. It can be bent so as to reach every crevice.

CHINA PAINTING
Mrs. Langley McCarthy Teaches Biscoff's New and Beautiful Work in CHINA PAINTING

Fixing For Father Neptune

Aquatic flappers are joyous on the west coast just now. A cosmetic genius has perfected a line of waterproof make-up, which is left undamaged by water. Miss Helen Vernon of the Ambassador Swimming Club of Los Angeles is shown "trying it out."

TENDERS

Sealed Tenders, plainly marked as to contents, and addressed to the undersigned will be received up to 5 p.m. on Monday, June 4th, 1923 for the proposed alterations to St. Andrews' Sunday School. Separate tenders will also be received for each of the following trades, heating, plumbing, and electric wiring

Plans, specifications and form of tender, may be seen at the office of the architect, Mr. W. H. Barry, 332 1-2 George Street, Peterobrough.

The lowest or any tender not necessarily accepted.

(Signed) **W A. Richardson,**
care of Peterborough Canoe Company,
290 Water street, Peterborough

IT SERVES FOR SOUP.

The liquid in which salt beef is boiled will not be too salty for soup if you will leave two or three carrots in it until cold. They will absorb the salt so that when it is reheated and the necessary vegetables added the seasoning will be just about right.

COOKING DUMPLINGS

Keep the lid on your dumplings while they are cooking, and they will be much lighter and more digestible.

PRICE THREE CENTS — PETERBOROUGH, MONDAY, MAY 28, 1923 — PRICE THREE CENTS

ALDERMAN J. W. MEYERS NOMINATED AT LIBERAL CONVENTION SATURDAY

Won Nomination in Contest With Mayor Taylor—J. J. Duffus and Robt. Hicks Were Also Proposed.

WELL ATTENDED.

West Peterborough Liberals gave their hostage to political fortune Saturday afternoon in the nomination of Alderman J. W. Meyers, Chairman of the Manufacturers' and Power Committee of the City Council, who headed the polls in the municipal elections last January, and who in private life is the President and Managing Director of the Peterborough Cereal Company.

Ald. Meyers won the candidature from Mayor Taylor, who, when the result of the balloting was announced, moved, seconded by W. Y. Scollard, that the nomination be unanimous. J. J. Duffus and Robert Hicks were also proposed, but Mr. Duffus declined, and the name of Mr. Hicks was withdrawn by his proposer, Robert G. Sturgeon, because of his absence from the city and the uncertainty as to whether he would accept the nomination if he won it.

Ald. Meyers was proposed by William Stevens, seconded by Alderman Morrison.

Mayor Taylor by John Creighton and B. E. Paquette.

J. J. Duffus by Mrs. H. Bugg and Mrs. W. Metheral.

Robert Hicks was proposed by R. G. Sturgeon.

Unity and Organization.

John J. Hartley, President of the Liberal Association, was chairman, and the principal speakers were W. E. N. Sinclair, M.P.P. for South Ontario; G. N. Gordon and R. R. Hall, who apart from their particular subjects appealed to all Liberals in this riding to give the candidate loyal and unflagging support in the campaign now under way, and to put forth every effort in the work of organization, which was essential to success.

Pre-Nomination Addresses.

In his pre-nomination address Alderman Meyers declared that he accepted the old platform of the Liberal party, and that he would follow the Liberal leader, Wellington Hay. "I believe the Liberal party made a wise choice when they picked him for their leader," said Mr. Meyers. "I have known him for many years, and I know that he is a man of honour and ability. If I am the candidate I will do my part to bring the Province of Ontario back to true Liberalism."

Mayor Taylor said he had been requested to allow his name go to the convention. He was prepared to do all in his power to win West Peterborough back for the Liberal party, and would support the nominee of the meeting.

Mr. Duffus thanked the ladies who had proposed him, and gave two reasons for declining at this time. His business demanded close attention, and there was no dearth of capable candidates to represent the Liberal party. If there were a scarcity he would be willing to sacrifice his time in the public interest, for, he said, his stake was entirely in Peterborough and he was willing to do his share in promoting its welfare.

Mr. Sturgeon, speaking in behalf of Mr. Hicks, said he was a prominent citizen and Liberal who had given many proofs of his ability in public office and should be supported. During the extreme scarcity of fuel a few winters ago Mr. Hicks had spared no expense to obtain a supply of coal for Peterborough, and had succeeded in getting a sufficiency, while Toronto and other cities had empty bins. Mr. Hicks had delivered coal personally in his own car to many families at a time when the trade generally was not bringing in any supplies to meet an extreme situation.

It transpired that Mr. Hicks was in Cobourg on business, and Mr. Sturgeon finally decided to withdraw his name from the ballot.

The scrutineers were Miss Luella A. Jobbitt, F. D. Kerr, K.C., and Alex. Dick. The announcement of the nomination of Alderman Meyers was made by Miss Jobbitt.

During the intermission the convention programme was pleasantly varied by a vocal solo by Mrs. A. A. Perrin, and by Mr. Hartley's appeal to the Liberals of the riding to take advantage of the opportunity which, he said, should return supporter for Wellington Hay as the next Premier of Ontario. The Liberal party, he declared, had every reason for confidence in going before the people of Ontario in this election, offering sound legislation in the interest of all the people and not of one class alone. They had a leader whose record was clean and who deserved the fullest support not only of Liberals, but of all citizens who had the welfare of their Province at heart.

Ald. Meyers Grateful.

"I appreciate from the bottom of my heart the honour you have done me in selecting me as your candidate," said Ald. Meyers in acknowledging the unanimous endorsation of the convention. "I realize the responsibility you have placed upon me, and I will do my very best in the coming elections."

Mr. Hall's Address.

Mr. R. R. Hall, K.C., vigorously criticized the Drury administration on the grounds of unfulfilled promises, extravagant expenditures, and the shirking of a duty for which they were unqualified and incapable by the appointment of commissions for investigations which should have been performed by committee of the Legislature without additional cost to the people. He also charged the Conservative leader, Hon. G. Howard Ferguson, with an attempt to deceive the people in regard to his attitude toward the Ontario Temperance Act.

"Mr. Ferguson is like the chameleon that takes on the color of its surroundings wherever it goes," said Mr. Hall. "He is a supporter of the O. T. A. where there is a dry candidate and the people are in favour of the Act, and where he has a wet candidate and the people are against the Act he is wet. What standard of honour has a man like that?"

Mr. Hall pointed out that the population of the Province has not increased as much as might have been expected in the past twenty years. In 1911 there was an increase of 15 per cent. over 1901, and in 1921 an increase of 16 per cent. over 1911.

The increase has been in the cities, and the population on farms has decreased during the past 25 years by about 26,000

There has been a gradual decrease in the wealth-producing population. If the population were increasing enormously we could say our wants have become greater, and because of

GRAHAM DENIES STATEMENTS IN U.S. JOURNAL

Wall Street Journal Is Confused Regarding the Position of the Grand Trunk and the Grand Trunk Pacific.

Agreement Fulfilled.

OTTAWA, May 28.— (Canadian Press.)—The attention of Hon. G. P. Graham, Minister of Railways, has been called to the Canadian Press despatch from New York on May 22, appearing in the Canadian papers and quoting the Wall Street Journal, to the effect that "the Canadian Government had made a specific bargain with the holders of Grand Trunk Pacific 4 per cent. debenture stock, and had not carried out its bargain."

Mr. Graham yesterday issued the following statement:

"The Wall Street Journal article was apparently an echo of the equally unwarranted statement appearing earlier in the London financial press and which the Canadian government, through the High Commissioner in London had corrected. Among the financial writers there appears to be more or less confusion as to the potion of the Grand Trunk and Grand Trunk Pacific.

"The Canadian Government did make a bargain with respect to Grand Trunk debenture holders and that bargain has been adhered to. There has been no bargain with respect to Grand Trunk Pacific 4 per cent. debenture holders. These debentures were not guaranteed by the Canadian Government are a liability against the Grand Trunk Pacific property and a contingent liability against the Grand Trunk under its guarantee. That is to say, if there were no surplus earnings after fixed charges, interest on these debentures would be payable by the Grand Trunk.

"However, in recent years the Grand Trunk has had no net surplus earnings. Since the abandonment of the Grand Trunk Pacific early in 1919, tht railway has been operated under the receivership of the Minister of Railways, and of the $90,000,000 advanced by the government on Grand Trunk Pacific account, $40,000,000 has been put into the road since that time.

"The facts are, therefore, that the Canadian government is operating at the expense of the Canadian people a railway which is insolvent.

"There was no bargain as respects the Grand Trunk Pacific debenture involved in the acquisition of the capital stock of the Grand Trunk. It is quite incorrect, therefore, for the Wall Street Journal to state that a pacific bargain was made and that the Canadian government has not carried out its bargain with these stock holders. In view of this the Wall Street Journal may desire to withdraw its imputation that the Dominion has failed to meet its contract in any direction.'

"The Grand Trunk Pacific debenture holders have petitioned the government for recognition. That petition, or representation was duly acknowledged to the Canadian High Commissioner, through whom it was received, and together with other matters connected with the financial re-organization of National railways, is before the government at the present time."

Western Provinces to Form Big Wheat Pool.

WINNIPEG, May 28.—(Canadian Press.)—In the belief that there will be no Wheat Board formed by Saskatchewan and Alberta, and that the marketing legislation on the statute books of these two provinces will never become operative, the Canadian Council of Agriculture is making preliminary plans for the organization of a gigantic grain pool to handle the 1923 crop of the three Prairie Provinces, states a special despatch from Regina to the Winnipeg Tribune.

The despatch says:

"Preparations, it was learned on high authority here yesterday, are already being made for a meeting of the wetsern section of the council to take place in June, and officials of the organization are determined to have a pool established by harvest time.

"The scheme will be a voluntary co-operative affair, spreading over Mantioba, Saskatchewan and Alberta and will be handled by the grain export departments of the Saskatchewan Co-operative Elevator Company, and the United Grain Growers ,both of which organizations are represented on the council."

To The Electors of East Peterboro.

Having been chosen by a large and representative United Farmer convention of town and country to contest the riding at the coming Provincial election, on June 25th, in the interests of good government, I appeal to you for your support, regardless of your past political preference. As in the past four years you have given me your confidence, so I ask you to give me your support now.

I again pledge myself to be fair to all as I have endeavored to be while your sitting member.

Health permitting, I will tour the riding during the next few weeks, and I appeal to you to come to our meetings and let us have a full and frank discussion of all public questions.—Yours very truly,

E. N. McDONALD,
2d-25-28-1w

Paroled Prisoner Will Return to the Bandits

TIENTSIN, China, May 28. — (Canadian Press.)— J. B. Powell, editor of the Weekly Review of the Far East, who was paroled by the Suchow bandits in order that he might take part in conferences looking to the release of the prisoners held by the bandits, will return to the stronghold of the bandits in the Paotzuku Hills. The bandits have agreed to release W. Smith, the sixty-year old Englishman, on Mr. Powell's return. The number of captives held by the bandits at Paotzuku is estimated by Mr. Powell, at one hundred.

The firing heard Thursday night is explained to have been due to soldiers frustrating the attempt of independent brigands to join the Paotzuku bandits. That heard Friday night is believed to have come from a clash between soldiers and the bandits.

The new terms of the bandits for the release of their captives have not been made public, but they are said to be more reasonable than those first offered.

SERIOUS LOSS TO WINNIPEG CLUB

Fire Completely Gutted Club-House of Winnipeg Rowing Club During the Opening of Spring Meet.

WINNIPEG, May 28.—(Canadian Press)—While the elite of Winnipeg's younger set stood by in hundreds, and dozens of youthful athletes in rowing gear were launching shells, preparatory to getting the first race started, fire from an overturned oil stove started a conflagration in the club house of the Winnipeg Rowing Club Saturday afternoon that in forty minutes left nothing but the southeast corner of the building, and cancelled indefinitely the Spring meet of the club, scheduled for Saturday afternoon.

The spacious club house was completely gutted and according to Commodore Con Riley will be a total loss. Many valuable shells, all imported from England, were completely destroyed. The building was valued at $20,000, covered by $7,000 insurance. More than $15,000 worth of shells were stored in the building. Many other were saved.

News Paragraphs Lakefield Village.

LAKEFIELD, May 28.—Miss M. Kennedy was called to Toronto last week by the illness of her sister, Mrs. M. L. Quigley.

Dr. and Mrs. S. J. Gibson and family were in Peterborough for the holiday.

Mrs. Nixon was a visitor to Peterborough on Wednesday.

Mrs. J. M. Bygott, Misses Helen and Isabel Bygott, Master Jack Bygott and Miss Florence McNabb of Campbellford were guests of Mr. and Mrs. Chas. Thomson for the holiday.

Mrs. A. E. Dawson, Mrs. E. R. Tate and Miss Nancy Tate motored to Peterborough on Wednesday.

J. R. Hull was in Cobourg on Thursday.

Rev. and Mrs. T. L. White and family and Mrs. Chas. White motored to Peterborough on Wednesday.

Miss Olive Northcott of Fraserville spent the holiday at her home in the village.

Mrs. B. Q. Dench was a visitor to Peterborough on Wednesday.

Miss Corkery spent the holiday with her parents in Peterborough.

Mr. and Mrs. John Blewett were in Peterborough on Wednesday.

Miss Blanche Moore of Peterborough was a holiday visitor to the village.

Mrs. Bugg of Peterborough was a visitor to the village on Tuesday.

Miss Mabel Walker of Peterborough was the guest of Miss McKibbin for the holiday.

G. E. Donaldson of Young's Point was the guest of Mr. and Mrs. F. J. Burgess for the holiday.

F. M. DelaFosse of Peterborough motored to the village on Wednesday.

Gordon K. Fraser of Burleigh Falls motored through the village on Friday.

Miss Agnes Carmichael of Peterborough was the guest of Mr. and Mrs. H. G. Fitzgerald for the holiday.

Mrs. Marling was a visitor to Peterborough on Wednesday.

Mr. and Mrs. S. Spence, Mr. and Mrs. W. J. Charlton, Mr. and Mrs. F. Burgess, Mrs. A. Mitchell, Mrs. A. V. Hill, Dr. J. R. Fraser, H. G. Fitzgerald, D. H. Charlton and J. W. Ridpath attended the Conservative convention in Norwood on Wednesday.

The Baptist Church Association propose holding a convention in Lakefield on June 5 and 6, and expect representatives from twenty-one churches. It is expected that there will be splendid speakers and a real treat is expected.

KEENE PERSONALS.

KEENE, May 28.—Dr. W. T. Harrisson returned on Thursday from Toronto where he had been attending the M. O. H. convention.

Miss Pearl McCann of Toronto is spending the week-end with friends at the Victoria House.

Misses Elal and Mary Foley are spending the week-end with their parents.

Mrs George Le Grow of Stirling is a guest at the Victoria House.

Mr. and Mrs. William Wellman and children of Hastings spent the holiday with Keene friends.

Mr. H. Fletcher was in Peterborough a few days this week.

NON-STOP TRIP FROM GULF TO CANADA BY AIR

Lieut. H. G. Crocker Set a New Non-Stop Record in Flight From Texas to Canadian Border.

TRYING CONDITIONS.

MOUNT CLEMONS, Mich., May 28.—(Canadian Press.) —It is just a daylight journey from the Gulf of Mexico to Canada.

Lieutenant Harrison G. Crocker, of Kelly Field, San Antonio, Texas, proved this Saturday when, without a stop, he drove a specially built De Haviland plane from Ellington Field at Houston, Texas, to Selfridge Field, near here, in eleven hours and fifty-four minutes. The distance, measured in time, between the Gulf and Canada, is less than that, for Lieut. Crocker swung over Canadian soil at the mouth of the Detroit river just eleven hours and 29 minutes after he hopped off from Ellington Field at 5:20 o'clock Central Standard Time, Saturday morning.

Incidentally he set a new flying record, he being the first birdman to make at one hop while travelling alone.

Lieut. Crocker's victory was won against odds, probably as great as any airman ever encountered. During 800 of the 1,400 miles of his journey his highest altitude was 500 feet and during a large part of the 800 it was as low as 100 feet, due to clouds.

Between the Texas-Louisiana border and Defiance, Ohio, he encountered 29 distinct storms. Only once during the 800 miles of struggle against the Storm God did the plane's engine falter. It sputtered and threatened to die in the midst of a terrific electrical dsturbance over Louisiana.

At times Lieut. Crocker attained a speed of 150 miles an hour. At others his speed was cut to below 100.

Brig. General William Mitchell, Assistant Chief of the Air Service, was one of the first to congratulate the flier. "This flight is most significant," he said. "It shows that the United States can place a flying unit in the centre of the country and have fighters of the air on any of our coasts in eleven hours' notice."

CHICAGO, May 28. —(Canadian Press.) — Lieutenant Harrison G. Crocker, in his Gulf-to-Lakes flight Saturday, broke the world's record for a non-stop flight for a one-man plan, formerly held by Lieut. Doolittle, according to records of army aviation officers at Chanute Field, Rantoul, Ills.

Lieut. Doolittle, on September 5, 1922, flew from Kelly Field, Texas, to San Diego, Calif., 1,240 miles, in eleven hours and ten minutes.

FRENCH SEIZE MONEY.

ESSEN, May 28. — (Canadian Press.) — The French authorities have seized ninety billion marks from the Reichsbank here. They took tihs action because they needed money to pay certain bills, and the Germans refused to furnish it, declaring there was not so much money on hand.

PEACE IN THE EAST IS ASSURED AS RESULT WORK OF CONFERENCE

War Between Greece and Turkey Averted When Concessions Are Made By Both Sides — Territory Ceded.

NO INDEMNITY.

LAUSANNE, May 28.—(Canadian Press)—Peace instead of war in the Near East was the welcome result of a dramatic session of the Lausanne Conference held Saturday at Ouchy to consider the Turko-Greco reparation controversy. Complete agreement was reached, and, as this was the only remaining problem between the Greeks and the Turks, hostilities, which it was feared might involve the Balkan countries, have been averted.

The happy ending of the war threats is expected favorably to influence the remaining Near Eastern negotiations and force an accord on the points still disputed.

The essential points in Saturday's agreement are: Greece admits that she owes indemnity to Turkey, while Turkey renounces enforcement of payments; the two Powers agree to rectification of the boundary between Eastern and Western Thrace and to the restoration of ships seized from one another since the armistice; the Turks agree to waive indemnity in view of Greece's precarious financial condition, and Greece consents to the cession to Turkey of Karagatch and the railroad from Karagatch to the Bulgarian frontier.

The meeting Saturday began in the same atmosphere as attended the collapse of the previous conference on February 4. The principal delegates, notably Sir Horace Rumbold, Great Britain and General Pelle, France, solemnly appealed to Ismet Pasha, head of the Turkish delegation, to waive all claims to cash indemnities and accept the offer of Karagatch.

Joseph C. Grew, United States Minister to Switzerland, pointed out that both Greece and Turkey were confronted with problems of internal organization demanding self controlled statesmanship. He emphasized that Greece faced the terrible refugee problem and direly needed national reconstruction; it was unthinkable she would abandon this to take up arms. He appealed to both countries in the interest of their future hapiness and prosperity not to spare efforts at a solution.

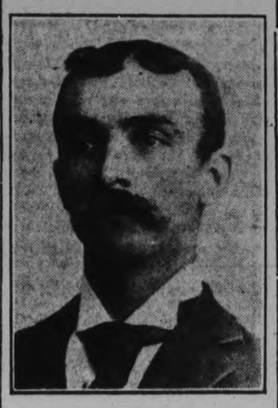
The settlement followed a lengthy debate, after which Ismet Pasha and M. Venizelos shook hands and sat down and chatted in the most friendly manner.

M. Venizelos thanked all the plenipotentiaries for their efforts for peace. Ismet Pasha remarked that he hoped Turkish conciliory attitude would help to influence the setttlement of the remaining problems between Turkey and the Allies.

The Jugo-Slav delegate said he opposed a change in the Thracian frontier but would not push his objection to the point of endangering peace.

Pirhana, a small fish haunting the rivers of South America, is said to be the world's fiercest fish.

East Durham Nominee



MR. A. J. FALLIS,

Who has been selected by the Conservatives of East Durham to contest the provincial election with S. S. Staples, the present member as his opponent

THIRTEEN DEAD IN RHUR RIOTS

Communists Are in Practical Control of Boichum — French Seize Millions of Paper Marks.

DUSSELDORF, Germany, May 28.—(United Press.)—With thirteen dead in week end riots in the Ruhr, reports throughout the valley to-day indicated that the tension is lessening ,at least for the moment.

In Boichum, where Communists besieged the municipal offices and assumed practical control of the the city, the Self-Defence League has succeeded in regaining the upper hand.

The situation is quiet at Dortmund and Gelsenkirchen.

The French in Essen have seized several million paper marks following repeated refusals of the German officials to pay certain occupational expenses.

Workers had peaceful demonstrations in many cities during the night.

Officials fear, however, that the lull is only temporary, and that renewed attacks may be made.

FOUR IN THE FIELD.

FORT WILLIAM, Ont., May 28. —(Canadian Press)—Dr. R. Byers, solicitor, one of the candidates for the Liberal nomination at their convention here, has announced that he will stand as an independent candidate for the constituency of Fort William, making the fourth in the field.

SIGNS OF PEACE SEEN IN IRELAND

No Demonstrations During President Cosgrave's Week-End Visit to Kilkenny.

DUBLIN, May 28— (Canadian Press.)—President Cosgrave's confidence that Ireland is returning to normal conditions has been amply justified by his week-end visit to Kilkenny, which formerly was a disturbed district. There was no need to take extra precautions and when Mr. Cosgrave arrived Saturday night with only two or three personal attendants he was received by a guard of honor and numerous addresses of welcome were presented to him.

President Cosgrave drove in an open car through crowded streets to a hotel, where he took his meals in the public dining room, and later moved freely about the city.

Sunday's big open air meeting was a great success. Mr. Cosgrave devoted his speech to justification of the Government's policy, reiterating that there could be no modification on account of Eamon De Valera's recent negotiations.

"We want peace and we want it quickly," he said, "but also, we want it secure."

Alluding to the necessity of raising a loan to carry out the Government programme, he jointed out that there had been a noteworthy boom in business, which showed that the people were satisfied of the Government's stability and the outlook, therefore, was promising.

Passengers From Wreck Continue Their Journey.

ST. JOHN'S, Nfld., May 28. — (Canadian Press.)—The passengers and crew of the Canadian Pacific Liner Marvale, which sank last Monday after striking Cape Freels Rock, off the southern coast of Newfoundland, were picked up here Saturday by the liner Melita, of the Canadian Pacific Line, and continued their voyage to England.

Salvage operations to recover mails, express matter and passengers' effects from the Marvale are to begin to-day if weather conditions are favorable. The vessel lies in seven fathoms, about a mile from the fishing village of St. Shotts.

TO HEAD COMMISSION.

WINNIPEG, Man., May 28.— (Canadian Press)—Dr. Walter C. Murray, President of the University of Saskatchewan, has been selected as chairman of the Royal Commission to investigate Manitoba's educational system and costs, it was reported here Saturday.

HIT AN ICEBERG.

ST. JOHN'S, Nfld., May 28. — (Canadian Press.) — The British freighter Oxonian, here for the past week undergoing repairs, after colliding with a small iceberg off Cape Race, resumed her voyage yesterday. The Oxonian is loaded with Canadian cattle for England.

KILLED IN RACE RIOT.

LOS ANGELES, May 28.—(Canadian Press.)—One man may die, four are suffering from serious knife wounds and a number of others are cut and bruised as results of a riot between white and Filipino sallors of the United States battle fleet at Los Angeles Harbor Sunday.

FIRE AT ST. AGATHE.

MONTREAL, May 28.— (Canadian Press.)—Fire, which broke out Saturday afternoon, destroyed 100 houses in the town of Ste. Agathe.

Ste. Agathe is situated on the Laurentian Mountains Branch of the Canadian Pacific Railway. In its vicinity are many summer homes of wealthy Montreal citizens. A very fine church and convent and tuberculosis hospital are located in its suburbs.

THE LIBERAL CANDIDATE.

West Peterborough seems to be particularly fortunate in the quality of the candidates whom the Ontario election campaign is bringing before the electorate.

The Liberals of the riding in their convention on Saturday selected a standard-bearer whose record as a manufacturer and whose showing as a member of the Municipal Council have stamped him as a good citizen.

Ald. J. W. Meyers, head of the Peterborough Cereal Company, who was the choice of the convention, has, like his Conservative opponent, ex-Mayor Bradburn, given previous evidence of his willingness to sacrifice time and energy in the service of his fellow-citizens and in behalf of the community in which he lives.

During his residence in Peterborough Mr. Meyers has won the esteem of his fellow-citizens generally, and the fact that he has consented at the solicitation of the Liberals of the riding to represent them in the campaign will be accepted as an evidence of his willingness to serve in whatever capacity the finger of duty points.

If the Ontario campaign generally has succeeded in enlisting the candidature of such men as ex-Mayor Bradburn and Ald. Meyers, there is no occasion to worry about the next Legislature.

LIVING UP TO THEIR MOTTO.

The members of the Kiwanis Club who toiled all day Victoria Day in adding another building to the plant of the Peterborough Health Association at Jackson Park were nobly living up to the motto of their organization, "We Build."

To give up the first holiday of the summer to such splendid work when the car and the motor boat and the golf links and the ball game were calling was a real sacrifice, and it is the more notable because of the fact that last year, too, the local Kiwanians put aside their own pleasure on Victoria Day and laboured until the evening shadows fell in the construction of a dining-hall for the Health Association's camp.

The scores of children who will be taken care of at Jackson Park during the summer months will have every reason to bless the members of the Kiwanis Club who put the opportunity of doing something for the underprivileged children of Peterborough before the opportunity for pleasure offered by the holiday.

Doubtless, however, the faithful workers who have given two successive Victoria Days to the service of the children will get their reward from a glance at the happy faces of the youngsters at the camp, and from the records of the Health Association next autumn showing how the children have benefited through their sojourn among the pines of Jackson Park.

CALLS FOR INVESTIGATION.

There is still no clue to the whereabouts of Leo Rogers and the North Bay desperado has for the time being at least made good his escape.

Several features about the case seem to demand an official investigation, and action by the Governments at Ottawa and Toronto.

In the first place, there is naturally a general demand for an explanation of why the Department of Justice saw fit, at the solicitation of North Bay people, to release from the penitentiary, without much investigation, a criminal who had shown his calibre by a brutal assault upon a guard, an attack that had earned him an additional eight years' sentence.

Secondly, the escape of Rogers from the crowded court-room at North Bay should necessitate an official probe into the circumstances and apparently justifies the dismissal of some of the officials implicated.

How did the prisoner get the revolver with the aid of which he obtained his freedom?

And what police officers were on duty in the court-room, and what were they doing when the prisoner coolly made his way to liberty?

Rogers should never have been given his freedom from Kingston.

But once realeased, and in trouble again, it was the duty of those in charge of him to see that all avenues of escape were completely blocked.

The machinery of the law seems to have broken down several times during the history of this case.

ROOF CLASSES.

In many cities the plan has been successfully adopted of holding classes in the open air when the weather conditions are favourable for such pupils of the public schools as are considered below the average physically and whose state of health under the usual school conditions handicaps them and makes it difficult for them to keep up to other pupils of the same age.

It has been found that such pupils have benefited materially from the open air classes, and have not only gained in health, but have also been able to make more rapid progress in their studies.

In this connection a citizen who has been giving some thought to the matter advances a suggestion that the Examiner believes to be in the general interest.

He is of the opinion that in several of the schools the roof could be successfully used for the holding of open air classes. Fitted with awnings and a canopy top, a very comfortable class-room could be provided, and the plan would have the additional advantage that, different from the method usually employed in such cases, the organization of the school would not be affected and supervision would be much easier than if open air classes were established in one of the city's parks.

At the same time the attention of the children would not be so likely to be detracted from their studies—a feature of open air work that has in some cities made the task of the teachers a matter of considerable difficulty.

GREEN HILLSIDES AND WHITE WAKE-ROBINS.

To those brave souls who take the weather as it comes without grumbling, the trees and the flowers and the ferns offer much the same kind of welcome as in other years. It may seem colder than usual, but a little of every kind of flower blooms in the usual spots—only waiting for a really warm spell to rush into an abundance of bloom. When that warm time does arrive, the mosquitoes who hate the cold as much as humans do, will also spring into life, so to those who like long solitary rambles, this late spring is something of a blessing in disguise, for spring flowers can be enjoyed more than usual without the accompanying sharp hum of the mosquito.

The market on Saturday did a thriving business in white trilliums, quite a large bunch of blossoms for a few cents. They were very cheap for the money—so cheap that it seems a great pity to pick them at all, for though the picking of the blossoms should not hurt the roots, in a few years' steady picking of the same patch of flowers, the blossoms decrease noticeably in size, and after a while cease to flower at all.

Some wake-robins (or trilliums as the botanist calls them) can be found in almost any wood near the city, but the farther away from human habitations one wanders, the larger and whiter and finer the blossoms seem to grow. One particular tramp that we remember taking every spring for ever so many years, has as its object a little hillside that in early May is white with flowers about the size of a small handkerchief. The road to this hill is about three miles in length, and usually the woods along the way are white with trilliums also, but there seems to be some peculiar quality about those far-off flowers. Perhaps the walk itself has something to do with their charm. The trees are just coming into leaf, the blood-root and spring blossoms make white and pink patches in the wet spots along the road, and half way to the hillside, there is a steep hill, so steep that walking down it seems like stepping off into the air. At its foot lies one of the most perfect of tiny lakes—sheer and blue and lovely—fringed with silver birches and ferns, and only birds and squirrels in sight.

"O, every morn the winds are stilled,
The sunlight falls in amber bars.
O, every night the pools are filled
With silver brede of shaken stars.
O, every morn the sparrow flings
His elfin trills athwart the hush,
And here unseen at eve there sings
One crystal-throated hermit-thrush."

In one tiny little part of the hillside there is a patch of the rarest of all the trilliums—the painted wake-robin. In size it is not nearly so impressive as its white relation, but because it is so hard to find it is regarded as particularly precious. On account of its rarity we have never yielded to the temptation to pick one of the lovely blossoms, but when we come upon the flowers for the first time each spring, one cannot repress a feeling of joy that for another year they have remained undiscovered by anyone else.

To anynoe buying trilliums on the market, there may be nothing very impressive about them, but to see the snow-white blossoms on a hillside of trees only half in leaf, sometimes five or six close together, in other spots so white that they are innumerable, gives one a thrill that comes all too rarely in this workaday world. Only flowers after all, but "I often think," said Linnaeus when working over his plants, "that when I am watching the unfolding of a blossom, I see God in His glory passing near me, and bow my head in worship." Only flowers, but watching their gently swaying heads, breathing the clear fresh air of spring, the things that seem so all-important in the city, take on a different aspect, and from that brief communion with nature, rest and refreshment can be drawn for many dawns.

"A range of low blue hills, the far
First whitethroat's extasy unfurled;
And we are overlords of change,
In the glad morning of the world.

"Though we should fare as they whose life
Time takes within his hands to wring
Between the winter and the sea,
The weary pensioners of spring."

—Ottawa Journal.

EDITORIAL NOTES AND COMMENT.

Political speakers will have to be particularly eloquent to hold their audiences during a June campaign if the weather is what everybody hopes it will be next month.

If adherence to every section and every clause of the O.T.A. is considered the leading qualification in deciding a candidate's fitness for office, it is no wonder that lack of ability seems no barrier to entrance into public life.

The departure of Mr. and Mrs. Edgar Worth for California means the loss of citizens whom Peterborough cannot afford to see go. Citizens generally will unite in wishing them every success in their new home.

With a member of the City Council and a member of the Utilities Commission as rival candidates, the local election will at least be taken seriously in municipal circles.

Tonight's Labour rally will complete Peterborough's campaign so far as the naming the list of candidates is concerned.

Baldwin's rise to the British Premiership was almost as meteoric as that of Premier Drury in Ontario.

The charge that marathon dancing is dangerous seems to be substantiated by the report that one couple were married during the course of a long distance dance.

Wellington Hay, the Liberal leader, is lucky. Messrs. Drury and Ferguson seem to be firing all their ammunition at each other.

So far no one has risen up in the Ontario campaign to ask the question, "How would the Kaiser vote?"

Strawberry socials with politics as a side dish promise to be the menu in rural Ontario next month.

Ball fans can take some consolation out of the fact that if the heavy rains had not filled up the reservoir lakes some of Peterborough's industries might have been closed down later on for lack of power.

The Toronto Telegram is right when it declares that U. F. O. candidates have one important recommendation in the fact that they do not wear spats.

"Wherever a public library exists the work of the book-mutilating vandal is always in evidence. It is, therefore, gratifying to note that one was caught in Peterborough and fined smartly for his misdeeds. Hamilton has also some of the breed that are inviting punishment."—Hamilton Spectator.

WISE AND OTHERWISE

We thought for a little while that winter had gone in for this non-stop craze.

Exide
MADE IN CANADA
BATTERIES

Since the day of the first self-starter (1911) the Exide has been earning its title of *the long-life battery.*

Look for this Sign:

Exide BATTERIES SERVICE STATION

THERE IS AN EXIDE DEALER NEAR YOU

RUIN FOR RICKSHAWS.

PEKIN, May 26 (Associated Press). — Construction of Pekin's first electric street railway is well under way, and unless unforeseen obstacles are encountered, the promoters expect to have four lines in operation within a year. There has been great opposition to the proposed innovation on the part of one organisation or another, the latest objector being the Chinese General Chamber of Commerce.

That body has petitioned the Government to cancel the contract for construction on the grounds, first, that it will ruin thousands of rickshaw coolies, and, second, because there is foreign money in the subscribed capital of the tramways company.

Meanwhile the work goes on. An ancient wall along the eastern edge of the Imperial City has been demolished to make room for the first section of the lines.

Rupture Relief

APPLIANCE EXPERT COMING

You need not suffer another day from ill-fitting trusses. Correct retention with comfort will relieve you at once and afford lasting benefit. Greatest success where others fail. If you have tried most everything, now is the time you need personal scientific service. So says Thos. Y. Egan, Surgical Appliances, 1057 College Street, Toronto, who will visit Lindsay, Benson House, June 1; Peterboro, Empress Hotel, Saturday (all day and night) 1 day only, June 2.

The Egan "Curatrus" with new "Easyfit" retentive shields (as now used and approved) are nature's own method. They retain with perfect ease, and allow nature to close the opening quicker and better than any other known appliance or non-operative method, and at small cost—prepared to measure (men, women, children, infants) for all conditions before and after operations. Nothing in the world to equal these new surgical inventions for style, neatness, lightness, reliability and quick results.

If interested, do not fail to call in full confidence no matter how long you have suffered. Note dates, tell others. Ask at Hotel office for Mr. Egan's private sample room. Tear this out now as a reminder. (Advt.)

ALDERMAN J. W. MEYERS

(Continued from page 3.)

that our expenditure is increased. Twenty years ago the annual expenditure for all requirements of the Province was $5,250,000, while today the annual expenditure is $38,000,000, more than seven times as much as it was in 1904. "The average man who increases his expenditure seven times is hitting straight for the poor-house," the speaker declared. The Province, with its population at a standstill, has multiplied its annual expenditure by seven.

The Provincial Debt.

The debt of the Province when the last Liberal Government went out of power, including the building of the T. & N. O. to a certain point and the erection of many institutions, was a total direct liability of $11,000,000. In 1911, after the Conservatives were in power, the direct liability had increased to $97,000,000, and at the present time it is $240,000,000, with the same resources as twenty years ago. The indirect liabilities have also substantially increased, and the limit is not yet reached. "If we are to continue at that rate we are heading straight for Provincial bankruptcy," Mr. Hall declared.

Drury's Commissions.

Waxing warm on the subject of commissions, the speaker demanded whether Sir John McDonald, Alexander McKenzie or Sir Wilfrid Laurier appointed commissions to travel from one end of the country to the other at the expense of thousands of dollars which came out of the pockets of the people? "How did these men get their information?" he asked. "McDonald, McKenzie and Laurier knew their work, and they had the courage of their convictions; they were not moral cowards; they did not hide themselves behind some commission in an endeavour to cover their deficiencies. Drury appointed 22 commissions."

In the days of these three leaders the information desired was obtained through select committees of the House of Commons, and did not cost the country a single cent in fees to lawyers or commissioners to take the evidence. Members of both parties were on the committees, Mr. Hall said, and when the matter under investigation came up in the House for discussion they were well informed on it. "Now we have men who are incompent or cowardly, and who pays for it? You!"

Manipulated Accounts.

In the same way, the speaker pointed out, in order to have a surplus the Drury government credited money taken in during November and December as if it had been received in October, accomplishing this by juggling with the books. "There is one place you can't juggle with books," he said, "and that is at the bank. You won't persuade the banker that you have a surplus."

The Drury government could at least tell the people: "We are down on sports and amusements; we are taxing them." Although Mr. Drury was strong in his denunciation of race tracks, he took $2,986,000 in revenue from that last year. If his taxation of racing had resulted in doing away with race track betting, as it was intended, then Drury would have been without that revenue.

Mr. Drury declared, "We will not have liquor stores in this province," yet out of the liquor sold on his prescriptions to people who unfortunately needed it for medicinal purposes he made $1,2000,000. Picture shows are taxed, and if a farm or a house is sold, $2 must be paid for a deed for every thousand dollars of the sales price.

"These," said Mr. Hall, "are new forms of taxation. This is a serious matter. It is in the interest of every single elector to see that men who are elevated to the Legislature have some idea of economy. I believe that whoever the nominee may be if we get behind him we can elect him, and it is not necessary for the liberal party to go into this election with a lie on their lips."

Ferguson a Chameleon.

"Mr. Ferguson," the speaker said, turning his attention to the Conservative party, "speaks in meetings in favor of men who are avowedly wet and again in support of those who are in favor of enforcing the O.T.A. He is a supporter of the wet where it is wet and of the dry where it is dry. He is chameleon-like in his changing shades."

Someone is being deceived, Mr. Hall said. "When a man makes a promise to one man that he is wet and to another that he is dry, what standard of honor has he?" Mr. Ferguson has been weighed in the scales and found wanting."

After reviewing the timber deal with the Shevelin-Clarke interests, the speaker remarked of Mr. Ferguson, "Whosoeve takes his word deserves the medicine he gets."

In concluding Mr. Hall spoke eulogistically of Wellington Hay. "I believe," he said, "that what we want is a man like Wellington Hay who is a man of the highest standard of honor, who will govern this province in a way in which you would want it to be governed."

Sign of Interest.

Mr. Sinclair had to cut short his address to catch the afternoon C.P.R. train for Myrtle, where his car was waiting to take him to Whitby for an evening meeting.

"I am glad to see so many turn out on a beautiful afternoon like this to listen to political speeches," he said. "After the long unpleasant season your attendance here to-day is proof of your interest in this election."

Two of the main points stressed by Mr. Sinclair in his review of the Drury government's administration, was its reckless expenditures and disregard of economy contrary to its pre-election pledges, and its comparative neglect of agriculture in which it was presumed to have a special interest. Without a majority of the House the Drury government had been supported in matters of legislation by Liberals and Conservatives, but the Cabinet alone was responsible for the financial and administrative policies, and the financial record of the Government was a matter that lay directly at its door.

Disavowing any intention of saying harsh things against the Government because of their inexperience, Mr. Sinclair declared that the expenditures and debt of the province should not have advanced as rapidly as they did during the last four years.

The ordinary revenues of Ontario in 1904, the last year under a Liberal Government, were $6,128,000. In 1919 they had increased to 18 millions, in 1920 they amounted to 25 millions, in 1921 over 29 millions, and in 1922 they had reached 35,500,000. With such a large increase in the province's ordinary income the people naturally expected that the treasury would show a surplus, Mr. Sinclair continued, but the expenditure and debt had outstripped the revenues.

The ordinary expenditure in 1904 was 5 1-4 millions, in 1919 it was 20 millions, in 1920 $25,800,000, in 1921 $28,500,000, and in 1922 the total expenditure was $37,500,000.

The Record of Debt.

Quoting the figures of Ontario's mounting debt, Mr. Sinclair pointed out that in 1904, under a Liberal regime, it totalled $11,700,000; in 1920, it stood at $128,000,000; in 1921, it had jumped to $205,000,000, and in 1922 the debt of Ontario had reached $241,000,000.

"There were certain expenditures that had to be met, and that were warranted," said Mr. Sinclair. "We don't blame the government for that, but we do say there has been altogether too great an increase in the annual expenditures of this province and too great an increase in our debt. This was a government of farmers pledged to economy. There was going to be a rapid check on the expenditures that were getting out of bounds when the Conservatives went out in 1919. But it has been one of the great weaknesses of the late administration that instead of checks and economies the expenditure expanded so rapidly as it did. That is a matter for farmers and all classes to look into when they go to the polls on June 25th."

Agriculture Suffered.

One would naturally have thought Mr. Sinclair said, that in this largely increased expenditures a government of farmers might further their own industry. As a matter of fact agriculture in 1919 had received 6.17 per cent. of the money expended by the province, but in 1922 this proportion had been reduced to 3.08 per cent. of the total expenditure. Thus the appropriation for agriculture had been cut in two as shown by a comparison of its percentage of its total expenditures.

"We feel the farmers of this province are justified in criticising the government that spent money so lavishly for many other things, but spent so little on agriculture. This essential industry did not receive the consideration it should have received from a government that was elected on an agriculture platform.

Mr. Sinclair blamed both the Government and the Conservative party for the failure of the redistribution measure during the last session, and he condemned Col. Currie for reading for party purposes the private letter to J. W. Curry. "That one thing has done more to damage the Conservative party than any other that transpired in the Legislature, and rightly so."

Ontario's need to-day is a business administration that will put the broad general interests of the province above any one class," said Mr. Sinclair.

"Ontario needs men of business and experience who will bring to the Government sound judgment in all matters, and will make the province supreme above all private matters. I say closs or group government has failed in Ontario, as it fails everywhere, because no one class has sufficient judgment and experience to carry on a government as the Liberal party, which is made up and represents all classes."

The meeting closed with the National Anthem.

$100,000 FOR GOING FISHING.

WASHINGTON, May 26 (United Press). — Imagine getting $100,000 for just going fishing.

That's what the Red Lake Chippewa Indians in Minnesota have done in the past two years, according to the Indian Office.

They have sold to the State of Minnesota in two years 900,932 pounds of fish taken from Red Lake, on their reservation.

About 225 Indians shared in the profits of this pleasant enterprise.

Union Candidate Lacking Support.

PORT ARTHUR, Ont., May 28. —(Canadian Press)—A prominent Liberal stated yesterday that effort to send Dr. Bryan to the polls as a joint candidate of the Liberal and Conservative Parties was near the point of failure and predicted that the next couple of days would see a definite separation of the two parties, leaving each to go its way. Conventions will likely be called by both parties. Dr. Bryan met the two Executives Saturday night and stated that he was not satisfied with the support in sight, complaining that each party, after both had nominated him, was leaving the active campaign work to the other. He demanded activity and endorsation in convention before going ahead.

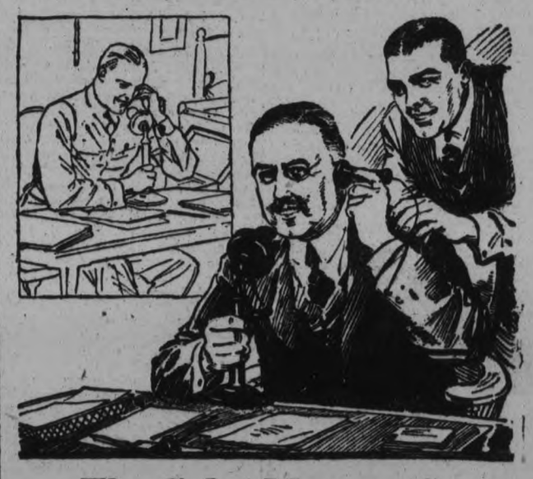
Several Casualties in German Disturbances.

BOCHUM, Germany, May 28. — (Canadain Press.) — Serious Communist disorders were resumed here Saturday evening. A merchant was kidnapped, but was rescued by firemen after a fight in which several casualties occurred.

At five o'clock in the morning a patrol of firemen was attacked from ambush, one being killed and several others seriously injured.

The city was quiet later but disturbances occurred in the outskirts, while there was rioting at the mine pits near Wanne and fighting at Wetten, where two persons were killed and thirteen wounded.

The total casualties since Saturday morning are four dead and thirteen wounded.



The Sales Manager's Mid-week Chat
by Long Distance

The enthusiasm generated on Saturdays seems to die down around mid-week.

Sales Manager Johnson knows his men. He is their inspiration and they are all for "the Chief."

The Saturday morning sales conference is a real "get together" meeting; and when the Chief speaks, his voice is the force that makes them want to do better. He talks as one who knows.

When their enthusiasm dies down around mid-week Johnson knows the need for revival. His three minute chat with each of the boys on the road works wonders. Perhaps he got the idea from the Church's mid-week meetings.

Long Distance makes it possible, and Station-to-Station rates make it inexpensive.

J. M. McHARDY,
Manager.

KODAK SAFETY FILMS

Enjoy more leisure hours

Whether you use a washing machine or not, you can escape the wash board drudgery—you may enjoy leisure hours when Sunlight washes the clothes. In the rich, cleansing Sunlight suds the dirt is soaked and dissolved in the clothes and runs away freely in the rinse. The blend of cocoanut and palm oils in Sunlight is the most efficient in the world for cleansing purposes—yet so pure and gentle that it cannot injure either hands or clothes.

Sunlight—the purest laundry soap in Canada.

Mrs. W. McNaughton attended the Lockington-Reid wedding in Peterborough on Thursday.

Miss Evelyn Gray of Dummer, visited Mrs. Harry Hockaday on Thursday.

KILLED BY LONDON TRAFFIC

LONDON, May 28. — (Associated Press).—More persons are killed by traffic accidents in the streets of London in a year than passengers on the whole of the railways in Great Britain in a similar period. During the last year 505 persons in London were killed by automobiles and motor trucks, 63 by motor omnibuses, 59 by horse-drawn vehicles, 35 by trollye cars, and 22 by bicycles.

The major number of accidents do not occur at congested points, such as Trafalgar Square, Oxford Circus, or the Bank, where traffic is specially regulated.

They take place more frequently in the main arteries toward the outer suburbs, where motor drivers are inclined to be less careful in negotiating crossings and corners, and where pedestrians, particularly children, are less vigilant in crossing roads.

CONTEMPT FOR PAPER MARKS

HAMBURG, May 28. — (Associated Press).—Contempt for Germany's depreciated paper money seems to grow daily, and the public has lost sense of its value.

A gust of wind recently blew five one-hundred-mark bills from the counter of a local marketman. A courteous woman picked up the bills and offered them to the owner.

"Keep them," the man remarked gruffly. "What can I do with 500 marks?"

Although 500 marks at the present rate of exchange are worth only about two American cents, they are the cost of two street car rides in German cities, and will buy three stamps for letters mailed within the German republic.

A WELL KNOWN MARINER PASSED AWAY SATURDAY

DETROIT, May 28 (Canadian Press). — Captain Harris W. Biner, one of the best known men on the Great Lakes, and up until seven years ago owner of a fleet of boats operating on the Lakes and on the Atlantic, died suddenly at him home here yesterday at the age of 64.

"My Heart Would Palpitate, I Had Weak Spells"

Mrs. L. Whiting, 202 King St. West, Brockville, Ont., writes:—

"I took very sick with my nerves and stomach, and seemed to be all run down. At times my heart would flutter and palpitate so and I would take such weak spells in the pit of my stomach that I sometimes thought I would never get better. I had almost given up hope when a friend advised the use of Dr. Chase's Nerve Food. I did not stop until I had taken twenty-five boxes. It has done wonders for me and I want to recommend it to everyone."

50 Cents a box, all dealers, or Edmanson, Bates & Co., Ltd., Toronto

LEAVING FOR NEW FIELD OF LABOR

Rev. E. R. and Mrs. James of Omemee Remembered By Congregations.

OMEMEE, May 28 — When the congregations of Christ Church, Omemeee, and St. John's and St. James of Emily met recently in the basement of the Anglican church here to tangibly express their highest appreciation of the years of acceptable service rendered in the parish by Rev. E. R. and Mrs. James the following address was read by W. G. Stephenson:

"Dear Mr. and Mrs. James,—The members and adherents of the parish of Omemee and Emily desire to express to you both our very sincere regret that you have decided to sever your connection with this parish.

"About nine years ago you first came to take up your ministrations among us and during that period you have shown by unfailing devotion to your duty, your love and sympathy toward the sick, your willingness to help all those in trouble or distress, that you were most earnest and sincere is the Master's service.

'Our prayers and good wishes will follow you to your new field of duty where we hope you may have much joy and happiness. Also we trust that you will be spared for many years to labor in the church to which you are so devoted.

"On behalf of the congregation of Christ Church, Omemee and St. John's and St. James of Emily, we ask you to accept this cheque as a token of our deep regard and appreciation of your faithful work among us. Also is presenting this gift. we shall ever remember that you have always endeavored to point out to us the value and worth of true riches."

K. Mitchell, churchwarden of St. James' Church, added a few words of appreciation on behalf of that congregation. He, with the Omemee members, regretted that Mr. James is leaving, for he knew of the splendid and untiring efforts which Mr. and Mrs. James had put forth for the welfare of the church. It was always a pleasure to meet them either in the Rectory or in one's own home, he said, for they were in the best and truest sense of the word "a lady and a gentleman." It was pleasing too, to notice that the earnest and sincere devotion to the spiritual seeds of his people was bearing good fruit.

Mr. Magee of St. John's Church, endorsed the remarks of the previous speaker. Speaking for himself, he said that he had occasion to call upon Mr. James within a very short time of his arrival in Omemee, when Mr. James immediately rendered what service he could, and had continued in that same spirit of good comradeship at all times. He had never failed to offer sincere sympathy and help in time of sorrow or distress.

J. Bent, as president of the Omemee Branch of the A.Y.P.A., then asked Mr. James to accept from that Society a beautiuly bound prayer book, suitably inscribed. Mr. James as patron of the Omemee branch, has been very zealous in promoting the work among the young people.

Mr. James in accepting the gifts and good wishes, said it was difficult for him to say all that he would like to in such an occasion. In his nine years as rector here he had found good friends, and by their loyal co-operation and enthusiasm, had been able to fulfil his charge he hoped acceptably. In this he has been assisted in every way by the splendid support of Mrs. James. The church here he continued has a great influence and he hoped all members would give his successor, Rev. T. A. Weir, the same hearty co-operation experienced by him, without which no minister could successfully carry on his work.

After a quartette, "True till Death," and a solo by Mrs. Hume, all joined in singing "Auld Lang Syne."

Warden Hill of Christ Church presided and the presentation was preceded by a short programme, including a much appreciated quartette, "When the Lights are Low," rendered by Messrs. Stephenson and Southworth and Mesdames T. C. Stephenson and Hume.

Labor Member Has Changed His Mind.

ST. CATHERINES, May 28.—(Canadian Press)—Less than fifteen assembled Saturday afternoon in answer to an executive call for a meeting to reconsider the matter of placing a labor candidate in the field. Frank Greenlaw the late member who a week previous declined to stand after severe criticism, Saturday after having been endorsed by the Trades and Labor Council altered his decision and declared he was willing to enter the field. Those present pledged themselves to put on an immediate campaign for new members and embark on an effort to raise funds for election expenses. In addition to Mr. Greenlaw there are now in the field two other candidate: Ed. C. Graves, Liberal-Conservative and C. M. Gripton, Independent Conservative. There is yet no definite indication that the Liberals will bring forward a candidate.

Renewed Activity By Soviet's Firing Squads.

RIGA, Russia, May 28.—(United Press.) — Fifteen Georgians have been executed, charged with being concerned in a Menshevik plot against the Russian Government, according to Soviet press despatches received here to-day. The Georgians were charged with divulging military secrets.

Three persons are reported to have been shot at Petrograd.

Bruin Receives

Buster Bear doesn't know just what to make of his first surprise party. Seems to be enjoying it, though. Buster, three months old, is the first bear the Rochester, N.Y., zoo has ever had. He's rather mischievious and keeps his keeper stepping lively.

CRUSHED TO DEATH IN AUTO ACCIDENT

Five Bodies Mangled When Car Struck by Interurban Train.

DETROIT, May 28.— (Canadian Press.)— Seven persons were killed and two seriously injured when an automobile in which the party was riding was turned to a heap of debris in the twinkling of an eye, when an unidentified driver attempted to "run" the long traffic line at Woodward avenue and Fifteen Mile road last evening, and hurled his machine up on the interurban tracks directly in front of a south-bound Pontiac interurban.

The driver of the car attempted to pass a few cars in the procession ahead of him. The interurban tracks run parallel to the east side of the roadway, plainly visible, being raised four inches above the pavement level. He suddenly whirled his wheel and shot the car up on the tracks, directly in front of the speeding interurban. Five bodies, apparently all those of young men and women, were practically stripped of all clothing and so badly mangled and crushed as to make identification practically impossible.

TWO MILLION MINERS ARE NOW ON STRIKE

BERLIN, May 28.— (Canadian Press.) — Two million miners and tens of thousands of metal workers are now on strike in the Ruhr, according to a special despatch to Voische. Although these figures are probably over estimated it is believed that nearly every mine centre in the Ruhr is idle as a result of the tactics of Communists who are visiting the pits and forcibly ejecting the workers. The vote taken in the Bochum district showed that the majority of the miners favored resumption of work, but the Communist pickets are stationed at some points with fixed bayonets to prevent miners from descending. Latest estimtae places casualties in week end rioting at seven killed and 93 wounded. There has been no further rioting since yesterday.

ROGERS' FAKE GUN WAS CLEVER PIECE OF WORK

TORONTO, May 25 (Canadian Press). — General Victor Williams, Commissioner of Provincial Police, returned to Toronto to-day from North Bay, where he has been engaged for several days in connecnection with the hunt for Leo Rogers, fugitive from justice and murderer of Plainclothesman Lefebvre.

General Williams admitted that the police were completely at sea as to Rogers' whereabouts, although everything was being done to apprehend him.

The Commissioner stated that the imitation revolver which Rogers used in his escape from custody was one of the finest imitations he had ever seen. The only weak spot was the butt.

It was a clever piece of work, and would fool anyone, he said.

When the Cabinet Council met this morning Provincial Secretary Nixon presented a report from Inspector of Prisons W. W. Dunlop.

Asked how Rogers obtained the gun, the Provincial Secretary declared that he was informed that it must have been handed to the fugitive in the crowded Court Room. He did not think it was given him in jail, or made by Rogers in his cell.

EMPIRE DAY HOLIDAY WAS DAY GOOD NEWS

DAWSON CITY, May 28 (Canadian Press). — The Empire Day holiday was broken up on Thursday when it was announced that a new silver ledge had been discovered at Happy Creek, forty miles south of Dawson

The news broke at midnight, and an old-time stampede was staged.

There was a wild race from the dance halls and a scramble for launches, canoes, and small boats.

The ledge is reported to have been found by Jack Laskie, an Indian, and James Robinson.

CAMPBELLFORD AND DISTRICT

Rev. R. B. Grobb Preached in Christ Church — Personal Mention.

CAMPBELLFORD, May 28. — Rev. R. B. Grobb, rector of All Saints' church, Peterborough, took the services in Christ church here yesterday, preaching to the school cadets who attended under the leadership of Earl Greig, principal of the High school. The text chosen by the speaker was part of the 14th verse of the fourth chapter of the epistle of James, "What is your life?"

To this query Mr. Grobb had five answers or suggestions. When some of the Pharisees asked John the Baptist who he was, he told them that he was a voice. The five letters in this word Mr. Grobb took as the initials of the five answers to the question contained in his text.

Life is a vapor, here for a little time and then it passes away. It is an opportunity and the greatest opportunity which it offers is the chance to do kindness to others. It is an influence for none can live absolutely to himself but his life is sure to come in contact with that of others. Life is a choice as between good and evil and best of all, it is for eternity.

Yesterday was choir Sunday, the loose collection morning and evening was donated to the choir fund. Special music was rendered, the 23rd Psalm being the anthem chosen for the morning service.

The annual meeting of the Men's Club of this church will be held in the Parish Hall at 8.30 this evening.

Engineer to Investigate.

The special committee of the County Council appointed at the January session to look after the reflooring of the town bridge, inspected the structure on Saturday. It was finally decided to leave the entire matter to Reeve Wood of Millbrook, who is chairman of the County Council committee on roads and bridges ,and Reeve Anderson, of Campbellford, who secured the appointment of the committee. Reeve Wood will secure a Toronto engineer to ascertain the carrying capacity of the bride and the material to be used in reflooring will depend upon this official's report.

Mr. Runnells Gets Contract.

The Federal government has accepted the tender of W. M. Runnells, of town, for the repairing of the Ogilvie building which the Militia Department has leased from the municiaplity for a home for the local company of the Northumberland Regiment. Mr. Runnells will begin work on the building in a few days. A new roof is to be put on and the entire interior renovated. A government architect was here recently to prepare the specifications.

A Devoted Methodist.

Rev. H. B. Kenny went to Bradley's Corners Saturday on a pastoral visit to Mrs. Minerva Benedict, who is only a few months short of being 100 years old. He found her enjoying good health and still very much interested in the welfare of the Campbellford Methodist church of which she was an active and devoted member some years ago when, with her late husband, she resided here.

Personals.

F. J. Linton of Peterborough, spent the week end with his parents here.

Mr. and Mrs. Bert Lockington of Nassau, called on Mrs. Lockington's cousin, Mrs. W. J. Phillips, on Friday last as they motored through Campbellford on their honeymoon.

Call 337.

The telephone number of the Campbellford representative of the Examiner is 337. Phone news items and orders for subscription and advertisements.

WEDDING BELLS

JEFF-TUCKER.

APSLEY, May 28. — A very pretty wedding took place on Thursday, May 24th at 3 p.m., at the home of Mr. William Tucker, Anstruther, when his daughter, Emma, became the bride of Mr. William John Jeff, of Toronto, in the presence of a large number of friends. The ceremony took place in the drawing room under a floral arch, Rev. C. A. G. Spence officiating.

The bride looked charming attired in a becoming dress of grey canton crepe, and carried a bouquet of pink roses, as also did the bridesmaid, Miss Maude Tucker, who was dressed in turquoise blue crepe-de-chine.

Marian Kylie, the little flower girl wore a blue silk dress and carried a bouquet of white lilies. The bridegroom was attended by Mr. Albert B. Podger of Toronto.

After the ceremony the guests sat down to a very dainty repast, after which Mr. Spence made a short speech and proposed the health of the bride and bridegroom which was carried with musical honours, the bridegroom responding very happily. The happy couple were the recipients of a great number of presents, significant of their popularity.

Later in the evening a reception and dance was largely attended, and a happy time was spent.

Mr. and Mrs. Jeff motored to Toronto on Friday, where they will reside.

Among the out of town guests were Mr. E. N. Macdonald, the U. F. O. candidate for the East Riding of Peterborough, and Mrs. Macdonald; Mr. and Mrs. H. Steele, Toronto; Mr. and Mrs. Watts, Mr. and Mrs. Reid, Peterboro; Mrs. Elmhirst and daughter, Miss Anderson, the Misses McCausland, of Lindsay, O. McIlvena, Warsaw, Mr. Rose, Dummer, Miss Hartwick, Toronto; Mrs. Esau Tucker, Lindsay; Dr. Caldwell, Port Hope, Miss Gladys Shewen, Lakefield.

Announcing

GILLETT'S PURE FLAKE LYE

Use it for Cleaning and Disinfecting Sinks, Closets, Drains, Etc.

Softening Water

Cleaning Greasy Pots and Pans, Etc.

Making Your Own Laundry Soap

and for over 500 DIFFERENT USES

This is an old friend in a new form. It is Gillett's famous 100% Pure Lye—in *Crystal Flakes* instead of Powder.

Why Flakes instead of Powder?

Because, during the many years that Gillett's Lye has been helping Canadian housewives to keep everything clean and sanitary, it has been our constant endeavor to improve it for general use.

Many people found that the dust from powdered lye was objectionable.

But the *Flakes* are *exactly right.*

Gillett's Flake Lye goes just where you want it to go—and nowhere else.

Full and clear directions come with each package.

Cleans and Disinfects— Over 500 Different Uses

Five Killed When Car Hit Automobile.

DETROIT, Mich., May 28. — (Canadian Press.) — Five persons were killed here last night when an interurban car on the Detroit-Pontiac Line hit an automobile at Woodward Avenue and the Fifteen Mile Road, eight miles north of Detroit. None of the dead have been identified. The impact of the collision threw the motor of the wrecked automobile into a line of machines passing alnog the road, wrecking another machine. The car following the second wrecked automobile then crashed into that car. A number of persons in these machines were injured; several were removed to hospitals.

Bulgaria Protests Cession of Territory.

LAUSANNE, May 28. —(Canadian Press.)— Bulgaria has sent a note to the Near East Conference protesting against the cession of Karagatch to Turkey, on the ground that it is likely to interfere with Bulgaria's right to an outlet to the sea. The Greeks and Turks spent Sunday fraternizing. M. Venizelos issued a statement to the effect that Turkish sovereignty over Karagatch had undoubtedly created Turkish obligations towards Bulgaria, as that was the natural outlet to the Aegean, where Bulgaria wanted a commercial foothold. Some difficulties, he added, were liable to arise, but he was convinced they could be overcome by the exercise of good will.

Your home— Is it mortgaged?

Then, of course, you'll pay off the indebtedness in time. But suppose you should die suddenly—will the mortgagee foreclose, or will your wife be able to meet the payments?

And even if she can, won't it make a big hole in her resources?

Well, then, why not ensure its repayment, whether you live or die, by means of an Imperial Endowment policy for the amount of the mortgage?

Hundreds of men have adopted this method. It is the surest and most convenient way yet devised for protecting the home.

Write to-day—while you are insurable—for a free copy of our booklet which tells all about Imperial Home Protection Policies. To-morrow you may be uninsurable.

SCRIVEN MEMORIAL WAS REDEDICATED

Interesting Ceremony in Honor of Noted Hymn Writer—Millbrook News

MILLBROOK, May 28. — An interesting ceremony in honor of the noted hymn-writer, Joseph Scriven, whose best known hymn, "What a Friend we have in Jesus," is sung in many languages the world over,took place on Sunday afternoon, when a memorial erected at Hope and Ontario street, Port Hope, by Rev. D. S. Kidd-Byrne, to whom the late Mr. Scriven proved himself a warm friend in his needy boyhood days, was unveiled by Rev. Oliver Hezzlewood of Toronto. Rev. C. S. Applegath, of Hamilton, formerly pastor of the Methodist church, Port Hope, Rev. David Kidd-Byrne, and others were among the speakers. The memorial at Kidd's Corners, which the road authorities recently found it necessary to move to another point, was re-dedicated, and an impressive service held in the small private cemetery on the Pengelly farm, Rice Lake, where Mr. Scriven, at his own request lies buried beside his fiancee, Miss Eliza Roche.

"Joseph Scriven will always be remembered and loved for this one hymn," said Rev. Mr. Hezzlewood, in his address at the cemetery, and it was probably for this reason that the large and interested audience had gathered for each of the services. Solos by Madame Couttis-Bain of Toronto, added greatly to the general impressiveness of the occasion, and the hymn, which is inscribed on all three of the monuments, was sung with much feeling by all present in connection with the service at each stopping-place. Flowers were placed upon the grave by admirers of the author of the hymn, which has been of untold help to many in their Christian warfare, and an offering was taken up to defray expense in connection with the upkeep of the memorials.

Dr. H. A. Turner was in Toronto this week attending the Provincial Medical Health Officers' convention.

Mr. F. Kent of Latimer, was the guest of his cousins, Mr. Earl Doxsee, and Mr. G. W. Sayles, this week.

Amongst those from Millbrook who attended the field day at Scott's Corners on the 24th, were: Mr. and Mrs. W. E. Ball, and daughter, Miss Thelma, Rev. G. S. and Mrs. Gervan, and family, Misses Ella Elson, AnnaRussell, Alice Needler, Annie McConnachie, Etta Needler, Florence Fallis, Jean Burnham, Gladys Tucker Messrs. R. Beatty, Port Hope,Ewart Tucker, Ernest Burnham, Rev. R.M. and Mrs. Paterson, Frazerville,

Mr. and Mrs. Howard DeGeer, of Victoria Road, motored to Millbrook on the 24th and were the guests of Mr .and Mrs. A. A. Birchard.

Mr. and Mrs. G. E. Burnham, Mrs. E. S. Burnham, Mrs. J. Pitt, and Miss Mary Pitt, motored to Whitby for the 24th.

Mr. and Mrs. Jas. Bingham and Mr. Porteous motored to Uxbridge on Thursday for the holiday.

Mr. and Mrs. G. W. Sayles, Mr. and Mrs. P. Stinson, with their visitors, Mr. and Mrs. C. Hunter, Mr. and Mrs. William West, Mr. and Mrs. C. Gerside, Howard Lancashire and L. C. Russell, were among those from here who motored to Cobourg for the holiday and took in the ball game between that town and Peterboro.

Misses Marjorie Sayles and Zeta Kenyon were visitors to Peterboro on the 24th.

Misses M. Money and May O'Brian motored to Buffalo and were guests of friends in that city over the holiday and week-end.

Miss Gladys Smith, of Toronto, is visiting at the home of her parents, Mr. and Mrs. A. A. Smith.

Mrs. Jas. Dawson has returned after an extended visit with her sister-in-law, Mrs. J. Perrin, Peterboro. Mr. Bruce Dawson is also home for the holiday and over the week-end from his school at Indian River.

Mrs. L. S. Clarry, who has been making an extended visit with her daughter, Mrs. M. Cameron, of Ottawa, returned home last week. Mr. Cameron leaves soon for his usual summer's work with his surveying party in the Peace River district. Mrs. Cameron will spend the summer with her parents, Mr. and Mrs. L. S. Clarry, here.

The A. Y. P. A. of St. Thomas Church are holding a "Hard Times" social and cafeteria in the Sunday School Hall on Thursday, May 31, at 8 p.m. The programme of readings, music, etc., will be given, those taking part wearing "hard times" costume, and a prize is to be presented to the one with the best make-up.

Messrs. T. Alvin Gray, A. C. Richards, medical students at the University of Toronto, are home for the summer holidays.

Gordon Reynolds has been taken on as a junior in the Bank of Toronto here, taking the place of F. N. Alcorn, who has resigned.

The annual field day of sports of the C.S.E.T. organization of Millbrook and the surrounding district will be held on Monday, June 4, at the Agricultural Grounds. An excellent programme of races, pole vaulting, jumping contests, with basketball game and other attractions, has been arranged for, beginning at 1 p.m. F. N. Alcorn is chairman, and Howard Lancashire, secretary.

Rev. S. T. and Mrs. Tucker went up to the city on Thursday, remaining over until Friday. Mrs. Tucker attended a re-union of the graduate nurses of the Western Hospital on Thursday evening, being a member of the alumni of that hospital.

The opening baseball game of the season here will be played on Wednesday at 6 p.m. between the local club and Elizabethville. The schedule of games for the south district, which comprises the Garden Hill, Millbrook, Elizabethville, Cavan, and possibly Kendal Clubs, will be drawn up after the game on Wednesday evening.

REVIEW OF TROOPS AN INSPIRING SIGHT

Battalion After Battalion Marches Past Governor-General at Toronto.

TORONTO, May 28. Canadian Press. — From a temporary flagstaff on University Avenue,, fluttered a little Union Jack Sunday afternoon Under the flag stood Byng of Vimy, ex-commander of the Canadian Corps, and Governor-General of Canada. And past him in proud review, resplendent with glittering brass and polshed leather, there swept battalion after battalion of troops, units of the Toronto garrison.

No more inspiring sight has been seen in this city for many years. Swinging past the saluting base in front of the military institute, with heads thrown back, seasoned veterans marched beside the younger lads, who will form, should the occasion arise, the Canadian army of the future. Breasts displaying an array of many medals bore record to valor and past achievements of many to whom the event was but one more inspection of their former commander. The troops were under command of Major General H. A. Panet, officer commanding Military District No. 2.

GLOOMY FORECAST BY LLOYD GEORGE

Sees in Europe To-day Those Same Elements That Produced Great War.

EDINBURGH, May 28.—(United Press).—"Europe to-day holds exactly the same elements that produced the great war," Lloyd George declared on Sunday in a speech here.

With gloomy forecasts of Europe's future, the ex-Premier declared that the suspicion and hate existing among the nations filled him with alarm, saying, "Can anyone see what is going to be the end of it all? I simply see a dense fog in which the nations are drifting recklessly."

Holding that international organization for peace was useless unless public opinion maintained it, he declared that the world, instead of learning a lesson from the war, had not learned even a single syllable.

SIXTEEN-YEAR-OLD BOY DROWNED IN THE HUMBER

TORONTO, May 28. Canadian Press. — John Katz, aged 16, was drowned in the Humber river last evening. Katz, who was in a canoe with a companion, whose identity is unknown, was sitting in the bow throwing a cushion at two other lads who were in another canoe. Suddenly losing his balance he capsized the boat, plunged into the water, and was drowned almost instantly. An attempt was made to rescue him but failed.

ENGINEER WAS PINNED UNDER HIS LOCOMOTIVE

NEW YORK, May 28 (Canadian Press). — Pinned under the locomotive which was overturned in a collision with an obstruction on the New York Central Railway track at Bronx last night, John Kirk, the engineer of the train, warned those who tried to save him, to desist in their attempt and leave him to his fate.

Bursts of steam hampered the rescue work.

When finally rescued, Kirk, still conscious, took a wallet from his vest pocket, and handed it to one of the rescuers, saying: "Give this to my wife."

He died shortly afterwards.

Eight persons were hurt in the accident.

WARKWORTH PERSONALS.

WARKWORTH, May 28. — Miss Helen Arkles is visiting her friend, Mrs. Eric Foster, at Northport.

Mr. and Mrs. James H. Goodrich motored to Brighton on Saturday.

Mr. and Mrs. Frank Atkinson and Miss M. Atkinson, of Brighton, were in town on Friday evening.

Mr. E. P. Kelly has returned to Toronto after spending a few weeks with relatives and friends in town.

Mr. and Mrs. H. B. Wilson, also Mr. and Mrs. S Stickles, of Hastings, called on friends in town on Friday evening.

Born—To Mr. and Mrs. Barton Blake, on 26th May—a daughter.

INGERSOLL, May 28—(Canadian Press).—Injuries which he received when struck by a passenger train in the local yard here Saturday afternoon, resulted, a few hours later, in the death of Alan Karn, C.P.R. sectionman.

Corns Go

Mr. and Mrs. Clinton Health and Mr. and Mrs. Charles Blake, Oshawa, motored down and spent Sunday with Mr. Blake's father. Mr. William Blake.

Mr. A. L. Malcolm spent a few days in Toronto last week.

Mr. and Mrs. J. A. Irwin and family motored on Sunday to below Belleville, where they visited friends

Mr. and Mrs. Elgie Warner of Toronto, formerly of town, arrived on Saturday to spend the week end at the home of the latter's parents, Mr. and Mrs. James Hicks, returning home by motor.

Mr. and Mrs. Rutledge and child of Galt are visiting the latter's parents, Mr. and Mrs. Neil Thompson

Mr. Willie Hore of Havelock, spent the week end with his parents. Mr. and Mrs. Joseph Hore.

Mr. W. E. Carnahan of Toronto, was in town over the week end.

Mr. Thomas Mills of Port Perry is visiting her daughter Mrs. A. L. Malcolm.

Miss Lillian Benor, who has been attending St. Hilda's Colllege, Toronto, is spending her vacation with her parents, Mr. and Mrs. Charles Benor.

Miss Bertha Clark, teacher at Roseneath, spent the week end with her parents. Mr. and Mrs. Duncan Clark.

Mr. Lewis Hay was in Toronto, last week end arrived home by motor on Friday. He was accompanied by his sister Miss Mabel Hay of the Brown Public School Staff, Toronto, who spent the week end with her parents, Dr. and Mrs. G. A. Hay.

FIRE AT OAKVILLE ENTAILS BIG LOSS

Boxes and Baskets For Shipping Fruit go up in Smoke.

OAKVILLE, May 28.—(Canadian Press). — Fire yesterday morning destroyed the plants of the Oakville Basket Company and the Dominion Wirebound Box Company with a loss of $150,000. Two box cars standing on the railway siding were also burned. A horse in an adjoining stable perished in the flames, and an ice-house belonging to C. A. McDermott was partly destroyed. The origin of the fire is unknown.

Both plants had a large amount of manufactured stock in preparation for the season's fruit shipping. The flames were first discovered by the engineer of a passing freight train, who notified the station agent.

FEAR HAMILTON BOY HAS BEEN KIDNAPPED

HAMILTON, May 28 (Canadian Press). — The police are scouring the country for little Albert Ambridge, aged 8, who, it is feared, was kidnapped from his home on Friday afternoon by a man named Frank Howell.

On Friday morning Howell, who had lodged at the home of the boy's father, called at the latter's home, and asked little Albert to go to Dundas Marsh with him, promising him a dog.

They have not been seen since.

PREM. STANLEY BALDWIN TO HEAD CONSERVATIVES

LONDON, May 28. — (United Press).—Premier Stanley Baldwin was elected leader of the Conservative party at a meeting at the Hotel Cecil here to-day. The meeting was held to solidify the elements of the party to full strength when Baldwin goes before the House of Commons to face his strongly increasing opposition.

E. N. McDONALD IN THE NORTH

Gives An Account at Apsley of His Political Stewardship the Last Four Years.

APSLEY, May 28.—The first political meeting in the campaign was held in the town hall on Friday evening under the U.F.O. banner, when E. N. McDonald, sitting candidate for re-election by East Peterborough, addressed a fairly large audience which had been called together at only a few hours' notice.

Reeve Duncan Brown presided, and the meeting opened with the singingof 'O Canada' by members of the Apsley Community Choral Society. Mrs. Cromie then gave a short address, in which she scored city people for the way they looked down upon the farmers and declared that it was the city people who needed educating as to what the farbers' movement was doing for the country.

Mr. McDonald, who was greeted with prolonged applause, opened his address with an explanation of the origin of the U. F. O. movement, showing its growth to the present time. "With 65 representatives at Ottawa and a Farmers' Government, assisted by Labor, in the Province of Ontario, besides representatives in other provinces," declared the speaker, "is proof enough that the movement has won the trust of the people."

Dealing with the question of good roads, Mr. McDonald spoke of the difficulty of draining the long swamps. The work had been carried out in accordance with the report of the engineer. The problem of making the road passable throughout the year was a big one, and seemed incapable of solution. With regard to the Burleigh road, this work had been held over until a survey had been made. No government was justified in spending money on roads until this had been done. The road was surveyed last year from Burleigh Falls to Clydesdale, and now a grant of $5,000 was secured for the work which had already been commenced, the Twin Hills, the worst part of the road, being improved first.

People in the southern part of the riding, Mr. McDonald continued, weer saying that too much money was being spent on the Burleigh road and he was criticised for this and had to protect himself as well as he could against attacks on this head.

Party First.

In speaking of Hon. Howard Ferguson, Mr. McDonald said that he thinks of party first and the province afterwards. Whether he was honest or capable was for the people to decide. He might try to do what was right by the province. The commission of investigation was not formed to get Ferguson, but to find out whether his department was conducted in a business like way. The outcome was, changes were made in the department ,certain timber companies wre prosecuted and other suits were pending, with the result that a million and a half dollars had been paid into the coffers of the treasury by these companies who had bought timber limits, and about two millions would be received when the other suits had been deal with. He would not say that this was due to dishonest business, but to the lack of supervision or incapability of Hon. Howard Ferguson. Mr. Ferguson said that he had taken full responsibility for everything in his department. Then if timber limits were sold at such a price that after investigation were worth a million and a half more, Mr. Ferguson was not capable of being Premier if he was not capable of running a department. Mr. McDonald had known the people of Ontario for thirty years, and he was sure they were not going to retutrn Ferguson.

The speaker next dealt with education. "In 1919," he said, "it was complained that the schools in the county were not getting the assistance they should from the Department of Education. The Hearst government in 1919 paid for rural and city education two million dollars. In 1922 we paid $8,700,000, nearly seven million more in the province.. Some say this is going too far, but every child should have an opportunity of getting one or two years' High school education. It would be a good thing to have such a school in this vicinity. Some of you may say we don't need it with perhaps only four or five children to attend, but you can't tell what one of those four or five might do for his country. Many of the greatest men of this country and the United States came from the rural districts. The grants were sufficiently large that it would not cost much to have such a school for these three townships. Taking the local schools: Apsley in 1919 received in grants $341.79, in 1922 $510. No. 2 Burleigh in 1919 receeived $148.11, in 1922 $301. Two other schools north of Apsley in 1919 received $442.43, in 1922 $910. This is the assistance promised four years ago.

Referring to the embargo on cattle, the speaker said that the British government removed it because of British public opinion, due to Mr. Doherty's campaign in England, where he had gone about the country advocating the shipping of Canadian cattle with that land. The only real assistance Mr. Doherty got from Canada was that of Hon. Thos. Marsahll of Alberta.

After a brief reference to the O. T.A., in which he said it was instituted by the former government, voted on by the people, and now resented for its rigid enforcement, Mr. Macdonald declared that his would be a clean fight . The meeting closed with the singing of God Save the King.

Well Represented.

Apsley and district was well represented at the Liberal-Conservative convention at Norwood, a large number of delegates making the trip.

Taste of Summer.

Friday, the 25th, gave us the first real taste of summer weather, the thermometer registering 85 degrees in the shade, and mosquitoes and black flies making their initial appearance.

MOTOR CAR HITS GIRDER OF BRIDGE

Speeding at 70 Miles an Hour, Five Occupants Are Injured.

TORONTO, May 28.—(Canadian Press).—Early yesterday morning, a motor car which the county constables declared was travelling at seventy miles an hour, crashed against a bridge girder at Sunnyside, the western entrance to the city, and all five occupants were pitched out, two being perhaps fatally injured. The driver of the car, Louis Linzon, was able to scramble up and escape. The others were taken to the hospital. They are Samuel Molinskey, aged 22, and Alexander Mann, aged 22, critically injured and not expected to recover; Norman Steele, aged 19, and Manning Roth, aged 22, severely injured. Mann and Molinskey suffered skull fractures.

TO REMOVE SOOT.

When your cooking pans and coffee pot have become black and sooty on the bottom, set them in a shallow vessel with a little water in which a teaspoon of soda has been dissolved. Heat the water to the boiling point and they can easily be made clean and new looking.

AT TRENT RIVER AND THE DISTRICT

Rising Water in the River Floods Property and Causes Considerable Damage.

TRENT RIVER May 28.—The water in the river is still rising and causing much damage to property, many of the boat houses are surrounded and a number of gardens along the river bank are completely submerged. The road leading to the Campbellford Island is under water, the back channel is running over the thoroughfare and into the main channel.

Mr. Riendeau and family of Campbellford, spent the holiday at their cottage here.

Mr. and Mrs. A. McKeel of Campbellford, holidayed at "Waterside."

Mrs. McLaughlin and daughter Inez spent Victoria Day in Toronto

Mr. Percy Patterson of Peterborough was down for the holiday, visiting relatives.

Mr. Herbert Rose and Harry motored home to Toronto Wednesday. Harry intends returning this week to continue the work at their new bungalow.

Telephone poles are being erected down Browning avenue as far as Mr W. Redden's and a number of the residents are having the telephone installed in theid homes.

The Humorist

You can buy a house for 40 cents in Russia, but none of the Russian neighborhoods are very nice.

A Eunice (La.) duck hunter disguised himself as a cow, much to the disgust of the ducks.

Wet feet are said to be one cause of grippe. It shouldn't be so very hard to give them up.

A Laporte (Ind.) woman spent 25 years making a quilt, so quite naturally it is a crazy quilt.

In Rome, girls out of jobs are cut 20 per cent. These are fine books to read on the train.

If you think clothes don't count, try going without any.

Women are taking up sports. Be very careful if you are a sport.

A coreless apple has been developed now, but the juiceless grapefruit has been here always.

New Hampshire dog team ran 68 miles in seven hours. Perhaps a dog catcher was driving.

There is a shortage of log cabins for U. S. Presidents to be born in.

RECIPES

MAPLE CREAM LAYER CAKE.

Heat one cup, of maple syrup to boiling point, cool slightly and pour slowly onto the well-beaten yolks of two eggs. Then beat the mixture until cold. Sift one cup of flour, two teaspoons of baking powder, one-fourth teaspoon of soda and one-fourth teaspoon of salt together. Add to egg and syrup with the stiffly beaten whites of the two eggs and fold and mix all lightly together.

Turn into small layer cake pans and bake 20 minutes, having a quick oven at first. Fill with a cream filling or stiffly beaten cream sweetened and flavored.

The two important points to observe when making this cake are:

1.—Cool syrup before adding the eggs.

2.—Have the eggs thoroughly beaten until very thick.

CLEAN GREEN VEGETABLES

When washing spinach, greens, brussels sprouts or vegetables of that sort, put a handful of salt in the second water and the sand and sediment will sink to the bottom of the pan.

NOT SICK ONCE IN FOUR YEARS

Mrs. Smith Declares That Health Has Been Perfect Since Tanlac Ended Stomach Trouble.

"For ten years hardly a day passed that I didn't suffer from stomach trouble, but I took Tanlac four years ago and haven't had a sick day since," is the remarkable statement made recently by Mrs. Thamar Smith, 85 McGee Street, Toronto, Ont.

"The little I managed to eat simply tortured me with pains in the pit of my stomach, and gas pressed around my heart causing it to skip beats until I though it would stop altogether. I was as nervous as a witch, and lost so much sleep that I was dark and swollen under my eyes. I was so weak and run down I could hardly walk a block or do my housework and was almost in despair.

"Tanlac certainly was a godsend in restoring me to such perfect health, and I think it's the greatest medicine ever made. Nearly everybody else on McGee street seems to have used the treatment, and are praising it too."

Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold.

BLACK (HE'S A SCRAPPER) PEPPER

By WILLIAM PHILIP SIMMS.

ATHENS, May 28.—"Black Pepper"—that's the nickname by which the revolutionary head of the Greek Government is known throughout the army.

It explains why he is the "chief of the revolution" and boss of Greece better than a couple of columns of description.

"Cara Pepere," his own regiment began to call him years ago—as far back as the first Balkan war—because he was always to be found in the thick of the fighting until his face became black with burnt powder and grime.

In an engagement with the Turks he was shot through the arm, which was left dangling and useless at his side.

Instead of dismounting and having his wound dressed, he took the reins in his teeth and, sabre flashing, plunged still deeper into the fray.

"Black Pepper's" command is in the King's Guard. They correspond to the Chasseurs Alpins, the "blue devils" of France. They, too, are mountaineers and, like the French fellows, are the pick of the army.

Their tradition is that they never surrender. They are one of the oldest organizations in Greece at that. They are a smart-looking outfit, compare them with any soldiers you please.

Their uniform, after a first slight shock to the western eye, is handsome. But for their skin-tight breeches they would not be unlike the Scotch Highlanders, their navy-blue and brass-buttoned tunic, and kilties, and blood-red skull-cap, worn at a rakish angle, being exceedingly snappy.

These are the men who first called their leader "Black Pepper." And around these men are the army upon whom Greece pins her hope of the future—in case a cog slips and peace is not signed at Lausanne—or in the event Greece and Turkey, at some not distant time, fight a return date

HANDY WASTE BASKET

Keep a waste basket beside your sewing machine and into it drop your scraps of cloth and threads from your sewing. It will save you much picking up and will make your sewing room a neater place.

A POLE-VAULTING MINISTER GAINS LOVE OF FLOCK.

Rev. Spearow is a Yellow-Haired, Serious - Faced Young Man Idolized By Congregation.

By A. M. TRACHMAN.

EUGENE, Ore, May 28.—Minister and scholar, scholar and athlete, athlete and husband, husband and father, is the Rev. Albert R. Spearow, honor student at the University of Oregon, pastor of a Presbyterian Church, and champion pole vaulter.

Only recently, in a dual meet between the Oregon A. C. and University of Oregon, this young man of the cloth broke the Pacific Coast Conference pole vault record, and took second place in the broad jump and other events.

Of Serious Mien.

The Rev. Spearow is a yellow-haired, serious-faced young man. He is a little over 26 years of age.

In his student capacity, he is a junior majoring in education. And in all studies he has taken high honors.

In the pulpit, Spearow has buried himself deep in the hearts of the congregation of the Presbyterian Church at Cottage Grove, Ore. There he has preached for the past two years—ever since he was 24.

And finally, as an athlete, he ranks pre-eminent. He always wins the pole-vault event. And he shows well, too, in the broad and high jump.

Became a Father.

The young minister-athlete was to have represented the Mulnomah Amateur Athletic Club at the last Olympic games. But the arrival of his little daughter Dorothy prevented.

At home, he read how Foss broke the world's pole vault record by crossing the bar at 13 feet 5 inches.

With the joy of a young father singing in his heart he went into the back yard, and with but a few acquaintances present, vaulted 13 feet 6 inches—unofficially breaking the world's record.

Spearow doesn't wear ministerial garb in the pulpit. "I want to identify myself with my congregation," he says, "and not set myself apart from them. Difference in garb is one of the best means of separating a pastor from his people. With them he should have the closest of contact."

Blue-Laws Bad.

The athlete-minister, too, has his own theories of life

For instance, he believes blue-laws are detrimental.

"They suppress; they do not solve," he says.

His wife is keenly interested in his work—and play. She, too, is an honor student at the University of Oregon, and also is majoring in education. Both have interests in fraternities.

And to top it all, Spearow has been awarded the Kovle Cup, given to the "best all-round man in the junior class"—which includes both studies and athletics.

CROP REPORT

Following is a summary of reports made by the Agricultural Representatives to the Ontario Department of Agriculture:

Seeding and other field work has been more or less delayed by rainy weather during the week, but pastures have been benefitted greatly, and the spring grains sown have been ensured a good germination. All the clovers are coming along nicely, alfalfa looking particularly lush for the time of year.

Fall wheat has also improved in appearance, but it will not be a full crop in many countries. Kent, with the largest acreage, claims that about one-fourth of the crop was winter-killed.

Fruit has been backward in bloom, but is now showing freely especially cherries and plums. So far no injury from frost has been reported. Small fruits are also looking very promising.

Kent states that one farmer in that district this spring will set out about 10,000 tomato plants, some of which have already been planted, especially in the Blenheim district.

Lennox and Addington: Many farmers are planning to treat their potatoes for scabs, as shown by the number of inquiries received at the office.

Fodder supplies have held out well, but in some quarters, farmers are running short of grain, owning to the long time cattle have been shut up. Some animals have not yet been turned on the grass. Silage is holding out well, but hay is not so plentiful as was anticipated, although sufficient in most districts for more immediate needs. It is selling at from $10 to $12 a ton in older Ontario, and as high as $20 in Kenora.

Fort William says that a number of tractors have been purchased by farmers in that district this spring.

Middlesex reports that about thirty farm hands have been placed during the week. Among them were six Danes who recently arrived from their native country. Thirty dollars a month appears to be the prevailing rate of wages.

Peterboro states that some farmers are paying as high as $60 a month, although the average rate offered is from $35 to $40.

South Simcoe:—Another comparatively light shipment of live-stock was made this week. Prices paid at local shipping points were $10.50 per cwt., for hogs on the thick-smooth basis. As high as $7 per cwt. for good quality butcher cattle, and $10 per cwt. was the top paid for veal calves.

Kenora:—Another car-load of stock was shipped this week to Fort William. These were cattle that were brought in from the west last year and stall fed all winter. They did not have silage, but had plenty of good clover hay and chop, and were in first-class shape.

Peterboro:—practically all the cheese factories are now running, but in some of them the quanity of milk being received is smaller than usual. This may be due to more farmers separating their milk and selling the cream, which is bringing 32c a lb. butter fat. There are quite a number of trucks going through the country gathering cream. There is keen competition between the local creamers and the outside ones.

Dundas:—Cheese slumped sharply this week falling from 17 to 15 c. This is considered due to an excessive amount of fodder cheese, and the prospects of at least two weeks more of this class of cheese.

Peterboro:—Grading of hay is becoming more popular all the time, as farmers are beginning to realize that it will be necessary to produce only the proper type.

Little pigs are quoted at from $8 to $12 a pair in Lennox and Addington.

Kenora:—There has been a very heavy mortality among young pigs, many of them being dead at birth, others litters being hairless, and in one case the pigs lived till they were three weeks old and then died. Goitre has been the cause of some of the trouble, and a few farmers have used the iodine treatment with fair results. Most of the trouble seems to have been with the sows that came in during March and April. With the later litters there has been very little trouble. It would seem that owing to the long winter, pigs have been shut in longer than usual and by far the most of the trouble could be traced to a lack of exercise and for the want of mineral matter in the food.

Carleton:—Very little sheep shearing has been done yet, although applications for wool sacks are coming in as a result of a circular letter sent out advising growers that wool will be received at Carleton Place.

Lennox and Addington:—Farmers are taking quite an interest in shipping their wool co-operatively, and we have received a number of inquiries for wool shipping supplies. A large percentage of the sheep have already been shorn.

After Every Meal

WRIGLEY'S

Most of us eat too hastily and do not chew our food enough.

If people realized how much more good their food would do them if properly masticated, and followed up with a bit of WRIGLEY'S to assist the digestive process, we'd have far better health.

Keep teeth clean, breath sweet, appetite keen and digestion good with WRIGLEY'S.

WRIGLEY'S is the perfect gum, made of purest materials, in modern, sanitary factories.

Wax-wrapped and sealed to bring it to you fresh and full-flavored

Want Ad Tips by John T. Bartlett

THE REASON FOR SELLING

One question for the classified advertiser to put to himself is, "Are people likely to be suspicious of my offering, if I don't tell them why I am selling" If the answer is, "Yes," he usually should give the reasons in his Want Ad.

Back in olden times, long before the ethics of trade had developed to the high level of to-day, suspicion was the characteristic attitude of buyers. "Caveat emptor," —an old Latin injunction, "Let the buyer beware!" —had both popular and legal approval. The seller, frankly, was out to "beat" the buyer, and whether he succeeded or not, his conscience was clear.

A buyer, to be successful, had to be every second on his guard. He considered not only what the seller claimed, but every pertinent detail on which he could obtain information. One point which often greatly interested him was, "Why does the seller wish to sell"

Take the case of a horse offered for sale. The owner knew that horse better than anyone else. And he wised to sell it. Did he have a satisfactory reason for wishing to sell—a pressing need for money, perhaps some change in his affairs which made a horse unnecessary—or had he found someting seriously wrong with the animal?

Trickery and dishonesty in business are less prevalent to-day than at any time in the world's history. Nevertheless, the attitude of suspicion of prospctive buyers sometimes remains a serious matter for the advertiser.

When this suspicion exists, and the Want Ad user has a legitimate reason for selling it is usually well for him to state the reason. Some of the reasons which often arise, not reflecting on the merit of the offered commodity, are need for cash; poor health; disagreement between partners; leaving city; no longer need in own business; taken in on mortgage; bought and found not fitted to owner's particular needs; overstocked. Any one of these reasons tends to give buyers confidence in the article offered for sale.

The PRIDE of PALOMAR

By Peter B. Kyne

(Continued from Saturday)

"I am not informed as to the financial resources of Bill Conway's friend and, officially, I am not supposed to be aware of that person's identity. Conway refused to inform me. I feel assured, however, that if it were at all possible for this person to save us, I would have been saved." However, even to save my ranch, I could not afford to suggest or request such action."

"Why?"

"Matter of pride. It would have meant the violation of my code in such matters."

"Ah, I apprehend. A woman, eh? That dashing Sepulvida girl?"

"Her mother would have saved me—for old sake's sake, but—I would have been expected to secure her investment with collateral in the shape of a six-dollar wedding ring."

"So the old lady wanted you for a son-in-law, eh? Smart woman. She has a long, sagacious nose. So she proceeded, unknown to you, to finance old Conway, eh?"

"No, she did not. Another lady did."

"What a devil you are with the women! Marvelous—for one who doesn't pay the slightest attention to any of them. May I ask if you are going to—ah—marry the other lady?

"Well, it would never have occurred to me to propose to her before Panchito reached the wire first, but now that I am my own man again and able to match her, dollar for dollar, it may be that I shall consider an alliance, provided the lady is gracious enough to regard me with favor."

"I wish you luck," John Parker replied coldly. "Let us join the ladies."

Three days later, in El Toro, Don Mike and his attorney met in conference with John Parker and his associates in the office of the latter's attorney and completed the sale of the Agua Caliente property to a corporation formed by a merger of the Central California Power property to a corporation formed by a Corporation. A release of mortgage was handed Miguel Farrel as part payment, the remainder being in bonds of the South Coast Power Corporation, to the extent of two million dollars. In return, Farrel delivered a deed to the Agua Caliente property and right of way and a dismissal, by Bill Conway, of his suit for damages against John Parker, in return for which John Parker presented Farrel an agreement to reimburse Bill Conway of all moneys expended by him and permit him to complete the original contract for the dam.

"Well, that straightens out our muchly involved affairs," John Parker declared. "Farrel, you've gotten back your ranch, with the exception of the Agua Caliente Basin, which wasn't worth a hoot to you anyway, you have two million dollars in good sound bonds and all the money you won on Panchito.

By the way, if I may be pardoned for my curiosity, how much money did you actually win that day?"

Don Mike smiled, reread his release of mortgage, gathered up his bundle of bonds, backed to the door, opened it an stood there, paused for flight.

"Gentlemen," he declared. "I give you my word of honor—no, I'll give you a Spaniard's oath—I swear, by the virtue of my dead mother and the honor of my dead father, I did not bet one single centavo on Panchito for myself, although I did negotiate bets for Brother Anthony, Father Dominic, and my servants, Pablo and Carolina. Racing horses and betting on horse-racing has proved very disastrous to the Noriaga-Farrel tribe, and the habit ceased with the last survivor of our dynasty. I'm not such a fool, Senor Parker, as to risk my pride and my position and my sole hope of a poor but respectable future by betting the pitiful remnant of my fortune on a horse-race. No, sir, not if Panchito had been entered against a field of mules. Adios, senores!"

"In the poetical language of your wily Latin ancestors," John Parker yelled after him, "Adios! Go with God!" He turned to his amazed associates. "How would you old penny-pinchers and porch-climbers like to have a broth of a boy like that fellow for a son-in-law?" he demanded.

"Alas! My only daughter has already made me a grandfather," sighed the president of the Central California Power Company.

Striped Bath Towels, Regular $1.25, for 69c

English Striped Bath Towels, Brown and White stripes. Size 22 x 44 inches. Extra heavy Terry. Reg. $1.25. Fire Sale Price ..... **69c each**

VOICE OF THE PEOPLE

To the Editor of The Examiner,—

Sir,—As an old-time inhabitant I feel that I ought to say how things is changed under Prohibition. It is going to be the time of trial soon and we ought to say all we can in favour of it. Long ago when I was driving a horse I used to say "Whoa! Danny old boy, gently, take it easy lad and so on." Then I got tired being refined and like one of the that casteth his bread upon the waters and I hit him a clout and he went just the same and I calculated I saved one hour a day as again the losing time over being polite. When my wife said to me, "John, you ought to reason with our son and take him into your confidence and make a good man of him." And I tried it and I didn't do much good but wasted a lot of time. So I says to him, "Tommy you do as I tell you or I'll beat the back off you." He did it and he loved me all the same and I saved an awful lot of time. It is the same with prohibition We've got to knock goodness into and badness out of people. All this old time twoddle. "Be a good boy Johnny or you'll break your mother's heart" or "Where's Sally to-night? Out again. Well! She must have her fling. I'll tell her about Bible characters and soften her a bit"—all that old stuff was waste time. I says to them, "Come in out of that ye little brats or I'll beat the day-lights out of you" and now they're a credit to us and look at the time we have saved. There are dozens of things we could prohibit and it will come yet. Some fool says "If whisky's good for a sick man or woman it ough to be good for a well one." Now what do ye think of that! All drugs must go. Then there'll be no medicine. It is better to have all drugs prohibited than one addict, now ain't it? I just want to say that goodness is only a fable. The best plan of all is the penitentiary plan. Watch 'em and trust no one. It gets results.

OLD TIME

CHURCH UNION.

Peterboro, May 28, 1923.

To the Editor, Examiner.

Sir,—The old world is going onward, and upward too, the pessimists to the contrary, notwithstanding. The old spirit is passing. "The old order changeth, giving place to the new." In natural order of progression, many years ago a vision of a greater, more efficient communion, was conceived in the union of Presbyterians, Methodists, and Congregationalists, which would consolidate, rejuvenate, enthuse and inspire.

Partyism is dying, and more and more of us see as Canadians, and as Catholic Christians, rather than of any "ism."

The apparent indifference of to-day is due to the insistence of many a clerical Christian and his coterie to cling to shibboleths and traditions while the world cries out in travail, and these no longer avail.

Christ enunciated conditions of an ideal life, yet no community has ever had the courage to put them into practice.

Neither will there be until the organized channel for dissemination of Christ's teachings be so aroused to realize that the Leader, and the objective is the same, and if the Leader be followed, then organization and aim in essentials would be the same also, and still be broad enough to give full latitude to the earnest individual.

The righteous cause and vigorous action of the allies did not result in victory, until they co-ordinated their forces in 1918 under one generalissimo, and one plan of campaign. The war was won for democracy, and democracy stands for personal responsibility. Each of us must think and decide for himself with faces forward, bringing the best out of the past to the problems of the present. The Gospel was preached for many hundred years, but not until around the fifteenth century was this principle of personal, individual responsibility widely accepted. This is the foundation principle of democracy, and was epochal.

Would it not be epochal also if from jealousy, animosity, and economic waste, it could be said, "How pleasant a thing it is to see the brethren dwell together in unity." There has been much of this amity here. J. S. B.

To the Editor of The Examiner:

Sir,—Will you allow me to call the attention of my fellow citizens to a movement that, like the mysterious earthquake, is already shaking our doors and windows and causing the people of the world to ask "what is the matter?" A renowned professor of Harvard University undertakes to answer it. He says it is the revolt of the great masses of the people in all countries against the tyranny of those who propose to make them better whether they want it or not. Now history with all its ups and downs is a movement or series of movements of races, nations and peoples who exercised that peculiar quality native to all mankind, high or low, which we call freedom. If peoples are not allowed scope, outlook, liberty—in a word, the national freedom of individuals expressed in terms of the mass, they will fight. There will be war and the world is now full of war and hate from end to end. The author forecasts the complete smash-up of civilization if leagues, alliances and associations for the coercion of individuals and peoples towards a certain line of moral conduct do not stop. William Jennings Bryan is a type not of the martyr, not of the apostle, not of the liberator—but of the dictator, the despot. It is dictation that is the cause of the movement which is assuming such vast proportions underneath our civilization. But the reader will say that dictation in the name of politics or philanthropy, etc., is no new thing. Organization, high pay and liberal propaganda have had their day many times before. Yes, and democracy as well. But the individual of to-day has been all along led to believe that all men were equal and now they wake up to find that the very people who preached this doctrine are trying to upset it and to impose their own will upon mankind. It is this mad craze to make people do in the name of our good intentions what we want them to do that is upsetting the peace of the whole world, and that is why in America we have a state of unsteadiness and even hatred that are working up to a high pitch of "hot and feverish distemper." We had better look out or we may find that the saving of the world is not such an easy job as it looks. It simply can't be done by force. Japan has refused point blank to receive any more canned Christianity and canned ethics from America.

J. H. B.

SICKLY FERN

When a fern begins to look sick it is best to repot it. The general practice is to keep a fern too wet and the soil becomes soggy and sour.

LONDON, May 25. Canadian Press. — The German government is alarmed at the reports that armed communist bands are marching on Esen, says a Central News despatch from Berlin this afternoon. It has asked permission of the French authorities to send forces of German police from the unoccupied districts to Essen and Getsenkirchen.

¶ Every day is Mother's Day in a busy home, but I always feel that other people do a lot to help me.

¶ Do you ever think of this when you sit down to rock and knit and read your daily newspaper?

Do you keep track of new products of other brains to save us time and money?

¶ Advertising is as interesting as a fairy tale with its teas and silks and spices from Asia, its styles from an old grave in Egypt, its new foods and clothes from our own factories. I read it every day.

¶ The family always remembers Mother's Day. Sometimes I wish they would read the advertisements and pick out something new that I covet a little for its novelty and attractiveness.

GORDON S. MATTHEWS SAILS FOR OLD COUNTRY

QUEBEC, May 28. — The Canadian Pacific Liner Empress of Britain sailed from here on Saturday for Southampton.

Among her prominent saloon passengers were Lady Delper, of London, Eng., Lady Burn and Mr. Ian Burns, of London, Eng., Lord and Lady Digby, and the Hon. V. Digby, also a number of prominent Americans, and among the Canadians were Mr. and Mrs. L. E. Auger, Hugh Creighton, Mr. and Mrs. George V. Fraser, A. J. Osborne, Mrs. Osborne and A. N. Stewart, K.C., Toronto; Gordon S. Matthews, Peterboro, Ont.; Mrs. B. Robers, Vancouver; George S. Serts, Fort William, Ont.; and H. E. Stevens, Calgary, Alta.

In the second cabin there were 140, and in the third class, 120 passengers

FRENCH OBSERVER PRAISES SOUTH AMERICAN ATHLETES

PARIS, May 28. — (Associated Press).—Count de Baillet-Latour, member of the International Olympic Committee, has returned from an extended tour of South America and gives an enthusiastic account of the progress made by South American countries in sports of all kinds and their expectations for the Paris 1924 Olympic Games.

"Brazilians lead in rowing and swimming," he says, "sports which are favored by their wonderful climate; agile and elegant, the Argentinians are the best sprinters; the Chilians, robust and powerful mountain men, are supreme in distance running; the Uruguayans are the best organized as far as method and training is concerned, and their football is the best in South America. Some of the records made in the sprints and middle distances show such improvement over the previous best marks that the South American nations may expect to be honorably represented in Paris in 1924."

WILL SELL CO-OPERATIVELY.

A number of additional factories in the Peterboro and Lindsay district have decided recently to sell their cheese co-operatively this season through United Dairymen Co-operative, Limited, of Peterboro. These factories include four in the Lindsay district, namely, Red Rock, Bobcaygeon, Reaboro and Fleetwood and also Maple Leaf Factory near Peterboro. All five of these factories sold last year as "regulars" on the basis of the Peterboro Cheese Board prices.

Arrangements have been made by United Dairymen Co-operative, Ltd., to have the cheese of the four Lindsay factories stored and graded in Lindsay and sold as a special lot at the company's Belleville sale. The co-operative sales at Belleville are growing rapidly, and already constitute the second largest sale of any in Central Ontario. They give indications that Belleville, within the next few weeks, will be the largest cheese-selling centre in the province, taking this place from Brockville which has long held the supremacy. There are ten Peterboro county factories selling co-operatively this season, as against five last season, and some additional factories are likely to come in.

A PLEASANT SURPRISE.

A very pleasing incident took place yesterday in the George Street Sunday School at the close of the lesson, when the members of the Onward Young Ladies' Bible Class presented their teacher, Mrs. Stubbs, with a beautiful bouquet of roses, it being the occasion of her birthday. Although taken completely by surprise, she very feelingly thanked the ladies for their beautiful gift and the many kind wishes accompanying it. Mrs. Stubbs is held in very great esteem by the members of the Onwards.

Husbands Beware! Don't Read!

Husbands had best skip to the next item. But women will be interested to know the hat on this young woman sold for $2,300 at the recent millinery fashion show, New York City. Its value lies in the ostrich feather, so it seems, but you can buy an entire ostrich for $2,300.

S.O.E. ATTENDED CHURCH IN BODY

Typically British Service Followed by Patriotic and Forceful Address From Rev. O. G. H. Lloyd.

For the first time in thirty years, according to the announcement by Rev. O. G. H. Lloyd, Lansdowne Lodge of the Sons of England, paraded in a body to St. John's Anglican church for divine service at seven o'clock last evening. To the number of sixty-one members, each white-gloved, in full regalia and wearing in his button-hole a choice nosegay of flowers, the lodge presented a truly natty appearance under the fatherly eye of "Daddy" Taylor, probably the oldest living member of the order in this city.

The service was typically English, inspirationally and ecclesiastically, peculiarly in harmony with the presence of the visiting society, and included that beautifully reminiscent solo, "Home Sweet Home," rendered by Fred Johnson, together with the National Anthem, sung in its entirety.

Loyal and Logical.

The scriptural citation, "Behold, what manner of love the Father has bestowed on us that we should be called the sons of God,' formed the basis of a commendably patriotic and forceful sermon by Rev. O. G. H. Lloyd, assistant at St. John's whose loyal and logical utterances must have irresistably appealed to the British patriotism of his congregation. Extolling the advantages of being members of the great British Empire, upon which the sun never sets, never fails to protect sons and daughters of old England, no matter in what quarter of the globe the appeal for protection may arise, the reverend gentleman stressed the huge cost at times to the Mother country of such defence. It may cost a million or two millions of money to release a humble son or daughter of Britain from injury or shame; but no gold or blood has ever weighed so much in the balance with old England as the peril or honor of a single one of her children, in aid of whom even armies have been rushed into far distant and all but inaccessible lands.

Britain's Glory.

Referring in glowing terms to the unexcelled glory of the British Empire, Mr. Lloyd reminded his hearers that they are all—let them be English, Scotch, Irish or Welsh, by birth or inherency— members of one mighty commonwealth and Britons every one, dignified with one common halo. And the value of their sonship is so stupendous that nothing whateevr is left to be desired; for Britain is the champion of Christianity, the champion of right and of fair play, and no true Englishman will be guilty of dishonor or meanness, no matter what the occasion or circumstance.

Secret of Greatness.

In the speaker's opinion, the real secret of England's power and influence is to be found in her accepting the teachings of the whole Bible as the rule of life and the mainspring of existence; "and we members of this order here to-night may, he said, by following those same British principles, expect the blessings showered by the Almighty on old Englaid to descend abundantly upon us, individually and collectively."

In conclusion, Mr. Lloyd warmly commended the Sons of England's constitution as sound and worthy of emulation, in that it provides for every emergency, and fosters growth and prosperity. He saw no reason why the order should not extend its branches into every land containing British men and women willing to promote the interests of the Mother country as well as of their adopted home.

CLARION CALL TO-DAY FOR SERVICE AND SACRIFICE

The reception of six adult members into the fellowship of the Church marked the morning service at St. James' Methodist Church yesterday morning, when the minister, Rev. J. F. Chapman, preached an inspiring sermon.

Referring to the great privilege that Christians have of being co-workers with Christ, the speaker said the work which Christ came to do cannot be accomplished except through the work of Christians. There is a clarion call to-day to the Christian Church to service and sacrifice. The Methodist Church has splendid traditions, and its members can well and proudly sing, "Faith of our Fathers, Living Still."

"The day of sacrifice is not yet over," the speaker said, eulogizing the missionaries in foreign and home fields. "Get some of the spirit of Paul; cast away the foolish childish things, and work for the kingdom of God. Failure to do that means life-failure."

In his address to the new members, Mr. Chapman appealed to them to join the Church with the object of helping along the great task the Christian Church has before it.

Suitable music under the direction of Mr. Leslie Unitt was rendered by the choir. The anthems were, "Crossing the Bar" and "Nearer, Still Nearer."

Liver Trouble
Pains in Stomach

Most of the misery and ill-health that humanity is burdened with arise from disorders of the liver, stomach or bowels.

If you are feeling out of sorts, have pains in the stomach, especially after eating, sour stomach, bilious spells, sick or bilious headaches, heartburn, water brash, etc., you should take a few doses of Milburn's Laxa-Liver Pills. They will liven up the Liver, regulate the Bowels, and tone up the Stomach.

Mr. T. C. Hallman, Highgate, Ont., writes: "I have had liver trouble and pains in the stomach for a long time. I started to use your Milburn's Laxa Liver Pills, and in a short time I noticed that they were helping me. Now I would not be without them, and cannot recommend them too highly."

Milburn's Laxa-Liver Pills are 25c vial at all dealers or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.

W. NORTHUMBERLAND LIBERAL ACTIVITIES

Convention in Cobourg, June 2, When Standard Bearer Will be Chosen.

COBOURG, May 28.—Politicians are warming up and beginning to show more activity. A Liberal convention is to be held in the Opera House here on Saturday, June 2, for the purpose of nominating a candidate to contest West Northumberland in the coming Provincial election. G. N. Gordon, K.C., M.P., of Peterborough, and others are expected to address the meeting.

Mr. J. D. Hayden is president of the association, and Mr. Harry Field, secretary. It is expected that Sam. Clarke, the sitting member, will be the choice of the convention. He has now been elected seven times to represent this riding, and has never known what it was to be defeated. His majority in the last election was the largest that he has ever had, so as yet there s little evidence of his popularity waning.

QUIZ CORNER

CANADA'S EXPORTS.

Q.—What is the evidence of Canada's exports?

A.—The remarkable growth of Canada as an exporting country is graphically illustrated by a chart which has just been issued by the Department of Trade and Commerce. Before the war Canada stood eighth in volume of exports; she is now fourth. Before the war she ranked eighth in exports per head. She is now a close second to Australia, and for a considerable time during and after the war was first.

ONTARIO'S FIRST NEWSPAPER.

Q.—When was the first newspaper printed in Ontario (Upper Canada)?

A.—The first number of the Upper Canada Gazette came out in Newark (Niagara-on-the-Lake) on April 18, 1793. It was the first newspaper in Ontario, and was a credit to the people who got it out and supported it — all U. E. Loyalists, who eleven years before had come as destitute refugees, into the then uninhabited wilderness of Niagara. This paper was only one sheet, fifteen by nine and a half inches. It came out weekly, and its price was three dollars a year.

COOKED CELERY

Cooked celery makes a very delicious vegetable and a welcome change. Wash two or three heads and cook in a beef, chicken or veal stock for 30 or 40 minutes. Serve with a thickened gravy.

Junior City League Opened--Petes Off For Kingston Tomorrow

JUNIOR BASEBALLERS OPENED THEIR SEASON AT KING EDWARD PARK

Adanacs and Lakeviews Scored Easy Victories Over the Thistles and C.G.E.

HEAVY HITTING.

The Junior City League teams played their opening games Saturday afternoon on the King Edward School grounds. The flooding of Riverside Park made it impossible for these games to be played Victoria Day. A good crowd of fans turned out to see the games.

The layout and the little peculiarities of the diamond made it possible for comparatively short hits, if placed in the right place, good for homers and there were three circuit clouts made in the first game, "Hap" Wilgar getting two and Stan Hensley one. Hensley also had two double to his credit. There were also two homers made in the second game, Lakeview players walloping out both. However, it was a C.G.E. player, Griffin who slammed out perhaps the longest hit of the day, one over deep centre which went for three bases.

Eddie Wright's Adanacs walloped their way to a 14-3 victory over Louis Yeote's Thistles in the first game and the C.G.E. went down to defeat by a 14 to 1 score in the second.

The Adanacs have a collection of good ball tossers and will be strong contenders all through the series. The Thistles have not played together as much as the smooth-working Adanacs, but after a few more practices they will be a strong aggregation. The same may be said of the C.G.E. team. The Lakeviews behind the pitching of Whitehouse were not called upon to really show their wares, but they seem to have a strong fielding team and they certainly have a heavy hitting crew.

"Jeff" Hardill did the pitching for the Adanacs and worked in first class style. He received excellent support and was never in a difficult position. "Lefty" Connors did the heaving for the Thistles. He pitched nice ball but his support was not as good as that tendered Hardill. The line up for the first game was:

Adanacs—J. Turner, cf; Hensley, ss; L. Turner, rf; Wilgar, c; J. Hardill, p; Hardill, 1b; Batten, 2b; Rogers, 3b; J. Hall, lf.

Thistles—Halliday, c; Connors, p; Holland, 1b; Nicholls, 2b; Batley, ss; Fitzgerald, 3b; Clancy, rf; Wolfe, lf; Maudsley, cf.

Second Game.

The excellent pitching of Whitehouse carried the Lakeviews to their lop sided victory over the C. G.E. Whitehouse had fifteen strikeouts to his credit in the seven innings played. He had only one bad innings, the third, when he walked three men filling the bases with only one out, but he pulled himself out of the hole nicely, no runs being scored.

"Scotty" MacPherson was on the mound for the Generals and he worked well. There were a lot of holes in his support, however.

The Lakieviews also made errors but they did not come at initial moments and no runs were scored on them. The C.G.E. had six errors and the Lakeviews four.

The lineups were:

C.G.E.—Mahood, c; Wilson, lf; Cheu, 3b; MacPherson, p; Griffin, 1b; Doughty, 2b; Outram, ss; Kennedy, cf; Koster, rf.

Lakeviews—Collins, c; Whitehouse, p; L. Lebarr, 1b; Moore, 2b; Malloy, 3b; Cameron, ss; J. Lebarr, rf; Whitlow, cf; McIntyre, lf.

Score by innings:

Lakeviews ..... 3302024—14
C.G.E. ..... 1000000— 1

BASEBALL TOURNAMENT.

Teams representing the Examiner, Lakefield, Keene and the C.G.E. have been entered in the basball tournament which will be held at Havelock on June 3. Three games will be played in the afternoon and the final winner awarded the prizes.

OSHAWA RETURNED TO CENTRAL FOLD

Motor Town Team Voted Into Good Standing and the Schedule Will Be Carried Through.

OSHAWA, May 28.—(Special)—By an unanimous vote taken by wire on Saturday, Oshawa was declared in good standing in the Central Ontario Amateur Baseball League and the schedule as originally drafted will be carried through. Certificates for the following Oshawa players have been countersigned by the secretary, being those which have amateur card numbers attached: Reginald J. Fair, Morley A. Jacobi, Clifford Rowden, Chas. Hall, Arthur E. Legge, Roy Wilson, R. D. Patton, K. R. Roddick, J. Roddick, Walter Fair, F. E. Saunders, Clifford A. Palmer, Harry Morrison, W. R. Belling, Kenneth L. Fowler.

Other registrations are: Peterboro, Cecil C. Shaughnessy; Kingston, H. Sommerville; Port Hope with card numbers attached, J. Micks, Jack Ham, R. Chalk, H. Boyd, W. J. Hills and twelve others with no amateur card numbers. Lindsay has sixteen registration in with no card numbers.

Games on the league for this week with umpires are:

Division A—Wednesday, Port Hope at Leaside, Kay of Peterboro and Large of Bowmanville; Bowmanville at Lindsay, Boundy of Cobourg and Theroux of Bowmanville.

Division B—Monday, twilight game, Belleville at Kingston, Butler of Lindsay and Kay of Peterboro; Wednesday, Peterboro at Kingston, Butler of Lindsay and Collings of Belleville; Cobourg at Belleville, Wilson of Oshawa and Sullivan of Kingston.

Orono opens the Durham and Ontario Intermediate League at home on Wednesday when the General Motors team of Oshawa vists the fruit town. Manager Gamesby has a strong team lined up to welcome the auto boys. McCombe of Orono and Dell of Oshawa will be the umpires.

JOHNSTON WON TITLE.

ST. CLOUD, France, May 28.—(Canadian Press)—William M. Johnston, of California, today defeated J. Washer, of Belgium, 4-6, 6-2, 6-2, 4-6, 6-3, in the final round of the men's singles hard court championship of the world.

Susanne Lenglen defeated Miss Kathleen McKane, of England, 6-3, 6-3, for the women's title.

With the close of the last hard courts championship tournament to be held under the present international rules one championship, the men's singles, goes to the United States, the women's doubles will be taken across the Channel by Miss McKane and Mrs. Beamish, while France will hold three of the titles—the women's singles, won by Mlle. Lenglen, the mixed doubles, won by M. Cochet and Mlle. Lenglen, and the men's doubles, won by J. Brugnon and M. Dupont.

SPECIAL MEETING.

A special meeting of the Executive and the schedule committee of the Mercantile Baseball League will be held this evening in the office of Cressman's store. All members of these committees are asked to be present as important business is to come up before the meeting.

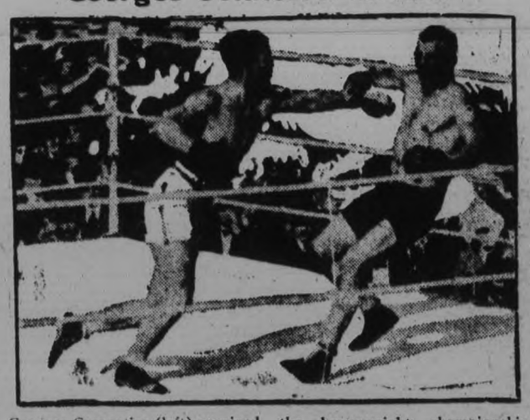
Georges Connects! Zowie!



Georges Carpentier (left) regained the heavyweight championship crown of Europe when he knocked Marcel Niles out in the eighth round. The fight was held at Paris on May 6. The photgraper snapped this just as Niles was falling after Georges drove home a terrific uppercut.

PETES OFF TO-MORROW NIGHT FOR KINGSTON

Manager Solomon's Outfit Are Making Pullman Jump For Game With Ponies on Wednesday.

HERE SATURDAY.

The Petes next Central Ontario League game is scheduled for Wednesday evening at Kingston with Dick Butler of Lindsay and Colling's of Belleville as umpires. The Ponies under the leadership of Harry Batstone the ex-Hillcrest star will be formidable opposition but Manager Solomon's crew hope to make a good showing in their second game on the road.

They will leave for Kingston on the midnight C.P.R. train tomorrow. A special Pullman sleeper has been secured and it will be ready at the C.P.R. station at 11 o'clock tomorrow night. The team will also return from Kingston via the C.P.R. leaving Wednesday night so that the journey is a Pullman jump both ways and the Petes will be travelling in big league style. The following players will make the trip: Swanston, Heckman, Summerfeldt, McElroy, Comolli, Johnston, Ansaldo, Collins, Helson, Legon, Wolfe, Shaughnessey and Manager Solomon.

Kingston are billed to play the return game here on Saturday and it is hoped that the flood will have subsided and that Riverside Park will be ready for use. If the ground across the river is not in shape, however, it is probable that the fixture will be pulled off at the Exhibition grounds.

The postponement of Saturday's game gives Cobourg and Peterboro a slight advantage over the other two Big Four clubs as both Belleville and Kingston are scheduled to play three games this week while Turpin's crew and the Petes have but two fixtures. Kingston play Belleville tonight and the Petes at home on Wednesday and then back here on Saturday while Cobourg and Belleville hook up on Wednesday and Saturday.

Belleville will be better off than Kingston inasmuch as they have two first string pitchers, Williams and Oulette ready to work while the Ponies are placing their main reliance upon Gallagher.

Catcher Jack Evans, pitcher Gallagher and second baseman Twigg of the Ponies all played for Oshawa last year.

The Port Hope Guide after looking over Cobourg in their game with the Petes on Victoria Day intimates that Dick Turpin's men are outclassed and are not as strong as last year. The Petes do not think so. They regard the Cobourg team as a strong ball club who will be tough opposition for everybody as soon as they find themselves. The ball they played against the Petes is not to be taken as a criterion of what to expect from them during the race.

WON LACROSSE GAME.

WINNIPEG, May 28.—(Canadian Press)—Montreal Shamrocks, champions of the Eastern Canada Lacrosse League, won the second game of their Winnipeg tour here on Saturday afternoon when they defeated Fort Rouge, of the local senior league, 7 to 3. The Easterners will play the Nationals in the third and final game on Monday.

Do you know Baseball?

by Billy Evans

Questions

ONE—If a fielder has the ball in his possession ready to touch a base runner, and after so doing, the ball is deliberately knocked out of his hands by the runner, what is the proper decision?

TWO—If a runner on first, believing that a fly ball is not going to be caught, starts to advance and has nearly reached third base when the fielder makes the catch does the throwing of the ball to second base before he can get back there, double him up?

THREE—If after a batted ball goes through an infielder, a base runner in the opinion of the umpire, deliberately kicks such a hit ball, what is the proper ruling?

FOUR—If there are less than two men out and a runner on third, and the batsman interfere with a play at the plate on such a runner, who is called out?

FIVE—If a base runner who tries to advance on a hit to the infield, stops in front of a fielder making a play, long enough to obscure that fielder's vision and cause him to lose the play, what happens?

Answers

ONE—The runner should be called out for such an act.

TWO—In order to properly make the play, the runner should either be touched with the ball, or it should be thrown to the base he occupied when the ball was hit, and in this instance it was first.

THREE—The base runners should be called out for interference.

FOUR—The runner coming home from third should be called out for the batter's interference with less than two out.

FIVE—The fielder has no such right to stop, and if in the opinion of the umpire, his actions were responsible for the loss of the play, he should be declared out.

NEW SPEED RECORD.

INDIANAPOLIS, Ind., May 28.—(Canadian Press)—Driving at a speed of more than 108 miles an hour—the fastest ever recorded officially at the local speedway—Tommy Milton Saturday won the Pole Position for the annual 500 mile automobile race to take place here Wednesday. Six other drivers qualified their cars for the event by negotiating ten miles at a speed of eighty miles and hour or more.

C.G.E. SWAMPED PORT HOPE OUTFIT

Just Back in Central Ontarios Take Bad Wallop From Intermediates.

The Port Hope team, one of the prodigal son teams of the Central Ontario League, just back into the fold again after a self inflicted exile of a week, was made to realize on Saturday that a lot of fast ball is played around Peterboro, when the C.G.E. City League team, last year's O.B.A.A. Intermediate champions waltzed into Sandy Lockington's town and beat the Ontarios in hollow fashion by 21 runs to 3. The Electricians hammered three Port Hope pitchers hard, Ray Rose's triple with the bases full being a feature. "Scotty" Galbraith performed in stellar style on the rubber for the C.G.E. and the Port Hope Central Leaguer's could do nothing with his left-handed delivery. The A section race looks like a walkaway for Leaside with Oshawa furnishing what little opposition the Durant crew will meet. Leaside beat Bowmanville 17 to 3 and the big scores run up against Lindsay and Port Hope by the local Central Leaguers and the C.G.E. team respectively, indicated that neither Port Hope or Lindsay will have much chance of beating Micky Murray and his pals.

Sisler Underwent an Operation on Friday.

ST. LOUIS, Mo., May 28.—(Canadian Press)—George Sisler who has been kept out of the game this year because of his impaired vision, underwent an operation for tonsilitis Friday, it was learned yesterday. At the hospital it was said that Sisler was "resting easily" and that his condition was "satisfactory."

Annual Convention of Kiwanis Clubs.

ATLANTA, Ga., May 28.—(Canadian Press.)— With the arrival of George Ross, President and the other international officers, the annual convention of the Kiwanis Club International, opened Saturday night at a dinner in their honor given by the local civic organizations.

President Ross of Toronto, was the principal speaker at the banquet. The Atlanta convention will be largely devoted to synchronizing the work of the 1,010 Kiwanis Clubs in the United States and Canada, along these lines, he said.

The convention opens Monday and continues through Thursday. The attendance is expected to reach more than 2,000 Monday. More than 500 visitors are expected from Canada.

King's Wharf News.

KING'S WHARF, May 28.—Mr. Wm. Irwin of Omemee was a business visitor here last week.

Messrs. Wallace Alldridge and George Carr of Verulam were recent visitors at Patrick Perdue's.

Mr. Daniel O'Neill has purchased a new car.

Mr. Richard Murtha has started to work on the county road near Reaboro.

Mr. Michael Fox of Lindsay attended the funeral of his aunt, the late Mrs. Hugh McLaughlin, here Friday.

Miss Mamie O'Neill of St. Joseph's Academy, Lindsay, is spending a few days the guest of her parents here.

Miss Ella Foley, teacher at S. S. No. 15, here, is spending the holiday at her home in Keene.

Mr. J. Conway of Bobcaygeon attended the funeral of the late Mrs. Hugh McLaughlin on Friday.

Mr. S. Brasier and son of Lindsay have returned home after plastering Patrick Perdue's new house.

A large number from here attended the meeting held at Downeyville Monday night by Mr. F. G. Sandy, M.P.P. The meeting was a splendid success, and there will be another later on.

C.P.C. WENT DOWN TO THE DE LAVALS

Separator Crew Won Fast Junior Football Game By a Score of 4 to 2.

The C.P.C. Juniors lost to the De Laval by a score of 4 to 2 in a fast game played Saturday afternoon in the Yeotes cup series. The game was played at King Edward Park and marked the first time this season that these two crack junior teams have met. The Packers were without Killenbeck, their goal keeper, who has recently met with a serious accident and who was replaced by Edgar.

The Packers started off well by forcing a corner which was well placed. The De Laval defence however proved too good for them, Frick making a nice save. Four other corners were forced but in every case the defence proved unbeatable. The De Laval forward line then broke away and Edward Smith beat Edgar with an easy shot. The Packers attempted another attack from the kick off but again the De Lavals came back strong and Pulley netted their second counter. Half time was called with the De Laval leading by a score of 2 to 0.

Early in the second period Chambers found the net for the Packers. They made a great effort to even the score but found the De Laval defence too good for them. Frick was especially effective in the nets, giving one of the best exhibitions of goal keeping seen at the park this season. Evans got the ball from one of Frick's clearances and carried it the full length of the field to beat Edgar with another easy one. Chambers carried the ball down from the kick off and again beat Frick for the Packers' second and last score but the De Laval again came right back, Evans making a great run to find Edgar's weak spot scoring his second goal of the game. From then on the play was fairly even and time was called with the De Laval the winner by a score of 4 to 2.

The players were:

De Laval—Goal, Frick; backs, Grant and Ward; halves, Ashmore, Cooper and Dudley; forwards, Bell, Pulley, Evans, Smith and Elliott.

C.P.C.—Goal, Edgar; backs, Curtis and Downer; halves, F. Ball, Halliday and T. Ball; forwards, Mitchell, Anderson, Chambers, Edwards and Billingsly.

Referee—S. Calladine.

ELEVENTH INNING WIN FOR NEWARK

Baltimore Went Under in First Extra Inning Game Played at Oriole Park — Toronto Met Defeat.

BALTIMORE, Md., May 28 (Canadian Press). — A rally in the eleventh inning enabled the Newark Bears to defeat Baltimore 9 to 5 yesterday in the first extra-inning battle of the season at Oriole Park. The Bears hit Rube Parnham rather freely and garnered 15 safe blows, seven of them being for extra bases. Score:

Newark ..... 10102100004—9 15 5
Baltimore ..... 00200201000—5 12 0
Baldwin and Devine; Parnham, Thomas and McAvoy.

Rochester 4, Toronto 2.

ROCHESTER, N.Y., May 28 (Canadian Press).—Rochester made it two straight over the Leafs yesterday, winning by a score of 4 to 2. Keenan injured his leg in a collision with Second Baseman Miller, of Toronto, in the fifth inning, and was carried off the field. Beall, who relieved Keenan, struck out the side in the sixth and seventh innings. Fred Merkle hit a triple and a double in four times at bat, running his hitting streak to 31 consecutive games. Score:

Toronto ..... 100000010—2 9 3
Rochester ..... 00020101x—4 10 1
Doyle and Vincent; Keenan, Beall and Lake.

Jersey City 10, Reading 7.

READING, May 28 (Canadian Press). — More than 8,000 fans saw the locals go down to defeat before the Skeeters by a 10 to 7 score yesterday. Wall Wolf's sensational fielding timely hitting featured. The visitors hit three Reading pitchers, while Barnhardt was tight in the pinches. Score:

Jersey City ..... 070020001—10 14 3
Reading ..... 100101040— 7 8 4
Barnhardt and Freitag; Martin, Carts, Eyrich, and Lynn.

Syracuse 13, Buffalo 6.

BUFFALO, May 28 (Canadian Press). — Syracuse turned in yesterday afternoon and walloped three of Buffalo's pitchers for 15 hits, winning the game by 13 to 8. Pierotti was pounded for two doubles and a home run by Kelly in the sixth. Outside of this frame he had the Bisons tamed. Score:

Buffalo ..... 000023010— 6 9 2
Syracuse ..... 340400002—13 15 0
Lepard, Mohart, Heilman and Urban; Pierotti and Niebergall.

BANQUET TO FOOTBALLERS.

Members of the G.W.V.A. football team, winners of the Gordon Cup, will be tendered a banquet on either Friday or Saturday evening of this week. The day will not be definitely known until it can be learned which evening will be most convenient for G. N. Gordon, K.C., M.P., to be present. Mr. Gordon is the donor of the cup won by the team and will present the trophy at the banquet.

WILLIAMS' RECORD IS NOW EIGHTEEN

New York Nationals Ran Winning Streak to Eight Games — Cincinnati Broke Into the Winning Column.

NEW YORK, May 28 (Canadian Press). — The New York Nationals won their eighth straight game yesterday and their fourth in a row from the Philadelphia Club. The final score was 12 to 4. "Cy" Williams hit his eighteenth home run of the season in the third inning. Score:

Philadelphia .... 102000001— 4 8 3
New York ..... 61000230x—12 17 1
Behan, Head, Hubbell, and Henline; Ryan and Snyder, Smith.

Pittsburgh 4, Chicago 3.

CHICAGO, May 28 (Canadian Press). — Vic Aldridge spotted the Pirates four runs in the first inning, then pitched air-tight ball, and although Chicago hit Lee Meadows freely, they lacked the punch when hits would have turned the tide in their favour. Poor base-running also prevented the locals from scoring, the game ending 4 to 2 in favour of the visitors. Score:

Pittsburgh ..... 400000000—4 8 1
Chicago ..... 011000000—2 15 2
Meadows and Schmidt; Aldridge, Kaufmann and Hartnett.

Brooklyn 6, Boston 5.

BROOKLYN, May 28 (Canadian Press). — A wild pitch by Benton after two men were out in the ninth permitted Brooklyn players to score the tieing and winning runs in the Dodgers' 6 to 5 victory over the Braves yesterday. Score:

Boston ..... 000300002—5 5 0
Brooklyn ..... 300010002—6 10 5
Marquard, Benton and Gowdy; Vance, Decatur and Deberry.

Cincinnati 2, St. Louis 1.

CINCINNATI, O., May 28 (Canadian Press). — The Reds broke their losing streak of six straight games by defeating St. Louis, 2 to 1, in a pitcher's battle yesterday. Luque blanked the visitors until the ninth, when errors by Bohne and Roush saved them from a shut-out. Score:

St. Louis ..... 000000001—1 7 1
Cincinnati ..... 10001000x—2 5 2
Toney, Sell and Clemons, Ainsmith; Luque and Hargrave.

RIP COLLINS HELD CHICAGO RUNLESS

Scored Shut-Out Against Chicago—Pruett Issued Ten Passes in Game With Cleveland.

DETROIT, May 28 (Canadian Press). — Rip Collins allowed only five hits and Detroit shut out Chicago, 6 to 0, in the final game of the series yesterday. It was the only Tiger victory out of four games played. Cvengros was wild and was hit hard. Collins at no time was in danger. Score:

Chicago ..... 000000000—0 5 1
Detroit ..... 10030200x—6 12 1
Cvengros, T. Blankenship, Mack and Schalk, Graham; R. Collins and Bassler.

Cleveland 6, St. Louis 2.

ST. LOUIS, May 28 (Canadian Press). — Cleveland took advantage of Pruett's wildness and defeated St. Louis, 6 to 2, here yesterday afternoon. Pruett issued ten bases on balls, but was going along nicely until the ninth when the Indians rallied, scoring 5 runs. Shauts allowed by five hits. Score:

Cleveland ..... 010000005—6 9 2
St. Louis ..... 020000000—2 5 0
Shaute, Smith and O'Neill; Pruett and Severeid.

New York 8, Washington 1.

WASHINGTON, May 28 (Canadian Press). — New York bunched hits with Warmouth's wildness, and captured the first game of the series with Washington here yesterday, 8 to 1. Meusel drove in Ruth and Pipp in the first inning with a home run to centre, Evans misjudging the ball. Scores:

New York ..... 301003001—8 7 2
Washington ..... 000001000—1 6 1
Jones and Schang; Warmouth, Hollingsworth and Gharrity.

SCHOOL MEET WAS HELD IN MONTREAL

MONTREAL, May 28 (Canadian Press). — School athletic records fell wholesale at the Dominion of Canada Inter-Scholastic track championships held here on Saturday at the Molson Memorial Stadium of McGill University.

In most cases the new times and distances replace those made at the first inter-scholastic meeting held here last year, but in one case, that of the javelin-throw, the effort of V. W. Pickard, of Hamilton Collegiate—135 feet 7 1-2 inches—was announced as a world's record for boys.

The new marks were made in the 440 yards, high jump, 12-pound shot, broad jump, and javelin throw in the senior events, the 100 yards, 440 yards, running broad jump, and high jump in the Junior Class Two events and the 75 yards, 220 yards, and high jump in the Junior Class One events.

Schools in Prince Edward Island, Quebec, and Ontario were represented. Hamilton boys carried away most of the prizes, the team from the Collegiate Institute of that city winning the Glassco Cup for the greatest number of points scored.

While such well-known competitors from Hamilton as K. Barnes, R. Barnes, V. M. Pickard, M. A. Lewis, E. C. Willard, and A. T. Christie had things much their own way in the senior events in which they took part, real and successful competition was furnished in the 220-yards sprint. This was won by W. Wanless of the London Collegiate, who also got into second place in the 100 yards. Wanless ran with the style of a veteran.

The outstanding figure in the Junior Second Class events was C. House of Ottawa College. He triumphed in the 100 yards, the 440 yards, the running broad jump, and had much to do with his team winning the 880 yard relay.

In the Junior Class One contests C. T. Smith, Annette Public School, Toronto, proved the big point winner. He was first in the 220 and the high jump, and second in the 75 yards.

Scores of the leading schools by points follow:

Hamilton Collegiate Institute, 73 1-3.
Ottawa Collegiate Institute, 24.
London Collegiate Institute, 15.
Annette Public School, Toronto, 13.
Montreal High School, 13 1-2.
Loyola College, 12.

Y.W.C.A. ACTIVITIES.

Now is the time to learn to swim and the Y.W.C.A. pool is a wonderful place to learn. There is the best possible instruction and most pupils learn to swim in 6 lessons, so come on, start this week.

Swimming Schedule.

Monday — 3-5, Recreation; 6.30-7.30, Special instruction; 7.30-9.30, Special instruction.

Tuesday—10-12, Ladies' class; 3-6, Junior instruction; 7-9, Recreation.

Wednesday —10-12, Ladies' class; 3-6, Recreation; 7-9, Life-saving special.

Thursday — 10-12, Ladies' class; 3-6, Recreation; 7-9, Recreation.

Friday— 10-12, Ladies' class; 3-6, Instruction, junior; 6.30-9.30, Instruction.

Saturday — 9.30-11, Children's classes; 11-12, Life-saving class, juniors; 12-12.30, Recreation, juniors.

Club Activities For the Week.

Wednesday—7.00, United Club.
Thursday—8.00, Ukumtu Club.
Friday—4.30, C.O.S. Club.
Saturday—2.00, Sunshine Club.
Tuesday—6.15, Senior indoor-outdoor club.

All girls are heartily welcome to join our Indoor-Outdoor Club to enjoy the weekly Tuesday hikes, and camp fire picnics. All girls are requested to come dressed for hiking.

Saturday—2.00 p.m.— Junior Indoor-Outdoor Club. All children are eligible to enter this club. 1d-125-2361.

RECENT FIRES.

Fire losses in Canada during the week ended May 23, are estimated by The Monetary Times at $580,000, compared with $597,000 for the same week last year.

COLLAPSED IN CHOIR.

In Trinity Church last night, at the close of an octette offering, J. E. Baldry, second bass, collapsed, and was removed from the choir stall. A doctor who was immediately called, declared his condition to be not serious.

A young man in Park Street Baptist Church was also overcome by the heat.

MANITOBA WILL VOTE AGAIN ON LIQUOR QUESTION

Warfare Between Wets and Drys Has Been Strenuous For Years—Nothing Resembling a Truce.

WINNIPEG, Man., May 28 (By Canadian Press).—With its record of four votes for prohibition and one adverse majority, Manitoba on June 22 will be asked once more to decide by vote whether or not liquor shall be available in this province for beverage purposes. Since the first vote was taken 21 years ago prohibition at intervals has been a subject of controversy in the province, and in the last few years particularly there has been nothing resembling a truce between the champions and opponents of the existing temperance act. The warfare has been strenuous with both sides apparently grimly confident of the ultimate outcome.

On June 22 the Manitoba electorate will vote upon the bill prepared by the Moderation League which provides for the sale of liquor for beverage purposes, the distribution to be handled by goverbment depots. A second referendum will be held on July 11 on the petition of the Beer and wine League which provides for an amendment to the Manitoba Temperance act to permit the sale of beer and wine with meals at hotels. Should either or both proposals be favored by a majority of the voters, the legislature will re-convene at an early date to enact the necessary legislation for putting into effect the people's will. New voting lists are being prepared in Winnipeg, but elsewhere in the province the old lists are to be used, with provision for addition by affidavit.

As far back as 1892 Manitoba gave its first verdict in the prohibition question. The referendum of that year simply provided for an expression of opinion for or against the principle, the returns showing 19,637 "for and 7,115 "against", or a majority of 12,5552 in favor of prohibition. In the general Canadian prohibition plebiscite of 1898 the province again voted strongly for prohibition, the result showing 12,419 for and 2,978 against.

The Present Act

The act which gives the province the measure of prohibition now on effect is known as "The Manitoba Temperance Act." It was drafted in 1900 by Sir James Aikins at the time when Sir Hugh John MacDonald was premier of the province, and is often referred to as the "Macdonald act." Around this piece of legislation has gaged the controversy of the past seven years.

Passed by the legislature of 1900, the act was expected to come into force a year later. In the meantime, however, it was referred to the Manitoba court of appeal which rendered a decision declaring the legislation ultra vires. This judgment was followed by an appeal to the privy council where the legislation was proclaimed quite within the competence of the province.

In the meantime Sir Hugh John Macdonald had resigned as head of the government in Manitoba, his place being taken by R. P. Roblin. The administration then took the position that they were not committed to the Manitoba Temperance act and decided to refer the question to another vote of the electorate. On this occasoin the vote issued for—15,607; against—22,464, giving a majority against the temperance act of 6,857. This is the only occasion on which the province recorded a majority against prohibition.

For a time controversy waned, but the temperance question again became a live issue in the elections of 1914 and 1915. In the former year the Liberals under T. C. Norris were returned to power, and the Manitoba Social Service Council was requested to submit a bill which is their judgment embodied the desired temperance restrictions. The Macdonald act was recommended by the council as the best instrument for the purpose. The referendum was held on the advisability of enforcing this act, the vote being , for—50,484, against—26,502, or a majority for prohibition of 23,982. Thus endorsed by the electorate the act came into force on June 1, 1916.

Efforts to Enforce

Having attained their objective temperance leaders were zealous in their efforts to see that the act was enforced. A fight developed on the question of export liquor warehouses. In one and a half years it was shown that these had multiplied from 11 to 51, and the contention was that they simply existed for bootlegging. A plan was finally worked out by the provincial department for the enforcing of the act by which the federal authorities refused to grant a license without the approval of the provincial government, and the latter declined to grant such approval. The export warehouses consequently went out of existence in April, 1918.

The importation system then became the centre of attack. Provincial legislation had, of course, no power over transactions outside the province, and it was well known that large orders were being placed with firms outside the provincial boundaries. On Oct. 25, 1920, a vote was taken on certain restrictive amendments to the Canada Temperance act dealing particularly with inter-provincial trade. The return showed, for the restrictions,68,831, and against, 55,065, or a majority for the restrictions of 13,775. This legislation met the problem of importation and came into effect on Feb. 1, 1921.

Simultaneously with the enforcement of the latter legislation the prohibitory features of the Manitoba Temperance act were strengthened. Doctors' prescriptions were limited to 100 per month of 12 ounces each. One warehouse was set up with a provincial vendor. No liquor otherwise can be legally imported, and the druggist is the only person outside the vendor who may sell liquor.

Government Sale

The referendum or government sale of liquors is the result of an active campaign carried on during the past two or three years by the Moderation League of Manitoba, of which F. W. Russell is president. A year ago the League presented to the legislature lengthy petitions for a vote but the request was not granted. New petitions were circulated throughout the province, and they bore more than 70,000 signatures when the League handed them to the legislature a few weeks ago to back up the renewed request for a referendum. The house dealt with the matter without regard to party lines, and decided to submit matter to the people.

The second referendum is backed by the Hotelmen's Association, who circulated petitions on their own behalf, and secured a large number of signatures The legislature decided that the "beer and wine" proposal also should go before the electorate, but on a different day so that there might be avoided any possible confusion among the voters.

The prohibition forces are engaged in an active campaign for the preservation of existing legislation under the direction very largely of W. R. Wood, secretary of the prohibition campaign committee. Mr Wood also is secretary of the United Farmers of Manitoba, and meetings are being addressed through the province by advocates of the present act and the proposed systems, and printers' ink also is being used freely by the various organizations.

Society

Miss Kay O'Keefe and Master Francis have returned from Kingston, where they spent a couple of days with their sister, Sister St. Oswald, of Hotel Dieu Hospital.

Mr. P. A. Kerr, of Moncton, N.B., is in the city for a few days.

Mr. Gordon Matthews, manager of the Canadian Packing Company, left to-day on a two months' business trip to Europe.

Mr. and Mrs. Frank M. Heafield left to-day for Los Angeles, where they intend to reside.

J. Harold Couch, gold medalist in medical science of the University of Toronto, and son of Rev. Isaac Couch, M.A., B.D., has gone to South America, on medical work, entrusted to him by Dr. C. K. Clarke, the eminent psychiatrist. He will be away about a month.

Dr. and Mrs. J. C. Middleton and Miss Laura Belleghem have returned from a few days' visit at the Clifton House, Niagara Falls, Ont.

Mr. Baden Greene has returned to Barrie after spending the week-end with his parents at 575 King Street.

Miss Eva Fife left on Saturday for Lansing, Mich., to spend two weeks' holidays.

Mr. Jim Turnbull left this afternoon to spend his holidays in Los Angeles, California.

On Friday afternoon, Miss Phyllis Robertson was guest of honor at a bridge given by Mrs. F. Hills.

On Saturday afternoon, Mrs. Allan Cameron, Miss Margaret Neill and Miss Jean Eastwood were hostesses at Mrs. Gordon Matthews' cottage in Chemong Park, at a picnic attended by over sixty guests, given in honor of Miss Nora Hatton and Miss Phyllis Robertson.

Mr. and Mrs. A. Heafield leave today to take up residence in Los Angeles, California.

Mr. and Mrs. Frank White, 303 Maitland avenue, announce the engagement of their daughter, Alberta, to Mr. Percy Ecobichon, son of Mr. and Mrs. J. F. Ecobichon, 703 Aylmer street. The marriage to take place early in June.

Mr Harry Cluxton of Bobcaygeon, was in the city to-day.

HON. G. H. FERGUSON NOMINEE FOR GRENVILLE

SPENCERVILLE, May 28. Canadian Press. — Hon. George Howard Ferguson received the unanimous nomination at the Grenville County Conservative convention here to-day. Right Hon. Arthur Meighen, leader of the Conservatives, and who represented Grenville in the Federal House, delivered a spirited address.

All the speakers forecasted a future premiership for Mr. Ferguson.

Financial News and Views

Canadian Stock Exchange — And Mines — = New York Stock Exchange — And Curb Prices.

To-Day's Quotations and Opinions and Reviews of the Markets.

NEW YORK, May 28. Canadian Press. — Rails featured the stock market to-day. Industrials ... ed upward at the opening but reacted while the rail stocks continued to be steady, partly on the strength of good April earnings statements. The sentiment at the start of the week showed a striking recovery from the pessimism prevailing a week ago, when the market was under the influence of the recent selling movement. This renewed cheerfulness primarily resulted from the substantial rally in stock values in the three preceding sessions which caused speculative opinion to veer completely away from the view that the economic situation was on the threshhold of a prolonged reaction. This belief received further impairment from the favorable character of April railroad statements which appeared over the week end. New York Central was the outstanding feature of the market in the early dealing, reaching a new high on the move at 98 7-8 in response to an increase of $3,546,536 in the net last month over April, 1922. Other standard rails were in active demand and industrials started in at the best levels seen on the current recovery.

Rails continued to move ahead in the first hour under the leadership of New York Central which achieved further new high ground at 98 3-4 before 11 a.m. Some profit-taking came into the speculative leaders of the industrial class which caused average recessions of a point in Studebaker, American Can. and California Petroleum. But this development was offset by the strength in the medium priced oil groups, where Texas Company, Maryland, and other representative issues moved ahead in response to the belief that the reaction in the price of petroleum products had been arrested.

The May unfilled tonnage report of the United States Steel Corporation will throw considerable light on the steel situation. A decrease is to be expected but the important question is to what extent. Shipments exceed new business. United States Steel must be shipping at the rate of more than 1,300,000 tons of finished steel monthly. There have been statements that the new business of the company was coming in at the rate of not much more than 50 per cent. of the shipments. This would mean a drop of 600,000 tons or more in unfilled business.

(Quotations supplied The Examiner by Nelson & Martyn, Stock Brokers)

SCARCITY OF OIL

Oil seems to be the main topic of conversation in the stock market these days, and will probably continue to be so, for it has been a long time since crude oil has enjoyed the envious position that it is in this year. In spite of the tremendous new gushers being brought in in the sensational Smackover field, there is still a great scarcity of oil. We understand that there is over 100,000 barrels of oil shipped daily from the California refineries through the Panama Canal to Eastern refineries, and the tank steamers are carrying oil from California to Mexico.

This is indeed a reversal of form, as in the past it has been the tankers carrying the mexican crude into the United States to keep our refineries going. It has been necessary to shut down wells producing nearly 20,000 barrels per day in the California fields for the lack of tankers and proper storage. If California had the proper storage and transportation to handle these, she could probably produce nearly a million barrels of oil per day. It is reported that there are more than 2,000 producing wells shut down in the state of California.

Imports of Mexican oil have fallen off nearly 27% in the last year's average and the consumption is running nearly 20% above the 1922 average. The domestic production and imports are nearly equal to the consumption and while the stock of crude is nearly 40% larger than a year ago, that is, when measured by a day's supply at daily consumption, there are only about 7% greater. It surely looks as though we are going to have a very prosperous year in the oil industry. The consumption is estimated, this year, to be 15% higher than in 1922 and gasoline oils have risen nearly half a dozen times during the last seven weeks.

In the meantime, pipe line facilities of the great Arkansas field have been tremendously improved and are at the present time taking care of the output from the wells. Of course, the Smackover field still lies in the limelight as being the most spectacular field in recent years. There was a rumor several days ago that a well was brought in at Corsicana, Texas, doing 10,000 barrels of high grade oil, but so far, we have not been able to confirm this any way, and therefore, we hesitate to mention it.

An opinion regarding the Smackover field is the same today as it has ever been, that the smaller producing wells will be the big dividend payers in the long runs, as the big spectacular wells rapidly sand up and are very hard to keep under control. The Smackover companies still continue to declare large dividends. The Smackover field is being extended almost every week by large leases running from the North Smackover will still be making lots of money for its owners a year from today, as well as it is now, for so far the field has not been limited and it seems doubtful if there is any chance to limit the production or the extent of this marvelous field.

MAYONNAISE DRESSING

In making mayonnaise dressing stir the beaten eggs into the cold vinegar and when the mixture is boiled the dressing will not curdle When eggs are added to the hot vinegar this is almost inevitable.

THE TOYS

By Coventry Patmore

My little son, who looked from thoughtful eyes,
And moved and spoke in quiet grown-up wise,
Having my law the seventh time disobeyed,
I struck him, and dismissed
With hard words and unkissed,
His mother, who was patient, being dead.
Then, fearing lest his grief should hinder sleep,
I visited his bed,
But found him slumbering deep,
With darkened eyelids, and their lashes yet
From his late sobbing wet,
And I, with moan,
Kissing away his tears, left others of my own;
For, on a table drawn beside his head
He had put, within his reach,
A box of counters and a red-ve'ned stone,
A piece of glass abraded by the beach,
And six or seven shells,
A bottle with blue bells,
And two French copper coins, ranged there with careful art,
To comfort his sad heart.
So, when that night I prayed
To God, I wept, and said:
Ah, when at last we lie with tranced breath,
Not vexing Thee in death,
And Thou rememberest of what toys
We made our joys,
How weakly understood
Thy great commanded good,
Then, fatherly not less
Than I whom Thou hast moulded from the clay,
Thou'lt leave Thy wrath and say,
I will be sorry for their childishness.

IN MEMORIAM.

FORBES.—In loving memory of my dear father, James Henry Forbes, who died May 28, 1921.

I sigh sometimes to see thy face,
But since this may not be,
I'll leave thee to the care of Him
Who cares for thee and me.
I'll keep thee both beneath my wings
This comforts dear,
One wing o'er thee and one o'er me,
So we are near.

—Inserted by Mrs. Edward Genge.

IN MEMORIAM.

FORBES.—In loving memory of James Henry Forbes, who died May 28, 1921.

Two years have gone
But yet our hearts are sorrowing
For the father we loved.

Wife and Children.

REMOVING HAND STAINS.

Some vegetables stain the hands with an ugly dark stain difficult to remove with soap and water. A raw potato cut in half, however, rubbed over the stains will usually remove them easily. Lemon juice or tomato are also effective.

Mob Scenes :: Coal Strike

MINE disaster which threatens to snuff out the lives of a score of workers! A strike—a murder in fierce succession!

Capitol Concert Orchestra, Direction Florence Gladman.

BEAUTIES USE HOTEL LAWN FOR POLO.

Only a bevy of beauties could have persuaded the gardener of the fashionable Ambassador Hotel, Los Angeles, to let them play polo in his "front yard." That's what happened, however, and here they are, having a wonderful time. The lawn is not having much fun, however.

SISLER'S LOSS IS FELT BY ST. LOUIS BROWNS

ST. LOUIS, May 28.-The great value of George Sisler to the St. Louis Browns has already made itself apparent by his absence from the game.

It is said that the Browns have already started negotiations with several clubs in an effort to secure a first sacker, among them being the Boston Red Sox.

Lee Fohl thinks mighty well of George Burns and has expressed a desire that the Browns land him. Overtures made the Red Sox management, however, have not met with approval.

If the figure is right, it is believed Owner Frazee of the Boston club will part with Burns. With plenty of outfielders, Chance could use Joe Harris at first base—a position he played with the Cleveland club.

JUNIORS OF THE Y.W.C.A. ENJOY WEEKLY PICNIC

The Junior Indoor-Outdoor Club of the Y.W.C.A. held their weekly picnic last Saturday at Jackson Park, where over twenty children enjoyed the instruction in wood lore and camp fire craft. The juniors thoroughly appreciated the picnic lunch and appetizing cocoa made over the camp fire ,and all voted camp fire cocoa the best.

All school girls are heartily welcome to poin the Saturday afternoon summer club.

MURRAY STARRED IN THE LEASIDE GAME

Leaside made it two straight in the western section of the Central Ontario League on Saturday when they defeated Bowmanville by 9 to 2 in the first home game of the season. McSloy, for Leaside, only allowed five scattered hits, and pitched winning ball throughout the entire game. The homesters started without Mahoney and were weakened when Dillon was injured sliding into second and retired. Maguire turned in a good game at first after replacing Dillon. The winners played sparkling ball, particularly the outfield, and Murray, who handled eleven chances without a slip at third.

Deer started for Bowmanville, and the homesters secured nine runs in the first three innings, but he held them scoreless in the fourth and was replaced by Chambers in the fifth. The latter pitched good ball, and received brilliant support .Leaside entertains Port Hope on Wednesday, and are also anxious to meet Oslers for the Frankie Britton fund. The score by innings:

Bowmanville.... .. ..000 100 010—2
Leaside.... .. ..234 000 000—9

Batteries— Deer, Chambers and Bates; McSloy and Hoose.

FOOTBALL NOTES.

The following team has been selected to play for the G.W.V.A. in the match with the Quaker Oats to be played on the Oval on Tuesday evening, kick-off at 6.15 p.m.:

Griffin; Bishop and Crowe; Williams, Dyer, and Hurrle; Wade, Monks, Wade, Wade, and Sharman. Reserves, A. Edwards and J. Peel.

EAST PETERBORO LEAGUE.

Mackey's and Keene baseball teams will play an East Peterboro League game at the King Edward School this evening at six o'clock.

NEW BRITISH SETTLERS.

QUEBEC, May 28.— The Canadian Pacific steamers "Marglen" and "Marloch" reached here yesterday with 333 third class passengers, most of whom are new settlers for Canada. They were forwarded to Ontario and western points.

YOUR BABY AND MINE

By MYRTLE MEYER ELDRED

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

Rickets.

Rickets is a disease found in a large percentage of children over one year of age. It is rarer under six months, found more often in the city than in the country, in colored than white babies and in dark skinned races than in lighter ones.

Nursing babies have it as well as bottle babies and it is more prevalent in the late spring than at any other season.

The cause of it is a lack in the diet of certain food elements, prominent among which is fat soluble A, one of the three vitamines.

In rachitic children the bones are deficient in calcium and phosphorus so that they are soft and bend and break easily.

Children suffering with rickets show marked signs.

Early in the disease there is sweating, anemia, retarded dentition and development generally. Later the bones of the head assume a "square" shape, the fontanels remain open a long time, there is enlargement of the wrist and ankle bones and later bowing of the legs. There is a muscular weakness which results in what is called a "pot belly."

The cure of rickets is through the diet. Cod liver oil supplies the elements which are lacking in the child's diet and is a sure cure. Butter fat is helpful but not as much so as cod liver oil. One doctor goes so far as to state that if every child of six months were given a quarter teaspoon of cod liver oil three times a day, rickets could be wiped out.

Exposure to the direct rays of the sun works a helpful change so that in treating for rickets the benefits of sunlight should not be forgotten.

AT THE ROYAL.

"PAWN TICKET 210."

When Shirley Mason's newest picture, "Pawn Ticket 210," comes to the Royal Theatre to-day, the audience will be given a rare treat. William Fox, the producer of this picture, at great expense, purchased the famous play by David Belasco, best of all stage producers and Clay M. Greene, one-time famous playwright. It was because of the fact that Miss Mason is fast becoming one of the screen's foremost favorites and to provide the tiny star with vehicles of the first class, that the producer made the purchase.

According to advance reports, Miss Mason does some of the best work of her meteoric career in the screen adaptation of this sensational stage success. The story deals with a young woman who has been placed in the care of a pawnbroker by her mother.

Years later, when the young woman had blossomed into womanhood and had learned much of life, the mother returns. At the conclusion the woman finds her husband and all live happily.

Scott Dunlap, who has directed many screen successes, is responsible for the direction of Miss Mason's late triumph.

Best Program of Kind Ever Step In London

CAPACITY AUDIENCES

Tameo Kajiyama, the Headliner. Mystifies All

For a long time London citizens have been looking forward invitingly to what might be truly described as good vaudeville, and now it is here. It opened at the Grand Theatre last night when the Cultural Vaudeville Circuit, composed of seven of the best acts touring the theatrical stage to-day, commenced an engagement lasting for the remainder of the current week with performances every afternoon and evening and evening at prices which range no higher than 75 cents for the best seats.

The headliner, and in this case he is a real headliner, is Tameo Kajiyama, a son of the Flowery Kingdom, whose feats of mental simultanism are unbelievable and utterly beyond the conception of anyone who fails to see his achievements. which might with truth be termed quintuple concentration. His act is the quintessence of the excellent and marvelous and his audience sinks into a state of ultra-admiration as his performance progresses.

Wonderful Feats

But his mental capabilities do not end with doing a host of things at the same time. His performance is enhanced by the fact that each and everyone is performed with a correctness, an alertness and spontaneity which bespeak a man of super-intelligence. His calculations are done with speed of a trained mathematician, questions are answered without hesitancy and he writes with a hand of a skilful penman whether backwards, forwards or upside down. His reading is done correctly as is proven by the fact that as his eyes can scan the headlines of the latest newspaper, headings still fresh in the minds of the audience, he writes those headings precluding any proof of error.

Tameo writes, reads, talks, answers questions and extracts the cubic roots of numbers running into the seven figures all at the same time He does even more than that. This Japanese vaudeville star, having accepted four lengthy words suggested by members of the audience, he writes them simultaneously forward backwards, upside down and right side up, mingling the letters of each word in a methodical yet amazing manner in one continuous line. From this maze of alphabetical characters he separates the words until each stands out by itself bearing silent but eloquent testimony to the fact that the word "wizard" is entirely inadequate if one wants justly to describe his mental manipulations. To fully appreciate this artist one must see the multitude of amazing complexities he performs with an unequaled skill and dexterity.

Few, if any, animal shows are equal to the meritorious performance of Kluting's entertainers. Cats pigs, rabbits and birds perform some of the most pleasing and entertaining feats witnessed by any audience anywhere. What are perhaps the most outstanding features are the high dive by a cat and what might be termed the ferris wheel performance of the doves. But there are the jumping of hurdles by a rabbit and by a pup on his hind legs.

Bobbie Boliger and Alma Reynolds are the curtain-raisers of the evening and staged a tight and slack rope feature, performer with an unusual amount of skill and originality. which in interest to the spectators is heightened by a liberal supply of comedy of the acted rather than the spoken variety.

Maurice Brierre and Grace King "from New Orleans and Boston", please in a singing act of charm and merit "Will That Be All?" a song in dialogue, evinced pronounced approval from the onlookers, as did al so impersonations, first of a French man by Mr. Bierre, and latterly of an old maid by Miss King in first-rate fashion.

"The Little Wop," as its name indicates, is an original turn with a distinctly Italian flavor. Classical singing in that language by Miss Angle Cappell and piano music of the quaint variety by Freddie Clinton are intermingled with original wit and humor.

CAKE BATTER.

Mix your cake batter with a large wooden spoon. It becomes light much sooner and is much less tiring for the arm.

SODA SAVES TIME.

It will not be necessary to soak navy or shelled beans overnight if you will just add a little baking soda when they are cooking. They will be soft in about half the usual time.

MAKING LIQUID SOAP.

Instead of throwing scraps of soap away when they become too small for use, collect them in a jar, cover with water and stand in the oven until the soap is melted. Excellent liquid soap is the result.

Go-Getters

The Wisdom of Reuben.

Reuben was a country lad
Who wandered to the city
Without a job or place to stay—
It really was a pity;
But Reuben worried not a whit,
Says he, "I ain't so witty,
I'll bet you, though, with want ad help
I'll soon be setting' pretty."

Spanish Cabinet has resigned. Maybe a member ate Spanish onions.

PROTECT YOUR ROSE BUSHES from enemy insects by using PARKE'S TOBACCO & WHALE OIL SOAP

A solution sprayed on will destroy all insects and their eggs.
30c and 50c cans.

KITCHEN TABLE.

Since much of your work is done at the kitchen table, you should have it at just the correct height. If too low, have it built up, or if too high, shorten it. Your table makes a great deal of difference in the way you will feel at the end of the day.

FURNITURE POLISHER.

For very fine furniture, silk is an excellent polisher. Save your old worn-out silk lingerie for this purpose.

Sale of Boston Club Is Again Rumored.

BOSTON, May 28.— (Canadian Press)—The statement that the long-talked of sale of the Boston American League Club had been finally consummated, was made Saturday in late editions of a Boston evening paper. It was said that application had been made at the City Assessor's office for transfer of the Club property to Palmer Winslow, Dr. Robert B. Drury and E. M. Shoenborn of Columbus, Ohio. At City Hall no confirmation of the report was obtainable.

SHORTSTOPS LEAD ALL IN THE ERROR COLUMN

Big league shortstops make more errors during the course of a season's play than do players in any of the other positions. In fact, they make on the average about twice as many as do their various co-workers.
